DECLARATIONS OF INTEREST

Councillor Wilson declared an interest to Item 9 of the Audit, Finance and Administration Committee Report 19-009, respecting the Development Charges By-law as a family member does not provide affordable housing but due to the sphere of activity in relation to affordable housing financing it is a conflict as deemed by the Integrity Commissioner.

CEREMONIAL ACTIVITIES**3.1 Westmount Secondary School Winners of the 2019 National Reach for the Top Competition**

The Mayor congratulated Westmount Secondary School on being the winners of the 2019 National Reach for the Top Competition. The Westmount Team was the first City of Hamilton team to qualify for the Nationals in Reach for the Top's 53 years of competition. The Westmount Team: Daniel Song, Samir Mechel, Marcell Maitinsky, Amy Wang, Talia Fan and Alternates: Neil Lin, Phillip Darley, Nick Alizadeh, coached by Jay Misuk and Tara Rosebery managed to remain calm, positive, and focused throughout the competition. The final round a 90-second speed round, and Westmount's specialty, resulted in Westmount's win with a score of 450 to 360, thus earning Westmount, and Hamilton the first Reach for the Top National Championship title, and having done so with a perfect record at Nationals.

9. 2019 Development Charges By-law and Background Study (FCS19050) (City Wide) (Item 10.4)

(Collins/Merulla)

That Item 9 of the Audit, Finance & Administration Committee Report 19-009, be amended as follows:

WHEREAS the Province released Bill 108, *More Homes, More Choice Act, 2019* on May 2, 2019 and the Bill received Royal Assent on June 6, 2019;

WHEREAS Bill 108 will ultimately result in many services (generally referred to as soft services) that the City collects Development Charges for, to no longer to be eligible for inclusion in a Development Charges Study and By-law;

WHEREAS Bill 108 provides transition provisions for Development Charge By-laws that expire after May 2, 2019;

WHEREAS once Bill 108 is proclaimed in force Development Charges By-laws may only impose Development Charges for the services listed in subsection 2(4) of the *Development Charges Act, 1997, as amended* which results in the exclusion of soft services from Development Charges;

WHEREAS the draft Development Charge By-law being recommended to Council for approval in FCS19050 is before Council for passage on June 12, 2019 but contains a provision which would delay the by-law coming into force until July 6, 2019;

WHEREAS the date of proclamation of Bill 108 unknown;

WHEREAS the City of Hamilton has undertaken a Development Charges Background Study dated March 13, 2019;

WHEREAS extraordinary hours of staff and consultants time has been allocated to ensuring that the 2019 Development Charges Background Study and calculation reflect the costs necessary to service the anticipated development within the City;

WHEREAS the impacts of Bill 108 cannot be fully understood by municipalities since the regulations have not been released;

WHEREAS staff has identified a risk regarding the effective date of the 2019 Development Charges By-law and the transition provisions contained within Bill 108, given how quickly the Provincial Government may Proclaim the Bill; specifically, the effective date of July 6, 2019 in the 2019 Development Charges By-law and the ability to collect for soft services at the rates determined necessary to support the capital needs related to growth through the 2019 Development Charges calculation;

WHEREAS there is a \$3,593 difference per single family dwelling in the soft service Development Charges between the current Development Charges collected for soft services and the amount calculated for soft service through the 2019 Development Charges Background Study;

WHEREAS July 6, 2019 has consistently been communicated as the date that the 2019 Development Charge rates would take effect;

WHEREAS there is a need to mitigate the risk identified while acknowledging that developers have been working with July 6, 2019 as the date increased Development Charges would take effect;

WHEREAS Addendum #2 to the 2019 Development Charges Background Study, dated June 10, 2019, has been prepared and released by Watson Associates Economists Ltd. and communicated by the City through the City's website and twitter account;

WHEREAS the City has met all legislated timelines and consultation periods required prior to passing and enacting a new Development Charges By-law;

WHEREAS this motion addresses the request from the June 6, 2019 Audit, Finance and Administration Committee meeting for staff to report back to Council on June 12, 2019 with language regarding transitional concerns related to Bill 108 and the 2019 Development Charges By-law;

WHEREAS it is the intent of Council that the proposed 2019 Development Charges By-law to be passed, enacted and take effect prior to the proclamation of Bill 108;

BE IT THEREFORE RESOLVED:

- (i) That the recommendations (a), (c) and (f) of Item 9 of Audit, Finance and Administration Committee Report 19-009 respecting the 2019 Development Charges By-law and Background Study (FCS19050) be **amended** as follows:
 - (a) That the 2019 City of Hamilton Development Charges Study, as amended, prepared by Watson & Associates Economists Ltd. and dated March 13, 2019, amended May 15, 2019 **and June 10, 2019**, be approved;

- (c) That ***the increase in need for services as set out in*** all of the growth capital projects listed in the City of Hamilton Development Charges Background Study, as amended, prepared by Watson & Associates Economists Ltd. and dated March 13, 2019, amended May 15, 2019 ***and June 10, 2019***, be approved, in principle, subject to annual capital budget approvals;
- (f) That the “Local Service Policy” as included in the 2019 City of Hamilton Development Charges Study, as amended, be implemented effective ***June 13, 2019*** and that the Planning and Economic Development Department be directed to make any updates required to co-ordinate the City’s financial policies for new development with the “Local Service Policy”;
- (ii) That the proposed 2019 Development Charges By-Law attached as Appendix “A” to Report FCS19050, be ***amended*** as follows:
 - (a) That the fifth recital be ***amended*** by replacing “General Issues Committee” with “Audit, Finance, and Administration Committee” as follows:

“WHEREAS the Council of the City of Hamilton, through its ***Audit, Finance and Administration Committee***, has received written submissions and heard all persons who applied to be heard no matter whether in objection to, or in support of, the said By-law;”
 - (b) That Schedule A be replaced with ***Revised*** Schedule A, attached hereto;
 - (c) That Schedule B be replaced with ***Revised*** Schedule B, attached hereto;
 - (d) That Schedule C be replaced with ***Revised*** Schedule C, attached hereto;
 - (e) That Table 1 be replaced with ***Revised*** Table 1, attached hereto;
 - (f) That the Downtown Hamilton CIPA Table in Sub-section 27 (a) be replaced with ***Revised*** Table 2, attached hereto;
 - (g) That Subsection 38 (a) and (b) be deleted and replaced with the following:

Indexing

- 38. The Development Charges set out in ***Revised*** Schedule “A” and ***Revised*** Schedule “B” of this By-law shall be adjusted annually without amendment to this By-law by the percentage change during the preceding year, as recorded in the Statistics Canada’s Building Construction price index, by type of building (non-residential building) (Table 18-10-0135-01) for the City of Toronto, as may be amended or replaced from time to time. This adjustment shall take place as follows:

- (a) the initial adjustment shall **be on July 6, 2020 at 12:01 am**, and
- (b) thereafter, adjustment shall be made each year on **July 6**.
- (h) That Section 44 be **amended** such that the by-law shall take effect as of June 13, 2019.

Date By-law Effective

- 44. This By-law shall come into force and take effect at 12:01 a.m. on **June 13**, 2019.
- (iii) That the recommendations (d) and (e) of Item 9 of Audit, Finance and Administration Committee Report 19-009 respecting the 2019 Development Charges By-law and Background Study (FCS19050) be **amended** as follows:
 - (d) That, having considered the matters in Report FCS19050 including the changes incorporated into the **proposed** 2019 Development Charges By-law, attached hereto as Appendix "A" **as amended** of Report FCS19050, no further meeting under s.12 of the Development Charges Act, 1997 is required;
 - (e) That Appendix "A" **as amended**, attached to Report FCS19050 respecting the 2019 Development Charges By-law, prepared in a form satisfactory to the City Solicitor, be passed and enacted;
- (iv) That the following sub-section (m) be added, to address Council's intent to enact the proposed 2019 Development Charges By-law to take effect prior to the proclamation of Bill 108:
 - (m) That after having considered the foregoing matters set out in Report FCS19050, including all the changes to the proposed 2019 Development Charge By-law including those described in paragraph (d) above and all matters set out in this motion, no further meeting under section 12 of the Development Charges Act, 1997 is required.**

WHEREAS, the proposed review project will:

- (a) Review municipal service delivery expenditures to find efficiencies. The review project could take a number of forms including:
 - (i) A line-by-line review of the municipality's entire budget;

- (ii) A review of service delivery and modernization opportunities
- (iii) A review of administrative processes to reduce costs
- (b) Result in a final report by the independent third-party reviewer that provides specific and actionable recommendations for cost savings and improved efficiencies.
- (c) Be completed by November 30, 2019. Municipal applicants will be required to post publicly the independent third-party report that outlines the analysis, findings and actionable recommendations by November 20, 2019.

WHEREAS the Province is providing one-time funds up to \$250,000 or greater in some circumstances for eligible projects; and

WHEREAS, interested municipalities must confirm to the Ontario government its intention to apply to the program by June 14, 2019 and an Expression of Interest by June 30, 2019;

THEREFORE, BE IT RESOLVED:

That staff be directed to provide, at the June 19, 2019 GIC, options for potential application to the Audit and Accountability Fund, that fall within the criteria of the program guidelines, with an associated cost of up to \$250,000.

Subject: Yellow Vest and increasing hate group activity.

Every Saturday we pass the groups in front of city hall, and last week I noticed a marked increase in numbers as well as a rise in harassment of those seeking to pass the group on the street.

I would like to ask how long is Hamilton city going to allow the presence of hate groups to dominate our public access? By hate groups, I speak of the following; Yellow Vests, Soldiers of Odin, Proud Boys, and the Canadian Nationalist Party. All of which were present last week in an effort to ramp up hate rhetoric in our city and compromise the safety and wellbeing of city residents. To effect, I am very wary about the safety of attending the following Gage Park events this year; Hamilton Pride, the 20th Annual Aboriginal Day Festival as well as the Festival of Friends, that the presence of this groups will also be in attendance.

To quote Karl Popper, *"Unlimited tolerance must lead to the disappearance of tolerance. If we extend unlimited tolerance even to those who are intolerant, if we are not prepared to defend a tolerant society against the onslaught of the intolerant, then the tolerant will be destroyed, and tolerance with them."* In a nutshell, in order to maintain a tolerance society, we must first be intolerant of intolerance.

Respectfully, I request Hamilton city council and law enforcement coordinate efforts in ousting these groups from our city at the earliest opportunity.

Thank you and best,

Re: Update on Hamilton Light Rail Transit (LRT) Underground Cable Relocation Project

To Mayor Eisenberger and Members of Council:

In August 2018, we notified you of our intention to initiate a Class Environmental Assessment (EA) for the relocation of approximately 600 metres of the 115 kilovolt underground transmission cable (circuits HL3 and HL4) in support of Metrolinx's construction of the Hamilton Light Rail Transit (LRT) project. The existing underground transmission line proposed for relocation is located along Main Street W. between Paisley Ave. S. and Macklin St. S, in the City of Hamilton, as shown on the attached map.

We have been notified by Metrolinx that there is no longer a need for Hydro One to relocate the underground cable along Main Street W. as Metrolinx will be pursuing a different engineering design for the Hamilton LRT within the section on Main Street W. As such, the proposed transmission cable relocation is not being pursued at this time. We will continue to work with Metrolinx to ensure that the existing underground cable continues to operate safely throughout the Hamilton LRT project execution.

Subject: Reducing Litter and Waste, June 5th, 2019

Good afternoon.

Please be advised that on June 5th, Town Council for the Corporation of the Town of Georgina passed the following motion concerning 'Reducing Litter and Waste in our Communities', for your consideration. Thank you.

Moved by Regional Councillor Grossi, Seconded by Councillor Waddington

RESOLUTION NO. C-2019-0370

WHEREAS the Town of Georgina has been a leader when it comes to waste management in the Province of Ontario;

AND WHEREAS the Town of Georgina instituted a user pay garbage program over 20 years ago;

AND WHEREAS the Province of Ontario, through the Ministry of the Environment, has posted a discussion paper entitled 'Reducing Litter and Waste in our Communities';

AND WHEREAS producer responsibility has not been adequately addressed by the Province of Ontario and its time has come;

AND WHEREAS a successful deposit/return program for single use plastic, aluminum and metal drink containers has been in existence in other Provinces in Canada including Newfoundland, Nova Scotia and British Columbia;

AND WHEREAS these successful programs have eliminated many of these containers from the natural environment;

BE IT THEREFORE RESOLVED that the Council of the Town of Georgina call upon the Province of Ontario through the discussion paper 'Reducing Litter and Waste in our Communities' to review and implement a deposit/return program for all single use plastic, aluminum and metal drink containers;

BE IT FURTHER RESOLVED that the Province of Ontario review current producer requirements and look for extended producer responsibility for all packaging;

BE IT FURTHER RESOLVED that a copy of this motion be sent to the Minister of the Environment, the Premier, the Minister of Municipal Affairs, the Association of Municipalities of Ontario, the Region of York and all Municipalities in the Province of Ontario.

Carried unanimously.

Dear Mayor/Regional Chair/Warden:

Re: Requesting your support to reduce red-tape; Regulation 828/20 – Niagara Escarpment Planning and Development Act

I am writing to seek your support for an important regulation change that will reduce red-tape and provide municipalities with the ability to make minor road improvements within the Niagara Escarpment Plan area.

The previous provincial government amended regulation 828/20 of the Niagara Escarpment Planning and Development Act to enact a permit requirement on local road authorities on minor roadway improvements or maintenance. This regulation has delayed an important road improvement in Clearview Township for over 7 years. The delay has meant that Clearview Township has been unable to maintain our road network to improve road safety.

The Niagara Escarpment Commission (NEC) plays an important role in conserving key elements of the Niagara Escarpment, but providing the NEC with the power to restrict road improvements on existing roads and right-of-ways takes responsibility away from the elected local councils that are best placed to make these decisions. In contrast, we think NEC development permits for new roads and infrastructure are appropriate due to the additional environmental burden that comes with those decisions.

I am asking for your support in asking the Provincial Government to build on its commitment to reduce red-tape, and remove the powers vested in the NEC in Regulation 828/20 that allows them to overrule municipal authority to repair and improve existing roads within a right-of-way.

By sending a letter of support or passing a council resolution, together we can help the province streamline regulatory approvals and keep our roads in a good state of repair for all users.

If you have any questions please contact me at dmeasures@clearview.ca or Stephen Sage, CAO of Clearview Township at ssage@clearview.ca, or 705-428-6230 x 228.

Dear Minister Yakabuski and Minister Smith:

Re: Urgent meeting request – Regulation 828/20 – Niagara Escarpment Planning and Development Act

I am writing to request an urgent meeting to discuss reducing red-tape on a significant project in Clearview Township.

Located in Simcoe County, Clearview is a community on the rise. The Township boasts affordable living opportunities, provides its residents with the unique rural Ontario experience, and has considerable employment opportunities in industries such as manufacturing and agriculture.

