All the relevant information to address the potential low water pressure had been submitted to staff to consider prior to the Committee meeting and had

Council – January 21, 2015

Speakers

1. **Umo Eka, representing her client who owns 76 Spalding Drive.**

Umo Eke addressed Committee and indicated that she is representing her client who lives at 76 Spalding Drive. Her client opposes this application because the garage was converted into a dwelling unit in 2011 without a permit, the secondary dwelling is not compatible with the surrounding properties, cars and trucks are parked on the street and there have been some issues with noise. Also, if the temporary use is approved, in three years it could become permanent and it would be hard to remove it.
The delegation from Umo Eka, representing her client who owns 76 Spalding Drive was received.

The public meeting respecting Report PED14146(a) regarding an application for an Amendment to Township of Glanbrook Zoning By-law No. 464 for Lands Known as 228 Seneca Avenue, Glanbrook, was closed.

Committee denied the application based on the fact that Mr. Ariens advised, through his presentation, that his clients were not in support of the staff recommendations as their application was for a permanent secondary dwelling on the premises.

For disposition on this Item, refer to Item 3.

Councillors Conley and Green indicated that they wished to be recorded as OPPOSED to the Denial of the application.

Speakers

1. **Yonatan Rozenszajn, Durand Neighbourhood Association, 225 Hess Street South, Hamilton**

Yonatan Rozenszajn addressed Committee and indicated that the Durand Neighbourhood Association is generally in favour of the proposed development; however, they have some serious concerns with the number of parking spaces.

In his opinion, there is an inadequate amount of parking spaces because Hamilton residents are still car dependent. Providing spaces for only 49% of the condos is too ambitious. Spaces for at least 70% of the residents should be provided otherwise, there will be greater pressure placed on the downtown parking lots.

Also, the parking stack technology is very new and there is not enough information about this technology and the valet system will result in cars waiting on the street.

The delegation from Yonatan Rozenszajn on behalf of the Durand Neighbourhood Association was received.

2. **Janice Brown, Durand Neighbourhood Association, 186½ Duke Street, Hamilton.**

Janice Brown also representing the Durand Neighbourhood Association, read from a prepared statement and copies were distributed. A copy has been retained for the official record and a copy has also been uploaded onto the City’s website.

The two major concerns which Janice Brown expressed are with respect to the light easement and with the public engagement process.

The delegation from Janice Brown on behalf of the Durand Neighbourhood Association was received.

3. **Joey Coleman**

Joey Coleman addressed Committee and outlined his experience with trying to access information respecting the Design Review Panel which Council had established as being open to the public.
He was repeatedly denied access to the Agenda, was advised there were no Minutes taken and one meeting was held in Closed Session. After making an FOI request and contacting a number of senior City staff the issue has now been resolved.

Also, with respect to the issue of public notices, he strongly suggests the City use Open Data.

Joey Coleman submitted copies of his e-mail correspondence with City staff respecting the Design Review Panel issue to the Clerk for the Official Record.

That the delegation by Joey Coleman was received.

4. **Diane Dent, member of the Permit Review Sub-Committee**

Diane Dent addressed Committee and read from a prepared statement, a copy of which was submitted to the Clerk for the official record. A copy has also been uploaded onto the City's website.

Her concerns included but were not limited to the following:

- Intensification should not be accommodated by the demolition of a heritage building;
- The General Manager of Planning’s delegated authority to approve heritage permits means no public input;
- An independent heritage engineer should confirm the stability of the tower;
- The reduced parking;
- The light easement;
- The security of the heritage features.

The delegation by Diane Dent was received.

5. **Arend Kersten, Executive Director of the Flamborough Chamber of Commerce**

Arend Kersten addressed Committee. He highlighted the contrast in the City’s parking requirements. One of the examples he referenced is the fact that staff are allowing 122 parking spaces in the downtown core for 359 condo units for this proposal yet in Flamborough, the requirement for a 60 X 107 foot storage shed addition to a family owned farm implementation dealership in the
rural area, staff advised the applicant that he would require 73 parking spaces.

The delegation by Arend Kersten was received.

The public meeting respecting Report PED15007 entitled Application for an Amendment to the City of Hamilton Zoning By-law No. 05-200 for Lands Located at 98 James Street South (Hamilton), was closed.

Committee approved the following amendments:

(a) That the draft by-law attached to Report PED15007 be amended by deleting 31% in Section 2 a) c) i) and inserting 11% therein and deleting 37% in Section 2 a) c) ii) and inserting 30% therein;

(b) That the draft by-law be approved, as amended.

For disposition on this Item, refer to Item 4.

(g) DISCUSSION ITEMS (Item 8)

(iii) Application for a Ministry of the Environment Environmental Compliance Approval (Waste) for Lands Located at 800 Parkdale Avenue North, Hamilton (PED15002) (Ward 4) (Item 8.1)

Committee approved the following amendments to the recommendations, which were presented by staff at the request of the applicant.

(a) That subsection (a)(i)(4) be deleted in its entirety and the following be inserted therein:

“Product Inventory List to be provided at the end of each day if materials are being stored overnight.”

(b) That subsection (a)(viii) be amended by added the words “upon request”

For disposition on this Item, refer to Item 5.

(h) MOTIONS (Item 9)

Whereas the Development Charges By-law provides for a DC Exemption for affordable housing projects from the requirement to pay Development Charges;
And Whereas the Parkland Dedication By-law provides for an exemption for charitable non-profit organizations from the cash-in-lieu payments;

And Whereas the Planning Application and Growth Management tariff of fees by-law does not provide any exemption for charitable organizations or affordable housing providers from the requirements of the fee by-law;

And Whereas charitable organizations and affordable housing providers provide a public benefit to the broader community;

Therefore, be it resolved that Planning and Economic Development Department staff be directed to investigate and report back to the Planning Committee on options, including an assessment of the financial implications and funding sources, to amend the applicable Planning and Growth Management fee by-law to provide discretion for the General Manager, or designate, to waive the applicable fees for charities and not-for-profit organizations.

(i) **NOTICES OF MOTION (Item 10)**

Chair Partridge relinquished the Chair to Councillor Farr and presented the following Notice of Motion:

(i) **Planning Application Fees (Added 10.1)**

Whereas the Development Charges By-law provides for a DC Exemption for affordable housing projects from the requirement to pay Development Charges;

And Whereas the Planning Application and Growth Management tariff of fees by-law does not provide any exemption for charitable organizations or affordable housing providers from the requirements of the fee by-law;

And Whereas charitable organizations and affordable housing providers provide a public benefit to the broader community;

The Rules of Order were waived in order to introduce a motion respecting Planning Application Fees.

For disposition of this matter refer to Information Item (h).

Chair Partridge resumed the Chair.
