(i) The City has designated and zoned industrial land available for development;

(ii) The City has a streamlined development approvals process;

(iii) The proposed by-law could have impacts on employment land values and the City’s transportation and infrastructure investments by creating uncertainty as a result of unplanned development; and,

(iv) There is a concern that the proposed by-law under *Bill 66*, which does not contain precise language on its purpose, could potentially be utilized for purposes beyond major employment development, which could undermine the City’s planned urban structure and responsible growth strategy.

(b) That the City of Hamilton acknowledge and support the Ministry of Municipal Affairs withdrawal of Schedule 10 from *Bill 66*;

(c) That should the Province move forward with the passage of *Bill 66*, the City of Hamilton has the following suggestions for improvement to the proposed legislation:

(i) Remove the exemptions to Subsection 3(5) and Section 24 of the *Planning Act*, Section 39 of the *Clean Water Act*, Section 20 of the *Great Lakes Protection Act*, Section 7 of the *Greenbelt Act*, and the exemption to “any prescribed provision”;

(ii) Include the prescribed purpose of the proposed open-for-business planning by-law in section 34.1(5) of the draft Bill to restrict the prescribed purpose to major employment uses only; and,

(iii) Prior to passage of the proposed legislation, provide additional information on the prescribed information and prescribed criteria which must accompany a request to use an open-for-business by-law, which is currently referenced in the draft Regulation but without details.

(d) That the City of Hamilton requests that, when the Province proposes new regulations, the full text be provided to allow for meaningful review and comment.
(e) That Report PED19027 be forwarded to the Province. This Report, including Appendices “A” and “B” to Report PED19027, is considered the City of Hamilton’s formal comments on ERO Postings 013-4125, 013-4239, and 013-4293.