Clearview is also a prime location for the Ford Government to deliver on its promise of cutting red-tape, spurring job growth, and increasing investment in Ontario.

Clearview has been attempting to secure permission from the Niagara Escarpment Commission (NEC) to make road safety improvements to a local sideroad for over seven years. After spending years working on this project, and finally receiving approval from the Environmental Review Tribunal and the Ontario Municipal Board to make the necessary road upgrades, the Wynne Government enacted a regulatory change to 828/20 of the Niagara Escarpment Planning and Development Act that confirmed Clearview required a special development permit

to carry out the necessary upgrades. Despite NEC staff recommending that Clearview be granted this permit, the NEC Commissioners denied the development permit application.

This situation provides the Ford Government with the opportunity to make good on its political promise of reducing burdensome, onerous, and job-killing red-tape. By removing this regulatory burden, the Ford Government can allow municipalities to make minor road improvements within existing right-of-ways that have limited environmental impact without seeking approval from the NEC. This position has been endorsed by the Ontario Good Roads Association.

I look forward to our meeting to discuss how we can work together to bring common sense and respect for our local road authority back to rural Ontario. To arrange this meeting, please contact Stephen Sage, CAO of Clearview Township. Mr. Sage can be reached at ssage@clearview.ca or 705-428-6230 x 228.

RE: Proposed Modifications to Aberdeen Avenue

Your worship and Members of Council,

As a long-time resident of the Kirkendall South Neighbourhood I would respectfully object to the proposed measures to essentially narrow Aberdeen Avenue from a four lane arterial road to a two lane local street. In my opinion this will only create greater traffic problems in the area. Over the years turning from Flatt Avenue onto Aberdeen Avenue has become more difficult, due to increased traffic and the proposed measures will only make things worse.

Aberdeen Avenue has been an arterial road and a key link in the Hamilton road system for a very long time. If I am reading the traffic numbers correctly approximately 15,000 vehicles exit Hwy 403 at Aberdeen and about 20,000 vehicles access Hwy 403 from Aberdeen Avenue on an average day. The proposed narrowing of Aberdeen Avenue will undoubtedly increase traffic congestion on routes to west Hamilton, the Downtown and escarpment accesses, which will only be exacerbated with construction of an LRT.

If you really want to make Aberdeen Avenue a two lane local street, you would have to remove the bus routes on this street and arrange to close the Hwy 403 / Aberdeen Avenue interchange, which is one of the few accesses into the City.

Earl Kitchener School has been in its present location for a century. I doubt that today's children are more reckless and foolish regarding road safety than previous generations, which seems to be the basis of the additional safety measures argument. In fact parking on both sides of a busy street can cause increased accidents at intersections due to poorer visibility.

My observation is that whenever the City reduces the traffic capacity of the arterial / collector road system it:

- Creates greater gridlock, which is bad for the environment, the economy and the folks stuck in traffic
- Forces additional traffic to move through the established neighbourhoods on local streets, which reduces safety.

In my opinion the recommendation in Mr. Soldo's report to the Public Works Committee should be rejected or at least delayed until alternate measures are in place to accommodate traffic in the area, including completion of LRT construction.

When the City makes transportation decisions, due consideration should be given to drivers, not just the demands of special interest groups.

Yours truly

Paul Smithson

Re: Resolution - Free Menstrual Products at City Facilities

At its meeting held on June 10, 2019, St. Catharines City Council approved the following motion:

WHEREAS people who menstruate need adequate and appropriate access to menstrual products so that they can experience their full health potential, maintain dignity and participate fully in community; and

WHEREAS according to Plan Canada International study, one-third of Canadian women under the age of 25 struggled to afford menstrual products; and

WHEREAS the inability to afford menstrual products is a health equity issue; and

WHEREAS there is a need for low or no cost menstrual products; and

WHEREAS menstruating is a natural bodily function, and access to menstrual products is as necessary as access to toilet paper; and

WHEREAS universal access to menstrual products contributes to the normalization of menstruation and enhanced access in a dignified way; and

WHEREAS other Canadian cities, including London and Sarnia are already piloting and/or assessing the feasibility of menstrual product access programs; and

WHEREAS recreation centres and libraries service a large population, diverse in age and socioeconomic status; and

WHEREAS public-facing City of St. Catharines facilities can be accessed by all members of the community at no cost;

THEREFORE BE IT RESOLVED that the City of St. Catharines work towards providing free menstrual products (pads and tampons) in all public-facing municipally-run facilities in the following ways:

.../2

1. That staff report back to Council outlining options and costs for a pilot project that would offer menstrual products in select recreation centres and library locations;
2. That the evaluation of the pilot project also include qualitative data from people using the products;
3. That the results of the pilot project inform the feasibility of expanding the provision of free menstrual products in all public-facing municipal buildings;
4. That if passed, the Clerk's Office notify all school boards and municipalities in Ontario of the City of St. Catharines' initiative and encourage them to do the same.

This resolution, passed by our Council on June 10, 2019, is being forwarded to you for your consideration and support. Please consider forwarding this to your local school board.

Mayor Fred Eisenberger
Hamilton City Hall
71 Main Street West
Hamilton, ON L8P 4Y5

To: Mayor Fred Eisenberger, City Council

(This is a statement that I delivered in person on June 18, 2019 to the LGBT Community Conversation).

My name is Michael Demone, Executive Director for the Canadian Working Group on Industrial Hemp and resident of the Durand neighbourhood.

I am ashamed to be here today.

I am ashamed to be here because only after a vicious, coordinated, violent attack on my fellow citizens, friends, vulnerable and marginalized communities, did I decide to stand up.

I did not stand up when known extremist and white supremacist groups were allowed to occupy space at City Hall.

I did not stand up when it was revealed that the co-founder of one of Canada's most infamous hate groups was employed by the City, with access to sensitive information, and that attempts to conceal this were made by City staff.

I did not stand up when our Mayor refused to offer his seat on the Police Services Board to a member of a community that might actually benefit from such an appointment.

Nor did I stand up when our Mayor, in complete defiance of the Pride Committee's decision not to raise our flag, did so anyways.

Individually, each one of these items is an assault on those you were elected or appointed to protect. Individually, each one of these is a call to action.

Taken together, they reveal a municipal culture that is completely out of step with contemporary Canada, and one that holds Canadian values and targeted communities with contempt.

You have allowed those recognized as some of the most dangerous elements in our society to invade our public spaces. You have caused your citizens to wonder if they need to carry weapons to feel safe. You have eroded trust and confidence in our elected officials.

You have brought attention of the most sinister kind to our city.

You have allowed children to be hunted like dogs and women to be assaulted for sport.

You have shattered our sense of dignity.

The allegations of questionable police conduct — from the failure to activate the Operational Plan, the written protocols used to ensure public safety, to allegations that the Police Service intentionally positioned themselves in such a way that would restrict their ability to respond adequately and appropriately if needed, to members of the Police Service refusing to do their job even as they witnessed violent crimes being committed — are so utterly obscene, so contrary to the most basic principles of a functioning democracy and human decency.

Should our community determine that the Police Service contributed in any way to these violent attacks, nothing less than an official public inquiry will be accepted.

You have demonstrated repeatedly and carelessly that the government of this city is unable or unwilling to fulfill its duties and responsibilities to its citizens by allowing a sequence of events to occur that will mark this city and those you have injured for years to come.

I assure you that I will pursue every legal and political course of action, and the sustained attention of human rights and other international organizations, to ensure that significant and satisfactory changes are made.

Mr. Mayor, in your statement dated June 17, 2019 you committed to ensuring that the violence visited upon your constituents, your neighbours, would never happen again.

I ask you now, will you dedicate the financial, legal, and logistical tools and resources necessary to keep that commitment?

Signed,

Michael Demone

Re: Support of Auditor General's Recommendations – Niagara Peninsula Conservation Authority

The Municipal Council of the Town of Fort Erie at its meeting of June 17, 2019 passed the following resolution:

Whereas the Auditor General of Ontario's Special Audit of the Niagara Peninsula Conservation Authority made 24 recommendations, the third of which recommended that members of the Niagara Peninsula Conservation Authority (NPCA) Board of Directors collectively have the skills, experience and training necessary to oversee the NPCA's activities effectively, and

Whereas the Town of Fort Erie recommended Leah Feor as their Niagara Peninsula Conservation Authority representative, an individual with an extensive background in accounting, business ethics and environmental sustainability, who was appointed to the Niagara Peninsula Conservation Authority Board of Directors by Regional Council on May 16, 2019, and

Whereas voters on October 22, 2018 expressed a strong desire for transparent and accountable governance within the Regional Municipality of Niagara and its local area municipalities;

Now therefore be it resolved,

That: Council directs staff to prepare a report outlining policies for the recruitment and recommendation of individuals for appointment to the Niagara Peninsula Conservation Authority Board of Directors, and further

That: the Town of Fort Erie requests that The Regional Municipality of Niagara provide recommendations with respect to specific qualifications and/or skills to the Town of Fort Erie to be considered for incorporation into our own recruitment policy, and further

Dear Ms. Pilon:

Re: Report – Office of the Ontario Ombudsman

I have completed my investigation into whether the General Issues Committee for the City of Hamilton held an improper closed meeting on January 16, 2019. Please find the final report enclosed. We ask that you distribute the enclosed report to council.

In accordance with section 14.1 (8) of the *Ombudsman Act*, the municipality should make my report available to the public, and we ask that this be done no later than the next council meeting. Pursuant to section 14.1 (9) of the *Ombudsman Act*, I will also post a copy of the report on my website at www.ombudsman.on.ca.

Yours truly,

Paul Dubé

Ombudsman Report

**Investigation into a complaint about
closed sessions held by the City of
Hamilton on January 16, 2019**

**Paul Dubé
Ombudsman of Ontario
June 2019**

Complaint

- 1 In January 2019, my Office received a complaint about closed sessions held by the General Issues Committee (the “committee”) for the City of Hamilton (the “city”) on January 16, 2019.
- 2 The complaint alleged that during a regular meeting, the committee moved into closed session twice to discuss contributing to a bid by the Hamilton Tiger-Cats (the “Tiger-Cats”) for the 2020 or 2021 Canadian Football League (the “CFL”) Grey Cup championship.

Ombudsman jurisdiction

- 3 Under the *Municipal Act, 2001*¹ (the “Act”), all meetings of council, local boards, and committees of council must be open to the public, unless they fall within prescribed exceptions.
- 4 As of January 1, 2008, the Act gives citizens the right to request an investigation into whether a municipality has complied with the Act in closing a meeting to the public. Municipalities may appoint their own investigator. The Act designates the Ombudsman as the default investigator for municipalities that have not appointed their own.
- 5 The Ombudsman is the closed meeting investigator for the City of Hamilton.
- 6 In investigating closed meeting complaints, we consider whether the open meeting requirements of the Act and the municipality’s governing procedures have been observed.

Council procedures

- 7 The city’s procedural by-law (By-law No. 18-270) lists the General Issues Committee as one of six standing committees in the city. The committee is made up of all of council. The procedural by-law states that all meetings of the committee shall be open to the public except as provided by the Act.

¹ SO 2001, c 25.

Investigative process

- 8 On January 31, 2019, we advised the city of our intent to investigate this complaint.
- 9 Members of my Office's open meeting team reviewed relevant portions of the city's by-laws and policies, and the Act. We also reviewed the records from the open and closed sessions of the committee meeting on January 16, 2019. The city audio and video records the open session portions of the committee's meetings. The recording of the open portion of the January 16 meeting was reviewed.
- 10 We interviewed members of council, the clerk, the Acting Director of Culture and Tourism, and the city solicitor.
- 11 My Office received full co-operation in this matter.

Background

The Tiger-Cats' bid for the 2020 or 2021 Grey Cup

- 12 We were told that the Tiger-Cats submitted a bid to the CFL to host the Grey Cup championship in 2020 or 2021. The bidding process is not a public process. Interested teams submit confidential bids to the CFL for consideration. The team awarded the bid acts as the host team for the Grey Cup and facilitates the delivery of the championship game and related festivities.
- 13 We were told that if the Tiger-Cats were awarded the bid, the City of Hamilton, as host city, would be involved in the planning for logistics and provision of city services during the championship. We were told it is a generally accepted practice for a potential host city to bolster a team's chances of being awarded the Grey Cup with financial or in-kind contributions to the team's bid.
- 14 In November 2018, the Tiger-Cats requested that the city provide a contribution to the Tiger-Cats' bid. Staff engaged in negotiations with the Tiger-Cats for the provision of city services, fees, venue rentals, and other city-led programming and community engagement which would make up the city's contribution.

- 15 The recommended contribution by city staff was put together in a confidential staff report (the “report”) and placed on the committee’s January 16 meeting agenda for *in camera* consideration.
- 16 The report outlined the city’s involvement in logistical planning and the provision for city services should the Tiger-Cats be successful, and provided an overview of staff negotiations with the Tiger-Cats to determine an appropriate contribution by the city.
- 17 The report’s recommendations comprised specific contributions by the city for city services, contract staff, and city operating expenses. The report also recommended that the committee permit staff to continue negotiations and enter into any appropriate agreements with the Tiger-Cats to formalize the city’s contribution.

The January 16 meeting

- 18 Before moving into closed session to discuss the report, the committee held a discussion in open session about whether the report should be discussed behind closed doors. This discussion was captured by the city’s audio and video recording of the meeting.
- 19 Councillor Brad Clark stated that a discussion involving the city’s finances would not qualify for *in camera* consideration. Councillors John-Paul Danko, Brenda Johnson, and Sam Merulla also spoke in favour of holding the discussion in public. Mayor Fred Eisenberger said the city should not discuss the contribution in open session because it risked tipping its hand to other bidders.
- 20 Members of the committee questioned staff about the reasons for discussing the report in closed session. The Acting Director of Culture and Tourism (the “acting director”) noted that the discussion should happen in closed session, because a public discussion of the city’s contribution might prejudice the bid process and the city’s future negotiating position for other large-scale events. She stated that the city’s practice is to maintain confidentiality around investment in major events to avoid “[setting] a bar for event organizers of what the city’s tolerance is for investment.” The acting director explained that in her experience, when the city negotiates in public, other competitors are able to use that information to outbid the city.

- 21 However, staff also indicated that in most cases, the city ultimately releases financial information relating to contributions to large-scale events. The committee was told that in the event that the Tiger-Cats' bid was successful, the city would ultimately report publicly on the amount of its contribution to the bid.

