# TRANSFORMING

*Our Community, A Life At A Time*

*A Quarterly Newsletter for The King's Way Outreach Centre*

## ***Thank YOU for helping to save a life like Ashna's!***

We recently helped Ashna, a mother who had lost her job because her place of employment found out she was pregnant. She could hardly speak English and her husband found it difficult to maintain steady part-time work. We were able to sponsor them for Christmas and give them all they needed and for their new baby. They were so overwhelmed with joy and tears as they received all their gifts. A few months later, they came into The King's Way to share the great news that the husband had found steady full-time work while Ashna also obtained a part-time job that allowed her to spend time with her new baby. They also shared they had recently purchased their own home and were very grateful that we were able to help them through their most difficult time of need. Without your help, Ashna and her family would still be living on hard times. Today, they are safe, warm and self-sufficient.

***I had been sleeping outside in the cold with no shoes or coat...  
I was hungry...I was homeless...The King's Way gave me  
everything I needed to survive!***

Tom Bradley - Client

"I first came in to The King's Way three years ago. Ten months ago, I was hungry and I was homeless. I had been sleeping on a bench for about nine months. I was living off the spare change that people would give me on the streets. I had been sleeping outside with no shoes on during the winter when I came to The King's Way, because I had nowhere else to go. The Centre was actually closed, but Antoinette was there doing some work and she let me in. She refused to let me leave without finding me proper footwear. She gave me a nice pair of brand new winter boots that I am still wearing today. She saved my feet from frost bite. I have been coming here for about three years now. I came for breakfast and I stayed for the people, for the environment. The King's Way got me through the worst time of my life, being homeless. Their food, clothes, and the environment here is what kept me coming back. The volunteers here have such a heart to help the city. The King's Way has made my life so much better."

649 King Street East, Hamilton, ON L8N 1E5

# You Can Make a Difference!

Stories like Tom's happen every day at The King's Way. His life was never the same after coming into our centre. Many people who are sleeping on the streets in this cold weather are without the basic necessities to protect them from the harsh winter elements. These precious people are looking for food, clothes, shoes and life necessities. Your giving can make this happen TODAY. Would you consider impacting a life again? It's the generous support from friends like you that make a difference. Please join us again in helping a person in need TODAY!

## Dollar for Dollar Matching Challenge up to \$5,000 for "The King's Way To Go" Van

There are many who need help who cannot make it into our centre. We are making plans now to obtain a van which would be equipped to service people with hot drinks, food and clothing. King's Way To Go! A generous donor is willing to match your gift dollar to dollar up to \$5000. We have raised \$2500 and have \$2500 more to go. Give today!

**Our Life Changing Classes: Overcoming Domestic Abuse, Healing Art,  
Come to the Table Healthy Cooking, Overcoming Addictions, Functional Literacy**

---

*The King's Way brings me a sense of belonging. It feels like family!*

*Stephen Timmons - Volunteer*

"When I first came in to the King's Way, I was an alcoholic, and a drug addict. I had no contact or connection with my family or children. I was lonely. The King's Way truly transformed my life. I had been through four or five other 12 Step Programs for my addictions, but The King's Way's class, Overcoming Addictions, allowed me to get free of drugs and of my addiction to alcohol. It took me fourteen years to reach out to my children and talk to them again. Without The King's Way and going through talk therapy with their volunteers, I never would have done it. They inspired me to strive for the connection and relationship that I now have with most of my children again."

*The King's Way brings me a sense of belonging, and it feels like family. You walk through the doors and everyone reaches out to you. They know your name. I started volunteering here so I could give someone else what The King's Way gave me - I just want to help people. The King's Way gives me a place to do that.*
