Regrets: Jan Lukas, Ron Vine, Ramon Petgrave (LOA)

Absent: n/a

Also Present: Nadia Olivieri, Staff Liaison

Guests: n/a

WELCOME & INTRODUCTIONS

The Chair welcomed everyone to the meeting.

**1. APPROVAL OF AGENDA
(N. van Velzen/P. Semkow)**

That the Hamilton Mundialization Advisory Committee agenda of January, 2018 be approved as presented. **CARRIED**

2. DECLARATIONS OF INTEREST – None declared.

3. APPROVAL OF MINUTES

3.1. Minutes of December 20, 2017

(R. Ende/B. Semkow)

That the minutes of December 20, 2017 meeting of the Mundialization Committee be approved as presented

CARRIED

4. PRESENTATIONS – none

5. DISCUSSION ITEMS

5.1. 2018 Hamilton Mundialization Committee Meeting Dates

Upon review of proposed 2018 meeting dates, it was discovered that Yom Kippur falls in the third week of September.

**MOTION: Move September meeting date
(R. Ende/ N. van Velzen)**

That the Hamilton Mundialization Committee September 19, 2018 meeting be moved to Wednesday September 12, 2018. **CARRIED**

5.1. 2018 Activity Plan

5.1.1. World Citizenship Award

5.1.1.1. Confirm date ceremony date

MOTION: WCA Ceremony

(R. Ende/N. van Velzen)

That the May 2018 WCA ceremony be a stand-alone event.

CARRIED

- Nomination form updated with appropriate information.
 - Nomination deadline set for Friday April 20, 2018
 - Ceremony to be booked in Council Chambers sometime between May 10th and May 25th (NB: May 21 is Victoria Day)
 - Invites to go out to all appropriate parties and officials once date is set. Staff Liaison to make appropriate bookings.
 - WCA working group to assign participants to Judges Panel
- 5.1.1.2. Media Release status- updates from member J. Lukas and Staff Liaison.

Member J. Lukas confirmed release on social media accounts that she acts as the administrator and to all main stream media in Hamilton.

Member L. Johnson to inquire as to the cost of having Information Hamilton email its client list with WCA media release (media release to be updated with nomination deadline and chair info).

5.1.2. Twinning standards protocol

Discuss document forwarded from member Rein Ende (pages 4 and 5) regarding past considered guidelines for new twinning relationships with other cities in other countries.

Members discuss issue around protocol as presented in 2006 Report to Council.

Despite an outline of points for consideration for twinning, there continues to be no procedure and mechanism to move a twinning forward or who or what will initiate the procedure.

The Committee is clear that they do not initiate twinning but they clearly want to be part of the consultative process, if a twinning is being considered (by the "City of Hamilton")

To reflect upon: The Dundas/ Kaga twinning is an ideal twinning that has been nurtured and supported by the community and the

Mundialization committee.

Member L. Johnson to collect information from his meeting with City of Burlington Mundialization Committee and present info at next meeting

Motion: Report to Council

(R. Ende/N. van Velzen)

For the chair along with the staff liaison, in consultation with Cllr. VanderBeek work on a draft report that confirms the guidelines and establishes mechanism and procedures for twinning (for the "City of Hamilton")

5.2. Membership status –status quo

6. OTHER BUSINESS

6.1. Information sharing

6.1.1. Kaga City 50 Anniversary Plans

Staff Liaison forwarded email from Mayko from Kaga City to Mayors office and to Lan Whiting from Kids for Kaga

6.1.2. Our Future Hamilton Presentation –interest for HMC involvement – revisit the need for a presentation later in the year.

7. ADJOURNMENT

(P. Semkow/B. Semkow)

That the Hamilton Mundialization Committee meeting be adjourned.**6:45pm. CARRIED**

5.7 Housing Working Group Update

The following areas of interested were highlighted as areas where the I&R committee can provide some useful information to COH Council

- Shelter usage by Newcomers and Refugee
- Newcomers and Refugee have extended stays
- Staff at shelters have limited expertise in this area (that is, how to apply for status, how to find suitable housing, etc.)
- Gentrification of Newcomers – Greenwin is an example of the Cycle created – testimonials are being collected with the aim of identifying a means to advocate against gentrification and provide legal aid to Newcomers when they are requested to sign forms regarding their home. Videographer who may be able to help was identified. This is relevant to the present Downtown Development. Where are bigger families going to reside if units are likely going to be a maximum of 2 bedrooms.
- Landlord and tenant Act can be offered in different languages. Presently Hamilton City Housing has an English only landlord and tenant handbook; however they are working on a handbook in Arabic and 2 other languages.

That Staff Liaison, N. Olivieri invites the Director of Community and Social Services, Community Housing to an I&R Committeemeeting to hear and discuss Newcomers experiences in Designated Destinations. **CARRIED**

5.8 Employment Working Group Update

WorkLINC is a 5 week program for food/ construction and manufacturing industry certification and portfolio development. It is a 3-part program. The program focuses on work in specific industries, and builds skills over three distinct training phases.

- **PHASE 1:** Participants enhance soft skills and English language skills with a focus on the language of the industry.
- **PHASE 2:** Building on language, they gain the certifications and direct knowledge required to perform the job, for example GHS-WHMIS, Health and Safety, Working at Heights and Food Handling where needed.
- **PHASE 3:** Participants experience an orientation to the workplace itself. This includes a practice interview, mentoring and job shadowing, and an interview with a partner employer as well as hands on practice. In addition, we prepare a comprehensive portfolio to assist our clients/students in showcasing their skills.

The WorkLINC program is designed to complement the regular LINC program in their home school.

MOTION: Employment Working Group Presentation to GIC
(**L. Johnson/A. Farah**)

PREPARED BY:	Lisa Barroso, Manager, Records / Freedom of Information 905 546-2424 x2743
SUBMITTED BY:	Rose Caterini City Clerk Corporate Services
SIGNATURE:	

Council Direction:

As directed by Council in 2004, quarterly reports on Freedom of Information activity are presented to the Audit, Finance & Administration Committee. The intent of these reports is to keep the Committee and Council informed of the types and numbers of requests received and processed under the Municipal Freedom of Information and Protection Act.

Information:

Listed on Appendix "A", attached to Report CL17001(c), are details of the Freedom of Information requests received during the fourth quarter of 2017 from October 1 to December 31. These details include the length of time it took to process each request, the status or disposition of the request, the type of request, and the originator of the request, based on the categories set by the Information & Privacy Commissioner. We also include the total of time spent by each city department on Freedom of Information requests.

Should Committee and Council wish to address a specific access request identified in this report, the matter would have to be dealt with, in closed session, in accordance with the Municipal Act and the City's Procedural By-law.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees

INFORMATION REPORT

TO:	Chair and Members Audit, Finance and Administration Committee
COMMITTEE DATE:	March 26, 2018
SUBJECT/REPORT NO:	Response to Mr. Shekar Chandrashekar, Respecting a Freedom of Information Request to Access to Police Services Accounting Records (FCS18030) (City Wide) (Outstanding Business List Item)
WARD(S) AFFECTED:	City Wide
PREPARED BY:	Rick Male (905)546-2424 Ext. 4157
SUBMITTED BY:	Mike Zegarac General Manager Finance and Corporate Services Department
SIGNATURE:	

Council Direction:

Council approved the following recommendation:

“That staff be directed to report back to the Audit, Finance and Administration Committee addressing Mr. Chandrashekar’s concerns and outline next steps that may be required in addressing them.”

Information:

Mr. Chandrashekar’s concerns can be broken down into two components. The first is concerns related to Hamilton Police Services (HPS) and the second part is concerns related to the City of Hamilton (City). The following are staff responses to the concerns raised. The HPS issues were shared with HPS staff and where a response is provided it was provided by HPS staff.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

SUBJECT: Respond to Mr. Shekar Chandrashekar, Respecting a Freedom of Information Request to Access to Police Services Accounting Records (FCS18030) (City Wide) (Outstanding Business List Item) - Page 2 of 5

Hamilton Police Services

1. The Municipal contribution on the HPS Schedule of Operations is wrong:

The City's Internal Auditor reviewed this claim and determined that the Municipal contribution on the Schedule of Operations was correct and in accordance with reporting requirements of the Public Sector Accounting Board (see Appendix "A" to Report FCS18030)

2. Pan Am Games Claim:

The City's Internal Auditor reviewed this assertion and determined that the correct amount was claimed and reimbursed. The claim was audited by PricewaterhouseCoopers, who were engaged by the Ministry of Community Safety and Correctional Services to audit the claims. (see Appendix "A" to Report FCS18030)

3. HPS budgeted salary contingency exceeded the settlement by \$3 million:

The City's external auditor, KPMG, audited the Schedule of Operations and reviewed the budget for salary contingency and the contract settlement retro payments and provided an unqualified opinion of no errors or misstatement.

4. HPS pre-planned excess budgeting for the salary settlement and Pan Am reimbursement to provide financing for the forensic building:

This is Mr. Chandrashekar's personal opinion and no question was posed.

5. Employment and retirement benefits for Police Services staff are excessive:

This is Mr. Chandrasekhar's personal opinion; benefits provided are part of a collective agreement or employment contract.

6. A HPS employee retired and purchased their HPS provided vehicle and amount and details not disclosed:

This is a statement by Mr. Chandrasekhar and no question was posed.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

SUBJECT: Respond to Mr. Shekar Chandrashekar, Respecting a Freedom of Information Request to Access to Police Services Accounting Records (FCS18030) (City Wide) (Outstanding Business List Item) - Page 3 of 5

7. Former Chief allowed to keep cell phone and computer with confidential data on them:

This is a statement by Mr. Chandrasekhar and no question was posed.

8. There are vast differences in employment contracts for HPS Chief and Deputies and those of Fire Chief and Deputies:

This is Mr. Chandrashekar's personal opinion and no question was posed.

9. HPS Chief and Deputies get vehicle and car allowance and they are the only ones who do:

This pertains to former Chief and Deputies and these contracts have ended.

10. HPS staff receive two additional weeks of vacation at retirement and no other Police Services or Municipality provides this benefit:

This entitlement is contained in the collective agreements.

11. HPS does not provide the Board a detailed line item budget with prior years actuals:

This is a statement by Mr. Chandrasekhar and no question was posed.

12. Mr. Chandrashekar said he can reduce Police budget by \$2million:

This is Mr. Chandrashekar's personal opinion and no details were provided on how this would be obtained.

13. Two past funerals cost HPS \$375,000 – how were they financed without adjusting budget and reducing service:

No details were provided as to which funerals this was in reference to. Mr. Chandrashekar should make a formal request for information (FOI) to HPS for information he is specifically seeking.

14. Composition of HPS Board needs to be reviewed:

This is Mr. Chandrashekar's personal opinion, no staff response

15. Employment Contracts for HPS Chief and Deputies should be the responsibility of the City of Hamilton Human Resources not Legal Counsel who reports to the Chief:

This is Mr. Chandrashekar's personal opinion, no staff response

City of Hamilton

1. FOI request for Police accounting transactions should come from the City not Police:

The Information Privacy Commissioner has ruled that this information is the property of HPS and should come from HPS, not the City of Hamilton.

2. There were errors on the City's remuneration and Expenses Report:

Mr. Chandrashekar submitted a FOI request to HPS seeking details of Board member expenses. HPS asked the Manager of Accounts Payable, Account Receivable and Business Application Support, for information regarding conference expenses which was then provided to Mr. Chandrashekar. The amounts provided did not include airfares for Mrs. Madeleine Levy and Ms. Nancy Di Gregorio, as these were paid via credit card and not reimbursed through the submission of the travel expense form and receipts. Instead the airfares were submitted as part of monthly expenses and reimbursed through payroll. These amounts were captured and correctly reported on the Remuneration and Expenses report (all expenses including conferences and mileage are combined and shown as expenses on this report).

3. Finance staff didn't submit claim for \$90,000 of funeral expenses:

Mr. Chandrashekar did not provide details as to which funeral this was in reference to. Staff were not able to find information pertaining to this assertion. The staff member Mr. Chandrashekar said made the statement no longer works at the City.

4. Chief and Deputies provided car and car allowance, Mr, Chandrashekar claims the City absorbed these costs:

These costs are taxable benefits and were charged through Payroll to HPS salary/benefit accounts. The City does not absorb these costs.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

SUBJECT: Respond to Mr. Shekar Chandrashekar, Respecting a Freedom of Information Request to Access to Police Services Accounting Records (FCS18030) (City Wide) (Outstanding Business List Item) - Page 5 of 5

5. The City no longer publishes detailed line budget, why not?

City Council approved revisions to the budget process, moving to service level performance measures and multi-year budgeting.

6. Why does the City need 19 communication officers?

Staff from the City Manager's office has had numerous discussions with Mr. Chandrashekar in person, via phone and e-mail, explaining the duties of the communication officers and the communication officer staffing level at the City and other Municipalities.

7. Why did the City hire external for Manager of Accounting Services when there were qualified internal candidates and it was appropriate to go internal?

This is Mr. Chandrashekar's personal opinion, no response provided

8. Human Resources should be working closely with senior management on hiring:

All hiring for the City of Hamilton is done through and must be approved by Human Resources.

No further action is required to address the concerns raised by Mr. Chandrashekar.

Subject: **Issues Identified by Shekar Chandrashekar**

I have reviewed two items referred to me by yourself pursuant to the letter tabled by Shekar Chandrashekar at AF&A Committee. My review comments are based on information I have received from the relevant departments responding to my enquiries and analysis. I did not conduct an audit of this information.

Municipal Contributions to Police Services

The letter states that "KPMG of Hamilton arbitrarily reduced the municipal contribution to police services operations by over \$1.5 million without explaining the basis for the change in their note two of the Statement of Operations [December 31, 2015]".

The budgeted municipal contribution to the Hamilton Police Service for the year ended December 31, 2015 was \$149,091,955. The municipal contribution as it appears on audited financial statements for the same period was \$147,287,587. I was advised by finance staff and it was confirmed with the external auditor that the reduction was necessary to ensure the financial statements conform to PSAB requirements (Public Sector Accounting Board). Essentially what this means is that the definitions of what constitutes a revenue or expense item are different in PSAB and therefore do not precisely match what are considered revenues or expense items in the budget format approved by Council. This is a reality faced by all municipalities.

The individual explanations I've been given for each line item adjustment in note 2 are consistent with changes that would be necessary under PSAB. Thus, the rationale for a reduction in amount, i.e. to meet PSAB requirements, appears to be valid. The financial statements of HPS, in order to receive an unqualified opinion from external auditors must be conformed to PSAB accounting principles.

On the issue of whether the disclosure made in note 2 provides adequate explanation of the adjustments to the original number, the situation is more problematic. While the adjusting entries themselves appear to be appropriate and consistent with requirements to meet PSAB standards, the disclosure format and explanations of individual adjustments are lacking. A general reference is made to PSAB in note 1 but there is no articulation of how it is being applied to each element in note 2.

Subject: Investigation of Whistleblower Allegations (Case 2016-001)**Page 2 of 3**

In the financial statements of the following year, December 31, 2016, the disclosure was much improved. With Hamilton City Council approval (FCS17073, August 2017) to eliminate the Police Services annual audit of their Schedule of Operations, separate PSAB reporting for HPS will no longer be required. However, should separate statements be produced and audited in the future, you may wish to consider opening discussions with HPS and the auditors about adding individual explanations of the required PSAB changes, perhaps with footnoting, to further enhance and improve transparency and avoid confusion.

Pan-Am Games

The key issue presented in the letter by Mr. Chandrashekar is that the claim submitted to, and received by the Ministry of Community Safety and Correctional Services in the amount of \$2.7 million "is significantly higher than the actual expenditures recorded in their actual available funds report obtained through FOI."

I have examined the available funds reports for the relevant years and concur with the observation made by Mr. Chandrashekar that the recorded "Pan Am Dept. ID" expenses in those reports fall short of the amount claimed.

After making enquiries to HPS about the discrepancy between the amount of the claim and the accumulated Pan AM Dept. ID expenses I received the explanation that the Pan Am cost centre expenses only covered those related to staff assigned full-time to the planning phase of the games and away from their regular duties. Expenditures for front line officers intermittently assigned to Pan Am security were expensed to their home departments due to the cost and administrative burden of transferring them temporarily to another Dept. ID. Accordingly, a significant portion of eligible costs were not captured by the Pan Am Dept. ID account.

In reviewing the matter with HPS staff I learned that the claim was substantiated by individual invoices sent monthly to MCSCS with all supporting documentation. This documentation was made available to PricewaterhouseCoopers (PwC), the auditors who attested to the accuracy of the claim in accordance with the Cost Contribution Agreement with the Ministry of Community Safety and Correctional Services. The financial statement of eligible expenditures, which accounted for the full amount of claim, received PwC's unqualified audit opinion that it was prepared in accordance with the Cost Contribution Agreement. An unqualified audit opinion rendered by an independent third party is the highest form of assurance available and the auditors must adhere to rigorous standards, including adequate testing, to render such an opinion.

Given all the above, I have no reason to doubt the validity of the claim submitted and paid to HPS for eligible Pan Am expenditures.

For your additional information, you may recall that there were media reports linking the claim to the fact that HPS had a surplus, and by implication the claim was overstated. I discussed this with HPS and the primary reason for a surplus appears to be that there were operational requirements for Pan Am security that HPS was obligated to fulfil which couldn't have been met simply by making use of off duty personnel. So, a command decision was made to cancel leave for the sworn contingent of HPS.

Subject: Investigation of Whistleblower Allegations (Case 2016-001)

Page 3 of 3

As a result of the cancellation of annual leave, HPS incurred substantially less overtime and costs related to calling in off duty personnel that ultimately saved \$1.2M.