The closed session discussions

- 22 At 3:25 p.m., the Committee moved into closed session to receive legal advice from the city's solicitor on whether or not the report qualified for *in camera* consideration.
- 23 The committee passed the following resolution prior to closing the meeting:
- Hosting Grey Cup - November 2020 or 201 (PED18234(a)) (City Wide)
(Item 14.2) - 239(2)(f) Advice that is subject to solicitor-client privilege
- 24 The closed session minutes indicate that the city solicitor provided legal advice to the committee about if the report was appropriate for *in camera* consideration and answered the committee's questions.
- 25 We were told by most council members that after receiving legal advice *in camera*, they were generally satisfied that the topic was appropriate for closed session consideration.
- 26 The committee subsequently moved into closed session a second time at 6:25 p.m. to consider the report and to discuss the city's contribution to the Tiger-Cats' bid. Councillors Johnson and Clark voted against moving into closed session. This closed session lasted one hour.
- 27 The committee passed the following resolution prior to closing the meeting:
- That Committee move into Closed Session, respecting Item 14.2, pursuant To Section 8.1, Sub-sections (f), (j) and (k) of the City's Procedural By-law 18-270;and, Section 239(2), Sub-sections (f), (j) and (k) of the *Ontario Municipal Act, 2001*.
- 28 The closed session minutes state that staff presented the report and answered the committee's questions.
- 29 We were told that, overall, the committee was excited for the opportunity to act as Grey Cup host city and the potential benefits for the city if the Tiger-Cats' bid was successful.

- 30 The deputy clerk told my Office that the committee's discussion focused on the city's financial contribution to the Tiger-Cats' bid. Members of council asked staff questions about particulars contained in the report. The acting director told my Office that she answered questions about staff negotiations with the Tiger-Cats and what would happen if the committee did not approve the recommended contribution. According to the acting director, in that event, staff would return to the negotiating table with the Tiger-Cats based on what the committee was prepared to contribute.
- 31 Ultimately, the committee accepted staff's recommendations and reported out that it had directed staff to coordinate with the Tiger-Cats for all requirements for hosting the Grey Cup. The financial component of the contribution was kept confidential.

Analysis

Applicability of the "advice subject to solicitor-client privilege" exception

- 32 The committee cited the exception for advice subject to solicitor-client privilege found in section 239(2)(f) of the Act when it moved into both closed sessions.
- 33 The exception for advice subject to solicitor-client privilege covers discussions that include communications between the municipality and its solicitor in seeking or receiving legal advice intended to be confidential. The purpose of the exception is to ensure that municipal officials can speak freely about legal advice without fear of disclosure. My Office has found in the past that the exception can only be used where legal advice or related communication actually exists.²

First closed session

- 34 Our interviews indicate that during its first closed session, the committee received and discussed legal advice from the city's solicitor regarding the appropriateness of discussing the report and the city's contribution to the Tiger-Cats' bid in closed session. The committee asked the solicitor questions and discussed her advice.

² Timmins (City of) (Re), 2017 ONOMBUD 4 (CanLII), <<http://canlii.ca/t/h4rwt>>

- 35 Accordingly, the committee's discussion fit within the exception for solicitor-client privilege.

Second closed session

- 36 The committee cited the solicitor-client privilege exception when it moved into closed session for the second time.
- 37 In order for the exception to apply, legal advice must actually be received and discussed during the closed session.³ In this case, based on my Office's interviews and the closed session minutes, it does not appear that the solicitor provided legal advice during the second closed session. Accordingly, the discussion does not fit within the exception for advice subject to solicitor-client privilege.

Applicability of the "information belonging to the municipality" exception

- 38 Four new open meeting exceptions came into force on January 1, 2018, as part of the *Modernizing of Ontario's Municipal Legislation Act, 2017*. The exception for information belonging to the municipality is found in subsection 239(2)(j) of the Act. It allows for a meeting to be closed if the subject matter being considered is:

a trade secret or scientific, technical, commercial or financial information that belongs to the municipality or local board and has monetary value or potential monetary value.

- 39 The committee cited this exception when it moved into the second closed session.
- 40 This is the first meeting my Office has investigated under this exception.
- 41 When reviewing the parameters of the open meeting exceptions, my Office has often considered the case law of the Information and Privacy Commissioner (the IPC). These decisions are not binding on my Office; however, they are often informative with respect to the applicability of the open meeting exceptions in the Act.

³ *Ibid.*

- 42 In the context of information and privacy legislation, government institutions may refuse to disclose records that include information belonging to an institution.⁴ The IPC has found that the purpose of this exemption is to protect the interests of government, economic or otherwise, and it is generally intended to protect commercially viable information to the same extent that valuable third party information is protected.⁵ The protection is class-based, in that the exemption is concerned with the type of information and its inherent value, rather than the consequences if the information is disclosed.⁶ The IPC has found that there is no requirement to consider whether disclosure of the information may cause harm.
- 43 The IPC established a three-part test to determine if an institution can refuse to disclose a record on the basis that it contains information belonging to the institution. The institution must show that the information contained in the record:
1. is a trade secret, or financial, commercial, scientific or technical information;
 2. belongs to the institution; and
 3. has monetary value or potential monetary value.⁷
- 44 The first part of the test examines whether the information qualifies as a trade secret, financial information, commercial information, scientific information, or technical information.
- 45 The IPC has found that trade secrets include, but are not limited to:
- a formula, pattern, compilation, program, method, technique, or process, or information contained or embodied in a product, device or mechanism which:
- (i) is, or may be used in a trade or business,
 - (ii) is not generally known in that trade or business,
 - (iii) has economic value from not being generally known, and

(iv) is the subject of efforts that are reasonable under the circumstances to maintain its secrecy.⁸

The IPC has found that financial information is information that relates to money and its use or distribution and must contain or refer to specific data. Examples include cost accounting methods, pricing practices, profit and loss data, overhead, and operating costs.⁹

- 46 The second part of the test considers whether or not the information belongs to the institution. According to the IPC, information belongs to the institution if it is owned by that institution in the sense that the institution has a proprietary interest in the information in a traditional property sense, or in the sense that the “law would recognize a substantial interest in protecting the information from misappropriation by another party.”¹⁰
- 47 The third part of the test requires that the information have monetary value, either real or potential. According to the IPC, the term “monetary value” requires that the information itself have intrinsic value, such that disclosure would deprive the institution of that monetary value. The fact that an institution had to pay to create a record does not mean that the information in that record has monetary value.¹¹ Nor does the fact, on its own, that the information has been kept confidential.¹²
- 48 In the open meeting context, the exception for information belonging to the municipality will apply where the *in camera* discussion was about:
1. A trade secret, or financial, commercial, scientific or technical information;
 2. that belongs to the municipality or local board; and
 3. has monetary value or potential monetary value.

Was the discussion about a trade secret or financial, commercial, scientific or technical information?

- 49 In the present case, the city told my Office that the information contained in the report was a trade secret. The information included details about how the city allocates funding to large-scale events like the Grey Cup. According to the city, its approach to funding is a trade secret and is applied to other large-scale events within the city.
- 50 The information contained in the report does not qualify as a trade secret. We received no information that would indicate that the City's approach to allocating funding is used in trade or business, is not generally known, or if this information has economic value. In addition, contrary to the acting director's opinion that the city's financial contributions of this nature remain confidential to protect the funding approach, we were told that the city has publicly released financial information related to funding large-scale events in the past.
- 51 The city's contribution qualifies as financial information because it relates to the expenditure, use and distribution of money by the city. The report contained specific financial data related to how the city's contribution would be distributed and allocated to the Tiger-Cats.

Does the information belong to the municipality?

- 52 The second part of the test requires that the information discussed in closed session belong to the municipality or local board. In this case, the information regarding the city's contribution belongs to the city because it was prepared by city staff. There is no indication that the city does not have a proprietary interest in the information.

Does the information have monetary value or potential monetary value?

- 53 The third part of the test requires that the information have monetary value, either real or potential, such that disclosure would deprive the municipality or local board of that monetary value.
- 54 It is important to note that whether or not the municipality or local board would suffer harm from the disclosure of the information is not relevant to determining if the information has monetary value.

- 55** In a case involving Ontario Power Generation (“OPG”)¹³, the IPC found that spreadsheets with cost estimates belonging to OPG did not have monetary value. OPG argued that if the spreadsheets were disclosed, its ability to secure future contracts would be adversely impacted and it would be deprived of the opportunity to negotiate with bidders for the most favourable pricing. The IPC rejected this argument and found that while the OPG could suffer harm that results from the disclosure of the spreadsheets, disclosure would not deprive the OPG of the spreadsheets’ monetary value, if any. That is, the fact that disclosure of the spreadsheets could adversely affect the OPG’s ability to secure contracts in the future does not mean that the information at issue also has an intrinsic or monetary value.
- 56** The IPC relied on the OPG case to find that records relating to a request for proposals for student transportation do not have monetary value.¹⁴ In that case, the Thunder Bay Catholic District School Board sought to prevent the disclosure of records including evaluators’ comments, scoring, and pricing information of responses to the request for proposal. The IPC found that those records do not have intrinsic monetary value and that the school board’s arguments against disclosure related to the harms that will result from disclosure, not whether disclosure of the information would deprive the school board of its monetary value.
- 57** In another case involving the Municipality of Chatham-Kent, the IPC found that records relating to alternative ambulance and fire service delivery models do not have monetary value.¹⁵ The municipality argued that it developed the delivery models with the intent to sell the delivery models to other municipalities or ambulance service delivery companies. The IPC found that the delivery models were specific to the municipality and did not reveal details of ambulance or fire services. As such, the information had no monetary value.
- 58** In the present case, the city told my Office that monetary value exists in the report because if the amount of the city’s contribution is disclosed it will negatively impact the city’s competitive position as a potential host city for the Grey Cup and other large-scale events in future. The city explained that if the information is made public, other municipalities and football teams also bidding for the 2020 or 2021 Grey Cup could outbid the Tiger-Cats. In addition, future large-scale events would be negatively impacted on the same basis.

¹³ 2016 CanLII 46208 (ON IPC)

¹⁴ 2017 CanLII 78367 (ON IPC)

¹⁵ 2018 CanLII 74219 (ON IPC)

- 59 I do not agree and find that the third part of the test is not satisfied. The city's position does not address whether or not the information at issue has monetary value. Rather, the city focuses on the harm of the disclosure – that is, the potential loss of economic benefits and revenue for the city. The IPC has consistently found that the fact that the disclosure would adversely affect an institution's ability to secure contracts in the future does not mean that the information has an intrinsic monetary value. There is no indication that the information contained in the report has any monetary value, nor is there any indication that disclosure of the information would deprive the city of its monetary value.
- 60 Accordingly, the closed session discussion does not fit within the exception for information belonging to the municipality.

Applicability of the “negotiations” exception

- 61 The new exception for negotiations is found in subsection 239(2)(k) of the Act and provides for a meeting to be closed if the subject matter being considered is:
- a position, plan, procedure, criteria or instruction to be applied to any negotiations carried on or to be carried on by or on behalf of the municipality or local board.
- 62 The committee cited this exception when it moved into the second closed session.
- 63 In a recent report to the City of St. Catharines, my Office considered the new negotiations exception and reviewed the case law of the IPC.¹⁶ As I have previously stated, these decisions are helpful with respect to the applicability of the open meeting exceptions. In that case, my Office found that the purpose of the exception is to protect information that could undermine a municipality or local board's bargaining position or give the public an unfair advantage over the municipality or local board. In order for the exception to apply, the municipality or local board must show that:
1. the *in camera* discussion was about positions, plans, procedures, criteria or instructions;
 2. the positions, plans, procedures, criteria or instructions are intended to be applied to negotiations;
 3. the negotiations are being carried on currently, or will be carried on in future; and

¹⁶ *St. Catharines (City of) (Re)*, 2019 ONOMBUD 1 (CanLII), <<http://canlii.ca/t/hxrk5>>

4. the negotiations are being conducted by or on behalf of the municipality or local board.

- 64 We were told that in November 2018 city staff began confidential negotiations with the Tiger-Cats to determine a satisfactory contribution by the city to the Tiger-Cats' bid. The negotiations focused on determining an appropriate role and responsibilities for the city based on the Tiger-Cats' concept for the 2020 or 2021 Grey Cup. According to the acting director, if the Tiger-Cats were successful, the city would experience economic benefits from increased tourism and a boost to the city's profile as host city. The Tiger-Cats would benefit from the infusion of city services to their bid which would otherwise be unavailable or come at a direct cost to the team.

Was the discussion about positions, plans, procedures, criteria or instructions?

- 65 In a 2002 decision, the IPC determined that in order to satisfy the first part of the test, there must be "some evidence that a course of action or manner of proceeding is "pre-determined", that is, there is some organized structure or definition given to the course to be taken." ¹⁷ The IPC found that a "plan" is "a formulated and especially detailed method by which a thing is to be done; a design, or scheme." With respect to positions, procedures, criteria, and instructions, the Commissioner found that these terms "are similarly referable to pre-determined courses of action or ways of proceeding."
- 66 The *in camera* discussion fits within the definition of a plan. During the January 16 closed session, we were told that staff sought direction from the committee on how to proceed in negotiations with the Tiger-Cats. We were told by staff that the committee discussed staff's recommended contribution to the Tiger-Cats' bid and other options for proceeding with the city's contribution.

Are the positions, plans, procedures, criteria or instructions intended to be applied to negotiations?

- 67 This part of the test is satisfied. The committee approved the recommended contribution and directed staff to proceed via certain steps with respect to the negotiations with the Tiger-Cats. These steps are contained in the direction to staff passed during the closed session and include formalizing the city's contribution in an agreement with the Tiger-Cats.

¹⁷ *Ontario (Ministry of Community and Social Services) v. Cropley*, 2004 CanLII 11694 (ON SCDC).

Are the negotiations being carried on currently or will be carried on in the future?

- 68 This part of the test is satisfied. At the time of the January 16 meeting, city staff were engaged in negotiations with the Tiger-Cats.

Are the negotiations being conducted by or on behalf of the municipality?

- 69 This part of the test is satisfied. Staff conduct the negotiations with the Tiger-Cats on behalf of the city.
- 70 The four-part test for the negotiations exception is satisfied. While *in camera*, the committee formulated a plan and directed staff with respect to the city's ongoing negotiations with the Tiger-Cats to participate and contribute to the Tiger-Cats' bid for the 2020 or 2021 Grey Cup.
- 71 Accordingly, the *in camera* discussion fit within the negotiations exception.
- 72 To assist municipal councils, staff, and citizens, we have developed an online digest of open meeting decisions that contains summaries of the Ombudsman's open meeting cases. This searchable repository was created to provide easy access to the Ombudsman's past decisions on, and interpretations of, the open meeting rules. Council members and staff can consult the digest to inform their discussions and decisions on if a matter should or may be discussed in closed session, as well as issues related to open meeting procedure. Summaries of all the Ombudsman's previous decisions cited in this report can be found in the digest.

