Hamilton

## MINUTES

Keep Hamilton Clean & Green Committee  
Tuesday June 1, 2021, 5:00 pm

### THE KEEP HAMILTON CLEAN & GREEN COMMITTEE PRESENTS THE JUNE 1, 2021 MINUTES AND RECOMMENDS THE FOLLOWING:

#### 1. APPROVAL OF AGENDA

The Staff Liaison advised the Committee of the following change to the agenda:

- (i) The addition of a discussion on committee membership and whether a schoolboard representative as a voting member is still appropriate (Item \*9.7).

**(Duke/Jarvi)**

That the agenda for the June 1, 2021 Keep Hamilton Clean and Green Committee meeting be approved, as amended.

**CARRIED**

#### 2. APPROVAL OF MINUTES AND NOTES OF PREVIOUS MEETING

- (i) **March 16, 2021 (Item 3.1)**

**(Jarvi/Tom)**

That the minutes for the March 16, 2021 Keep Hamilton Clean and Green Committee meeting be approved, as presented.

**CARRIED**

- (ii) **May 4, 2021 (Item 3.2)**

**(Di Censo/Szczepanski)**

That the notes for the May 4, 2021 Keep Hamilton Clean and Green Committee meeting be approved, as presented.

**CARRIED**

#### 3. DELEGATIONS

- (i) **Delegation (Item 7.1)**

Adam Spence, Hamilton resident, delegation presentation respecting dog feces and bags of dog feces scattered around City Parks (approved March 16, 2021).

Hamilton

## MINUTES

Keep Hamilton Clean & Green Committee  
Tuesday June 1, 2021, 5:00 pm

The delegate provided a presentation on issues respecting the improper disposal of bags of dog feces in Memorial Park. The delegate proposed that receptacles be relocated to all park entry points, with proper signage and a supply of dog waste bags. Additionally, that a newsletter be developed and sent to all residents close to the park, indicating the health and safety concerns about improper disposal of dog waste bags and the implementation of new disposal units within the park. Staff will communicate the delegate's recommendations to the appropriate Staff within the Parks Department for further review and action.

**(Duke/Meskauskas)**

That the delegation presentation from Adam Spence, respecting issues and solutions on dog feces and bags of dog feces scattered around City Parks at the June 1<sup>st</sup> meeting, be received, as presented.

**CARRIED**

#### 4. DISCUSSION ITEMS

**(i) Update on the planning process for the 'All Advisory Committees' Meeting' (Item 9.1)**

Staff provided an update on the planning process for the 'All Advisory Committees' Event'. The meeting would provide the opportunity for the City's Advisory Committee members to meet and learn about other Committees. Staff asked that committee members vote on and approve the motion for the proposed meeting date of September 27, 2021, commencing at 4:00 PM. Committee members were also asked to select one or two members to develop the presentation and one or two members to present at the event.

**(ii) Approval of All Advisory Committee Event Date and Selection of a Presenter**

**(Jarvi/Szczepanski)**

WHEREAS, the Lesbian, Gay, Bisexual, Transgender and Queer (LGBTQ) Advisory Committee recommended that an All Advisory Committee Event be hosted for the purpose of providing City Advisory Committees with an opportunity to introduce themselves to one another and educate each other in terms of their respective Committee's purpose (mandate) and goals;

Hamilton

## MINUTES

Keep Hamilton Clean & Green Committee  
Tuesday June 1, 2021, 5:00 pm

WHEREAS, an All Advisory Committee Event was approved by Hamilton City Council on April 14, 2021 (see Item 4 of Audit, Finance and Administration Committee Report 21-005 for reference);

WHEREAS, at the All Advisory Committee Event, each Advisory Committee will be allotted 5 minutes to introduce their respective Committee's purpose (mandate) and discuss the successes and the challenges the Advisory Committee has experienced; and,

WHEREAS, the staff liaisons for each Advisory Committee met and mutually agreed upon a tentative date for the All Advisory Committee Event;

THEREFORE, BE IT RESOLVED:

- a) That the proposed date of Monday, September 27, 2021, commencing at 4:00 p.m., for the All Advisory Committee Event be approved; and,
- b) That Paulina Szczepanski be authorized to represent the Keep Hamilton Clean and Green Advisory Committee at the All Advisory Committee Event and deliver a 5-minute presentation on the Committee's behalf respecting the Committee's purpose (mandate), successes and challenges.

