(i) MOTIONS (Item 9)

(i) Hess Village Paid Duty Policing Pilot (Item 9.1)

1. Dean Collett, Sizzle and Koi, Hess Village, respecting Hess Village Policing (Item 4.6).

Dean Collett addressed Committee and presented some slides of the patios in Hess Village with the help of his General Manager, Kyle Skinner.

He indicated that he has been a Hess Village business owner for close to 18 years. The business owners in Hess Village have made significant investments and the majority of the operators are very responsible. There are 15 establishments, 10 of which have a vibrant food program.

In his opinion, the problems with Hess Village are due to the high concentration of establishments which attract up to 5,000 patrons. Only a small percent of the patrons cause problems.

The business has decreased over the years and the paid duty costs are high and are unaffordable for the operators.

All the other entertainment districts in the country are patrolled by police and this service is paid for by the municipalities.

The delegation from Dean Collett was received.

Re: Hess Village Paid Duty Policing Pilot (Item 9.1 cont.)

The motion respecting Hess Village Paid Duty Policing Pilot was amended by decreasing the percentage to 50%, changing the duration of the pilot to 2 years retroactive to the Victoria Day Weekend, excluding the direction that the City cover the administration fee, and by deleting subsection (c) and re-lettering the subsequent subsections accordingly.

The amendment CARRIED on the following standing recorded vote:

Yeas: Farr, Green, Conley, Pasuta, A. Johnson  
Total: 5  
Nays: Pearson, Collins, B. Johnson, Partridge  
Total: 4  
Absent: 0

The motion, in its entirety, was moved and seconded:
Whereas, from an Economic Development perspective, Hess Village, Hamilton’s only defined entertainment district, once employed approximately 500, now employs approximately 250 and the average number of patron’s during the patio season has decreased by approximately 65 percent; and

Whereas, Hess Village once accommodated 17 establishments and now only 12 establishments exist; and

Whereas, the turnover of establishments in the last 10 years is approximately 20 that have come and gone resulting in an unpredictable business environment; and

Whereas, in 2010, the City of Hamilton Council amended Schedule 21 of By-law 07-170 by increasing the total number of Paid Duty officers during the patio season to a maximum of 10 officers for Thursday, Friday and Saturday nights; and

Whereas, the owners and operators of existing establishments are united in asserting that the current cost of Paid Duty Policing cannot be absorbed with the current level of business and puts an unsustainable financial pressure on business; and

Whereas, the average cost of Paid Duty Policing over the last four years is approximately $115,000 per year; and

Whereas, there are no other examples of this level of private policing at any other Entertainment District in the Country; and

Whereas, other Entertainment Districts in the Country being much larger in size and scope rely on regular duty, levy funded policing; and

Whereas, it is clear that the decline in over-all attendance by patrons and number of business establishments in Hamilton’s only Entertainment District has a direct impact on tourism, employment image and economic development and that the unsustainable cost of policing to businesses have directly resulted in an inability to market and promote; and

Whereas, it is estimated the $40,000 a year in staff time is sent on the Paid Duty Policing issue;

Therefore be it resolved:

(a) That a four year Hess Village Paid Duty Proportional Fund Sharing Pilot be established at the inception of retroactive to the 2015 paid duty patio season (commencing the Victoria Day weekend) to cover 50 percent of the cost of Paid Duty Policing through the Tax Stabilization Reserve #110046 and that the City of Hamilton cover all administrative costs currently estimated at 15 percent of the total Paid Duty bill;
(b) That all businesses in addition to bars and restaurants within Hess Village who chose to remain open during the nightly Paid Duty program shift be included in the By-law to pay into the program based on a percentage devised by the establishment interior / exterior capacity as consistent with the current formula within the By-law and for bars and restaurants; and,

(e) That Schedule 21 of the Business Licensing By-law be amended to include all of the businesses who choose to remain open and to require that they pay 35% of the Paid Duty Policing cost;

(c) That staff from Urban Renewal assist business owners with the establishment of a BIA for Hess Village and measure results of the pilot annually and report back to the Planning Committee on its effectiveness.

The Main Motion as amendment CARRIED on the following standing recorded vote:

Absent: 0
