INFORMATION REPORT

TO:	Chair and Members General Issues Committee
COMMITTEE DATE:	November 25, 2022
SUBJECT/REPORT NO:	Requirements for the Implementation of a 311 Customer Service Call Platform (FCS22058) (City Wide)
WARD(S) AFFECTED:	City Wide
PREPARED BY:	Sheila DuVerney (905) 546-2424 Ext. 7659
SUBMITTED BY:	Cindy Mercanti Director, Customer Service, POA & Financial Integration Corporate Services Department
SIGNATURE:	

COUNCIL DIRECTION

On September 21, 2022, Item 13 of the General Issues Committee directed:

“That staff be directed to report back through the 2023 Capital and / or Operating budget processes as to the requirements for the implementation of a 311 customer service call platform.”

INFORMATION

The Call Handling review was directed by Council as an action under “Valued and Sustainable Services”, one of three strategic priorities in the City’s 2012-2015 Strategic Plan. The outcome of the review was to facilitate the consolidation of calls from the various departments and divisions to the Customer Contact Centre (CCC), thereby simplifying telephone access to City services and information via 905-546-CITY (2489). The analysis identified the opportunity to consolidate call volumes from service areas across the City including:

- Animal Services
- Building
- Tax
- Transit
- Water
- Waste

The CCC provides multi lingual, non-emergency information and access to City services from 8:30 am to 4:30 pm, Monday to Friday (excluding holidays) and City emergency

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

SUBJECT: Requirements for the Implementation of a 311 Customer Service Call Platform (FCS22058) (City Wide) – Page 2 of 3

dispatch service (i.e. water main breaks, parking, animal control, etc.) after 4:30 pm and on weekends, inclusive of holidays. The CCC answers approximately 600,000 calls per year.

During the call consolidation process, the City introduced online service enhancements in the areas of bulk waste pick up, taxation, marriage licences and askCITY email management.

On September 21, 2022, staff were directed to report back through the 2023 capital and / or operating budget process as to the requirements for the implementation of a 311 customer service call platform (Motion GIC 22-018 – Item 13).

Given the successful completion of call consolidation in 2023 (inclusive of reserve repayment), staff would be in a position to undertake an investigation to implement a 311 customer service call platform which would replace the 546-CITY (2489) number. Both the 311 phone number and 546-CITY phone number will be active for a short period of time as many residents are familiar with the 546-CITY number. The transition to the 311 phone number would be supported by a communication strategy.

Implementation of the 311 phone number must follow the CRTC's Canadian N11 Notification and Implementation Guideline, which addresses the notification, planning and co-ordination of N11 numbers in Canada, as well as, the responsibilities of all entities involved.

Guideline requirements include:

- establishing agreements with all surrounding municipalities prior to proceeding with the 311 phone number implementation;
- notifying and consulting with all Telecommunications Service Providers operating in our 311 service area;
- providing documentation to the Canadian Numbering Administrator; and
- conducting a public awareness campaign.

The introduction of the 311 phone number provides residents an easily remembered number which will support an enhanced service experience for residents (for City services). All 311 calls will be answered by the CCC. Opportunities to leverage alternative channels utilizing an enhanced Customer Relationship Management (CRM) application will continue to evolve supporting seamless access to City services. An enhanced CRM application will also support operational efficiencies and enterprise reporting.

To support the call consolidation and with Council approval (Report CM13017 / FCS13098) in 2014, an on-premise CRM application was purchased. In 2021, the City

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

SUBJECT: Requirements for the Implementation of a 311 Customer Service Call Platform (FCS22058) (City Wide) – Page 3 of 3

was advised that the CRM application was nearing its technical end of life and will no longer be subject to technical updates. However, technical support will continue as per the agreement. Enhancing the CRM application will ensure the application's technical sustainability, as well as, support features such as expanded online services, improved back office work flow automation, shared knowledge, enterprise reporting and multi service channel integration.

Capital Project 3452357001 - Customer Relationship Management (CRM) – Upgrade represents the costs (\$600,000 in 2023) required to implement a 311 phone number and enhance the CRM application to support the implementation of a 311 customer service call platform. Approval of the capital project is necessary before staff can proceed. An enhanced CRM application will be integrated with other enterprise systems to provide a seamless service experience. Without this important CRM application enhancement, staff will be constrained in their ability to evolve the service experience for residents due to the technical status of the current CRM application.

For the implementation of a 311 customer service call platform, staff requires approval of Capital Project 3452357001. Upon securing capital approval, staff will initiate the implementation of a 311 customer service call platform. The implementation is predicated on the completion of call consolidation in 2023, compliance to CRTC's Canadian N11 Notification and Implementation Guideline to secure a 311 phone number, development of a communication strategy and the enhancement of the CRM application. This Capital Project will foster an enhanced seamless service experience for our residents across multiple service channels.

CORPORATE ASSET MANAGEMENT

November 25, 2022

1. What is Asset Management?
2. Benefit to the Community
3. Role of Council
4. Continuing our Journey
- Ontario Regulation 588/17 Mandates

PART

1

What is Asset Management?

The systematic and coordinated activities and practices of the City to optimally and sustainably deliver on its objectives through the cost-effective lifecycle management of assets.

What is an Asset?

Assets provide services that contribute to our quality of life

Formalized planning for the services that contribute to our quality of life.

Asset Management is

Asset Management is a process used in decision-making.

It helps us care for the infrastructure that delivers valuable services to our community, in a way that:

- **Considers Service Needs of Our Community**
- **Manages Risks & Opportunities**
- **Uses Resources Wisely**

Asset Management is

- **A Process**
- **A Journey**
- **An Approach**
- **A Way of Doing Business**

Haven't we been doing this all along?

PART

2

What is the benefit of Asset Management to my community?

What do people in our community want?

Safe and sustainable services in a predictable, cost-effective manner.

People don't want surprises like this.

We need a system that helps us to...

- **Maintain the Delivery of Services**
- **Plan for the Future**
- **Manage Risk**
- **Budget Smartly**
- **Develop Sustainable Financial Plans**

How does Asset Management deliver value to my community?

Council Established Level of Service (LOS)

Performance

Risk

Cost

Value From Services

Performance ①

Does it do what it is supposed to
at the level we expect?

My recreation centre is open when I want to use it and
has the programs I'm looking for.

Risk **2**

**What is the likelihood of service failure?
What is the consequence of service failure?**

Cost **3**

How much money do we need to acquire, operate, maintain, renew and dispose of our assets?

PART

3

What is Your Role as an Elected Official?

Role of Council

Council sets strategic direction

- Level of service
- Resource allocation

**Council needs
information about
asset performance,
risk and cost to set
direction**

ASSET MANAGEMENT

gives us the empirical
evidence so we can...

- Do the right thing
- To the right asset
- At the right time

Let's talk about BUDGETS

Let's not pass it on

PART

4

Continuing Our Journey

Asset Management Goal

- To meet a required level of service (LOS), in the most cost-effective manner, through the management of assets for present and future customers.

Benefits

- Governance and accountability,
- Effective and sustainable decisions,
- Enhanced customer service,
- Effective risk management,
- Improved financial efficiency.

O. Reg. 588/17:
Asset Management
Planning for
Municipal Infrastructure

Asset Management Policy

2019

Information Report

PW22037

JULY 1, 2022

Asset Management Plan: Non-Core Assets

- All remaining assets
- Current LOS with cost to maintain

JULY 1, 2024

JULY 1, 2025

Asset Management Plan: Core Assets PW22048

- Transportation
 - (Roads, Engineered Structures),
- Water Works
 - (Water, Wastewater, Stormwater),
- Current LOS with cost to maintain.