**CARRIED**

**(iii) Update and Review of the KHCG Committee Workplan for 2021 (Item 9.2)**

Staff reviewed the status of the 2018-2022 Keep Hamilton Clean and Green Advisory Committee workplan. It was recommended by Staff, that the Committee review the plan and prioritize action items for the remainder of the term. It was further recommended by the Chair, that the workplan be reviewed at all future meetings as a standing agenda item.

**(Jarvi/ Meskauskas)**

That the discussion respecting the status of the 2018-2022 Keep Hamilton Clean and Green Advisory Committee workplan be received.

**CARRIED**

**(iv) Litter in Hamilton - Brainstorming Ways to Better Address this**

*Engaging citizens to take greater responsibility for improving our Hamilton community environments.*

Hamilton

## MINUTES

Keep Hamilton Clean & Green Committee  
Tuesday June 1, 2021, 5:00 pm

---

### **Growing Problem (Item 9.3)**

Committee member, Diana Meskauskas, initiated a discussion focused on ways to better address litter in public green spaces. It was proposed that a 'hub for ideas' be created by the committee, for the committee, to culminate and share ideas, suggestions and feedback that would align with and support the committee work plan. Committee Vice Chair, Paulina Szczepanski provided the suggestion of using the JAMBOARD application, a collaborative digital whiteboard, as an accessible information hub. She offered to set up application access for the committee.

Committee member, Diana Meskauskas, asked if there was a possibility of developing or using different City of Hamilton communication mediums and resources to support greater awareness about litter and associated fines for littering. She also asked if there was an opportunity to discuss the issue of litter and littering with Municipal By-law Enforcement (MLE). Staff will communicate the committee members' questions and recommendations to the appropriate Staff within MLE for further review and information.

### **(Jarvi/ Szczepanski)**

That the discussion respecting brainstorming ways to better address the growing problem of litter in Hamilton, be received.

**CARRIED**

Hamilton

## MINUTES

Keep Hamilton Clean & Green Committee  
Tuesday June 1, 2021, 5:00 pm

**(v) The Growing Graffiti Problem - What to Do and How to Stop It (Item 9.4)**

Committee member, Diana Meskauskas, initiated a discussion focused on ways to address graffiti in public spaces. It was suggested that a discussion with MLE be initiated for more information. Committee Chair, Heather Donison, suggested that the JAMBOARD application could be used to formulate ideas and suggestions on graffiti issues in alignment with the committee's work plan. Staff will communicate with the committee members' questions and recommendations to the appropriate Staff within MLE for further review and information.

**(Jarvi/ Szczepanski)**

That the discussion respecting brainstorming ways to better address the growing problem of graffiti in Hamilton, received.

**CARRIED**

**(vi) Grant Sub-Committee Update (Item 9.5)**

Committee member, Brenda Duke, provided an update on the Grant Sub-Committee's progress to enhance the Clean and Green Neighbourhood Grant Program for 2022. Staff will circulate the program recommendations document to the committee for questions and feedback at the next meeting.

**(Duke/Szczepanski)**

That the discussion respecting the Grant Sub-Committee update, be received.

**CARRIED**

**(vii) Advisory Committee Survey Update (Item 9.6)**

Staff provided an update on the 'Advisory Committee Survey' respecting the recording and retaining of Advisory Committee meetings for future viewing by the public. All Advisory Committee member feedback was required by the Clerks' Office on or before May 31<sup>st</sup>. A recommendation from the survey will be presented at an upcoming committee meeting.

**(Jarvi/Szczepanski)**

That the update respecting the Advisory Committee Survey, be received,

**CARRIED**

Quorum was lost at 7:01 p.m.

### **5. GENERAL INFORMATION / OTHER BUSINESS**

- (i) Update on the Team Up to Clean Up Program (Item 12.1). The item has been deferred to the September 21, 2021 meeting, due to loss of quorum.
- (ii) 2020 Clean and Green Strategy Reviewed by the Public Works Committee (Item 12.2). The item has been deferred to the September 21, 2021 meeting, due to loss of quorum.

### **6. ADJOURNMENT**

Due to loss of quorum, the meeting adjourned at 7:01 p.m.

