Reason(s) for delegation request:

5G rollout- From what I have researched 5G will produce harmful radiation. I have been informed that Niagara Fall has put a moratorium on 5G rollout. The country of Brussels has also put a stop to it. I feel we will be bombarded by "millimeter waves" (MMW) refers to extremely high-frequency (30-300 GHz) electromagnetic radiation.

Also very disappointed to see that we receive a grade of D in overall physical fitness in our youth and adults according to Participation study. I feel we need good collaboration from public health, city council, community and HWDSB to put this issue at top priority. We are getting higher tech and less active!!