Proposed LOS and Financial Strategy Completed

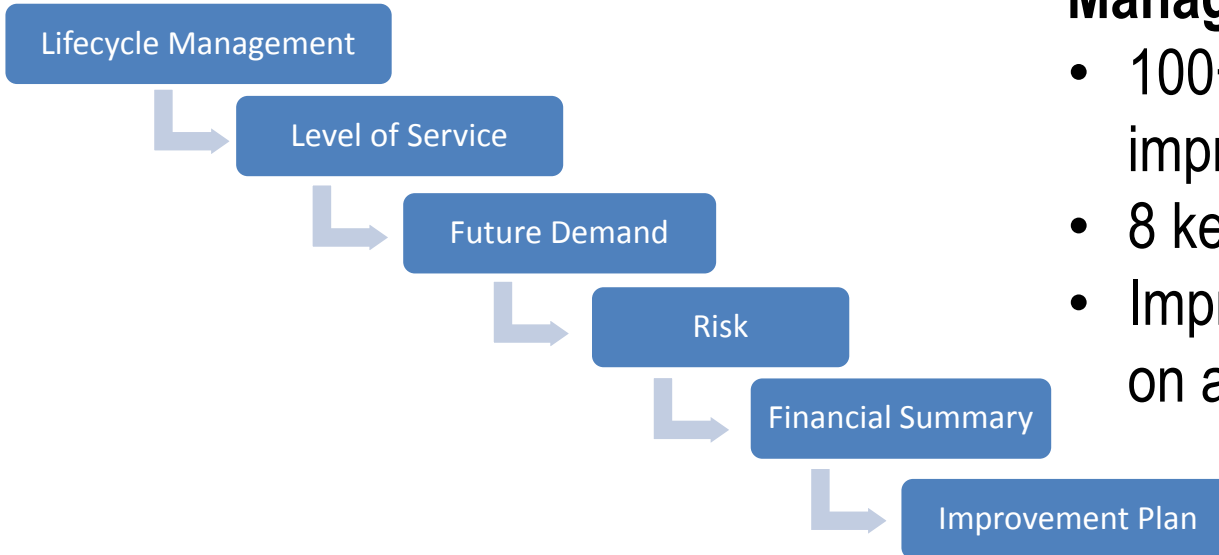

LOS – Levels of Service ²⁶

Principles

- Adopt a lifecycle approach,
- Endorse evidence based decision making,
- Embrace continuous improvement,
- Provide optimal value,
- Develop service knowledge.

Plan Components

Lifecycle Management

- 100+ opportunities for improvement from Core Plan,
- 8 key themes,
- Improvement plan identified on all items (time/resources).

Asset Information (Data)

- AM Planning starts with data (e.g. age, location, condition etc.),
- Data confidence scale developed in order to quantify concerns,
- Data found to be missing, old, incomplete and duplicated.

Asset Condition

- No condition process for many assets or assessments (CA's),
- Use of Estimated Service Life (ESL) and age to approximate condition.

Lifecycle Management

- Not all assets are properly programmed; impact of acquired assets.

Levels of Service

- Owners are learning about and starting to embrace LOS,
- Community engagement is paramount and will be ongoing.

Replacement Cost

- Variations exist in current data,
- Need to apply a robust process across all asset classes.

Demand & Risk Management Improvements

- Not yet extensive requirements in O. Reg 588/17,
- Required by 2025; currently in development.

Financial Management Improvements

- Planning horizon expanded from 10 to 30 years,
- Infrastructure gap at low-med confidence,
- Future Long-Term Financial Plan will connect the budget to AM Plans.

Governance

- Need for standard processes evident; currently in development,
- Clearly defined asset ownership apparent yet still some gray areas.

Core Asset Management Plans - Findings

*** Low-Medium Data Confidence**

Asset Category	*Replacement Value (B)	*Average Age (Years)	*Average Condition	*10 Year O&M & Renewal Funding Ratio	*Funding Gap over 10 Years (M)
Water	\$4.3	34	Fair	85%	\$202
Wastewater	\$7.3	30	Fair	70%	\$498
Storm Water	\$3.1	22	Good	42%	\$312
Road Network	\$5.1	16	Fair	66%	\$866
Engineered Structures	\$1.5	33	Good	67%	\$81
TOTAL	\$21.3				\$1,959

**Funding Gap \$195.9 M annually
(Data Confidence low-medium)**

1. Emergency Services

- Police
- Fire
- Paramedics

2. Waste Management

3. Human Services

- City Housing Hamilton
- Ontario Works
- Children's Services
- Public Health
- Homes for the Aged

4. Parks, Recreation & Open Spaces

- Parks and Trails
- Recreation & Community Centres
- Forestry
- Horticulture
- Cemeteries
- Confederation Park
- Golf Courses
- Natural Assets

5. Corporate Services

- Computer Hardware / Software
- Corporate Facilities
- Fleet
- POA
- Bylaw and Animal Services
- Land Banking
- Industrial Business Parks
- Capital Leases

6. Culture & Tourism

- HECFI
- Museums
- Libraries
- Tim Horton's Field
- Cultural (Art, Public Art)

