<b>TO:</b>	Chair and Members General Issues Committee
<b>COMMITTEE DATE:</b>	November 27, 2020
<b>SUBJECT/REPORT NO:</b>	2021 Tax Supported Capital Budget (FCS20101) (City Wide)
<b>WARD(S) AFFECTED:</b>	City Wide
<b>PREPARED BY:</b>	Duncan Robertson (905) 546-2424 Ext. 4744 Tran Trang (905) 546-2424 Ext. 4371
<b>SUBMITTED BY:</b>	Mike Zegarac General Manager, Finance and Corporate Services Corporate Services Department
<b>SIGNATURE:</b>	

**RECOMMENDATION(S)**

- (a) That the 2021 Tax Supported Capital Levy in the amount of \$127,365,000 be approved, inclusive of;
- (i) a net levy increase of \$1,654,000 (0.18%) in 2021 for associated debt financing for the Investing in Canada Infrastructure Program – Public Transit Stream that was previously approved;
  - (ii) a net levy increase of \$2,000,000 (0.22%) in 2021 to fund an increase in the recovery of exemptions of tax services provided through the City’s Development Charge exemption programs;
- (b) That an additional net levy increase of \$4,600,000 (0.50%) in 2021 to fund discretionary block funded projects be approved;
- (c) That the 2021 Tax Supported Capital Budget and Financing Plan in the amount of \$472,202,000 attached as Appendix “B” to Report FCS20101, be approved with the following funding sources:
- (i) \$155,439,000 from government grants and subsidies;
  - (ii) \$25,000 from other external sources;

**SUBJECT: 2021 Tax Supported Capital Budget (FCS20101) (City Wide) – Page 2 of 15**

---

- (iii) \$78,761,000 from Development Charges Reserves;
  - (iv) \$46,113,000 from Reserves;
  - (v) \$22,498,000 from Work-in-Progress and other internal transfers;
  - (vi) \$86,657,000 from the 2021 Tax Supported Capital Levy;
  - (vii) \$5,300,000 from Hamilton Utilities Corporation (HUC) / Alectra Dividends;
  - (viii) \$4,000,000 from Hamilton Future Fund Reserve (112246);
  - (ix) \$36,543,000 from Federal Gas Tax Reserve (112213);
  - (x) \$1,100,000 from COVID-19 Emergency Reserve (110053);
  - (xi) \$2,090,000 from Roads, Bridges and Traffic Capital Reserve (108041);
  - (xii) \$4,600,000 from the Unallocated Capital Levy Reserve (108020);
  - (xiii) \$29,076,000 from Tax Supported Debenture Financing;
- (d) That the General Manager of Finance and Corporate Services be authorized to transfer \$4,600,000 to the Unallocated Capital Levy Reserve (108020) from the forecasted 2020 Capital Financing Surplus for the purposes of funding the 2021 Capital Financing Plan;
- (e) That the Tax Supported Discretionary Net Capital Funding Forecast 2022–2030, attached as Appendix “C” to Report FCS20101, which assumes the following, be approved, in principle, and re-visited by Council each budget year:
- (i) a net levy increase of \$4,500,000 (0.5%) in each year from 2022 to 2030;
  - (ii) an additional net levy increase of \$374,000 (0.04%) in 2022, \$626,000 (0.07%) in 2023, \$1,773,000 (0.19%) in 2024, \$54,000 (0.01%) in 2025, \$20,000 (0.01%) in 2026, \$59,000 (0.01%) in 2027, \$87,000 (0.01%) in 2029 and \$3,072,000 (0.66%) in 2030 to fund the debt charges associated with the West Harbour Development;
- (f) That the operating budget and full-time equivalent (FTE) impacts of the 2021 Tax Supported Capital Budget, estimated at \$865,500 and 4 FTEs for 2021 and \$5,952,900 and 74.9 FTEs for future years, included in Appendix “D” to Report FCS20101 be incorporated into future Tax Supported Operating Budgets subject to Council approval;

---

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

**SUBJECT: 2021 Tax Supported Capital Budget (FCS20101) (City Wide) – Page 3 of 15**

---

- (g) That the General Manager, Finance and Corporate Services, be authorized to negotiate the terms and placement of a debenture issue(s), and / or private placement debenture issue(s), in either a public or private market and / or bank loan agreement and debenture issue(s) and / or variable interest rate bank loan agreement and debenture issue(s), in an amount not to exceed \$86,025,000 Canadian currency, as attached in Appendix “B” to Report FCS20101, which includes \$29,076,000 in Tax Supported municipal debt and \$56,949,000 in Development Charges Tax Supported municipal debt;
- (h)
- (i) That the General Manager, Finance and Corporate Services, be authorized to engage the services of all required professionals to secure the terms and issuance of the debenture issue(s) described in subsection (g) including, but not limited to, external legal counsel, fiscal agents and Infrastructure Ontario’s Loan Program;
- (ii) That the General Manager, Finance and Corporate Services, Mayor and City Clerk are each authorized and directed to enter into and / or execute, on behalf of the City of Hamilton, all agreements and necessary ancillary documents requiring their respective signatures, to secure the terms and issuance of the debenture issue(s) described in subsections (g) and (h), in a form satisfactory to the City Solicitor;
- (iii) That the Mayor and City Clerk are authorized and directed to enter into and / or execute, on behalf of the City of Hamilton, all agreements and necessary ancillary documents not requiring any specific signing authority, to secure the terms and issuance of the debenture issue(s) described in subsections (g) and (h), in a form satisfactory to the City Solicitor and with content acceptable to the General Manager, Finance and Corporate Services;
- (i) That all necessary By-Law(s) be passed to authorize the debenture issue(s) negotiated placed and secured in accordance with subsections (g) and (h).

**EXECUTIVE SUMMARY**

Report FCS20101 provides the recommendations required to approve the 2021 Tax Supported Capital Budget. The complete details of the capital budget are provided in the 2021 Tax Supported Capital Budget Book attached as Appendix “A” to Report FCS20101.

**Due to the timing of the of the direction given by Council on November 11, 2020 to include an additional Capital Levy increase of 0.50% for discretionary block funded projects in 2021, the approximate \$4.6 M in additional capital financing and associated capital projects have not been included in the analysis of Report FCS20101 or Appendices. Recommendation (b) has been added to Report FCS20101 to reflect the direction from Council – the revised total municipal tax impact of the Capital Levy would be 0.90% if all recommendations were approved.**

---

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

**SUBJECT: 2021 Tax Supported Capital Budget (FCS20101) (City Wide) – Page 4 of 15**

---

The 2021 Tax Supported Capital Budget supports the City's 2016-2025 Strategic Plan. The Strategic Plan outlines the priorities that support the community vision for the delivery of all City provided services. Through discussions with the City Manager, motions of Council and approval of various staff reports, previous Council direction, where significant work was under way and matters critical to the successful operation of the administration, the following priorities were identified for the remainder of this term of Council (2018-2022):

- Climate Change;
- Multi-Modal Transportation;
- Affordable Housing;
- Equity, Diversity and Inclusion;
- Integrated Growth and Development;
- Trust and Confidence in City Government;
- Fiscal Health and Financial Management; and,
- A Healthy, Respectful and Supportive Workplace.

The Tax Supported Operating Budget funds a portion of the projects in the Tax Supported Capital Budget. The recommendations in Report FCS20101 and Table 1 reflect a capital levy increase in the Tax Supported Operating Budget of \$3,654,000 that translates into an average residential property tax increase of 0.40% or \$13 for an average residential property assessed at \$380,300.

The increase in the Capital Levy of \$3,654,000 is broken down as follows:

- \$1,654,000 (0.18%) Tax Supported Capital Levy for the debt related financing of the Investing in Canada Infrastructure Program (ICIP) – Public Transit Stream projects as previously approved through Report PW19083 / FCS18048(a); and
- \$2,000,000 (0.22%) Tax Supported Capital Levy related to recovery of exemptions of tax services provided through the City's Development Charge exemption programs.

The recommended 2021 Tax Supported Capital Levy of \$127,365,000 is split between debt charges and transfer from operating to capital as detailed in Table 1.

**Table 1  
Tax Supported Capital Levy Impact on Operating Budget**

(\$000's)	2020	2021	CHANGE		Levy
	Restated	PROPOSED	\$	%	Impact (%)
Debt Charges	41,759	40,708	(1,051)	(2.5)	(0.1)
Transfer from Operating	81,952	86,657	4,705	5.7	0.5
<b>Total Tax Supported Capital Levy</b>	<b>123,711</b>	<b>127,365</b>	<b>3,654</b>	<b>3.0</b>	<b>0.4</b>
<b>Municipal Tax Impact on Average Residential Property Tax 0.4% (\$13)</b>					

Council previously approved several 2021 Capital Projects, including approvals through Reports FCS19080(a) (Investing in Canada Infrastructure Program – Community, Culture and Recreation Stream) and FCS20061 (Police Station 40 – Waterdown). The gross cost of the above noted previously approved 2021 Capital Projects totals \$10.1 M and is in addition to the \$472.2 M recommended for approval through Report FCS20101.

In order to show a holistic view of the City's 2021 Capital Program, Appendix "B" to Report FCS20101 details the list of 2021 capital projects that are being recommended, as well as, the projects previously approved to arrive at the full value of the 2021 Capital Program. The 2021 Tax Supported Capital Budget, inclusive of previously approved 2021 capital projects, provides \$482.3 M in funding compared to \$397.7 M of restated 2020 Tax Supported Capital Budget.

Table 2 of Report FCS20101 provides a summary of the proposed 2021 Tax Supported Capital Budget by program area, inclusive of previously approved 2021 capital projects, with a comparison to the Restated 2020 Tax Supported Capital Budget.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

The proposed 2021 Tax Supported Capital Budget and the 2022-2030 Capital Forecast continue a solid long-term plan to maximize own source capital funding and take advantage of partnerships with senior levels of government (transit, housing, culture and recreation). Elements of this plan include the following:

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

**SUBJECT: 2021 Tax Supported Capital Budget (FCS20101) (City Wide) – Page 7 of 15**

---

1. It is recommended that the usual 0.5% Capital Levy increase for discretionary state-of-good-repair funding be deferred in 2021 to balance infrastructure needs and affordability. A 0.5% levy increase would amount to approximately \$4.5 M in additional capital investment in 2021. The 2021 Capital Budget supports the deferral of this investment through additional contribution from the Federal Gas Tax Reserve, which has excess funding remaining from the one-time payment transfer in 2019;
2. The 2021 Capital Financing Plan was updated with new assumptions around the cost to borrow given recent changes in the investment market, cash flow assumptions required for debt servicing upcoming transit and affordable housing projects and leveraging of existing capacity from reserves to provide additional financing of \$12.3 M in comparison to the previous Financing Plan;
3. The additional financing capacity created by Federal Gas Tax Reserve funds and assumption changes in the financing plan are utilized to maintain the planned increase in roads discretionary funding to address the infrastructure deficit;
4. An additional 0.18% Property Tax Increase (\$1.654 M or \$6 annual property tax increase) to fund the debt charges associated with the City's share of the Investing in Canada Infrastructure Program (ICIP) – Transit Stream Capital Investments. The total cost of the ICIP – Transit Stream submissions for 2021 was \$191.2 M with the City's share amounting to \$19.1 M (debt repayment impact of \$1.654 M);
5. An additional 0.22% Property Tax Increase (\$2.0 M or \$7 annual property tax increase) to fund the increase in the recovery of exemptions of tax services provided through the City's Development Charge exemption programs;
6. Prioritize funding for assessment growth opportunities such as the West Harbour and Waterfront and Airport Employment Growth District;
7. Investment in strategic capital areas, including Transit, Affordable Housing, Waste Management, Park Development and others;
8. Ensure that debt levels are sustainable. This can be accomplished by ensuring that the City has an efficient Works-In-Progress Capital turn-around process thereby freeing up funds that are not in use. The City's projected long-term budgeted tax supported debt levels top at \$788 M in 2028. Debt sustainability can further be achieved by carefully examining each major project with a proper cost / benefit approach deferring, when necessary, until debt capacity is freed-up; and,
9. Additional capacity for capital financing through updates to the Financing Plan, as well as, additional funding from senior levels of government to address municipal infrastructure through the COVID-19 Resilience Infrastructure Stream, the City of Hamilton can make continued progress towards the infrastructure deficit in 2021 while managing tax affordability by deferring the annual 0.5% Capital Levy increase.

---

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

**Alternatives for Consideration – See Page 14****FINANCIAL – STAFFING – LEGAL IMPLICATIONS**

Financial: The 2021 Tax Supported Capital Budget and Financing Plan in the amount of \$472,202,000 attached as Appendix “B” to Report FCS20101, includes the gross costs and sources of financing. The 2021 Capital Levy of \$127,365,000 will be incorporated into the 2021 Tax Operating Budget, representing a \$3,654,000 increase from 2020 and a 0.40% tax impact.

Some capital projects, especially those that provide new or expanded services, have an impact on operating costs on an ongoing basis once the projects have been completed. The estimated operating budget impacts of the recommended 2021 capital projects is \$6,817,900 and 78.9 FTEs. The operating impacts are detailed in Appendix “D” to Report FCS2101 and recommended to be incorporated into future years (2022 and beyond) Tax Supported Operating Budgets with the exception of Information Technology projects of \$865.5k and 4 FTEs which are required in 2021.

The Discretionary Tax Supported Net Capital Funding Forecast 2021–2030, attached as Appendix “C” to Report FCS20101, provides a forecast of discretionary capital funding for years 2021–2030 in the total amount of \$1,752,102,000.

The 2021–2030 forecast assumes increases for the Capital Levy with an annual standard tax levy increase of 0.50% in years 2022-2030, as well as, additional increases for debt servicing requirements for the municipal share of the Investing in Canada Infrastructure – Public Transit Stream (ICIP), debt servicing costs for West Harbour Waterfront Strategic Initiatives and sustainable funding for development charge exemption funding. The levy impact for the increase in Development Charge Exemption funding is required to move the City closer to funding all the exemptions provided through the City’s Development Charges By-law.

Table 3 details the anticipated future Capital Levy impacts that are required to support the 2021-2024 Capital Financing Plan.

---

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

**Table 3  
Tax Supported Four-Year Capital Financing Plan**

	2021	2022	2023	2024
Capital Levy Increase dedicated to rehab of existing Assets	0.00%	0.50%	0.50%	0.50%
<i>Additional Capital Levy Impact:</i>				
Capital Levy Increase for ICIP - Transit Stream (City Share - debt)	0.18%	0.09%	0.01%	0.01%
Capital Levy Increase for West Harbour MP increase (debt)	0.00%	0.04%	0.07%	0.19%
Capital Levy Increase for DC Exemption Funding increase	0.22%	0.00%	0.00%	0.00%
<b>Total Levy Impact</b>	<b>0.40%</b>	<b>0.63%</b>	<b>0.58%</b>	<b>0.70%</b>

In order to accommodate capital spending requirements, \$86,025,000 has been allocated to debt financing in the 2021 Tax Capital Budget. This amount includes \$29,076,000 in Tax Supported debt and \$56,949,000 in Development Charges Tax Supported debt.

The City's 2021 Capital Program incorporates several major capital initiatives such as the Investing in Canada Infrastructure Program – Public Transit Stream, the West Harbour Development, and the National Housing Strategy. These initiatives, as well as other major capital investments, are detailed in the 2021 Tax Supported Capital Budget Book attached as Appendix "A" to Report FCS20101.

**Staffing:** The operating budget and FTE impacts related to the proposed 2021 Tax Supported Capital Budget totals \$6,817,900 and 78.9 FTE as identified in Appendix "D" to Report FCS20101. Approval of the 2021 Capital Budget would approve these ongoing operating costs in principle with consideration given in future budget years based on implementation of the associated capital works. Currently, \$865,500 and 4 FTE of this amount is required for 2021.

**Legal:** N/A

## **HISTORICAL BACKGROUND**

The City of Hamilton employs a hybrid Capital Block Funding Prioritization methodology that has evolved over the years, aligning with the City's Strategic Plan. The methodology was developed to direct funding towards addressing the City's infrastructure deficit. The recommended 2021 Capital Budget and Financing Plan, inclusive of previously approved amounts, is a result of staff applying Council's strategic priorities and incorporating previously referred items within the financial constraints of the Financing Plan.

Council, through the 2020 Tax Capital Budget Report (FCS19091(a)), approved, in principle, the Tax Supported Discretionary Net Capital Funding forecast for 2021–2029.

---

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

**SUBJECT: 2021 Tax Supported Capital Budget (FCS20101) (City Wide) – Page 10 of 15**

In October 2020, through the 2021 Budget Guidelines, Outlook and Process Report (FCS20087), the General Issues Committee approved the guideline of a 0% tax increase for capital financing of discretionary block funded projects. The additional capital investment generated from the 0.5% Capital Levy increase was to be offset by additional contribution from the Federal Gas Tax Reserve with remaining funds from the one-time transfer payment in 2019. Staff also identified \$12.3 M in additional funding that could be leveraged to deliver the 2021 Tax Supported Capital Budget through the updating of debt financing assumptions with current investment market trends, cash flow assumptions for the debt financing of ICIP – Transit and National Housing Strategy capital projects and further leveraging of reserves.

Table 4 provides a summary of the historical direction related to 2020 tax supported Capital levy and the actual impacts recommended through Report FCS19091.

**Table 4  
Historical Tax Supported Capital Levy Increases**

	<u>2019 Approved</u>	<u>2020 Approved</u>	<u>2021 Proposed</u>

DC Exemptions	0.00%	0.00%	0.22%
<b>Total Tax Supported Capital Levy</b>	<b>0.90%</b>	<b>0.88%</b>	<b>0.40%</b>

## **POLICY IMPLICATIONS AND LEGISLATED REQUIREMENTS**

Provincial Asset management regulations under Bill 6, *Infrastructure for Jobs and Prosperity Act, 2015*, were adopted in January 2018. On June 26, 2019, City Council adopted a Strategic Asset Management Policy (AMP) (Report PW19053). Currently, the Strategic AMP applies to core infrastructure assets only, which includes assets in water treatment and distribution, wastewater collection and treatment, stormwater management, roads, bridges and culverts. At a later date, the Policy will be updated to include all infrastructure assets such as facilities and fleet before the legislative deadline of July 1, 2023.

Future key legislative deadlines for all Ontario municipalities related to Asset Management are:

1. July 1, 2021 – Develop enhanced AMPs that include the cost to maintain current service levels covering core infrastructure assets.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

**SUBJECT: 2021 Tax Supported Capital Budget (FCS20101) (City Wide) – Page 11 of 15**

2. July 1, 2023 – Expand enhanced AMPs that include the cost to maintain current service levels covering all infrastructure assets.
3. July 1, 2024 – Expand AMPs to provide further details on all infrastructure assets, include proposed service levels and the revenue and expenditure plan to achieve the proposed service levels (if greater than current service levels).

Report FCS20101 meets the requirements of the City of Hamilton's Debt Policy, whereby Council authority is required to issue debt.

## Debt Management

### I. Council Approved Debt Limits:

1. Total tax and rate-supported debt as a percentage of City Own-Source revenues, not to exceed 60%, unless approved by Council.

The City's debt ratio in 2019 was 24.3% and is forecasted to be 28.7% in 2020 and 27.0% in 2021 – well within the limit of 60%.

2. Total Development Charge (DC) supported debt as a percentage of the total DC Eligible Costs for the forecast period of the latest DC Background Study, not to exceed 25%, unless approved by Council.

The City considers the limit of 25% to be an appropriate balance between two competing uses of revenues generated by development charges: (i) to sustain and ensure adequate infrastructure (capital), services and resources to support the City's growth plans; and, (ii) to repay the debt issued for development.

The City's debt in 2019 was 1.8% in 2018 and is forecasted to be 2.0% in 2020 and 2.6% in 2021 – well within the limit of 25%.

### II. Statutory Limits:

1. The annual debt and financial obligation limit for the City is calculated in accordance with Section 3 of Ontario Regulation 403/02 as amended.

The City's debt service charges as a percentage of City Own Source Revenue of 4.6% in 2019 and forecasted at 4.2% in 2020 and 4.6% for 2021 are well within the limit of 25%.

2. Outstanding variable interest rate bank loan agreements and variable interest rate debentures, in total, cannot exceed 15% of the total outstanding debt of the City as set out in Ont. Reg. 276/02 s(2).

The City's debt ratios are below the limit of 15% with 4.7% in 2019 and forecasted at 4.0 % in 2020 and 2.9% in 2021.

---

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

**III. Financial Ratios:**

The debt related financial ratios will remain well within the affordability range and acceptable levels of prudent financial management. Appendix “G” to Report FCS20101 provides the results of the following ratios:

- Debt and debt service charges per capita;
- Debt service charges as a percentage of City Own Source Revenue;
- Debt service charges as a percentage of the municipal levy;
- Debt to operating revenues;
- Debt to reserves and reserve funds; and
- Cash and liquid assets to debt service; cash and liquid assets minus debt.

According to Ontario Regulation 403/02, Council shall, before giving authorization for capital work that would require a long-term debt or financial obligation, have the City Treasurer calculate an updated Annual Repayment Limit (ARL) using the most recent Annual Repayment Limit determined by the Ministry. The most recent ARL, determined and sent in writing by the Ministry to the City Treasurer, is the 2020 ARL in the amount of \$275,795,317 and is based on 2018 Financial Information Returns.

Using this 2020 ARL, the City Treasurer has calculated an updated ARL of \$201,221,385, shown on page two of Appendix “G” to Report FCS20101. The 2020 ARL was adjusted for possible debt service charges of \$74,573,931 corresponding to approximately \$465.0 M of debt which has been approved by Council in 2020 and prior years but not yet issued. The 2020 ARL was then further adjusted for debt service charges assumed or discharged on debt since December 31, 2019 to the end of 2020. According to this calculation, the updated ARL of \$201,221,385 represents the maximum amount that the City has available to commit to payments related to debt and financial obligations before the statutory limit is breached and corresponds to approximately \$2,088,609,171 of additional borrowing capacity (assuming a 15-year term and 5% interest rate).

**RELEVANT CONSULTATION**

The 2021 Tax Supported Capital Budget is prepared in consultation with staff from all departments, as well as, senior leadership to determine the proposed submission and Capital Levy requirements to appropriately address budget pressures and risks while balancing tax affordability.

**ANALYSIS AND RATIONALE FOR RECOMMENDATION(S)**

The recommendations for the 2021 Tax Supported Capital Levy and the proposed 2021 capital projects are the result of a lengthy and thorough process in which available discretionary funding is identified, operating groups prioritize capital needs and Council’s previous directions are incorporated to the extent that funding is available.

---

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

**SUBJECT: 2021 Tax Supported Capital Budget (FCS20101) (City Wide) – Page 13 of 15**

---

In setting the discretionary funding for the 2021 Tax Supported Capital Budget, staff updated the assumptions in the Financing Plan to determine the amount of funding available. Discretionary funds are base funding amounts that can be directed to any Capital program area. This would not include specific use reserve funds (i.e. Development Charges, Fleet, Transit, etc.) or any other specific use funding. The review of discretionary funds yielded approximately \$12.3 M in additional funding to be allocated to capital by updating debt servicing cost assumptions based on the current investment market, cash flows for debt servicing requirements for ICIP – Transit and the National Housing Strategy, as well as additional leveraging from reserves.

The distribution of available discretionary funds was first allocated based on the hybrid Capital Block Funding Prioritization methodology funding allocations approved, in principle, for 2021 through the 2020 Tax Supported Capital Budget (Report FCS19091). The hybrid Capital Block Funding Prioritization methodology was developed to direct funding towards addressing the City's infrastructure deficit. The methodology has been in use by the City for many years and has been based on historical funding averages, masterplan requirements and subsidy eligibility.

Departments reviewed capital works-in-progress and existing reserve balances to determine if the gross cost associated with the 2021 capital program could be offset from existing funds. Funding from reserves being utilized in the 2021 Tax Supported Capital Budget are detailed in Appendix "E" to Report FCS20101, while funding from internal sources and works-in-progress transfers are detailed in Appendix "E" to Report FCS20101.

Capital projects receiving significant subsidy and / or referred to the capital budget process by Council receive priority in the funding allocation process. Municipal pressures and Council priorities were used in allocating funding outside of the established funding allocations.

The 2021 Tax Supported Capital Budget Book attached as Appendix "A" to Report FCS20101 provides additional analysis and rationale around the capital projects included in the detailed listing attached as Appendix "B" to Report FCS20101.

The 2021 Tax Supported Capital Budget and Financing Plan in the amount of \$472,202,000 (\$482,266,000 if including projects previously approved in 2020), attached as Appendix "B" to Report FCS20101, includes the gross costs and identifies the sources of financing for each project recommended.

Staff is recommending a 2021 Capital Levy of \$127,365,000 which represents an increase of \$3,654,000 over the 2020 Capital Levy of \$123,711,000 in the Tax Supported Operating Budget amounting to a net levy increase of 0.40%, or \$13 per average residential household (home assessed at \$380,300).

Funding from Reserves of \$46,113,000 is provided in Appendix "E" to Report FCS20101. The remaining sources of financing for the 2021 Tax Supported Capital Budget are summarized in Appendix "B" to Report FCS20101.

---

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

**ALTERNATIVES FOR CONSIDERATION**

Council can direct changes to the 2021 Tax Supported Capital Budget as long as the approved Financing Plan remains in balance with the forecasted gross cost of all approved capital projects.

**ALIGNMENT TO THE 2016 – 2025 STRATEGIC PLAN****Community Engagement and Participation**

Hamilton has an open, transparent and accessible approach to City government that engages with and empowers all citizens to be involved in their community.

**Economic Prosperity and Growth**

Hamilton has a prosperous and diverse local economy where people have opportunities to grow and develop.

**Healthy and Safe Communities**

Hamilton is a safe and supportive City where people are active, healthy, and have a high quality of life.

**Clean and Green**

Hamilton is environmentally sustainable with a healthy balance of natural and urban spaces.

**Built Environment and Infrastructure**

Hamilton is supported by state-of-the-art infrastructure, transportation options, buildings and public spaces that create a dynamic City.

**Culture and Diversity**

Hamilton is a thriving, vibrant place for arts, culture, and heritage where diversity and inclusivity are embraced and celebrated.

**Our People and Performance**

Hamiltonians have a high level of trust and confidence in their City government.

## 1.0 EXECUTIVE SUMMARY

The City of Hamilton's 2021 Tax Supported Capital Budget and 10-year Tax Supported Capital Program supports the City's Strategic Plan and Financing Strategy. The proposed 2021 Tax-Supported Capital Projects/Priorities align with the following City objectives:

- Rehabilitation of existing assets
- Leveraging funding Programs from Senior Levels of Government for Transit, Culture/Recreation and Affordable Housing
- Targeted funding for growth to maximize assessment
- Resiliency and economic recovery during the COVID-19 pandemic

Report FCS20101 and supporting appendices focus on the City's 2021 Capital Budget and the following three years (2022 – 2024). The four-year Capital Priorities align with the priorities that support the community vision for the delivery of all City provided services. Through discussions with the City Manager, motions of Council and approval of various staff reports, previous Council direction where significant work was under way and matters critical to the successful operation of the administration, the following priorities were identified for the remainder of this Term of Council (2018-2022):

- Climate Change;
- Multi-Modal Transportation;
- Affordable Housing;
- Equity, Diversity and Inclusion;
- Integrated Growth and Development;
- Trust and Confidence in City Government;
- Fiscal Health and Financial Management; and,
- A Healthy, Respectful and Supportive Workplace.

