COUNCIL DIRECTION

At General Issues Committee Budget meeting January 29, 2020, Council requested a more detailed summary of roles and responsibilities within the Communications team.

INFORMATION

Communications is an enabling support to all the Divisions of the Corporation, communicating with the public and staff about City business, programs, services, and engagement opportunities through a variety of channels.

The Communications team supports all 70 of the City’s services through a unique set of skills in four main categories; an organized, integrated approach to delivering services to the community and the corporation:

1. Media relations and information
2. Marketing and Social Media
3. Graphic Design and Production
4. Digital Communication Operations

Roles: The prime point of contact for all media relations, keeps the public informed through all media channels, develops & executes campaigns with operating departments, manages the City’s digital channels. Seeks out savings through media buys, use of digital tools.
The City of Hamilton is a 24-hour, 7 day a week operation, as is the news cycle. The majority of staff including the Communications Officers, Social Media and Digital Communications Officers are available seven (7) days a week to provide timely public communications related to emergencies, closures, cancellations, roads and inclement weather events, urgent matters, etc. The strong media relationships that have been established through the team are very important to the City.

In the past, many of these resources were decentralized across the operating departments. Council approved Centralization of City Internal support Services (HUR17007/CM17012 /FCS170560), dated May 8, 2017, to gain consistency, efficiency, and standards across the corporation. Centralized media buying, for example, has resulted in a dramatic reduction in rates and better placements of ads in the appropriate media channel.

Many of these Communications deliverables would otherwise require contracting out to suppliers. Bringing the work in house for core projects is a cost-effective delivery method compared to outsourcing. For example, some of our operating groups used 3rd party suppliers to develop and maintain micro web sites for their Division. The Digital team developed a framework within Hamilton.ca to meet their needs and eliminate the costs for design, content management, and hosting.

Both digital and traditional media activity has continued to increase significantly in 2019, for example, there was a 42% increase in the number of campaigns and projects, continued growth across our digital platform followers, and Hamilton.ca enhancements that created $35,000 in savings.

While the team has grown modestly through centralization, the incremental FTE’s and their funding have mostly resulted from transfers of work, and in some cases people, from the operating groups. Much of this work was previously outsourced. By centralizing these resources, it has provided capacity through efficiencies that enabled additional work to be handled, and it has avoided additional staffing or outsourcing costs.

There are four (4) functional teams within the collective group, each reporting to the Director: Total current FTE = 24

FTE approved by Council in 2019 budget

- Operational management of City's digital channels: Hamilton.ca, CityApp, Open Data Portal, Public Engagement Portal, Intranet/ internal communications, Google Analytics program
- Each channel has its own plan of action and implementation roadmap including: standards and policies, KPIs, business, user and legislative requirements, continuity planning, vendor management/procurement

The intentional move towards centralization and the use of digital media has resulted in a significant increase in the volume of work, and importantly, a higher level of integration of the effectiveness and approaches to communications, branding, and campaigns.

COUNCIL DIRECTION

At the February 24, 2020 General Issues Committee Budget meeting a motion was passed that staff be directed to report back during the 2020 budget process with a list of under-performing HSR routes.

INFORMATION

Detailed information regarding under-performing HSR routes is attached as Appendix “A” to Report PW20015 and also includes the Council approved service standards in the local 10-year strategy. Appendix “B” attached to Report PW20015 includes measures relative to how identified underperforming routes are performing against the approved service standards. Finally, Appendix “C” attached to Report PW20015 outlines a breakdown of possible service reductions on the low performing routes and other adjustments that could be made to reduce operating costs.

   General Issues Committee

COMMITTEE DATE: March 4, 2020

SUBJECT/REPORT NO: Graffiti Enforcement Program Update (PED20079) (City Wide)

WARD(S) AFFECTED: City Wide

COUNCIL DIRECTION

On March 2, 2020, the General Issues Committee requested additional information on
the 2018-2019 Graffiti Enforcement Program.

INFORMATION

This Report provides additional information as requested at the General Issues
Committee meeting on March 2, 2020 regarding the Graffiti Enforcement Program.

Since January 2018, Licensing and By-law Services have employed two co-op students
as Municipal Law Enforcement Officers (MLEO) as part of the two-year Graffiti
Enforcement Program pilot that Council approved on November 22, 2017. The MLEOs
provide a proactive, solution focused, graffiti enforcement strategy by working with
property owners to obtain compliance with the Yard Maintenance By-law.

Understanding that the property owners are victims of crime when graffiti is on their
property, MLEOs implement a soft enforcement approach and as a result, the MLEOs
have had positive responses from the public. Furthermore, since June 2018, MLEOs
have been providing $25 gift cards to assist property owners who have been affected by
graffiti more than once or those who are self-identified as low income. The gift card
assists by offsetting the cost to purchase paint or products to remove the graffiti. The

OUR Vision: To be the best place to raise a child and age successfully.
OUR Mission: To provide high quality cost conscious public services that contribute to a healthy,
safe and prosperous community, in a sustainable manner.
OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service,
   Engaged Empowered Employees.
gift cards for the victim assistance program was funded through the Keep Hamilton Clean and Green Committee, and Licensing and By-law Services has provided funds as well. This demonstrates the City’s continued dedication to work with the community by helping to ease the burden of graffiti removal costs to private property owners.

The MLEO co-op student wage of $20.09 is based on 55% of a step 1 MLEO position at $36.52. The annualized cost for two students, including wages, benefits, overhead and vehicle costs is $97,556. With a May 1, 2020 implementation date, the prorated cost on the 2020 Operating Budget would be $65,037.

In 2017 the Graffiti Enforcement Program, MLEOs enforced graffiti mainly on a reactive complaint basis with occasional proactive enforcement. In 2017, Licensing and By-law Services received 236 complaints for private property.

During the two-year Graffiti Enforcement Program 361 private property complaints were received and investigated by the students in 2018, and 322 complaints were received and investigated in 2019. In addition, the students proactively identified 1,362 incidents of graffiti that normally would not be reported or identified to the City. In total, the students issued 1,276 orders that required a second or third inspection totalling 3,898 site visits with a voluntary compliance rate of 97% for the total of graffiti incidents in the City.