7. Airport

8. Waterworks

- Water
- Wastewater
- Stormwater

9. Transportation

- Roads
- Engineered Structures
- Transit
- Parking

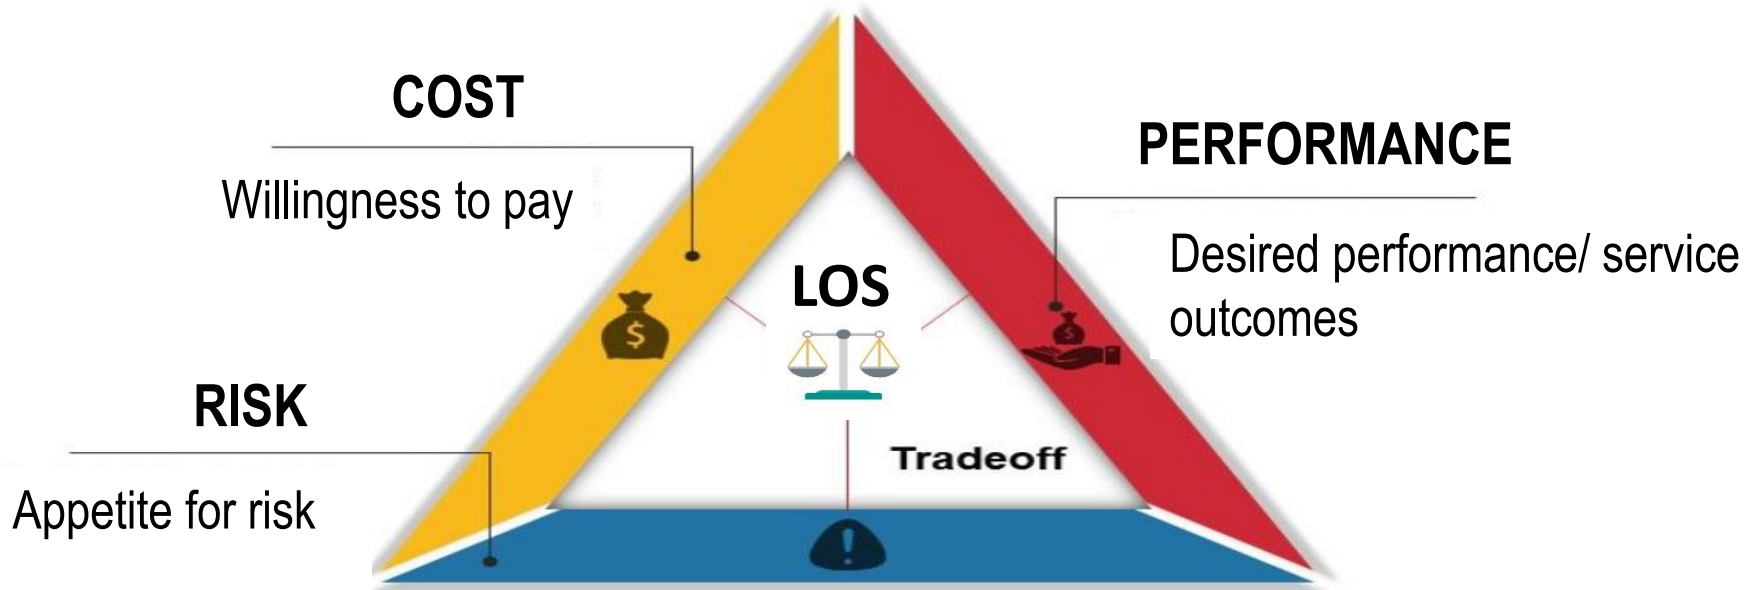

= Complete to current LOS

= in progress

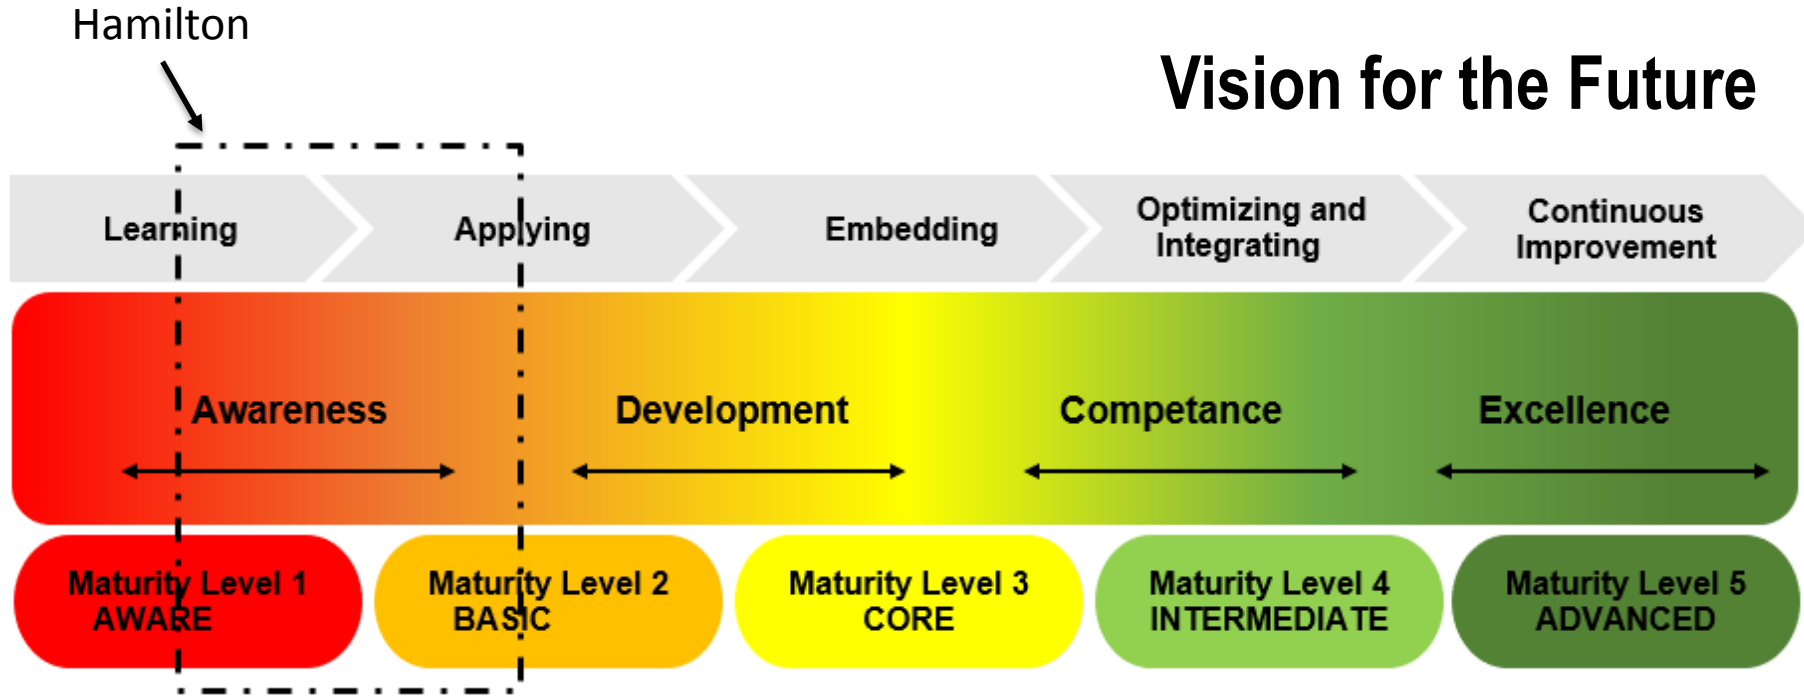

= next on the project plan 31

- Proposed levels of service will be achieved through the balance of cost, risk and service/asset performance.
- Prioritization of operating and capital funds becomes critical in order to ensure the best balance is achieved.
- Must find the balance that delivers the greatest value to the City.

Vision for the Future

- Reset the conversation: Managing assets vs asset management,
- Definition of Asset Owner: Service provider “owns” the assets,
- CAM Office collaboration/engagement with asset owners and stakeholders,
- Corporate Asset Management Program development.

Hamilton

RECOMMENDATION(S)

- (a) That the 2023 Tax Supported Capital Levy in the amount of \$142,959,430 be approved, inclusive of the following increases to the net levy;
- (i) \$5,000,000 (0.50%) for discretionary block funded projects principally for rehabilitation and replacement investments and to transition to the expected outcomes of the Strategic Asset Management Policy and Asset Management Plan;
 - (ii) \$2,500,000 (0.25%) for dedicated annual funding towards the implementation of the Climate Change Action Strategy;
 - (iii) \$53,140 (0.01%) to fund the debt servicing costs associated with the City's share of the approved Investing in Canada Infrastructure Program Transit Stream projects for 2023;
 - (iv) \$774,290 (0.08%) to fund the debt servicing costs associated with the West Harbour Waterfront strategic initiatives in 2023;
 - (v) \$869,000 (0.09%) to fund the debt servicing costs associated with the Hamilton Paramedic and Central Stores facility project approved in 2022;

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

SUBJECT: 2023 Tax Supported Capital Budget (FCS22081) (City Wide) – Page 2 of 30

- (b) That the 2023 Tax Supported Capital Budget and Financing Plan, attached as Appendix “B” to Report FCS22081, in the amount of \$251,838,300 be approved with the following funding sources:
- (i) \$2,692,000 from government grants and subsidies;
 - (ii) \$2,485,200 from other external sources;
 - (iii) \$18,771,150 from Development Charges Reserves;
 - (iv) \$454,750 from Community Benefit Charges Reserve;
 - (v) \$6,250,000 from Rate Supported Revenues;
 - (vi) \$40,702,910 from Reserves;
 - (vii) \$3,792,000 from Work-in-Progress and other internal transfers;
 - (viii) \$101,598,290 from the 2023 Tax Supported Capital Levy;
 - (ix) \$183,000 from the 2023 Hamilton Police Service Operating Budget;
 - (x) \$5,300,000 from Hamilton Utilities Corporation (HUC) / Alectra Dividends;
 - (xi) \$35,537,000 from Canada Community Building Fund Reserve (112213);
 - (xii) \$6,500,000 from the Unallocated Capital Levy Reserve (108020);
 - (xiii) \$7,772,000 from Tax Supported Debenture Financing;
 - (xiv) \$19,800,000 from Development Charge Supported Debenture Financing;
- (c) That the Tax Supported Discretionary Net Capital Funding Forecast 2024–2032, attached as Appendix “C” to Report FCS22081, which assumes the following, be approved, in principle, and re-visited by Council each budget year:
- (i) \$11,180,000 (1.12%) in each year from 2024 to 2032 to transition to the expected outcomes of the Strategic Asset Management Policy and Asset Management Plan;
 - (ii) \$645,000 (0.06%) in 2024, \$2,463,000 (0.25%) in 2025, \$938,000 (0.09%) in 2026, \$59,000 (0.01%) in 2027, \$2,513,000 (0.25%) in 2028, \$118,000 (0.01%) in 2029, \$9,119,000 (0.91%) in 2031 and \$8,042,000 (0.80%) in 2032 to fund additional debt servicing costs;

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

SUBJECT: 2023 Tax Supported Capital Budget (FCS22081) (City Wide) – Page 3 of 30

- (d) That the operating budget and full-time equivalent (FTE) impacts of the 2023 Tax Supported Capital Budget, estimated at \$3.2 M and 15.39 FTE positions, included in Appendix “D” to Report FCS22081 be referred to the 2023 Tax Supported Operating Budget and 2024 to 2026 Multi-Year Outlook deliberations for consideration;
- (e) That the General Manager, Finance and Corporate Services, be authorized and directed to negotiate and confirm the terms for the placement and issuance of all debenture issue(s), in either a public or private market and / or bank loan agreements and debenture issue(s), in and / or variable interest rate bank loan agreement and debenture issue(s), in an amount not to exceed \$29,072,000 Canadian currency, as attached in Appendix “B” to Report FCS22081, which includes \$7,772,000 in Tax Supported municipal debt and \$19,800,000 in Development Charges municipal debt;
- (f)
- (i) That the General Manager, Finance and Corporate Services, be authorized to engage the services of all required professionals to secure the terms and issuance of the debenture issue(s) described in recommendation (e) and (g) including, but not limited to, external legal counsel and fiscal agents;
- (ii) That the General Manager, Finance and Corporate Services, is authorized and directed, on behalf of the City of Hamilton, to enter into and / or execute, all agreements and necessary ancillary documents to secure the terms and issuance of the debenture issue(s) described in recommendations (e) and (g), on terms satisfactory to the General Manager, Finance and Corporate Services and in a form satisfactory to the City Solicitor;
- (g) That staff be authorized and directed to prepare all necessary By-Law(s) for Council’s consideration, for the purpose of authorizing debenture issue(s) described in Recommendation (e).

EXECUTIVE SUMMARY

Report FCS22081 provides the recommendations required to approve and implement the 2023 Tax Supported Capital Budget. The complete details of the capital budget are provided in the 2023 Tax Supported Capital Budget Book attached as Appendix “A” to Report FCS22081.