I trust you will find this information satisfactory.

INDEPENDENT AUDITORS' REPORT

To the Chairman and Members of the Board of Management of the Ancaster Business Improvement Area, Members of Council, Inhabitants and Ratepayers of the Corporation of the City of Hamilton

We have audited the accompanying financial statements of the Ancaster Business Improvement Area, which comprise the statement of financial position as at December 31, 2016, the statements of operations, changes in net financial assets and cash flows for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of the Ancaster Business Improvement Area as at December 31, 2016, and its results of operations and its changes in net financial assets and cash flows for the year then ended in accordance with Canadian public sector accounting standards.

ANCASTER BUSINESS IMPROVEMENT AREA

Notes to Financial Statements

Year ended December 31, 2016

The Ancaster Business Improvement Area (the "Business Improvement Area") was established in 2009 in accordance with Section 220 of the Municipal Act, (R.S.O. 1990) for the purpose of providing improvement, beautification and maintenance of municipally owned land, buildings and structures in the area and the promotion of Ancaster Village as a business and shopping area. The Business Improvement Area is financed by a special levy charged upon businesses in the improvement area.

1. Significant accounting policies:

The financial statements of the Business Improvement Area are prepared by management in accordance with Canadian public sector accounting standards ("PSAS") as recommended by the Public Sector Accounting Board of the Chartered Professional Accountants of Canada. Significant accounting policies adopted by the Business Improvement Area are as follows:

(a) Basis of accounting:

The Business Improvement Area follows the accrual method of accounting for revenues and expenses. Revenues are normally recognized in the year in which they are earned and measurable. Expenses are recognized as they are incurred and measurable as a result of receipt of goods or services and the creation of a legal obligation to pay.

(b) Cash and cash equivalents:

Cash and cash equivalents include cash on hand and balances with banks, and highly liquid temporary money market instruments with original maturities of three months or less.

(c) Government transfers:

Government transfers received relate to the assessment levy and operating grants. Government transfers are recognized in the financial statements as revenues when the transfer is authorized, any eligibility criteria are met and a reasonable estimate of the amounts can be made except when, and to the extent that, stipulations by the transferors give rise to an obligation that meet the definition of a liability. Government transfers that meet the definition of a liability are recognized as revenue as the liability is extinguished. Government transfers paid are recognized when the transfer has been authorized and any eligibility criteria are met.

(d) Other income:

Other income is reported as revenue in the period earned.

ANCASTER BUSINESS IMPROVEMENT AREA

Notes to Financial Statements (continued)

Year ended December 31, 2016

1. Significant accounting policies (continued):

(e) Deferred revenue:

Deferred revenues represent the 2017 Assessment levy which has been collected, but which is for 2017 operations. These amounts will be recognized as revenues in the 2017 fiscal year.

(f) Non-financial assets:

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the ordinary course of operations.

(i) Tangible capital assets:

Tangible capital assets are recorded at cost which includes amounts that are directly attributable to acquisition, construction, development or betterment of the asset. The cost, less residual value, of the tangible capital assets are amortized on a straight line basis over their estimated useful lives as follows:

Asset	Useful life - years
Decorations	5
Computers	5
Furniture	10

(g) Use of estimates:

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the year. Actual results could differ from those estimates.

ANCASTER BUSINESS IMPROVEMENT AREA

2. Deferred revenue:

Deferred revenue consists of the following:

	2016	2015
Balance, beginning of year	\$ -	\$ -
Add: receipts	48,250	-
Less: amounts recognized in revenue	-	-
	\$ 48,250	\$ -

3. Related party transactions:

During the year, the Business Improvement Area recorded the following transactions with the City of Hamilton:

	2016	2015
Revenue:		
Member levy collected on behalf of the Business Improvement Area	\$ 99,069	\$ 93,300

The City of Hamilton has also contributed \$6,108 (2015 - \$6,648) to commercial improvement programs undertaken by the Business Improvement Area, \$4,758 (2015 - \$5,993) from parking revenue sharing program, and \$1,327 (2015 - \$2,817) in other miscellaneous grants. An additional grant received of \$3,000 (2015 - \$2,700) for the Farmer's Market has been recorded as part of Farmer's Market income.

At the end of the year, grants and supplemental member levies of \$7,095 (2015 - \$7,965) was receivable from the City of Hamilton. The amount recorded in due to City of Hamilton also includes a payable to the City of Hamilton of \$9,687 (2015 - \$5,936) for expenses paid by the City of Hamilton on behalf of the Business Improvement Area.

INDEPENDENT AUDITORS' REPORT

To the Chairman and Members of the Board of Management of Barton Village Business Improvement Area, Members of Council, Inhabitants and Ratepayers of the Corporation of the City of Hamilton

We have audited the accompanying financial statements of Barton Village Business Improvement Area, which comprise the statement of financial position as at December 31, 2016, the statements of operations, changes in net financial assets and cash flows for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of Barton Village Business Improvement Area as at December 31, 2016, and its results of operations and its changes in net financial assets and cash flows for the year then ended in accordance with Canadian public sector accounting standards.

BARTON VILLAGE BUSINESS IMPROVEMENT AREA

Notes to Financial Statements

Year ended December 31, 2016

The Barton Village Business Improvement Area ("Business Improvement Area") was established by the Council of the City of Hamilton and has been entrusted with the improvement, beautification and maintenance of municipally owned lands, buildings and structures in the improvement area, beyond such expenditures by the City of Hamilton. The Business Improvement Area is also responsible for the promotion of this improvement area for business and shopping. The Business Improvement Area is financed by a special levy charged upon businesses in the improvement area.

1. Significant accounting policies:

The financial statements of the Business Improvement Area are prepared by management in accordance with Canadian public sector accounting standards ("PSAS"). Significant accounting policies adopted by the Business Improvement Area are as follows:

(a) Basis of accounting:

The Business Improvement Area follows the accrual method of accounting for revenues and expenses. Revenues are normally recognized in the year in which they are earned and measurable. Expenses are recognized as they are incurred and measurable as a result of receipt of goods or services and the creation of a legal obligation to pay.

(b) Government transfers:

Government transfers received relate to the assessment levy and operating grants. Government transfers are recognized in the financial statements as revenues when the transfer is authorized, any eligibility criteria are met and a reasonable estimate of the amounts can be made except when, and to the extent that, stipulations by the transferors give rise to an obligation that meet the definition of a liability. Government transfers that meet the definition of a liability are recognized as revenue as the liability is extinguished.

(c) Other income:

Other income is reported as revenue in the period earned.

BARTON VILLAGE BUSINESS IMPROVEMENT AREA

Notes to Financial Statements (continued)

Year ended December 31, 2016

1. Significant accounting policies (continued):

(d) Non-financial assets:

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the ordinary course of operations.

(i) Tangible capital assets:

Tangible capital assets are recorded at cost which includes amounts that are directly attributable to acquisition, construction, development or betterment of the asset. The cost, less residual value, of the tangible capital assets are amortized on a straight line basis over their estimated useful lives as follows:

Asset	Useful life - years
Computer hardware	5
Decorations	5
Furniture and equipment	10

(e) Use of estimates:

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the year. Actual results could differ from those estimates.

INDEPENDENT AUDITORS' REPORT

To the Chairman and Members of the Board of Management of the Concession Street Business Improvement Area, Members of Council, Inhabitants and Ratepayers of the Corporation of the City of Hamilton

We have audited the accompanying financial statements of the Concession Street Business Improvement Area, which comprise the statement of financial position as at December 31, 2016, the statements of operations, changes in net financial assets and cash flows for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of the Concession Street Business Improvement Area as at December 31, 2016, and its results of operations and its changes in net financial assets and cash flows for the year then ended in accordance with Canadian public sector accounting standards.

INDEPENDENT AUDITORS' REPORT

To the Chairman and Members of the Board of Management of the Downtown Hamilton Business Improvement Area, Members of Council, Inhabitants and Ratepayers of the Corporation of the City of Hamilton

We have audited the accompanying financial statements of the Downtown Hamilton Business Improvement Area, which comprise the statement of financial position as at December 31, 2016, the statements of operations, changes in net financial assets and cash flows for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of the Downtown Hamilton Business Improvement Area as at December 31, 2016, and its results of operations and its changes in net financial assets and cash flows for the year then ended in accordance with Canadian public sector accounting standards.

DOWNTOWN HAMILTON BUSINESS IMPROVEMENT AREA

Notes to Financial Statements

Year ended December 31, 2016

The Downtown Hamilton Business Improvement Area (the "Business Improvement Area") was established in 1982 by the Council of the City of Hamilton and has been entrusted with the improvement, beautification and maintenance of municipality owned lands, buildings and structures in the improvement area, beyond such expenditure by the Municipality. The Business Improvement Area is also responsible for the promotion of this improvement area for business and shopping. The Business Improvement Area is financed by a special levy charged upon businesses in the improvement area.

1. Significant accounting policies:

The financial statements of the Business Improvement Area are prepared by management in accordance with Canadian public sector accounting standards ("PSAS"). Significant accounting policies adopted by the Business Improvement Area are as follows:

(a) Basis of accounting:

The Business Improvement Area follows the accrual method of accounting for revenues and expenses. Revenues are normally recognized in the year in which they are earned and measurable. Expenses are recognized as they are incurred and measurable as a result of receipt of goods or services and the creation of a legal obligation to pay.

(b) Cash and cash equivalents:

Cash and cash equivalents include cash on hand and balances with banks, and highly liquid temporary money market instruments with original maturities of three months or less.

(c) Government transfers:

Government transfers received relate to the assessment levy and operating grants. Government transfers are recognized in the financial statements as revenues when the transfer is authorized, any eligibility criteria are met and a reasonable estimate of the amounts can be made except when, and to the extent that, stipulations by the transferors give rise to an obligation that meet the definition of a liability. Government transfers that meet the definition of a liability are recognized as revenue as the liability is extinguished.

(d) Other income:

Other income is reported as revenue in the period earned.

Notes to Financial Statements (continued)

Year ended December 31, 2016

1. Significant accounting policies (continued):

(e) Non-financial assets:

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the ordinary course of operations.

(i) Tangible capital assets:

Tangible capital assets are recorded at cost which includes amounts that are directly attributable to acquisition, construction, development or betterment of the asset. The cost, less residual value, of the tangible capital assets are amortized on a straight line basis over their estimated useful lives as follows:

Asset	Useful life - years
Computer hardware	5
Computer software	3
Decorations	3
Furniture and equipment	10

(f) Use of estimates:

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the year. Actual results could differ from those estimates.

At the end of the year, the Christmas grant of \$1,326 (2015 - \$1,317) was receivable from the City of Hamilton in addition to a \$50 (2015 - \$nil) receivable for a project specialist. In addition, the Business Improvement Area had a payable of \$29,879 (2015 - \$8,717) primarily for the cash received in excess of the member levy collected by the City of Hamilton.

6. Budget data:

The budget data presented in these financial statements is based upon the 2016 budget approved by the Board on December 10, 2015. Amortization and acquisitions of tangible capital assets were not contemplated on development of the budget and, as such, were not provided on the statement of changes in net financial assets.

7. Comparative information:

Certain 2015 comparative information has been reclassified to conform to the financial statement presentation adopted for the current year. There is no impact to accumulated surplus as a result of the reclassification.

INDEPENDENT AUDITORS' REPORT

To the Chairman and Members of the Board of Management of Dundas Business Improvement Area,
Members of Council, Inhabitants and Ratepayers of the Corporation of the City of Hamilton

We have audited the accompanying financial statements of Dundas Business Improvement Area, which comprise the statement of financial position as at December 31, 2016, the statements of operations, changes in net financial assets and cash flows for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of Dundas Business Improvement Area as at December 31, 2016, and its results of operations and its changes in net financial assets and cash flows for the year then ended in accordance with Canadian public sector accounting standards.

INDEPENDENT AUDITORS' REPORT

To the Chairman and Members of the Board of Management of the International Village Business Improvement Area, Members of Council, Inhabitants and Ratepayers of the Corporation of the City of Hamilton

We have audited the accompanying financial statements of the International Village Business Improvement Area, which comprise the statement of financial position as at December 31, 2016, the statements of operations, changes in net financial assets and cash flows for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of the International Village Business Improvement Area as at December 31, 2016, and its results of operations and its changes in net financial assets and cash flows for the year then ended in accordance with Canadian public sector accounting standards.

INTERNATIONAL VILLAGE BUSINESS IMPROVEMENT AREA

Notes to Financial Statements

Year ended December 31, 2016

The International Village Business Improvement Area ("Business Improvement Area") was established by the Council of the City of Hamilton and has been entrusted with the improvement, beautification and maintenance of municipally owned lands, buildings and structures in the improvement area, beyond such expenditure by the Municipality. The Business Improvement Area is also responsible for the promotion of this improvement area for business and shopping. The Business Improvement Area is financed by a special levy charged upon businesses in the improvement area.

1. Significant accounting policies:

The financial statements of the Business Improvement Area are prepared by management in accordance with Canadian public sector accounting standards ("PSAS"). Significant accounting policies adopted by the Business Improvement Area are as follows:

(a) Basis of accounting:

The Business Improvement Area follows the accrual method of accounting for revenues and expenses. Revenues are normally recognized in the year in which they are earned and measurable. Expenses are recognized as they are incurred and measurable as a result of receipt of goods or services and the creation of a legal obligation to pay.

(b) Cash and cash equivalents:

Cash and cash equivalents include cash on hand and balances with banks, and highly liquid temporary money market instruments with original maturities of three months or less.

(c) Government transfers:

Government transfers received relate to the assessment levy and operating grants. Government transfers are recognized in the financial statements as revenues when the transfer is authorized, any eligibility criteria are met and a reasonable estimate of the amounts can be made except when, and to the extent that, stipulations by the transferors give rise to an obligation that meet the definition of a liability. Government transfers that meet the definition of a liability are recognized as revenue as the liability is extinguished.

(d) Other income:

Other income is reported as revenue in the period earned.

INTERNATIONAL VILLAGE BUSINESS IMPROVEMENT AREA

Notes to Financial Statements (continued)

Year ended December 31, 2016

1. Significant accounting policies (continued):

(e) Non-financial assets:

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the ordinary course of operations.

(i) Tangible capital assets:

Tangible capital assets are recorded at cost which includes amounts that are directly attributable to acquisition, construction, development or betterment of the asset. The cost, less residual value, of the tangible capital assets are amortized on a straight line basis over their estimated useful lives as follows:

Asset	Useful life - years
Computer hardware	5
Furniture and equipment	10
Decorations	5

(f) Use of estimates:

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the year. Actual results could differ from those estimates.

Total	\$ 2,034	\$ 4,747

- (a) Contributed tangible capital assets:
The Business Improvement Area received no contributed tangible capital assets in 2016 or 2015.
- (b) Tangible capital assets disclosed at nominal values:
There are no tangible capital assets recognized at a nominal value.
- (c) Write-down of tangible capital assets:
The Business Improvement Area has not recorded write-downs of tangible capital assets during the year or 2015.

INTERNATIONAL VILLAGE BUSINESS IMPROVEMENT AREA

Notes to Financial Statements (continued)

Year ended December 31, 2016

3. Related party transactions:

During the year, the Business Improvement Area recorded the following transactions with the City of Hamilton:

Revenue:

	2016	2015
Member levy collected on behalf of the Business Improvement Area	\$ 138,174	\$138,127

The City of Hamilton has also contributed \$9,702 (2015 - \$7,858) to commercial improvement programs undertaken by the Business Improvement Area, \$11,000 (2015 - \$13,891) from parking sharing revenue program and \$nil (2015 – \$5,000) for the Pan AM Games grant, which has been included in Pan Am revenue.

At the end of the year the Business Improvement Area had a payable to the City of Hamilton of \$2,426 (2015 - \$2,483) for vacancy rebates on the member levy collected by the City of Hamilton and year-end audit fees.

4. Accumulated surplus:

Accumulated surplus consists of the following:

	2016	2015
Surplus:		
Invested in tangible capital assets	\$ 4,747	\$ 2,034
Operating	90,042	68,891
Accumulated surplus	\$ 94,789	\$ 70,925

INTERNATIONAL VILLAGE BUSINESS IMPROVEMENT AREA

Notes to Financial Statements (continued)

Year ended December 31, 2016

5. Deferred revenue:

Deferred revenue is comprised of 2017 assessment levy received in advance. The Business Improvement Area is required to use these funds for 2017 operations of the Business Improvement Area.

6. Commitments:

The Business Improvement Area is committed under a long-term operating lease for the rental of office space until June 30, 2018. Future minimum lease payments under this operating lease are as follows:

2017	\$ 11,400
2018	5,700

7. Budget data:

The budget data presented in these financial statements is based upon the 2016 budget approved by the Board on November 24, 2015. Amortization and acquisitions of tangible capital assets were not contemplated on development of the budget and, as such, were not provided on the statement of changes in net financial assets.

INDEPENDENT AUDITORS' REPORT

To the Chairman and Members of the Board of Management of the Locke Street Business Improvement Area, Members of Council, Inhabitants and Ratepayers of the Corporation of the City of Hamilton

We have audited the accompanying financial statements of the Locke Street Business Improvement Area, which comprise the statement of financial position as at December 31, 2016, the statements of operations, changes in net financial assets and cash flows for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of the Locke Street Business Improvement Area as at December 31, 2016, and its results of operations and its changes in net financial assets and cash flows for the year then ended in accordance with Canadian public sector accounting standards.

