Multi-year Scenarios for Planning Purposes

- Hamilton Farmers' Market internally projects revenues and expenditures for an additional three years to consider scenarios of growth and constraints
- 3-year forecast has expenses and revenue growing under business-as-usual assumptions to fit within a 1.5% annual growth of levy, as long as:
 - city departments do not pass on cost increases of more than 2% annually
(compare this to 5.5% inflation of facilities recovery costs in 2019)
(compare this to 27% inflation of CUP Operations costs in 2019)
- Meridian sponsorship is renewed at the end of its 5-year term, or another comparable sponsorship is secured to sustain the same level of revenue