The City of Hamilton’s 2023 Tax Supported Capital Budget and 10-year Tax Supported Capital Program were prepared in accordance with the following principles in support of the City’s Strategic Plan and Long-Term Financing Plan:

- The annual budget reflects and supports the 2016-2025 Strategic Plan;
- The annual budget is aligned with the financial policies approved by Council;

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

SUBJECT: 2023 Tax Supported Capital Budget (FCS22081) (City Wide) – Page 4 of 30

- The City's financial position and prudent financial management of debt is prioritized to maintain the City's strong credit rating;
- All growth-related infrastructure costs that can be recovered under the *Development Charges Act, 1997* will be supported from development charge revenue, including dedicated development charge exemption funding for Council approved exemptions and interim financed through debt or reserves, as necessary;
- The annual budget accounts for the investment required to transition to the expected outcomes of the Strategic Asset Management Policy and the Asset Management Plan;
- All grant funding available to municipalities is investigated;
- Reserves are maintained per policy in order to repair / replace infrastructure, fund identified priorities and ensure long-term sustainability;
- Total tax and rate supported debt as a percentage of City own-source revenues does not exceed 60% unless approved by Council; and,
- Total development charge supported debt as a percentage of the total development charge eligible costs for the forecast period of the latest Development Charge Background Study does not exceed 25% unless approved by Council.

The proposed gross capital investment by the City of Hamilton in 2023 is \$285.7 M. This amount includes the \$251.8 M recommended for approval through Report FCS22081, as well as, \$33.9 M of previously approved funding for 2023 that includes reserve transfers and leveraging of grant funding made available from senior levels of government.

In order to support the \$285.7 M in capital investment, the Capital Financing Plan detailed within Report FCS22081 incorporates a \$9.3 M increase to the Capital Levy, or a 0.92% increase to the net levy. The increase in the Capital Levy is broken down as follows:

- \$5.0 M, or 0.50%, increase for discretionary block funded projects to be used principally for rehabilitation and replacement investments in the City's 10-year Capital Financing Plan;
- \$2.5 M, or 0.25%, increase for annual contributions to the Climate Change Reserve in order to provide sustainable financing for initiatives coming out of the Climate Change Action Strategy; and,
- \$1.7 M, or 0.17%, increase to fund the debt servicing costs associated with the City's share of the ICIP – Transit approved capital investments (0.01%), West Harbour Waterfront strategic initiatives (0.08%) and the Paramedic and Central Stores facility (0.09%). The total cost of the approved ICIP – Transit projects for the City is \$28.9 M in 2023, with the City's share amounting to \$8.8 M with \$0.5 M to be funded through tax supported debt with the remainder from development charge revenue and program reserves.

The proposed 2023 Tax Supported Capital Budget and 2024-2032 Capital Forecast is supported through the Capital Financing Plan that prioritizes the capital investment required to transition to the expected outcomes of the Strategic Asset Management Policy and Asset Management Plan, as well as, to support growth and development and service level targets outlined in the City's Strategic Plan, while maintaining the City's strong financial position and AAA credit rating. Elements of this plan include the following:

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

SUBJECT: 2023 Tax Supported Capital Budget (FCS22081) (City Wide) – Page 5 of 30

1. Annual increases to the Capital Levy (0.5% in 2023 and 1.1% in subsequent years) to meet the required asset reinvestment needs and inflationary increases to maintain infrastructure in its current state, as well as, a transitional plan to address the \$94.7 M annual funding gap for transportation assets that was identified in the Transportation Asset Management Plan over the next 10 years;
2. Increases to the Capital Levy equal to the annual debt servicing charges for all new debt to be issued over the 10-year planning period. It is necessary to increase the Capital Levy at least in proportion with the amount needed to finance new debt in order to ensure continuity of the level of funding available for replacement and rehabilitation, as well as, the proportion of debt repayments to City own-source revenues in order to maintain the City's AAA credit rating;
3. All discretionary program blocks have been increased by the cumulative Non-Residential Construction Price Index for the years 2012 through 2021 and at an estimated rate of inflation for all subsequent years beginning in 2022. This ensures that program areas maintain the same level of investment in capital infrastructure over the planning period and purchasing power is not eroded by inflation. Discretionary block allocations and service level targets will be revisited with the presentation of Asset Management Plans by the July 1, 2025 legislated deadline. The inflationary increases in capital block allotments have been funded through the reprioritization of debt paid by the Capital Levy that will be retired over the next few years;
4. The Capital Financing Plan has been updated with a strategy to address the \$54 M funding shortfall in discretionary DC exemptions. Beginning in 2023, the Capital Financing Plan incorporates an additional \$6.5 M per year over an eight-year period (ending in 2030) as dedicated funding for DC exemptions. Updates were made to the 10-year forecast for the timing of debt issuance, which provided the funding required over the eight-year period;
5. The Capital Financing Plan has prioritized funding for growth and development, such as, the West Harbour Waterfront and Airport Employment Growth District, that will provide both economic and socio-economic advantages to businesses and residents while also increasing the City's non-residential assessment; and,
6. The Capital Financing Plan advances key priorities of the 2016-2025 Strategic Plan through investment in strategic initiatives including Transportation, Transit, Housing and Homelessness, Park Development, Integrated Growth and Development and others.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

FINANCIAL – STAFFING – LEGAL IMPLICATIONS

Financial: The 2023 Tax Supported Capital Budget and Financing Plan in the amount of \$285.7 M attached as Appendix “B” to Report FCS22081, includes the gross costs and sources of financing. The 2023 Capital Levy of \$143.0 M will be incorporated into the 2023 Tax Supported Operating Budget, representing a \$9.3 M increase from 2022 or a net levy increase of 0.92%.

The Discretionary Tax Supported Net Capital Funding Forecast 2023–2032, attached as Appendix “C” to Report FCS22081, provides details of the Capital Financing Plan for the next ten years in the total amount of \$2.2 B.

The 2023–2032 Capital Financing Plan assumes increases to the Capital Levy for discretionary block funding of 0.50% in 2023 and a 1.12% increase in each subsequent year (2024 to 2032). Additionally, a 0.25% increase has been incorporated into 2023 to support the Climate Change Action Strategy, as well as, additional increases for debt servicing requirements for new debt issued over the planning period.

Table 1 details the anticipated future net levy impacts for Capital Levy increases required to support the 2023-2026 Capital Financing Plan.

TABLE 1
Tax Supported Capital Financing Plan 2023-2026

	2023	2024	2025	2026
Asset Management	0.50%	1.12%	1.12%	1.12%
Climate Change Action Strategy	0.25%	0.00%	0.00%	0.00%
ICIP - Transit Stream (City Share - debt)	0.01%	0.01%	0.00%	0.00%
West Harbour Strategic Initiatives (debt)	0.08%	0.03%	0.25%	0.04%
Paramedic Services and Central Stores Facility (debt)	0.09%	0.00%	0.00%	0.00%
Library Expansion (debt)	0.00%	0.03%	0.00%	0.06%
Total Levy Impact	0.92%	1.19%	1.37%	1.22%

In order to accommodate capital spending requirements, \$29.1 M has been allocated to debt financing in the 2023 Tax Supported Capital Budget. This amount includes \$7.8 M in Tax Supported debt and \$19.8 M in Development Charges Tax Supported debt.

Some capital projects, especially those that provide new or expanded services, have an impact on operating costs on an ongoing basis once the projects have been completed. The estimated operating budget impacts of the recommended 2023 capital projects is \$3.2 M and 15.39 FTE positions. The operating impacts are detailed in Appendix “D” to Report FCS22081 and recommended to be referred to the 2023 Tax Supported Operating Budget and 2024 to 2026 Multi-Year Outlook deliberations for consideration by Council.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

SUBJECT: 2023 Tax Supported Capital Budget (FCS22081) (City Wide) – Page 7 of 30

Staffing: Final consideration and impact of the operating budget and FTE positions related to the proposed 2023 Tax Supported Capital Budget will occur through the 2023 Tax Supported Operating Budget deliberations.

Legal: N/A

Alternatives for Consideration – See Page 29**HISTORICAL BACKGROUND**

The City of Hamilton employs a hybrid Capital Block Funding Prioritization methodology that has evolved over the years, aligning with the City’s Strategic Plan. This has been accomplished by senior staff in all program areas endorsing a corporate capital funding program focused on meeting a base level financial requirement. This process ensures stable long-term capital funding for infrastructure program areas and facilitates effective costing and priority planning outcomes.

Council, through the 2022 Tax Supported Capital Budget Report (FCS21096), approved, in principle, the Tax Supported Discretionary Net Capital Funding forecast for 2023–2031. An update on the Capital Financing Plan was provided through the 2023-2025 Multi-Year Outlook and Capital Financing Plan Update Report (FCS22064) at General Issues Committee on August 8, 2022. Staff did not seek a recommended budget guideline related to the Capital Levy at that time due to the end of that term of Council. Staff prepared the 2023 Budget and Financing Plan in accordance with the City of Hamilton’s budget principles and Council approved financial policies.

Table 2 provides a summary of the historical tax supported net levy increases for the Capital Levy over the past three years in comparison to the proposed increase for 2023 based on the recommendations in Report FCS22081.