Respectfully submitted,

Heather Donison  
Chair, Keep Hamilton Clean and Green  
Committee

Diane Butterworth  
Clean & Green Coordinator, Business Programs  
Environmental Services Division, Public Works Department

Hamilton

**CITIZEN COMMITTEE MEMBER RESIGNATION FORM**

I, Sue Dunlop, would like to submit my resignation, effective September 10, 2021, from the Keep Hamilton Green Committee for the following reason(s):

- My circumstances have changed and I know longer have the time to effectively participate on the Committee.
- Personal reasons.
- Other (please explain briefly):

---

---

---

Additional Comments (optional)

I believe that school board representation should be on as needed basis. School boards could identify a contact that will give the committee advice about initiatives in schools and give presentations or information as needed rather than as a voting member of the committee.

---

---

---

**Sue Dunlop**

# 2020 Cycle of the Clean & Green Neighbourhood Grant

- Due to COVID-19, the 2020 cycle of the Clean and Green Neighbourhood Grant was delayed by 5-months due to mandatory pandemic measures and protocols. As a result, the Committee's decision on grantee selections for 2020, were not finalized until November. Grantees were provided an extension until July 31, 2021, in order to complete projects.
- Total amount of funding available in 2020: **\$5,000**
- Total amount of funding awarded in 2020: **\$5,000**
- A total of **8** community projects were selected and approved for funding out of **16** eligible applications.
- All applications were reviewed by City staff and eligible applications were scored by the 2020 Grants Working Group (Felicia, Heather and Brenda).
- Final scores and funding recommendations were decided by the Grants Working Group through a consensus based process.

# St. Paul's Presbyterian Church

## Proposed Initiative:

- Plant pollinators and native species on church property, create stormwater retention features and install rain barrels to increase stormwater capture.

**Approved Funding:** \$500

**Total Project Cost:** \$530.85 (plus in-kind donation of time)

## Summary of Project Outcomes:

- The church's bushes were removed in 2019 and the garden had been left to weeds since then. Purchased and planted 20 plants.
- These plants have enhanced the church yard for both pollinating insects and passersby. Additional plants are being donated by church members and will be planted in August.
- Removed countless bags of weeds, giving the space a cleaner look.
- Purchased small hand tools and make them available if users of the grounds wish to help with weeding.

# St. Paul's Presbyterian Church

## Challenges:

- Biggest challenge was, of course, COVID-19. This prevented us from doing any events in 2020 and had us scale down the events for 2021. In addition, we started later in 2021 than anticipated (July rather than June).
- Unfortunately we were unable to purchase a rain barrel due to the potential for theft and/or damage, and work on the exterior of the building limited what we were able to do in terms of water retention.
- In the end, narrowed the scope of the garden areas, added colourful perennials to replace bushes that had been removed in 2019, and engaged users in the maintenance of the grounds.

# McQuesten Urban Farm

## **Proposed Initiative:**

- Deliver programming at the urban farm in partnership with students from local schools including litter cleanups and collaborative visual arts projects.

## **Approved Funding: \$500**

## **Formal Request for Extension until September 30<sup>th</sup>, 2021:**

- Due to COVID-19 related restrictions, shutdowns and safety protocols, we have been unable to provide any child or student specific programs since 2019.
- Although there have been brief periods when elementary students were attending class in person, McQuesten Urban Farm staff did not have the capacity to modify and adapt all of our on-site children's programs and activities. And Urban Farm staff felt that the project outline in our Clean & Green Neighbourhood Grant would have the most impact as a tangible in-person experience (vs. as a virtual program).

# McQuesten Urban Farm

## **Plan to fulfill 90% of grant deliverables by new deadline - September 30th 2021:**

- We do not yet know when will be ready to safely resume “pre-COVID” field-trip style programs with students from Hillcrest Elementary School. But, have a unique opportunity through the month of August to fulfill the grant deliverables with a group of *Focus on Youth* program participants.