Opinion

- 73 The General Issues Committee for the City of Hamilton did not violate the *Municipal Act, 2001* on January 16, 2019 when it discussed the city's contribution to the Hamilton Tiger-Cats' bid for the 2020 or 2021 Grey Cup in two closed sessions. The first closed session fit within the exception for advice subject to solicitor-client privilege. While the second *in camera* discussion did not fit within the exceptions for advice subject to solicitor-client privilege or information belonging to the municipality, the discussion fit within the exception for negotiations.

Report

- 74 The city was given the opportunity to review a preliminary version of this report and provided comments to our office.
- 75 My report should be shared with council and made available to the public as soon as possible, and no later than the next council meeting.

Attention: City Clerk, City Council and Mayor Eisenberger

I'll begin by introducing myself. My name is Darren Stewart-Jones.

I am two-time nominee for a City of Hamilton Arts Award for my work with The HamilTEN Festival, a festival of ten minute plays that I founded eight years ago. HamilTEN has become one of the Hamilton theatre community's most popular annual events. It runs every year in April.

I am also a Real Estate professional and a member of the Realtors Association of Hamilton-Burlington. I have been buying and selling homes for clients in Hamilton for a couple of years now, including police officers and members of the LGBTQ community.

My volunteer activities include delivering Meals on Wheels through the Victorian Order of Nurses here in Hamilton. I believe I am an active, civically engaged citizen of the City of Hamilton. I also happen to be gay.

I am so disheartened by the anti-queer sentiment that seems to be festering in the City of Hamilton over the past several weeks. I have made my disappointment with the Chief of Police and the Mayor clear on social media.

A few items I would like addressed by the Mayor and Council are as follows:

1. Although the Hamilton Police Service feels they were placed in a somewhat difficult situation to do their best to protect Pride participants while not actively participating themselves in the event, they need to figure out what went wrong at the event and how things could have gone better. The dismissive quote of "We weren't invited" by Police Chief Eric Girt is not enough. Your citizens deserve better than that. We also deserve a Mayor and Police Department that truly respect ALL of Hamilton's citizens no matter their religion, gender, race or sexual orientation. Are you, truthfully, fully supportive of Hamilton's LGBTQ community? I need to know. I need to feel safe again in the city that I call home. I believe an investigation into police conduct at Pride is warranted. Hurt feelings cannot interfere with the HPS performing their duties.
2. I am shocked that the City of Hamilton has allowed groups that have ties to white supremacy to congregate in front of our City Hall every weekend for months now. These hate groups have become the face of Hamilton online and in the media. Is this the message we want to send to the world? I believe there must be a way for the city to disallow protests that involve hate speech from happening on city property. There should be a zero tolerance policy for hate speech in Hamilton.
3. Why was the LGBTQ candidate denied a seat on the Police Advisory Board? Is there perhaps an extra seat on the board for said candidate considering the events of this past week?
4. Is the individual identified as a White Supremacist still on City payroll? If so, why?

5. What is the point of having an LGBTQ advisory board if the Mayor refuses to take their advice? The Pride flag should not have been raised. Does the Mayor now admit that there are severely strained relations between City Hall/HPS and Hamilton's LGBTQ community? Perhaps heeding the advice of the advisory board would assist.

Your attention to the above matters would be greatly appreciated. Please advise me on what dates council expects to review my inquiries.

Sincerely,

Darren Stewart-Jones

Subject: Response to Yellow Vest Attack at Hamilton Pride 2019

Subject: Response to Yellow Vest Attack at Hamilton Pride 2019

Dear Mayor Eisenburger

Your inaction in response to the Yellow Vest attacks at Pride 2019 disturbs me. It concerns me that my LGBTQ neighbours and friends have come away from PRIDE feeling that the city and the police will not protect them from hate groups and violent attacks.

It is outrageous that a queer supporter (who wasn't even at Gage Park for Pride) was the first person to be arrested in connection with the incident, while the anti-LGBTQ haters went free and continued their hateful tirade in Toronto this past weekend. It offends me that these hate-groups have publicly lauded the police for taking no action against them, confident that police are on their side.

I do not support your silence and inaction. It sends a message to Hamilton residents that far-right fascist extremism is tolerated if not welcome in our city.

I fear that my queer friends will suffer injury and hate crimes and even incarceration. It disgusts me that these violent individuals, the Yellow Vests, with their fascist agendas, remain free. Our youth especially should not have to feel unsafe. Nobody should.

I ask that you speak out against the attacks. And I ask that you and the police take concrete actions to make it clear to these fascists that their presence is not welcome in Hamilton. It infuriates me that my queer friends no longer feel safe in their own city because the mayor and police are showing more support to right wing fascist homophobes than they are to peaceful citizens exercising their right to gather and celebrate.

Subject: Hamilton Pride

Hello,

I'm writing to express my frustration and displeasure with the actions of the mayor, city council, and the Hamilton Police with regards to this year's Pride celebrations. Hamilton is not showing itself to be a place that is welcoming to all and free from discrimination when members of the LGBTQIA+ community are feeling angry, scared, and utterly unsupported by public servants who should be accommodating and protecting them. Hamilton police did not consult properly with members of Hamilton's Pride organizers in order to assess the risks and dangers that come from allowing homophobic and violent protestors to continue to spew vitriol and hatred at an event meant to celebrate diversity, inclusion, and LGBTQIA+ rights. In addition, the fact that the first person arrested in connection to these events is a queer person (one who was not even at the event) is alarming, and certainly leaves the impression that Hamilton's LGBTQIA+ community cannot consider the police allies.

I have been very disappointed in the Mayor's lack of support for Hamilton's queer community over this incident. As someone who wrote, "Hamilton will continue to offer a refuge and a home to all those who seek safety and freedom from violence, persecution and discrimination," it is especially disheartening to see a lack of compassion and care from Mayor Eisenberger.

There is no place for anti-LGBTQIA+ sentiment in this city, the mayor's office, city council, or the police service. I urge you all to step up and speak up to let hateful anti-LGBTQIA+ groups know that there is no place for them in Hamilton, in Ontario, in Canada. As a queer ally and eligible voter, I will be watching your responses closely and hope you can take concrete steps to rectify this situation and repair the relationship with the queer community and Pride organizers in Hamilton.

Thank you for your time.

I have lived in Hamilton for the past 8 years. I am a Governor General Award nominee playwright. I have been absolutely horrified to learn about the arrests of a queer supporter (who wasn't even at Gage Park for Pride) was the very first person to be arrested in connection with the incident at Pride, while the anti-LGBTQ haters were free to continue their hateful tirade in Toronto this past weekend.

This is NOT acceptable, and this is NOT in line with the feelings of the general public in Hamilton.

I am ashamed of our city and police force. I am ashamed that my queer friends no longer feel safe in their own city because the mayor and police in their own city are showing more support to right wing fascist homophobic people!

People have been looking to Hamilton with awe and hope and are now completely horrified by the actions of the police and yourself. Do not continue to harm the good reputation of Hamilton due to the actions that have moved to this city.

I expect you to remedy this matter immediately.

Dear Mayor Eisenberger,

I am emailing to express my disgust at how you and the Hamilton Police Force acted last weekend at the Gage Park for Pride event. What you did is NOT acceptable, and does NOT align with the feelings of the general public of Hamilton.

How can you prioritize the safety of your extremist, hate-filled citizens over that of the 2SLGBTQIA+ community? I truly don't understand why any city leader would act this way.

Defending the police's choice to avoid intervening at the Gage Park for Pride event is an irresponsible decision. The "they said don't come! So when they asked for help and there was clearly a threat to the safety of our citizens, we didn't come cause they didn't invite us" narrative aligns with the thought process of a five year old.

My queer friends living in Hamilton don't feel safe in their own city. You have reinforced this hatred, and therefore have failed as Mayor.

Re: Violence at this year's Pride events and protests in the City Hall forecourt

Dear Mayor and Councillors:

Like many other Hamiltonians, we condemn the violence and hatred directed against people attending this year's Pride celebrations at Gage Park. We, as a religious faith built on the principle that all people have worth and dignity, stand with all people of good will in condemning hatred.

While we respect religious freedom and the right of people to make up their own minds about what they believe, we reject shaming directed at any identifiable group as contrary to the Golden Rule, found in Christianity but also most other major religions, that calls for us to do to others what we would want done to us, and to not do to others what we would not want done to us.

We note with dismay the continuing presence in the City Hall forecourt each Saturday of people who express hatred of Two Spirit and LGBTIQ+ people and other minority groups and that they are joined by members of other extremist groups, from Proud Boys to the Canadian Nationalist Party. Even before Pride, some of these rallies turned violent.

We note with dismay that a significant minority of Two Spirit and LGBTIQ+ people in Hamilton, and most trans and gender non-conforming people, do not feel safe here, as the recent *Mapping the Void: Two Spirit and LGBTIQ+ Experiences in Hamilton* (June 11, 2019) report showed. The June 18 community meeting at City Hall made clear that those feelings have been heightened by the violence against Two Spirit and LGBTIQ+ people at Pride.

We note with dismay the evidence that relations between Two Spirit and LGBTIQ+ people and the City, as well as with the Hamilton Police Service, were already strained before Pride and have become more strained since. A particular sore point is that the rallies in the City Hall forecourt still continue. They are an ongoing affront to Two Spirit and LGBTIQ+ people, and ought to be to all Hamiltonians.

In the spirit of inclusion, and in solidarity with our Two Spirit and LGBTIQ+ siblings, we urge Council:

- To immediately suspend and ultimately deny permission for the City Hall forecourt to be used for rallies that express hate against identifiable people. These rallies have shown they can spill from nasty words to violence and are reasonably likely to do so again.
- To engage in dialogue with willing participants from Two Spirit and LGBTIQ+ communities. The first order of business should be for councillors to listen to and

learn about the experiences of living in Hamilton today as Two Spirit and LGBTIQ+ people.

- To encourage the Hamilton Police Service to engage in a similar exercise of listening.
- To avoid reacting to the expressions of frustration from the Two Spirit and LGBTIQ+ communities until Council has taken the time to do that listening.
- And we urge each councillor to read the *Mapping the Void* report and the earlier *Speak Out! Community Consultations on Making Hamilton an LGBTIQ+ Positive City* (September 2018) and for Council to act on the reports' recommendations.

We offer any help we can provide, including use of our space, for dialogue and efforts to advance issues important to Two Spirit and LGBTIQ+ people, to improve where possible relations between them and the City and police, and most importantly, to ensure that Two Spirit and LGBTIQ+ people are safe and welcome wherever they are in this city.

Subject: Pride and City Processes

Dear Mr. Mayor,

It is with great disappointment that I witness the deteriorating situation in Hamilton specifically regarding the City's failing relationship with the 2SLGBTQ Advisory Committee, Pride Hamilton and the increased bravado of Yellow Vests (among other groups') demonstrations at City Hall.

I believe partial blame rests with myself and other residents who attempted to ignore the weekly demonstrations in the City Hall forecourt by Yellow Vests and other nationalist groups. It was hoped they would halt their activity if they did not get attention. Unfortunately, this was not the case.

The escalation of their activities to violence at the Pride Festival was to be expected, and indeed was warned about by the Pride Committee Chair, Cameron Kroetsch. The HPS handled the event very badly -- there is no getting around that fact. The subsequent arrest of Cedar Hopperton at the peaceful demonstration on Saturday, June 22 was a disgusting display of ignorance by the HPS.

I question the role the City has played in the increasing tension with its utter obliviousness to the inequity and discrimination suffered in the 2SLGBTQ community. The following are examples of the lack of leadership displayed by City officials:

- The continued employment of Marc Lemire in the city's I.T. department (who may indeed have access to read this email before it reaches your inbox);
- The secrecy around Lemire's employment, including the absence of his name from staff lists -- who was responsible for that cover-up?
- The decision to appoint Fred Benninck to the citizen seat on the HPS board despite calls from the community to revisit the decision and appoint a community member from a marginalized group;
- The arbitrary decision to cap the membership of the LGBTQ Advisory Committee to nine members;
- Not conducting interviews with applicants for the LGBTQ Advisory committee;
- Raising the Pride flag at City Hall despite the LGBTQ Committee's request not to do so.

There is a lot of work to be done. Passing statements about "solidarity" and claiming to "not tolerate hate" will not repair the damage that has been done.

I contend the root of most issues within the relationships between the leadership at City Hall and marginalized communities is the continued mishandling of our own procedural by-law, specifically Bylaw 18-270, By-Law to Govern the Proceedings of Council and Committees of Council and the refusal of Council and the Acting City Clerk to strive towards more transparency and accountability in city governance.

Who made the decisions to cap the membership of the LGBTQ Advisory Committee and to not conduct interviews? Who made the decision to appoint Fred Benninck to the HPS board? These decisions and the process for arrival at the

decisions should be evident in the public record. The longer this city continues to refuse to follow its own rules and procedures, the more relationships with citizen groups will suffer. We have seen the effects in the last couple of years as tensions rise and residents become angrier about the underhandedness of city governance.

I love my city, as you are probably aware, however, during the last couple of weeks, it has been impossible to maintain my support for city politicians and the HPS.

You have made the first step in issuing your statement on Tuesday. But the work to repair relationships will not be completed within a short time frame. I recommend humility and willingness to learn and listen to what needs to be done. Listen with your whole heart and mind to the voices of the communities you, and other city leaders, have ignored.

Sincerely,

Frances Murray

Hamilton City Council
C/O The City Clerk

Dear Councillors,

I am writing today to share my deep concern over the events that began at Hamilton Pride on June 15th and that are continuing.

I know that many councillors have received letters about this issue, and I am sure I do not need to go into to detail about how hate groups physically attacked Hamilton citizens and then left the city to do the exact same things in Toronto. I do not need to talk about how these groups brag online about how the police are ""probably saluting and cheering for us all right now"" for their attacks on Hamilton Pride.

I'm sure council is also aware that Hamilton has the third highest level of reported hate crimes in Canada. These are, of course, only the reported ones. There has been an acknowledgement from the Mayor just yesterday that the city needs to do better. That the City is committed to listening to the 2SLGBTQ community. It would be good if the City started with volunteer advisory committee that is already in place.

But while the Mayor was composing these heartening words, Hamilton Police was arresting another 2SLGBTQ activist. That's the second one. Instead of arresting the members of hate groups who attacked the 2SLGBTQ community, the our police force is arresting members of the community who experienced the violence.

It's no wonder the Yellow Vests believe the police are applauding them.

This builds on Chief Grit's on air statement that if his officers had been invited to Pride he would have deployed them differently. The chief noted the service's request to have a recruitment booth at Pride was denied. I guess in Hamilton, you only get police protection if the police chief likes you and you give him what he wants.

Of course, members of the 2SLGBTQ community have long known they cannot expect protection from the police. A friend shared a heart-rending story of how he and his partner were beaten up after he dared to console him in public. His partner had collapsed in his arms sobbing after learning of a cancer diagnosis and the necessary treatment. When my friend came to with broken ribs in St. Joe's the police officer assigned to investigate his attack told him to "act less gay and maybe you won't get beaten." No charges were laid despite there being multiple eyewitnesses to the beatings.