TABLE 2
Historical Tax Supported Capital Levy Increases

	2020 Approved	2021 Approved	2022 Approved	2023 Proposed
Discretionary Block Funding / Asset Management	0.50%	0.00%	0.50%	0.50%

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

POLICY IMPLICATIONS AND LEGISLATED REQUIREMENTS**Asset Management**

The municipal asset management planning regulation (O. Reg. 588/17) under Bill 6, *Infrastructure for Jobs and Prosperity Act, 2015*, was adopted on January 1, 2018. On June 26, 2019, City Council adopted a Strategic Asset Management Policy (Report PW19053). On March 15, 2021, O. Reg. 588/17 was amended to extend regulatory timelines for phases 2, 3 and 4 by one year:

1. July 1, 2019: Date for municipalities to have a finalized strategic asset management policy that promotes best practices and links asset management planning with budgeting, operations, maintenance and other municipal planning activities.
2. July 1, 2022: Date for municipalities to have an approved asset management plan (AMP) for core assets (roads, bridges and culverts, water, wastewater and stormwater management systems) that identifies current levels of service and the cost of maintaining those levels of service.
3. July 1, 2024: Date for municipalities to have an approved asset management plan for all municipal infrastructure assets that identifies current levels of service and the cost of maintaining those levels of service.
4. July 1, 2025: Date for municipalities to have an approved asset management plan for all municipal infrastructure assets that builds upon the requirements set out in 2024. This includes an identification of proposed levels of service, what activities will be required to meet proposed levels of service and a strategy to fund these activities.

Through Report PW22048, Core Asset Management Plan, Council approved Asset Management Plans for transportation and waterworks assets on June 22, 2022 in accordance with the provincial regulations introduced through Ontario Regulation 588/17.

Report FCS22081 meets the requirements of the City of Hamilton's Debt Policy, whereby Council authority is required to issue debt.

Debt Management

- I. Council Approved Debt Limits:
 1. Total tax and rate-supported debt as a percentage of City Own-Source revenues, not to exceed 60%, unless approved by Council.

The City's debt ratio in 2021 was 21.2% and is forecasted to be 17.8% in 2022 and 18.0% in 2023 – well within the limit of 60%.

SUBJECT: 2023 Tax Supported Capital Budget (FCS22081) (City Wide) – Page 9 of 30

2. Total Development Charge (DC) supported debt as a percentage of the total DC Eligible Costs for the forecast period of the latest DC Background Study, not to exceed 25%, unless approved by Council.

The City considers the limit of 25% to be an appropriate balance between two competing uses of revenues generated by development charges: (i) to sustain and ensure adequate infrastructure (capital), services and resources to support the City's growth plans; and, (ii) to repay the debt issued for development.

The City's DC supported debt in 2021 was 1.2% and is forecasted to be 1.0% in 2022 and 1.5% in 2023, well within the limit of 25%.

II. Statutory Limits:

1. The annual debt and financial obligation limit for the City is calculated in accordance with Section 3 of Ontario Regulation 403/02 as amended.

The City's debt service charges as a percentage of City Own Source Revenue of 4.3% in 2021 and forecasted at 3.6% in 2022 and 3.3% for 2023 are well within the limit of 25%.

2. Outstanding variable interest rate bank loan agreements and variable interest rate debentures, in total, cannot exceed 15% of the total outstanding debt of the City as set out in Ont. Reg. 276/02 s(2).

The City's debt ratios are below the limit of 15% with 3.8% in 2021 and forecasted at 5.0% in 2022 and 4.6% in 2023.

III. Financial Ratios:

The debt related financial ratios will remain well within the affordability range and acceptable levels of prudent financial management in 2023. Appendix "G" to Report FCS22081 provides the results of the following ratios:

- Debt and debt service charges per capita;
- Debt service charges as a percentage of City Own Source Revenue;
- Debt service charges as a percentage of the municipal levy;
- Debt to operating revenues;
- Debt to reserves and reserve funds; and
- Cash and liquid assets to debt service; cash and liquid assets minus debt.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

SUBJECT: 2023 Tax Supported Capital Budget (FCS22081) (City Wide) – Page 10 of 30

According to Ontario Regulation 403/02, Council shall, before giving authorization for capital work that would require a long-term debt or financial obligation, have the City Treasurer calculate an updated Annual Repayment Limit (ARL) using the most recent ARL determined by the Ministry. The most recent ARL, determined and sent, in writing, by the Ministry to the City Treasurer, is the 2022 ARL in the amount of \$293,261,629 and is based on 2020 Financial Information Returns.

Using this 2022 ARL, the City Treasurer has calculated an updated ARL of \$174,199,608, shown on page two of Appendix “G” to Report FCS22081. The 2022 ARL was adjusted for potential debt service charges of \$112,204,852 corresponding to approximately \$1 B of debt which has been approved by Council in prior years but not yet issued. The 2022 ARL was then further adjusted for debt service charges assumed or discharged on debt since December 31, 2020 to the end of 2021 and outstanding debt issuances related to CityHousing Hamilton. According to this calculation, the updated ARL of \$174,199,608 represents the maximum amount that the City has available to commit to payments related to debt and financial obligations before the statutory limit is breached and corresponds to approximately \$1,748,542,669 of additional borrowing capacity (assuming a 15-year term and 5.5% interest rate).

RELEVANT CONSULTATION

The 2023 Tax Supported Capital Budget is prepared in consultation with staff from all departments, as well as, senior leadership to determine the proposed submission and Capital Levy requirements to appropriately address budget pressures and risks while balancing tax affordability.

ANALYSIS AND RATIONALE FOR RECOMMENDATION(S)**Preliminary 2023 Tax Supported Capital Budget**

The Preliminary 2023 Tax Supported Capital Budget recommends a gross capital investment by the City of Hamilton of \$285.7 M in total. This amount includes the \$251.8 M recommended for approval through Report FCS22081, as well as, \$33.9 M of previously approved funding for 2023.

The detailed 2023 Tax Supported Capital Budget Book, attached as Appendix “A” to Report FCS22081, provides additional information on the capital projects recommended by staff. The 2023 Tax Supported Capital Budget Book includes:

1. A list of all projects included in the 2023 Tax Supported Capital Budget with funding sources;
2. A list of 2023 capital projects that have been previously approved by Council;
3. A list of projects identified by staff for 2023 but insufficient resources in the 10-year capital forecast to finance (unfunded);
4. The operating impacts of the proposed 2023 capital projects;

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

SUBJECT: 2023 Tax Supported Capital Budget (FCS22081) (City Wide) – Page 11 of 30

5. The affordable / unaffordable capital forecast that shows the difference between available capital financing and the 10-year capital project submissions for the 2023-2032 Capital Financing Plan;
6. A breakdown of the discretionary tax supported net capital funding available in the 2023-2032 Capital Financing Plan;
7. A list of capital projects by ward in the 2023-2032 capital forecast; and,
8. The capital summaries and project detail sheets by department and division for the 2023-2032 capital forecast.

Table 3 summarizes the proposed 2023 Tax Supported Capital Budget by program area and compares it to the previous year's approved capital program. The proposed capital budget incorporates a 0.92% net levy increase (\$9.3 M) dedicated to the Capital Levy.

The 2023 Tax Supported Capital Budget and Financing Plan in the amount of \$285.7 M, attached as Appendix "B" to Report FCS22081, includes the gross costs and identifies the sources of financing for each project recommended.

Staff is recommending a 2023 Capital Levy of \$143.0 M, which represents an increase of \$9.3 M over the 2022 Capital Levy of \$133.8 M and amounts to a net levy increase of 0.92%, or approximately \$41 per average residential household assessed at \$382,000.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

SUBJECT: 2023 Tax Supported Capital Budget (FCS22081) (City Wide) – Page 12 of 30

There was a large number of debt and DC funded capital projects in the 2022 Tax Supported Capital Budget within Energy, Fleet and Facilities (Macassa Lodge Redevelopment), Environmental Services (Brightside Park), Waste Management, Transit, Roads / Bridges / Sidewalk / Street Lighting / Traffic, and West Harbour and Waterfront Initiatives leading to the decrease in overall investment year-over-year from \$386 M in 2022 to \$286 M in 2023. These investments represent new assets or asset improvements that support growth and service enhancements. Asset replacement and rehabilitation is funded through the Capital Levy. The recommended increase to the Capital Levy of \$9.3 M in 2023 is primarily to address sustainable annual funding for transportation assets and that new investments in Climate Change, Transit and West Harbour do not erode the ability of other programs to fund existing asset requirements.