Figure 1 highlights the total 2021 Tax Supported Capital Program supporting the City's Strategic Plan.

**Figure 1**

<b>2021 Highlights</b>	
<b>Expenditures</b>	
•	\$482.3M in gross capital spending including:
•	\$192.9M Transit Initiatives
•	\$78.5M Roads, Bridges, Traffic, Sidewalks Rehabilitation
•	\$43.7M Affordable Housing Initiatives
•	\$36.6M Corporate, Long-Term Care and Recreation Facilities Rehabilitation
•	\$33.4M Roads Growth
•	\$16.3M Open Space Development
•	\$13.3M Fire and Paramedic Services
•	\$11.5M Planning, Economic Development, Tourism and Culture
•	\$10.6M Central Fleet Vehicle and Equipment Replacement
•	\$9.0M West Harbour Strategic Initiatives
•	\$8.1M Information Technology
•	\$8.0M Development Charge Exemptions
•	\$6.5M Waste Management
•	\$6.4M Outside Boards and Agencies
•	\$4.3M Forestry and Horticulture
•	\$2.2M Parking Services
•	\$1.0M Other
<b>Revenues</b>	
•	\$482.3M in total revenues including:
•	\$155.9M Grants and Subsidies (\$140.2M for Transit)
•	\$86.8M Development Charges
•	\$86.7M Transfer from Operating (Contribution from Capital Levy)
•	\$58.2M Reserves Funding
•	\$36.5M Federal Gas Tax
•	\$29.1M External Debt
•	\$23.8M Works-In-Progress & Other Internal Funding Transfers
•	\$5.3M Hamilton Utilities Corporation / Alectra Dividends

Council previously approved several 2021 Capital Projects, including approvals through Reports FCS19080(a) (Investing in Canada Infrastructure Program – Community, Culture and Recreation Stream) and FCS20061 (Police Station 40 - Waterdown). The gross cost of the above noted previously approved 2021 Capital Projects totals \$10.1M and is in addition to the \$472.2M recommended for approval through FCS20101. Therefore, the total 2021 Capital Program referenced in this report is \$482.3M.

The City's Capital Levy needs to increase at least in proportion to the increase in debt servicing costs and development charges exemptions so that fiscal flexibility is available to deal with future capital initiatives.

In the S&P Global Ratings Research Update dated October 14, 2020, S&P affirmed that they expect the City to maintain its fiscal performance over the next two years. S&P expects that the City's stable fiscal performance together with its high liquidity and low

debt will allow the City to fund its capital projects without impairing its creditworthiness. Additionally, the rating agency expects the City of Hamilton to maintain its position as one of the most economically diversified cities in Canada over the next several years with growth in diverse industry and manufacturing sectors providing economic resilience for the City. S&P Global Ratings mention the City's strong management, strong fiscal performance, low debt and high liquidity as key rating strengths supporting its 'AA+' rating.

The rating agency expects that during the COVID-19 pandemic and recovery, the City of Hamilton's creditworthiness is supported by higher levels of government and prudent financial management. Hamilton's recovery is aided by our economic diversification. Fiscal performance is expected to be resilient due to pandemic-related restrictions and mitigation measures.

In order to maintain this debt rating and lower debt servicing fees, it is important that the City allocate sufficient Tax Levy dollars towards the Capital Budget. As a result, additional levy dollars have been incorporated into the 2021 Tax Supported Capital Budget to support increases in debt servicing costs related to the municipal share of the ICIP – Transit stream and the increased requirement for development charge exemptions funding. Significant debt issuance over the next few years to support transit and affordable housing investments would constrain the City's capital flexibility to address state-of-good repair requirements. The City of Hamilton, in its 10-year Capital forecast, has included several significant capital investments requiring debt financing. If the annual Capital Levy increase does not reflect this growing funding requirement then the amount of discretionary Capital funding available to address the existing infrastructure deficit will decrease.

In consideration of the 0.4% Capital Levy increase required to fund additional debt servicing and DC exemption costs, it is recommended that the usual 0.5% Capital Levy increase for discretionary state-of-good-repair funding be deferred in 2021 to balance infrastructure needs and affordability. A 0.5% levy increase would amount to approximately \$4.5M in additional capital investment in 2021. The 2021 Capital Budget supports the deferral of this investment through additional contribution from the Federal Gas Tax Reserve, which has excess funding remaining from the one-time payment transfer in 2019.

In addition, the 2021 Capital Financing Plan was updated with new assumptions around the cost to borrow given recent changes in the investment market, cash flow assumptions required for debt servicing upcoming transit and affordable housing projects and leveraging of existing capacity from reserves to provide additional financing of \$12.3M in comparison to the previous Financing Plan.

There have been further announcements from senior levels of government regarding additional capital financing available in 2021. On October 28, 2020, the Ontario Government announced the COVID-19 Resilience Infrastructure Stream under the Investing in Canada Infrastructure Program in partnership with the federal government.

The City of Hamilton's allocation under this agreement is \$7.4M for additional 2021 capital infrastructure that has not been reflected in the 2021 Capital Budget due to timing of approvals in the intake process. There will be additional money available from the Ministry of Long-Term Care in support of this initiative as well. Given the additional capacity in capital financing through updates to the Financing Plan, as well as additional funding from senior levels of government to address municipal infrastructure, it is recommended to forgo the 0.5% Capital Levy increase in 2021 to manage tax affordability.

Over the years the focus of past Tax Capital Budgets has been on the rehabilitation of the City's existing asset base. As illustrated in Table 1, the 2021 Tax Supported Capital Budget has allocated approximately 83% (\$393.4M) of funding towards the rehabilitation of existing assets, consistent with prior year's budget. The new asset amounts were calculated using the Development Charges (DC) funding from the financing plan and the budgeted DC exemption amount. The 2021 Capital Plan's state-of-good-repair funding amount is short of a sustainable asset rehabilitation plan based on best practices in lifecycle replacement, as the annual infrastructure deficit across all tax supported capital programs is estimated at \$195M.

**Table 1**  
**State of Good Repair Capital Funding**

(\$000s)	2019		2020		2021	
	Gross Restated	Spending %	Gross Restated	Spending %	Gross Restated	Spending %
State of Good Repair	176,308	78%	332,558	83%	393,441	83%
New Assets (DCs + exemption funding)	50,812	22%	67,116	17%	78,761	17%
<b>TOTAL CAPITAL PROJECTS</b>	<b>227,120</b>	<b>100%</b>	<b>399,674</b>	<b>100%</b>	<b>472,202</b>	<b>100%</b>

The City of Hamilton delivers public services that are critical to its citizens and these services rely on well-planned and well-maintained infrastructure. There is increased pressure on the ability of the City to ensure the long-term sustainability of its infrastructure. This is the case in all Ontario municipalities, and while many municipalities have asset management plans, significant differences exist, thus the province introduced an asset management regulation in December 2017.

## 2.0 ASSET MANAGEMENT

Provincial Asset management regulations under Bill 6, *Infrastructure for Jobs and Prosperity Act, 2015*, were adopted in January 2018. On June 26, 2019, City Council adopted a Strategic Asset Management Policy (AMP) (Report PW19053). Currently, the Strategic AMP applies to core infrastructure assets only, which includes assets in water treatment and distribution, wastewater collection and treatment, stormwater management, roads, bridges and culverts. At a later date, the Policy will be updated to

include all infrastructure assets such as facilities and fleet before the legislative deadline of July 1, 2023.

Future key legislative deadlines for all Ontario municipalities related to Asset Management are:

1. July 1, 2021 – Develop enhanced AMPs that include the cost to maintain current service levels covering core infrastructure assets.
2. July 1, 2023 – Expand enhanced AMPs that include the cost to maintain current service levels covering all infrastructure assets.
3. July 1, 2024 – Expand AMPs to provide further details on all infrastructure assets, include proposed service levels and the revenue and expenditure plan to achieve the proposed service levels (if greater than current service levels).

The province, in the future, will require any municipality seeking provincial capital funding to prepare a detailed AMP and show how its proposed project fits within the plan.

It is reasonable to assume the ability to demonstrate the benefit of a project to the community through quantifiable metrics tied to legislative-based levels of service and costs will be a component of future provincial funding requests.

Beyond compliance there are further benefits to the establishment of an Asset Management Policy and enhancement of the AMP for the City of Hamilton. Enhancements will provide opportunity to gain perspective on the current service levels being rendered to the community and identify the infrastructure needs to maintain current service levels or achieve proposed service levels. A sound policy along with an updated and robust AMP provides council and staff new tools and information to make better AM decisions, by offering:

- A clear depiction of ‘what a dollar buys’, especially related to present state of good repair, growth-related infrastructure or service improvements;
- A clear picture of projects that may be deferred due to a capital decision;
- A means towards major failure prevention, rather than reactive projects; and,
- A shift towards rehabilitation and preventive maintenance, to help assets reach or exceed the expected asset life, rather than focusing on reconstruction.

Based on an approved Policy, the updated AMP will allow staff to continue with asset management initiatives, including updates to asset condition information, infrastructure lifecycle analysis, levels of service assessments, financial forecasting, and costs to achieve proposed target levels of service.

### 3.0 2021 TAX SUPPORTED CAPITAL BUDGET RECOMMENDATION – 0.40% PROPERTY TAX INCREASE

- 0.18% Property Tax Increase to fund City share of Transit expansion.
- 0.22% Property Tax Increase to fund DC Exemption Program.

The 2021 City of Hamilton Tax Supported Capital Budget presented within this report incorporates a 0.40% Property Tax increase which equates to \$3.7M increase for the Capital Levy (\$13 annual property tax increase per average value residential property assessed at \$380,300).

1. An additional 0.18% Property Tax Increase (\$1.7M or \$6 annual property tax increase) to fund the debt charges associated with the City's share of the Investing in Canada Infrastructure Program (ICIP) – Transit Stream Capital Investments. The total cost of the ICIP – Transit Stream submissions for 2021 was \$191.2M with the City's share amounting to \$19.1M (debt repayment impact of \$1.654M).
2. An additional 0.22% Property Tax Increase (\$2.0M or \$7 annual property tax increase) to fund the increase in the recovery of exemptions of tax services provided through the City's Development Charge exemption programs.

#### Four-year Capital Financing Strategy

Table 2 illustrates a four-year snapshot of the City Capital Financing Plan. This Plan will forgo the 0.5% annual increase to the Capital Levy dedicated towards the rehab of existing assets in 2021 – recommencing in 2022 through 2030 in the remaining ten-year forecast. The approximate \$4.5M in additional investment from a 0.5% levy increase, is replaced by additional leveraging of the Federal Gas Tax Reserve. Additionally, the 2021 Financing Plan supports \$12.4M of capital investment not included in the previous Financing Plan through updating debt servicing assumptions and leveraging of reserves. Additional Capital Levy increases are required in 2021 through 2024 for Transit, West Harbour Development and DC Exemptions to ensure that funding capacity for the rehabilitation of existing assets is sustained.

**Table 2**  
**Tax Supported Four-Year Capital Financing Plan**

	2021	2022	2023	2024
Capital Levy Increase dedicated to rehab of existing Assets	0.00%	0.50%	0.50%	0.50%
<i>Additional Capital Levy Impact:</i>				
Capital Levy Increase for ICIP - Transit Stream (City Share - debt)	0.18%	0.09%	0.01%	0.01%
Capital Levy Increase for West Harbour MP increase (debt)	0.00%	0.04%	0.07%	0.19%
Capital Levy Increase for DC Exemption Funding increase	0.22%	0.00%	0.00%	0.00%
<b>Total Levy Impact</b>	<b>0.40%</b>	<b>0.63%</b>	<b>0.58%</b>	<b>0.70%</b>

The City's Capital Budget is an important tool in achieving Council's Strategic Plan Priorities and is integral to the City's long-term sustainability. It is an essential component of municipal financial planning. The key objective is to develop a capital investment plan that strikes a strategic balance among the following needs:

- maintaining existing infrastructure and facilities in an appropriate state of repair;
- advancing Council and community priorities within the City's long-term financial capacity; and,
- maximizing the City's growth potential by investing in infrastructure and facilities, which will ensure the City's financial stability as well as meeting its social responsibilities.

Hamilton's resurgence as one of Canada's economic drivers is well documented. In keeping pace with this revival, the City in the last few years has approved in part or in total several significant Strategic Capital Investments, which include the following:

1. Pan Am Stadium (Tim Horton's Field) – City Share (\$52M)
2. Stadium Precinct Infrastructure (\$45M)
3. 10-year Transit Strategy – Gross Cost (\$589M)
4. POA Office (\$36M)
5. Police Investigative Services Division/ Forensic Facility (\$24M)
6. West Harbour Development (\$162M)
7. Parkland Purchases and Development
8. Airport Employment Growth District (\$15M)
9. National Housing Strategy (\$170M)
10. Waterdown Police and Fire Facility (\$17M)

Previous City Capital Reports have highlighted the fact that the City's \$3.7 billion accumulated infrastructure deficit backlog (\$195M annually) cannot be repaired relying solely on the City's 10-year Capital Levy Funding Strategy. This Strategy includes increasing the Capital Levy annually by 0.5% and debt funding significant priority capital projects so that these projects do not crowd out the capacity to fund the City's existing

asset rehabilitation program. Funding partnerships with senior levels of government will be required to assist in tackling the infrastructure deficit.

The rising costs of rehabilitation of existing assets coupled with chronic underfunding, affects all municipalities in Canada. Investing effectively in Hamilton's priority growth areas and directing limited resources towards asset rehabilitation is the goal of the City's Capital Program.

The City of Hamilton's 10-year Tax Supported Capital Program (2021 -2030) focuses on the following strategic objectives;

1. Targeting capital investments in rehabilitation programs including traffic, bridges and roads, transit, social housing, corporate and recreation facilities and long-term care assets.
2. Investment in strategic growth capital projects such as the West Harbour and Waterfront Strategic Initiatives, Downtown Revitalization, and Transportation Corridors.
3. Continuing Council's long-term Capital Funding Plan with dedicated property tax increases exclusively for the state-of-good-repair at an annual rate of 0.5% of the net tax levy (\$4.5M). It is recommended to defer the 0.5% in 2021 in consideration of the increased funding available to address infrastructure renewal and replacement through reduced cost of borrowing requirements, additional leveraging from reserves and additional funding available from senior levels of government for municipal infrastructure.
4. Amending the long-term capital Financing Plan to account for municipal investments required for infrastructure funding programs from senior levels of government and for incremental debt requirements in strategic capital programs. The 2021 Capital Budget incorporates an additional 0.40% total levy increase to the Capital Levy. The additional 0.40% supports the debt financing of the municipal contribution required for the City's share of the ICIP - Transit Program (0.18%) and DC exemption funding (0.22%).
5. Keeping the total debt burden for the City of Hamilton at levels that will not impact the City of Hamilton in terms of a negative fiscal downgrade by credit rating agencies thereby increasing borrowing costs.
6. Maximizing the effectiveness and efficiency of the Capital program through the following measures:
  - In 2015, Council approved changes to the City's Capital Project Monitoring Policy. Previously staff reported on the status of the Capital Work-in-Progress projects to their respective Standing Committees. The amended Policy has staff submit the status of the Capital Work-in-Progress projects to the Capital Projects Works-in-

Progress Sub-Committee. This Committee's goal is to improve the efficiency of the Capital Program by freeing up previously budgeted funding from capital projects either delayed or no longer required.

- Council approved re-appropriations.
- 3-year Capital Closing Project Policies.

## 4.0 TAX SUPPORTED CAPITAL PROGRAM (2021 – 2030) OBJECTIVES

### 1. Targeting capital investments in rehabilitation programs including roads, transit, social housing, corporate and recreation facilities, long-term care assets and cultural assets.

The amount of capital funds available based on the current financing plan for rehabilitation is lower than what is needed to keep the City's assets in a sustainable condition. The annual infrastructure deficit for the City is approximately \$195M with a cumulative infrastructure deficit approaching \$3.7B.

Variables influencing this issue include:

- Reductions in industrial/commercial assessment base which has led to a flattening in property tax revenue growth;
- The City's Capital Levy as a percentage of the total Levy (13.2%) is below comparator municipalities (15% - 20%);
- Reduced road and facilities infrastructure subsidies from senior levels of government; and,
- Downloading of operating costs leaving the City little flexibility in terms of property tax increases exclusively for Capital.

### 2. Investment in strategic growth capital projects such as the West Harbour and Waterfront Strategic Initiatives, Transit, Downtown Revitalization, Parkland acquisition and Airport Employment Growth.

By directing the bulk of available resources towards asset rehabilitation, the City must strategically allocate the balance of funding, including debt capacity, towards those growth projects which leverage assessment growth and other City-building qualities.

### 3. Keeping the total debt burden for the City of Hamilton at levels which will not impact the City of Hamilton in terms of a negative fiscal downgrade by credit rating agencies thereby increasing borrowing costs.

In the proposed 2021-2030 10-year financing plan, tax supported budgeted external debt levels peak in 2024 at \$594M, as illustrated in Table 18. Total City debt after adding in Rate Supported debt peaks at \$1.40B in 2028 (Figure 9). This number is inclusive of Development Charge supported debt. Credit rating agencies focus on

total City debt levels. Staff will continue to monitor the City's external debt within the goals and requirements set out in the City's Debt Policy.

The proposed 2021 Tax Supported Capital Budget funds \$472.2M in Capital Projects as recommended for approval through Report FCS20101. This investment in municipal infrastructure supports the community vision for the delivery of all City provided services outlined by the 2016-2025 Strategic Plan.

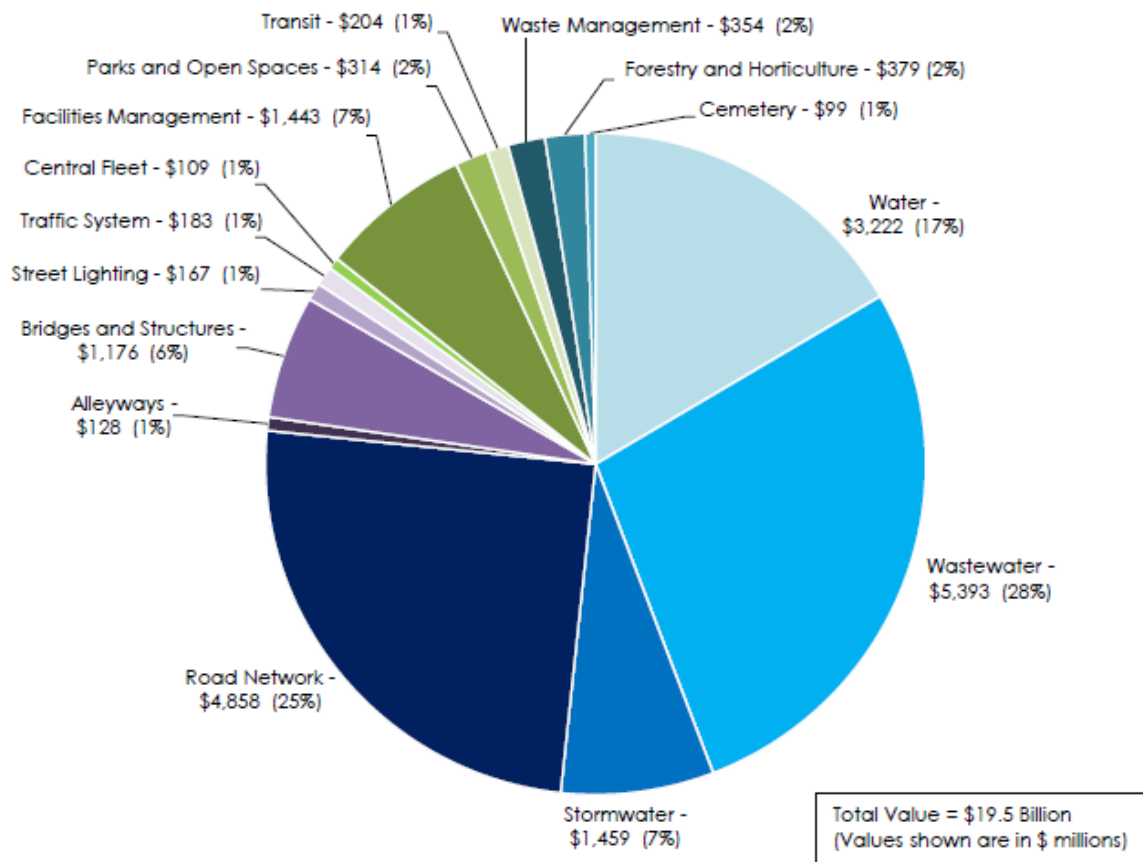

The Province of Ontario passed Bill 6, *Infrastructure for Jobs and Prosperity Act* on June 4, 2015. The purpose of the Act is to aid municipalities in identifying and prioritizing infrastructure investment. To that end, the Ministry of Infrastructure has developed the *Municipal Infrastructure Strategy*, which intends to aid municipalities in strengthening asset management practices across the Province. Within the Strategy is a requirement that municipalities seeking provincial capital funding will now be required to submit a detailed Asset Management Plan (AMP) for consideration within the legislative deadlines:

1. July 1, 2021 – Develop enhanced AMPs that include the cost to maintain current service levels covering core infrastructure assets;
2. July 1, 2023 – Expand enhanced AMPs that include the cost to maintain current service levels covering all infrastructure assets; and,
3. July 1, 2024 – Expand AMPs to provide further details on all infrastructure assets, include proposed service levels and the revenue and expenditure plan to achieve the proposed service levels (if greater than current service levels).

With the current economic climate and fiscal pressures that challenge the Province's ability to support infrastructure investment, through Bill 6, the Province has made clear that future funding commitments to municipalities will be based on focused investments that address critical infrastructure needs. Additional fiscal pressures in response to the COVID-19 pandemic will further impact the infrastructure funding available from senior levels of government, as well as impact legislative deadlines for the submission of detailed Asset Management Plans.

#### Tax Supported Capital Budget Background

The current estimated replacement value of infrastructure managed by the City's Public Works Department is \$19.5B. Water, wastewater and stormwater comprise of 52% of the value of these assets, which is principally funded from the Rate Supported Budget. The other 48% are tax supported infrastructure and is principally made up of roads, bridges and structures, transit, recreation facilities, emergency vehicles and corporate fleet and parks and open space. The repair and replacement costs of the latter assets are funded from the Tax Supported Capital Budget. A detailed breakdown of the City's \$19.5B infrastructure assets is presented in Figure 2.

**Figure 2**

During the past five years the City of Hamilton has accomplished the following Tax Supported Capital Budget objectives:

1. Identified in all program areas the depth of the infrastructure deficit and required funding to achieve existing infrastructure sustainability;
2. Created a much more comprehensive process to determine program area priorities. The process includes consultation through one on one staff and ward councillor information sessions regarding roads and park development infrastructure. Establishment of an Asset Management Policy, which will provide an opportunity to gain perspective on the current service levels being rendered to the community and identify the infrastructure needs to maintain current service levels or achieve proposed service levels.
3. Aligned the City's Capital Budgets with its Strategic Plan and Business Plans. This includes a multi-year Capital Budgeting Model which is an essential tool for the City's long-term financial sustainability. The City has been able to meet its Capital obligations through prudent debt financing strategies in addition to an upgrading of its

credit rating to AA+ (stable outlook) from AA (positive outlook) in June 2017. The upgraded rating was reaffirmed on October 14, 2020.

4. Balancing available financing between infrastructure that supports sustainable services and growth infrastructure. One important tool for achieving this is the Development Staging program, which directs the City's funding for growth to areas that will maximize future City revenues.

The four above-mentioned objectives form the core of the City of Hamilton's 2021 Tax Supported Capital Budget and 2022 - 2030 Capital Forecast. The 2021 Tax Supported Capital Budget represents an effort to address investments necessary to support existing infrastructure, as well as the need to support municipal investment readiness and economic development and capacity, while maintaining tax competitiveness.

## 5.0 2021 TAX SUPPORTED CAPITAL BUDGET STRATEGIC INVESTMENTS

### A. Roads/Bridge/Traffic Infrastructure Rehabilitation Program:

One of the most significant infrastructure deficits for the City resides in the roads/bridges/traffic program. The road network value is approximately \$5.0B with a rehabilitation and infrastructure deficit of approximately \$1.65B. The sustainable annual investment amount for roads, bridges and traffic capital improvements is approximately \$150.0M. In 2021, the City is investing approximately \$78.5M gross on roads rehabilitation (\$111.9M in total with \$33.4M related to growth), while the net City investment into this program is \$62.8M as illustrated in Table 3 and 4.

Table 3 shows the four-year Capital forecast for the Roads/Bridges/Traffic Infrastructure Rehabilitation Program. The net City investment for the four programs (roads/bridges/O&M/Development) fluctuates based on where the rehabilitation priority is the greatest.

**Table 3**  
**Investment in Roads/Traffic/Bridges**

\$(000's)	2020		2021		2022		2023		2024	
	Gross	Net	Gross	Net	Gross	Net	Gross	Net	Gross	Net

**B. Works-In-Progress (WIP) Funding Review:**

The City has, over the years, progressively managed the number of previously approved but not yet completed Capital projects (Works in Progress – WIP). Over the last three years, the WIP completion rate for the Tax Supported WIP's has stabilized around 78%. For the 2021 Tax Supported Capital Budget, staff reviewed all WIPs and other internal revenues to identify funds that can be used to reduce the levy requirement in 2021; this review yielded \$22.5M being reallocated towards the funding used in 2021 for strategic priorities as illustrated in Table 5.

**Table 5**  
**2021 Reallocation of Work-in-progress (WIP) and Other Internal Funding by Program**

	Amount (000's)
Roads	\$ 13,023
Corporate Facilities	4,102

Entertainment Facilities	1,000
Open space	154
Forestry and Horticulture	150
Planning & Economic Development	116
Corporate Services	100
<b>Total 2021 WIP &amp; Other Internal Funding</b>	<b>\$ 22,498</b>

**C. 10-Year Local Transit Strategy:**

The proposed 10-Year Capital Transit Plan, 2021-2030 proposes \$473.3M in gross strategic capital investments, refer to Table 6. Within these investments are included a portion of a \$511M over 7-Year Council approved Public Transit Stream Project, Report PW19083/ FCS018048(a), in partnership with the Investing in Canada Infrastructure Program (ICIP) federal infrastructure program.

Capital investments in the Public Transit Stream Project, will support the BLAST Rapid Transit Network and a new bus maintenance and storage facility. In addition, the basic Transit capital program has been set up to provide the following;

- Create sustainable reserves to maintain a 12-year life cycle for all buses;
- Provide on street infrastructure such as shelters and landing pads; and,
- Provide the technology required to monitor the service and deliver customer information.

Currently, the Hamilton Street Railway (HSR) operates a fleet comprised of 267 buses. This fleet is scheduled to grow by 85 buses by 2025. Due to current capacity issues, a new bus storage facility is required. The identified funding sources to support the proposed 10-Year Capital Transit Plan, 2021-2030 include ICIP, new debt, Internal Reserves, Development Charges and Federal Gas Tax.

