Kirkendall Neighbourhood Strategy

Terms of Reference

The Kirkendall Neighbourhood Association (KNA) is seeing professional services to assist with the development of a Neighbourhood Strategy. The professional consultant shall have proven expertise in the areas of community development, neightoubhood development, facilitation and community engagement.

1. Introduction

The Kirkendall Neighbourhood Association is pursuing a Neighbourhood Strategy to establish goals, objectives and actions that build on existing assets and that makes the Kirkendall neightoubhood a better and healthier place for all residents. The City of Hamilton is assisting the KNA in the development of the Terms of Reference and procurement of the project.

2. What is a Neighbourhood Strategy

Residents in all of the City of Hamilton neighbourhoods deserve to be healthy and deserve to live in vibrant places. One important way to make this happen is to engage people within neighbourhoods to identify, plan, and lead the changes that they want to see. All neighbourhoods have both strenths and problems. A Neighbourhood Strategy will help residents identify and address problems and enhance strengths by establishing and prioritizing implementable actions.

3. Project Objectives

The purpose of this project is to create an action-based plan for the residents of the Kirkendall neighbourhood by engaging with the neighbourhood, identifying assets, priorities, goals and objectives for maintaining and improving the neighbourhood. The Kirkendall Neighbourhood has identified the following objectives:

- To develop a Vision Statement for the neighbourhood based on resident values;
- To identify the key assets of the Kirkendall neighbourhood;
- To reach out to all residents, using a variety of methods, to identify strengths and issues;
- To inform residents about best practices related to urban issues;
- To develop recommendations and actions based on resident input;
- To prioritize actions and assign responsibilities to the relevant participants;
- To develop a final report that summarizes data and recommendations using clear language; and,
- To communicate the findings to the broader community using a variety of methods.
4. Context and Background

The Kirkendall Neighbourhood is bounded by Highway 403 to the west, Main Street West to the north, Queen Street South the east and Highland Gardens Park to the south. Aberdeen Avenue intersects the Kirkendall neighbourhood as a major arterial road and divides the neighbourhood into Kirkendall North and Kirkendall South. Kirkendall is a stable residential neighbourhood primarily comprised of single detached dwellings in a compact urban fabric. Recent development applications have revealed interest in a variety housing forms including condominium development and the conversion of single detached dwellings. Commercial streets such as Dundurn Street, Locke Street and Main Street help to contribute to the vibrancy of the neighbourhood by supporting the daily and weekly needs of the surrounding community as well as providing regional tourism opportunities. The West Hamilton Innovation District forms part of the western edge of the Kirkendall neighbourhood. The diversity of uses in the area helps to define the Kirkendall neighbourhood as a vibrant community where residents can to live, work, learn and play.

Historical Overview of Development in Kirkendall

The Kirkendall Neighbourhood began as a rural and natural area in Barton Township on the southwestern edge of the Town of Hamilton, framed by the Chedoke Creek to the west and the Niagara Escarpment to the south. Kirkendall North witnessed some of the earliest development in the neighbourhood, specifically in the area north of the Chedoke Creek tributary that ran east-west along what is now known as Bold Street. By the mid-1800s this area was subdivided by the Richard Beasley Survey to the west and the James Mills Survey to the east.

South of the creek, Kirkendall North was a destination for early recreation in Hamilton with the Race Course to the southwest and the Cricket Grounds to the east, which later became the Hamilton Amateur Athletics Association (HAAA) Grounds in 1910. Much of the established character of the neighbourhood resulted from the subdivision of the sizable Race Course lands in 1873 into over 350 developable lots.

Although primarily residential in character, Kirkendall North was also home to early industry including the Commercial Oil Company, the Zimmerman Knitting Factory and the Canadian Westinghouse Company’s West Plant. The Toronto, Hamilton & Buffalo Railway defined the border between the main industrial area west of Chedoke Creek, which included the TH&B Roundhouse, and the residential area to the east. The section of the TH&B Railway that travelled east from Dundurn Street to the station at James Street was constructed in 1895, divided the neighbourhood south of Hunter Street and resulted in the construction of bridges over each of the north-south streets.