In setting the tax supported Capital Levy, the City must balance the need for property tax increases to support capital requirements of existing asset rehabilitation, continuity for municipal services, investments in new projects to support growth and Council's priorities with the affordability of residents and businesses within the community. The City's Senior Leadership Team supports a total Capital Levy increase of 0.92%, or \$9.3 M, for 2023 in order to accomplish these objectives. This is in recognition of the need for sustainable funding to begin addressing the annual funding requirements of the Transportation Asset Management Plan and the climate change emergency declared by City Council in 2019, as well as, to support debt servicing requirements for additional debt.

Table 4 illustrates the 0.92% net levy increase and the distribution of the proposed Capital Levy of \$143.0 M between annual debt servicing costs and "dollar-for-dollar" capital reinvestment. As presented in the Capital Financing Plan in 2022 budget deliberations, the 2023 Tax Supported Capital Budget recommends the reprioritization of retired debt towards increasing discretionary blocks for capital programs over the next few years. For 2023, this represents a shift of \$3.3 M of the Capital Levy, that had previously been dedicated towards annual debt repayments, towards direct capital reinvestment in City programs and services. Combined with the proposed Capital Levy increase in 2023, direct "dollar-for-dollar" investment is recommended to increase \$12.5 M year-over-year.

TABLE 4
Capital Budget Impact on Operating Budget

	2022	2023	CHANGE	
	Restated	PROPOSED	\$	%
Debt Charges	40,506	37,245	(3,261)	(8.0)
Transfer from Operating	93,257	105,714	12,457	13.4
Total Tax Supported Capital Levy	133,763	142,959	9,196	6.9

Municipal Tax Impact on Average Residential Property Tax 0.92% (\$41)

For reference, the ten-year historical Capital Levy increases are provided in Table 5. The proposed 2023 net levy increase related to the capital program of 0.92%, or \$9.3 M, would be an increase of 6.9% to the 2022 Capital Levy of \$133.8 M.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

FIGURE 1

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

FIGURE 2

The City of Hamilton's Preliminary 2023 Tax Supported Capital Budget and 10-year Capital Financing Plan (2023 -2032) focuses on the following strategic objectives;

1. A phased ten-year financing strategy to address the annual \$94.7 M infrastructure gap identified in the Transportation Asset Management Plan (0.50% net levy increase for 2023 and 1.12% in subsequent years until 2032);
2. Sustainable investment to support the municipal funding requirements for infrastructure programs from senior levels of government and for incremental debt requirements in strategic capital programs. The 2023 Capital Budget incorporates an additional 0.17% net levy increase to support the debt servicing requirements of the City's share of the ICIP - Transit Program (0.01%), West Harbour Waterfront Strategic Initiatives (0.08%) and the Paramedics and Central Stores Facility (0.09%);
3. Managing the total debt burden for the City of Hamilton at levels that will not negatively impact the City of Hamilton's AAA credit rating, which would result in an increased cost to borrow;
4. Annual sustainable funding to support the implementation of the Climate Change Action Plan (0.25% net levy increase for 2023);
5. Targeting capital investments in rehabilitation programs including traffic, bridges and roads, transit, social housing, corporate and recreation facilities and emergency services;

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

SUBJECT: 2023 Tax Supported Capital Budget (FCS22081) (City Wide) – Page 15 of 30

6. Supporting strategic investments in the 2016-2025 Strategic Plan and other Term of Council Priorities such as the 10-Year Local Transit Strategy, Affordable Housing and Poverty Reduction Investment Plan, the Solid Waste Management Master Plan, the Transportation Master Plan, Parkland Acquisition and the Climate Change Action Plan; and,
7. Investment in strategic growth initiatives such as the West Harbour Waterfront Strategic Initiatives, Downtown Revitalization, Airport Employment Growth District and Transportation Corridors.

Capital Financing Plan 2023-2032

Table 6 illustrates a four-year snapshot of the proposed Capital Financing Plan. This plan consists of a ten-year phased investment to address the \$94.7 M annual funding gap identified in the Transportation Asset Management Plan resulting in net levy increases of 0.50% for 2023 and 1.12% for 2024 through 2032. Additionally, discretionary capital blocks are increased at the pace of inflation as reported through Statistics Canada for the Non-Residential Construction Price Index over the ten-year Capital Financing Plan. This is to ensure that programs maintain their current rate of investment towards asset replacement and rehabilitation.

The Capital Financing Plan also incorporates additional levy increases for new debt planned within the ten-year outlook. This ensures that funding capacity for the replacement and rehabilitation of existing assets is maintained throughout the Long-Term Capital Financing Plan and that the City maintains its current financial position and AAA credit rating.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

SUBJECT: 2023 Tax Supported Capital Budget (FCS22081) (City Wide) – Page 17 of 30

The Capital Financing Plan is an important tool in achieving Council's strategic priorities, continuity of municipal service delivery and in maintaining the fiscal health and financial management of the City. It is an essential component of municipal financial planning and must consider the following objectives and budgeting principles:

- Aligns with the financial policies approved by Council;
- Accounts for the investment required to maintain infrastructure and facilities in a state-of-good-repair;
- Ensures all growth growth-related infrastructure costs that can be recovered under the *Development Charges Act, 1997* will be supported from development charge revenue, including dedicated development charge exemption funding for Council approved exemptions and interim financing through debt or reserves, as necessary; and,
- Reflects and supports the 2016-2025 Strategic Plan and Term of Council Priorities.

In past budget cycles, 0.50% Capital Levy increases have been utilized to keep up with the rising costs of construction and rehabilitation, as well as, to support debt servicing requirements for priority capital investment. The primary emphasis has been on the rehabilitation of the City's road and transportation network, with these programs receiving 4.0% increases to their annual capital block allotments in order to maintain year-over-year asset replacement value as a result of inflation and to support improvements towards overall asset condition for assets in those categories.

In June of 2022, City Council approved the Transportation Asset Management Plan through Report PW22048 which identified an annual funding gap of \$94.7 M for Transportation assets (\$86.6 M for the Road Network and \$8.1 M for Engineered Structures). In order to provide for the annual funding required needed for asset renewal, the annual Capital Levy increase of 0.50% is proposed to increase to 1.12% beginning in 2024 and continuing annually until 2032. This will effectively increase the Roads / Bridges / Sidewalk / Streetlighting / Traffic block from \$65.9 M in 2023 to \$159.1 M in 2032.

The 10-year Capital Financing Plan includes annual inflationary increases to the capital block allotments for all other asset categories managed by the City, in addition to transportation infrastructure, to ensure that all City assets are maintained in their current state until formal Asset Management Plans can be adopted with approved level of service targets by the July 1, 2025 deadline. At that time, the Long-Term Capital Financing Plan will need to reflect required investment to achieve Council approved service level standards.

Discretionary capital blocks have been maintained with no annual increases since 2012, apart from transportation infrastructure and one-time priority investments. The 2023 forecast includes an approximately 30% increase to discretionary capital blocks, which represents the cumulative Non-Residential Construction Price Index for the period of 2012 to 2021, as well as, an estimated increase in subsequent years of the Capital Financing Plan. These increases represent additional capital financing available to City services for funding replacement and rehabilitation infrastructure of approximately \$11 M annually on average for the 2023 to 2032 forecast period.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

SUBJECT: 2023 Tax Supported Capital Budget (FCS22081) (City Wide) – Page 18 of 30

The increases to discretionary capital blocks have been accommodated within the existing Capital Levy through the reprioritization of available capital financing from the retirement of debt. City staff expects that the proposed annual Capital Levy increases will be sufficient to manage current infrastructure requirements prior to receiving more informed direction on asset performance and levels of service targets that will be approved in the Asset Management Plans for non-core assets.

Extraordinary inflation pressures over the past several years resulting from global social and economic factors have been a major theme in budget discussions of late and continue to be a theme for 2023. Inflationary pressures of capital expenditures relative to the inflationary capacity of the Capital Levy and property tax increases are illustrated in Table 7. Over the past two years, the inflation on construction activities has far outpaced Capital Levy and property tax increases, which has eroded the City's ability to deliver infrastructure needs.

Moving forward, it is imperative that the Capital Financing Plan continue to increase program funding blocks at least at the rate of the Non-Residential Construction Price Index in order to maintain consistent reinvestment into the City's capital program and maintain the current state of infrastructure. Investment beyond the rate of inflation would be required in order to address the current infrastructure gap and provide for new assets related to growth that are ineligible for DC or CBC funding or new assets for enhancements to existing service levels.