It is rank hypocrisy for the Mayor to call on members of this community to come forward to the police in this kind of climate.

Right now I know of four young people who are part of the 2SLGBTQ community. They are gifted musicians and artists, they excel academically and they are deeply committed to helping others. They volunteer for their communities, they want to share, they want to make this world a better place. They have so much to give. And their lives are in danger in Hamilton.

Because the Hamilton Police have made it clear it's okay to attack their community here. They'll sit in their squad cars at the far end of the park, and stroll over when the violence starts. They'll ignore the hate crimes reported to them. They'll tell people to not be so "gay" if they don't want a beating.

We need a full review of the culture of the Hamilton Police Department. We need better oversight, and we need a new Chief of Police. Let's do this before one of these bright, bright young people I know are found dead in our streets.

Sincerely,

Noelle Allen

J-P,

'Morning. Hope this finds you and yours well. I'm writing in regards to bi-weekly garbage collection, as reported in Hamilton News. I am in favour of such a change as I understand that yard, compost, and recycling wastes will continue to be picked up on a weekly basis, whereas garbage heading to the land-fill will be picked up every two weeks. As a father and husband, I'd like to see our urban and lived environments as clean and as healthy as possible for our children's sake. Too, as the May 22nd editorial in Hamilton News opines, forcing multi-residential units to recycle and compost as well as industries and commercial institutions to divert their waste could continue to extend the life of our land-fill and, thus, our environment and ground-water. Also, for our children's and habitat's sake, I'd like to ask you continue to press for (1) the reduction of Aberdeen Ave from four lanes to two, which has been done, in a small way, by allowing parking on both sides of the avenue during rush hours and the defeat of Councillor Ferguson's motion to eliminate it, as well as (2) the prohibition of right turns on red lights, which, though it remains an accepted practice elsewhere in Hamilton, would also help slow traffic. Thanks for your time and help in all these regards. Take care!

Kindly,

Dear Hamilton City Council:

It is our understanding that there is a report going to Council for final approval this Wednesday to restrict Aberdeen Avenue between Queen Street and Dundurn Street to only two lanes with the other two lanes being used for parking. We have not been part of the consultation and have not had an opportunity to understand if there would be any impacts to our operation.

It has also come to our attention that Councillor Whitehead is moving a motion to defer the implementation of any lane reductions on Aberdeen Avenue until after the two way conversion on Queen Street. Council would be in a better position to understand whether the implementation of the Queen Street conversion would result in a decrease in the reliance on Aberdeen Avenue at peak hours.

It is my understanding that this motion would require staff to report back and I feel this is prudent and a good course of action before any implementation of lane reductions take place on Aberdeen Avenue. It would also give Mohawk College an opportunity to monitor and assess the impacts to our operations on a go forward basis.

Dear Terry

Please accept this email on behalf of Hillfield Strathallan College as our strong objection to the proposal to make Aberdeen Avenue two lanes only.

With 15-20 of our buses using Aberdeen as the main thoroughfare to the 403 between 3:45 and 5:15 pm each day, having Aberdeen restricted in this way would not only cause major delays and inconvenience for our students and families, but it would also clog up the Queen Street Hill significantly as our buses wait even longer to turn left. Given this is a main access off the mountain, this decision seems shortsighted and smacks of pandering to the neighbourhood association who don't want traffic on their street.

Given the imminent opening of Queen Street to two way traffic, it makes no sense, in my opinion, to even consider this change until the other change to traffic flow is not only made, but studied to see if it is feasible to make this change to Aberdeen.

I think a broader consultation of those affected by this change would be in order.

Dear Councillor,

Re: Aberdeen/Beckett/Garth emergency corridor

As a Ward 1 business, with significant youth programming, lane reductions on Aberdeen will cause my customers significant hardship and risk their safety. A red light camera at Queen and Aberdeen would do significantly more for safety than eliminate half the lanes for traffic.

Soccer World offers early evening programming for over 300 children each weekday. Our programs range from 17months – 12yrs which requires their parents to drive. Although the majority of traffic is counter rush hour direction there is always significant traffic on Aberdeen and Dundurn. Further reducing the lanes will mean additional idling of vehicles and redirection of significant volumes onto residential side streets.

Aberdeen/Beckett/Garth and Wilson/Main West are the only two detour options when the Linc and/or 403 are closed. Days when there is a vehicle accident on the 403 forces traffic or bad weather significant traffic is diverted to the Aberdeen/Beckett/Garth emergency corridor. Cars need a place to go, and further eliminating traffic will only force them onto side streets at significantly greater danger to children.

Development on the mountain and infill downtown means traffic is increasing. Reducing the main artery by half will mean forcing vehicles onto side streets. Maintaining Aberdeen as the primary road will keep traffic off residential streets like Homewood, Stanley and Herkimer.

We would all like safer streets but must be realistic. Reducing lanes is not the solution. Adding a red light camera at Queen and Aberdeen is something that would make the intersection safer.

I appreciate you working for the good of the city, and not only the vocal neighbours who purchased homes on key traffic routes.

At Columbia International College, we are proud to be a part of the central heart of the Hamilton community for 40 years. We support the growth of our community and its notable causes.

It has come to my attention a project on Aberdeen will be brought to Council this week whereby reducing four lanes to two lanes providing 24/7 parking between Queen and Dundurn. I would like to bring to your attention that during the year, Columbia International College operates its academic buildings and residences using the Aberdeen Avenue. The use of this access is crucial to the school bus transportation of our students. Reducing the lanes on Aberdeen Avenue would result in increased traffic and the delay of our students reaching the school campus and interrupt their passageway home to their residence on Sanatorium Road. Our concern would be that Aberdeen Avenue is not only essential to the daily transportation of our students but also our staff who commute to work.

Columbia International College maintains its support in the prosperity of our community. Thank you for your consideration.

Good morning!

I am emailing you to let you know that I support the safe streets initiatives. My family and I live at 155 Aberdeen Ave (Hess and Aberdeen) we have 3 children 9, 7 year olds and a new Baby, and we honestly never feel safe walking or biking along our street. Although we have tried to petition for speed bumps on our side of Aberdeen it did not happen.

Please understand how frustrating it is to our friends and neighbors to see an obvious problem with a particular stretch of road and nothing of substance be done to slow the traffic. Yes, it affects us during the morning commute but we are willing to give up those 5-10 mins of our day to see some changes. Please take the time to come out during school drop off hours to see what insanity happens on Aberdeen daily.

My family and I hear and see accidents happen so frequently, my street savy kids know to stop well ahead of the intersection for the red light at Queen and Aberdeen as cars REGULARLY end up in the side walk at that corner. It's a regular occurrence. Always cars flying down or up the access. If something serious happens to a child or neighbour that would devastate this community and it's just a matter of time at this point. Please do the right thing. We support safe streets.

Dear Mayor Eisenberger

I am writing to support city staffs' recommendations to decreasing speed on Aberdeen Ave. between Queen St and Longwood Rd. I own a home on Aberdeen between Queen and Dundurn. It is true that the only time of day that cars aren't speeding is during rush hour due to higher traffic volume and increased use of pedestrian activated walk signals. I have also observed the almost 90% single passenger use cars at afternoon rush hour eastbound to travel the Queen St. Hill while waiting for the bus. Our challenge to achieve Vision Zero is to change driver behavior to reduce dependence on their car to get to work, school or appointments to using the HSR. By approving these staff recommended changes some drivers may make the decision to give the bus a try.

To Planning committee Councillors and City Staff

In regards to item 7.2 in the June 18th meeting about the renaming of Drakes Drive in Stoney Creek there was little to no discussion by council. The renaming seemed to be handled as an item of interest to be voted on to move to the June 26th full council meeting for approval. I am concerned that its renaming is being put through without review or discussion about the community letters or our input. This was to have been a Public meeting with public input.

Presently I am asking to have my initial letter of request for Drakes Drive name change and my current letter of concern be added to the agenda of the June 26th full council meeting. Thank you for your interest and attention to this matter.

To City Clerk,

Please and kindly forward this letter to all council prior to the June 26th council meeting and please include this letter in the agenda under **Item 11.3** 146 - To Rename North Service Road (commonly known as Drakes Drive) to Parkedge Drive Ward: 10.

Good Day Council Members,

Regarding the Building Committee meeting of June 18th, we in the lakeside community of Stoney Creek had anticipated that our requests for the renaming of Drakes Drive (formerly North Service Road) would have been a point of discussion among the council members. As it had been advertised in the Stoney Creek News on May 30th as a Public Meeting at the June 18th council meeting, the community was expecting that the various names submitted would be reviewed and discussed. It appeared to many of us that it was met with no discussion nor was there consideration given to the requested names forwarded by the community, rather, Parkedge was simply asked to be put forward and seconded.

While there were a few choices submitted, many of the community residents preferred that the name be changed Lakewood Beach Road to honour Community Beach Gardens - the first reg subdivision in our area. Registered in 1921, it encompassed the lands to the east and south (Frances, Pinelands, Teal and the Service Roads, to name a few. This name choice also includes the next major subdivision - Lakewood Landing. Hence the appropriate name - Lakewood Beach Road. As our letters were not openly discussed in this agenda item, it appears that the community was given no say in the matter at this public meeting and some of us wonder why.

Will the good members of full council please take a moment prior to and at the June 26th council meeting to consider the community residents' request of this very appropriate street name - Lakewood Beach Road - before any other street name is pushed through as final? Thank you for your kind consideration of this matter.

Submitted with respect,

Alberici is a general contractor, based in Burlington, which performs work across southern Ontario, and has a long history working for the City of Hamilton.

Over the years, we have also performed numerous projects in the ICI sector of the construction industry for the City of Toronto. Because of this, I am personally aware of the *Toronto compromise* which has governed ICI construction for the City of Toronto for decades. Under this compromise all general contractors are able to perform work for the City of Toronto, regardless of their union or non-union affiliations, provided that the relevant work is actually performed by subcontractors that are bound to the relevant union collective agreements. Alberici has constructed numerous major projects for Toronto under this arrangement.

The Toronto compromise is an example of the type of cooperative and forward thinking labour relations which go on within the construction industry. Under this compromise all are free to bid, and thereby the competitive market is maintained and enhanced, while the City, at the same time, can be assured of the quality, training and safety standards of the workforce for its construction projects and also uphold collective bargaining and collective agreements. Therefore, Alberici is in full support of the City of Hamilton reaching a similar compromise with the Carpenters' Union and we, as a general contractor, would urge you to take advantage of this significant opportunity.

Thank you for your consideration of this matter.

Yours truly,

Dear Ms. Paparella,

Re: City of Hamilton and Bill 66

Re: Correspondence for GIC Item 10.2

I am Alberici Constructors Ltd. representative of the Hamilton-Halton General Contractors Association and am writing to you concerning the City of Hamilton and its options in respect to opting-out of Bill 66.

Alberici is a general contractor, based in Burlington, which performs work across southern Ontario.

Over the years we have performed numerous projects in the ICI sector of the construction industry for the City of Toronto. Because of this, I am personally aware of the *Toronto compromise* which has existed and which has governed ICI construction for the City of Toronto for decades. Under this compromise all general contractors are able to perform work for the City of Toronto, regardless of their union or non-union affiliations, provided that the relevant work is actually performed by subcontractors that are bound to the relevant union collective agreements. Alberici as a company has taken advantage of this compromise on more than one occasion.

The Toronto compromise is an example of the type of cooperative and forward thinking labour relations which go on within the construction industry. Under this compromise all are free to bid, and thereby the competitive market is maintained and enhanced, while the City, at the same time, can be assured of the quality, training and safety standards of the workforce for its construction projects and also uphold collective bargaining and collective agreements. Therefore, Alberici is in full support of the City of Hamilton reaching a similar compromise

with the Carpenters' Union and we, as a general contractor, would urge you to take advantage of this significant opportunity.

Thank you for your consideration of this matter.

Dear Ms Paparella

Re: City of Hamilton and Bill 66

We write to Council on behalf of the Construction Labour Relations Association of Ontario, (CLRAO). Our association represents General Contractors in the Hamilton region as well as the rest of the province.

We understand the City is considering its options with respect to the "opt-out" provisions of Bill 66. CLRAO, and its members have for decades been a part of the solution to many of the challenges facing the purchasers of construction services for municipalities across the province including the City of Hamilton. As Council is aware, the City of Toronto has developed what is known as the "Toronto Compromise", wherein ALL General Contractors are permitted to bid for City work regardless of Union affiliation, or no affiliation at all. This has maintained and enhanced competitive bidding for projects in the City of Toronto. At the same time the compromise has ensured that construction work is performed to the high standards of quality and safety the City demands and skilled Unionized Carpenters can provide.

We believe a "Hamilton Compromise" can achieve competitive bidding and quality construction for the City, as well. To that end, we support a proposal that would result in "open bidding" for all General Contractors, with a requirement that the work of Carpenters be performed by members of the United Brotherhood of Carpenters and Joiners of America and its Local Union members. The members of UBCJA Local 18 are also citizens of Hamilton and environs, and we can attest to the skill, quality of work and safe practices these members and our Contractors achieve.

We believe this is a significant time for the City, and the opportunity to craft a "Made in Hamilton" compromise is one to which Council should give consideration.

Thank you

Sincerely

Dear Ms. Paparella:

RE: City of Hamilton and Bill 66

I am the Executive Vice President of the Golden Horseshoe General Contractors Association. The Association represents General Contractors in the Hamilton-Halton, Niagara, and Grand Valley areas. All member contractors are bound to the Collective Agreement with the United Brotherhood of Carpenters. This letter is in respect to Bill 66 and the opt-out provisions.

We understand the City's position on having their contracts open for bid by all general contractors, not just those bound to the Carpenters Collective Agreement. We are also aware of the Toronto compromise which allows general contractors to perform City work regardless of Union affiliation, provided the work is being done under the relevant Collective Agreement.

We believe in and fully support this compromise. It will provide the City of Hamilton with competitive prices, plus the quality, training and safety standards of the workforce so necessary for City projects.

The Golden Horseshoe General Contractors Association encourages the City to avail themselves of this compromise.

Sincerely,

Subject: Correspondence for June 26 Council

Mayor Eisenberger and City Councillors,

On behalf of the Hamilton and District Labour Council, I want to express our shock and outrage that the General Issues Committee would vote to tear up a 14-year-old collective agreement with the Carpenters' Union. On balance, this has been a collaborative relationship that has benefitted both the City of Hamilton and the workers that call Hamilton home.

That Councillors would vote in support of ripping up any collective agreement, and to use Premier Doug Ford as their excuse, flies in the face of the many positive public statements that the Mayor and many members of this Council have made in support of organized labour.

In a race to the bottom, it is workers health and safety, and community building efforts such as apprenticeships and equity programs that are first to go. The negative social costs that will occur through ripping up this collective agreement are not worth the costs.