LOCKE STREET BUSINESS IMPROVEMENT AREA

Notes to Financial Statements

Year ended December 31, 2016

The Locke Street Business Improvement Area ("Business Improvement Area") was established in 2007 by the Council of the City of Hamilton and has been entrusted with the improvement, beautification and maintenance of municipality owned lands, buildings and structures in the improvement area, beyond such expenditures by the Municipality. The Business Improvement Area is also responsible for the promotion of this improvement area for business and shopping as well as the Locke Street Festival and commercial expenses incurred on Locke Street. The Business Improvement Area is financed by a special levy charged upon businesses in the improvement area.

During the year ended December 31, 2014 the Business Improvement Area assumed a large portion of the Locke Street Merchants Association's ("LSMA") responsibilities. As part of this change, the Business Improvement Area accepted responsibility for the Locke Street Festival, including related revenues and expenditures of the festival and commercial improvement expenses incurred on Locke Street that were previously performed by the LSMA.

1. Significant accounting policies:

The financial statements of the Business Improvement Area are prepared by management in accordance with Canadian public sector accounting standards ("PSAS") as recommended by the Public Sector Accounting Board of the Chartered Professional Accountants of Canada. Significant accounting policies adopted by the Business Improvement Area are as follows:

(a) Basis of accounting:

The Business Improvement Area follows the accrual method of accounting for revenues and expenses. Revenues are recognized in the year in which they are earned and measurable. Expenses are recognized as they are incurred and measurable as a result of receipt of goods or services and the creation of a legal obligation to pay.

(b) Government transfers:

Government transfers received relate to the assessment levy and operating grants. Government transfers are recognized in the financial statements as revenues when the transfer is authorized, any eligibility criteria are met and a reasonable estimate of the amounts can be made except when, and to the extent that, stipulations by the transferors give rise to an obligation that meet the definition of a liability. Government transfers that meet the definition of a liability are recognized as revenue as the liability is extinguished.

(c) Other income:

Other income is reported as revenue in the period earned.

Income, with external restrictions, is recognized as revenue in the year in which the related expenses are recognized. Contributions restricted for the purchase of capital assets are recognized when the restrictions are satisfied either when the asset is acquired or as the asset is used in accordance with the terms of the restriction.

LOCKE STREET BUSINESS IMPROVEMENT AREA

Notes to Financial Statements (continued)

Year ended December 31, 2016

1. Significant accounting policies (continued):

(d) Non-financial assets:

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the ordinary course of operations.

(i) Tangible capital assets:

Tangible capital assets are recorded at cost which includes amounts that are directly attributable to acquisition, construction, development or betterment of the asset. The cost, less residual value, of the tangible capital assets are amortized on a straight line basis over their estimated useful lives as follows:

Asset	Useful life - years
Decorations	5
Banners	4

(e) Use of estimates:

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the year. Actual results could differ from those estimates.

LOCKE STREET BUSINESS IMPROVEMENT AREA

Notes to Financial Statements (continued)

Year ended December 31, 2016

2. Related party transactions:

During the year, the Business Improvement Area recorded the following transactions with the City of Hamilton:

Revenue:

	2016	2015
Member levy collected on behalf of the Business Improvement Area	\$ 29,334	\$ 29,947

The City of Hamilton has also contributed \$4,468 (2015 - \$4,813) to commercial improvement programs undertaken by the Business Improvement Area and \$11,558 (2015 - \$13,528) from the parking sharing revenue program. At the end of the year, the Christmas grant of \$1,325 (2015 - \$1,316) was owing from the City of Hamilton net of \$489 owing for the 2016 member levies, \$750 owing for the annual audit accrual and \$2,710 owing for expenditures related to the 2016 Locke St. festival.

(a) Contributed tangible capital assets:

The Business Improvement Area received no contributed tangible capital assets in 2016 or 2015.

(b) Tangible capital assets disclosed at nominal values:

There are no tangible capital assets recognized at a nominal value.

(c) Write-down of tangible capital assets:

The Business Improvement Area has not recorded write-downs of tangible capital assets during the year or 2015.

LOCKE STREET BUSINESS IMPROVEMENT AREA

Notes to Financial Statements (continued)

Year ended December 31, 2016

4. Deferred revenue:

Deferred revenue is comprised of amounts received from the Locke St. Merchant Association ("LSMA") which dissolved in 2015. The Business Improvement Area is required to spend these funds on beautification and enhancements to the Business Improvement Area with funds specifically allocated to the area of the Business Improvement Area previously covered under the LSMA jurisdiction. The deferred revenue reported on the statement of financial position is made up of:

	2016	2015
Balance, beginning of year	\$ 12,975	\$ -
Receipts	-	12,975
Recognized as revenue	(3,274)	-
Balance, end of year	\$ 9,701	\$ 12,975

5. Accumulated surplus:

Accumulated surplus consists of the following:

	2016	2015
Surplus:		
Invested in tangible capital assets	\$ 31,702	\$ 21,867
Operating	41,580	46,489
	\$ 73,282	\$ 68,356

6. Budget data:

The budget data presented in these financial statements is based upon the 2016 budget approved by the Board on January 26, 2016. Amortization and acquisitions of tangible capital assets were not contemplated on development of the budget and, as such, were not provided on the statement of changes in net financial assets.

7. Comparative information:

Certain comparative information has been reclassified to conform to the presentation adopted in the current year. There is no impact to ending accumulated surplus.

INDEPENDENT AUDITORS' REPORT

To the Chairman and Members of the Board of Management of the Main Street West Esplanade Business Improvement Area, Members of Council, Inhabitants and Ratepayers of the Corporation of the City of Hamilton

We have audited the accompanying financial statements of the Main Street West Esplanade Business Improvement Area, which comprise the statement of financial position as at December 31, 2016, the statements of operations, changes in net financial assets and cash flows for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of the Main Street West Esplanade Business Improvement Area as at December 31, 2016, and its results of operations and its changes in net financial assets and cash flows for the year then ended in accordance with Canadian public sector accounting standards.

OTTAWA STREET BUSINESS IMPROVEMENT AREA

Notes to Financial Statements

Year ended December 31, 2016

Ottawa Street Business Improvement Area (the "Business Improvement Area") was established in 1985 by the Council of the City of Hamilton and has been entrusted with the improvement, beautification and maintenance of municipally owned land, buildings and structures in the improvement area, beyond such expenditure by the City of Hamilton. The Business Improvement Area is also responsible for the promotion of this area for business and shopping. The Business Improvement Area is financed by a special levy charged upon businesses in the improvement area.

1. Significant accounting policies:

The financial statements of the Business Improvement Area are prepared by management in accordance with Canadian public sector accounting standards ("PSAS"). Significant accounting policies adopted by the Business Improvement Area are as follows:

(a) Basis of accounting:

The Business Improvement Area follows the accrual method of accounting for revenues and expenses. Revenues are normally recognized in the year in which they are earned and measurable. Expenses are recognized as they are incurred and measurable as a result of receipt of goods or services and the creation of a legal obligation to pay.

(b) Government transfers:

Government transfers received relate to the assessment levy and operating grants. Government transfers are recognized in the financial statements as revenues when the transfer is authorized, any eligibility criteria are met and a reasonable estimate of the amounts can be made except when, and to the extent that, stipulations by the transferors give rise to an obligation that meet the definition of a liability. Government transfers that meet the definition of a liability are recognized as revenue as the liability is extinguished.

(c) Other income:

Other income is reported as revenue in the period earned.

OTTAWA STREET BUSINESS IMPROVEMENT AREA

Notes to Financial Statements (continued)

Year ended December 31, 2016

1. Significant accounting policies (continued):

(d) Non-financial assets:

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the ordinary course of operations.

(i) Tangible capital assets:

Tangible capital assets are recorded at cost which includes amounts that are directly attributable to acquisition, construction, development or betterment of the asset. The cost, less residual value, of the tangible capital assets are amortized on a straight line basis over their estimated useful lives as follows:

Asset	Useful life - years
Computers	5
Decorations	5
Furniture and equipment	10
Leasehold improvements	10

(e) Use of estimates:

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the year. Actual results could differ from those estimates.

3. Related party transactions:

During the year, the Business Improvement Area recorded the following transactions with the City of Hamilton:

Revenue:

	2016	2015
Member levy collected on behalf of the Ottawa Street Business Improvement Area	\$ 140,643	\$132,003

The City of Hamilton has also contributed \$14,265 (2015 - \$15,758) to commercial improvement programs undertaken by the Business Improvement Area, \$15,559 (2015 - \$19,164) from parking sharing revenue program and \$3,420 (2015 - \$19,289) in other grants. During the year ended December 31, 2016, the City contributed \$nil (2015 - \$117,356) towards street furniture.

At the end of the year, other grants of \$1,326 were receivable (2015 - \$4,441) from the City of Hamilton. The amount due from the City of Hamilton at December 31, 2016 also includes a net receivable of \$7,643 (2015 - (\$997)) for supplementary levies and vacancy rebates as well as a payable for the 2016 audit accrual of \$420 (2015 - \$nil).

4. Deferred revenue:

Deferred revenue is comprised of the 2017 assessment levy received in advance. The Business Improvement Area is required to use these funds for 2017 operations of the Business improvement Area.

5. Accumulated surplus:

Accumulated surplus consists of the following:

	2016	2015
Surplus:		
Invested in tangible capital assets	\$ 100,533	\$110,704
Operating	53,489	28,227
Accumulated surplus	\$ 154,022	\$138,931

Notes to Financial Statements (continued)

Year ended December 31, 2016

6. Commitments:

The Business Improvement Area is committed under an operating lease for the rental of office space. Future minimum lease payments under this operating lease are as follows:

2017	\$ 20,400
2018	6,800

7. Budget data:

The budget data presented in these financial statements is based upon the 2016 budget approved by the Board on December 4, 2015. Amortization and acquisitions of tangible capital assets were not contemplated on development of the budget and, as such, were not provided on the statement of changes in net financial assets.

8. Comparative information:

Certain comparative information has been reclassified to conform to the presentation adopted in the current year. There is no impact to ending accumulated surplus.

INDEPENDENT AUDITORS' REPORT

To the Chairman and Members of the Board of Management of the Stoney Creek Business Improvement Area, Members of Council, Inhabitants and Ratepayers of the Corporation of the City of Hamilton

We have audited the accompanying financial statements of the Stoney Creek Business Improvement Area, which comprise the statement of financial position as at December 31, 2016, the statements of operations, changes in net financial assets and cash flows for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of the Stoney Creek Business Improvement Area as at December 31, 2016, and its results of operations and its changes in net financial assets and cash flows for the year then ended in accordance with Canadian public sector accounting standards.

WATERDOWN BUSINESS IMPROVEMENT AREA

Notes to Financial Statements

Year ended December 31, 2016

The Waterdown Business Improvement Area ("Business Improvement Area") was established in 1985 by the Council of the former Town of Flamborough and has been entrusted with the improvement, beautification and maintenance of the municipally owned land, buildings and structures in the improvement area, beyond such expenditure by the Municipality. The Business Improvement Area is also responsible for the promotion of this improvement area for business and shopping. The Business Improvement Area is financed by a special levy charged upon businesses in the improvement area.

1. Significant accounting policies:

The financial statements of the Business Improvement Area are prepared by management in accordance with Canadian public sector accounting standards ("PSAS") as recommended by the Public Sector Accounting Board of the Chartered Professional Accountants of Canada. Significant accounting policies adopted by the Business Improvement Area are as follows:

(a) Basis of accounting:

The Business Improvement Area follows the accrual method of accounting for revenues and expenses. Revenues are normally recognized in the year in which they are earned and measurable. Expenses are recognized as they are incurred and measurable as a result of receipt of goods or services and the creation of a legal obligation to pay.

(b) Government transfers:

Government transfers received relate to the assessment levy and operating grants. Government transfers are recognized in the financial statements as revenues when the transfer is authorized, any eligibility criteria are met and a reasonable estimate of the amounts can be made except when, and to the extent that, stipulations by the transferors give rise to an obligation that meet the definition of a liability. Government transfers that meet the definition of a liability are recognized as revenue as the liability is extinguished.

(c) Other income:

Other income is reported as revenue in the period earned.

(d) Investments:

Investments consist of guaranteed investment certificates and are recorded at amortized cost. When there has been a loss in value that is other than a temporary decline in value, the respective investment is written down to recognize the loss. Discounts and premiums arising on the purchase of these investments are amortized over the term of the investments.

Notes to Financial Statements (continued)

Year ended December 31, 2016

1. Significant accounting policies (continued):

(e) Non-financial assets:

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the ordinary course of operations.

(i) Tangible capital assets:

Tangible capital assets are recorded at cost which includes amounts that are directly attributable to acquisition, construction, development or betterment of the asset. The cost, less residual value, of the tangible capital assets are amortized on a straight line basis over their estimated useful lives with one-half year taken in the year of acquisition as follows:

Asset	Useful life - years
Furniture and equipment	10
Leasehold improvements	5
Computer Equipment	3

(f) Use of estimates:

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the year. Actual results could differ from those estimates.

(b) Tangible capital assets disclosed at nominal values:

There are no tangible capital assets recognized at a nominal value.

(c) Write-down of tangible capital assets:

The Business Improvement Area has not recorded write-downs of tangible capital assets during the year or 2015.

WATERDOWN BUSINESS IMPROVEMENT AREA

Notes to Financial Statements (continued)

Year ended December 31, 2016

3. Related party transactions:

During the year, the Business Improvement Area recorded the following transactions with the City of Hamilton:

	2016	2015
Member levy collected on behalf of the Business Improvement Area	\$ 231,638	\$ 209,252

The City of Hamilton has also contributed \$5,744 (2015 - \$5,415) to commercial improvement programs undertaken by the Business Improvement Area and \$11,479 (2015 - \$7,310) in other grants.

At the end of the year, the Business Improvement Area had a receivable from the City of Hamilton of \$3,702 (2015 – \$11,366) for the excess of the member levy collected by the City of Hamilton in excess of the cash paid to the Business Improvement Area, net of \$500 (2015 – \$500) for the annual audit accrual.

4. Investments:

Investments reported in the Statement of Financial Position consist of guaranteed investment certificates ("GIC") and are reported at amortization cost. The Business Improvement Area purchased the GIC in November 2016 with a maturity date in January, 2018. As at December 31, 2016, cost approximated the market value of the GIC.

5. Accumulated surplus:

Accumulated surplus consists of balances as follows at December 31:

	2016	2015
Surplus:		
Invested in tangible capital assets	\$ 93,231	\$ 55,033

Year ended December 31, 2016

6. Commitments:

The Business Improvement Area is committed under an operating lease for the rental of office space and farmer's market space. Future minimum lease payments under this operating lease are as follows:

2017	\$ 19,798
------	-----------

7. Budget data:

The budget data presented in these financial statements is based upon the 2016 budget approved by the Board. Amortization and acquisitions of tangible capital assets were not contemplated on development of the budget and, as such, were not provided on the statement of changes in net financial assets.

8. Comparative information:

Certain comparative information has been reclassified to conform to the presentation adopted in the current year. There is no impact to accumulated surplus as a result of the reclassification.

INDEPENDENT AUDITORS' REPORT

To the Chairman and Members of the Board of Management of the Westdale Business Improvement Area, Members of Council, Inhabitants and Ratepayers of the Corporation of the City of Hamilton

We have audited the accompanying financial statements of the Westdale Business Improvement Area, which comprise the statement of financial position as at December 31, 2016, the statements of operations, changes in net financial assets and cash flows for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of the Westdale Business Improvement Area as at December 31, 2016, and its results of operations and its changes in net financial assets and cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Information:

The current Attendance Support Program (ASP) has been in place for many years. In order to ensure that the ASP is administered in a fair and objective fashion, attendance monitoring is based on triggering factors that include 4 occurrences or 7 days of absence (for any reason), within a twelve month period. Once triggered, meetings are held with employees that are intended to be supportive in nature and are focused on exploring how to improve an employee's attendance. Additional meetings are held with an employee with each subsequent trigger, progressing through a series of levels, until such time that an employee's attendance improves or further action is taken.

Despite the ASP's supportive and comprehensive nature, both employees and Managers have expressed dissatisfaction and frustration with the management of absences that are often times well within the acceptable parameters of the program. Additionally, there is often a feeling that these meetings are disciplinary, rather than the supportive nature that is intended.

Most significantly, this approach generates a very large number of meetings that are arguably unnecessary, as they do not generate any new information or provide for outcomes that will ultimately improve an employee's attendance. Generally speaking, there are approximately 1500 employees in the ASP at any point in time in a given year.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

**SUBJECT: Attendance Support Program Relaunch
(HUR18007) (City Wide)****Page 2 of 2**

All stakeholders, including management, employees and their union representative do not place any significant value on these meetings and ultimately, their purpose is no longer effective.

The current ASP continues to be largely ineffective given the lack of progress made in management's ability to appropriately address absenteeism as well as the inordinate amount of time taken to manage absences that are generally known and accepted. The ASP has been a long standing program that has become prone to manipulation and misuse, resulting in disengaged and critical users.

The proposed Attendance Management Program (AMP) will not incorporate any trigger levels and will focus on "unexplained" and high levels of employee absenteeism. Given the smaller number of employees identified in the new AMP, management will have greater opportunity to focus on more problematic absenteeism areas within specific work groups. Unlike the current AMP, wherein all known and approved absences are included, such absences will now be excluded. The focus of the new program will be on the absences where the reason is not known in advance. This would include short notice sick absences, personal emergency days, etc. The program will monitor both the amount and the patterns of absences. Enhancements have also been made to the City's ability to electronically monitor and report on the associated data in a more accurate and timely manner. This narrowed focus will result in the identification of situations that are more likely to result in improved attendance.