## **Phase 1 – August 1<sup>st</sup> – September 30th 2021**

- Engage ten HWDSB Focus on Youth participants + one coordinator in a site-wide clean up.
- Farm staff work with youth to document examples of them “caring for the land and community” through their volunteer activities at the Urban Farm. Youth will use a variety of media including photos/video/mixed media art supplies.
- Farm staff will prepare and share a series of posts and stories through it’s social channels (FB and Instagram) using the youth’s photos and videos. The Instagram Stories will be saved as a highlight titled “Youth Challenge” (4<sup>th</sup> week in August through September)

# McQuesten Urban Farm

## Phase 2 – September 30<sup>th</sup>:

- Reconnect with teacher contacts at Hillcrest Elementary School and invite them to use and share the “Youth Challenge” highlights with their students either prior to their scheduled field-trip style visit to the Urban Farm or as part of an appropriate curriculum linked unit. Also invite teachers to visit the urban farm with their students to see and hear about the youth’s mixed media art instillation.
- Tentatively invite 2-3 of the youth to participate in a virtual talk that will be offered to any classes that are booked for on-site programs in the fall of 2021. This would be an opportunity for the youth to act as mentors and further develop leadership/public speaking skills.

# Hamilton Public Library – Barton Branch

## Proposed Initiative:

- Construct a third garden box in front of the library and replant the two existing planters to create teaching and volunteer opportunities for children and youth.

**Approved Funding:** \$500

**Total Project Cost:** \$577.45

## Summary of Project Outcomes:

- There were two existing raised garden beds located in front of the building on Barton Street and a third garden bed was installed in May.
- Arranged for the materials to be picked up at Home Depot and our Facilities Department was able to building the third planter.
- The garden was planted with help from the Hamilton-Halton Master Gardeners, Environment Hamilton, Talondale Farm and Ontario Native Plants.
- In total, 3 planters were designed and roughly 80 plants both purchased and donated. Used roughly 10 bags of mulch in planting the garden.

# Hamilton Public Library – Barton Branch

## Challenges:

- Project plan definitely changed as we began to plan it out in more detail and face the challenges of completing the project during COVID.
- The initial project plan had us leaning heavily towards a vegetable garden, but we ended up going with more of a pollinator garden with a few tomato plants.
- Hoped to plant more vegetables as we add to our garden in the future.
- The one part that did not change was our plan to add a third planter out front to plant in. There were two existing raised garden beds located in front of the building on Barton Street and a third garden bed was installed in May.
- Hoped to include more community members in the planting and maintenance of the garden but because of COVID this unfortunately did not work out. HPL is not working with volunteers right now, so staff ended up doing most of the planting. Hope to engage more volunteers and community members as COVID restrictions ease up.
- Had also hoped to have some in-person programming to offer around the garden, but unfortunately this too was put on hold as there will be no in-person library programming offered until 2022 because of COVID.

# Hamlan Park Community Housing Co-op

## **Proposed Initiative:**

- Install two dog waste receptacles at the townhouse complex and educate residents about proper disposal of pet waste.

**Approved Funding:** \$1,000

**Total Project Cost:** \$1,185.83

## **Summary of Project Outcomes:**

- The Hamlan Park Committee implemented the installment of two ‘Pet Stations’ where residents and dog walkers could take advantage of ‘poop-and-scoop’ supplies to help keep the green spaces at 27<sup>th</sup> East St. and 25<sup>th</sup> East St. clean and green.

# Hamlan Park Community Housing Co-op

## Challenges:

- Challenges included the inability to procure product during the COVID-19 pandemic. This greatly delayed the implementation and installment of this project. The first station was installed in May 2021, while the second was installed in July 2021.

# Hamilton Wentworth Green Venture

## Proposed Initiative:

- Engage high school students to restore and replant native and pollinator gardens at the EcoHouse property.

**Approved Funding:** \$500

**Total Project Cost:** \$523.83

## Summary of Project Outcomes:

- The project activities completed in 2020 included the following:
- 1 litter pick up event with 4 participants removing 4 bags of trash at Veevers Park and EcoHouse
- 1 invasive species removal event with 14 volunteers (28 hours contributed) removing 28 bags of invasive species
- 1 invasive species removal event with 6 volunteers (12 hours contributed) removing 20 bags of invasive species

# Hamilton Wentworth Green Venture

## Summary of Project Outcomes (con't):

- 5 invasive plant educational videos completed and posted online
- 1 native planting and mulching event with 7 volunteers (14 hours contributed) removing 2 bags of invasive species and planting 200 native plants, trees and shrubs
- An additional planting event has been rescheduled for Spring 2021 due to delays to receiving plant material and difficulty scheduling volunteers in 2020, as a result of the COVID-19 pandemic

## Challenges:

- Initially planned to host 1 large invasive species removal and planting event to complete the project. Instead, held several smaller events to comply with gathering restrictions and ensure health and safety of volunteers and staff. This was an effective strategy and resulted in a larger amount of work being completed and more volunteers involved.