It is bad enough, as an employer, to not use unionized labour or actively prevent the use of unionized labour.

Worst of all, however, is to take a signed commitment made by the City of Hamilton and tear it up in the faces of workers who have brought quality and dedication to the builds in this city.

What trust can we have in future Hamilton contracts and agreements if this one is so easily discarded.

We should be better than this. We should look to strengthen relationships that give Hamiltonians the best value builds for the money and not frivolously squander the safety of workers and our citizens for a few percentage points.

We should be proud to pay for the best value builds where our Hamilton workers go home safe.

It is not too late to reconsider and reverse Committee's decision. Vote to uphold Hamilton's values and your labour agreement with the Carpenters' Union.

With Regards,

Anthony Marco
President, Hamilton and District Labour Council

12. Feasibility of Assisting Major Festivals (Shut Out of the Celebrate Ontario Grant Process) with City Services (Item 11.3) – REVISED

That consideration of the following Motion, respecting the Feasibility of Assisting Major Festivals (Shut Out of the Celebrate Ontario Grant Process) with City Services, be referred to the July 11, 2019 Emergency & Community Services Committee meeting:

WHEREAS, the Provincial Government has failed to fund three major 2019 summer festivals in Hamilton through their Celebrate Ontario Grant Program, including the Festival of Friends, It's Your Festival and Supercrawl;

WHEREAS, the lack of any Provincial funding has negative effects that may include greatly downsizing these large outdoor festivals or even result in them being cancelled; and,

WHEREAS, traditionally, larger festivals pay for services rendered by the City of Hamilton, including but not limited to such measures as waste collection, road closures, HSR re-routing, Emergency Medical Services (EMS), Hamilton Police Service, Public Health, and lighting;

THEREFORE, BE IT RESOLVED:

That Recreation (Cultural Projects) staff, in consultation with other appropriate staff, be directed to report back to the Emergency and Community Services Committee on the following:

- (a) municipal services utilized by large festivals and the cost of rendering those services; and,

- (b) municipal services utilized by large festivals that the City of Hamilton may consider offering in kind as a means to continue to make these major Hamilton festivals viable.

13. Commemorative Designation of the Corner of King Street East and Walnut Street South as Gord Thompson Corner (Ward 2) (Item 11.4) – REVISED

WHEREAS, the late Gord Thompson was a tireless advocate for the International Village in Downtown Hamilton. As a successful business leader, operating Thompson Jewellery, Gord took great pride in beautification for his shop and the area and was well admired by customers and visitors over many decades;

THEREFORE, BE IT RESOLVED:

- (a) That the installation costs of \$150 be funded from the Ward 2 Area Rating Discretionary Fund, 3301909200 to formally dedicate the corner of King Street East and Walnut Street South as Gord Thompson Corner; and,
- (b) That the Mayor and City Clerk be authorized and directed to execute any required agreement(s) and ancillary documents to formally dedicate the corner of King Street East and Walnut Street South as Gord Thompson Corner, with such terms and conditions in a form satisfactory to the City Solicitor.

14. Pilot HSR Bus Stop Implementation at the Southwest Corner of Rymal Road East and Derby Street (Ward 6) (Item 11.5)

WHEREAS, the vision of the City of Hamilton is to be the best place to raise a child and age successfully;

WHEREAS, the City of Hamilton prioritizes Healthy and Safe Communities, where people are active, healthy and have a high quality of life;

WHEREAS, the City of Hamilton's Transit Division's Strategic direction is to make Transit your first choice, by providing customer-focused service that is safe, reliable, and inclusive;

WHEREAS, the City of Hamilton's transit stops act as gateways to residents in accessing transit services;

WHEREAS, the City of Hamilton entrusts the Transit Division to make critical planning decisions to ensure the selection of transit stop locations provide a balance of convenience and ease of accessibility for the City's residents, as well as meeting accessibility and service delivery requirements;

WHEREAS, prior to 2017 a non-accessible transit stop was located at the southwest corner of Rymal Road E. and Derby St., which was removed due to the acceptable distance it was from an accessible transit stop at the nearest pedestrian crossing;

WHEREAS, the City of Hamilton promotes an open, transparent, and accessible approach to City government that engages with and empowers all citizens to be involved in their communities; and,

WHEREAS, Ward 6 Councillor Tom Jackson received a petition from residents of the Broughton neighbourhood requesting a transit stop be re-instituted at the corner of Rymal Road E. and Derby St.;

THEREFORE, BE IT RESOLVED:

- (a) That staff be directed to implement a transit stop on the southwest corner of Rymal Road East and Derby Street on a pilot basis and that the pilot will:
 - (i) Be in effect a period of eighteen (18) months beginning in September 2019;
 - (ii) Include the installation of a transit pad and connecting pathway to the adjacent sidewalk at a cost not to exceed \$8,000.00, to be funded from the Ward 6 Area Rating Discretionary Account, 3301909600;
 - (iii) Prioritize the installation of a transit pad and connecting pathway, consistent with those installed on Rymal Road East between Upper Gage Avenue and Upper Ottawa Street, to coincide with, or as close to, the identified pilot start date; and,
 - (iv) Assess and determine the feasibility for installation of a permanent transit stop at the subject location based on criteria inclusive of pedestrian connectivity, accessibility and safety that are in alignment with the City of Hamilton's Vision Zero Action Plan, stop spacing to existing stops, operational impacts, and transit use from the adjacent Broughton neighbourhood based on Automated Passenger Counter data with a report back to the Public Works Committee;
- (b) That the Mayor and City Clerk be authorized and directed to execute any required agreement(s) and ancillary documents, with such terms and conditions in a form satisfactory to the City Solicitor.

15. Installation of Speed Cushions on Shelby Avenue, Hamilton in front of #28 Shelby Avenue and in front of #78 Shelby Avenue (Ward 4) (Added Item 11.6)

WHEREAS, a petition respecting the installation of speed cushions on Shelby Avenue in front of #28 Shelby Avenue and in front of #78 Shelby Avenue was received with 27 signatures (attached hereto as Appendix "A");

THEREFORE, BE IT RESOLVED:

- (a) That staff be directed to install speed cushions on Shelby Avenue, Hamilton in 2019 in front of #28 Shelby Avenue and in front of #78 Shelby Avenue, at a cost of \$11,000, be funded from the Ward 4 Area Capital Rating Reserve account (108054); and,
- (b) That the Mayor and City Clerk be authorized and directed to execute any required agreement(s) and ancillary documents to install speed cushions on Shelby Avenue, Hamilton in front of #28 Shelby Avenue and in front of #78 Shelby Avenue, with such terms and conditions in a form satisfactory to the City Solicitor.

16. Allocation of Funds Towards Traffic Calming Initiatives in Ward 5 (Added Item 11.7)

- (a) That \$120,000 be allocated towards Ward 5 traffic calming initiatives (speed cushions, electronic speed boards, knock-down sticks, pedestrian enhancements, etc.) be funded from the Ward 5 Area Rating Reserve Fund (108055);
- (b) That \$10,000 be allocated towards Stoney Creek traffic calming initiatives (speed cushions, electronic speed boards, knock-down sticks, pedestrian enhancements, etc.) be funded from the Stoney Creek Terrapure Reserve (117036); and,
- (c) That the Mayor and City Clerk be authorized and directed to execute any required agreement(s) and ancillary documents to implement traffic calming initiatives (speed cushions, electronic speed boards, knock-down sticks, pedestrian enhancements, etc.) in Ward 5, with such terms and conditions in a form satisfactory to the City Solicitor.

STRATEGIC ASSET MANAGEMENT POLICY

(in accordance with the Infrastructure for Jobs and Prosperity Act)

PURPOSE	<p>Strategic municipal asset management involves the challenge of planning and investing in municipal infrastructure assets, while ensuring sound stewardship of public resources and delivering valued customer services.</p> <p>The purpose of this Asset Management Policy is to affirm the City of Hamilton commitments in asset management through defined principles and processes, and to align and integrate asset management into strategic planning processes.</p> <p>This policy will provide a foundation for a strategic Asset Management Plan (AMP). This will help identify and prioritize investments in existing and future infrastructure assets, as the City continues its efforts to maintain assets in a safe, efficient and effective manner, capable of supporting the quality of life desired in the community.</p> <p>Strategic Asset Management enables the City to purposefully plan for community sustainability and resilience by:</p> <ul style="list-style-type: none"> • Proactively managing assets throughout their life cycle to deliver services sustainably to the community now and into the future, • Prioritizing infrastructure decisions that balance costs, risks and services, • Delivering services more efficiently and effectively, • Ensuring long-term affordability of services, • Reducing deficits and debt, and • Attracting business and investment. <p>This Asset Management Policy conforms to prescribed requirements from Ontario Regulation 588/17 (O.Reg.588/17), as amended.</p>
POLICY STATEMENT	<p>Pursuant to O.Reg. 588/17, The City of Hamilton makes the following commitments regarding Asset Management Planning:</p> <ol style="list-style-type: none"> 1. The City is committed to offering opportunities for municipal residents and other interested parties to provide input into asset management planning. 2. The City is committed to coordinating asset management planning for infrastructure assets interrelated with neighbouring

	<p>municipalities, or jointly-owned, including inter-connected drinking water distribution assets and road networks.</p> <p>3. As part of its asset management planning for municipal infrastructure, the City is committed to considering climate change. This includes the following:</p> <ol style="list-style-type: none"> Identifying the vulnerabilities of the City's existing and proposed infrastructure assets caused by climate change, and subsequent potential costs; Considering the means to address those vulnerabilities, related to operations, levels of service and lifecycle activities; Considering adaptation opportunities that may be undertaken to manage the vulnerabilities, Considering mitigation approaches to limit the magnitude or rate of long-term climate change (such as greenhouse gas emission reduction objectives), and Considering disaster planning and contingency funding.
SCOPE	<p>The scope of this policy applies to Core Municipal Infrastructure Assets owned by the City of Hamilton, as defined in O.Reg. 588/17, and as listed in Appendix 1.</p> <p>Core Municipal Infrastructure includes assets in the road right-of-way, bridges, culverts, drinking water treatment & distribution, wastewater treatment & collection, and storm water systems.</p>
PRINCIPLES	<p>The City will consider the following principles in decisions to invest, design, construct, acquire, operate, maintain, renew, replace or decommission infrastructure assets.</p>
Community Focus	<p>Infrastructure planning and investment should:</p> <ol style="list-style-type: none"> Promote economic competitiveness, productivity, job creation and training opportunities. Promote accessibility for persons with disabilities. Promote community benefits, being the supplementary social and economic benefits arising from an infrastructure project that are intended to improve the community well-being (creating jobs, improving public space, for example).

Prioritization	<p>4. Consider the needs of the public by being mindful of the local demographic and economic trends (seniors, commuters, tourists, etc.).</p> <p>5. Foster innovation by creating opportunities to make use of proven technologies, practices and services (especially those developed in Ontario).</p>
	<p>Infrastructure planning and investment should:</p> <p>6. Clearly identify and respect defined infrastructure priorities. A clearly defined hierarchy for infrastructure priorities is a critical foundation for an effective asset management plan, as priorities should inform investment decisions. Priorities will be further described in the AMP.</p> <p>7. Ensure the City continues to provide public services in the road right-of-way, bridges, culverts, drinking water treatment & distribution, wastewater treatment & collection, and storm water systems at defined levels of service.</p> <p>8. Take a long-term view in making asset decisions, especially considering the municipal life cycle of infrastructure assets from acquisition to disposal.</p> <p>9. Factor information with implications for infrastructure planning into infrastructure investment decisions.</p>
Health, Safety and the Environment	<p>Infrastructure planning and investment should:</p> <p>10. Ensure health & safety of workers involved in the construction and maintenance of assets is protected.</p> <p>11. Ensure infrastructure is designed to be resilient to the effects of climate change.</p> <p>12. Minimize the impact of infrastructure on the environment.</p> <p>13. Respect and help maintain ecological and bio-diversity.</p> <p>14. Endeavour to make use of acceptable recycled materials.</p>

Transparency	<p>Infrastructure planning and investment should:</p> <p>15. Be made on information that is evidence based, and, subject to any restrictions or prohibitions, on the basis of information that is either publicly available or is made available to the public.</p> <p>16. In cases where the City becomes aware of information that has implications for City infrastructure planning, this should be shared with relevant public agencies that may be affected.</p>
Coordination	<p>Infrastructure planning and investment should:</p> <p>17. Align with all relevant City of Hamilton financial plans prepared in accordance with relevant financial budgeting legislation.</p> <p>18. Be mindful of and align with the other City policies, Strategic Plan, and other plans and strategies in effect. A description of connected plans is provided in further detail in the Asset Management Plan.</p>
DEFINITIONS	(As defined in O.Reg.588/17)
Asset	A resource with economic value that a municipality controls with the expectation that it will provide a future benefit. An asset is specifically defined as property, equipment, vehicles, tools or other resources with a purchase value at or above the Capital Asset Threshold.
Asset Management (AM)	The coordinated activity of an organization to realize value from assets.
Asset Management Plan (AMP)	A plan to be developed for the management of infrastructure assets, in compliance with the Strategic Asset Management Plan from O.Reg.588/17, that combines multi-disciplinary management techniques (including technical and financial) over the life cycle of the asset in the most cost effective manner to provide a specific level of service. The management of infrastructure assets includes investment, design, construction, acquisition, operation, maintenance, renewal, replacement and decommissioning of these assets.
Capital Asset Threshold	The threshold at or above which a resource is considered an asset, the value of a municipal infrastructure asset at or above which a municipality will capitalize the value of it and below which it will

Core Municipal Infrastructure Asset	<p>expense the value of it. For the City of Hamilton, the capital asset threshold is defined in the Capital Asset Policy. However, items below the defined threshold may be included into the Asset Management Plan, based on risk, under the authority of the relevant department Director.</p>
	<p>Includes any municipal infrastructure asset that is a:</p> <ul style="list-style-type: none"> - water asset that relates to the collection, production, treatment, storage, supply or distribution of drinking water, - wastewater asset that relates to the collection, transmission, treatment or disposal of wastewater, including any wastewater asset that from time to time manages stormwater, - stormwater management asset that relates to the collection, transmission, treatment, retention, infiltration, control or disposal of stormwater, - road, or - bridge or culvert. <p>The City of Hamilton defines a 'road' asset as assets within the road right-of-way owned by the City, not including water, storm or sanitary.</p>
	<p>O. Reg. 588/17</p> <p>Under the Infrastructure for Jobs and Prosperity Act, 2015, principles are set out by the provincial government to regulate asset management planning for municipalities. On December 27, 2017, O. Reg. 588/17 was released which regulates asset management planning for municipal infrastructure.</p>
	<p>Public</p> <p>Residents and businesses in the City of Hamilton, stakeholders, or other interested parties.</p>
RESPONSIBILITIES	
<p>Council and Committees of Council (herein called "Council")</p>	<p>Responsible for approving the Asset Management Policy, Asset Management Plan, and approving budgetary decisions.</p> <p>Overall authority for policy approvals, and budgetary decisions as defined in the Municipal Act.</p> <p>Council has the authority to make asset management decisions related to investment, design, construction, acquisition, operation, maintenance, renewal, replacement and decommissioning of infrastructure assets.</p>