Communication and training on the new AMP will be commencing in April of this year, with a strong focus on training in May and June. It is anticipated that the new AMP will be launched on July 2, 2018, with the first reports being generated and issued to management on July 16, 2018. Further enhancements and improvements to the program will be applied over time as familiarity and competence builds. Staff will continue to provide Council with regular updates on absenteeism levels as well as progress reports on the new Attendance Management Program.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

At its May 11, 2015 Audit, Finance and Administration Committee meeting, Council requested an information update on our Workplace Safety and Insurance Board (WSIB) experience, including identifying our lost-time injury rate, areas experiencing higher numbers of incidents as well as providing strategies to reduce incidents in those areas. Council also asked that severity rates be included in the data.

Information:

The City experienced an increase in work-related lost time incidents in 2017 after seeing significant decreases in 2016. As a result, lost time related absence have returned to pre 2016 activity levels. Specifically:

- Lost time incidents rose from 249 in 2016 to 330 in 2017
- Lost-time injury rate increased from 4.10 to 5.46
- Total days lost increased from 6,678 to 7,689
- Total WSIB costs decreased from \$6,476,831 to \$6,236,790

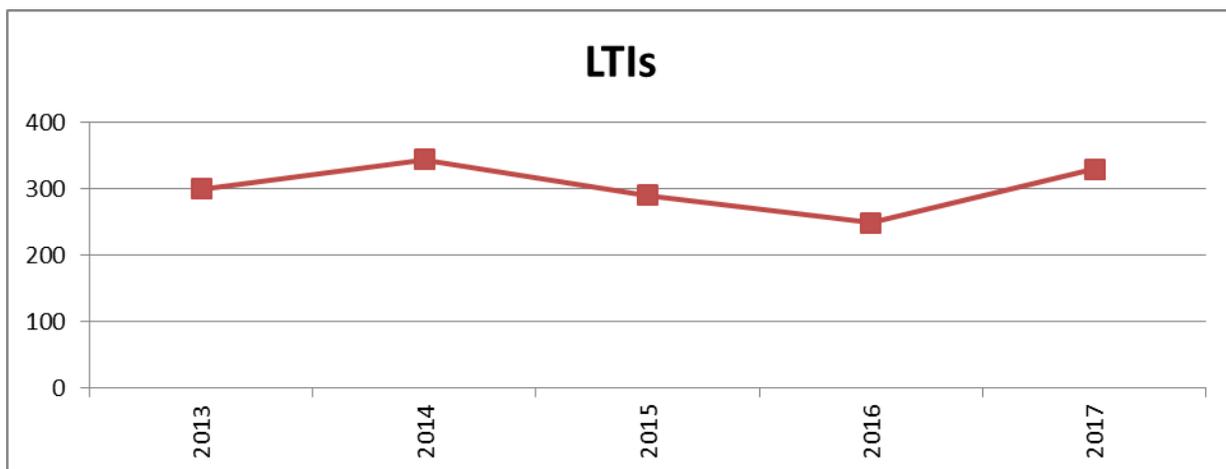

The following table and graphs provide an overview of the City's WSIB claims experience over the past 5 years.

SUBJECT: Occupational Injury and Illness Claims Annual Report

Lost-time incidents increased by 33% in 2017, as compared to 2016. There was also an increase of 15% in the total shifts lost to workplace injury and illness. WSIB costs dropped 3.7%. This reduction in overall costs is due to a relatively lower number of presumptive cancer claims for firefighters as well as a significant administrative fee credit from WSIB.

Table 2 provides lost time injury data expressed as a Lost Time Injury Rate per 100 employees i.e. (# of lost time injuries/(total hours worked/2,000)X100) and considers all hours worked by our employees and divides the total by 2,000 hours to calculate a full-time equivalent employee count. This calculation accounts for differences in hours worked amongst employees (including part-time vs full-time employees) to get a more accurate indicator of the total hours worked and exposure to risk instead using a straight headcount. The table also provides an indication of the severity of injuries by looking at the average days lost per claim.

Table 2: Lost Time Injury Rates and Average Days Lost 2013 – 2017

Year	Lost Time Injury Rate	Average of Days Lost per Injury*
2013	5.22	17.42
2014	5.83	11.72
2015	4.84	12.69
2016	4.10	9.81
2017	5.46	10.78

*Calculated as of February 13, 2018. These amounts will go up as several claims are still open and the employees have not returned to work.

Graph 4: 5 year trend of LTI Rate and Average Days Lost (severity)

The lost time injury rate rose by 15% in 2017. The average shifts lost per claim (severity rate) rose in 2017 but has declined overall since 2013 indicating shorter durations of employees being totally disabled from attending work. Some claims are still open and their shifts lost will add to average shift lost over time. Most of the open claims occurred in 2017.

Areas of Concern and Response**Hamilton Street Railway (HSR)**

Supported by Human Resources, HSR management will be undertaking the following health and safety improvement measures:

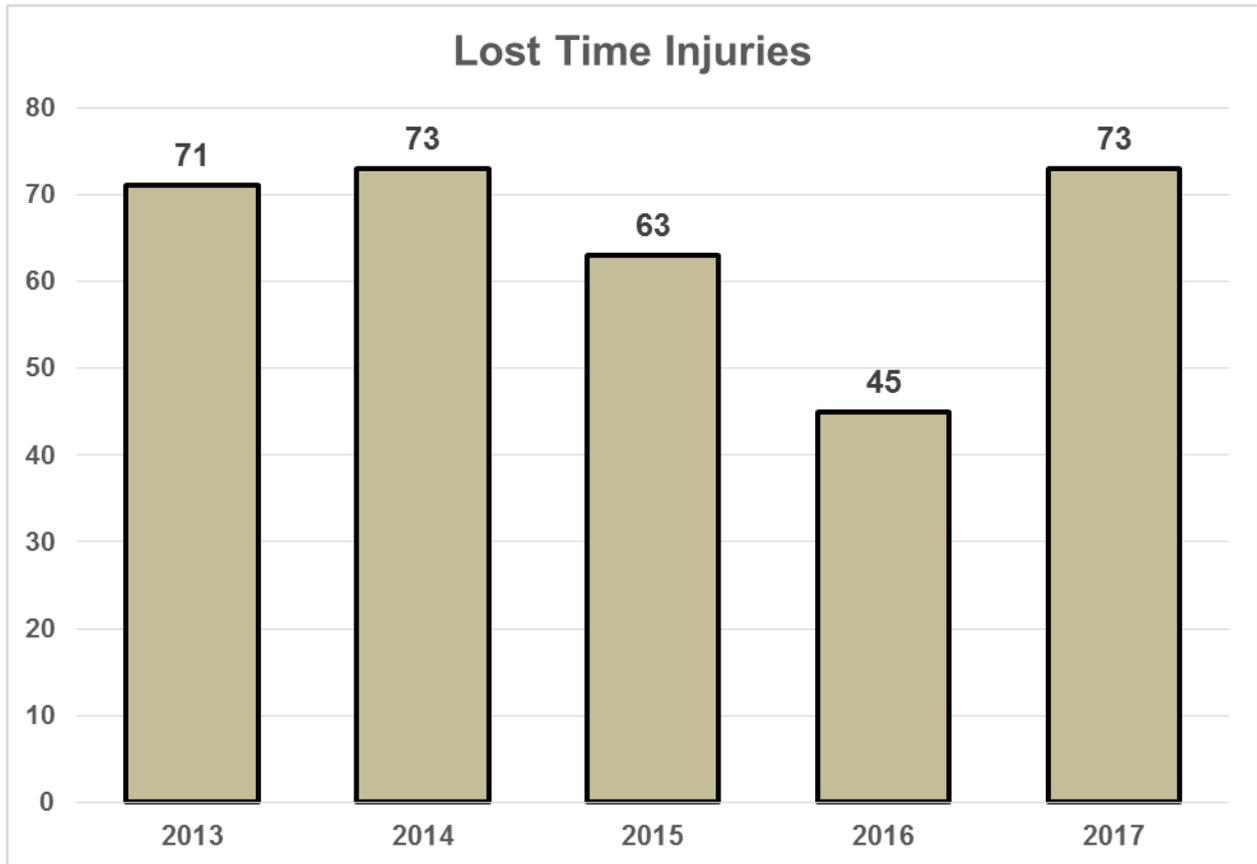

- Working with the joint health and safety committee to raise awareness of injury prevention and develop solutions to ongoing problems
- Improving the response to workplace accidents by identifying root causes, implementing solutions and counselling and coaching employees
- Identifying short-term alternative duties that employees can perform while recovering from injury
- Identifying and controlling mechanical and environmental hazards associated with operating buses
- Support HSR management in addressing incidents and mistreatment of Bus Operators, as captured on the installed cameras on all buses

OUR Vision: To be the best place to raise a child and age successfully.

Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

Hamilton Paramedic Services (HPS)

Supported by Human Resources, HPS will be undertaking the following health and safety improvement measures:

- Providing Paramedics and Supervisors with guidance and refresher training on proper lifting techniques and preventing slips and falls in their day-to-day activities
- The training will be developed in consultation with the joint health and safety committee

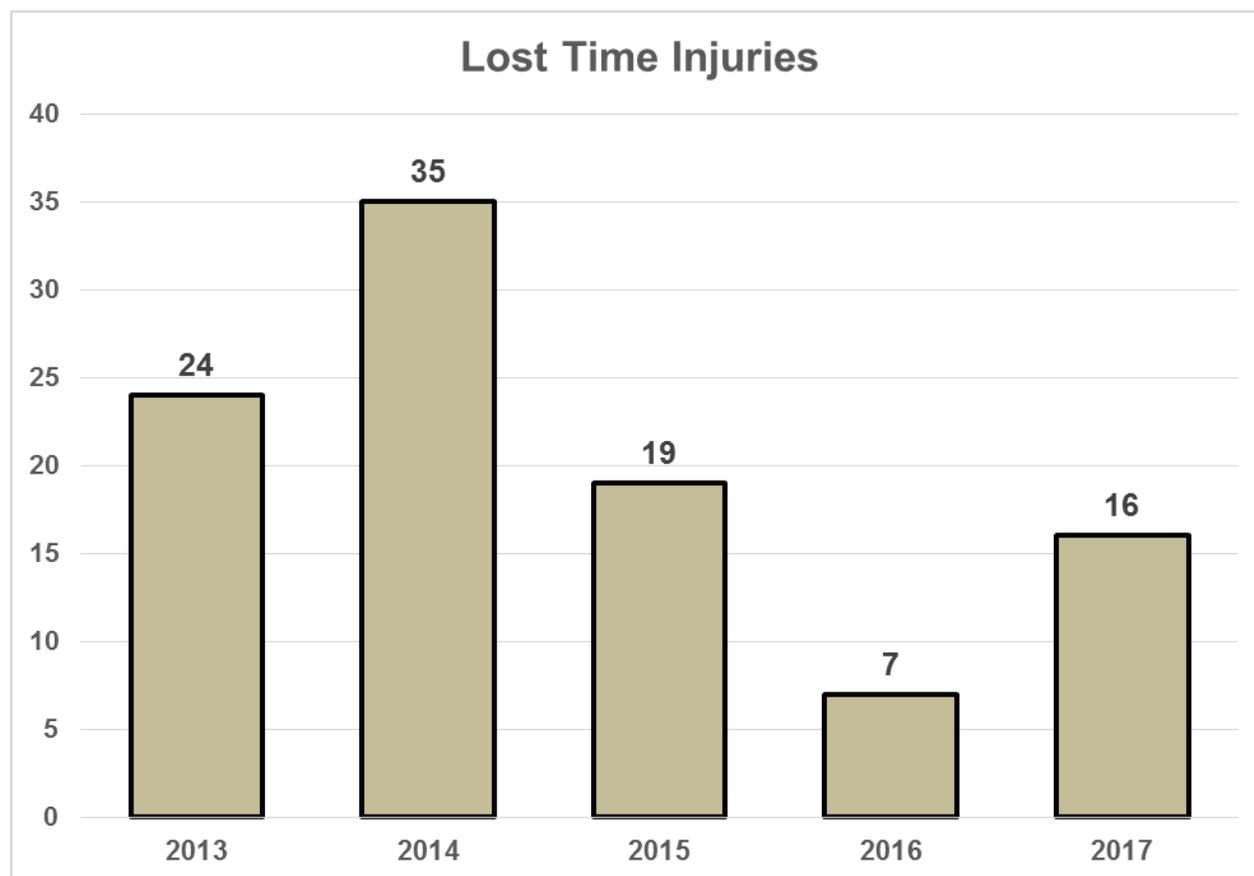

HPS management identified that workload and time pressures have resulted in Paramedics “rushing” to prepare for and respond to their next call. This impedes their ability to properly recognize hazards. Supervision will be emphasizing Paramedic self-care while developing longer-term solutions to workload issues.

OUR Vision: To be the best place to raise a child and age successfully.

Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

Waste Operations

Waste Operations have recognized a negative upward trend in their lost time injuries after two years of significant decreases. Supported by Human Resources, management along with the joint health and safety committee is focusing on:

- Ergonomic hazards
- Slips and falls
- Identifying suitable modified duties for injured employees during their recovery

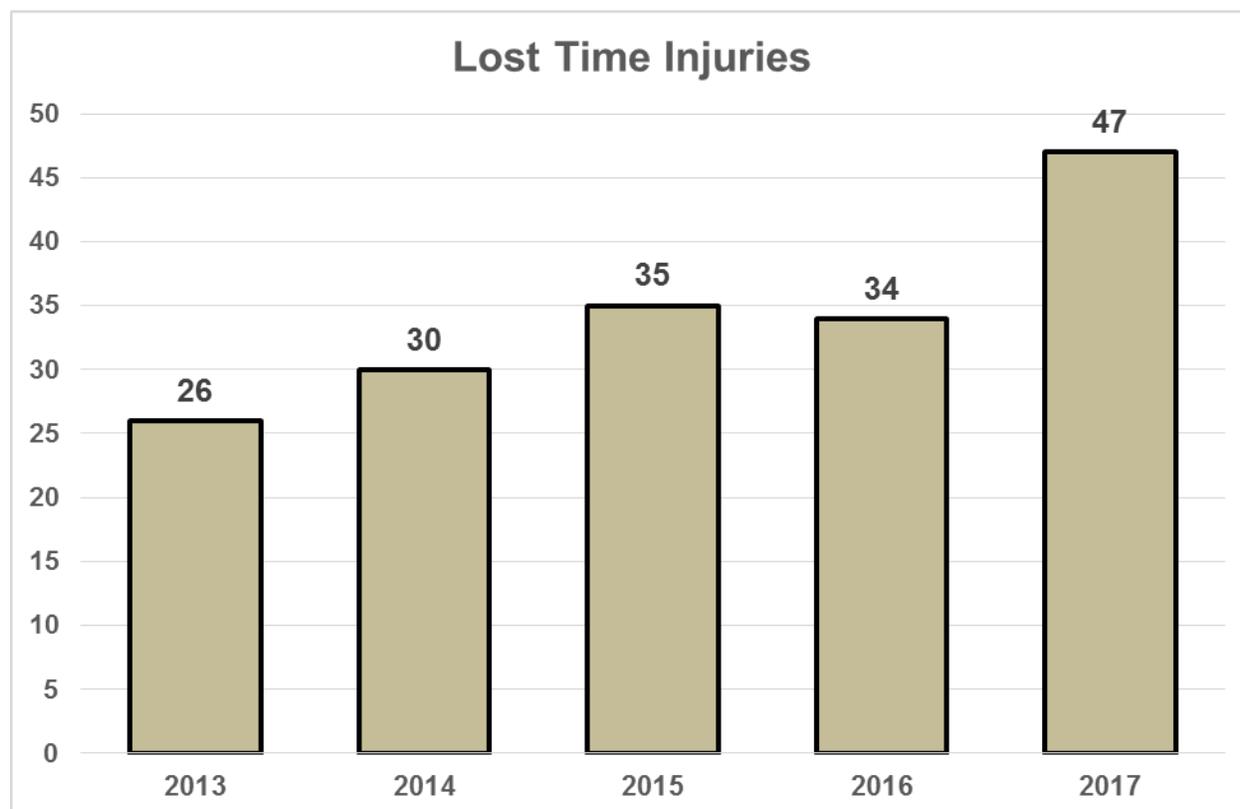

Building on the successes in previous years, another co-op student from Waterloo's Kinesiology program will be assisting Waste Management and the employees during a four-month work term starting in May, 2018. The kinesiology student will build on the initiatives previously undertaken in the workplace and focus on identifying and controlling workplace hazards as well as providing individual coaching on condition and safe lifting techniques.

OUR Vision: To be the best place to raise a child and age successfully.

Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

Long Term Care Homes (Macassa and Wentworth Lodges)

Management at the Lodges have made financial investments in equipment that ensures staff have what they require to do their job safely. This includes lifts, bathing chairs, tubs, adjustable beds, adjustable tables and other assistive devices to help eliminate ergonomic hazards. In collaboration with the Institute for Work & Health and the Public Services Health and Safety Association, the Lodges are participating in the EPIC (Everyone Participating In Change) program that improves staff engagement and key deliverables on a frontline-driven project that is focused on ergonomics. The result has been a reduction in lost time injuries related to ergonomic hazards. However, lost time injuries related to resident interactions rose last year and steps have been taken reduce the risks. Staff are provided with ongoing and annual mandatory training on applying “responsive behavioural universal precautions” with all residents in order to protect themselves from unpredictable behaviour. The Lodges continue to work with local hospital systems, geriatric psychiatry, Alzheimer’s Society, and the provincially funded Behavioural Supports Ontario team on identifying best practices for serving those with unpredictable responsive behaviours. The Lodges also perform Workplace Violence Risk Assessments, Annual Risk Management Planning, Code White drills, Policy and Procedure Review, as well as Care Planning for residents with responsive behaviours and enhanced in-depth review and follow-up on incidents.