The Investing in Canada Infrastructure Program is the centrepiece of Infrastructure Canada's funding initiatives supporting the broader Investing in Canada Plan. Through the agreements signed between Infrastructure Canada and the provinces and territories, the federal government is providing \$33.1B in funding for public transit, green, community, culture and recreational, rural and northern and COVID-19 resilience infrastructure projects throughout Canada. The Province of Ontario has approved and submitted the City of Hamilton's Transit projects for federal approval. Once the submission has been approved, year 5 (2020) of the Transit Strategy can commence.

### **Public Transit Stream (ICIP)**

The Government of Canada, in conjunction with The Government of Ontario, has entered into a cost sharing infrastructure funding program, Investing in Canada Infrastructure Program (ICIP). The Ontario funding is to be allocated based on transit ridership.

To be considered for funding, a project must be aligned with at least one of the following transit improvement outcomes:

1. Improved capacity of public transit infrastructure
2. Improved quality and/or safety of existing or future transit systems
3. Improved access to a public transit system

On July 22, 2019, the City of Hamilton was advised the application process for funding under the Public Transit Stream of ICIP was open for municipalities inside the Greater Toronto and Hamilton area. City of Hamilton's ICIP Public Transit Stream submission

includes projects with total gross project costs of \$511M, refer to Table 6, \$31M of which relates to Birch Avenue bridge (Roads project). The City's share in the amount of \$136.3M of the multi-year strategy for Public Transit Stream Project's capital requirements is being financed through tax and development charge supported new debt and reserve funding. It is estimated that the new debt will amount to \$18.6M in 2020, \$19.1M in 2021, \$9.5M in 2022 and \$1.2M in 2023-2024.

In order to accommodate the debt charges associated with this financing strategy, Council approved through Report PW19083/ FCS018048(a), additional levy increases of 0.21% in 2020, 0.18% in 2021, 0.09% in 2022 and 0.01% in both years 2023 and 2024.

#### D. Investing in Canada Infrastructure Program (ICIP):

On March 14, 2018, the Federal Government of Canada and Government of Ontario announced the signing of a bilateral agreement that will provide more than \$11.8B in federal funding to Ontario dedicated to infrastructure projects over the next decade through the Investing in Canada Plan.

One key element of the plan is over \$33B in infrastructure funding to be delivered through bilateral agreements between the Federal government and each of the

provinces and territories. Provinces will have to cost-share on municipal projects at a minimum of 33.33% of eligible costs. Municipalities will be required to contribute at least 26.67% of total project costs. The funding is broken down into the following streams:

- \$20.1B for public transit – Ontario’s allocation is \$8.3B (41%)
- \$9.2B for green infrastructure – Ontario to receive \$2.8B (30%)
- \$1.3B for community, culture and recreation infrastructure – Ontario to get \$407M (31%)
- \$2.4B for rural and northern communities – Ontario to receive \$250M (10%)
- \$3.0B for COVID-19 resilience

#### City of Hamilton ICIP Transit Program

The ICIP Program provides the City of Hamilton the opportunity to move forward with critical Transit infrastructure priorities. In accordance with the ICIP cost sharing structure, the City will be able to leverage nearly \$375M in senior government grants with City funding of approximately \$136.3M on capital projects totalling \$511M to improve the quality, safety, access and capacity of the integrated public transit system over the next seven years. Refer Table 7 for detail regarding the City’s 10-year ICIP Transit project program.

Report PW19083/FCS18048(a) approved by Council October 9, 2019 allows the General Manager, Finance and Corporate Services, to negotiate the terms and issuance of a debenture(s) up to \$83.6M over several years to Investing in Canada Infrastructure Program, Public Transit Stream capital projects as attached in Appendix “A” to Report PW19083/FCS18048(a) which includes \$48.4M in Tax Supported municipal debt and \$35.2M in Tax Supported Development Charges municipal debt. The tax supported debt servicing costs or debt charges estimated at \$4.8M will be reflected in the tax capital levy in the appropriate fiscal year. The development charges debt charges will be also be budgeted in the appropriate fiscal year with the offsetting recovery from DC reserves.

City of Hamilton ICIP Community, Culture and Recreation Capital Submission:

On September 3, 2019, the Province announced that it was now accepting funding applications for projects under the Investing in Canada Infrastructure Program's (ICIP) Community, Culture and Recreation (CCR) stream. The funding will go towards investing in community, culture and recreational projects that will help deliver vital services for communities, foster greater social inclusion and improve the quality of life for residents across the province.

The CCR intake is a competitive process with funding approval not guaranteed. Priority will be given to projects that are community-oriented, non-commercial and open to the public. Projects must be substantially completed prior to March 31, 2027. Applications and all supporting documentation were to be submitted by the November 12, 2019 deadline. The Province was to notify applicants if their project has been selected for nomination to the federal government for review and approval in winter 2020 (estimated). Applicants were to be notified of the federal funding decision in spring/summer 2020 (estimated).

The City submitted 43 projects requesting CCR funding of \$233.3M with a total project cost of \$318.2M (refer to Confidential Report FCS19080 for details of the City's submission). Once the approved projects, have received federal approval through the submission process, the City can initiate the projects.

Investing in Canada Infrastructure Program Update:

The Ontario government announced on October 28, 2020 that it will be providing up to \$1.05B in combined federal-provincial funding (80%/20%) to support investments in COVID-19 infrastructure relating to the announcement made by the federal government in early August that set aside \$3.0B in federal funding for COVID-19 Resilience infrastructure requirements.

The \$1.05B COVID-19 Resilience infrastructure stream will deliver:

- Up to \$700M for education-related projects to be nominated and administered by the Ministry of Education;
- An allocation-based program that will deliver \$250M to municipalities to address critical local infrastructure needs, including \$6.5M that will be directed toward Indigenous and on-reserve education, through the Ministry of Infrastructure in collaboration with the ministries of Education and Indigenous Affairs; and,
- Up to \$100M for long-term care projects to be identified and administered by the Ministry of Long-Term Care.

The City of Hamilton's allocation under the allocation-based program is \$7.4M. Staff are currently reviewing eligibility requirements for both the allocation-based program administered by the Ministry of Infrastructure and the long-term care program administered by the Ministry of Long-Term Care and will bring information forward to Council in late 2020.

## E. Housing Services:

On December 13, 2013, Hamilton City Council approved the City's 10-year Housing and Homelessness Action Plan ("Action Plan"). The Action Plan is a solution-focused, person-centred plan that guides decision making on how Hamilton addresses affordable housing and homelessness. The Action Plan includes five broad outcome areas (supply, affordability, supports, quality, equity). There are 16 targets supported by 54 specific strategies. Many of these strategies are being implemented although, in some cases, achieving the established targets and outcomes will require additional funding. Environmental factors have changed since Council approved the Action Plan in 2013. In the past, Hamilton experienced lower rents than neighbouring communities in the Greater Toronto-Hamilton Area. However, there are trends developing in Hamilton's rental market that show affordability is eroding at a rapid pace. In 2019, the average rent in Hamilton was \$1,133<sup>1</sup> per month, up 5.3% 2018. This pace that far exceeds the rate of inflation. Based on 2016 Census Program data, 45% of rental households in Hamilton are paying more than 30% of income on rent.<sup>2</sup> It is becoming increasingly

<sup>1</sup> Canada Mortgage and Housing Corporation, (2020). Rental Market Report

<sup>2</sup> Statistics Canada, 2016 Census of Population, Housing Data, Statistics Canada Catalogue no. 98-400-X2016225.

difficult to find affordable housing in Hamilton, which will continue to increase the number of households applying to the City's social housing waitlist.

## 2020 Housing Investments

### **Poverty Reduction Investment Plan**

There are three components to the Poverty Reduction Implementation Plan which were approved by Council on September 27, 2017:

- \$20 M for new affordable rental housing construction at \$4 M annually for five years (2017-2021);
- \$20 M for social housing repairs and renovations at \$2 M annually for 10 years (2018-2027); and,
- \$10 M for general Indigenous poverty reduction at \$1 M annually for 10 years (2018-2027).

The \$20 M total Poverty Reduction Implementation Plan funding allocated for rental construction was divided equally between the Housing Services Division (\$10 M) and CityHousing Hamilton, (\$10 M), with \$4 M funded annually starting in 2017 and ending in 2021. Based upon projects that have been identified since 2017, approximately \$9M of the Housing Services Division allocation has been committed.

The \$9M of the Housing Services Division allocation has been committed as follows:

#### 1. Hamilton YWCA, Ottawa Street North Project (\$775K)

- 35 self-contained affordable units for single women and women with children who are experiencing homelessness.
- 35 units will be rented at or below 80% average market rent
- The project includes an additional 15 units for women with developmental disabilities.
- A range of community services will be provided on site.

#### 2. Indwell, Parkdale Landing Project Building 2, 205 Melvin Avenue (now McQueston Lofts) (\$3.6M)

- 50 units will be developed in a new five storey building with ground floor commercial uses.
- Housing will be provided for singles with a history of unstable housing, most of which have a disability.
- 10 units will be prioritized for Indigenous persons experiencing homelessness through partnerships with the Native Women's Centre and Homeward Bound.
- Rents will be set at 60% of average market rents for one-bedroom units.
- Rents will be set at 80% of average market rent for two-bedroom units.

3. 60 Caledon Avenue, Mountain Secondary School Project (\$3.1M)
  - The purchase of seven acres at 60 Caledon Ave. for new affordable housing development.
4. YWCA - Carole Anne's Place/Mission Services - Willow's Place (\$128K)
5. 90 Carling Street – Moderately Affordable Units in Rental Housing Development Project (\$17K)
  - 10 moderately affordable units in a 100-unit rental project in Westdale.
  - Tenants will be referred by social housing providers selected from social housing tenants paying market rents in rent-geared-to-income units.
  - Funds to offset building permit and planning fees to qualify project for Canada Mortgage and Housing Corporation (CMHC) Rental Housing Financing Program.
6. 191 York Boulevard – predevelopment works (\$250K)
7. Contracts Analyst – Indigenous – staffing and material costs projected to 2027 (\$1.1M)

The Housing Services Division will allocate the remaining \$1M of the original \$10M allocation for rental housing construction to top priority projects. These will be identified and reported to Council for final approval.

CityHousing Hamilton has received approval to fully allocate their \$10M portion for two construction projects:

- Riverdale Project (\$6.5M); and,
- Bay and Cannon Street Project (\$3.5M).

### ***Canada Mortgage and Housing Corporation (CMHC) Rapid Housing Initiative***

On October 27, 2020, the Federal Government publicly announced an immediate total investment of \$1B through the Rapid Housing Initiative (RHI) to fund rapid production of affordable housing across Canada. The City of Hamilton received notification on October 23, 2020 of an allocation of \$10.8M under the RHI Major Cities Stream to support projects selected by the City. Proposals may also be submitted to the nationwide \$500M RHI Projects Stream.

The RHI provides up front capital funding to support the development of permanent housing within three categories: acquisition of land and construction of modular housing; acquisition of land and existing buildings for the purpose of conversion; and, acquisition of land and rehabilitation of uninhabitable housing.

For the RHI Major Cities Stream the City must submit a detailed investment plan recommending specific projects to CMHC by November 27, 2020 and projects must be

occupied within 12 months from approval of the investment plan and no later than March 31, 2022. Municipalities are requested to have projects targeting a variety of priorities including women, seniors and the urban Indigenous population and to take a community benefit approach. All affordable units must be dedicated to people and populations who are vulnerable and targeted under the National Housing Strategy (NHS), especially people experiencing or at risk of homelessness or living in temporary shelters because of the COVID-19 pandemic.

Municipalities are encouraged to take a community benefits approach and prioritize projects targeting amongst other matters, women, seniors, and the urban Indigenous population.

Staff must submit the investment plan recommending specific projects to receive a portion of the \$10.8M allocation by November 27, 2020. Approval of the investment plan starts a 12-month construction period, at the end of which projects must be available to be occupied. As per the notification of allocation received October 23, 2020, a minimum of 38 units are to be achieved within the allotted amount.

The typical development process from initial concept to occupancy can take 5 years, with traditional construction alone being 18-months. The 12-month RHI completion deadline therefore focuses on adaption and re-use – converting non-residential and unhabitable residential space to new affordable housing units (attached as Appendix “B” to Report HSC20056). Projects that require a rezoning or complex site plan approval will not be able to meet the RHI timeline. Projects that require a record of site condition will not likely be able to meet the timelines. Projects that require a minor variance and/or minor site plan approval could possibly meet the timeline.

The only form of new construction permitted under the program is modular construction, which offers several benefits compared to traditional building practices. Following discussions with Planning and Building staff, even the shorter modular construction timeframe does not allow for any significant planning approvals to be completed within the required RHI timeframes. Thus, projects requiring an Official Plan Amendment, Complex Rezoning, or Major Site Plan Application cannot be recommended in the investment plan.

The shorter time required for modular construction is still insufficient to ensure completion on time unless no significant planning processes are required, a contract is signed, and construction of the modular components is underway. COVID-19 has also slowed construction and increased uncertainty by constraining supplies of both materials and skilled tradespeople. To ensure completion on time modular projects must therefore be in receipt of or ready to receive a building permit.

Staff continue to explore potential opportunities for modular construction projects that can be funded through the RHI. However, it is staff's preference to only support modular projects that do not require significant planning approvals and that have been

reasonably advanced, and only through the Projects Stream which is unallocated and therefore does not risk the City's \$10.8M allocation.

To date housing staff have identified several projects that seem to meet all project and funding requirements, though additional review is needed before they can be recommended. Three of these projects, would collectively create about 35 units, at an approximate total cost of \$5M, and would address both local and federal priorities by meeting the needs of women, urban Indigenous peoples, and those with mental health challenges and addictions.

#### F. Climate Change:

The City of Hamilton is experiencing the impacts of climate change through shoreline and escarpment erosion, millions of dollars of infrastructure damages caused by extreme storm events and freeze/thaw cycles, increases in extreme heat events leading to drought, and increased precipitation leading to flooding. The City's 2021 Tax Supported Capital Budget includes approximately \$114.9M in projects that have the potential to contribute positively to the City of Hamilton's climate actions goals. For example:

- By investing in Transit, smart walkable cities, reducing emissions and prioritizing green infrastructure the City will be improving air quality and citizens access to naturalized areas;
- Exploring opportunities to replace existing fleet with low carbon emission alternatives will improve air quality and further Council's goal to becoming a net zero municipality;
- Programs to accelerate net-zero energy buildings, with a focus on social housing and government incentives, will help reduce expensive utility costs and improve standard of living; and,
- Building retrofit programs can create thousands of good paying, local skilled trade jobs improving employment rates and reducing poverty.

It is important that all strategies and actions include both equitable health and social considerations in order to achieve all of Hamilton's priorities. Table 8 summarizes the amount of 2021 Capital funding that has the potential to positively impact climate change.

**Table 8**  
**2021 Tax Capital Projects Impacting Climate Change**

	<b>Gross Costs</b> <b>\$(000's)</b>
West Harbour Shoreline Rehabilitation	1,200
Parkland Acquisition	2,000
Fleet Acquisition and Replacement	12,343
National Housing Strategy	17,000
Housing Rehabilitation	500
Facility Rehabilitation, Upgrades and Retrofits	10,224
Forestry/Tree Planting	4,315
Parkland Development	13,488
Active Transportation	5,453
Transit	42,948
Composting/Waste Diversion/Waste Mgmt	5,445
<b>Total</b>	<b>114,916</b>

Climate change mitigation and adaptation planning is complex and requires coordinated attention and action among City departments across the corporation, businesses and organizations across Hamilton, including individual citizens. Council called for the creation of a multi-departmental Corporate Climate Change Task Force under the leadership of the City Manager.

***City of Hamilton's 2020 Progress on Climate Mitigation and Adaptation:***

In light of the COVID-19 pandemic the City of Hamilton has remained committed to improving its energy efficiency, reducing GHG emissions and increasing its resiliency to the impacts of climate change to work towards the nine corporate goals for climate mitigation and adaptation.

City departments working collaboratively across the corporation on climate change have completed the following actions in 2020:

**GOAL 1:** To increase the number of new and existing high-performance state-of-the-art buildings that improve energy efficiency and adapt to a changing climate.

- New police building has been certified in the Leadership in Energy & Environmental Design (LEED) and connected to District Energy that reduces energy consumption and GHG emissions.
- Public-private partnership (P3) for the Biosolids Facilities that converts waste into re-useable, stable fertilizer or fuel
- Retrofitted six pumping stations and two outstations with high efficiency motors to reduce energy consumption and GHG emissions

- Continue to implement anti-stagnation valves in water distribution system. Energy consumption offsets to date are 3,099,948 kWh
- Westmount Solar Thermal Project that offsets natural gas consumption reducing GHG emissions
- Commitment to prioritize bids for City-owned land near the waterfront that commit to design and construction techniques which demonstrate a consideration for environmental impacts and sustainable development
- Bay Area Climate Change Council created building implementation team to begin work plan to accelerate retrofits of privately-owned buildings

**GOAL 2:** To change the modal split and investigate strategies so that more trips are taken by active and sustainable transportation than single use occupancy vehicles

- COVID-19 Recovery Phase Mobility plan completed and implementation underway
- Report on implementation to expand car share programs including “floating car share” underway and expected to be sent to Council Q4 2020
- Implementation of several electronic permit processes to avoid trips taken
- 675 meters of trails constructed across the City
- Shoreline protection improvement projects including Waterfront trail to improve active transportation connections
- Ongoing promotion of existing sustainable transportation programs including employee transit passes, Social Bicycle Hamilton (SOBI) memberships and leading transformation of Smart Commute
- Installed 11 kilometres (km) of bike lanes (one way) and 3.3 km of multi-use paths/trails
- Enhanced 4.3 km of existing bicycle lanes with modified buffers/barriers

**GOAL 3:** To accelerate the uptake of modes of transportation that are low and/or zero emissions

- Purchased two zero emission litter pickers
- Purchase Orders for two Kia Souls Electric Vehicles (EV)
- Purchase Orders for two electric units for ice resurfacing
- Green Fleet Policy underway
- Installed four EV charging stations with Request for Proposal to install 20 more throughout 2021
- Purchase and deployed two hybrid ambulances
- Downsized five trucks/SUVs/Vans to smaller vehicles that reduces gas consumption and GHG emissions.

**GOAL 4:** To ensure a climate change lens is applied to all planning initiatives to encourage the use of best climate mitigation and adaptation practices

- Drafted Energy and Environmental Assessment Report requirement for new development proposals

- Drafted climate change evaluation framework/lens as part of GRIDS 2
- Community Energy Plan created Stakeholder Advisory Committee, conducted stakeholder interviews, completed Business as Planned (BAP) modelling, created low carbon action catalogue and online surveys
- Sewer flow monitoring program to collect data to quantify effect of climate change on sewer collection system and allow for appropriate planning
- Rain Gauges Monitoring Program to collect data to quantify precipitation impacts to allow for appropriate planning

**GOAL 5:** To procure goods, services and construction from vendors who conduct their business in a sustainable and ethical manner that considers equity, diversity and inclusion that contributes to the greater good of the community

- Draft Social Procurement report underway
- Continuously altering specifications to include the use of low carbon products, recycled materials and re-use of materials in projects

**GOAL 6:** To increase our carbon sinks and local food production through the preservation and enhancement of the natural environment, including local farmland.

- Flamborough Park wetland restoration project in partnership with Halton Conservation
- City of Hamilton Bee City designation that increases commitment and awareness of protecting pollinators
- Planted 5,500 large caliper trees
- Planted 600 2-gallon stock trees
- Private tree giveaway of 500 trees in Wards 3 and 5
- Participated in 50 million trees program planting 4,800 bare root seedlings
- Planted 1,000 large caliper trees in subdivisions

**GOAL 7:** To improve Hamilton's climate resiliency by decreasing our vulnerability to extreme weather, minimizing future damages, take advantage of opportunities, and better recover from future damages

- Waterfront trail elevation project to raise grades of trail that seasonally floods
- Shoreline protection improvement projects that included erosion mitigation material added to three sites at Confederation Beach Park
- Began evaluation of Intensity Duration Frequency (IDF) curves with consideration of climate change to ensure new infrastructure is sized appropriately to handle more intense and frequent storms
- Began Environmental Assessment to identify preferred flood mitigating solutions for Beach Neighbourhood flooding and elevated Lake Ontario water levels
- Increasing drain connections in parks/play infrastructure to avoid standing water and degradation of wood fibre

- Fifty Road Parkette shoreline protection project and completion of Fifty Road that set precedent on how we can continue protecting our shoreline moving forward

**GOAL 8:** To ensure all our work promotes equity, diversity, health and inclusion and improves collaboration and consultation with all marginalized groups, including local Indigenous Peoples

- Completion of Municipal-Indigenous Relationship Building related to City-Initiated Archaeological and Natural Heritage Assessment
- Indigenous community collaboration on shoreline protection and monitoring to learn more about cultural and natural significance of the land
- Play structure engagement meetings taking place in neighbourhood to improve participation and feedback from all residents

**GOAL 9:** To increase the knowledge and empower City staff and the Hamilton community including business, Non-Government Organizations and individual citizens while advocating to higher levels of government to take action on climate change

- Submitted Hamilton's 2018 GHG emissions to Carbon Disclosure Project (CDP), a global open platform to increase transparency of Hamilton's GHG emissions profile
- Hamilton North End's Sustainable Neighbourhood Action Plan online webinar completed to increase neighbourhood awareness on importance of climate change
- Scheduling homeowner energy retrofit online workshops in partnership with City of Burlington to increase knowledge of deep energy retrofits
- Amended Anti-Idling By-law to Administrative Penalties System (APS) and assigned responsibility to parking enforcement

## G. West-Harbour Waterfront Strategic Initiatives:

On May 12, 2010, City Council approved COW Report 10-014, referencing the West Harbour Recreation Waterfront Master Plan (WHRWMP)", which identified public investments in parks, open-spaces, and programming amenities within the West Harbour waterfront area to transform the area into an active and vibrant waterfront.

Council approved the first phase of the West Harbour Re-Development Plan in 2012, with an emphasis on converting the former industrial shipping lands of Piers 5-8, into a destination of parks, marine recreation facilities, and public-spaces integrated alongside new private-sector residential and commercial developments. The West Harbour Re-Development Plan was identified as a key element of the "*Economic Prosperity and Growth*" priority in the 2015-2025 Strategic Plan.

Of the \$109.8M West Harbour Capital Projects approved for the end of 2020, \$43.5M was funded from debt (excluding DC debt of \$8.1M). Section 413 of the Municipal Act

suggests that the “matching principle” applies regarding the use of any sales proceeds. Therefore, any sales proceeds from the Pier 8 development would first be applied against any debenture issues for Pier 8 Development works that were Levy/Rate financed.

On June 13, 2018, City Council approved the Waterfront Shores Corporation (“WSC”) as the Preferred Proponent to develop the Pier 8 lands (Report GIC 18-013 and PED14002(h)). It is estimated that the proposed development will include 119,850 m<sup>2</sup> of residential development representing approximately 1,227 market condominium units, 65 affordable units, and 1,376 parking stalls, as well as an additional 6,440m<sup>2</sup> of commercial and 2,477 m<sup>2</sup> of institutional development space.

Financially, as the owner of the Pier 8 lands, the City will realize the proceeds generated from the land sale transaction. WSC’s financial bid was structured to feature a series of payments that included a guaranteed amount paid upon execution of the initial contract, additional guaranteed minimum purchase amounts paid on the closing dates for each development Block, and additional amounts based on the increase in the value of the land and improvements as the project proceeds. Committed payments total approximately \$41M, plus additional payments over the course of the development.

From 2012 to 2020, Council approved \$109.8M in capital funding toward the West Harbour Re-Development Plan, with \$11.0M from the tax supported Capital Levy approved, in principle, for 2020. The individual projects and initiatives can be categorized by the following:

1. Development-Ready Projects
2. Asset & Infrastructure rehabilitation
3. Parks & Public-Space
4. Marina Management Agreement Commitments

Capital project cost estimates within the West Harbour Implementation Plan developed between 2010 and 2012 were based on high-level conceptual designs and did not include cost indexing. The 2021 Capital Budget and budget forecast (refer to Table 9) includes costing adjustments based on detailed design specifications, projects that were not identified in the original plan, and current-year pricing estimates with respective financial indexing.

To meet the commitment to the developer of the Pier 8 lands, the City must construct the following projects prior to development:

1. Pier 8 Shorewall Rehabilitation
2. Copp’s Pier (Promenade Park) Construction
3. Pier 8 Sanitary Pumping Station Construction; and
4. Pier 8 Site Servicing

In addition, beyond 2021 two other projects are integral to the long-term viability of the plan:

1. Re-Location of the Hamilton Police Service (HPS) Marine Unit, estimated at \$5.15M (updated estimate) for construction in 2022.

The existing HPS Marine Unit building is past the useful lifespan and is being demolished as part of the Piers 5-7 public realm project. In the interim, in 2019 the Police Marine Unit has re-located into a temporary facility at Macassa Bay. As a result, a commitment to funding the permanent facility would be required.

2. New Public Parking Garage estimated at \$33.2M. The functional planning, pre-engineering, and design work in 2023 of \$4.9M (\$3.675M net of DCs). Construction costs of \$28.3M in 2025 (\$21.225M net of DCs).

As part of the overall re-development plan, existing free public parking located on Piers 6-8, as well as the parking for the marina facilities, will be eliminated over time as development progresses. West Harbour Staff has identified a long-term need to replace approximately 500-600 parking spaces. Although the WHWRMP identified the future need for a parking structure to address this concern, both the specific site and the funding options for this have not been finalized, and as such Staff would seek possible funding options that mitigate the impact on the City's capital budget.

**Table 9**  
**West Harbourfront Strategic Initiatives – Net Capital Forecast**

(\$000's)	Development Ready		Total West Harbour		Change (Increase) / Decrease
	2018 Financing Plan		Implementation Plan 2021 Capital Submissions		
Approved 2012 - 2020	\$	106,900	\$	109,830	
Proposed 2021	\$	11,010	\$	9,020	\$ 1,990
Proposed 2022	\$	7,470	\$	11,930	\$ (4,460)
Proposed 2023	\$	-	\$	7,472	\$ (7,472)
Proposed 2024	\$	-	\$	21,168	\$ (21,168)
Proposed 2025 - 2030	\$	-	\$	1,592	\$ (1,592)
Subtotal 2021 - 2030	\$	18,480	\$	51,182	\$ (32,702)
Total	\$	125,380	\$	161,012	\$ (35,632)

Development Ready 2018 Financing Plan did not include projects such as the Police Marine Facility \$2.06M net (2022) West Harbour Parking Garage \$24.8M (net 2023, 2024), Bayfront Park Upgrades \$1.26M (2021), Pier 8 Streetscaping \$3.7M (2023, 2024), Pier 8 Greenway \$1.6M (2023,2024) and financial indexing of \$2.21M.

With all other projects however, West Harbour Staff could be directed to find ways to mitigate current and future financial pressures by revising the scope of specific projects, revising the phasing plan such that specific projects are pushed to future years, or by eliminating specific projects in their entirety.

