Re: Support of Federal Action on the Conservation of Heritage Properties

Dear Minister McKenna,

On behalf of the Municipal Heritage Committee of Hamilton, Ontario, we write to you in support of the recommendations put forward by the Federal House of Commons Standing Committee on Environment and Sustainable Development, contained in report 10, regarding “Preserving Canada’s Heritage: The Foundation for Tomorrow”.

This report contains seventeen (17) Committee recommendations focused on positive ways to promote the preservation of our most vulnerable properties. These recommendations address methods to reduce demolition by neglect, support Truth and Reconciliation for Indigenous groups, encourage investment and request the creation of new heritage related policy and legislation. The implementation of these Committee recommendations will not only help conserve federally owned heritage properties, but will assist in the conservation of privately owned heritage properties across the country.

Of great significance, is recommendation number eleven (11); which proposes a tax credit for restoration and preservation work on buildings listed in the Canadian Register of Historic Places. This recommendation offers a means to achieving success in conserving Canada’s heritage properties while at the same time generating substantial economic development stimulus.

We strongly support the federal government’s role in conserving Canada’s heritage and encourage the government to pursue this role through the implementation of the Standing Committee’s recommendations.

Sincerest regards,

Fred Eisenberger  
Mayor

Alissa Denham-Robinson, Chair  
Hamilton Municipal Heritage Committee
RECOMMENDATIONS

of Report 10 of the House of Commons Standing Committee on Environment and Sustainable Development - Preserving Canada’s Heritage: The Foundation for Tomorrow

The Committee Recommends that the federal government:

1. *Policy on Management of Real Property* be integrated in new legislation so that custodian departments of designated federal heritage buildings are required to protect the commemorative integrity of these buildings and prevent demolition-by-neglect.

2. introduce legislation to provide statutory protection for federal heritage buildings.

3. introduce legislation imposing on Crown corporations the same requirements imposed on federal departments and agencies by the *Policy on Management of Real Property* regarding the management of federal heritage buildings, in order to protect the commemorative integrity of buildings owned by these Crown corporations and prevent their demolition-by-neglect.

4. introduce legislation to establish a process to protect, conserve, document and exhibit archaeological resources on federal land and under waters of federal responsibility.

5. introduce legislation to provide a statutory obligation on federal departments, agencies and Crown corporations to protect the commemorative integrity of all national historic sites of Canada.

6. introduce legislation to provide a statutory obligation on federal departments, agencies and Crown corporations to protect the integrity of federal heritage buildings owned by the federal government or under its jurisdiction.

7. Treasury Board Secretariat work with federal departments and agencies to ensure that they invest 2% of the asset replacement value annually towards the maintenance and repair of federal heritage buildings, as recommended in the Treasury Board Secretariat’s *Guide to the Management of Real Property*.

8. adopt a policy requiring federal departments and agencies to, when deemed appropriate, give preference to existing heritage buildings when considering leasing or purchasing space.

9. introduce legislation to:

   a. ensure that federal actions do not adversely impact the commemorative integrity of national historic sites of Canada or the integrity of heritage sites and buildings designated by provinces and municipalities in Canada;

   b. provide statutory protection for Canadian World Heritage sites;

   c. ensure that federal actions take into consideration the heritage values of Canada’s historic places; and

   d. give statutory recognition of the Canadian Register of Historic Places and the *Standards and Guidelines for the Conservation of Historic Places in Canada*. 
10. restore the funding level for the National Cost-Sharing Program for Heritage Places to a minimum of $10 million per year.