OUR Vision: To be the best place to raise a child and age successfully.

Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

Workplace Mental Health

- The Working Mind program from Mental Health Commission of Canada was delivered to 155 people leaders and 376 frontline staff in 2017.
- The Mental Health Advisory Committee met four times in 2017, spending most of their efforts on comparing City programs against the national standard on psychological health and safety in the workplace. Once the gap analysis is completed, the MHAC will forward its recommendations to the City's Senior Leadership Team for improving the effectiveness and availability of programs, policies and resources that will help create psychologically safe workplaces and protect the mental health of our employees.
- Mental Health@Work Certificate Training for Leaders - This certificate program was arranged through Queen's University and Mournau Shepell and aligns with the National Standard for Psychological Health and Safety in the Workplace. Over the course of three modules, participants explore the business case for mental health in the workplace while improving their understanding of relevant legal, ethical and business concerns. The program helps develop empathetic and solution-focused leadership skills that can be used at work. In 2017, 64 leaders were trained and, to date, 185 people leaders across the organization have been certified through the program.

Other Human Resources Initiatives

- 470 employees were trained in the new Workplace Hazardous Materials Information System (WHMIS) training program in 2017. This program reflects changes made to the hazard classification system for workplace chemical safety symbols, labelling and information sheets in our workplaces.
- 152 people leaders completed online mandatory Manager health and safety awareness training; 479 front-line staff completed the online program.
- Trained 107 staff in non-violent crisis intervention techniques.
- Individual ergonomic assessments were completed for many staff and improvements made to the design of their workstations.

INFORMATION REPORT

TO:	Chair & Members Audit, Finance and Administration Committee
COMMITTEE DATE:	March 26, 2018
SUBJECT/REPORT NO:	Employee Attendance Report 2017 (HUR18009) (City Wide)
WARD(S) AFFECTED:	City Wide
PREPARED BY:	Rob Burwash 905-546-2424 Ext. 2655 David Lindeman 905-546-2424 Ext. 5657
SUBMITTED BY:	Lora Fontana Executive Director Human Resources & Organizational Development
SIGNATURE:	

Council Direction:

Human Resources staff reports employee attendance performance measures to Audit Finance and Administration Committee on an annual and semi-annual basis. This report presents sick absence data covering from January to December 2017 with comparison to 2014 through 2017.

Information:

This report includes the short-term disability (STD), Work Accommodation and Long-Term Disability (LTD) data for the entire City, excluding Police and Library. The report also provides an update on the steps taken to support employees in improving their attendance.

Executive Summary:

This report provides an overall summary of the City's employee attendance performance measures and program.

Short Term Disabilities (STD) 2016 to 2017

- Short term disabilities are broken down for the purposes of this report into two categories; 1) those governed by Income Protection Plans (most of the organization) and, 2) those governed by a Sick Bank Plan (Fire).

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

Trends for STD – Group 1 - Income Protection Plans

- Overall, lost paid sick days per eligible employee increased slightly to 12.1 days (84.9 hours) in 2017 from 11.9 days (83.0 hours) in 2016.
- Average Incidental sick absences increased to 4.0 days (28.0 hours) from 3.9 days (27.2 hours) per employee.
- Thirty-one percent (31%) of all employees had no incidental sick absences in 2017.
- Average Significant sick absences increased slightly in 2017 to 6.8 days (47.8 hours) from 6.6 days (45.9 hours) in 2016.
- Eighty-five percent (85%) of all employees had no significant sick absences in 2017 (slightly higher than 2016).
- Average modified sick time per employee decreased in 2017 to 3.6 hours from 4.3 in 2016.

STD –Sick Leave Plan Fire Services

- Overall, average hours lost for sick absences per eligible employee decreased to 118.6 hours in 2017 from 121.7 hours in 2016.
- Average Incidental sick absence increased slightly to 55.0 hours per employee in 2017 from 54.8 hours in 2016.
- Average Significant sick absences decreased to 62.5 hours per employee in 2017 from 66.8 hours in 2016.

Long-term Disabilities (LTD)

- New LTD claims increased to 76 in 2017 from 70 in 2016.
- Active cases at year end, total days lost to LTD claims and the total costs all increased in 2017 compared to the previous year.
- When compared to changes in the overall size of the eligible workforce, the rate of LTD claims per 1,000 employees increased in 2017 to 16.29 from 15.11 in 2016.

Return to Work Services Performance Measures (see Appendix B to Report HUR18009)

- The team closed 550 cases for employees needing assistance in returning to work after an injury or illness in 2017, down from 633 in 2016. This includes both occupational and non-occupational cases.
- Return to Work Services (RTWS) assisted in returning 457 employees to their full-time hours in 2017.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

**SUBJECT: Employee Attendance Report 2017
(HUR18009) (City Wide)****Page 3 of 10**

- The number of employees waiting for permanent, suitable accommodated work remained low in 2017 (N=13), same as 2016. This success in finding permanent work is the result of the efforts of the RTWS team and others in Human Resources in working with all stakeholders, including management and union representatives, to find suitable employment for these employees with significant permanent injuries or illnesses.

Background:

The City of Hamilton proactively manages occupational illnesses and injuries through programs and policies that: control employee absences; identify employees whose attendance needs improving; support employees in improving attendance; and prevent illness and injury amongst our employees.

Definitions:

Short-term Disabilities (STD) include absences of less than 1 day up to 130 days. STD has been further categorized into either Incidental or Significant sick absences. The majority of full-time employees are covered by an Income Protection Plan that provides benefits during a sick absence.

- Incidental sick absences are those that are less than 6 days in the Income Protection Plan and are managed primarily by an employee's supervisor. These absences are primarily due to common ailments like colds, infections, respiratory illnesses, gastrointestinal illnesses, viruses, or minor injuries, and do not require a sick claim form. These sick absences continued as the primary focus for front-line management in 2017.
- Significant sick absences are those that are 6 days or more, up to 130 days in the Income Protection Plan, require a medical claim form(s) and are additionally managed by Return to Work Services staff in Human Resources. These absences are caused by more serious medical conditions, including cancers, fractures, traumatic injuries, mental illness, cardiovascular conditions, nervous disorders, as well as surgeries.
- Modified sick absences are for those employees who are involved in graduated return to work programs and are paid for partial sick days. An increase in modified sick time reflects greater participation in return to work and therefore less unproductive costs.
- Chronic Sick Absence: Either a chronic condition (disease) of long duration and generally slow progression or a long-term condition which has fluctuating periods of poor health and deterioration or relapse while the person generally maintains a level of functionality. These are self-identified by employees and tracked as part of the Attendance Support Program.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

For the above table: * represents a standard calculated 7 hour day. Incidental sick absences are single absences of less than 6 days. Significant sick absences are single absences of 6 to 130 days. Lost Productivity Cost Paid represents the value of sick benefits paid to employees while off and not contributing to the work of their team.

The table above indicates:

- Overall, lost paid sick days per eligible employee increased slightly to 12.1 days (84.9 hours) in 2017 from 11.9 days (83.0 hours) in 2016.
- Average Incidental sick absences increased to 4.0 days (28.0 hours) from 3.9 days (27.2 hours) per employee.
- Thirty-one percent (31%) of employees had no incidental sick absences in 2017.
- Average Significant sick absences increased slightly in 2017 to 6.8 days (47.8 hours) from 6.6 days (45.9 hours) in 2016.
- Eighty-five percent (85%) of employees had no significant sick absences in 2017 (slightly higher than 2016).
- Average modified sick time per employee decreased in 2017 to 3.6 hours from 4.3 in 2016.

Human Resources Initiatives to Assist Employees to Improve Attendance

- Workplace mental health and wellbeing was a main area of focus in 2017. In addition to having a workplace mental health strategy and policy, the following programs were also initiated:
 - Trained internal staff delivered “The Working Mind” program to non-first responders
 - Partnership initiative with Homewood Health to focus our Employee and Family Assistance Program and employee mental health and wellbeing
- People leaders continued to meet with employees who were identified as having attendance issues through the Attendance Support Program to develop plans to improve individual attendance.

Plans for 2018

- Continue offering “The Working Mind” training program to staff
- Launch a revised Attendance Management Program, including a comprehensive communication strategy and training program for all people leaders
- Provide recommendations to Senior Leadership Team to align our programs with the national Psychological Safety Standard under the auspices of the multi-stakeholder Workplace Mental Health Action Committee
- Continue offering chronic pain management workshops to staff
- Provide group staff sessions on accessing our health resources

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

*Incidental sick absences are single absences of 24 hours or less, i.e. one shift or less.
*Significant sick absences are single absences of more than 24 hours, i.e. more than one shift.
Lost Productivity Cost Paid represents the value of sick benefits paid to employees while off and not contributing to the work of their team

The above table indicates for Fire employees with sick bank:

- Overall, average hours lost for sick absences per eligible employee decreased to 118.6 hours in 2017 from 121.7 hours in 2016.
- Average Incidental sick absence increased slightly to 55.0 hours per employee in 2017 from 54.8 hours in 2016.
- Average Significant sick absences decreased to 62.5 hours per employee in 2017 from 66.8 hours in 2016.
- It should be noted that given the 24-hour shift schedule there are times that staff may become ill while at work, resulting in a sick absence being recorded as a partial shift in hours. The majority of the time when staff incur a sick absence it is for a minimum one shift or 24-hour period.

Human Resources Initiatives to Assist Employees to Improve Attendance

A dedicated Return to Work Specialist with full responsibility for analyzing and managing absenteeism solely within the Fire Department has been piloted since the Fall of 2017. The above results show the positive impact of that role and further improvements in absenteeism are expected. The pilot is expected to be funded by the Fire Department for 18 months.

Long-term Disability (LTD)

These are sick absences that extend beyond 130 days and are managed by a third party.

Table 4: Long-term Disability (LTD) Claims 2014 to 2017

	2014	2015	2016	2017

Costs	\$3,154,668	\$3,686,325	\$4,339,386	\$5,117,317

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

**SUBJECT: Employee Attendance Report 2017
(HUR18009) (City Wide)****Page 9 of 10**

The above table indicates that the number of new LTD claims increased in 2017 and active claims at year-end also increased. The incident rate, based on eligible employee population, increased in 2017 over 2016 but was lower than 2015. The total days lost and corresponding costs also increased.

Over the last three years, top diagnosis categories for new LTD claims were:

- Mental health issues (34% of all claims)
- Musculoskeletal disorders (29%)
- Cancers (11%)
- Non-occupational accidents (8%)
- Cardiovascular disease (4%)

Mental health claims tend to be longer in duration. Our workplace risk reduction initiatives and our benefits provider's focus on treatment and progression management are jointly aligned to improve our employees' overall mental health and well-being.

Average age of claimants over the past three years was 50.1 years; average age with mental health disorders was 48.2 years; and at the higher end, the average age for cardiovascular disorders was 52.9 years.

Human Resources Initiatives – Occupational Health**1. Occupational Health Nurse and Program**

The Occupational Health Nurse (OHN) in Human Resources is responsible for developing and maintaining a comprehensive occupational health program including employee health surveillance protocols, coordinating access to medical testing, and coordinating critical incident response.

2. Coordination of Critical Incident Peer Support (CIPS) Program

The OHN coordinates deployment of the City's Critical Incident Peer Support (CIPS) Team. In 2016, there were 5 team activations for group support and 34 activations for peer support.

In addition to providing support to colleagues and peers, the team has had opportunities to attend a variety of training to benefit both their role at the City as well as the CIPS team, including the following:

- 2 members recertified as Non-Violent Crisis Intervention instructors
- 4 members trained in Individual Crisis Intervention
- 7 members completed Incident Management System (IMS) training
- 14 members attended "When Grief Comes to the Workplace" workshop

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

**SUBJECT: Employee Attendance Report 2017
(HUR18009) (City Wide)****Page 10 of 10**

- 1 member trained in Mental Health First Aid
- 3 members trained in “The Working Mind”
- 6 members attended the Joint Health and Safety Committee Recognition Event

3. Non-violence Crisis Intervention

- The OHN coordinated the delivery of the training to 107 frontline employees at 7 sessions.

4. Employee Immunization

- The City of Hamilton provides employee influenza immunization. The OHN in Human Resources coordinates and delivers the annual workplace influenza clinics for all City of Hamilton employees. In 2017, 1,017 vaccinations were delivered through 25 clinics at various city locations

5. Additional Activities

- 2 sessions provided on infection control for Animal Services employees
- Coordinated the delivery of “The Working Mind” program through the Mental Health Commission of Canada
- 2 sessions delivered on sharps handling and needle-stick response for Forestry employees
- Facilitated a session of chronic pain management workshop

Incidental sick absences are those that are less than 6 days in the Income Protection Plan and are managed primarily by an employee's supervisor. These absences are primarily due to common ailments like colds, infections, respiratory illnesses, gastrointestinal illnesses, viruses, or minor injuries, and do not require a sick claim form.

Significant sick absences are those that are 6 days up to 130 days in the Income Protection Plan, require a medical claim form(s) and are additionally managed by Return to Work Services staff in Human Resources. These absences are caused by more serious medical conditions, including cancers, fractures, traumatic injuries, mental illness, cardiovascular conditions, nervous disorders, as well as surgeries.

Modified sick absences are for those employees who are involved in graduated return to work programs and are paid for partial sick days. An increase in modified sick time reflects greater participation in return to work and therefore less unproductive costs.

Chronic Sick Absence: Either a chronic condition (disease) of long duration and generally slow progression or a long term condition which has fluctuating periods of poor health and deterioration or relapse while the person generally maintains a level of functionality. These are self-identified by employees and tracked as part of the Attendance Support Program.

INFORMATION REPORT

TO:	Chair and Members Audit, Finance and Administration Committee
COMMITTEE DATE:	March 26, 2018
SUBJECT/REPORT NO:	Anti-Racism Resource Centre Update (HUR18010) (City Wide)
WARD(S) AFFECTED:	City Wide
PREPARED BY:	Jodi Koch 905-546-2424 Ext. 3003
SUBMITTED BY:	Lora Fontana Executive Director Human Resources & Organizational Development

Council Direction:

In November 2015, City Council approved funding in the amount of \$300,000 to support a joint project with McMaster University and Hamilton Centre of Civic Inclusion (HCCI) to create an Anti-Racism Resource Centre in order to:

- (a) Address issues of racism, discrimination and oppression within the City of Hamilton;
- (b) Provide resources for community involvement towards making Hamilton a more inclusive city;
- (c) Conduct research and data analysis of complaints of racism; and
- (d) Demonstrate leadership to promote a sense of belonging for racialized people in Hamilton where individuals impacted by racism and other forms of race-related oppression can access information, support and resources.

Information:

The proposal for an Anti-Racism Resource Centre came from the work conducted by the City of Hamilton's Committee Against Racism (CAR). The idea first came during a symposium hosted by CAR in 2003. Subsequent symposiums held in 2006 and 2010 further reinforced the belief that a resource centre would be beneficial for the City of Hamilton. In 2012, City Council approved a feasibility study regarding the establishment of such a resource centre. These findings were then presented by CAR to City Council in February 2014. It was at this time that Council requested staff to investigate the possibility to liaise with the Hamilton Centre for Civic Inclusion (HCCI) and to examine scope and funding of work between CAR and HCCI.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

**SUBJECT: Anti-Racism Resource Centre Update
(HUR18010) (City Wide)****Page 2 of 3**

The feasibility study resulted in a proposal to City Council in November 2015 which included a three party joint venture as follows:

1. City of Hamilton to provide \$100,000 annually for three years
2. McMaster University to provide \$70,000 annually for three years comprised of \$30,000 in cash and \$40,000 in kind contribution
3. Hamilton Centre for Civic Inclusion to provide \$30,000 in kind contribution annually for three years

In order to carry out the project, the parties agreed to form an Oversight Committee comprised of equal representation from the City of Hamilton, McMaster University and HCCI. The Oversight Committee is responsible for providing support and advice to the Anti-Racism Resource Centre Project and will act as a forum to resolve any potential issues and concerns. The Oversight Committee is also responsible for monitoring the achievement of milestones as outlined in the Funding Agreement.

The Anti-Racism Centre also has a Project Steering Committee which exists to provide direction and implementation advice to the Oversight Committee and staff.

The Anti-Racism Centre will be staffed by one individual reporting to McMaster University, Director of Human Rights and Dispute Resolution, Equity and Inclusion Office. The successful applicant for the position is Princewill Ogban who has joined the Human Rights & Dispute Resolution Program as the Anti-Racism Officer effective February 26, 2018. He will be based out of an office located at HCCI. Princewill holds a Masters of Social Work and was most recently employed as a Health Care Social Worker and Wellness Navigator for the Nova Scotia Health Authority. Throughout his career, he has worked with members of marginalized communities within the corporate, education and health and social services sectors.

Reporting:

The Anti-Racism Resource Centre Officer will be responsible for delivering reports to the Oversight Committee, City Council, CAR and other agencies. Staff will also be responsible for an annual report to the City of Hamilton and an annual discussion forum between relevant stakeholders.

The City of Hamilton Human Rights, Diversity and Inclusion Office will be responsible for submitting quarterly and annual reports to CAR and to make regular presentations to Council, as requested, on the status of the project or any other matter relating to the funding or agreement.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

Launch:

The Hamilton Anti-Racism Resource Centre will hold its official launch on the evening of Wednesday, April 4, 2018. The launch will be open to the public and all members of Council are cordially invited to attend.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

Good Morning Ms.McRae

Ms.McRae please put it in A & A

I referred to A & A agenda item 5.3.It contains several inaccurate information.