TABLE 7
Inflationary Pressures on Capital Expenditures

(%)	2013	2014	2015	2016	2017	2018	2019	2020	2021	2022
Non-Residential Building Construction Price Index	0.3	1.4	1.8	2.9	3.2	4.6	3.9	2.6	9.5	15.6

Property Tax Increase	1.9	1.5	3.4	1.7	2.1	1.9	2.2	2.9	1.9	2.8

*forecast

Other key assumptions and highlights of the 2023-2032 Capital Financing Plan include:

1. Budgeted debt financing: For debt financed capital projects, it is assumed that debt repayments start on July 1 at a 5.50% interest rate amortized over 15 years for projects in 2023 and 2024 and at a 3.0% interest rate for projects in 2025 to 2032. For previously approved capital projects (Works-In-Progress – WIP's), July 1 is also the date that debt repayments start accruing;
2. Federal / Provincial Infrastructure Subsidy – Canada Community Building Fund: Most municipalities cannot adequately fund the cost of infrastructure renewal and rehabilitation on their own. In response, the Federal government contributes over \$2 B annually to 3,600 communities across the country. The City of Hamilton's allocation in the 2023 Tax Supported Capital Budget is \$35.5 M. This level of subsidy is also assumed, but not yet formally committed, in subsequent years of the ten-year forecast;

OUR Vision: To be the best place to raise a child and age successfully.

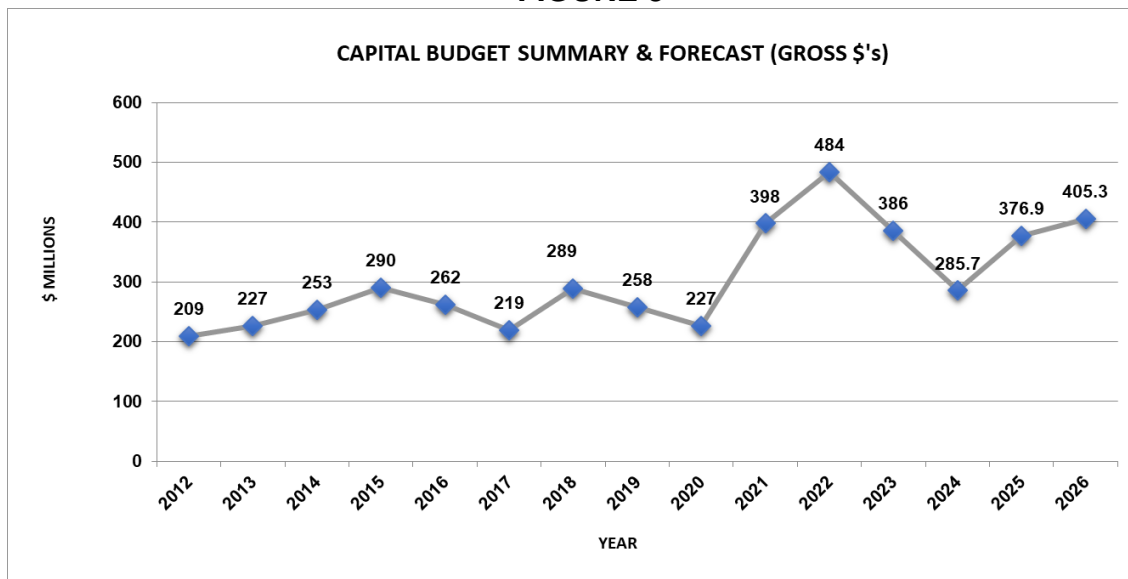

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

SUBJECT: 2023 Tax Supported Capital Budget (FCS22081) (City Wide) – Page 19 of 30

3. Hamilton Utilities Corporation Capital Funding Dividend: Based on the Hamilton Utilities Corporation Dividend Policy staff incorporated \$5.3 M in dividends to fund the Capital Program in 2023, as well as, \$5.3 M in each subsequent year thereafter (\$3 M dedicated to capital costs to implement the Poverty Reduction Investment Plan) until 2027 when the funding dedicated to the Poverty Reduction Investment Plan comes to an end;
4. DC Exemptions Backlog: Leveraging \$6.5 M annually between 2023 to 2030 from anticipated savings due to the timing of debt issuances to cover the shortfall (\$54 M) in historical discretionary Tax Supported DC exemptions incurred from 2013 to 2020;
5. Council Priorities: A one-time investment of \$3.5 M has been allocated for Term of Council Priorities in 2023 for unspecified initiatives for the new term of Council; and,
6. Climate Change Action Plan: A one-time investment of \$0.8 M in 2023, in addition to the dedicated levy of \$2.5 M annually or 0.25%, for the implementation of the Climate Change Action Plan.

The following 15-year Capital Budget summary of gross spending (Figure 3) shows historical and forecasted levels of capital investment.

FIGURE 3

Asset Management

The municipal asset management planning regulation (O. Reg. 588/17) under Bill 6, *Infrastructure for Jobs and Prosperity Act, 2015*, was adopted on January 1, 2018. On June 26, 2019, City Council adopted a Strategic Asset Management Policy (Report PW19053). On March 15, 2021, O. Reg. 588/17 was amended to extend regulatory timelines for phases 2, 3 and 4 by one year:

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

SUBJECT: 2023 Tax Supported Capital Budget (FCS22081) (City Wide) – Page 20 of 30

1. July 1, 2019: Date for municipalities to have a finalized strategic asset management policy that promotes best practices and links asset management planning with budgeting, operations, maintenance and other municipal planning activities.
2. July 1, 2022: Date for municipalities to have an approved asset management plan (AMP) for core assets (roads, bridges and culverts, water, wastewater and stormwater management systems) that identifies current levels of service and the cost of maintaining those levels of service.
3. July 1, 2024: Date for municipalities to have an approved asset management plan for all municipal infrastructure assets that identifies current levels of service and the cost of maintaining those levels of service.
4. July 1, 2025: Date for municipalities to have an approved asset management plan for all municipal infrastructure assets that builds upon the requirements set out in 2024. This includes an identification of proposed levels of service, what activities will be required to meet proposed levels of service and a strategy to fund these activities.

The goal of asset management is to provide a set level of service in the most cost-effective manner through the acquisition, operation, maintenance, renewal and disposal of assets. The effective management of infrastructure involves taking a lifecycle view, ensuring that cost, risk and level of service are all considered in decision making. This view ensures that, with its limited financial resources, the City of Hamilton can effectively sustain service delivery to residents and businesses.

In the future, the Province will require any municipality seeking provincial capital funding to prepare a detailed Asset Management Plan and show how its proposed project fits within the plan. It is reasonable to assume the ability to demonstrate the benefit of a project to the community through quantifiable metrics tied to legislative-based levels of service and costs will be a component of future provincial funding requests.

Beyond compliance, there are further benefits to the establishment of an Asset Management Policy and Plan for the City of Hamilton. Enhancements will provide opportunity to gain perspective on the current service levels being rendered to the community and identify the infrastructure needs to maintain current service levels or achieve proposed service levels. A sound policy along with a robust plan provides Council and staff new tools and information to make informed decisions, by offering:

- The annual requirements for lifecycle management based on asset performance and industry asset management best practices;
- Coordinated efforts for the planning of growth-related infrastructure and the ongoing operating and maintenance requirements for those assets;
- A means towards risk assessment and prevention, as well as, a clearer understanding of the risks involved with deferring or foregoing capital investment;

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

SUBJECT: 2023 Tax Supported Capital Budget (FCS22081) (City Wide) – Page 21 of 30

- An interpretation of the impacts of capital investment levels on municipal service delivery; and,
- A framework to prioritize capital investment amongst competing priorities for limited resources.

Through Report PW22048, Core Asset Management Plan, Council approved Asset Management Plans for transportation and waterworks assets in accordance with the provincial regulations introduced through Ontario Regulation 588/17. An annual funding gap of \$94.7 M for tax supported programs was identified based on asset renewal needs and planned operations and maintenance. A \$101.1 M annual funding gap was identified for rate supported programs.

During 2022 budget deliberations, City Council approved the 2023-2031 Capital Financing Plan, in principle, which had included a 0.50% annual tax levy increase (\$4.8 M) to primarily address deficiencies in state-of-good-repair within the road network.

Even with planned increases to the Capital Levy included in the previous Capital Financing Plan, there would still be a significant funding gap for the renewal of assets within the road network and engineered structures portfolios of approximately \$900 M over the 10-year capital plan. The Capital Financing Plan has been updated to reflect a phase-in approach to increase the annual funding amounts for those assets over the 10-year planning period beginning in 2024. This results in an additional \$6.2 M annually, or 0.62%, to the 0.5% annual increase that had previously been included in the Capital Financing Plan for a total Capital Levy increase of 1.12% in years 2024 through 2032 to address the annual funding gap.

Debt Management

In the proposed 2023-2032, 10-year Capital Financing Plan, tax supported budgeted external-debt levels peak in 2025 at \$576 M. Table 8 and Figure 4 provide the projected tax supported debt forecast and debt charge amounts. The actual debt forecast takes into consideration the many reasons that debt issuance may be delayed (e.g. capital projects require a longer EA process, availability of contractors, lead times on materials, etc.). The City will only issue debt upon substantial completion of associated capital works. In the latter end of the 10-year debt forecast, the City is still issuing debt for previous period capital investments and that is why the budgeted debt is greater than the actual debt. Credit Rating Agencies are most focused on the level of actual external debt in assessing investor risk.