City Manager	<p>Overall executive lead responsible for establishing and endorsing the Asset Management Policy and the Asset Management Plan.</p> <p>Authority to execute or delegate the duties defined above, and the authority to make asset management decisions related to investment, design, construction, acquisition, operation, maintenance, renewal, replacement and decommissioning of infrastructure assets.</p>
Senior Leadership Team	<p>Responsible for ensuring the Asset Management Policy is relevant, suitable, adequate, reviewed and updated as required.</p> <p>Responsible for communicating land-use or master plans, forecasts, policies and other planning or financial commitments related to municipal infrastructure assets.</p> <p>Also responsible for coordinating with the General Managers to align asset management planning with budgets, land-use or master plans, forecasts, policies and other planning or financial commitments.</p> <p>Authority to carry out these responsibilities.</p>
General Manager Public Works	<p>Responsible for, and assigned the authority for, making asset recommendations related to assigned portfolios, in adherence with this policy.</p> <p>Authority to make asset management decisions related to investment, design, construction, acquisition, operation, maintenance, renewal, replacement and decommissioning of infrastructure assets.</p>
General Manager Finance & Corporate Services	<p>Responsible for communicating financial plans, forecasts and other financial commitments related to municipal infrastructure assets to the Senior Leadership Team.</p>
OTHER PROVISIONS Plans, Budgets and Forecasts	<p>This Policy and future AMP are only effective when fully aligned with City budgeting and forecasting activities. A process will be developed within the AMP to coordinate asset management decisions when developing municipal capital and operating budgets, and long-term forecasting related to infrastructure assets.</p>

Continual Improvement	This will include special consideration to align to the City of Hamilton Water Service Area Financial Plan, Development Charge Bylaw and Master Plans.
	<p>Asset management planning will be continually improved by considering emerging practices and principles in asset management planning.</p> <p>Opportunities for improvement will be also be determined through monitoring asset performance, and outcomes of asset decisions. Of particular importance are asset-related emergency situations, when seeking means to improve the City's asset management practices.</p>
Land-Use Planning Framework	A process will be developed and captured in the AMP to align asset management planning with land-use planning, including the City of Hamilton Official Plan, Development Charge By-Laws and other related master plans as they may be applicable.
Risk Management	<p>Climate change introduces risk and vulnerabilities for core municipal infrastructure assets. In order to fulfil climate change commitments in this Policy and stay aware of these risks and vulnerabilities, the Risk Assessment process will be developed through the AMP.</p> <p>Also, as noted in Definitions, items below the capital asset threshold may be included in the scope of asset management planning. That is, occasionally an item's value may be less than the defined capital asset threshold, but it has a functional value that introduces risk should the item's inventory, availability, condition or forecast not be considered and planned for. In that case, this item may be added using the Risk Assessment process that will be developed.</p> <p>Infrastructure priorities are inherently identified by consideration of risk. This process will be formalized as the AMP is developed, along with an overview of the risks associated with the strategy (i.e. ways the plan could fail to generate the expected service levels) and any actions that will be taken in response.</p>
Stakeholder Consultation	<p>Stakeholder involvement is a commitment in this Policy, and an important factor of a successful and relevant AMP. It is imperative that opportunities to provide input are consistently offered to residents and interested parties.</p> <p>Consultation and communication processes are in place, and will be described in the AMP.</p>

13. Corporate Policy for Official Planning Notification During Mail Strikes (Item 11.1)

WHEREAS, the Planning Act prescribes the options the City of Hamilton can use for giving notice of an application to the Committee of Adjustment for a minor variance or severance;

WHEREAS, the two statutory options available to the City of Hamilton are to give notice by placing an advertisement in the newspaper or by first class mail to property owners combined with posting a sign on the property;

WHEREAS, as a result of the most recent mail disruption at Canada Post which required the City of Hamilton to give notice by placing an advertisement in the newspaper; and,

WHEREAS, not all affected residents read the newspaper or what appear to be technical notices placed in the newspaper and residents miss the opportunity to participate in the Committee of Adjustment decision making process;

THEREFORE BE IT RESOLVED:

That Planning staff report back to Planning Committee on a strategy for informing residents that goes beyond the traditional newspaper advertisement in the event of future disruptions in mail delivery service.

14. 1 Main Street North, Waterdown (The Royal Coachman) - Register of Property of Cultural Heritage Value or Interest (Item 11.2)

WHEREAS, the owner of the lands located at 1 Main Street North, Waterdown, is considering selling the property for redevelopment;

WHEREAS, 1 Main Street North, Waterdown, known as the Royal Coachman property, is listed on the *Inventory of Building of Architectural and/or Historic Interest*, but is not currently recognized through registration or protected through designation under the *Ontario Heritage Act*;

WHEREAS, based on a preliminary evaluation of Cultural Heritage Value or Interest conducted as part the Waterdown Village Built Heritage Inventory, 1 Main Street North, Waterdown meet the criteria specified in Ontario Regulation 9/06 including, but not limited to:

- Historical associations with early transportation and lodging in the village. The property has a direct association with the Kirk family, who built and operated the Kirk House Hotel (now the Royal Coachman) for approximately 80 years (1880's-1960's). Additionally, the property has the potential to yield information that contributes to the understanding of the community through additional research.
- Physical and architectural design value as the property is a representative style of the Queen Anne Revival style, which was popular in Ontario between 1870 and 1910. The property displays a high degree of craftsmanship, including but not limited to the projecting bay with wood paneling and decorated barge board on the primary elevation.
- Contextual associations as it is important in defining the historical character of the area, is physically, functionally and historically linked to its surroundings, and is considered to be a local landmark.

THEREFORE BE IT RESOLVED:

- (a) That Council add the property located at 1 Main Street North, Waterdown, to the City's *Register of Property of Cultural Heritage Value or Interest* as a non-designated property, providing 60-days of interim protection from demolition; and,
- (b) That Council direct staff to add 1 Main Street North (the Royal Coachman), Waterdown, to staff's designation work plan and be assigned immediate priority for Heritage Designation in Q4.

Report FCS19059, respecting the Audit and Accountability Fund – Expression of Interest, was moved up on the agenda.

(h) NOTICES OF MOTION (Item 12)

Councillor N. Nann introduced the following Notice of Motion:

- (i) Modifications to the Guidelines and Criteria for the Barton/Kenilworth Tax Increment Grant Program; the Barton/Kenilworth Commercial Corridor Building Improvement Grant Program; the Barton/Kenilworth Commercial Planning and Building Fee Rebate Program; the Commercial Corridor Housing Loan and Grant Program; and, the Hamilton Tax Increment Grant Program (Item 12.1)**

WHEREAS, the City of Hamilton's Strategic Plan recognizes and supports the need for affordable housing units as one of the City's top priorities;

WHEREAS, the City's financial incentive programs delivered through the Economic Development Division, which include: the Barton/Kenilworth Tax Increment Grant Program; the Barton/Kenilworth Commercial Corridor Building Improvement Grant Program; the Barton/Kenilworth Commercial Planning and Building Fee Rebate Program; the Commercial Corridor Housing Loan and Grant Program; and, the Hamilton Tax Increment Grant Program, were created to provide an economic catalyst for developing, redeveloping or renovating residential/commercial lands and buildings within Downtown Hamilton; Community Downtowns; the Mount Hope/Airport Gateway; Business Improvement Areas and "Commercial Corridors", including the Barton and Kenilworth Commercial Corridors; and, the properties that front onto Barton Street between James Street North and Victoria Avenue North, as identified in the Downtown and Community Renewal Community Improvement Project Area;

WHEREAS, these incentive programs have contributed to the creation of approximately 700 new residential dwelling units and 134 renovated dwelling units since 2002;

WHEREAS, these incentives require that all residential units meet current property standards, fire code standards, and proper zoning as well as building code requirements; thereby, creating safe and legal residential dwelling units;

WHEREAS, these incentive programs continue to provide an important means by which the City is helping to increase housing supply in Hamilton;

WHEREAS, there is community concern that there is the potential that the property improvements supported by these incentive programs could potentially contribute to the displacement of vulnerable tenants;

THEREFORE, BE IT RESOLVED:

- (a) That staff be directed to make any necessary modifications to the guidelines and criteria for the Barton/Kenilworth Tax Increment Grant Program; the Barton/Kenilworth Commercial Corridor Building Improvement Grant Program; the Barton/Kenilworth Commercial Planning and Building Fee Rebate Program; the Commercial Corridor Housing Loan and Grant Program; and, the Hamilton Tax Increment Grant Program to ensure that:
 - (i) Any property improvements funded by these incentive programs do not result in the permanent displacement of an existing tenant, as a result of the improvement;
 - (ii) Tenants are provided full and comprehensive information, verified by, and in consultation with Housing Services staff, regarding their legal rights if any property improvements that are funded by these incentive programs have the potential to disrupt or impact the tenants; and,
 - (iii) The explicit value and nature of the City's financial contribution to any property improvement is disclosed to the Landlord and Tenant Board in any matter involving an application for an above-guideline rent increase.

(ii) Extension of the Lincoln M. Alexander Parkway and Red Hill Valley Parkway Enhanced Enforcement Initiative (Item 12.2)

Item 12.2, respecting a Notice of Motion regarding the Extension of the Lincoln M. Alexander Parkway and Red Hill Valley Parkway Enhanced Enforcement Initiative, was moved up on the agenda.

Councillor S. Merulla introduced a Notice of Motion respecting the Extension of the Lincoln M. Alexander Parkway and Red Hill Valley Parkway Enhanced Enforcement Initiative.

The Rules of Order were waived to allow for the introduction of a Motion respecting the Extension of the Lincoln M. Alexander Parkway and Red Hill Valley Parkway Enhanced Enforcement Initiative.

For disposition of the matter above, please refer to Item 8.

(i) GENERAL INFORMATION / OTHER BUSINESS (Item 13)

(i) Use of City Parks and Public Places (Item 13.1) (no copy)

A discussion took place respecting recent incidents that have occurred on City property and concerns for public safety, as well as the need for methods to prevent these types of occurrences from happening in the future.

(j) PRIVATE & CONFIDENTIAL (Item 14)

(i) Closed Session Minutes – June 5, 2019 (Item 14.1)

- (a) The Closed Session Minutes of the June 5, 2019 General Issues Committee meeting, were approved; and,
- (b) The Closed Session Minutes of the June 5, 2019 General Issues Committee meeting shall remain confidential.

Committee moved into Closed Session respecting Appendix “A” to Report HUR19015/LS19024/FCS19056 (Item 10.2), and Items 14.2, 14.3 and 14.4 pursuant to Section 8.1, Sub-sections (c), (d), (e), (f) and (k) of the City's Procedural By-law 18-270, and Section 239(2), Sub-sections (c), (d), (e), (f) and (k) of the *Ontario Municipal Act*, 2001, as amended, as the subject matters pertain to a proposed or pending acquisition or disposition of land, labour relations or employee negotiations; litigation or potential litigation, including matters before administrative tribunals, affecting the City; the receiving of advice that is subject to solicitor-client privilege, including communications necessary for that purpose; and, a position, plan, procedure, criteria or instruction to be applied to any negotiations carried on or to be carried on by or on behalf the municipality or local board.

(k) ADJOURNMENT (Item 13)

There being no further business, the General Issues Committee adjourned at 6:40 p.m.

Respectfully submitted,

B. Johnson, Deputy Mayor
Chair, General Issues Committee

M. Pearson, Acting Deputy Mayor (Chair)
General Issues Committee

Stephanie Paparella

- ☒ I acknowledge that it is a program requirement that the proposed third-party review project result in a publicly posted report by November 30, 2019.

What is the anticipated cost of your proposed third-party review project? **Note:** only the cost of a third-party service provider should be included. Attach a document to support the timeline and costs of your project. It is estimated that the proposed review will be less than \$250,000.

Have you included a resolution of council demonstrating support for the proposed third-party review project? **Note:** this is not a program eligibility requirement.

- ☒ Yes (If yes, please attach a copy to this Expression of Interest form)
- ☐ No

Review Project Description

1.) Provide a brief description of your proposed third-party review project.

City departments engage external consultants and contractors to undertake a variety of projects. Proposed third-party Review will analyze financial and performance related data on the City's use of external consultants and contractors. The Review will examine feasible and innovative service delivery options where external consultants and contractors are utilized extensively. The Review will focus on the overall service performance in relation to approved service standards.

2.) Provide a summary of the objectives of your proposed third-party review project.

Proposed Review will evaluate the reliance on external consultants and contractors, assess knowledge transfer to City staff, identify service delivery alternatives and efficiency opportunities.

3.) Provide a summary of expected outcomes of your proposed third-party review project.

A focus of the Review will be to identify sustainable long-term service delivery efficiencies and associated cost savings.

ROXBOROUGH HOUSING INCENTIVE PILOT PROGRAM**Program Guidelines****Background**

Located in the McQueston Neighbourhood, the Roxborough Community Improvement Project Area (CIPA), is intended to encourage revitalization initiatives and stimulate development in what has been identified as a vulnerable area with acute housing needs. The CIPA allows municipalities to provide incentives to assist in the revitalization of lands and/or building within the defined Community Improvement Project Area.

Through Community Improvement Plans, municipalities can:

- focus public attention on local priorities and municipal initiatives
- target areas in transition or in need of repair, rehabilitation and redevelopment
- facilitate and encourage community change in a co-ordinated manner
- stimulate private sector investment through municipal incentive-based programs

The goal of the Roxborough Housing Incentive Pilot Program is to minimize the financial barriers to create affordable housing in the existing Roxborough CIPA by introducing incentives in the form of providing exemptions in the forms of forgivable loans for development charges and parkland dedication fees. The intent of this Pilot project is to demonstrate how a mixed tenure, mixed income development can produce positive outcomes and be used as a model for future incentive programs to promote the development of affordable housing across Hamilton including outside of the downtown.

1. Program Details

The Roxborough Housing Incentive Program (the “RHIPP”) is available to property owners within the Roxborough CIPA. It allows developers of affordable rental or ownership housing units to receive exemptions of the City of Hamilton’s development charges and parkland dedication fees for 10 years after the issuance of a building permit.

Developers of rental units will be required to enter into an agreement with the City, registered on Title, to maintain that unit prices and rents meet the City’s definition of affordable for a minimum period of 10 years.