For the record: I will be addressing each item later.. My correspondences are two separate items. They are

- a) Hamilton police Services Board, and
- b) City of Hamilton

Questions: Why did they address in combining both?

By referring Personal opinion is absolutely incorrect. My opinions are based on actual documentations. I have a letter from Hamilton Police Association.

Referencing Personal opinion violating Private Citizen Rights?

This another way of keeping Council in Dark.

I can Challenge all responses.

Why did they not address Future Fund?

Why didn't address Forensic Building?

Why didn't address Trunk Tunnel?

Why did City hire City Solicitor let go by another Municipality?

Why didn't address Capital Financing?

Why didn't address HWT? It wouldn't cost Million to bringing it in house.

Why didn't address eliminating duplication between Hamilton Police and City. New Police Act will be coming providing to privatize Civilians.

Mr.Zegarac copies of those documents

I didn't have numerous meeting with City Managers office. I only had two meetings .I have records

I have many more. It is costing Millions of tax dollars

My Mission is Taxpayers.

- The 75% discount for downtown Hamilton cost taxpayers over \$11 million in 2014
- Make downtown area-specific so the DCs are automatically lower because costs are lower AND collect more for much more expensive greenfield development.

STATUS OF WOMEN COMMITTEE

OBJECTIVES

- ◆ Contextualize all the SWC activities with City's strategic directions
- ◆ Prepare motion to present to City Council on the implementation of a gender/equity lens for future municipal budget process
- ◆ Support/promote/inform community activities to enhance the safe, equitable inclusion of women and girls in Hamilton
- ◆ Develop childcare options for volunteer committees
- ◆ Consult with the Urban Indigenous Strategy Project Manager on gender issues related to the Strategy

ACCOMPLISHMENTS

- ◆ Overview of the City's budget and strategic plan with the City Manager and General Manager of Finance and Corporate Services, providing relevant feedback from a gender perspective.
- ◆ Hosted the Elect More Conference on October 21, 2017, which was attended by over 120 women including women elected representatives from all levels of government. Participants engaged in dialogue around the importance of promoting gender issue in politics and the active participation of all women in all levels of the political process
- ◆ Implemented childminding services for SWC members so that parental responsibilities were not barriers for members to attend meetings in 2017/2018. Surveyed other VAC to see if this resource should be extended to all VAC
- ◆ Provided access to Accessible Parking as a means of eliminating other barriers to meeting attendance
- ◆ Provided feedback on the Equity Toolkit
- ◆ Participated in consultation on the Transgender Protocol and participated as part of the delegation to Council when the Protocol was passed
- ◆ Met with Urban Indigenous Strategy Senior Project Manager to explore women issues in relation to Hamilton's Urban Indigenous Strategy Truth and Reconciliation Commission Recommendations and how the SWC can actively participate

FUTURE GOALS

- ◆ To consider the impact of policy decisions related to transit, gentrification/housing, and environment on the health and wellbeing of women and their children
- ◆ Increase the leadership, representation and participation of women in all City departments and affiliates
- ◆ Advocate for more investment in affordable and accessible childcare
- ◆ Explore opportunities to expand childminding to all volunteers on city committees
- ◆ Explore removing all barriers to full engagement in SWC work including exploring digital and teleconferencing options
- ◆ A gender equity lens the integrated into all City of Hamilton budget processes
- ◆ Support ongoing safety audits, which consider the ways that women, experience the urban environment. Prioritize investments and resources, services and programs in the City of Hamilton that address violence against women and their children

2017-2018

STATUS OF WOMEN COMMITTEE

MOTION

- ◆ To integrate a gender equity perspective into the design, development and execution of all budgetary processes in order to support equitable, effective and appropriate resource allocation
- ◆ Establish budgetary allocations to support and build gender equity and development programs, which enhance women's empowerment and engagement in civic life
- ◆ Restructure the allocation of public expenditures to promote women's economic opportunities and access to productive resources and address basic social, educational and health needs of women, particularly those living in poverty
- ◆ Develop the necessary analytical and methodological tools and mechanism for monitoring and evaluating, progress on building gender equity
- ◆ Make efforts to systematically review how women benefit from public sector expenditures; adjust budgets to ensure equity of access to public sector expenditures, both for enhancing productive capacity and for meeting social needs
- ◆ Conduct reviews of city service delivery systems to eliminate any existing bias against women
- ◆ Facilitate at all levels, more open and transparent budget processes using all available resources, including The Equity and Inclusion Toolkit

COMMITTEE DATE:	March 26, 2018
SUBJECT/REPORT NO:	Water and Wastewater / Storm Third Party Billing Arrangements (FCS18025) (City Wide)
WARD(S) AFFECTED:	City Wide
PREPARED BY:	John Savoia (905) 546-2424 Ext. 7298

RECOMMENDATIONS

- (a) That the practice of permitting property owners to redirect a property's water and wastewater / storm invoice to a residential tenant be discontinued effective June 1, 2018;
- (b) That water and wastewater / storm accounts redirected to residential tenants as of May 31, 2018, be grandfathered such that the invoices will continue to be issued to the tenant(s) until such time as the existing tenant(s) vacate the property;
- (c) That staff, in conjunction with Hamilton Water's Community Outreach Section and Alectra Utilities Corporation, develop and implement a communication strategy to advise property owners of the changes to third-party utility billing.

EXECUTIVE SUMMARY

The *Municipal Act, 2001* (the Act) recognizes that the primary parties to the water, wastewater and storm services supply transaction are the City, as supplier, and the property benefited by the utility service availability. Consistent with the concept is that it is the property that receives the benefit of the utility service (not simply the user).

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

**SUBJECT: Water and Wastewater/Storm Third Party Billing Arrangements
(FCS18025) (City Wide) – Page 2 of 9**

The Act allows unpaid fees and charges for public utilities, which include water and wastewater / storm arrears, to be placed on the tax roll for the property to which the public utility was supplied regardless of who the consumer is. In such circumstances, the fee and charges added to the tax roll will have priority lien status as described under the Act.

As a customer service, the City has provided the opportunity for water and wastewater / storm invoices to be mailed to someone other than the property owner, such as a tenant or property manager. To do so, the non-owner would contact the City's billing agent, Alectra Utilities Corporation (AUC) who would accommodate a request to open the account in the name of that non-owner.

The vast majority of residential tenants do not currently pay for their own water and wastewater / storm services. This is primarily due to multi-residential properties predominantly being bulk / master metered where typically one water meter services the entire multi-unit building or complex preventing water consumption measurement for each individual unit. Individually metered buildings, such as single family dwellings, have their own water meter allowing for a separate invoice for each unit. Of the approximately 151,000 active water accounts in the City, less than 10 per cent of accounts have been redirected to a residential tenant.

The City / AUC expends significant resources to reduce the risk of unpaid water bills being added to property taxes. The City's Water and Wastewater / Storm Arrears Policy administered by AUC, contains provisions whereby AUC endeavours to notify property owners (landlords) of tenant's water and / or wastewater arrears. AUC issues Arrears Letters shortly after 30 calendar days have elapsed without full payment of the outstanding / previous bill. In 2017, AUC issued approximately 56,000 Arrears Letters including nearly 17,000 to owners (landlords) advising of tenant arrears.

A number of issues have been identified with residential tenant-held accounts as follows (refer to the Historical Background section of this Report for a fuller elaboration of the issues listed below):

- Significant tenant arrears are transferred to the property tax roll – almost one in three tenant water bills remain unpaid
- Landlords claim they are unaware of tenant arrears and / or the tenant account is being billed on consecutively estimated billings
- Residential tenants pay for water loss related to plumbing issues that are the responsibility of their landlord
- Tenant billing involves increased City / AUC staff resources in obtaining access to the property's water meter reading equipment

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

**SUBJECT: Water and Wastewater/Storm Third Party Billing Arrangements
(FCS18025) (City Wide) – Page 3 of 9**

- Frequently changing a name(s) referenced on the water and wastewater account associated with rental properties

In contrast, accounts directed to non-residential tenants or property managers have not resulted in the volume and / or frequency of difficulties as experienced with residential tenants.

Report FCS18025 seeks approval to change tenant billing practices whereby all residential water accounts established on or after June 1, 2018 will be set up under and sent to the registered owner(s) of the property. The residential tenant-held accounts redirected as of May 31, 2018 will be grandfathered resulting in no change to those billings until such time as the tenants vacate the property. As the grandfathered tenants move out, the accounts will be changed to the owner / landlord's name and future invoices will be billed to the owners. Although payments from tenants / other non-owners will continue to be accepted, the invoices will only be issued to the property owners and it will remain their responsibility to ensure bills are paid on time.

Staff, in conjunction with AUC, will develop and implement a communication strategy to advise property owners of the changes to residential tenant billing.

The gradual elimination of residential tenant billing is expected to yield the following benefits:

- Avoid the residential tenant payment delinquency issue by having the property owner / landlord pay the water bill and collect the water and wastewater storm costs from their tenant as a condition of the lease agreement.
- The landlord will have the opportunity to save accrued interest charges and administrative costs related to tenant arrears transfers to the tax roll. AUC charges interest at a rate of 1.5 percent per month (19.56 percent per year) starting six calendar days after the due date, compounded daily, up to the point unpaid arrears are transferred to the tax roll occurring at 60 calendar days after the monthly bill due date. An administrative fee is also charged for each tax roll transfer occurrence with the current fee at \$33.60 per tax roll transfer. The City applies interest on outstanding amounts transferred to the tax roll at a rate of 1.25 percent per month (15 percent per year).
- A consistent practice will result whereby all residential water / wastewater and storm service invoices will be sent to the owners.
- With the water bill in the owner's name, potential water leakage will more readily be identified. Leaks result in unexpectedly large water bills which are often unpaid by tenants.

- Water conservation and preservation is enhanced as owners directly receiving the water bill are more apt to ensure the property is properly maintained including repairing / updating fixtures and plumbing.
- Access for maintenance of water meter reading equipment is greatly improved when the property owner / landlord is the property account holder.

Alternatives for Consideration – Not Applicable

FINANCIAL – STAFFING – LEGAL IMPLICATIONS

Financial: While difficult to determine the net financial impact with the recommended change to residential tenant billing, there would be tangible cost savings as separate tenant Arrears Notices would not be required. Combined with possible reduced adjustments under the City's Water Leak Adjustment Policy, the resultant cost savings would likely be offset to some extent by increased water conservation and reduced leakage reducing rate revenues.

Staffing: No impact to City staffing levels is expected with the recommended change to residential tenant billing. However, the strain on Taxation's resources with the current high level of arrears tax roll transfers is expected to lessen over time.

Legal: The City's authority under the *Municipal Act, 2001* to place unpaid water and wastewater / storm amounts on the tax roll for the property is not affected by recommendations contained in this Report.

HISTORICAL BACKGROUND

The *Municipal Act, 2001* (the Act), authorizes the City to place unpaid water and wastewater / storm fees and charges on the tax roll for the property to which the services were provided regardless of who was in receipt of the said service. As a customer service, the City has provided the opportunity for water and wastewater / storm bills to be sent to a person other than the property owner, such as a tenant or property manager and to be paid for by that person. The City has continually advised property owners to be aware that although billing and payment notifications may be sent to a person other than the property owner, Subsection 398 (2) of the Act authorizes the City to add unpaid water and wastewater / storm fees and charges to the tax roll of the property to which the public utility was supplied. In such circumstances, the fees and charges added to the tax roll have priority lien status as described under Section 1 of the Act.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

**SUBJECT: Water and Wastewater/Storm Third Party Billing Arrangements
(FCS18025) (City Wide) – Page 5 of 9**

In order to assist property owners who direct water and wastewater billings to a tenant, AUC endeavours to notify property owners of tenant / account holder arrears at 30 calendar days beyond the due date. If the account remains unpaid, the water and wastewater / storm arrears will be added to the property's tax roll when the account is 60 calendar days beyond the due date.

The vast majority of residential tenants do not currently pay for their own water and wastewater / storm services. This is primarily due to multi-residential properties predominantly being bulk / master metered where typically one water meter services the entire multi-unit building or complex preventing water consumption measurement for each individual unit. Individually metered buildings, such as single family dwellings, have their own water meter allowing for a separate invoice for each unit. Of the approximately 151,000 active water accounts in the City, less than 10 per cent of accounts have been redirected to a residential tenant.

A number of issues have been identified with residential tenant held accounts:

- **Significant tenant arrears are transferred to the property tax roll.** An analysis of water and wastewater / storm arrears tax roll transfers revealed that tenant-held accounts are responsible for almost 30 per cent of transfers yet represent less than 10 per cent of total accounts. In 2017, residential tenant tax roll arrears amounted to \$500 K versus \$70 K for commercial / industrial tenant arrears transfers. Included within the over 3,400 tenant account transfers were 30 CityHousing Hamilton (CHH) tenant account transfers. It should be noted, for each tax roll transfer occurrence in 2017, an administration fee of \$32.95 was applied to the tax roll.
- **Landlords claim they are unaware of tenant arrears and / or the tenant account is being billed on an ongoing estimated basis.** Both Arrears and Estimates notification letters issued by AUC to landlords are sent to the mailing address as listed on the property tax roll. However, that is often the property's service address hence, the likelihood of the owner (landlord) receiving such notification is diminished. It is solely the property owner's responsibility to update the mailing address on the property tax roll records by advising the City's Taxation office, in writing.
- **Residential tenants pay for water loss related to plumbing that is the landlord's responsibility.** The City's Water Leak Adjustment Policy provides residential, not-for-profits and institutional customers one-time financial assistance for customers to request adjustments to water / wastewater / storm charges related to abnormal water consumption where the repair(s) of water leaks within private property occurs.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

**SUBJECT: Water and Wastewater/Storm Third Party Billing Arrangements
(FCS18025) (City Wide) – Page 6 of 9**

Reviewing the 2017 claims under this Policy indicated that nearly 30 per cent of claims (44 total claims) were for tenant-held accounts. The financial impact on a tenant may be significant. For example, one claim was for a CHH tenant who was still faced with nearly \$1 K to pay even after a leak adjustment was granted. Additionally, 12 claims were related to two multi-residential rental properties (with individual unit metering) that had the same property owner.

This supports observations that, generally speaking, the plumbing of owner-occupied homes are often better maintained and updated with rentals typically having older plumbing and fixtures that are more prone to fail. This creates situations where tenants while eligible for a leak adjustment, are still faced with paying for water loss related to plumbing their landlord (property owner) is responsible for.

- **Tenant billing involves increased City /AUC staff resources** in obtaining access to the property's water meter reading equipment. A great deal of staff time is currently devoted to obtain access from tenants to facilitate water meter reading. For ongoing estimated tenant billed accounts, account billings are often temporarily reverted back to the property owner in order to achieve access to address ongoing estimated billing issues.
- **Frequently changing a name(s) referenced on the water and wastewater account associated with rental properties.** Alectra has to manage a high volume of tenant account changeovers that puts a strain on resources. Note that a tenant account is not charged a unique account opening fee by Alectra.

Accounts directed to non-residential tenants or property managers have not resulted in the volume and / or frequency of difficulties as experienced with residential tenants. In contrast, the issues surrounding residential held accounts have become more severe particularly, with respect to account payment delinquency and the lack of financial incentive for the property owner / landlord to actively maintain plumbing and fixtures where the tenant pays the water bill.

Alectra Utilities Corporation has been consulted and advised of implementation requirements that arise from the adoption of this Report's recommendations and have indicated they can support the City with these initiatives.

Public Works – Hamilton Water Division has been consulted and has indicated it can support with the community outreach initiative to advise property owners of the changes to third-party utility billing.

ANALYSIS AND RATIONALE FOR RECOMMENDATION

Ontario legislation does not dictate that the water bill is to be issued to a specific party such as the property owner. Staff has conducted an online literature review of other Ontario municipal water and wastewater / storm billing practices. Many jurisdictions maintain a single billing option system whereby water bills are issued solely to the property owner. Others, like Hamilton, have permitted water bills to be sent to a person other than the property owner, such as a tenant or property manager maintaining payment responsibility with the property owner by transferring unpaid fees and charges to the property tax roll. There are very few examples (for instance the Town of Midland) where at the property owner's request an additional copy of the bill to be sent to a tenant but payment responsibility resides with the property owner.

Over the past few years, in light of the issues around tenant billing, a number of municipalities have been discontinuing allowing water bills to be in the name of a tenant. For instance, in 2015, both Cambridge and Grimsby joined a growing number of municipalities to discontinue the practice of tenant-held accounts.

In Hamilton, many water accounts have been redirected to property managers particularly by condominium associations and these accounts have not created billing issues for the City or AUC. Non-residential tenant-held accounts similarly have not been especially problematic unlike residential tenant accounts. Consequently, staff has considered a unique billing option whereby all residential accounts would only be permitted in the property owner's name and billings to property managers or non-residential tenants would continue to be allowed. Residential accounts are defined as pertaining to a property that is used or designed for use as a domestic establishment (dwelling) in which one or more persons usually sleep and prepare / serve meals and include any lands or buildings that are associated with the dwelling or its yard.

