(j) NOTICES OF MOTION (Item 11)

Councillor Farr introduced the following Notice of Motion:

(i) Farmers’ Market On-street Parking (Added 11.1)
Whereas, on-street parking adjacent to the Downtown Hamilton Farmers’ Market, Library and FOC (formally Copps) had been a feature of convenience for generations; and

Whereas, the design and implementation of York Street between James and Bay was established two years before Council contemplated and ultimately approved the Cannon Two-Way Cycle Track one block to the north of York, and

Whereas, the concept of Greenways has been discussed and promoted throughout the cycling community, however, a greenway has yet to be established in Hamilton, and

Whereas, Park Street is a two-way street connection between York and Cannon that offers tremendous potential as it relates to the creation of a greenway to the Library/Market/FOC precinct and from the Cannon Two-way Cycle Track, and

Whereas, the Stallholders at the Hamilton Farmers’ Market have, as a priority, the desire to see the on-street parking return, adjacent to the Market, and

Whereas, on-street parking would greatly assist those growing number of customers wishing to make quick stops to the Central Library and First Ontario Centre office, and

Whereas, consultation with several engaged members of the cycling committee have considered the merit of returning on-street parking to the precinct in addition to a Park Street greenway connecting to and from the Cannon Cycle Track,

Therefore be it resolved:

(a) That Parking Division staff be requested to coordinate with applicable staff from Public Works to examine the feasibility of returning on-street parking adjacent to the Farmers’ Market/Library/FOC precinct;