Although the funding sources will need to be identified, the timeframes have been forecast based on development expectations over a typical 10-year Capital Budget cycle, and therefore year-over-year project budgets and timing could be adjusted to reflect revisions to the project scope and the timing of inter-dependent projects.

Projects and initiatives were identified in several Council approved plans and agreements including the following:

- May 12, 2010; Council approved COW Report 10-014 and Staff Report PW09004/PED10108 “West Harbour Waterfront Recreation Master Plan” (WHWRMP);
- January 29, 2014; Council approved GIC Report 14-001 and staff Report PED14002 entitled “*West Harbour Piers 5-8 Servicing Studies and Pro Forma Analysis*”;
- April 2, 2014 – GIC approved staff Report CM12015(b) entitled “*Formal Marina Management Agreement (MMA) with the Hamilton Port Authority (HPA) Regarding Piers 7 and 8*”;
- March 30, 2015 – GIC approved Report 15-008 and staff Report PED14002(b) entitled “*West Harbour Waterfront Re-Development Plan*”;
- May 24, 2017 – Council approved Planning Committee Report 17-009 and staff Report PED17074 entitled “Applications to Amend City of Hamilton Zoning By-law No. 05-200, Approval of a Draft Plan of Subdivision and Temporary Use By-law for lands located at Pier 8, 65 Guise Street East”;
- July 14, 2017, Council approved GIC Report 17-015, including Report PED14002(e) entitled “Pier 8 Request for Proposal (RFP) Evaluation and Scoring Framework” outlining the RFP evaluation and scoring framework”;
- November 22, 2017, Council approved GIC Report 17-024 including Report PED14002(f) entitled “Pier 8 Request for Proposal (RFP) Financial Bid Structure”;
- June 13, 2018; Council approved GIC Report 18-013, including Report PED14002(h) entitled “Pier 8 Development Opportunity Request for Proposals Evaluation”;
- September 12, 2018, Council approved GIC Report 18-017, including Report LS18052 entitled “Pier 8 Development - LPAT Appeals of Zoning By-law Amendments 17-095/096 and Draft Plan of Subdivision Approval”; and
- September 12, 2018, Council approved GIC Report 18-017 including Report PW18079 entitled “West Harbour Strategic Initiatives Pier 8 Capital Works Tenders”;
- March 27, 2019, Council approved GIC Report 19-005 Including Report PW17075b entitled “Status of West Harbour Implementation”; and

- October 9, 2019, Council approved GIC Report 19-019 including Report PW17075(c) entitled “Status of West Harbour Implementation”.

## 6.0 2021 TAX SUPPORTED CAPITAL LEVY

While the City’s objective is to manage the need for future property tax increases, balancing the capital requirements of existing asset rehabilitation with investments in new projects to increase the City’s assessment base requires increases in own source funding. Consequently, the City’s Senior Leadership Team has at a minimum endorsed a 0.40% Capital Levy tax increase (\$3.654M). This action is in recognition of the need for sustainable funding to support debt servicing requirements for the municipal share of the ICIP – Transit program and for ongoing funding for annual development charge exemptions.

As per Table 10, in 2020, \$123.7M (13.4% of the City’s \$924M tax levy) was used for capital purposes. For 2021, staff recommend a \$127.4M Capital Levy consisting of \$40.7M in budgeted debt charges and an \$86.7M transfer from operating to capital.

**Table 10**  
**Tax Capital Levy History**

(\$ Millions)	2011	2012	2013	2014	2015	2016	2017	2018	2019	2020	10 Yr. Average
<b>Total Tax Levy</b>	692.4	705.1	727.3	748.3	797.6	827.7	845.4	857.9	886.7	924.2

Figure 3 and Figure 4 illustrate the 2021 Capital funding sources and the corresponding recommended allocation across programs.

**Figure 3**

**Figure 4**

## 7.0 2021 TAX SUPPORTED CAPITAL BUDGET PRIORITIZATION PROCESS

The City of Hamilton employs a hybrid Capital Block Funding Prioritization methodology that has evolved over the years, aligning with the City's Strategic Plan. This has been accomplished by senior staff in all program areas endorsing a corporate Capital funding program focused on meeting a base level financial requirement. This process ensures stable long-term capital funding for hard infrastructure program areas (roads, facilities, long-term care assets) and facilitates effective costing and priority planning outcomes.

The process for the 2021 Capital Budget was as follows:

- Staff met to determine the discretionary funding available based on the most current information. Discretionary funds are those funds that could be directed to any capital program area. This would not include specific use reserve funds (DC's, Fleet, Transit, etc) or any other specific funding.
- Staff met in the second and third quarters of 2020 to determine needs and create funding strategies based on those needs versus financial constraints.
- Quantitative Block Funding strategies were based on historical funding averages, Masterplan requirements and subsidy eligibility.
- Capital projects receiving significant subsidy and/or were approved by Council prior to Capital Budget deadlines receive priority in the Block Funding process.

Meeting the Provincially required deadlines for Asset Management Planning (AMP) will provide the City with another capital prioritization tool. By July 1, 2021, the City will be required to determine the cost to maintain current service levels covering core infrastructure assets. Council will then have to decide whether the City should increase spending on core assets to maintain them or target the available funds only to priority core assets and let the service levels decline on non-priority assets.

## 8.0 2021 PROPOSED TAX SUPPORTED CAPITAL BUDGET

Table 12 summarizes the proposed Capital Budget by program area and compares it to the previous year's approved capital program. The proposed Capital Budget incorporates a 0.40% tax increase (\$3.654M) dedicated to the Capital Levy.

**Table 12**  
**Tax Supported Capital Budget**

(\$000's)	2020		2021		Difference	
	Approved		CAPITAL PROGRAM			
	GROSS	NET	GROSS	NET	GROSS	NET
<b>Proposed Program Funding</b>						
Recreation Facilities	14,125	4,695	15,604	4,581	1,479	(114)

## 9.0 2021 – 2024 TAX SUPPORTED CAPITAL FORECAST ASSUMPTIONS / HIGHLIGHTS

- Budgeted debt financing:** For the 2021-2024 debt financed capital projects, it is assumed that debt repayments start on July 1 at 3.00% interest rate amortized over 15 years. For previously approved capital projects (Works-In-Progress – WIP's), July 1 is also the date that debt repayments start accruing. This is a change in borrowing

assumptions from the 2020 budget process (5%) to reflect current investment market rates.

2. Federal/Provincial Infrastructure Subsidy – Gas Tax Revenues: Most municipalities cannot adequately fund the cost of proper infrastructure repair and rehabilitation on their own. In response, the Federal government is contributing 5 cents per litre of gas sold to address critical municipal infrastructure replacement and rehabilitation. The amount of subsidy funding utilized in the 2021 Tax Capital Budget is \$36.5M.
3. Hamilton Utilities Corporation Capital Funding Dividend: Based on the Hamilton Utilities Corporation Dividend Policy staff incorporated \$5.3M in dividends to fund the Capital Program in 2021 and \$5M in each subsequent year thereafter (\$3M dedicated to capital costs to implement the Poverty Reduction Strategy).

Table 13 provides a four-year discretionary capital forecast for 2021 – 2024 summarized by program area expenditures and the sources of discretionary funding. It does not include non-discretionary capital sources of funding that must be used for a specific purpose (i.e. dedicated reserves for Development Charges, Fleet, etc). The highlights regarding the discretionary funding envelope are:

- a) Increase in the contribution from operating from \$82.0M in 2020 to \$86.7M in 2021. The increase is driven by changes to assumption in debt servicing costs based on the current investment market.
- b) 2020 capital financing surplus from calendar year 2020 due to approved but unissued debt in the amount of \$4.6M is utilized for 2021 capital financing.
- c) Leveraging additional \$2.5M of Federal Gas Tax funds remaining from the one-time transfer payment in 2019.
- d) Leveraging \$2.1M from the Roads, Bridges and Traffic Capital Reserve, as well as \$1.1M from the COVID-19 Emergency Reserve to further advance capital investment in core assets and bolster economic recovery in response to the COVID-19 pandemic.

Discretionary funds may be directed by Council to any purpose it deems necessary (with some program limitations regarding the Federal Gas Tax). Table 13 takes into account the deferring of the annual 0.5% property tax increase to support regular capital programming in 2021 but continues it in 2022 to 2024. The net levy increase in 2021 is proposed at 0.40% to support sustainable debt financing of the municipal contribution required for the City's share of the Federal (ICIP - Transit) Program (0.18%) and DC exemption funding (0.22%).

Staff recommends incorporating the operating impact of 2021 capital projects in future operating budgets (2022 and beyond). The operating impact of the 2021 Capital Budget for inclusion in future operating budgets is estimated at \$6.8M and 78.9 FTE's.

## 10.0 2021 – 2030 TAX SUPPORTED CAPITAL FORECAST

The following 15-year Capital Budget summary of gross spending (Figure 5) and the corresponding forecast table (Table 14) are based on staff's recommended annual 0.5% tax increase for the regular Capital Program in years 2022-2024 and additional property tax increases to cover the debt charges associated with four priority Capital Programs, the City's share of the ICIP Transit Program, the 2020-2025 West Harbour MP cost increases and the DC Exemption Funding.

**Figure 5**

The City's declining capital affordability is due to:

- a) Decreased Capital Funding capacity due to major capital project debt commitments (refer to Table 14).
- b) Aging Infrastructure.
- c) An insufficient amount of property tax revenue dedicated to capital (Table 10).

Past expenditures on the major projects listed below make up a significant portion of the \$40.7M debt charge component of the 2021 Capital Levy. This is of particular importance in that there are significant future proposed projects (10-year Transit Strategy, West Harbour, Stadium Precinct Park) that may significantly add to the debt charge component of the Tax Supported Capital Levy.

**Table 14**  
**Major Projects Financed through Debt**

(\$ Millions)	2020 & Prior						Total
	Debt only	2021	2022	2023	2024	2025	
Downtown Office	13.8						13.8
Red Hill Valley Project	27.3						27.3
City Hall	5.6						5.6
Waste Management	25.7		7.7				33.4

Stadium Precinct			8.3				8.3
West Harbour	50.8	-	4.5	7.5	21.2	0.7	84.7
<b>Total</b>	<b>231.1</b>	<b>29.1</b>	<b>42.8</b>	<b>18.0</b>	<b>44.0</b>	<b>10.7</b>	<b>363.6</b>
<b>Total Debt Charges funded from Tax Levy</b>		<b>40.7</b>	<b>46.0</b>	<b>43.9</b>	<b>45.8</b>	<b>46.3</b>	<b>253.6</b>

Inflationary pressures of capital expenditures relative to the inflationary capacity of property tax increases are illustrated in Table 15. Over the last four years the trend is that Capital Expenditure inflation is increasing faster than the Property Tax Increase. The result is that more Capital funding is required to achieve the same capital infrastructure metrics (e.g. lane kilometres)

**Table 15**  
**Inflationary Pressures on Capital Expenditures**

(%)	2011	2012	2013	2014	2015	2016	2017	2018	2019	2020*

Property Tax Increase	0.8	0.9	1.9	1.5	3.4	1.7	2.1	1.9	2.2	2.9

\* forecast

Figure 6 and Figure 7 illustrate the City’s four-year Tax Supported Capital Forecast by program and the four-year forecast of the sources of funding.

**Figure 6**

**Figure 7**

As has been the case in previous years, the forecasted capital requirements by program area is not sustainable given current financing constraints. Table 16 illustrates that submitted capital projects for the next four years total approximately \$1.57B while the 2021 - 2024 capital forecast can only support \$1.47B in new capital projects. This

leaves the City with an approximate \$104M funding gap. The \$104M funding gap represents the financial shortfall to maintain existing infrastructure and service levels. Further to the identified \$104M funding gap is the \$3.7B accumulated infrastructure deficit based on industry best practices for asset management and lifecycle replacement.

**Table 16**

## 11.0 TAX SUPPORTED DEBT AND DEBT FORECAST

In the proposed 2021-2030 10-year financing plan, tax supported budgeted external-debt levels peak in 2024 at \$594M. Table 18 and the Figures 8 and 9 provide the projected actual tax supported debt forecast, and debt charge amounts. The actual debt forecast takes into account the many reasons that debt issuance may be delayed (capital projects require a longer EA process, etc.). The City will only issue debt upon substantial completion of associated capital works. In the latter end of the 10-year debt forecast, the City is still issuing debt for previous period capital investments and that is why the budgeted debt is greater than the actual debt. Credit Rating Agencies are most focused on the level of actual external debt in assessing investor risk.

**Table 18**  
**Tax Supported External Debt Forecast**

**Figure 8**

Figure 9 represents a 10-year forecast of total Debt for the City of Hamilton. That is debt associated with the Tax Supported Capital and the debt that funds a portion of the Rate Capital Budget (Water, Wastewater and Stormwater). The graph shows that a significant portion of total debt is comprised of debt for growth infrastructure. It includes

infrastructure such as the expansion of the wastewater plant (WWTP) of approximately \$296.3M, major sewer and water trunks and roads benefiting development. The WWTP expansion with construction forecasted in 2026 is projected to be 100% DC Debt funded. Staff monitor this forecast very closely and have managed to defer financing as development has lagged behind previous forecasts. Staff will continue to monitor the forecast and minimize any risks associated with growth revenues not being able to sustain the forecast debt levels.

**Figure 9**

Figure 10 compares the total forecast City debt charges for the 10-year Capital Plan (rate and tax supported) against the Province’s 2020 debt repayment limit. The repayment limit is a calculation that takes into consideration the City’s ability to pay the debt charges from available revenues. While Figure 10 shows the City’s debt charges rising, staff will monitor the City’s ability to pay, especially as it pertains to DCs. Staff will minimize the risk associated with DC debt by ensuring that any growth-related debt principal and interest are forecasted to be covered by future growth projections.

**Figure 10**

Chart A provides a comparison of the City of Hamilton’s debt levels to other municipalities. The debt data used in the comparisons is the same data used by the Province to calculate the municipalities Annual Repayment Limit (ARL) – percent of total debt charges to municipalities own revenues – which provides an indication of the municipalities’ ability to meet its financial obligations. The ARL allowed by the Province is debt charges up to a maximum of 25% of the municipalities own revenues. This would translate to support an outstanding debt amount of \$2.09B versus our current peak forecast of \$1.54B. Hamilton’s current debt is well below the allowable provincial limit.

Hamilton’s percent of debt charges to own revenues is 5.1% compared to the average of 6.8% for all municipalities included in the comparison. The ARL comparators range from 2.1% (City of Windsor) to 9.8% (Waterloo Region). It should be noted the debt obligations and the associated debt charges presented in the table include debt obligations pertaining to City Housing Hamilton. The City’s debt charges to own revenues in the peak debt forecast period would increase to approximately 9% in 2029.

## 12.0 AREA RATING SPECIAL CAPITAL RE-INVESTMENT RESERVES

At the April 14, 2011 Council meeting, amendments to the Area Rating methodology, constituting an “Urban/Rural” model of Area Rating, were approved. As a result, a tax shift was initiated resulting in the establishment of eight reserves for the former City of Hamilton wards to address the infrastructure deficit within the respective wards. From 2014 to 2018 Wards 1 to 8 have been allocated \$1.68M annually to address ward specific infrastructure and capital needs.

In June 2016, the City of Hamilton began reviewing the existing Ward boundaries to ensure citizens were effectively represented due to population growth. Watson and Associates Economists Ltd. were hired as consultants for the Ward Boundary Review Report, which was approved through GIC 17-003 in February 2017. Three options were presented to the Ontario Municipal Board (OMB), with Option 2 being selected as the new Ward boundaries for the City of Hamilton in December 2017.

With the new Ward boundaries, the alignment of the City of Hamilton former Wards 1 to 8 no longer exists. Each Ward boundary has changed, impacting the allocation and equal distribution of the Area Rating Special Capital Re-Investment. Wards 9,10 and 14 boundaries now include a portion of the former City of Hamilton (Wards 1 to 8). To address these changes, Report FCS19006 was approved through Council on February 13, 2019 to reallocate the Area Rating Special Capital Re-Investment Reserve funding to the new Wards within the former City of Hamilton based on the percentage of assessment. Each Ward's allocation will be calculated as part of the annual tax levy by-law.

## 13.0 2021 - 2030 GROWTH / ASSESSMENT CAPITAL

Hamilton's proportion of residential to non-residential assessment is approximately 87.9% / 12.1% and is below the average of similar municipalities (GTA) that have a non-residential assessment of approximately 16.2% based on 2019 data. Commercial and industrial properties have a tax ratio higher than that of the residential class (2-4 times) and therefore growing the non-residential assessment base not only benefits the City in terms of financial sustainability but also in job creation, improved socio-economic conditions and provides the foundation for a community with a balanced live-work lifestyle.

### **Development Charges – Growth Planning and Financial Sustainability**

As the City of Hamilton moves forward with its growth infrastructure plans, current policies must sustain the "Places to Grow" (PTG) growth patterns. The City's 2019 Development Charge (DC) By-law was based on 2006 Provincial forecasts which projected Hamilton's population to 660,000 by 2031.

In August 2020, the Province released Amendment 1 to A Place to Grow: the Growth Plan for the Greater Golden Horseshoe ("Growth Plan, 2019, as amended"). The Growth Plan, 2019, as amended, has extended the planning horizon to 2051, and identifies a 2051 population forecast of 820,000. In August 2020, the Province released a revised land needs assessment methodology to be used by all municipalities in allocating the 2051 employment and population forecasts based on the Growth Plan targets.

The City is in the process of completing the land needs assessment which will identify how population and employment growth to the year 2051 will be accommodated, and how much additional land may be required to be added to the urban boundary to accommodate the 2051 growth. Through the Growth-Related Integrated Development Strategy (GRIDS 2), the City will identify the preferred growth option to accommodate any additional land need. This preferred growth option will inform the infrastructure masterplan updates.

To date, the City is falling short of the 2006 PTG projections used in the 2019 DC Background Study. To illustrate, the 2006 PTG had forecast that the City's population would reach approximately 565,000 by 2016 (linear assumption based on 540,000 by 2011 and 590,000 by 2021), yet the 2016 census shows that the City's population had only reached 537,000 (547,000 if adjusted for the Statistics Canada under coverage estimate of 1.9%).

Since the City is not experiencing growth at the rate envisioned under the Places to Grow Provincial Targets, the City has not collected enough DC revenues to fund the infrastructure according to the timelines considered in the plans.

In order to balance the growth revenue shortfalls with infrastructure requirements, the City has prioritized its growth infrastructure in a "Staging of Development Report". The

Staging of Development Report is an important tool to guide growth in an orderly manner by balancing the infrastructure needs with the costs of extending or upsizing new servicing, co-ordinate growth infrastructure with development approvals and guides the pace of growth across the City. This program, which encompasses a financing strategy of limiting DC reserve exposure and debt financing of growth projects, will ensure that the City's overall DC reserve balance is sustainable and that growth projects proceed in a thought out and systematic order.

The growth shortfall is not the only challenge around the financing of growth infrastructure. The City's DC By-law provides for several Council directed exemptions. These exemptions, such as reduced non-residential rates and a reduction for properties located within the Downtown Hamilton Community Improvement Project Area, are provided with the goal of acting as development incentives. The amounts exempted must be recouped through the tax and rate budgets and current funding levels are not enough to cover all the exemptions.

The Province has also introduced legislation which provides for both a freezing of DC rates and statutory deferrals of DCs for specified forms of development. While the City will eventually receive the funds, these changes affect the City's cash flow and may result in a need to increase reliance on debt. Since the Provincial changes are new, the City does not yet have a robust forecast model to be able to quantify the cash flow impacts. Compounding this challenge, COVID-19 presents an unknown impact on achieving future development targets. In an abundance of caution, the City errs on the side of over forecasting DC debt issuances. Prior to issuing the debt, the DC reserve status is assessed and if the amounts can be cash funded at that time then no debt will be issued. This conservative process ensures that should debt be needed, the appropriate approvals are in place, and at the same time allows the City to avoid interest on approved, but unnecessary, debt should the cash inflows be sufficient to cover the growth projects.

Tables 19 and 20 illustrate the development shortfalls in residential and non-residential growth and City forecasts going forward.

**Table 19**

2018	1,678	895,212
2019	1,659	1,402,330
5-year Average	1,631	821,285
2020 Projection	1,800	950,000
2021 Projection	1,800	950,000
2022 Projection	1,800	950,000

*Prior years Development Activity has been restated compared to previous communications to remove activity offset by demolitions as well as forms of development which do not trigger a development charge. The projections consider only net new development that will generate DC revenues.*

Table 21 summarizes the Capital Projects included in the 2021 Tax and Rate Capital Budget that are required to service growth. Note that while underground servicing is typically required pre-growth, the soft services projects are typically not justifiable until most or all the anticipated growth has occurred.

**Table 21**  
**2021 Capital Budget Growth Capital**

			DC Funding (\$000's)
<b>Major 2021 DC Investments</b>			
Tax	Transit	Transit Maintenance and Storage Facility (Cash Flow Project)	20,462
Rate	Wastewater	Airport Lands Dickenson Rd Trunk Sewer (WW-27, WW-26, WW-28) (CASH	20,300

Rate	Water	Binbrook Feedemain via Fletcher (W-30)	3,870
Tax	Fire	Waterdown New Station	3,724
<b>Total Major DC Investments</b>			133,715
<b>Other 2021 DC Investments</b>			
Rate	Water		4,795
Rate	Wastewater		3,583
Rate	Storm Water		4,185
Tax	Services Related to a Highway		4,218
Tax	Open Space Development		2,034
Tax	Recreation		1,149
Tax	Other		10,044
<b>Total Other DC Investments</b>			30,008
<b>TOTAL TAX DC BUDGET</b>			86,761
<b>TOTAL RATE DC BUDGET</b>			76,962
<b>TOTAL ALL</b>			163,723

The total amount of budgeted Development Charge revenue required for the 2021 Tax Capital Budget is \$87M and for the Rate Capital Budget is \$77M. Annual Development Charge revenues for 2021 are forecasted at approximately \$110M; inclusive of DC exemption funding. The 2020 year-end consolidated DC Reserves balance is forecasted at \$248M as illustrated in Table 24. To facilitate the growth, the City requires sizeable investment in up-front infrastructure and must incur considerable debt. The largest portion of this budget is in the Rate Supported Capital Program. This means that a significant part of the 2021 – 2030 growth program will be funded through debt and the debt charges repaid from future DC collections.

Of note, the City of Hamilton has a DC Funding Policy which requires that staff limit the amount of risk regarding the sustainability of the DC reserves. That is, growth projects will only be included in the proposed capital budget if the sustainability of the reserves is maintained. The impact of this policy is that some projects may be delayed when compared to their timing in the DC Background Study or infrastructure masterplans and debt financing may be required in order to maintain DC Reserve integrity. Staff will minimize the risk by ensuring that any growth-related debt principal and interest will be covered by anticipated future DC revenues.

**DEVELOPMENT CHARGE RESERVES**

The overall DC Reserves balance is forecasted to be \$248M at the end of 2020 as illustrated in Table 22. This balance reflects PSAB standards and does not account for the DC Project spending that has been approved but not yet incurred or DC funding that is planned to be debt funded but not yet issued. Of note is that a significant portion of the budgeted DC funding for the 2021 Capital Program is planned to be financed through debt.

**Table 22**  
**2020 DC Reserve Forecast**

(\$000's)	Opening Balance	Collections*	Payments	Ending Balance
<b>Water</b>	39,047	11,735	(8,759)	42,022

<b>Total</b>	<b>194,495</b>	<b>111,668</b>	<b>(58,277)</b>	<b>247,886</b>

\* includes funding for exemptions

Note that this table excludes developer recoveries which are included in the Development Charge totals in Table 21

**Figure 11**  
**2020 – 2030 Forecasted DC Approved Debt**

Figure 11 forecasts the City's DC Debt levels which rise significantly as major roads, wastewater plant expansion, linear water/wastewater major trunks are forecast to be built, financed by debt and paid by rising DC revenues. The debt forecast in the future assumes the current pace of growth and if the pace of growth increases then reliance on debt can decrease. The \$734M DC Debt Limit approved by Council is based on 25% of the total DC eligible costs per the Development Charges Background Study which currently forecasts to 2031 for roads and rate services. Given that the next DC background study will incorporate an additional 20 years of growth costs (to 2051) as staff will be examining the validity of this measure and considering alternatives.

## 14.0 RESERVES / RESERVE FUND FINANCING

The City's Performance Audit Report 2017-01 stated that "Hamilton's Reserve balances on a per capita basis were the second highest in the seven major Canadian Municipalities reviewed". Reserves are a key fiscal management tool used by most large Cities in Canada. Reserves are utilized to respond to uneven and unpredictable revenues and expenditures. Reserves allow for the accumulation of funds over time for future funding of large capital and other one-time expenditures. Unexpected one-time revenues such as grants or surpluses can also be set aside in reserves and used for a specified purpose or held to provide financial resiliency should unexpected events occur. The use of reserves can smooth tax and rate payers' burden, moderating tax and rate increases. Holding adequate reserves contributes to a City's sustainability as it

provides a measure of financial flexibility to react to unexpected budget shortfalls or significant unexpected issues or events. A planned approach to the use of reserves is considered good financial management.

Reserves provide flexibility against uncertainties, which inevitably arise in today's changing municipal environment, reducing the risk to taxpayers in the future. The City of Hamilton has reserves totalling approximately \$893M projected as at December 31, 2020 including all discretionary, obligatory and rate funded reserves. Table 25 illustrates the City's reserve history for the period 2017 – 2019 and reserve projections for 2020 to 2022.

An analysis of Table 25 highlights the following trends:

1. The City's Capital reserves, which fund the City's capital program, are expected to increase from \$418M in 2019 to a projected balance of \$531M in 2022. The increase is the result of anticipated DC collections exceeding capital financing requirements over the next two years. Initial indication is that the COVID-19 pandemic has not drastically affected growth in the short-term. Staff will continue to monitor for any declines in development over the next year and adjust growth related infrastructure forecasts accordingly.
2. Non-Tax Capital Reserves for the City of Hamilton decrease from \$476M in 2019 to a forecast of \$408M in 2022. The decrease in the reserves is due to the following:
  - There is a declining balance of the City's Rate Reserves due to required significant capital investments. Based on the funding commitments to date, this group of reserves is expected to reach a low of \$94M in 2021 from its 2019 balance of \$167M. These balances do not include the dedicated Wastewater Subsidy Reserve or the Meter Replacement Reserve. Available capacity in the City's Rate Reserves has been fully leveraged in the 2021 Rate Capital Budget with continued draws on reserves into 2025 until they reach minimum required balances.
  - The Subsidy Reserve (Provincial Contribution – WTP Upgrades) declines from \$48M in 2019 to a zero balance in 2022. This is due to the expenditure schedule of the Water Treatment Plant upgrades.
  - The Tax Stabilization Reserve has a forecasted balance of \$14.7M by 2022, well below its target balance of \$34.8M. This is a significant concern as the Reserve lacks a sustainable funding source to address one-time pilots and operating expenditures, which this Reserve had previously funded. Staff will have to look at options to address the funding shortfall in this Reserve that may include options such as: year-end surpluses, budgeted contribution to the Tax Stabilization Reserve, transfers from other reserves, changing practice of expenses funded from this Reserve, etc.