The gradual elimination of residential tenant billing is expected to yield the following benefits:

- Avoid the residential tenant payment delinquency issue by having the property owner / landlord pay the water bill and collect the water and wastewater storm costs from their tenant as a condition of the lease agreement.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

**SUBJECT: Water and Wastewater/Storm Third Party Billing Arrangements
(FCS18025) (City Wide) – Page 8 of 9**

- The landlord will have the opportunity to save accrued interest charges and administrative costs related to tenant arrears transfers. AUC charges interest at a rate of 1.5 percent per month (19.56 percent per year) starting six calendar days after the due date, compounded daily, up to the point of unpaid arrears are transferred to the tax roll occurring at 60 calendar days after the monthly bill due date. An administrative fee is also charged for each tax roll transfer occurrence with the current fee at \$33.60 per tax roll transfer that, for 2017, equated to over \$110 K in fees added to the tax roll. Furthermore, the City applies interest on outstanding amounts transferred to the tax roll at a rate of 1.25 percent per month (15 percent per year).
- A consistent practice will result whereby all residential tenants will not pay directly for their own water and wastewater / storm services.
- With the water bill in the owner's name, potential water leakage is more readily identified. Leaks result in unexpectedly large water bills which are often unpaid by tenants.
- Water conservation and preservation is enhanced as landlords directly receiving the water bill are more apt to ensure the property is properly maintained including repairing/updating fixtures and plumbing.
- Access for maintenance of water meter reading equipment is greatly improved when the property owner/landlord is the property account holder.

Report FCS18025 seeks approval to change tenant billing practices whereby all residential water accounts established on or after June 1, 2018 will be set up under the registered owner(s) of the property. The residential tenant-held accounts that have been redirected as of May 31, 2018 will be grandfathered with no change to the existing billing practice until such time as the existing tenant(s) move out. As the grandfathered tenants move out, the accounts will be set up in the owner's (landlord's) name. Payments from tenants/other non-owners will continue to be accepted, however, it will be the property owner's responsibility to ensure bills are paid on time.

Staff in conjunction with AUC will develop and implement a communication strategy to advise property owners of the changes to residential tenant billing in order for affected landlords to redefine in their lease arrangements for their future residential tenants the payment of water and wastewater/storm fees and charges.

EXECUTIVE SUMMARY

The *Development Charges Act, 1997 (DC Act)* was updated through the *Smart Growth for Our Communities Act, 2015 (Bill 73)* which received Royal Assent on December 3, 2015. The resulting changes to the *DC Act* came into effect as of January 1, 2016.

One of the changes under the updated *DC Act* relates to the requirement for Council to consider the use of area-specific charges under the new Section 10 (2) (c.1) when completing a Development Charge (DC) Background Study.

Staff, with the support of the DC consultants, have reviewed various alternatives for area-specific DCs and, with the support of the DC Stakeholders Sub-Committee, are recommending that only Stormwater services be considered for an area-specific DC calculation. Staff recommends that Stormwater DCs be calculated on the basis of the combined sewer system versus the separated sewer system. Appendix "A" to Report FCS18034 is a summary paper of the requirements and rationale for City-wide versus area-specific DCs.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

Background Study (FCS18034) (City Wide) - Page 3 of 8**

The existing DC By-law 14-153 will expire on July 5, 2019. The existing DC By-law was prepared using the Province's growth forecasts to 2031. In late December 2017, the Province released the draft land needs assessment methodology that municipalities are required to use for the purposes of demonstrating conformity with the 2041 growth forecasts through the Municipal Comprehensive Review. The 2019 DC Background Study and related By-law will be moving forward with the same 2031 growth forecasts used in the 2014 DC Background Study since the Infrastructure Masterplans cannot be updated with the land budget methodology released in December 2017 with sufficient time to be incorporated into the 2019 DC Background Study.

More information regarding the 2041 Infrastructure Masterplans and related timing of works is regularly reported on through the Corporate Strategic Growth Initiatives (CSGI) updates. Most recently, Report CM16013(b) was presented at the February 21, 2018 General Issues Committee meeting. Once the Infrastructure Masterplans utilizing the 2041 growth figures are substantially complete, staff will seek to initiate a DC Background Study based on the 2041 growth forecasts.

Alternatives for Consideration – See Page 7**FINANCIAL – STAFFING – LEGAL IMPLICATIONS**

Financial: Area-Specific DCs

When considering whether or not to calculate a DC on an area-specific basis, there is no overall difference to the City's DC collections. Rather, the capital cost of planned growth projects is split amongst the growth that will benefit from the capital works rather than on a City-wide basis.

Staff is recommending that the Stormwater services be applied on an area-specific basis between the combined sewer system and the separated sewer system.

Using the projects included in the 2014 DC Background Study and an area-specific methodology for Stormwater between the combined versus separated systems compared to the City-wide methodology yielded the results in Table 1.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

**Table 1
Impact of Area-Specific DC for Stormwater Services
Using the 2014 DC Background Study Projects,
Growth Forecasts and Costing**

	Single Family Dwelling	Non-Residential (per square foot)
City Wide	\$34,983	\$18.77
Combined Sewer System	\$29,171 Decrease of \$5,812	\$17.90 Decrease of \$0.87
Separated Sewer System	\$35,903 Increase of \$ 920	\$18.96 Increase of \$0.19

While the impact on the 2019 DC Background Study cannot be quantified at this time, the magnitude is anticipated to be similar due to the fact that the same 2031 Infrastructure Masterplans are the basis of the input into the Study.

In general, proceeding with an area-specific DC may result in an increased reliance on debt due to the inability to pool funds. Stormwater projects have historically been budgeted to be funded through DC debt so this is not anticipated to result in a significant impact.

DC Background Study

Planning to initiate a new DC Background Study in advance of the typical five-year period will result in the costs for the new DC Background Study being included in the 2019 DC Background Study. The new study will be eligible to be 90% funded from DCs.

Staffing: Area-Specific DCs

An area-specific approach for Stormwater service will increase the amount of DC reserves monitored and increase administrative complexity as well as the complexity in departments accessing funds. The increase in staff time required is not, in itself, significant enough to require an increase in FTEs.

DC Background Study

Any staffing implications will be identified with the request to initiate a new study.

HISTORICAL BACKGROUND

The *Development Charges Act, 1997 (DC Act)* was updated through the *Smart Growth for Our Communities Act, 2015 (Bill 73)* which received Royal Assent on December 3, 2015. One of the changes under the updated *DC Act* relates to the requirement for Council to consider the use of area-specific By-laws under the new Section 10 (2) (c.1) when completing a Development Charge (DC) Background Study

Council approved the initiation of a new DC Background Study and related By-law through the approval of Report FCS17086 “2019 Development Charges Background Study” at the October 23, 2017 Audit, Finance and Administration Committee meeting.

Staff, with the support of the DC consultants, reviewed alternatives for area-specific DCs as follows:

1. Maintain a City-wide approach;
2. Area-Specific DCs for Water, Wastewater and Stormwater;
3. Area-Specific DCs for Stormwater.

Based on a review of these alternatives, staff recommends that Stormwater DCs be calculated on the basis of the combined sewer system versus the separated sewer system and that a City-wide calculation be maintained for comparison throughout the 2019 DC Background Study.

On June 4, 2014, the DC Stakeholders Sub-Committee, through General Issues Committee Report 14-012 directed staff to undertake an engineering analysis on the six downtowns. Based on this direction, one of the area-specific options staff attempted to explore was an area-specific DC for the downtowns. However, due to the fact that the Infrastructure Masterplans do not contain the required level of detail, amongst other challenges, it was determined that such a calculation is not feasible. This conclusion does not impact the engineering analysis of the downtowns that is underway to review the adequacy of infrastructure for likely growth scenarios.

POLICY IMPLICATIONS AND LEGISLATED REQUIREMENTS

This Report meets the new requirements under Section 10 (2) (c.1) of the *DC Act* which requires that Council consider the use of area-specific DCs.

ANALYSIS AND RATIONALE FOR RECOMMENDATION

Appendix “A” to Report FCS18034 is a summary paper prepared by Watson and Associates Economists Ltd. regarding the requirements and rationale for City-wide versus area-specific DCs.

Summarizing from this paper and information that Watson and Associates presented at the March 1, 2018 DC Stakeholders Sub-committee, one can conclude that a good candidate for area-specific charges is a service that has a strong connection between capital works and those who benefit from the capital works (restricted use), a clear service boundary, a different level of service between the boundaries and an ability to support the infrastructure costs / debt charges without pooling of funds.

The majority of services do not meet the criteria of restricted use (libraries, recreation centres, roads, etc.). Therefore, staff do not recommend considering the use of area-specific DCs for these services.

Staff recommends area-specific charges for Stormwater costs because the use is restricted, there are defined boundaries with different levels of service (combined system versus separated system) and because when the projects as included in the 2014 DC Background Study were analyzed, there was a sizable difference in the calculated DC. As illustrated in Table 1, by applying the Stormwater projects on an area-specific basis, a single-family dwelling on the combined sewer system would pay \$6,732 (19%) less than a single-family dwelling on the separated sewer system. While the impact on the calculated 2019 DC is unknown at this time, it is anticipated to be a similar magnitude since the same 2031 growth forecasts are being used.

Water and wastewater were considered for an area-specific calculation between the built boundary and greenfield but were determined not to be ideal due to the interconnectedness of the City’s networks. Alternative 2 addresses this analysis in more detail.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

**SUBJECT: Area Specific Development Charges - 2019 Development Charges
Background Study (FCS18034) (City Wide) - Page 7 of 8**

Since amalgamation, the DC By-laws have included two area-specific charges, the Dundas / Waterdown Special Area Charge and the Binbrook Special Area Charge. Staff recommends maintaining the Dundas / Waterdown Special Area Charge with the 2019 DC Background Study and By-law. The Binbrook Special Area Charge is forecasted to be fully recovered prior to the 2019 By-law and therefore, no recommendation has been included.

Staff is recommending that a new DC Background Study be requested to be initiated once the 2041 Infrastructure Masterplans are substantially complete so that the capital costs related to the updated growth forecasts can be incorporated into the DC on a timely basis rather than waiting the typical five-year period.

ALTERNATIVES FOR CONSIDERATION

Alternative 1: City-Wide Approach

Financial: There would be no overall difference in the forecasted DC collections. Rather, the same DC would apply to all development across the City.

Staff: None.

Legal: None.

Pros: A City-wide approach is easier to administer and understand than an area-specific approach.

Cons: A City-wide approach does not represent the service level difference in city provided stormwater projects between the combined sewer system and the separated sewer system.

Alternative 2: Apply staff Recommendations (a), (b), (c) – (iv) through (xxi) and (d). Apply area-specific charges for Water and Wastewater on the basis of built boundary versus greenfield.

Financial: There would be no overall difference in the forecasted DC collections. Rather, some capital costs would be allocated on an area-specific basis for water and wastewater than on a City-wide basis.

The difference in the DC collected per single-family dwelling would be nominal compared to a City-wide approach.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

**SUBJECT: Area Specific Development Charges - 2019 Development Charges
Background Study (FCS18034) (City Wide) - Page 8 of 8**

Staff: There would be added pressure on the collection and funding sides of the DC process due to an increase in the number of reserves and the amount of different scenarios possible bases on the increased number of borders. The increase in analysis could be split between Building Division staff and Finance Division staff if workloads permit or a dedicated position could be added to specifically support DC calculations and project funding.

Legal: None.

Pros: May result in further adopting a methodology where those who benefit from the capital works pay for the capital works.

Cons: Increased complexity and administration of the DC By-law where the resulting difference in DC levied is anticipated to be nominal.

Due to the interconnectedness of the City's Water and Wastewater systems, there is not a clear service level difference between built boundary and greenfield and the benefit of specific projects may be split between the built boundary and greenfield.

The impact of the Province's intensification mandate increasing from 40% to 60% is not known at this time and may eliminate any financial difference between the built boundary and greenfield.

1. City-Wide vs. Area-Specific Development Charges

The Development Charges Act, 1997 (D.C.A.) historically has provided the opportunity for a municipality to impose municipal-wide charges or area-specific charges. Sections 2(7) and 2(8) of the D.C.A. provide:

- A development charge by-law may apply to the entire municipality or only part of it; and
- More than one development charge (D.C.) by-law may apply to the same area.

As per Bill 73, two new sections were introduced where Council must consider the use of area-specific charges:

1. Section 2(9) of the D.C.A. now requires a municipality to implement area-specific D.C.s for either specific services that are prescribed, and/or for specific municipalities that are to be regulated (note that at this time, no municipalities or services are prescribed by the Regulations).
2. Section 10(2)c.1 of the D.C.A. requires that, “the development charges background study shall include consideration of the use of more than one development charge by-law to reflect different needs for services in different areas.”

In regard to the first item, there are no services or specific municipalities identified in the regulations that must be area rated. The second item requires Council to consider the use of area rating, but not necessarily impose this type of charge.

Across Ontario, the most prevalent approach is the municipal-wide charge. In the case of water, wastewater, and storm services, however, most by-laws make the distinction between urban vs. rural servicing in order to not impose the charge where the service is not provided. These services are also most often incorporated into more localized area-specific by-laws.

The use of municipal-wide vs. area-specific by-laws is most often a matter of policy by the municipality and may be employed based upon the request of landowners, a matter of perceived equity, or in order to facilitate financing agreements.

General perspectives for both approaches are provided as follows:

Municipal-wide

- Charges collected can be spent anywhere throughout the municipality without restriction.
- A wider collection area results in a larger pool of D.C. revenue that can be used to fund growth-related projects sooner.
- Fewer appeals to the D.C. by-law from non-residential developers occur, given their preference for the municipal-wide approach to funding growth-related infrastructure.
- D.C. funding may be collected in one area of the municipality and spent on infrastructure in another area, resulting in residents having a geographic separation from the new service, causing concern for those who are less mobile.

Area-specific

- Defining D.C. collection by individual area ensures that the investment of those funds is in the areas where development is occurring.
- Infrastructure that is to be funded from D.C.s may be delayed in areas where growth is not occurring.
- Area-specific D.C.s may encourage more development in built-up areas through increased densities and infill, as D.C. rates may be lower in these areas.
- Area-specific D.C.s increase the administrative requirements for the City related to accounting and reporting purposes (for example, instead of one pooled service, the City would be required to account and report on multiple separate service areas).
- Area-specific D.C.s can also increase the complexity for some developers and local area municipalities, where there are differing charges based on the services applicable and/or service areas where a development is located (e.g. municipalities that may be serviced by multiple water systems, therefore requiring the building official to be cautious in applying the City by-law).
- Area-specific D.C.s would require additional debenture financing as funds are isolated to individual areas, thus removing the ability to pool or access other D.C. contributions.

Based on the above, generally, with fewer area-specific charges a municipality is better able to:

- Fund its infrastructure priorities from a larger pool of D.C. revenue;

- Maintain flexibility and respond quicker to infrastructure needs (e.g. advance growth-related infrastructure as a catalyst for economic development opportunities);
- Be more strategic in its provision of services; and
- Ensure new growth users of a service pay their share, i.e.:
 - Monies collected for services in relation to D.C.s cannot be used for another purpose; therefore, care must be taken in the definition of D.C. collection areas. If areas are too finely established, it may remove users of the new service from the requirement to pay the relevant D.C.s (i.e. those located outside the defined area).

1.1 Non-Water/Wastewater/Stormwater Services

In regard to non-water/wastewater services, the City has recovered these costs historically based on a uniform, City-wide basis. In past D.C. studies, discussion has been undertaken to consider area rating; however, there have been several reasons why these rates have not been imposed:

1. All non-water/wastewater/stormwater City services require that the average 10-year service standard be calculated. This average service standard, multiplied by growth in the City, establishes an upper ceiling for the amount of funds that can be collected from all developing landowners. Section 4(4) of O.Reg. 82/98 provides that, "...if a development charge by-law applies to a part of the municipality, the level of service and average level of service cannot exceed that which would be determined if the by-law applied to the whole municipality." Put in layman's terms, the average service standard, multiplied by growth within the specific area, would establish an area-specific ceiling that would significantly reduce the total revenue recoverable for the City. Hence, this would potentially result in D.C. revenue shortfalls and impacts on property taxes.
2. Expanding on item 1, attempting to impose an area charge potentially causes equity issues in transitioning from a City-wide approach to an area-specific approach. For example, if all services were now built (and funded) within Area A (which is 75% built out) and this was funded with some revenues from Areas B and C, moving to an area rating approach would see Area A contribute no funds to the costs of services in Areas B and C. The D.C.s would be lower in Area A (as all services are now funded) and higher in Areas B and C. As well, funding shortfalls may then potentially encourage the municipality to provide less services to Areas B and C due to reduced revenue.

3. Many services that are provided (e.g. roads, parks, recreation facilities, library) are not restricted to one specific area and are often used by all residents. For example, arenas located in different parts of the City will be used by residents from all areas depending on the programming of the facility (i.e. a public skate is available each night, but at a different arena; hence, usage of any one facility at any given time is based on programming availability).
4. When a municipality is undertaking master plans for transit, the changes in mode share (the number of trips anticipated in transit vs. other vehicles) is based on a municipal-wide transportation/transit system. With growth anticipated throughout a municipality, including both greenfield and intensification growth targets, the need for transit-oriented growth is heightened. The targets related to transit also have an impact on the amount of additional road works that are/are not required to service growth. Again, this is a service that is not restricted to one specific area and is often used by all residents and employees, regardless of where their development takes place.

For the reasons noted above, staff are recommending that the City continue the current D.C. approach to calculate the charges on a uniform City-wide basis for non-water/wastewater/stormwater services.

1.2 Water/Wastewater/Stormwater Services

Recently, an analysis was undertaken to assess what the water, wastewater and stormwater charges would have been for the City if the 2014 D.C. study had included these services on an area-specific basis.

1.2.1 Water and Wastewater Services

Water and wastewater services were split based on the built boundary vs. greenfield. One of the factors that led to this split was due to the growth forecast not being detailed in a way to break the growth down further.

As part of the analysis, it was identified that the facilities would need to continue to be charged on a City-wide basis; however, linear works could be split, based on those that serviced greenfield vs. the built boundary.