Kirkendall South, tucked under the edge of the Escarpment, remained largely rural in character until the late-1800s. The section east of Locke Street was the first to
be subdivided for development in the 1870s, including the Alexander Miller property to the south and later the Mills and Nash estates to the north. On the west side of Locke Street were the Thomas Bush’s estate to the east of Dundurn and W.H. Nicholl’s property to the west. In 1881, the Beulah Plan subdivided the Bush estate and laid out a plan for the first prescribed park, known as Beulah Park. The Pioneer Homestead constructed circa 1847, located on South Street in the Beulah subdivision, is a vestige of the former Thomas Bush Estate.

By the early-1900s Kirkendall was well served by the Hamilton and Dundas Electric Railway and the final western portion of the neighbourhood was annexed into the City of Hamilton. The remaining undeveloped lands in Kirkendall North and South were subdivided by the likes of developer W.D. Flatt and others, offering housing on streets with scenic names like Hillcrest, Hyde Park, Glenside, Spruceside and Mapleside in the West Mount, Aberdeen and Westland Subdivisions. These developments offered close proximity to the Escarpment and the newly incorporated Hamilton Golf and Country Club to the west on the former Paradise Farm property. Kirkendall is considered to be an established historical neighbourhood. Approximately 90% of Kirkendall properties were developed prior to 1950 and the neighbourhood as a whole exhibits a unique character, illustrates historic development patterns and contains a concentration of cultural heritage resources.

The neighbourhood benefits from the following parks and open spaces, institutional and commercial uses:

The unique streetscape and interesting built form create an enjoyable and interesting commercial experience and acts as an incentive for new businesses operate along these streets.

The West Hamilton Innovation District (WHID) also falls within the Kirkendall neighbourhood boundaries. As a prominent Business Park, WHID offers employment opportunities to the area as well as brings people in from outside the neighbourhood on a daily basis.

5. Scope of the Neighbourhood Strategy

The purpose of the Neighbourhood Strategy Study is to prepare a resident led action-based plan to ensure that the Kirkendall Neighbourhood is a healthy and vibrant place to live. The Neighbourhood Strategy process will engage the Kirkendall Neighbourhood to create a plan that lays out a clear vision for what the neighbourhood wants to achieve, acknowledge existing assets, identify attainable goals and objectives, as well as, meaningful, measurable action items that can reasonably be implemented by the residents and neighbourhood stakeholders.

Using the Neighbourhood Action Planning Tool Kit as a resource, the successful proponent will assist the neighbourhood to develop a plan that builds on the findings of each stage of the engagement process to establish a framework for implementation of identified actions. It is recognized that the plan may not encompass every situation or address every issue faced throughout the Kirkendall neighbourhood. There could be multiple approaches, including a more scoped issue-based process.

Once the Neighbourhood Strategy is drafted, engage the neighbourhood again to review, provide feedback, and the visions, goals, objectives, actions and quick win(s). Use these opportunities to gather information and test the ideas being discussed to ensure priorities are confirmed and actions are implementable.

Following the Engagement process, all of the information that has been generated should be documented using City of Hamilton’s Neighbourhood Action Plan templates or other templates developed for this project. Documentation should include asset mapping activities and results, neighbourhood profile, vision, goals,
objectives and action plan, terms of reference for a Neighbourhood Action Planning team and a general implementation plan for the action plan. The documentation of these elements together form the Neighbourhood Strategy and Action Plan. The final document should be approved by the Steering Committee and endorsed by the neighbourhood.

The Neighbourhood Strategy Steering Committee should establish a process to monitor and adjust the workplan regularly (e.g. every 5 years). This should include a clearly documented transition of responsibility from the Neighbourhood Strategy Steering Committee back to the existing neighbourhood group.