**Table 25**

\*Note: Anomalies due to rounding

Reserve Funds have been established either through legislation or by Council to be used for specific future liabilities. The reserve amounts available to fund tax supported capital in future years will vary depending upon operating transfers, senior level government funding and the financing implications of large, multi-year capital projects. Staff will continually review existing reserve and reserve fund balances and make appropriate recommendations to Council during the annual capital budget process.

## 15.0 HAMILTON FUTURE FUNDS (HFF)

The funds received from Hamilton Utilities Corp. were initially segregated into two reserve accounts:

Hamilton Future Fund A	\$100,000,000
Hamilton Future Fund B	\$ 37,430,705

Council and the HFF Board have approved an internal loan from Fund A to the City in the total amount of \$100M whose disbursement is tied to annual planned waste management and roads expenditures. Refer to Table 26 for Fund A's five-year projected balances. Fund A was established as a permanent fund to be protected and invested for five years; thus, providing a permanent source of funding.

**Table 26**

## 16.0 CONCLUSION

The proposed 2021 Tax Supported Capital Budget and 2022-2030 Capital Forecast are a continuation of a solid long-term plan to maximize own source capital funding and take advantage of partnerships with senior levels of government (transit, housing, culture and recreation). Elements of this plan include the following:

1. It is recommended that the usual 0.5% Capital Levy increase for discretionary state-of-good-repair funding be deferred in 2021 to balance infrastructure needs and affordability. A 0.5% levy increase would amount to approximately \$4.5M in additional capital investment in 2021. The 2021 Capital Budget supports the deferral of this investment through additional contribution from the Federal Gas Tax Reserve, which has excess funding remaining from the one-time payment transfer in 2019.
2. The 2021 Capital Financing Plan was updated with new assumptions around the cost to borrow given recent changes in the investment market, cash flow assumptions required for debt servicing upcoming transit and affordable housing projects and leveraging of existing capacity from reserves to provide additional financing of \$12.3M in comparison to the previous Financing Plan.

3. The additional financing capacity created through the use of Federal Gas Reserve funds and assumption changes in the financing plan are utilized to maintain the planned increase in roads discretionary funding to a construction cost inflationary net block-funding level with a Council-endorsed emphasis on the rehabilitation of local roads.
4. An additional 0.18% Property Tax Increase (\$1.654M or \$6 annual property tax increase) to fund the debt charges associated with the City's share of the Investing in Canada Infrastructure Program (ICIP) – Transit Stream Capital Investments. The total cost of the ICIP – Transit Stream submissions for 2021 was \$191.2M with the City's share amounting to \$19.1M (debt repayment impact of \$1.654M).
5. An additional 0.22% Property Tax Increase (\$2.0M or \$7 annual property tax increase) to fund the increase in the recovery of exemptions of tax services provided through the City's Development Charge exemption programs.
6. Prioritize funding for assessment growth opportunities such as the West Harbour and Waterfront and Airport Employment Growth District.
7. Investment in strategic capital areas, including Transit, Affordable Housing, Waste Management, Park Development, and others.
8. Ensure that debt levels are sustainable. This can be accomplished by ensuring that the City has an efficient Works-In-Progress Capital turn-around process thereby freeing up funds that are not in use. The City's projected long-term budgeted tax supported debt levels top at \$788M in 2028. Debt sustainability can further be achieved by carefully examining each major project with a proper cost/benefit approach, deferring when necessary until debt capacity is freed-up.
9. Additional capacity for capital financing through updates to the Financing Plan, as well as additional funding from senior levels of government to address municipal infrastructure through the COVID-19 Resilience Infrastructure Stream, the City of Hamilton can make continued progress towards the infrastructure deficit in 2021 while managing tax affordability by deferring the annual 0.5% Capital Levy increase.

The City has a \$3.7B infrastructure deficit backlog through all program areas and an annual infrastructure deficit of approximately \$195M. The City cannot tackle this problem on its own and will require significant support from senior levels of government. To date, senior levels of government have provided funding support for Transit, Social Housing, Recreation and Culture, Long-Term Care and Water and Wastewater infrastructure for which there is great need at the municipal level. However, the City has significant deficiencies in its roads and facilities infrastructure. Senior levels of government support is lagging in these areas and the City must increase its own funding for capital rehabilitation in order to slow the deterioration of its infrastructure.

With the emergence of current and large budget deficits for the foreseeable future, the ability of senior levels of government to continue to significantly assist municipalities will be severely diminished. Therefore, the City must maximize its own source funding, keep improving relations with the senior levels of government for additional infrastructure repair subsidies and strategically direct these funds to priority programs.

# **2021 Capital Financing For Projects Included in Financing Plan**

**CITY OF HAMILTON  
2021-2045 CAPITAL BUDGET PROJECT DETAIL SHEET**

**Division/Department:** City Manager - City Manager

**Project ID:** 3381858502

**Category:** Computer Software Purchases

**Project Name:** Enhancing City of Hamilton App for citizen services

**Ward(s):** City Wide

**Objective:**

This corporate-wide initiative provides a unified approach to mobile App development and delivery, One City – One Brand – One App; with a focus on a unified and seamlessly integrated customer experience, supporting strategic plans and priorities, enhancements to information and service delivery and eliminating unnecessary/redundant spending.

Phase one of the initiative delivered an Android and Apple mobile application, branded for the City to allow its citizens to perform key tasks. Expansion funding is required to enhance those work efforts and continue adding new features, specifically where user and business needs cannot be met by websites or web applications. Building upon the City's initial mobile app investment is critical for the long-term success of the City's digital products and creating a culture of continuous improvement.

**Comments:**

App users expect updates. Adapting to changes and constantly providing a better app experience is critical to meeting citizen expectations and keeping residents engaged in City services. Funding a centralized model is efficient for building and maintaining Apps by reducing duplication through re-use of components, standardization of processes and collaboration on common solutions. A key focus of the model is also to integrate other existing or pending apps into a seamlessly City of Hamilton app experience.

Future areas of development include (but not limited to):

- What's Happening Today (City wide drop-ins, programs, events)
- Enhance Report-a-problem/ 311 services
- Enhance Road conditions/Where's My Plow tracker
- GPS driven mapping solutions for residents and tourists (Parks & Trails, Bike Routes etc.)
- Integration with Pay for Parking/Find a Parking Spot services
- Integration of election registration, notifications and polling station lookup

**CITY OF HAMILTON**  
**2021-2045 CAPITAL BUDGET PROJECT DETAIL SHEET**

**Division/Department:** City Manager - City Manager  
**Project Name:** Digital/Open Data Infrastructure

**Project ID:** 3381858503

**Category:** Computer Software Purchases  
**Ward(s):** City Wide

**Objective:**

This request is to acquire and implement the necessary infrastructure, including a data hub/lake to support data sharing and the open data program. This critical infrastructure supports data to be quickly and easily accessed by all stakeholders such as Council, staff, citizens and researchers. Automation will reduce manual processes so that data can be leveraged to make decisions and create a more open and transparent government. Having data that is easy to access helps support a culture of analysis, transparency and data driven decision making. Enabling automated access will make it easier for staff to find information they need. It also enables enhanced availability to the community.

**Comments:**

The first pilot of the Citizen Dashboard is launching in fall of 2017. It is a webpage with limited functionality for real-time, automated updates, and has limited drill-down data capabilities. Automating these processes is critical to having a public facing and internal dashboards and sustainable open data program. The program also recognizes the potential for future revenue generation modeling once the automated open data program is in place. Enabling this service enhances both trust in government as well as the experience of the residents, community partners, and businesses. 1 FTE and 125k was approved in 2018.

**CITY OF HAMILTON**  
**2021-2045 CAPITAL BUDGET PROJECT DETAIL SHEET**

**Division/Department:** City Manager - City Manager

**Project ID:** 3381959501

**Category:** Council's Strategic Projects

**Project Name:** Digital Office: Smart City and Digital Transformation Program

**Ward(s):** City Wide

**Objective:**

The Digital Office was established to lead digital transformation at the City. This funding is to establish the full program that focuses on modernizing service delivery digitally, Open Government and orchestrating smart city initiatives and expand the way we engage with the community, academia and the private sector, including co-creation. It will work with departments/divisions to make services available on-line that are simple and easy to use; increase the use digital tools to make the City more responsive/predictive and enable residents to have easier access to services and information/Open Data. This initiative will also pilot up to five initial smart projects on a connected platform to demonstrate the impact of combining data to drive decisions. (2 temporary FTE's inclusive of operating equipment costs funded from the reserve for 2019 and 2020 in the amount of \$200k annually)

**CITY OF HAMILTON**  
**2021-2045 CAPITAL BUDGET PROJECT DETAIL SHEET**

**Division/Department:** Customer Service & POA - Corporate Services      **Project ID:** 2052157002      **Category:** Replacement Project  
**Project Name:** Replacement of Integrated Court Offences Network and Collections Administration Management Software      **Ward(s):** City Wide

**Objective:**  
"The Integrated Court Offences Network (ICON) is the provincial database currently utilized by the Ministry of the Attorney General (MAG) to house information pertaining to all offences, court cases and trials. Specifically, the City's Provincial Offences Administration (POA) unit records information directly into the data base for all provincial offences. ICON is not mandated by the Ministry; however, information must be updated in the ICON system daily as the Ministry uses the database to report performance and for other decision-making purposes. ICON is approximately 50 years old and based on unsupported and outdated technology. The Ministry remains responsible for technically supporting the technology and has attempted to replace the outdated technology unsuccessfully in the past. As an example, it took two years for POA Hamilton to have an additional three-digit code added to the existing data tables.

**Start Date:** 2021  
**Completion Date:** 2026  
**Status:** Recommended (funded)  
**Tangible Capital Asset:** No  
**Capital Budget Initiation:** 2020  
**Program Type:** Software

In conjunction with ICON, POA also utilizes a second database, Court Administration Management System (CAMS) to address the shortfalls (ex. Notes) in the ICON technology. This results in several work arounds, manual processing and keying of entries in two systems. CAMS was developed by Niagara Region and is supported by Niagara on a limited basis. As CAMS is also built on an unsupported and outdated platform (.Net older version/SQL), Niagara has notified the City that the program will not be supported beyond 2019. A team comprised of ICON and CAMS municipal users is focused on replacing both outdated systems

**CITY OF HAMILTON**  
**2021-2045 CAPITAL BUDGET PROJECT DETAIL SHEET**

**Division/Department:** Finance - Corporate Services

**Project ID:** 2052180510

**Category:** Network Extension Projects

**Project Name:** DC Exemptions Recovery

**Ward(s):** City Wide

**Objective:**

Budget allocation to repay Development Charge Reserves to compensate for exemptions. Exemptions need to be repaid to ensure that the Development Charge Reserves continue to be sustainable. Sustainable Development Charge Reserves are necessary to ensure that growth continues to pay for growth.

**Start Date:** 2018

**Completion Date:** Ongoing

**Status:** Block

**Tangible Capital Asset:** No

**Capital Budget Initiation:** 2015

**Program Type:** Development

**CITY OF HAMILTON**  
**2021-2045 CAPITAL BUDGET PROJECT DETAIL SHEET**

**Division/Department:** Information Technology (IT) - Corporate Services

**Project ID:** 3501757702

**Category:** Equipment Replacement

**Project Name:** Network Infrastructure Sustainability and Continuous Improvement

**Ward(s):** City Wide

**Objective:**

This capital program will help mitigate the risk of failure to network equipment implemented in 2003 which is past it's useful life. Upgrading this network equipment will also provide City locations with increase network bandwidth and response times meeting the demand of higher bandwidth applications on the City's network.

The risk of not replacing these switches is loss of connectivity to critical applications, communications and network resources, which results in the loss of productivity.

This capital budget also provides funding for backup power devices at most sites. This will provide continuous power when power interruptions occur, to maintain site network connectivity.

This capital program also include \$40,000 for network access control software to provide better security for the corporate network."

**Start Date:** 2017

**Completion Date:** 2021

**Status:** Recommended (funded)

**Tangible Capital Asset:** Yes

**CITY OF HAMILTON  
2021-2045 CAPITAL BUDGET PROJECT DETAIL SHEET**

**Division/Department:** Information Technology (IT) - Corporate Services

**Project ID:** 3502157101

**Category:** Replacement Project

**Project Name:** Next Generation 9-1-1 (nG 9-1-1)

**Ward(s):** City Wide

**Objective:**

'On June 1st, 2017, the CRTC mandated all telephone companies to update their networks to provide Next-Generation 9-1-1 voice and text messaging services to all Canadians by March 30th, 2024. The City of Hamilton's IT Division, in conjunction with the Hamilton Police Service (HPS), Hamilton Fire Department (HFD), Hamilton Paramedic Service will lead the technical components of this initiative. PSAPs will no longer be able to take 911 calls after March 30th 2024 without the required NG9-1-1 technology to deal with 911s in the new format. HPS will be required to update and replace their systems in order to have compatibility to receive 911 calls and transfer them accordingly. This Capital will cover hardware and software costs, implementation, training, as well as an external Project Manager. This upgrade will have a direct impact on HPS, HFD, and Emergency Services dispatch.

**Start Date:** 2021  
**Completion Date:** 2024  
**Status:** Recommended (funded)  
**Tangible Capital Asset:** Yes

**Division/Department:** Information Technology (IT) - Corporate Services

**Project ID:** 3502157202

**Category:** Information Management Development

**Project Name:** IT Asset Management Program

**Ward(s):** City Wide

**Objective:**

To ensure compliance with provincial legislation, Bill 6 Infrastructure for Jobs and Prosperity. IT requires a robust Asset Management Program. This will include development of policies and procedures for IT assets, Asset management plans, current levels of service and proposed levels of service. The outcome will be a development of a lifecycle management plan for IT assets and a supporting financial strategy and plan. Our current practices require we issue capital requests when the asset lifecycle has been exceeded such as the capital request for Network Infrastructure Sustainability and Continuous improvement project id. 3501757702. The program will have multiple phases with the following deliverables: Phase 1 - develop a scope of work to identify a full inventory of IT Assets. Phase 2 - will include the development of an IT Asset Management Plan with requirements for implementation. Staff will report back in 2021 as it relates to any additional investments required for phases 2 and 3.

**Division/Department:** Information Technology (IT) - Corporate Services

**Project ID:** 3502157907

**Category:** Security Improvements

**Project Name:** Business Systems and Services Continuity Plan

**Ward(s):** City Wide

**Objective:**

Capital funding requirements to develop detailed IT Service Continuity plans, to meet business service objectives for mission critical applications and systems.

IT requires a resource to build detailed IT Service Continuity plans to align with our stakeholder business requirements. Key deliverables: identify mission critical systems and applications, establish recovery objectives; develop recovery strategies by providing step by step procedures to recover disrupted business systems, applications and networks; conduct and develop detailed business impact analysis with business units in cooperation with our Emergency Operations; deliver a maintenance plan for ongoing updates; identify gaps in IT capabilities and service continuity requirements based on mission critical applications that are identified.

**CITY OF HAMILTON**  
**2021-2045 CAPITAL BUDGET PROJECT DETAIL SHEET**

**Division/Department:** Area Rating Special Capital Reinvestment - Council    **Project ID:** 3302109014    **Category:** Area Rating Capital Reinvestment  
**Project Name:** Ward 14 Capital Reinvestment    **Ward(s):** 14

**Objective:**  
Report FCS12024 recommended that a capital project be created for, and funded by, each of the 8 Ward Special Capital Reinvestment Reserves, in the amount of \$100,000, to be used in the respective Ward to fund in year infrastructure priorities. This project will provide some financial capacity to affected Ward Councillors in funding in year infrastructure and/or one-time funding requirements, with no associated operating impacts, that are not of the financial scale that would otherwise be considered through the capital budgeting process. Examples of such investments may include: historical plaques, small beautification projects and onetime maintenance initiatives, to name a few. With the Ward Re-allocation (FCS19006) Ward 14 now receives Area Rating funding for the portion of the Ward that encompasses the Former City of Hamilton

**Start Date:** 2021  
**Completion Date:** Ongoing  
**Status:** Recommended (funded)  
**Tangible Capital Asset:** No  
**Capital Budget Initiation:** 2019  
**Program Type:** Council Priority

**CITY OF HAMILTON  
2021-2045 CAPITAL BUDGET PROJECT DETAIL SHEET**

**Division/Department:** Area Rating Special Capital Reinvestment - Council    **Project ID:** 3302109600    **Category:** Area Rating Capital Reinvestment  
**Project Name:** Ward 6 Capital Reinvestment    **Ward(s):** 6

**Objective:**  
 Report FCS12024 recommended that a capital project be created for, and funded by, each of the 8 Ward Special Capital Reinvestment Reserves, in the amount of \$100,000, to be used in the respective Ward to fund in year infrastructure priorities. This project will provide some financial capacity to affected Ward Councillors in funding in year infrastructure and/or one-time funding requirements, with no associated operating impacts, that are not of the financial scale that would otherwise be considered through the capital budgeting process. Examples of such investments may include: historical plaques, small beautification projects and onetime maintenance initiatives, to name a few.

**Start Date:** 2021  
**Completion Date:** Ongoing  
**Status:** Recommended (funded)  
**Tangible Capital Asset:** No  
**Capital Budget Initiation:** 2012  
**Program Type:** Council Priority

**CITY OF HAMILTON  
2021-2045 CAPITAL BUDGET PROJECT DETAIL SHEET**

**Division/Department:** Hamilton Fire Department - Healthy and Safe

**Project ID:** 7401841801

**Category:** Building - New Construction

**Project Name:** Waterdown New Station

**Ward(s):** 15

**Objective:**

The recommendation for a new Fire Station to support the growth in Waterdown was implemented pre-amalgamation and is now positioned as a suburban area. The increased risk profile generated by the existing growth has not been addressed through an increase in resources. Currently a composite response area, Waterdown has challenges converging an effective firefighting and rescue force (EFRF) response due to location/geography, volunteer staffing response levels, and out-of-area support to volunteer responses. HFD is in process of establishing a new station in Waterdown in partnership with Hamilton Police Services. The vision of relocating full time HFD resources from the existing Parkside location will complete the transition of the day crew to a second full time crew operating 24 hours a day, seven days a week. This project aligns with the findings of the 10 Year Fire Service Delivery Plan approved by Council in June 2019 (HSC19026).

**Start Date:** 2019

**Completion Date:** 2023

**Status:** Recommended (funded)

**Tangible Capital Asset:** Yes

**Capital Budget Initiation:** 2005

**Program Type:** Fire Stations

**CITY OF HAMILTON  
2021-2045 CAPITAL BUDGET PROJECT DETAIL SHEET**

**Division/Department:** Hamilton Fire Department - Healthy and Safe

**Project ID:** 7402151100

**Category:** Equipment Replacement

**Project Name:** Annual Equipment Replacement

**Ward(s):** City Wide

**Objective:**

The equipment replacement schedule is based upon the life expectancy of various Hamilton Fire Department (HFD) needs in conjunction with an ongoing assessment of equipment condition. Based on this schedule, in 2021 HFD will require various equipment replacement including SCBA face pieces, firefighting helmets, boots, gloves and bunker gear, defibrillator pads/batteries, gas detection replacement, firefighting hose replacement, Hazmat equipment and batteries.

**Start Date:** 2021

**Completion Date:** Ongoing

**Status:** Recommended (funded)

**CITY OF HAMILTON**  
**2021-2045 CAPITAL BUDGET PROJECT DETAIL SHEET**

**Division/Department:** Hamilton Fire Department - Healthy and Safe

**Project ID:** 7402151102

**Category:** Equipment Replacement

**Project Name:** SCBA Complete Unit Replacement

**Ward(s):** City Wide

**Objective:**

The critical piece of personal protective equipment (PPE) that firefighters wear is Self Contained Breathing Apparatus (SCBA) which provides oxygen and face protection within hazardous, oxygen deprived, contained environments allowing firefighting and rescue functions. The SCBA complete units will reach their 15 year end of service date in 2021 and require mandatory replacement. There are 425 complete unit SCBA assemblies with an additional 1310 cylinders used by the Hamilton Fire Department as the primary piece of each firefighters' PPE. Current SCBAs are now three generations behind in technological changes as well, the National Fire Protection Association (NFPA) and Health & Safety guidelines for SCBA will expire and no longer be useable. As outlined in Self-Contained Breathing Apparatus Parts Shortage Update (HSC20025 and HSC20025(a)).

**CITY OF HAMILTON**  
**2021-2045 CAPITAL BUDGET PROJECT DETAIL SHEET**

**Division/Department:** Hamilton Paramedic Service - Healthy and Safe

**Project ID:** 7642151100

**Category:** Vehicles-Replacement

**Project Name:** Annual Vehicle Replacement

**Ward(s):** City Wide

**Objective:**

Ambulances and Emergency Response Vehicles (ERV) are highly specialized vehicles, built to Ministry-mandated specifications. Paramedic Service Vehicle replacement is based on MOHLTC standards and equipment life cycle. The Hamilton Paramedic Service replaces ambulances and ERV on a six year average cycle, which is longer than most peer ambulance services. Fourteen 14 vehicles are scheduled for replacement in 2021 eleven (11) ambulances, and three (3) ERV. Procurement lead time for these specialized vehicles can be 6 - 8 months and is driven by manufacturer production cycles and availability of specialized vendors for fit-up. Costing for Hybrid "green" ambulances would incur a \$30,000.00 premium on average per ambulance which has not been factored into the costing.

**CITY OF HAMILTON**  
**2021-2045 CAPITAL BUDGET PROJECT DETAIL SHEET**

**Division/Department:** Hamilton Paramedic Service - Healthy and Safe

**Project ID:** 7642151102

**Category:** Equipment - New

**Project Name:** Automated CPR Units

**Ward(s):** City Wide

**Objective:**

Automated CPR units have become increasingly popular in the paramedic services industry. The 2 key benefits of this equipment are to improve the quality of CPR that is received by a person in Sudden Cardiac Arrest (SCA) through continuous, high quality CPR that meets industry standards. In addition to this, if the patient is transported, this unit allows for "hands off" CPR which allows paramedics and other first responders to remain seated and belted into their chair therefore decreasing possible catastrophic injuries if a collision occurs.

**Start Date:** 2021

**Completion Date:** 2021

**CITY OF HAMILTON  
2021-2045 CAPITAL BUDGET PROJECT DETAIL SHEET**

**Division/Department:** Housing Services - Healthy and Safe Communities    **Project ID:** 6731741609  
**Project Name:** Poverty Reduction Investment (PRI) - Affordable Rental Housing Construction

**Category:** Grants  
**Ward(s):** City Wide

**Objective:**  
 April 12, 2017 Council established the \$50M Poverty Reduction Investment Reserve (PRIR). September 27, 2017 Council approved the Poverty Reduction Implementation Plan which allocated a total of \$20M of the PRIR for new affordable rental housing construction (\$4M annually for 5 yrs) \$10M to be allocated to CityHousing Hamilton and \$10M allocated by the Housing Services Division through a request for proposals process. On December 11, 2013, Council approved the City's Housing & Homelessness Action Plan with a target to create 300 new units of affordable rental housing annually. Of the \$4M 2021 PFR Rental Construction Component, \$2M is allocated to CityHousing Hamilton and \$2M to projects supported by the Housing Services Division.  
 Comments: 2021 is the final year for the Rental Construction Component of the Poverty Reduction Investment Plan, though the other components continue for another 4 years.

**CITY OF HAMILTON**  
**2021-2045 CAPITAL BUDGET PROJECT DETAIL SHEET**

**Division/Department:** Housing Services - Healthy and Safe Communities      **Project ID:** 6731941110

**Category:** Grants

**Project Name:** COCHI - Administration Yr 3

**Ward(s):** City Wide

**Objective:**

Funding from COCHI allocates the 5% maximum allowable proportion of the City's funding allocation to program administration, to be dedicated to staff resources to administer the programs. Administration funds must now be spent within the year they are allocated, reducing the City's ability to manage staff resources. Additionally, the City bears monitoring and reporting burdens associated with previous provincial/federal funding programs even once administration funding has been expended.

**Start Date:** 2021

**Completion Date:** 2022

**Status:** Recommended (funded)

**Tangible Capital Asset:** No

**CITY OF HAMILTON  
2021-2045 CAPITAL BUDGET PROJECT DETAIL SHEET**

**Division/Department:** Housing Services - Healthy and Safe Communities      **Project ID:** 6731941120  
**Project Name:** OPHI - Administration Yr 3

**Category:** Grants  
**Ward(s):** City Wide

**Objective:**  
 Funding from OPHI allocates the 5% maximum allowable proportion of the City's funding allocation to program administration, to be dedicated to staff resources to administer the programs. Administration funds must now be spent within the year they are allocated, reducing the City's ability to manage staff resources. Additionally, the City bears monitoring and reporting burdens associated with previous provincial/federal funding programs even once administration funding has been expended.

**Division/Department:** Housing Services - Healthy and Safe Communities    **Project ID:** 6731941121  
**Project Name:** OPHI - Rental Housing Yr 3

**Category:** Grants  
**Ward(s):** City Wide

**Objective:**  
HSC19042(a) For development of new & retention/repair of existing affordable rental housing. Low production of new market rental housing over the last 20 yrs constrained supply, increasing rents. Building new affordable housing with new program requirements ensures that multiple priorities are met, such as addressing inequities; providing & retaining deeply affordable hsg; reducing the Centralized Wait List; housing those experiencing chronic homelessness from the By-Name Priority List, increasing longterm sustainability of community hsg providers & increasing the accessibility & environmental sustainability of Hamilton's affordable rental housing.

**Project Name:** OPHI - Ontario Renovates Yr 3

**Ward(s):** City Wide

**Objective:**

OPHI funding through Ontario Renovates can be used for a number of purposes: basic health and safety repairs to the homes of low income homeowners; basic health and safety repairs to affordable private market rental and community housing, including single rooms; and the creation of new second units. It has long been permissible to fund capital repairs to shelters for survivors of domestic violence, but OPHI expands this permission to repairs of all emergency shelters. HSC190429(a).

HSC19048 - Executive Summary

In partnership, the City of Hamilton and CityHousing Hamilton (CHH) have submitted a ten-year portfolio-wide application to the Canada Mortgage and Housing Corporation (CMHC) under the National Housing Co-Investment Fund – Repair and Renewal Stream. A moderate, portfolio-wide long-term investment can enable strategic planning which in turn can minimize costs by avoiding expensive reactive emergency repairs, maximize benefits, and minimize negative impacts on tenants. Such planning can take advantage of economies of scale and leverage projects to create multiple benefits with city-wide impacts.

The application currently requested \$408M over 10 years for the repair and renewal of all 7,000 CHH units. Through early discussions with CMHC, staff understand that CMHC requires a contribution commitment from the benefitting municipality prior to awarding the funding and providing precise loan and grant details. It is understood based on preliminary discussions with CMHC that upwards of \$170M could be available to CHH based on CHH's proportion of the province's social housing units. It is also understood that this funding would be delivered through a combination of low interest loans and capital grants, at an anticipated ratio of approximately 60% loan and 40% grant. Should the application to CMHC not realize the full amount of \$408M and instead, as expected, be closer to \$170M, staff would accordingly revise and scope the work program to ensure the same number of units are improved.