# Hamilton Wentworth Green Venture

## Challenges (con't):

- However, more staff coordination time was required to develop Covid safety plans for events and ensure proper hygiene of tools and materials and volunteer screening.
- Made a good start to invasive species removals and restoration of native plant and pollinator gardens. Needed to acquire specialized invasive species removal tools because many of the gardens were overgrown with woody invasive plants.
- This was more work than expected but we were able to use it as a volunteer training and community engagement opportunity and we shared videos and other information about the invasive species we were encountering and how to manage them.

# Hamilton Wentworth Green Venture

# Jeffery Stock

## Proposed Initiative:

- Provide individuals with knowledge and tools to convert a portion of their front lawns to a native plant garden. Plant native trees in areas adjacent to alleyways.

**Approved Funding:** \$500

**Total Project Cost:** \$525.41

## Summary of Project Outcomes:

- The goal of this project was to get residents of the Gibson and Lansdale neighbourhoods an opportunity to plant a pollinator garden in their front yard, with access to native plants not typically easily obtainable to the general public. Over 30 individuals expressed interest in participating, and within two days the callout for applicants had to be closed due to overwhelming demand. Of the over 30 applicants, only 13 applications were returned. Landowners were also asked to agree that they would participate in Environment Hamilton's Pollinator Paradise Program and that they would only plant the herbaceous species in their front yards. Also, they were asked to submit before and after photos of their garden planting.

# Jeffery Stock

## Summary of Project Outcomes (con't):

- Follow-up with the winning applicants detailed timing for pickup of the plant materials and mulch (Friday May 21<sup>st</sup> at my home address).
- 13 plants given to each person, with 8 species in total (due to availability issues, Pearly Everlasting and Wild Lupine were subbed in for nodding wild onion and Black Eyed Susan).

## Challenges:

- Nothing changed aside from the timing of delivery. Disappointed with the degree that individuals followed through on the request made in the application form, namely 1) Registering with Pollinator Paradise Program and 2) Submitting before and after photos. Finally one individual had planted the giveaway in her backyard.

# Barton Village B.I.A.

## Proposed Initiative:

- Volunteers will remove impermeable surfaces on an underutilized boulevard on Barton St. and replace it with green spaces.

**Approved Funding:** \$1,000

**Total Project Cost:** \$55,845

## Summary of Project Outcomes:

- The project introduced pockets of green in a densely paved area of downtown Hamilton—a to benefit both to people and the environment.
- The Depave Paradise program involves community members coming together to tear up under-used pavement creating green spaces that capture rainwater, beautify our community and transform the way rain is managed in urban areas.

# Barton Village B.I.A.

## Summary of Project Outcomes (con't):

- This hands-on initiative helps demonstrate how we can naturally divert water from our sewer systems and allow it to filter into the soil before entering our waterways, keeping our water cleaner and our communities more resilient to flood events.
- The impacts of these 3 boulevards includes:
  - Removal of 3045 sq. ft. of impermeable hardscaping
  - Planting of 7 trees
  - Planting of 48 shrubs
  - Planting of 360 native perennials

## Challenges:

- COVID-19 led to changes as it restricted the number of volunteers we could have assisting. As a result, costs greatly increased as we had to hire professionals to assist.

# Flamborough Baptist Community Garden

## **Proposed Initiative:**

- Improve the existing garden beds by constructing permanent walls around the beds.

**Approved Funding:** \$500

**Total Project Cost:** \$1,234.48

## **Summary of Project Outcomes :**

- With the assistance of this grant, we were able to purchase the wood to make distinct garden plots that were easy for renters to use. This then reduces the workload of our volunteers allowing the garden to still be functional as well as allowing more of the community to have the opportunity to rent a space. We now have a total of 23 extra rental plots which bring the grand total up to 68 beds.

# Flamborough Baptist Community Garden

## Challenges:

- The project was completed exactly how it was envisioned to be. We were able to complete the project in a timely manner and were able to open the plots on schedule. The plots are now easy to manage and are clearly identifiable so that we were able to rent out more plots to the community.

# Flamborough Baptist Community Garden