It is noted that both water and wastewater services are provided on systems that deliver a consistent level of service across the City, and many projects, including linear projects, have the potential to provide benefits to both the greenfield and built boundary areas. This makes it difficult to calculate proportionate shares of some projects.

The analysis of the 2014 linear works resulted in a nominal difference between the built boundary and the greenfield area.

It is noted that the growth forecast being used for the 2019 D.C. study continues to target the 2031 population and employment estimates set out by the Province. The planning work to identify where additional growth will be accommodated to meet the Province's 2041 targets is still underway. Further, the associated updates to master plans to support the 2041 growth will not be available for use in the 2019 D.C. process. It is noted, however, that the Province's targets for 2041 include increasing the goal for intensification from 40% to 60%. This could result in increased costs in the built boundary that may lead to area-specific charges being higher than what they would currently be with only 40% intensification targets.

For these reasons, City staff are recommending that the City continue the current D.C. approach and calculate the water and wastewater charges on a uniform City-wide basis for the 2019 D.C. study.

1.2.2 Stormwater Services

Stormwater services were split, based on the combined vs. separated sewer systems. For calculation purposes, the amount of growth included in the 2014 D.C. study was estimated within the built boundary area, as there were clear boundaries between the combined and separated systems.

As part of the analysis, it was identified that some of the stormwater works, including channels, drainage and studies, benefit both the combined and the separated systems. These works were proportioned between the combined system and the separated system based on the anticipated growth in population and employment in each system. Other works, such as on-site controls, are required in the combined system, as the development of stormwater management ponds is not possible; whereas, ponds are required for development in the separated system. It is noted that on-site stormwater management controls in the combined system are required to be fully paid by landowners as a requirement of their development. As such, it is recognized that these costs can be extensive and, therefore, while developments in the combined system may pay a lower D.C., they may experience higher overall costs.

The 2014 (unindexed) existing City-wide stormwater charge is \$6,450 (for a single detached residential unit) and \$1.29 per square foot for non-residential development. The 2014 (unindexed) area-specific calculations undertaken resulted in a charge of \$638 in the combined sewer system area and \$7,370 in the separated sewer system

(for a single detached residential unit. For non-residential developments, the 2014 (unindexed) area specific calculations resulted in a charge of \$0.42 per square foot in the combined sewer system area and \$1.48 per square foot in the separate sewer system area.

The reduction in the combined sewer system area of \$5,812 per single detached dwelling, and \$0.87 per square foot for non-residential development, is a significant change that would assist in providing a more equitable cost for development in the combined sewer system area, due to the additional on-site works for which landowners are required to pay. The increase in stormwater D.C.s in the separated sewer system amounts to an additional \$920 per single detached dwelling and \$0.19 per square foot for non-residential development. As such, staff are recommending that the 2019 D.C. study calculates area-specific stormwater D.C.s based on the combined sewer system instead of the separated sewer system.

2. Municipal Area-Specific By-laws

As noted previously, in the case of water, wastewater, and stormwater services, most by-laws make the distinction between urban vs. rural servicing to avoid imposing the charge where the service is not provided or is not anticipated to be provided in future. There are a number of municipalities, however, that impose area-specific charges vs. municipal-wide charges for these and other services. A summary of the municipalities that impose area-specific charges is provided in Table 2-1.

It is noted that in recent years some municipalities, such as Renfrew, Stratford, Brant County and Russell, have eliminated area-specific D.C.s and adopted municipal-wide D.C.s. Further, a number of municipalities such as East Gwillimbury and Richmond Hill, have reduced the number of area-specific D.C. by-laws by broadening the service areas.

RECOMMENDATIONS

- (a) That the General Manager of Finance and Corporate Services be authorized to enter into a Forbearance Agreement in a form satisfactory to the City Solicitor, which effectively extends Development Charge Deferral Agreement #149 according to the terms outlined in Appendix "B" to Report FCS18033;
- (b) That the interest accumulated on Development Charge Deferral Agreement #149 while the balance was held by Accounts Receivable be reversed and the interest to date, as calculated in Appendix "B" to Report FCS18033, be recorded and allocated to the Development Charge Reserves;
- (c) That "Request for Extension, Development Charge (DC) Deferral Agreement #149, 35 Upper Centennial Parkway" be considered complete and removed from the Audit, Finance and Administration Committee Outstanding Business List.

OUR Vision: To be the best place to raise a child and age successfully.

**SUBJECT: Request for Extension, Development Charges Deferral Agreement #149,
35 Upper Centennial Parkway (FCS18033) (City Wide) - Page 2 of 6**

EXECUTIVE SUMMARY

Council, at its meeting of December 8, 2017, received a letter as Item 5.7 from Fausto Carnicelli of 2266793 Ontario Ltd. requesting an extension for Development Charge (DC) Deferral Agreement #149, located at 35 Upper Centennial Parkway. This property is commonly known as the Southmount Healthcare Centre. The letter states that due to a change in how the Ontario Ministry of Health and Long-Term Care (MOHLTC) redefined the underserved area of Hamilton, the Southmount Healthcare Centre has been unable to achieve occupancy targets and therefore is unable to meet the agreement deadline.

Mr. Carnicelli has proposed a payment plan, which would see payments commencing March 22, 2018 with the final payment on October 22, 2018, interest to be calculated.

Council directed staff to report back to the Audit, Finance & Administration Committee.

DC Deferral Agreement #149, was entered into on July 24, 2012 by 2266793 Ontario Ltd. The interest was to be accrued and compounded semi-annually at the City's five-year serial debenture rate plus 0.25% (2.39%) for the five-year term. The entire amount plus interest was to be repaid within this term. On May 26, 2017, a notice of expiration was mailed detailing the final amount of \$1,357,599.36 that would be due, including all accrued interest, on August 13, 2017.

There is precedent for extending DC Deferral Agreements. Most recently, in June 2017, through the approval of Report FCS17062 which provided a one-year extension for 41 Bittern (Activation Laboratories). Historically, staff has recommended a large lump sum being required up front. The owner has communicated that a lump sum requirement would not be able to be met and would effectively put any agreement requiring a similar payment in default.

In order to balance the City's requirement for financial resources to support development related activity while recognizing the financial challenges facing the DC Deferral Agreement holder, staff is recommending a modified version of the owner's requested payment schedule as detailed in Appendix "B" to Report FCS18033. Included in the recommended repayment schedule is that interest be compounded monthly with the payment date and that the rate be set at the August 2017 five-year serial debenture rate plus 2.25%, which includes a 0.25% administration fee.

FINANCIAL – STAFFING – LEGAL IMPLICATIONS

Financial: Staff is recommending the payment schedule requested by the owner in Appendix “A” to Report FCS18033 adjusted for interest. This structure is slightly different than previous extensions of DC Deferral Agreements recommended by staff in terms of length and the payment amount. Historically, a lump sum payment followed by equal monthly payments has been recommended over one year. In this case, the payments increase over throughout the 14 month period.

Note that the recommended schedule starts with the balance at expiry whereas the letter attached as Appendix “A” to Report FCS18033 uses a balance including interest accumulated while with the City’s Accounts Receivable Section of the Corporate Services Department. Staff recommend backdating the interest to the expiration date using the August 2017 five-year serial debenture rate plus 2.25% (including 0.25% administrative fee) which is consistent with previous extensions of DC Deferral Agreements.

The interest is recommended to be compounded monthly with the payment date and be set at the August 2017 five-year serial debenture rate plus 2.25% for an applicable rate of 4.34%. This rate is 2% higher than the rate charged for new DC Deferral Agreements at the August 2017 expiry.

This recommendation is illustrated in Appendix “B” to Report FCS18033.

Staffing: None.

Legal: Southmount Healthcare Centre has agreed to the payment terms as illustrated in Appendix “B” to Report FCS18033 via a drafted Forbearance Agreement in a form satisfactory to the City Solicitor and will be responsible for the costs outlined in the Agreement such as the cost of registering the Agreement as a mortgage on the property.

The Agreement will be registered as a mortgage on the property and contains provisions which, in the event of default, would transfer any balance outstanding to the property tax roll. By registering the Agreement on the property, the property could not be transferred without the Agreement balance being cleared.

HISTORICAL BACKGROUND

On July 24, 2012, 2266793 Ontario Ltd. entered into Deferral Agreement #149 to defer the assessed DCs of \$1,205,460.52 applicable to the Southmount Healthcare Centre at 35 Upper Centennial Parkway.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

**SUBJECT: Request for Extension, Development Charges Deferral Agreement #149,
35 Upper Centennial Parkway (FCS18033) (City Wide) - Page 4 of 6**

The Deferral Agreement required that interest accrue at the City's five-year serial debenture rate plus 0.25% (2.39%) compounded semi-annually, fixed for the five-year term. There was no requirement for annual or other frequent payments. The entire amount plus interest was to be repaid within five years.

The City's five-year serial debenture rate is communicated by RBC Capital Markets at the beginning of every month. The rate in effect the month that the agreement was entered into is fixed for the five-year term.

In May 2017, a notice of expiration was mailed detailing the final amount of \$1,357,599.36 that would be due, including all accrued interest, on August 13, 2017. On August 2, 2017 the owner connected with City staff to advise that payment would be forthcoming shortly after the expiration. Staff advised that the transfer to tax roll would be delayed in anticipation of collection.

In September 2017, 2266793 Ontario Ltd advised that payment would arrive mid October. In October 2017, no payment had been received and staff advised that any extension is required to be authorized by Council or the balance is required to be transferred to the tax roll.

At Council's meeting on December 8, 2017, a letter was received as Item 5.7 from Fausto Carnicelli of 2266793 Ontario Ltd. requesting an extension for Development Charges (DC) Deferral Agreement # 149, located at 35 Upper Centennial Parkway.

In January 2018, Finance staff consulted with the City Legal Services Division and a Forbearance Agreement was recommended. A legal demand letter was mailed February 1, 2018 with the payment terms illustrated in Appendix B to Report FCS18033. Southmount Healthcare Centre has agreed to the terms and authority for staff to execute the Forbearance Agreement is being requested through recommendation (a) of this Report.

POLICY IMPLICATIONS AND LEGISLATED REQUIREMENTS

DC By-Law 14-153 (previously 09-143) permits the General Manager of Finance and Corporate Services to enter into a DC Deferral Agreement for a term not to exceed five years. Therefore, any extension past the five-year term requires Council approval.

The Southmount Healthcare Centre's five-year term on the DC Deferral Agreement expired on August 13, 2017.

Council has previously approved extensions of DC Deferral Agreements, most recently in June 2017, through the approval of Report FCS17062 which provided a one-year extension for 41 Bittern (Activation Laboratories).

RELEVANT CONSULTATION

The City Legal Services Division was consulted and advised on best practices to handle this request. Finance staff agreed with and followed the recommendations.

ANALYSIS AND RATIONALE FOR RECOMMENDATION

The primary rationale for the staff recommendation is the need to balance the requirement for financial resources to support development related activity, while showing an understanding of the financial challenges facing the DC Deferral Agreement holder.

After reviewing the letter, researching changes to the Ministry of Health and Long-Term Care and the some financial data, staff was able to corroborate the industry changes and financial struggles of the company. Staff is recommending an extension to October 22, 2018 as detailed in Appendix “B” to Report FCS18033.

Limiting the extension to a 14-month term acknowledges the financial challenges facing the Southmount Healthcare Centre while ensuring that the City receives financial resources required to fund growth-related projects.

Appendix “B” to Report FCS18033 details the staff recommendation and includes the proposed payment schedule.

ALTERNATIVE FOR CONSIDERATION

Enforce the original agreement terms.

Under this alternative, the Forbearance Agreement will not be executed by the City and the amount due plus interest accumulated with Accounts Receivable will be transferred to the property tax roll immediately. The amount would then be collected in the same manner as property taxes in arrears.

Pros

- Enforces original agreement terms
- May receive funding earlier than staff recommendation

Cons

- Developer has demonstrated financial struggles and enforcement would only add to those struggles
- Penalties and interest would be charged as property taxes in arrears which would place even more financial pressure on developer

Further to our discussions during the past few weeks with yourself and Councillor Conley we respectfully request your consideration of an extension of the current Agreement noted above.

Background.

The site located at 35 Upper Centennial Parkway is known in the community as the Southmount Healthcare Centre. The first tenants took occupancy in late 2013/mid 2014. The project immediately expanded the healthcare services available to nearby residents of the local community. The initial occupants were Family Doctors, Walk in Clinic, X-Ray and Ultrasound, Pharmacy, Physiotherapy and Rehab Clinic, an Ohip covered Weight Management clinic, Internal Medicine and Specialist clinic. The next group of tenants were a Naturopathic clinic, Dental Office, Optometrist Clinic as well as a much needed Blood Lab. In 2018 there will be a Cardiology Centre, Medical research Facility as well as a Diabetes Management Clinic All of these services are offered in a state of the art environment that residents appreciate and deserve. It is the largest medical office in the City and is poised to meet the growth in this area of Hamilton/Stoney Creek/Binbrook for many years to come. At this time approximately 3,500 residents per week visit the building for various levels of health care.

As you may be aware Hamilton is deemed to be a medically underserved area by MOHLTC with respect to the availability of Family Doctors. Since the building opened, the underserved designation was redefined to only apply to lower Hamilton. The impact of this to our building and upper Hamilton has been significant. This change has dramatically impacted our efforts in recruiting more family doctors, the lifeblood of a medical office building. Family Doctors generate the much needed traffic to the balance of tenants and service providers in the building. Most new Medical Graduates who opt to pursue Family Medicine wish to do so under a payment model known as Family Health Organization (FHO). There are many FHO's in Hamilton, one of which is located at Southmount We have received many requests from new Family Doctor's willing to start their practice there, but only if they could join the existing FHO. Due to the revised guidelines the FHO cannot be increased to accommodate these doctors. Our existing doctors in the FHO have a long list of patients waiting for a family doctor to accept them as patients. At this time those doctors cannot accept more patients as their practices are quite full. The current status

of the MOHLTC classification of underservice in our community is detrimental to the delivery of health services in our community and I am confident that this will be corrected soon.

The result of this situation is that we are behind in our occupancy targets and the building has significant vacancy at this time. We are extremely confident that we can rectify this in the near term by offering the top floor to non-medical users. The building will still offer approximately 65,000 square feet of medical space that will be sufficient to meet the needs of the market for the foreseeable future. By securing commercial and professional office tenants to the site we will reduce our reliance on securing more family doctors and the resulting attraction of other medical tenants. The increase in occupancy in 2018 will allow us to fund and secure financing sufficient to pay the outstanding development Charge obligation.

We respectfully request that you consider an extension based on the following payment arrangements

Mar. 22, 2018	\$96,390	7.0% of Balance Outstanding
Apr 23, 2018	\$96,390	7.0% of Balance Outstanding
May 21, 2018	\$179,010	13.0% of Balance Outstanding
Jun 18, 2018	\$179,010	13.0% of Balance Outstanding
Jul 23, 2018	\$206,550	15.0% of Balance Outstanding
Aug 21, 2018	\$206,550	15.0% of Balance Outstanding
Sep 18, 2018	\$206,550	15.0% of Balance Outstanding
<u>Oct 22, 2018</u>	<u>\$206,550</u>	<u>15.0% of Balance Outstanding</u>
Total	\$1,377,000	100% of Balance Outstanding

We would like the extension open to a prepayment of remaining balance at any time during the extension period. The above amounts are subject to interest calculations being applied.

We respectfully appreciate your consideration of this request and we look forward to continue working with you.

Staff Recommendation: Provide a DC Deferral Agreement Extension to October 22, 2018 and interest at the City's five-year serial debenture rate plus 2.25%.

The recommended schedule uses the August 2017, five-year serial debenture rate which was the rate at the original expiry of the agreement.

Amount: \$1,357,599.36

This is the balance owing on DC Deferral Agreement #149 at expiry on August 13, 2017

The balance has accumulated interest through Accounts receivable. The balance referenced in the Appendix "A" to Report FCS18033 includes the interest up to the October 2017 statement. Staff Recommends reversing the interest accumulated while the balance was held by Accounts Receivable and recording the interest calculated in this schedule to the appropriate DC reserves.

Interest Rate Applied: Five-year serial debenture rate plus 2.25%

August 2017 Rate: 2.09%

Plus: 2.25% (including 0.25% administrative fee)

Interest Rate 4.34%

Payments: Increasing through term as below

Compound Period: With each payment date (one per month, not on same date), monthly prior to first payment

Total Payments: \$ 1,413,798.67

Total Interest: \$ 56,199.31

Hi Angela,

Hi Angela,

Please see below for a resignation from an LGBTQ Committee member, Hibbert (Hibbs) Briscoe. The resignation was presented and accepted by the Committee at their meeting last week. This will be reflected in their minutes.

Thank you,
Betsy

I would like to resign completely. I'm shifting my focus away from Trans rights and heading towards environmental causes.

Nadia,

I am writing to notify you that I have decided to resign both as Chair and as member of the Hamilton Mundialization Committee, effective immediately.

If you, as staff liaison for the committee, require any information from me please feel free to contact me. However, please note that I specifically indicate that contact from any individual committee members in regard to committee business or my resignation is **not welcomed**.

Any communication I receive from the public based on prior publication of my contact information as chair will be forwarded to your office for the attention of the committee. I also have some materials that I will drop off to your office, including Mundialization pins and WCA medallions.

I would like to thank you for your work with the Mundialization Committee. I think you have done a fantastic job of supporting the committee despite frustration on a number of fronts.

I wish you well in your ongoing work with the committee.

Sincerely,

Jeff Bonner