The capital investments being proposed to CMHC, if approved, will keep over 7,000 housing units online for another 50 plus years, improve operating, energy, and water efficiencies while saving up to \$1.6M annually in cost avoidance, and improve the accessibility of up to 1,400 units.

The portfolio renewal and modernization planned over the next decade will provide thousands of residents with improved comfort, increase accessibility, reduce the amount of deferred maintenance, substantially extend CHH's portfolio useful life, and dramatically decrease energy costs.

**CITY OF HAMILTON**  
**2021-2045 CAPITAL BUDGET PROJECT DETAIL SHEET**

**Division/Department:** Housing Services - Healthy and Safe Communities

**Project ID:** 6732141302

**Category:** Rehabilitation Project

**Project Name:** Social Housing Capital Repairs and Regeneration

**Ward(s):** City Wide

**Objective:**

Hamilton has approximately 14,000 units of social housing administered through 42 different housing providers. Housing quality is as important as its availability and affordability. Housing that does not meet health and safety standards and is in need of repairs is referred to as inadequate housing. Outcome #4 of the Council approved 10 year Housing and Homelessness Action Plan is that people live in housing that is good quality, safe and suitable for their needs. The 2020 capital repairs and regeneration call for applications (CFA) will support specific Building Condition Assessment outcomes or other subsequently identified needs such as energy related repairs / regeneration . Social Housing will issue the CFA, evaluate and award funding competitively based on need (BCA) and impact (reduction of waitlist and preservation of housing assets).

**Comments:**

On September 10, 2014, Council received Item 4 of Emergency & Community Services Committee Report 14-005 regarding Social Housing Reserve Fund Studies. Housing Services is assessing the condition of Hamilton's social housing stock and provider reserves, prioritizing buildings most urgently requiring a Building Condition Assessment (BCA) and the financial support to perform building repairs. The province did not continue its Social Housing Renovation and Retrofit Program (SHRRP) after 2011, which had provided \$33.7 million to the City for capital repairs and regeneration for social housing providers. This capital budget request will effectively renew the funds available which will leave an approximate deficiency of \$632M remaining for 2025 to 2034.

**CITY OF HAMILTON**  
**2021-2045 CAPITAL BUDGET PROJECT DETAIL SHEET**

**Division/Department:** Long Term Care Homes - Healthy and Safe

**Project ID:** 6301841800

**Category:** Renovation Project

**Project Name:** ML - Refurbishment of A Wing

**Ward(s):** City Wide

**Objective:**

The Macassa Lodge A wing was constructed in 1995 and is in need of a refresh through renovation of the bedrooms (including washrooms) to continue to meet the demands of our Residents and provide accommodation standards as outlined by the MOHLTC. Critical systems upgrades such as the HVAC unit are coming to the end of their useful life and will require replacement. Conduct a feasibility study in 2023 to identify any areas of risk or non-compliance with MOHLTC (or other) standards and determine the associated costs of renovation to remedy.

**Start Date:** 2023

**Completion Date:** 2025

**Status:**

**Tangible Capital Asset:** Yes

**Capital Budget Initiation:** 2008

**Program Type:** Homes for the Aged

\*Cost of the project also includes a 6% project management fee which is being charged to the Division by Public Works for project management services.

**CITY OF HAMILTON**  
**2021-2045 CAPITAL BUDGET PROJECT DETAIL SHEET**

**Division/Department:** Long Term Care Homes - Healthy and Safe

**Project ID:** 6302041004

**Category:** Replacement Project

**Project Name:** WL - Vinyl Flooring Replacement

**Ward(s):** City Wide

**Objective:**

Sheet flooring located in Maple Lane, Trillium Court, Beech Avenue, Lilac Lane, the Atrium and Centre Core is showing signs of wear and some cracking due to normal wear. Some areas have been welded and/or patched however this flooring has not served well and is best replaced as a volume capital project to ensure volume pricing.

Due to scope of project, in order to minimize disruption and ensure safety of residents (secure resident home areas), as well as mitigating negative impacts to Ministry occupancy funding, this project will be completed over 2 phases. Phase 1 will address Maple Lane and Trillium Court.

\*Cost of project also includes a 6% project management fee which is being charged to the division by Public Works for project management services.

**Start Date:** 2022

**Completion Date:** 2024

**Status:**

**Tangible Capital Asset:** No

**Capital Budget Initiation:** 2019

**Program Type:** Homes for the Aged

**CITY OF HAMILTON**  
**2021-2045 CAPITAL BUDGET PROJECT DETAIL SHEET**

**Division/Department:** Hamilton Public Library - Outside Boards & Agencies    **Project ID:** 7501741601

**Category:** Expansion Projects

**Project Name:** Valley Park Library Expansion

**Ward(s):** 9

**Objective:**

To construct a new and expanded Valley Park Library on the site of the current Valley Park Community Centre. In 2015 Recreation undertook a feasibility study to include placing a new larger Valley Park Library on the site (Reference to Use, Renovation and Replacement Study, Upper Stoney Creek) (page 155) and converting the library space within the current recreation facility. With the large growth in population on the Stoney Creek Mountain the current 3,100 square foot library is very inadequate. The project more than doubles the size of the Valley Park Library. The Heritage Green Community Trust has contributed a \$1.25m investment in the project to complement DCs, Library Reserve Funding and City Capital Funding.

**Start Date:** 2017

**Completion Date:** 2019

**Status:** Recommended (funded)

**Tangible Capital Asset:** Yes

**Capital Budget Initiation:** 2012

**CITY OF HAMILTON**  
**2021-2045 CAPITAL BUDGET PROJECT DETAIL SHEET**

**Division/Department:** Police Services - Outside Boards & Agencies

**Project ID:** 3762041002

**Category:** Building - New Construction

**Project Name:** Police Station 40 (New Division 4)

**Ward(s):** 11, 12, 13, 14, 15

**Objective:**

Due to current and anticipated population growth in rural areas of the Hamilton Escarpment, there is a need for a new patrol division and the construction of a new station 40. This is identified in the current HPS business plan and is based on current and projected rural population growth in Binbrook, Hamilton Airport/Mount Hope, Ancaster, Dundas, Waterdown, and Flamborough. Division 3 currently covers the largest geographic area in the City of Hamilton. It stretches from the borders of Halton Region, Wellington County, Brant County, Haldimond Region to Stoney Creek mountain. The dramatic increase in call for service combined with immense geographic area of coverage makes it a tremendous challenge to meet acceptable response time.

**Start Date:** 2025

**Completion Date:** 2025

**Comments:**

Report FCS20061 reflects revised financing strategy of DC Debt for reduced station size in coordination with Hamilton Fire in 2020 vs 2025. DC notes and Project Description to be revised. OICs to be reviewed/approved via Police Board. Scaled down station may mean reduced costs.

**Division/Department:** Police Services - Outside Boards & Agencies      **Project ID:** 3762141101      **Category:** Equipment Replacement  
**Project Name:** Police Air-Cooled Chiller Replacement - East End      **Ward(s):** 3, 4, 5, 9, 10

**Objective:**  
 As part of the Stantec's Facilities Condition Report, the chiller system will need to be replaced as it has surpassed its useful life. Three out of the eight compressors have already failed and a complete replacement is required. It is recommended that this dated system be replaced with more energy efficient centralized chiller. The replacement will result in substantial reduction of energy costs and future maintenance costs, resulting in return on investment of approximately 4 years.

**CITY OF HAMILTON  
2021-2045 CAPITAL BUDGET PROJECT DETAIL SHEET**

**Division/Department:** Police Services - Outside Boards & Agencies

**Project ID:** 3762151101

**Category:** Equipment Replacement

**Project Name:** Police Glock Program

**Ward(s):** City Wide

**Objective:**

The HPS is transitioning to a Glock Platform in order to be in-line with the transition identified within the Province. A large number of Police and Military services use or are transitioning to the Glock Platform, which is a standard round for a number of agencies such as NATO, the Canadian Armed Forces, the RCMP and the FBI. This is a two-year replacement plan.

**Start Date:** 2021

**Completion Date:** 2022

**Status:** Recommended (funded)

**Tangible Capital Asset:** Yes

**Capital Budget Initiation:** 2019

**Program Type:** Replacement Program

**Comments:**

JD - Funding from 110065 is a placeholder. Police is approving a capital levy via their 2021/2022 operating budgets which will fund the amounts represented by these reserve contributions. Process of whether funding will be via a reserve transfer is to be determined.

**CITY OF HAMILTON**  
**2021-2045 CAPITAL BUDGET PROJECT DETAIL SHEET**

**Division/Department:** Police Services - Outside Boards & Agencies

**Project ID:** 3762151102

**Category:** Vehicles-New

**Project Name:** Ice Rescue Equipment

**Ward(s):** City Wide

**Objective:**

With the Waterfront renewal at the Harbour, there is growth and increased popularity of recreational ice usage. The City of Hamilton also has a number of conservation areas with bodies of water that are used in winter months. During the winter months ice rescue is performed by the Service's Marine Unit. The Marine Unit is responsible for all bodies of water within the City of Hamilton. The necessity to respond rapidly and appropriately is needed. To optimize the Service's ability to meet these requirements the Marine Unit would require a vessel/vehicle capable of readily deploying covering both water and land terrain. The best suited tool that meets these requirements is a two or three person hovercraft. The vehicle is able to travel on land, water and ice and has the ability to reach speeds that allow officers to access victims in a timely fashion. In addition, it would be a valuable tool for ground search and rescue.

**Start Date:** 2021

**Completion Date:** 2021

**2021-2045 CAPITAL BUDGET PROJECT DETAIL SHEET**

**Division/Department:** Police Services - Outside Boards & Agencies

**Project ID:** 3762151103

**Category:** Vehicles-Replacement

**Project Name:** Mobile Command Centre

**Ward(s):** City Wide

**Objective:**

Due to the population growth in the City, as well as an increase in special events, a new Mobile Command Centre is needed as the older vehicle is insufficient in size and does not meet the demand. The new Command Centre will be used for large-scale incidents that require extended time demand (those requiring a number of officers and public-service agencies), including hostage situations, active shooter calls, mass-casualty incidents, task-force operations, major homicide and missing persons investigations. Mobile Command also requires specialized equipment, TV monitors, tactical gear and supplies. It is to be used as a centralized place for agency officials to meet/talk on scene (EMS, Hydro, Gas, Fire Marshall, etc.), and is the hub for managing major events at the actual scene.

**CITY OF HAMILTON  
2021-2045 CAPITAL BUDGET PROJECT DETAIL SHEET**

**Division/Department:** Commercial Districts and Small Business - Planning & **Project ID:** 3621708002

**Category:** Grants

**Project Name:** Brownfield Development

**Ward(s):** City Wide

**Objective:**

This Program offers matching grants to pay for up to one-half of the cost of a Phase II and/or Phase III Environmental Site Assessment (Remediation Action Plan). The maximum City contribution per study is \$20,000 to a maximum of two studies and \$35,000 per property/project. The program is designed to encourage and promote brownfield redevelopment. This step is necessary for owner/developer to address the remediation and move to the next step in the redevelopment.

**Start Date:** 2021

**Completion Date:** Ongoing

**Status:** Block

**Project Name:** Office Tenancy Assistance Program

**Ward(s):** City Wide

**Objective:**

This Program offers financial assistance in the form of a no-interest loan to either building owners or tenants for eligible leasehold improvements to office buildings located within Downtown Hamilton, Community Downtowns, the Mount Hope / Airport Gateway, Business Improvement Areas (BIAs) and the commercial corridors along Barton Street, east of the Barton Village BIA and along Kenilworth Avenue North as identified in the Downtown and Community Renewal Community Improvement Project Area By-law. City Council, at its sole discretion, has the option at the time of initially approving a loan commitment, of providing a grant or forgivable loan rather than a loan when an applicant is a not-for-profit publicly-funded educational establishment establishing its presence in the Downtown Hamilton. These funds are to pay for interest costs related to the loans as well as marketing.

**Project Name:** Commercial Property Improvement Grant Program

**Ward(s):** City Wide

**Objective:**

The Commercial Property Improvement Grant Program offers a matching grant for façade improvements, limited internal improvements as well as assisting in creating a barrier-free and accessible environment. The program is offered to property owners and authorized tenants of commercial properties within Downtown Hamilton, Community Downtowns, the Mount Hope/Airport Gateway and the commercial corridors as identified in the Downtown and Community Renewal Community Improvement Plan. The program aims to improve upon the physical appearance of properties and encourage investment in the area. Spurring the preservation, revitalization and reinvestment of commercial properties within these areas will assist in creating a welcoming environment for people to live, work, play and learn.

**CITY OF HAMILTON**  
**2021-2045 CAPITAL BUDGET PROJECT DETAIL SHEET**

**Division/Department:** Economic Development - Planning & Economic

**Project ID:** 3621750301

**Category:** Council's Strategic Projects

**Project Name:** Employment Land Banking (Interest)

**Ward(s):** City Wide

**Objective:**

This is a Council Strategic Initiatives Project.

Pursuant to Council direction in Report PED 11222 December 12, 2011. Property Acquisition for Economic Development Purposes: City Council approved a program to increase the City holdings of employment/industrial lands. To accelerate projects that create a diversified, sustainable economic base for the City of Hamilton through strategic acquisition and/or alteration of property. Funds are for interest charges related to a \$30M Line of Credit, interest rate 3%. For 2021 the anticipated funding requirement is \$900k. Its expected that the full line of credit will be utilized in 2022 and thus \$900k will be required in 2022 and thereafter.

**Start Date:** 2021  
**Completion Date:** Ongoing  
**Status:** Recommended (funded)  
**Tangible Capital Asset:** Yes  
**Capital Budget Initiation:** 2011  
**Program Type:** Council Priority

**2021-2045 CAPITAL BUDGET PROJECT DETAIL SHEET**

**Division/Department:** Planning Services - Planning & Economic

**Project ID:** 8101655600

**Category:** Plans/Studies

**Project Name:** Comprehensive Zoning By-Law

**Ward(s):** City Wide

**Objective:**

This Capital Budget is for the preparation of a new Comprehensive Zoning By-law for the city. Development of the new Comprehensive Zoning By-law supports the Strategic Priorities of Economic Growth & Prosperity and Built Environment & Infrastructure. The current phase is the Residential zones, and any other remnant properties. Additional money is required to hire specialized consultants to prepare urban design guidelines for low, mid and high-rise buildings which will be translated into zoning by-law regulations as well as assist with public engagement. The new residential zones and background papers are underway and the project will be completed within the next 2-3 years.

**Start Date:** 2003

**Completion Date:** 2023

**Status:** Recommended (funded)

**Division/Department:** Planning Services - Planning & Economic

**Project ID:** 8121957900

**Category:** Development Projects

**Project Name:** 3D Model Development

**Ward(s):** City Wide

**Objective:**

A 3D model of the Downtown was developed in 2017/18 to assist with the DC study and with the analysis for the Downtown Secondary Plan update. A city-wide model was begun with smaller constructions to support development application analysis. The 3D modeling capabilities along with 3D printing have also been used to support development application analysis, to enhance community engagement and visualization for planning project as well as provide analysis for corporate real estate valuations and visualizations for business attraction activity. The development industry uses city-wide publicly accessible models to prepare and support development applications across the GTA. Hamilton is behind many other mid-sized and large municipalities in developing 3D capabilities and having a publicly accessible city-wide 3D model.

**2021-2045 CAPITAL BUDGET PROJECT DETAIL SHEET**

**Division/Department:** Tourism & Culture - Planning & Economic Development **Project ID:** 7202058202

**Category:** Information Management Development

**Project Name:** Collections Management

**Ward(s):** City Wide

**Objective:**

Tourism and Culture is completing a multi-year project to develop and implement a current generation/best practice museums collections information management system. The software application is in place and for the last few years staff have been addressing the decades long backlog of cataloging and collection management issues. The information related to the great majority of the 60,000 three dimensional artifacts has been recorded. Large collections of archival material and archaeological specimens remain to be completed.

2021-2045 CAPITAL BUDGET PROJECT DETAIL SHEET**

**Division/Department:** Tourism & Culture - Planning & Economic Development **Project ID:** 7202141106

**Category:** Heritage Restoration Projects

**Project Name:** Whitehern Interior Conservation

**Ward(s):** 2

**Objective:**

Whitehern Museum last had major restoration work done in the 1960's. A comprehensive phased restoration campaign is being undertaken room by room to correct structural and finish problems throughout the house. The Dining Room plaster is damaged and detached from the lath in some areas and requires restoration to correct both the underlying structure and to repair the cracking. Finishes will be updated in this room where required as part of the restoration work.

**CITY OF HAMILTON**  
**2021-2045 CAPITAL BUDGET PROJECT DETAIL SHEET**

**Division/Department:** Tourism & Culture - Planning & Economic Development **Project ID:** 7202141213

**Category:** Replacement Project

**Project Name:** Dundurn HVAC Replacement

**Ward(s):** 1

**Objective:**

The HVAC equipment at Dundurn was installed during the 1967 restoration and is failing and obsolete. Replacements of components and repairs are no longer sufficient and the system is leaking and inefficient. This project would completely replace all the older HVAC systems and install a new balancing and building automation system to more efficiently manage heating and cooling in the building. Investigation and updating of the sprinkler systems would also be done as part of this project.

**Start Date:** 2021  
**Completion Date:** 2023

**CITY OF HAMILTON**  
**2021-2045 CAPITAL BUDGET PROJECT DETAIL SHEET**

**Division/Department:** Tourism & Culture - Planning & Economic Development **Project ID:** 7202141218

**Category:** Rehabilitation Project

**Project Name:** Whitehern Exterior Shutter Conservation

**Ward(s):** 2

**Objective:**

Whitehern Museum last had major restoration work done in the 1960's. A comprehensive phased restoration campaign is being undertaken to correct condition issues on the exterior of the building. The shutters are a mix of 19th century originals and 20th century replacements are in poor condition. Some have been removed from the building due to damage and decay. This project would restore and re-install the shutters to building.

**CITY OF HAMILTON**  
**2021-2045 CAPITAL BUDGET PROJECT DETAIL SHEET**

**Division/Department:** Corporate Facilities - Public Works Tax Funded      **Project ID:** 3542151900      **Category:** Annual Projects  
**Project Name:** Program - Generator Compliance Testing and Upgrades      **Ward(s):** City Wide

**Objective:**  
The Generator Compliance Testing and Upgrades Program addresses the requirements for the City to maintain compliance with CSA Code B139 including the completion of 10-year comprehensive inspections and the assessment and completion of equipment/site upgrades. In 2016, Cole Engineering was retained to conduct a code compliance assessment of the City's diesel generator facilities. The deficiencies identified in this report will be addressed through various site/equipment upgrades to be undertaken in 2020/2021. Additionally, comprehensive inspections are required on a 10 year basis as per O.Reg 213/01 in order to receive/maintain Fuel Delivery Certificates for diesel generator sites which will take place in 2025/2026. This program will repeat on a 10 year cycle.

**Start Date:** 2021  
**Completion Date:** Ongoing  
**Status:** Block  
**Tangible Capital Asset:** Yes  
**Capital Budget Initiation:** 2019

**Division/Department:** Energy Initiatives - Public Works Tax Funded

**Project ID:** 7902149101

**Category:** Energy Management

**Project Name:** Rec Heat Reclaim & Controls Project

**Ward(s):** 2, 9

**Objective:**

The objective of this project is to reduce GHG emissions from the operation of these Aquatic Centres. This would be accomplished with the installation of Pool Waste Heat Recovery control System, make up water controls, low flow shower heads & pool temperature reduction. Estimated GHG reduction at these sites would be 64 tonnes of CO2 per year.

**Comments:**

To use funds approved on Street Sweeper Rebuild (PW14009) for the rebuild of 3 (three) currently owned sweepers towards the purchase of 2 (two) new Tymco sweepers. Rebuilding the sweeper portion of this piece of equipment would require the original chassis to operate for an additional 8 years for a total of a 16 year expected service life. This is not recommended as the reliability becomes a concern as well as the availability of parts as a result of a manufacturer discontinuing the product line. The sweepers will be purchased as a single source procurement with the Ontario Tymco Representative Equipment Specialist Inc. of Hamilton, Ontario as they hold the territorial rights for sales of Tymco Sweepers in this market region

**Comments:**

The Fleet Reserve is used to fund capital replacements of vehicles and equipment required by the users groups to deliver services. The most economical life cycle for fleet vehicles and equipment is considered when developing the annual capital budget request. Capital replacements may be postponed or advanced depending on the life cycle costs to operate, availability to meet required service levels and availability of funds. The list of planned replacements is reviewed with each client group annually.

**Division/Department:** Long Term Care Facilities - Public Works Tax Funded **Project ID:** 6302151100  
**Project Name:** ML BAS Upgrade

**Category:** Energy Management  
**Ward(s):** City Wide

**Objective:**  
 The objective of this project is to upgrade Building Automation System (BAS) controllers at Macassa Lodge. All existing controllers at Macassa Lodge are due for life-cycle replacement and are to be upgraded with new BAS software to keep up with City's IT policies. This project is expected to produce annual utility savings of \$5,000 ( approx) and estimated GHG reduction of 14 Tonnes of CO2 per year.

**CITY OF HAMILTON  
2021-2045 CAPITAL BUDGET PROJECT DETAIL SHEET**

**Division/Department:** O & M - Parks & Cemeteries - Public Works Tax  
**Project Name:** Cemetery Document Digitization

**Project ID:** 4402053001

**Category:** Inventory of Items  
**Ward(s):** City Wide

**Objective:**

The digitization of cemetery maps, burial ledgers, contracts, interment orders and receipts dating back to the 1850's to allow the current paper documents to be properly stored with other historical documents. This project will eliminate the risk of completely losing historical information due to the documents deteriorating, and improve the ability to access the required documents for staff.

**Start Date:** 2020  
**Completion Date:** 2021  
**Status:** Block  
**Tangible Capital Asset:** No  
**Capital Budget Initiation:** 2020  
**Program Type:** Cemetery

**2021-2045 CAPITAL BUDGET PROJECT DETAIL SHEET**

**Division/Department:** Open Space Development - Public Works Tax Funded **Project ID:** 4401356801

**Category:** Park Re-Development

**Project Name:** Confederation Park Redevelopment

**Ward(s):** 5

**Objective:**

Public realm capital improvements identified within the Confederation Park Master Plan implementation (Report PW11005a /CS11004a). Redevelopment of the former campground land includes: waterfront trail extension, sports park development (cricket, soccer, parking, washroom bldg), design and construction of new signage, new Centennial Parkway & parking lots, play areas, public square in Central Village, Redevelopment of Little Squirt Works and adjacent areas, woodland and marsh area restoration, boardwalk links to beach and trail upgrades. 2021 includes phase 2/3 landscape in coordination with Facilities budget secured in 2020. 2023 includes trail upgrades, woodland restoration, signage and design of go kart naturalization. 2024 includes go kart naturalization construction, lighting, park corridor upgrades and marsh restoration part 1. 2025 includes construction of boardwalk to beach. Future budget is to complete the rest of the master plan.

2021-2045 CAPITAL BUDGET PROJECT DETAIL SHEET**

**Division/Department:** Roads - Public Works Tax Funded

**Project ID:** 4031618090

**Category:** Bridge Rehabilitation

**Project Name:** Bridge 090 - McMurray St, 100m s/o of Hatt St

**Ward(s):** 13

**Objective:**

Based on the OSIM bridge inspection and additional investigations completed, it has been determined that the existing bridge structure has become deficient and is in need of rehabilitation to extend the asset's life and performance. This is intended to reduce the risk to public safety while maintaining continuity of the road network.

2021-2045 CAPITAL BUDGET PROJECT DETAIL SHEET**

**Division/Department:** Roads - Public Works Tax Funded

**Project ID:** 4031957944

**Category:** Technical Services Projects

**Project Name:** PW Asset Management (PW-AM) System Implementation - CASH FLOW

**Ward(s):** City Wide

**Objective:**

This project focuses on implementing an optimized number of asset management system(s) for use by all divisions within Public Works. Following a positive outcome from Phase 1 of this project, Phase 2 (detailed review, business case & approvals) and Phase 3 (Project team setup & implementation) will commence in 2019. Note: Phase 1 = evaluation of current business & functional requirements, fit-gap analysis, summary of potential scenarios and initial business case. Phase 2 was approved Q2 2019; Council approval of Phase 3 is expected Q4 2019. See report PW19035 FCS19040 for estimated cost savings.

**CITY OF HAMILTON  
2021-2045 CAPITAL BUDGET PROJECT DETAIL SHEET**

**Division/Department:** Roads - Public Works Tax Funded  
**Project Name:** Engineering Services Staffing Costs - Road

**Project ID:** 4032101099

**Category:** Annual Projects  
**Ward(s):** City Wide

**Objective:**

To fund Engineering Services staffing costs through capital for work on road related capital projects, both in-year and future. In the past, these charges were built into in-year approved capital projects on a pro-rated basis. In order to provide more transparency and capture staffing costs for future works in a more accurate way, these staffing costs are now reflected in this project and removed from all other individual Engineering Services projects.

**Start Date:** 2021

**CITY OF HAMILTON  
2021-2045 CAPITAL BUDGET PROJECT DETAIL SHEET**

**Division/Department:** Roads - Public Works Tax Funded  
**Project Name:** Major Road Maintenance Program

**Project ID:** 4032110005

**Category:** Programs & Contracts T.O.M.  
**Ward(s):** City Wide

**Objective:**

To provide funding for roadway maintenance works required in year to sustain minimum standards for safe public use and for major roadway maintenance works intended to prolong infrastructure life expectancy. Works include repairs to both roadway surfaces and asphalt walkways (within the road allowance) as required utilizing methods such as resurfacing, overlays and through innovation in new road maintenance techniques.

**Division/Department:** Roads - Public Works Tax Funded

**Project ID:** 4032117053

**Category:** Mobility Projects

**Project Name:** Bicycle Boulevard (Neighbourhood Greenways) Program

**Ward(s):** 1, 2, 3, 4, 5, 8, 15

**Objective:**

To upgrade existing bicycle infrastructure with improved protection measures for cycle tracks and at intersections at strategic locations. Program to systematically improve local street bicycle route network. 2020 work will identify appropriate measures for application along identified routes in conjunction with traffic engineering and will provide scope to engineering services for 2021+. Phasing of implementation in 2020 will include signage and pavement marking upgrades and bicycle priority measures that can be implemented through traffic engineering. Streets include Bay St. Graham Ave., Ferguson Ave., Balsam St., Cline Ave, Bendamere-South Bend and East 24/25.

2021 Program Includes:

- General bridge major maintenance at various locations as identified in the Bridge Management System
- Annual Repairs of Reinforced Concrete Structures
- Annual Bridge Railing & Expansion Joint Maintenance

**CITY OF HAMILTON  
2021-2045 CAPITAL BUDGET PROJECT DETAIL SHEET**

**Division/Department:** Roads - Public Works Tax Funded  
**Project Name:** OSIM Bridge and Culvert Inspections

**Project ID:** 4032118218

**Category:** Structures

**Ward(s):** City Wide

**Objective:**

To perform visual inspections of the existing bridge and culvert network, on a biennial basis (i.e. every two years), and in some cases annually, as per the Ontario Structure Inspection Manual (OSIM). As per the MTO, municipalities are mandated to perform detailed visual inspections on all bridges and culverts >=3 metres in span, in accordance with OSIM. During even years, structures in the lower City, as well as railway and expressway related structures, will be inspected (i.e. 155 structures in 2016). During odd years, structures in the upper City, as well as outlying areas and rural areas, will be inspected (i.e. 210 structures in 2017).