Developers of affordable homeownership units will be required to enter into an agreement with the City stating that the funding will be provided to off-set development charges and parkland dedication fees. This funding is then converted by housing providers/developers into reductions in the purchase price of newly created units. The program is modelled after the existing federal/provincial down payment assistance program so that funds can potentially be combined for even deeper affordability.

2. Program Terms & Criteria

Approval is at the absolute discretion of the City and subject to the availability of funds

Eligibility Criteria

All projects must meet these minimum requirements:

- have primary use as residential
- be located in the Roxborough CIPA
- For rental units, not exceed 175% of the average market rent, by unit size in the applicable rental market zone
- For affordable homeownership units, exemptions provided the homes are sold for a minimum 20% below average sale price of new construction and individual purchasers have demonstrated moderate to low income and do not own any other residential property.

2.1 – Unit Price Thresholds

Rental

175% - Average Market Rent (2018)

Unit Size	175% AMR
Bachelor	\$1,337
1 Bedroom	\$1,617
2 Bedroom	\$1,904
3+ Bedroom	\$2,401

Affordable Homeownership

10% Below Median Sale Price of new construction, Homes Sold, Hamilton (2019)

Year	10% Below Median Sale Price
2019	\$397,000*

*to be indexed annually

2.2.- Affordability Period

Rental Units

The development charge and parkland dedication fee exemptions will act as a forgivable loan provided rents remain affordable for 10 years after the issuance of a building permit. The loan is secured on Title throughout the affordability period ensuring rents remain affordable for the full period regardless of a transfer of property ownership.

Affordable Homeownership

Funding will be provided to off-set development charges and parkland dedication fees. This funding is then converted by housing providers/developers into down payment assistance loans to make the homes more affordable for eligible purchasers.

2.3 – Eligible Proponents

The RHIPP is open to:

- community housing providers (i.e. public or private non-profit housing organizations or rental co-operatives)
- municipalities
- Indigenous groups and organizations
- private sector organizations

2.4 - Location

Developments shall be located within the City of Hamilton, Roxborough CIPA [Map \(attached as Appendix “B” to Report HSC19034\)](#)

3. Maximum Grant Amount

Grants are up to a total maximum of 100% of the municipal development charge and parkland dedication fees. Educational development charges are out of scope as part of this program and will be due at the time of building permit issuance.

4. Repayment Terms

Repayment of the loan is not required unless there is a violation of any program terms and conditions.

5. Application Process and Approvals

Developers will complete the application package, submit the completed package to the Housing Services Division in advance of obtaining a building permit. The full amount of the development charge and parkland dedication fee will be exempted at the time of payment of the initial building permit. Agreements securing the exemptions will be signed with the City in advance of permit issuance.

6. Documentation Required for Records

The Housing Services Division is responsible for retaining the following documents seven years beyond the life of the program:

- Signed application package, including all required accompanying documentation
- Letter of approval to proponent from City of Hamilton
- All invoices and internal journals for all eligible expenditures
- Records of all payments and defaults
- Copies of rent rolls, unit information
- For affordable homeownership units, personal information about prospective unit

owners confirming income, age, ability to pay and confirmation purchasers do not own other residential property. This information is gathered through a supplemental application package completed by the prospective home buyer.

7. Remedies

In the event there is a violation of the terms of the pilot program at any point during the affordability period, the value of the development charge incentive and parkland fees are due to the City on a pro-rated basis. The City has the authority to collect debts through a variety of measures including adding outstanding accounts to the tax roll of the property and collect them in the same manner as municipal taxes.

For Rental Units

The property owner must provide an annual statement and information package to the City confirming that each unit remains affordable. Rents may increase annually in accordance with market prices as long as they continue to meet the City’s definition of affordable.

The 10-year affordability period is secured on Title ensuring rents remain affordable regardless of a transfer of property ownership. If at any point during the 10-year affordability period, the units are no longer deemed affordable by the City or the developer fails to meet program criteria, the developer or subsequent property owner will be required to pay the City development charges and parkland fees.

Proportional expiry – for each year the rental property conforms to the affordability requirements of the plan the cost of violation is reduced by 10% of the original investment.

For Homeownership

The development charges and parkland waivers will be secured through an agreement between the City and the Developer. This agreement will ensure the following eligibility of future purchasers is secured prior to final purchase and sale:

- The purchaser is of moderate to low income;
- The purchaser shall not own any other residential property; and,
- The purchaser is not a business or entity.

EXECUTIVE SUMMARY

The Ministry of Health and Long-Term Care (MOHLTC), in conjunction with McMaster Children's Hospital, has requested that the Hamilton Paramedic Service, operated by the City of Hamilton, provide a dedicated ambulance resource to support their neo-natal intensive care medical outreach team.

The MOHLTC, through an Inter-Facility Transfer funding agreement proposes to fund 100% of the required capital equipment and staffing costs of this dedicated ambulance resource, with such agreement to be extended from year to year as mutually agreed.

Alternatives for Consideration – Not Applicable

FINANCIAL – STAFFING – LEGAL IMPLICATIONS

Financial:

Financial staff were involved in the development and costing of all aspects of a preliminary 2018 proposal and the November 2019 operating proposal.

The MOHLTC is providing 100% funding for the capital and staffing costs of the dedicated transport vehicle. There is no net levy impact.

Staffing:

The equivalent of ten (10) full time staff are required to provide the dedicated ambulance coverage 24 hours per day, 7 days per week, 52 weeks of the year, inclusive of all related backfill costs.

Legal:

The proposed agreement as received from the MOHLTC has been reviewed by legal staff and is in a form satisfactory to the City Solicitor.

HISTORICAL BACKGROUND

The Hamilton Health Sciences McMaster Children's Hospital (MCH) operates a 47 bed, tertiary level, Neonatal Intensive Care Unit (NICU). This NICU is the referral centre for a catchment area of 2.2 million and 27,000 births. The closest adjoining similar NICU programs are located in London and in Toronto. An outreach program, and medical transport team, is operated by the MCH to enable the highest level of assessment, stabilization, and treatment at various outlying hospitals and to then provide care of the patient during transport by ambulance from the referring hospital back to MCH.

The process for several years when an outreach is required for the MCH transport team and related equipment to be transported from MCH to the referring hospital, to stabilize

the patient at the referring hospital, and when the patient is ready for transport back to MCH is for a local ambulance to be assigned to bring the medical team, equipment, and patient back to MCH for a higher level of care.

In accordance with the *Ambulance Act*, the core legislated operating responsibility for the City of Hamilton is to provide the required resources for the provision of emergency land ambulance service to meet the needs of the residents and visitors to the City of Hamilton. Accordingly, our ambulance deployment plan, and our current staffing level, has not provided HPS resources at City of Hamilton expense to pick up a medical team and equipment at MCH, take them to an out of town referring hospital, wait for the medical team at the referring hospital, or to return the medical team, equipment and patient from the out of town referring hospital back to MCH. Such purpose is outside the core funding responsibility of the City of Hamilton.

With an interest on the part of MCH and the MOHLTC to improve the operational capacity of the MCH medical team, the HPS has been contacted several times over the past few years to discuss options for the provision of a dedicated land ambulance resource, operated by the City of Hamilton, for the purpose of transporting medical teams and equipment to the sending hospitals, await the team and patient readiness to return to MCH, and to then transport the patient, team, and equipment back to MCH.

Our expressed position with the MOHLTC and MCH has been that provision of a dedicated ambulance resource to support the MCH operations, and in support of various referral hospital needs, would require 100% funding from either MCH or the MOHLTC.

On October 11, 2018, the MOHLTC convened a teleconference to discuss the potential for implementation of a dedicated ambulance resource in support of the NICU needs.

Subsequent to the October teleconference on November 19 a request for an implementation plan was received from the MOHLTC South West Field Office. An implementation plan was provided in response to this request providing for the addition of one ambulance and the required paramedic staff to provide Neonatal Intensive Care Unit Transport Team transport support 24 hours per day, 365 days of the year.

The proposed implementation of the program for the 2019 calendar year included a one-time capital support in the amount of approximately \$272,345 and staffing wage and benefit costs in the amount of \$1,133,677. For the operating years after 2019 inflationary wage cost increases will be required.

The MOHLTC responded to this on April 5, 2019, with a confidential and embargoed agreement for the provision of the requested dedicated inter-facility transport ambulance in support of the MCH NICU outreach program. That embargo has now been lifted and we are able to bring this report forward for approval. Initiation of the project is possible

within four to six weeks of confirmation of available funding and agreement on the operational aspects of this additional resource

POLICY IMPLICATIONS AND LEGISLATED REQUIREMENTS

Pursuant to the *Ambulance Act* (the Act) the City of Hamilton is the “Designated Delivery Agent (DDA) for all land ambulance services provided in the City of Hamilton. This service is known, and operated under Certificate 718, as the Hamilton Paramedic Service (HPS). The HPS is the sole ambulance provider for the entire City of Hamilton, an area of approximately 1,117 square kilometres and a population of approximately 537,000 people.

In accordance with the Act, the Regulations pursuant to the Act, and the various Directives and Standards pursuant to both the Act and the Regulations, the City of Hamilton, in part;

- Determines the level of land ambulance service required to provide an appropriate level of service to the public within the City of Hamilton; and
- Funds the cost of land ambulance service required to meet the needs of the public; and
- Receives a conditional grant from the Province of Ontario as subsidy for the cost of provision of land ambulance service; and
- Ensures their provision of land ambulance service meets the standards required by the Province of Ontario to achieve and to maintain certification; and
- Ensures the plan provided to the Ministry of Health and Long-Term Care (MOHLTC) Central Ambulance Communications Centre (CACC) for the deployment of the land ambulance resources it provides is approved in the manner designated by the MOHLTC.

RELEVANT CONSULTATION

Consultation has occurred with McMaster Children’s Hospital and with the Ministry of Health and Long-Term Care over the past 20 months to identify their needs and to develop a solution.

ANALYSIS AND RATIONALE FOR RECOMMENDATION

The need to support the MCH outreach team activities in responding to out of town referral hospitals and returning these critical patients to a higher level of care is apparent. The proposed agreement provides the capacity to support these needs without negatively impacting City of Hamilton taxpayers.

WHEREAS, the City of Hamilton underwent the "External Audit Review of HECFI Operations" with the assistance of KPMG in 2011;

WHEREAS, upon completing the "External Audit Review of HECFI Operations" in 2013, Council directed and authorized staff to enter into a Management Agreement between the City of Hamilton and Global Spectrum Facility Management, L.P. ("Global Spectrum") and into a Facility Operating Management Agreement between the City of Hamilton, the Hospitality Centre Corporation and Carmen's Group ("Carmen's");

WHEREAS, the initial 5-year terms of the Management Agreement between the City of Hamilton and Global Spectrum and the Facility Operating Management Agreement between the City of Hamilton and Carmen's were set to expire on December 31, 2018;

WHEREAS, at the July 13, 2018 Council Meeting, Council approved a report titled "Downtown Entertainment Assets Operating Agreements CM19013 (City Wide)", which authorized 6-month extensions of both the Management Agreement between the City of Hamilton and Global Spectrum and the Facility Operating Management Agreement between the City of Hamilton and Carmen's, while staff initiated a competitive renewal process;

WHEREAS, at the January 23, 2019 Council Meeting, and with the consent of Global Spectrum and Carmen's, Council approved a motion directing staff to negotiate 5-year extensions of the existing Management Agreement between the City of Hamilton and Global Spectrum and the existing Facility Operating Management Agreement between the City of Hamilton and Carmen's;

WHEREAS, at the April 24, 2019 Council Meeting, and with the consent of Global Spectrum and Carmen's, Council approved a motion directing staff to amend the existing Management Agreement between the City of Hamilton and Global Spectrum and the existing Facility Operating Management Agreement between the City of Hamilton and Carmen's to reduce the notice period by which the City of Hamilton must exercise its right to extend the Management Agreement and the Facility Operating Management Agreement from 60 days to any time prior expiry of the Management Agreement and the Facility Operating Management Agreement, as the case may be;

WHEREAS, both the Management Agreement between the City of Hamilton and Global Spectrum and the Facility Operating Management Agreement between the City of Hamilton and Carmen's are now set to expire on June 30, 2019;

WHEREAS, at the June 12, 2019 Council Meeting, Council approved a report titled "Downtown Entertainment Assets Operating Agreements CM18013(a) (City Wide)", which authorized 5 and one-half year extensions of both the Management Agreement between the City of Hamilton and Global Spectrum and the Facility Operating Management Agreement between the City of Hamilton and Carmen's; and

WHEREAS, staff are currently in the process of finalizing the terms of the aforementioned 5 and one-half year extensions with Global Spectrum and Carmen's and require further time to accomplish same;

THEREFORE BE IT RESOLVED:

- (a) That the Mayor and City Clerk be authorized and directed to execute an extension to the existing Management Agreement between the City of Hamilton and Global Spectrum Facility Management, L.P. (Global Spectrum) to extend the term of the Management Agreement until September 30, 2019; and
- (b) That the Mayor and City Clerk be authorized and directed to execute an amendment to the existing Facility Operating Management Agreement between the City of Hamilton, the Hospitality Centre Corporation and Mercanti Banquet & Convention Centre Ltd. (Carmen's Group) to extend the term of the Facility Operating Management Agreement until September 30, 2019.

Amendment No. 242
to the
Official Plan of the City of Hamilton

The following text, together with Appendix "A", attached hereto, constitutes Official Plan Amendment No. 242 to the City of Hamilton Official Plan.

1.0 Purpose and Effect:

The purpose and effect of this Amendment is to amend the West Harbour (Setting Sail) Secondary Plan by increasing the building height of the subject lands to permit the development of an eight-storey mixed use building.

2.0 Location:

The lands affected by this Amendment are located at 468, 470, 474, and 476 James Street North in the City of Hamilton.

3.0 Basis:

The basis for permitting this Amendment is as follows:

- The proposed development efficiently utilizes the existing infrastructure, positively contributes to the streetscape and makes use of an underutilized lot;
- The proposed development implements the vision of the West Harbour (Setting Sail) Secondary Plan in maintaining James Street North as a mixed use area, while providing intensification at a form and scale that is in keeping with the character of the surrounding neighbourhood and is in proximity to existing transit;
- The Amendment is consistent with the Provincial Policy Statement, 2014 and the Growth Plan for the Greater Golden Horseshoe, 2019.

4.0 Changes:

4.1 Mapping Changes:

That Schedule M-4: General Land Use Map of the West Harbour (Setting Sail) Secondary Plan is amended by establishing a new 6-8 storey building height category and apply the new 6-8 storey building height category to the lands at 468, 470, 474, and 476 James Street North, as shown on Appendix "A" of this Amendment.

5.0 Implementation:

An implementing Zoning By-law Amendment and Site Plan Control will give effect to the intended uses on the subject lands.

This is Schedule "1" to By-law No. 19-150 passed on the 26th day of June, 2019.