**Start Date:** 2021

**Completion Date:** Ongoing

**Status:** Block

**Tangible Capital Asset:** No

**Capital Budget Initiation:** 2021

**Program Type:** Technical Studies &

**CITY OF HAMILTON  
2021-2045 CAPITAL BUDGET PROJECT DETAIL SHEET**

**Division/Department:** Roads - Public Works Tax Funded  
**Project Name:** Bridge 329 - Burlington St E over Wilcox St

**Project ID:** 4032118329

**Category:** Bridge Rehabilitation  
**Ward(s):** 3

**Objective:**

Based on the OSIM bridge inspection and additional investigations completed it has been determined that the existing bridge structure has become deficient and is in need of costly repairs. It is more cost-effective and feasible to remove the bridge without replacement. This will achieve favourable cost-savings while reducing the risk to public safety and maintaining continuity of the road network. This project is to be coordinated with at-grade road reconstruction.

**CITY OF HAMILTON  
2021-2045 CAPITAL BUDGET PROJECT DETAIL SHEET**

**Division/Department:** Roads - Public Works Tax Funded

**Project ID:** 4032155820

**Category:** Mobility Projects

**Project Name:** Sustainable Mobility Program

**Ward(s):** City Wide

**Objective:**

The TDM, Smart Commute and Sustainable Mobility Program encompasses Transportation Demand Management initiatives including mitigating the effects of road infrastructure by reducing the amount of cars using the road system. This is achieved through community-based social marketing; infrastructure, maintenance and replacement; public bike share; end-of-trip facilities; multi-modal connections to transit; complete-better-livable streets; events, marketing, outreach, urban interventions and promotions; active and safe school travel and the school travel planning process; counters, data management and web-based tools; research and policy work; construction and major event traffic mitigation for major events and infrastructure projects; workplace engagement through the Smart Commute program, the provision of Smart Commute events, tools, on-line resources, carpool and rideshare management, transit integration, cycling and walking promotions; and a partnership with the GTHA cities and regions and Metrolinx.

**Comments:**

TTS data is the main and valuable data for any Transportation Planning activities. The TTS data is gathered, validated and published every five (5) years. The data and analysis reports are used as input to the City's transportation model and transportation MP studies, traffic impact studies, development studies, transit planning etc. This survey provides details on household structures, travel patterns, travel mode etc. across the GTHA and beyond. The information obtained through the TTS are utilized by various Sections/Departments including Traffic, Planning, Public Health as well as Transportation Planning. The amount reflects the current and forecast funding from the City as a result of the MTO's reduced contribution. Now MTO funds 50% of the cost. The City's contribution towards the share of cost are spread over multiple years.

These funds also contribute to the transportation modelling research initiated in 2012 to create a GTHA Transportation Modelling Group (TMG) under UofT to support continued research and continuous improvement of transportation model that will allow for the co-ordination and sharing of transportation models at the provincial, regional and local level.

The funds will also be used for the City's yearly contribution to UofT for maintaining and managing the transportation data collected and stored at the UofT (DMG group) since 1986. The funding partners have access to the database at no additional cost.

**CITY OF HAMILTON  
2021-2045 CAPITAL BUDGET PROJECT DETAIL SHEET**

**Division/Department:** Roads - Public Works Tax Funded

**Project ID:** 4662117124

**Category:** Transportation Planning

**Project Name:** On Street Bike Facilities

**Ward(s):** City Wide

**Objective:**

To create and improve cycling infrastructure through the implementation and maintenance of on and off-road paths, lanes, signed routes and cycling infrastructure. To promote commuter cycling through initiatives such as maps, public consultation and advertising. Projects will be defined by the Cycling Master Plan. The addition of cycling lanes and bike shoulders support the strategic initiative of making Hamilton a greener and healthier City in which to live. Cycling funding levels were suggested in City-wide Transportation Master Plan and Rapid Ready Report.

Approved 10 Year Transit lan expansion buses.  
 Annual operating costs = approx. \$73,000/year/bus (Parts, Labour, Fuel, Tires)  
 \*New Bus pricing increased by approx 20%

**Comments:**  
 ICIP - Transit

**CITY OF HAMILTON**  
**2021-2045 CAPITAL BUDGET PROJECT DETAIL SHEET**

**Division/Department:** Transit Services - Public Works Tax Funded

**Project ID:** 5301785701

**Category:** Building - New Construction

**Project Name:** Transit Maintenance and Storage Facility (Cash Flow Project)

**Ward(s):** 3, City Wide

**Objective:**

Implements the Ten Year Local Transit Strategy to design & construct a new Transit Maintenance Storage Facility (MSF) on acquired property at Wentworth Street North. The existing Transit Maintenance and Storage Facility (MSF) at 2200 Upper James was opened in 1983 is currently operating well above its practical capacity. A new MSF will be needed in the short term (3 to 5 years). Feasibility studies for the new facility are complete. Design of the new MSF, site servicing, due diligence and enabling works are ongoing 2017 to 2019. Partial funding is available from the Federal Public Transit Infrastructure Fund, and is assumed to be received in year one of the project (i.e.: 2020)

**Start Date:** 2017

**Completion Date:** 2022

**Status:** Recommended (funded)

**Tangible Capital Asset:** Yes

**Capital Budget Initiation:** 2017

**Program Type:** Buildings

**Comments:**

In October 2016, Council approved Report FCS16083, authorizing Transit staff to submit an application to the Province for projects totalling \$72,978,408 to be considered for Federal funding under Phase 1 of the Public Transit Infrastructure Fund (PTIF). This included approval of a financing strategy to fund the City's matching contribution of \$36,489,204 through the Tax Supported Capital Budget. The Design, Planning and Site Preparation of the new Maintenance & Storage Facility (MSF) in lower Hamilton was one the approved projects.

The City applied for project modifications in December 2017 and received approval from the Province in March 2018 to reallocate the funds for existing projects. In July 2018, Council approved re-appropriating the City's debt financing related to PTIF Phase 1 projects per Report PW18054. The MSF project total budget was revised to \$22,000,000.

The existing Transit MSF located at 2200 Upper James was opened in 1983 is currently operating well above its practical capacity. The need for a new facility is critical to Transit's operations and the new MSF project implements the recommendations in the Ten Year Local Transit Strategy which aligns with a number of key policy documents including:

- Hamilton Transportation Master Plan (2007),
- The Big Move Regional Transportation Plan (2008),
- Improving Health by Design in The Greater Toronto-Hamilton Area– A report of Medical Officers of Health in the GTHA (2014), and,
- Urban Hamilton Official Plan (2009).

 ICIP - Transit

**CITY OF HAMILTON**  
**2021-2045 CAPITAL BUDGET PROJECT DETAIL SHEET**

**Division/Department:** Transit Services - Public Works Tax Funded

**Project ID:** 5302184103

**Category:** Network Extension Projects

**Project Name:** A-Line Priority Bus Corridor

**Ward(s):** City Wide

**Objective:**

This project will implement a Priority Bus corridor on the A-Line segment of the BLAST Rapid Transit Network. It will include a combination of infrastructure improvements, transit signal priority and transit stop enhancements which will result in a faster, more reliable and more comfortable transit experience between Hamilton's Waterfront, Downtown Hamilton and Hamilton International Airport. It will be a precursor to the ultimate Bus Rapid Transit (BRT) identified in the Ten Year Local Transit Strategy.

**Start Date:** 2021

**Completion Date:** 2024

**Status:** Recommended (funded)

**Tangible Capital Asset:** No

**Capital Budget Initiation:** 2019

**Program Type:** Transportation Systems

**Division/Department:** Transit Services - Public Works Tax Funded

**Project ID:** 5302185803

**Category:** Upgrade Projects

**Project Name:** Operator Washroom Conveniences and End of Line Rehab

**Ward(s):** City Wide

**Objective:**

Installation of concrete pads and electrical hook ups for dedicated Operator Washroom Conveniences along transit routes. 14 new locations per year. During 2019 ATU - CBA negotiations it was agreed upon to provide dedicated operator washroom conveniences along all transit routes. 42 locations have been identified as tangible locations and would be phased in over 3 years beginning in 2020. Each yearly phase would include 14 new installations with the first phase being installed in 2020. Also will provide for upgrades and rehabilitation at existing transit terminals and end of line facilities (e.g. University Plaza, Mt. Albion loop, West Hamilton loop)

**Start Date:** 2021

**Completion Date:** Ongoing

**Status:** Recommended (funded)

**Tangible Capital Asset:** No

**Capital Budget Initiation:** 2018

2021-2045 CAPITAL BUDGET PROJECT DETAIL SHEET**

**Division/Department:** Waste Management - Public Works Tax Funded  
**Project Name:** Transfer Station/CRC Expansion & Capital Replacement

**Project ID:** 5121594511

**Category:** Recycling & Waste Disposal  
**Ward(s):** City Wide

**Objective:**

Current TS/CRCs are reaching capacity. Funds required to design a new facility, acquire the necessary land, complete Environment Compliance Approval application to the Ministry of Environment, Conservation and Parks, develop and award an RFP to construct the final approved design for the facility. This project will improve service levels for the residents/customers by offering a 4th TS/CRC for waste disposal.

**Start Date:** 2015  
**Completion Date:** 2022  
**Status:** Recommended (funded)  
**Tangible Capital Asset:** Yes  
**Capital Budget Initiation:** 2009

**Comments:**

Note: \$1.5M tentatively added to this project in 2020 and \$1.2M in 2021 managed by the HWT. 2020 Capital Budget discussions for West Harbour were referred to West Harbour Development Subcommittee. Discussion re project budget is included in PW19090. Increased funding results in deferral of other waterfront projects per PW19090.

**CITY OF HAMILTON**  
**2021-2045 CAPITAL BUDGET PROJECT DETAIL SHEET**

**Division/Department:** West Harbour & Waterfront Strategic Initiatives - Public **Project ID:** 4411606102

**Category:** Development Projects

**Project Name:** Pier 5-7 Boardwalk

**Ward(s):** 2

**Objective:**

New boardwalk extending from Royal Hamilton Yacht Club to Pier 7 (police marine bldg) - includes landscaping, lighting & site furnishings - design (2016) construction (2017+) per West Harbour Rec Master Plan. Coordinate with Pier 5-7 Shoreline Rehab (441506107), Pier 6-8 Servicing Design, Pier 6 Artisan Village and Pier 7 Commercial Village. Consider future funding (2030-44) for implementation of James Street pier when land is sold for development.

**Start Date:** 2016

**Completion Date:** 2022

**Status:** Recommended (funded)

**Tangible Capital Asset:** Yes

**Capital Budget Initiation:** 2016

**Program Type:** Waterfront Initiatives

# Asset Management at City of Hamilton

## **What is required, where we are, what we are doing?**

*-The Province has defined requirements for municipalities to develop an Asset Management Policy (2019) and develop Asset Management Plans (2021, 2023, 2024) that ultimately express the City's objectives, the levels of service required to achieve those objectives, the work needed on assets to meet the levels of service and the cost of doing that work.*

## **What this will mean to Council?**

*-Portfolio, program and project management to align to desired LOS while understanding fiscal track.*

## **What processes lie ahead?**

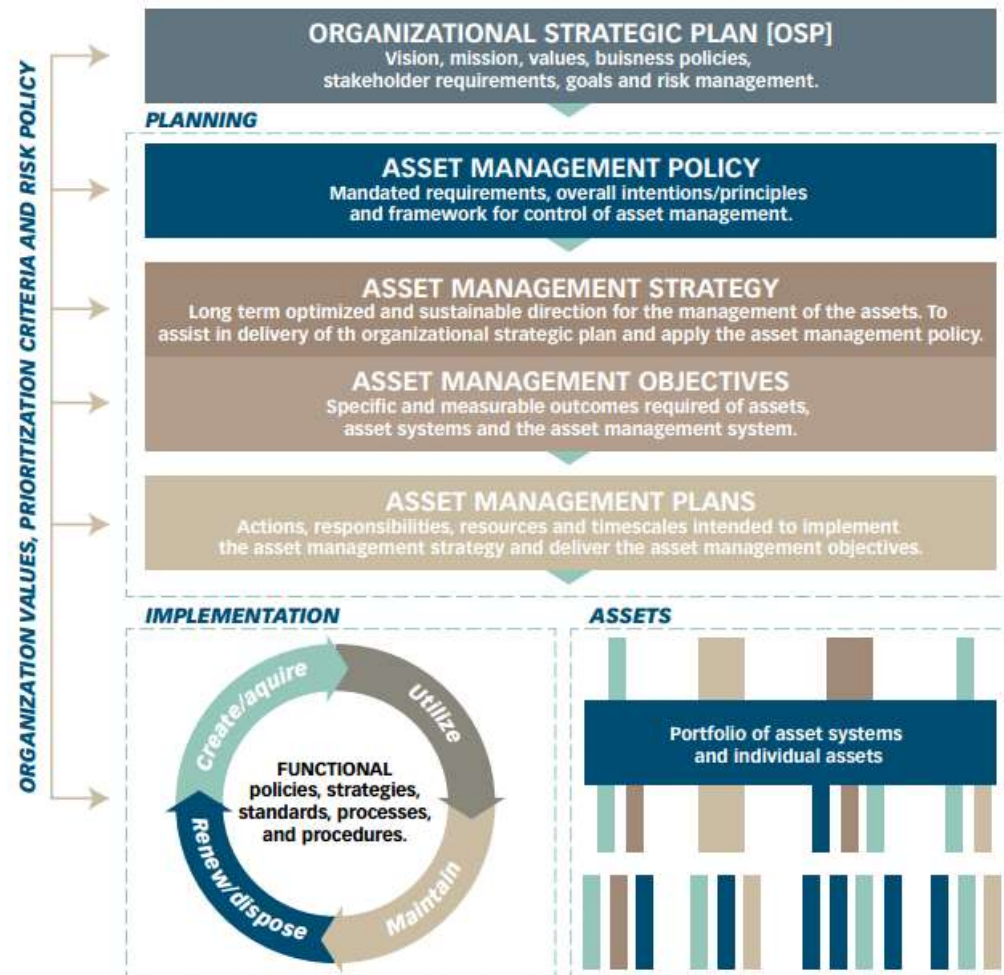

*-Numerous portfolios that plan service level increases which inherently means definition of priorities.*

# Asset Management at City of Hamilton

In recent years, the discipline of Asset Management has evolved ...

Then: a focus on the implementation of managing asset lifecycles. (the implementation box)

Now: all the activities and practices an organization applies to its physical assets in order to achieve its strategic objectives.

# O.Reg. 588: Asset Management Policy

O. Reg 588	Next Steps	Results
<ul style="list-style-type: none"> <li>Establish an AM Policy by July 2019</li> <li>Update every 5 years</li> </ul>	<ul style="list-style-type: none"> <li>Ensure AM Policy is suitable, adequate, effective, reviewed and updated as required</li> <li>Senior management and committee review</li> </ul>	<ul style="list-style-type: none"> <li>Council review and approval</li> </ul>
<b>Status</b>		
<ul style="list-style-type: none"> <li><b>Completed and approved by Council June 2019</b></li> <li>Upcoming renewal in July 2024: Review and update with direction from AMP processes</li> </ul>		

## Climate Change in the AM policy

### **City's Strategic AM Policy address Climate Change within the body of the policy:**

*"The City is committed to considering climate change. This includes:*

- a. Identifying the vulnerabilities of the City's existing and proposed infrastructure assets caused by climate change, and subsequent potential costs;*
- b. Considering the means to address those vulnerabilities, related to operations, levels of service and lifecycle activities;*
- c. Considering adaptation opportunities that may be undertaken to manage the vulnerabilities,*
- d. Considering mitigation approaches to limit the magnitude or rate of long-term climate change (such as reduction objectives), and*
- e. Considering disaster planning and contingency funding. "*

<ul style="list-style-type: none"> <li>By July 2023</li> <li>AM Plan for all assets</li> <li>Examples: IT, Fleet, parks, transit, cemeteries, facilities               <ul style="list-style-type: none"> <li>- Inventory of assets</li> <li>- Current levels of service measured by standard metrics</li> <li>- Lifecycle Activities - Risks related to current levels of service</li> <li>- Costs to maintain current levels of service</li> </ul> </li> </ul>	<ul style="list-style-type: none"> <li>PW and consultant are currently striving to develop inclusive methods and frameworks in current assignments to include all assets to meet future requirements.</li> </ul>	<ul style="list-style-type: none"> <li>Communicating land-use or master plans, forecasts, policies and other planning or financial commitments related to municipal infrastructure assets.</li> <li>Coordinating with the General Managers to align asset management planning with budgets, land-use or master plans, forecasts, policies and other planning or financial commitments.</li> <li>Senior management and committee endorsement</li> </ul>	<ul style="list-style-type: none"> <li>Council review and approval</li> </ul>

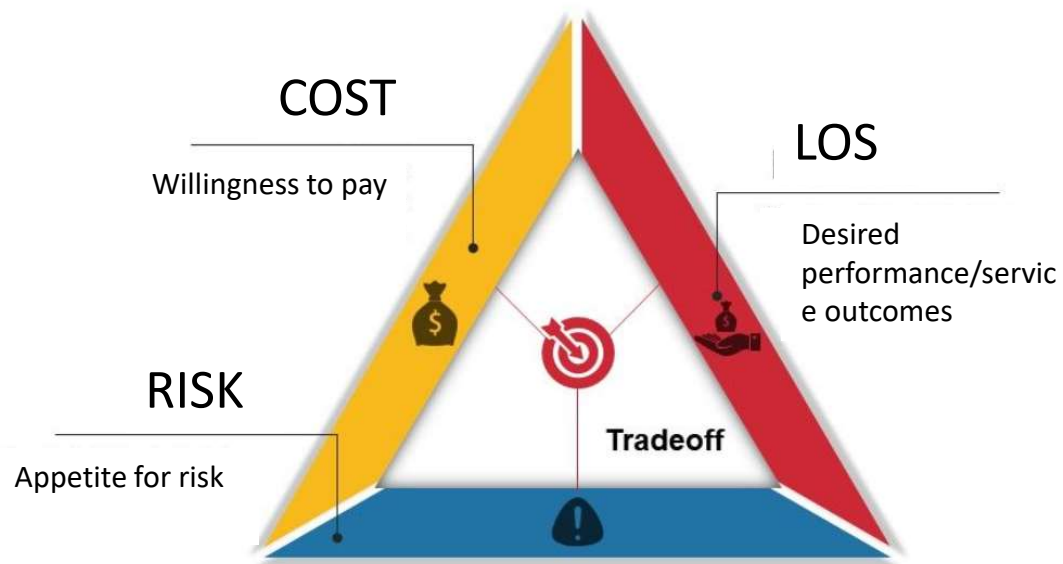

## O.Reg. 588: Asset Management Plan Phase 3 Add in Future Levels of Service

O Reg 588	Status	Next Steps	Results
<ul style="list-style-type: none"> <li>By July 2024</li> <li>Modified AMP to include proposed and desired Levels of Service               <ul style="list-style-type: none"> <li>Current LOS (as reported in 2023 AMP)</li> <li>Proposed/target LOS</li> </ul> </li> <li>Lifecycle management strategies and financial strategies for proposed LOS</li> </ul>	<ul style="list-style-type: none"> <li>LOS framework can be expanded to include proposed LOS target</li> </ul>	<ul style="list-style-type: none"> <li>Communicating land-use or master plans, forecasts, policies and other planning or financial commitments related to municipal infrastructure assets</li> <li>Coordinating with the General Managers to align asset management planning with budgets, land-use or master plans, forecasts, policies and other planning or financial commitments</li> <li>Senior management and committee endorsement</li> </ul>	<ul style="list-style-type: none"> <li>Council review and approval</li> </ul>

# Future State - Balancing Risk, Cost and LOS

- Discussion to review how to prioritize between LOS, cost, risk happening across programs throughout asset lifecycle
- Finding the balance that delivers the greatest value to the City

## Defining Priorities

- The Current Policy lays out principles to consider
- No preference for priorities, just seek to know the priorities
- Especially related to Service Enhancements
- Many ongoing level of service questions to ask and be answered between now and 2024

QUESTIONS?

Hamilton

# 2021 TAX SUPPORTED CAPITAL BUDGET

Mike Zegarac  
General Manager, Finance and Corporate Services

November 27, 2020  
General Issues Committee

# AGENDA

## 2021 Tax Supported Capital Budget

1. 2021 Capital Summary
2. 2021-2024 Forecast

# ASSET VALUE

## Snap Shot

- Replacement value of hard assets is approx. **\$24B**
- **42%** represents water, wastewater and stormwater funded from the rate supported budget
- **58%** represent roads, recreation facilities, emergency vehicles and buildings, etc., funded from the tax supported budget

## 2021 GROSS CAPITAL AND ADDITIONAL FUNDING

- The 2021 Tax Supported Capital Budget is \$482.3M compared to \$397.7M in 2020
- Additional \$14.7M in 2021 compared to the forecasted amount for 2021 in the approved 2020 Capital Financing Plan

### **Supplemental to 2021 Tax Capital Budget**

- Additional funding through the Investing in Canada Infrastructure Program (ICIP) COVID-19 Resilience Infrastructure Stream (\$7.4M)
- Additional funding through the Canada Mortgage and Housing Corporation (CMHC) Rapid Housing Initiative (\$10.8M)

## 2021 PROPOSED VS. 2021 FORECAST

TAX CAPITAL FINANCING PLAN (\$000's)	Change
Debt Carrying Costs	9,870
Discretionary Block Funding Increase	200
New Debt (Transit) (PW19083/FCS18048(a))	(239)
Federal Gas Tax	2,486
2020 Capital Financing Surplus	2,600
COVID-19 Reserve	1,100
Roads, Bridges and Traffic Capital Reserve	2,090
New Tax Debt Principal	(3,451)
<b>Total Additional Capital Financing</b>	<b>14,656</b>

## 2021 GROSS CAPITAL

- Additional \$14.7M in 2021 compared to the forecasted amount for 2021 in the approved 2020 Capital Financing Plan:
  - Information Technology +\$7.3M
  - Hamilton Fire Service +\$4.9M
  - Transportation Infrastructure +\$1.9M
  - Corporate Facilities +\$1.0M
  - 0.5% Capital Levy increase for discretionary blocks:
    - Transportation Infrastructure +\$3.0M
    - Facilities Management +\$1.5M

# CAPITAL LEVY INCREASE

(\$000's)

	<u>2020</u> <u>Restated</u>	<u>2021</u> <u>PROPOSED</u>	<u>CHANGE</u>		<u>Levy</u> <u>Impact (%)</u>
			<u>\$</u>	<u>%</u>	
Debt Charges	41,759	40,708	(1,051)	(2.5)	(0.1)
Transfer from Operating	81,952	91,157	9,205	11.2	1.0
<b>Total Tax Supported Capital Levy</b>	<b>123,711</b>	<b>131,865</b>	<b>8,154</b>	<b>6.6</b>	<b>0.9</b>

**Municipal Tax Impact on Average Residential Property Tax 0.9% (\$32)**

	<u>2019</u> <u>Approved</u>	<u>2020</u> <u>Approved</u>	<u>2021</u> <u>Proposed</u>
Discretionary Block Funding	0.50%	0.50%	0.50%
ICIP - Transit / PTIF	0.27%	0.21%	0.18%
West Harbour	0.13%	0.03%	0.00%
Downtown Office Accommodations	0.00%	0.14%	0.00%
DC Exemptions	0.00%	0.00%	0.22%
<b>Total Tax Supported Capital Levy</b>	<b>0.90%</b>	<b>0.88%</b>	<b>0.90%</b>

Note: updated to include 0.50% increase in discretionary block funding at direction of Council on Nov. 11, 2020

## UPDATED MUNICIPAL TAX INCREASE

Municipal Taxes		\$	%
	Other City Departments	\$ 82	2.2%
	Boards and Agencies	\$ 7	0.2%
	Capital Financing	\$ 32	0.9%
	<b>MUNICIPAL TAXES</b>	<b>\$ 122</b>	<b>3.3%</b>

**NOTE:**

**Assumes growth benefit of (1.0%) and no reassessment**

**Assumes Boards and Agencies budget increase is at Council's direction of 2.0%**

**Assumes Capital Levy increase is 0.9% inclusive of the 0.5% increase for discretionary block funded projects at Council's direction**

# 2021 TAX CAPITAL GROSS INVESTMENT

# CAPITAL FINANCING PLAN

- Proposed 2021 Capital Budget includes additional contributions not included in the 2020 Financing Plan for 2021:
  - Additional Federal Gas Tax funds
  - Update interest rate assumptions for future debt financing
  - Update cash flow assumptions for debt servicing costs for Transit and the National Housing Strategy
  - Roads, Bridges and Traffic Capital Reserve
  - COVID-19 Reserve
- Provides a higher level of capital investment than originally forecasted in 2021, but level of financing is not sustainable in the long-term forecast
- Further investments in infrastructure outside of the 2021 Capital Budget (ICIP – COVID-19 Resilience Stream \$7.4M, CMHC Rapid Housing Initiative \$10.8M)

### COUNCIL DIRECTION

Public Works Committee at its meeting of November 29, 2019 approved the following: “Staff was directed to report back to the GIC Capital Budget process (December 9, 2019) with a Ward by Ward account of the conditional assessment of roads.”

### INFORMATION

This report is to provide information on the overall road network condition as expressed as a technical level of service. In 2019 the road network was inspected via a contractor to determine an Overall Condition Index (OCI). This data was processed, reviewed and uploaded to City systems in Q2 of 2020. When comparing 2019 pavement inspection results to 2015 pavement inspection results, a slight increase in OCI was observed, from 59 in 2015 to 63 in 2019 using the segment weighted process.

This increase is in part due to the 2017/2018 Winter Damages Council-approved (PW18020) proactive reinvestment of \$20M towards road rehabilitation projects and the 2019 Red Hill Valley Parkway rehabilitation attributing 50 lane kilometres of improved roadway condition for \$14M in reinvestment within the 2019 roads block.

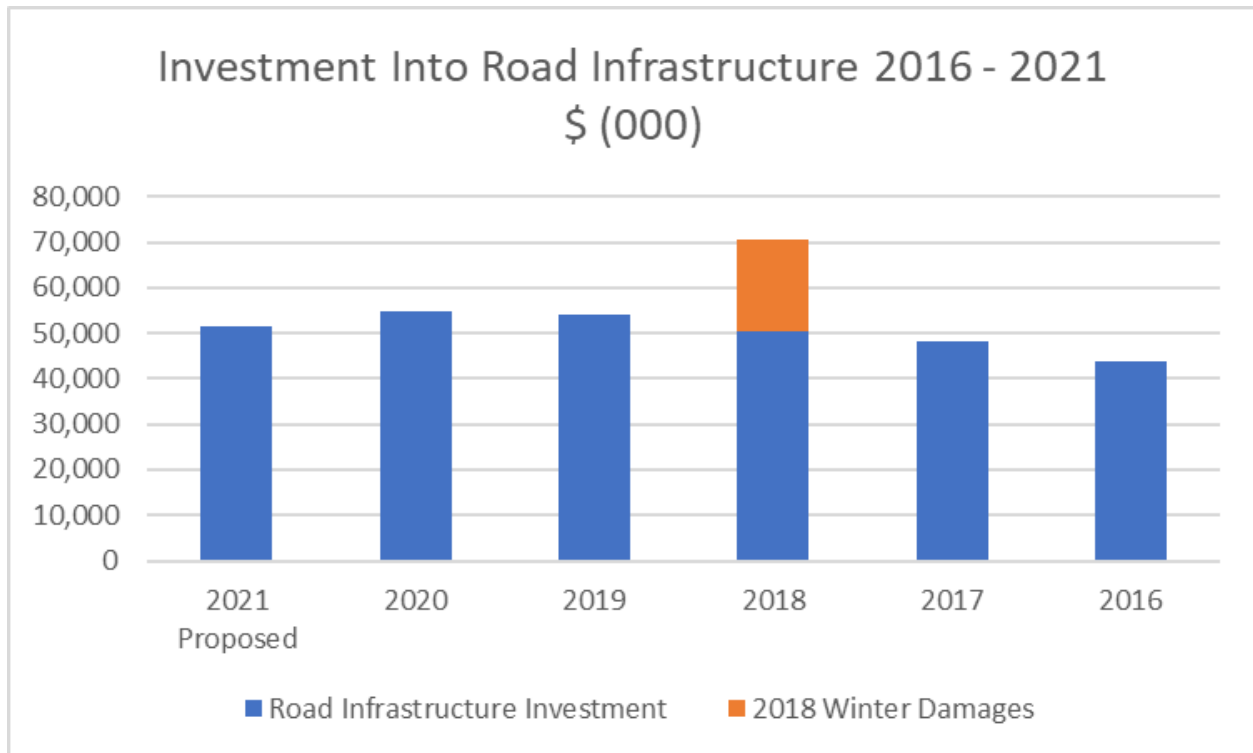

---

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

**SUBJECT: Ward by Ward Conditional Assessment of Roads  
(PW20075) (City Wide) - Page 2 of 5**

In 2016 there was a review of the State of the Infrastructure (SOTI) road network review based on the data available at that time. That study identified that to meet a technical level of service defined as an OCI of 62 the City was advised to invest approximately \$52M annually (valued in 2016 dollars).

Over the last 10 years the City has invested approximately \$55M (inclusive of the 2018 winter damages injection), or an average of \$52M without the winter damage funding; fundamentally meeting the 2016 projected investment level; fundamentally achieving the 2016 projected technical level of service of an OCI above 62 given the investment level.

The investment rate above provides the City a level of service of 63 as expressed as an average OCI weighted by road network segments, and as represented by condition in the table below.

**SUBJECT: Ward by Ward Conditional Assessment of Roads  
(PW20075) (City Wide) - Page 3 of 5**

**Average OCI Values by Functional Class  
(weighted by segments)**

Functional Class		2015	2019
<b>Expressway</b>	LINC	74	*70
	RHVP	76	**90
	<b>Expressway Network</b>	<b>75</b>	<b>80</b>
<b>Urban</b>	Arterial Major	61	66
	Arterial Minor	59	63
	Collector	57	60
	Local	56	62
	<b>Urban Network</b>	<b>57</b>	<b>62</b>
<b>Rural</b>	Arterial	64	67
	Collector	64	66
	Local	60	65
	<b>Rural Network</b>	<b>62</b>	<b>66</b>
<b>Overall Network</b>		<b>59</b>	<b>63</b>

\* 2019 pavement inspection of the LINC was conducted prior to 2019 maintenance improvements

\*\* 2019 pavement inspection of the RHVP was conducted after 2019 RHVP capital resurfacing project

There is an industry-wide understanding that OCI values will have some variance between inspection years and methods of presenting the values. In some cases, variances of +/- 5% may be observed. There are a variety of reasons for this, such as different inspection equipment or data-capture methods used by different pavement inspection consultants, improvements in technology, or maintenance activities.

There is no industry standard for reporting average OCI across municipalities. Average OCI can be reported as a segmental average, by weighted-length, by weighted lane-length (also referred to as weighted lane-kilometres), weighted area, etc.

Previous SOTI road reports reported average OCI values based on weighted lane-kilometres. With the investment rate stated above, resulting average OCI per road classification can also be expressed by weighted lane-kilometres, as per the table below. Methods of reporting OCI values are being reviewed in order to select the method with the highest levels of consistency and accuracy.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

**SUBJECT: Ward by Ward Conditional Assessment of Roads  
(PW20075) (City Wide) - Page 4 of 5**

**Average OCI Values by Functional Class  
(weighted by lane-kilometres)**

	Local	59	62
	<b>Urban Network</b>	60	64
<b>Rural</b>	Arterial	67	68
	Collector	66	69
	Local	66	67
	<b>Rural Network</b>	67	69
<b>Overall Network</b>		<b>62</b>	<b>66</b>

\* 2019 pavement inspection of the LINC was conducted prior to 2019 maintenance improvements

\*\* 2019 pavement inspection of the RHVP was conducted after 2019 RHVP capital resurfacing project

Pavement inspection data contributes to City of Hamilton Strategic Initiatives such as SOTI reports and the development of the AMP (Asset Management Plan), which is a requirement of the Province of Ontario's Asset Management Planning for Municipal Infrastructure Regulation, under the Infrastructure for Jobs & Prosperity Act, O. Reg. 588/77. These reports will assist in the decision-making process for the development of the future capital roads program.

The Road Condition Ratings dashboard, available on the City of Hamilton's website at <http://map.hamilton.ca/> under the [Road Condition Ratings](#) link, has been updated based on 2019 pavement condition inspection data. Below is a direct link to the dashboard.

<https://spatialsolutions.maps.arcgis.com/apps/MapSeries/index.html?appid=75000b09fc15402e993e780adcd074cc>

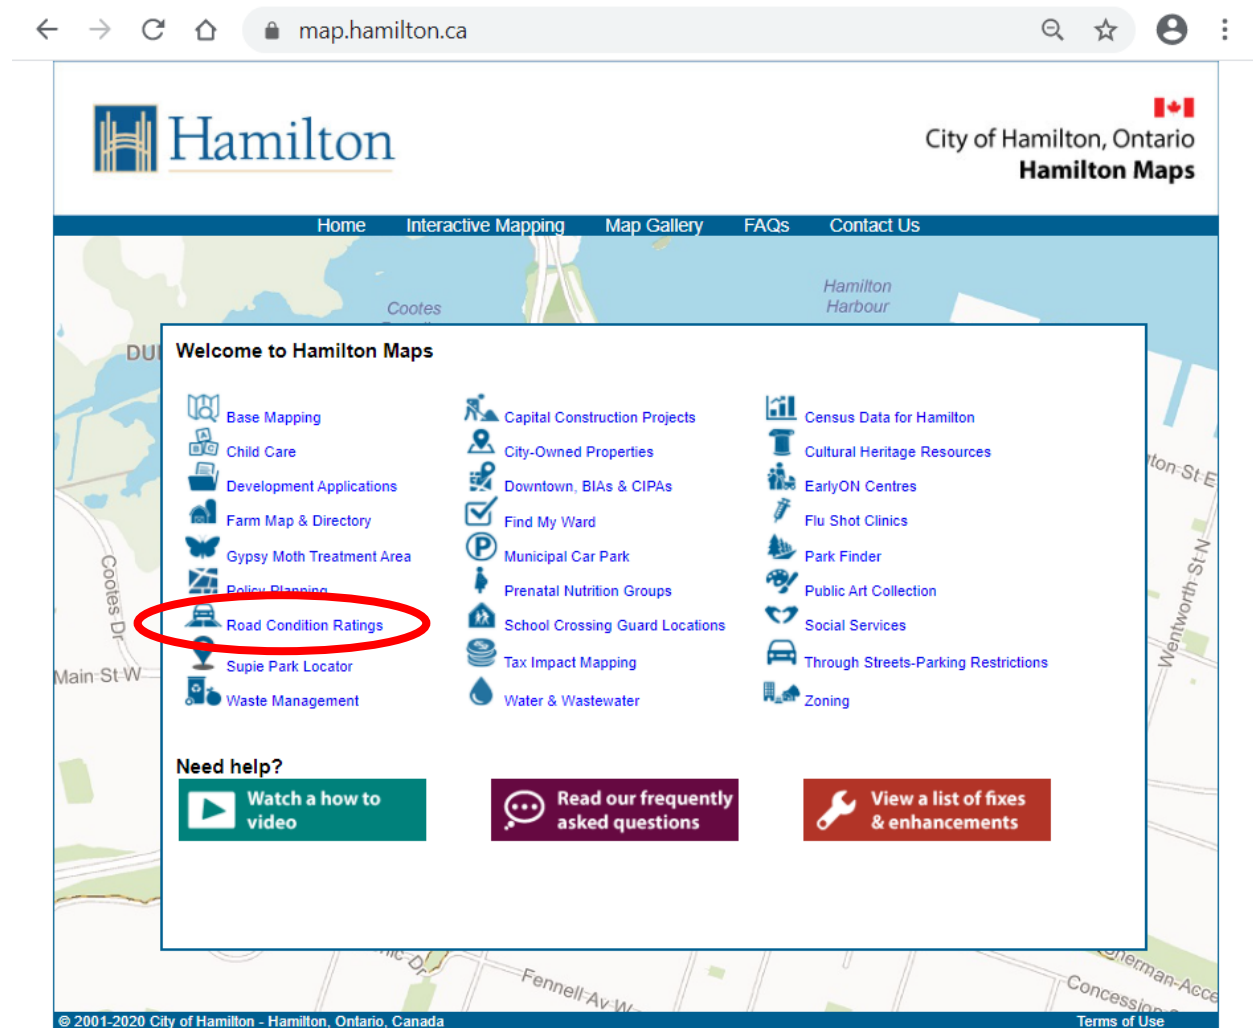

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

**SUBJECT: Ward by Ward Conditional Assessment of Roads  
(PW20075) (City Wide) - Page 5 of 5**

The dashboard contains a tab called “City Wide” which can be selected to view road condition ratings throughout the City. It also contains 15 individual “Ward” tabs to view the road condition ratings within specific Wards. There is a “Tutorial” tab, which explains the overall operation and functionality of the dashboard. Lastly, there is a “Summary and Stats” tab, which summarizes various analyses performed on pavement conditions, road programming, funding, road network metrics, etc. This same tab also highlights some recent and upcoming key Strategic Initiatives such as the 2017/2018 Winter Damages re-investment, SOTI and AMP.

 Legislative Coordinator  
 Office of the City Clerk  
 City of Hamilton

### SUBJECT: 2020 Salary Calculations – End Rate

At its public meeting on Thursday, November 12, 2020, the Hamilton Police Services Board passed the following motion:

**Moved by:** Member Mandy  
**Seconded by:** Member Elms

#### 5.4 HPS Projected Capital Expenditures: 2021-2030 (PSB 20-099) (PSB 15-002, PSB 15-002a, PSB 15-002x, PSB 16-113, PSB 17-122, PSB 18-108, PSB 19-103)

After discussion the Board approved the following:

Moved by: Member Athulathmudali  
 Seconded by: Member Mandy

- a. That the Hamilton Police Service Board (HPSB) approves the list of 2021-2030 Projected Police Capital Expenditures; and that
- b. That the HPSB approves items 1 to 4 to be considered by the City of Hamilton for funding in 2021; and that
- c. That the HPSB forwards the approved plan to the City of Hamilton for inclusion in their 2021-2030 Capital Budget Plan.

**CARRIED.**

Should you have any questions or concerns, please let me know.

Thanks & regards,

## RECOMMENDATION REPORT

<b>TO:</b>	Chair and Members Hamilton Police Services Board
<b>BOARD MEETING DATE:</b>	November 12, 2020
<b>SUBJECT:</b>	HPS Projected Capital Expenditures: 2021-2030
<b>REPORT NUMBER:</b>	20-099 (PSB 15-002, PSB 15-002a, PSB 15-002x, PSB 16-113, PSB 17-122, PSB 18-108, PSB 19-103)
<b>SUBMITTED BY:</b>	Eric Girt, Chief of Police
<b>SIGNATURE:</b>	

### RECOMMENDATION(S)

- a) That the Hamilton Police Service Board (HPSB) approves the list of 2021-2030 Projected Police Capital Expenditures.
- b) That the HPSB approves items 1 to 4 to be considered by the City of Hamilton for funding in 2021.
- c) That the HPSB forwards the approved plan to the City of Hamilton for inclusion in their 2021-2030 Capital Budget Plan.

### EXECUTIVE SUMMARY

The following represents a summary of the major capital projects for the HPS:

- Item 1 - 2021-2026 – Roof Replacement – Police Stations - \$1,725,000 (Appendix A)
- Item 2 - 2021- 2024 – Personal Issued Portable Radio Replacement (PIPR) - \$3,640,000 (Appendix B), Phase 2
- Item 3 - 2021 – Air-Cooled Chiller Replacement – East End Police Station - \$500,000
- Item 4 - 2021- 2024 – Next Generation (NG) 9-1-1 - \$2,000,000
- 2021 – Central Station Feasibility Study / Retro-fit - \$500,000
- 2022 - Mobile Command Centre - \$750,000
- 2022 - Ice Rescue Equipment - \$80,000
- 2022 – Parking lot replacement/patch work – East End / Mountain Stations - \$190,000

---

**Vision:** To be a trusted partner in delivering public safety.

## FINANCIAL – STAFFING – LEGAL IMPLICATIONS

Financial: See the details below including appendices A and B.

Staffing: n/a

Legal Implications: n/a

## INFORMATION

Each year the City of Hamilton (COH) requests that the Hamilton Police Service (HPS) identify capital projects for the next 10 years. These projects are submitted to the City for consideration, priority and funding approval through the City's annual capital budget process.

The following is projection of expected capital expenditures for the next 10 years. This report includes a brief description of each item, the recommended year of acquisition, as well as the estimated total cost for each project.

### **Item 1 – 2021-2026 - Roof Replacements - \$1,725,000 (Appendix A)**

As part of the City's Building Condition Assessment Program and Stantec's Facilities Condition report (2016), the roofing systems at East End and Mountain Police stations are in need of replacement as they have exceeded or are approaching their useful life expectancy. The roof replacement is an on-going multi-year project that began in 2019 and was budgeted and approved as part of the COH's annual capital budget process and funded through debt financing.

It is anticipated the roof replacement for the Mountain station will be in 2026. The cost is significantly greater than Central and East End stations due to the roof system being more complex.

Appendix A shows the deployment strategy along with the projected costs for all three stations.

### **Item 2 – 2021-2024 – Personal Issued Portable Radio Replacement (PIPR) - \$3,640,000 (Appendix B)**

The replacement of PIPR's is to take place with a 4 phase deployment strategy which began in 2020. The replacement plan also includes the mobile communication devices in each patrol vehicle.

PIPR's and mobile devices are in need of replacement as they are reached the end of their useful life. Some units may have extended life, however, failures and repairs will escalate as the equipment ages and parts become unavailable.

---

**Vision:** To be a trusted partner in delivering public safety.

**Mission:** To serve and protect in partnership with our communities.

**Our Values:** Compassionate, Dedicated, Inclusive, Integrity, Innovative, Professional, Teamwork

---

HPS (and the COH) reached a negotiated contract with Motorola in 2019 which included significant discounts with respect to equipment. Appendix B shows the deployment strategy with projected costs.

**Item 3 - 2021 – Air Cooled Chiller Replacement – East End Police Station - \$500,000**

As part of the Stantec's Facilities Conditions report, the chiller system at the East End station will need to be replaced as it has surpassed its useful life. Three (3) of the eight (8) compressors have failed and a complete replacement is required. The current system can be replaced at a lesser cost, however, it is recommended that this dated system be replaced with more energy efficient centralized chiller. The replacement will result in substantial reduction of energy costs and future maintenance costs, resulting in a return on investment of approximately four (4) years.

**Item 4 – 2021-2024 – Next Generation (NG) 9-1-1 - \$2,000,000**

The Canadian Radio-Television and Telecommunications Commission (CRTC) requires telecommunications service providers to be ready to offer a 9-1-1 voice service to Public Safety Answering Points (PSAP). This mandate also identifies the need for NG9-1-1 text messaging. Other NG9-1-1 services, such as delivery of photos and videos are expected to follow in subsequent years based on industry working group recommendations and 9-1-1 PSAP ability to support them. The go-live date was originally scheduled for 2023 and has now been delayed 2024 due to COVID.

The transition basic 9-1-1 system to NG9-1-1 system is a City-wide initiative and the HPS is in partnership with the COH for planning and implementation. The estimated portion of the project cost to HPS is \$2,000,000 and is to be incurred between 2021-2024. This is to be used towards the HPS staff training and equipment leading to go-live. There could be additional unavoidable costs associated with the implementation and operation of the system which are unknown at this time.

The new NG9-1-1 system will display to the 9-1-1 Call-Taker the caller's location and all the other associated information including the caller's phone number and is capable of transferring the location automatically to emergency responders dispatch systems which will assist and speed up the response time.

**2021 – Central Station Feasibility Study / Retro-fit - \$500,000**

With the recent opening of the new Investigative Services Division (ISD) building and the relocation of all ISD staff, a space review, which began in late 2019, is continuing to determine overall space needs for all HPS facilities in the next several years, and especially Central Station which has many vacant spaces resulting from the move. In partnership with the City of Hamilton, a Request for Proposal (RFP) is in progress for services to finalize the redesign of Central Station and, to determine pricing for the project. We anticipate this project to be achieved over multiple years and to require a significant investment. A separate

---

**Vision:** To be a trusted partner in delivering public safety.

**Mission:** To serve and protect in partnership with our communities.

**Our Values:** Compassionate, Dedicated, Inclusive, Integrity, Innovative, Professional, Teamwork

report will be presented to the HPSB at a future Board meeting with final details and recommendations for the retrofit.

The 2021 request for \$500,000 is to continue preliminary work/planning for this project and to begin retro-fitting vacated office space at Central Station. Central Station is approximately 43 years old and has not undergone any major renovations in that time.

### **2022 – Mobile Command Centre - \$750,000**

Due to the population growth in the COH, as well as an increase in special events, a new Mobile Command Centre is needed as the older vehicle is insufficient in size and does not meet the demand.

The new Command Centre will be used for large scale incidents that require extended time demand (those requiring a number of Officers and public-service agencies) including hostage situations, active shooters calls, mass-casualty incidents, task-force operations, major homicide and missing persons investigations. Mobile Command Centre also requires specialized equipment, TV monitors, tactical gear and supplies. It is to be used as a centralized place for agency officials to meet/talk on scene (EMS, Hydro, Gas, Fire Marshall, etc.) and is the hub for managing major events at the actual scene.

### **2022 – Ice Rescue Equipment - \$80,000**

With the waterfront renewal at the harbor, there is growth and increased popularity of recreational ice usage. The City also has a number of conservation areas with bodies of water that are used in winter months. During the winter months ice rescue is performed by the HPS Marine unit. The Marine unit is responsible for all bodies of water within the COH. The necessity to respond rapidly and appropriately is required.

To optimize the HPS's ability to meet these requirements, the Marine unit would require a vessel/vehicle capable of immediate deployment for both water and land terrain. The best suited tool that meets these requirements is a two to three-person hovercraft. The vehicle is able to travel on land, water and ice and has the ability to reach speeds that allow Officers to access victims in a timely manner. In addition, it would be a valuable tool for ground research and rescue.

### **2022 – Parking lot replacement/patch work – East End / Mountain Stations - \$190,000**

Stantec's Facilities report (2016) identified the need for a complete parking replacement and resurfacing at the East End station parking lot as it has reached its end of life conditions. There are cracks and base failures that has created pot-holes. The estimated cost is \$150,000.

The Mountain station parking lot requires patch-work repairs due to the same conditions as East End station with cracks and base failures resulting in pot-holes. The estimated cost is \$40,000.

## INFORMATION REPORT

<b>TO:</b>	Mayor and Members General Issues Committee
<b>COMMITTEE DATE:</b>	November 27, 2020
<b>SUBJECT/REPORT NO:</b>	Capital Lifecycle Renewal - Facilities Roof Replacements (PW18065(b)) (City Wide)
<b>WARD(S) AFFECTED:</b>	City Wide
<b>PREPARED BY:</b>	Janet Warner (905) 546-2424 Ext. 7041
<b>SUBMITTED BY:</b>	Rom D'Angelo, C.E.T.; CFM Director, Energy, Fleet and Facilities Management Public Works Department
<b>SIGNATURE:</b>	

### COUNCIL DIRECTION

Not Applicable.

### INFORMATION

The purpose of this Information Report is to update members of the General Issues Committee of previous reports regarding facilities lifecycle renewal funding, specifically for the replacement of facility roofs, as it relates to the next few years.

The 2021 Capital Budget year marks the second year of a multi-year plan whereby a significant portion of the Facilities Capital Block Funding will be redirected to a much-needed Roof Management Program in order to ensure a state of good repair and prevent further deterioration to a critical building component. Therefore, being proactive with the health of a roofing system will ultimately reduce the building financial liability.

At the November 29, 2019 General Issues Committee, staff from the Energy, Fleet & Facilities Management Division (Public Works) presented an Information Report PW18065(a) which outlined the need for funding of \$5.8 million in addition to the allotted Facilities Block Funding as part of the 2020 Capital Budget. The Information Report was to highlight and address the urgent priority for the replacement of nine unfunded roofs,

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

**SUBJECT: Capital Lifecycle Renewal - Facilities Roof Replacements  
(PW18065(b)) (City Wide) - Page 2 of 5**

---

based on the considerations previously outlined for investment in the roof infrastructure renewal such as end-of-life assets and public perception. The primary focus and consideration of the roof replacements is on health and safety related to not only the facility, but in regard to air quality and mould issues (i.e. as it relates to roof leaks) within public buildings, as well as prevent continued (potential) damage to the rest of the facilities.

The basis of the Roof Replacement Report PW18065(a), was predicated on staff's earlier introduction of Report PW18065 – 'Capital Lifecycle Renewal – Strategic Renewal of Facilities' which outlined a growing capital backlog of over \$216M, translating to significant end-of-life infrastructure and in particular, roofs - failing or at risk of failing.

### BACKGROUND

The total cost of all priority roofs which have reached or will soon exceed end-of-life is anticipated to be over \$60 million (at over 135 locations). Within the inventory of 135 locations, replacing approximately 20 of the most critical roofs before 2025 will cost approximately \$20 million.

As illustrated in Chart 1, over a 10-year period (2010–2019), approximately 9% of the annual Corporate and Recreation Capital Block Funding, or just over \$8M (\$800k annually) out of approximately \$93M, has been allocated to the repair and replacement of aging and failing roofs in order to maintain both the health and safety to the public and staff.

Chart 1

**SUBJECT: Capital Lifecycle Renewal - Facilities Roof Replacements  
(PW18065(b)) (City Wide) - Page 3 of 5**

The most cost-efficient way to maintain any building is to proactively plan for repairs and upgrades. As budgets for annual asset maintenance and annual capital stay static, or increase marginally, the priorities for spending that money can change rapidly.

Unlike previous years, 2020 has seen a significant priority shift in the Roof Management Program whereby 35.3% (\$3.3M) of the annual Facilities Block Funding went towards a number of roof replacements in order to address leaking roofs and roofs beyond their end of life at various arenas, recreation centres and other public facing facilities.

The 2021 Facilities Capital allocation will be no different than the current year, where a large portion of the funding will go towards the Roof Management Program. In fact, the roofing program will account for 66% of the Facilities gross capital budget in 2021.

Chart 2

In order to address 20 of the most urgent roofs by 2025, assuming no funding from other levels of government, approximately 60% - 70% of the Facilities Block funds would need to be expended on roofs across all facilities portfolios. As illustrated in Chart 2 the forecast in 2022 to 2025 has been adjusted based the anticipation of funding approvals from other levels of government (Investing in Canada Infrastructure Program (ICIP)).

As infrastructure priorities shift, the City-owned facility roofs will continue to be reviewed and assessed through the Roof Management Program and Facilities' Building Condition Assessments (BCA) to determine priorities on a yearly and as-needed basis. Future capital will be requested and required to undertake the necessary roof replacements either as separate projects or where possible, as part of a larger, capital project in order to benefit from synergies with other works required. Combining works within a larger-

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

**SUBJECT: Capital Lifecycle Renewal - Facilities Roof Replacements  
(PW18065(b)) (City Wide) - Page 4 of 5**

---

scale project will realize and maximize savings, time as well as minimize disruption to the public and those who utilize the facility.

A reprioritization of Facilities Block Funding toward the Roof Management Program would effectively require delaying or ultimately reducing the funding distribution of the following block-funded Facilities Capital Programs & Projects in order to address roof replacement:

- Mechanical Infrastructure Life-cycle renewal;
- Parking Lot Rehabilitation;
- Facility Upgrades to Hamilton Public Libraries;
- Fire stations Facility Upgrade;
- Recreation Centre Retrofits;
- Senior Centre Retrofits;
- Arena Retrofits;
- Park & Fieldhouse Retrofits;
- Community Halls Retrofits;
- Yard capital renewal;
- Facility Capital Maintenance;

Further deferring these capital programs may result in failure of other key end-of-life infrastructure. One example could be a failure in the mechanical infrastructure used to heat a facility. This may result in staff returning to Council for funding for emergency repairs. For under-funded facilities, delaying budgets for capital repairs elevates risks on the feasibility of keeping select facilities open to the public in coming years.

Based on previous year(s) funding approvals for the Roof Management Program, Facilities' staff have initiated the design and replacement (underway) of the following roofs in 2020:

- Hamilton Farmer's Market;
- Terryberry Library which is also being coordinated with necessary HVAC and building envelope work resulting in synergies and a more wholesome and complete project;
- Westdale Library will also include HVAC and envelope work and will be tendered as one project;
- Spring Valley Arena;
- Ancaster Seniors' Centre (completed);
- Valley Park facility roof repairs have been incorporated into the larger, capital project;
- Parkdale Arena roof work has been included in the capital project tendered in 2020.

---

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

**SUBJECT: Capital Lifecycle Renewal - Facilities Roof Replacements  
(PW18065(b)) (City Wide) - Page 5 of 5**

---

Additionally, and in combination with the 2021 Capital Budget, Facilities' staff will commence the design of the following roofs without compromising other infrastructure block funded programs, the following will be 'tender ready' for the 2021 season:

- City Hall Garage
- Lawfield Arena
- Beverly Arena
- Carlisle Arena

**OTHER FUNDING SOURCES**

Report FCS19-080, Investing in Canada Infrastructure Program (ICIP) - Community, Culture and Recreation Stream Intake, was presented and approved by General Issues Committee on October 16, 2019. Staff brought forward several roofing priorities in Recreation Facilities, compiled as 4 Phases of 17 roof replacements.

**APPENDICES AND SCHEDULES ATTACHED**