On October 21, 2022, City Council received a communication update that the City of Hamilton maintained its AAA credit rating and stable outlook from S&P Global Ratings. Earlier in 2022, S&P Global Ratings had raised the City of Hamilton's rating from AA+ to AAA following the revision of the Canadian municipal institutional framework assessment to extremely supportive and predictable from very predictable and well-balanced. S&P Global Ratings cite that Hamilton continues to show characteristics of a resilient economy, including diversification and continues to have liquidity as a key strength.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

FIGURE 4

However, over \$1 B in capital works in progress have been approved for debt funding that has not yet been issued due to timing of completion and cash flow requirements. Given the amount of debt that has been previously approved and the reliance on debt financing for infrastructure improvements needed in the 10-year Rate Financing Plan, the City will exceed Council’s approved DC supported debt limit in 2026 and utilize the majority of debt capacity within the approved tax and rate limit over the next few years as illustrated in Figure 5 and 6.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

SUBJECT: 2023 Tax Supported Capital Budget (FCS22081) (City Wide) – Page 23 of 30

Finance staff will continue to monitor cash flow requirements and only issue debt when needed, but there may be a requirement to revisit Council’s approved debt policy in the near future. Staff will minimize the risk associated with DC debt by ensuring that any growth-related debt principal and interest are forecasted to be covered by future growth projections.

SUBJECT: 2023 Tax Supported Capital Budget (FCS22081) (City Wide) – Page 24 of 30**Roads, Bridges, Traffic Infrastructure Rehabilitation Program**

A key priority of the annual capital budget is to provide sufficient funding to maintain the City's transportation network. As indicated in the Transportation Asset Management Plan, the road network, alleyways, bridges and structures, street lighting and traffic system assets are valued at approximately \$6.7 B and an annual rehabilitation funding deficit of approximately \$94.7 M, or \$0.9 B over the ten-year planning period.

The sustainable annual investment amount for roads, bridges and traffic capital improvements is approximately \$160 M. The 2023 Capital Financing Plan recommends annual increases to the Capital Levy in a phased approach over the next ten years in order to meet close the infrastructure gap by 2032.

Table 9 shows the four-year Capital forecast for the Roads/Bridges / Traffic Infrastructure Rehabilitation Program. The net City investment for the four programs (roads / bridges / O&M / Development) fluctuates based on where the rehabilitation priority is the greatest.

TABLE 9
Investment in Roads / Traffic / Bridges

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

10-Year Local Transit Strategy

The 10-Year Capital Transit Plan, 2023-2032 proposes \$268.2 M in gross capital investments as detailed in Table 11. Within these investments are included a portion of a \$505 M of ICIP – Transit Stream projects that were approved by the federal government earlier over a seven-year period.

In August 2018, Hamilton City Council unanimously approved the Transportation Master Plan (TMP) and the Cycling Master Plan Update (CMP) and, in accordance with those initiatives, the City is committed to providing transportation options that meet legislated standards for both personal travel and good movement in an accessible, convenient, efficient and affordable manner. Along with priority safety measures to support the principles of the Vision Zero Strategy, the City aims to achieve the goal of a 48% non-single occupant vehicle modal split by 2031 with a target of 15% for walk / cycle, 12% for transit and 21% for auto passenger and shared modes.

The Hamilton Street Railway (HSR) operates a fleet comprised of approximately 267 buses and is scheduled to grow by 85 buses by 2025. Due to capacity issues, a new bus storage facility was required and approved by Council. The identified funding sources to support the proposed 10-Year Capital Transit Plan, 2023-2032 include ICIP, new debt, internal reserves, development charges and the Canada Community-Building Fund.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

Advancing the Ten-Year Local Transit Strategy and the Transit Capital Plan relies heavily on the ICIP – Transit Stream funding made available through the federal government. Details on the City of Hamilton’s submission through the ICIP – Transit Stream program can be found in Report PW19083 / FCS18048(a).

In addition to supporting the Ten-Year Local Transit Strategy and the BLAST Rapid Transit Network, the Transit Capital Plan provides the following;

- Sustainable reserves to maintain a 12-year life cycle for all buses;
- On-street infrastructure such as shelters and landing pads and associated annual maintenance requirements; and,
- The technology required to monitor the service and deliver customer information.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

Addressing Affordable Housing and Homelessness

On May 11, 2016, City Council directed staff to report back to GIC and Council with a plan to increase affordable housing and reduce poverty by investing in people across all wards in the City of Hamilton. The Poverty Reduction and Investment Plan was proposed and approved through Report BOH16034 / CES16043.

The report highlighted that housing must be the cornerstone of any poverty reduction plan including affordable housing and the social supports needed to build a safe and stable home environment to address other needs. Home is the foundation for success in education, employment, health and wellbeing across the life course. Research demonstrates investment in people has the greatest return the earlier we start. Disadvantage grows over the life course and makes it less likely youth in poverty will perform well academically, graduate high school and secure adequate employment as adults. This vicious cycle of poverty is reproduced from one generation to the next, unless critical investments are made to support pathways out of poverty.

Based on research and review of existing initiatives, the Poverty Reduction Investment Plan targets gaps with the highest potential impact toward breaking long-term cycles of Poverty, including:

1. Safe, stable, and affordable housing: investment in safe and secure homes addresses immediate needs and is the foundation for building lifelong health, learning and achievement. Broader poverty reduction goals cannot be addressed until housing needs are met.
2. Pathways out of poverty: early investment in children and families has the greatest impact on education, employment and health outcomes for two generations to escape poverty; and,
3. Indigenous-led poverty reduction: Indigenous people in Canada and Hamilton face multiple barriers that lead to higher rates of poverty, illness, and homelessness. City-wide action is needed to repair the devastating effects of colonial policies and relationships. Poverty reduction can contribute to reconciliation if rooted in respectful dialogue and self-determination.

This investment forms a critical cornerstone and launches development of a broader comprehensive 10-year Poverty Reduction Strategy. The City of Hamilton will continue building on the success of existing inter-agency partnerships to coordinate and leverage poverty reduction initiatives. Aligning existing strategies will also help leverage advocacy for provincial, federal, and private investment in poverty reduction. Taking collective action to reduce poverty improves the health and wellbeing of our whole community. This will help achieve the goal of making Hamilton the best place to raise a child and age successfully.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

SUBJECT: 2023 Tax Supported Capital Budget (FCS22081) (City Wide) – Page 28 of 30

There are three components to the Poverty Reduction Implementation Plan which were approved by Council on September 27, 2017:

- \$20 M for new affordable rental housing construction at \$4 M annually for five years (2017-2021);
- \$20 M for social housing repairs and renovations at \$2 M annually for 10 years (2018-2027); and,
- \$10 M for general Indigenous poverty reduction at \$1 M annually for 10 years (2018-2027).

The \$20 M total Poverty Reduction Implementation Plan funding allocated for rental construction was divided equally between the Housing Services Division (\$10 M) and CityHousing Hamilton (\$10 M), with \$4 M funded annually starting in 2017 and ending in 2021.

Climate Change Action Plan

City Council declared a climate change emergency in March 2019, at that time, joining 435 municipalities world-wide. Since then, the total number of municipalities has reached more than 800 cities around the world, as well as, the Government of Canada, all acknowledging the scale of the climate crisis and the need for accelerated action.

To support the Corporate Climate Change Task Force and Hamilton's Climate Change Action Strategy, City Council established a Climate Change Reserve and Policy with initial funding of \$1.5 M in the disposition of the 2020 tax operating budget surplus.

A 0.25% special levy (\$2.5 M) has been included in the Preliminary 2023 Tax Supported Capital Budget for Council's consideration along with an additional one-time contribution of \$800 K, which would be contributed towards the Climate Change Reserve to support the implementation of the City's Climate Change Action Strategy. Additional information on the City's Climate Change Action Strategy is available in Report PED22058 / HSC22030, Hamilton's Climate Change Action Strategy.

Development Charges and Community Benefit Charges

Table 12 summarizes the capital projects included in the 2023 Tax Supported Capital Budget that are required to service growth funded from DC and CBC revenues.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

TABLE 12
2023 Development Charges and Community Benefit Charges Funded Projects

Major Growth Related Investments in 2023 (\$000's)	Gross Cost	DC Funding	CBC Funding	Grants and Subsidies	Program Reserves	WIP Transfers	Capital Levy
4031380360 Waterdown - Burlington Road Upgrades	12,000	12,000					
4031380390 East-West Road Corridor (Waterdown By-Pass)	8,000	7,600					400
5302083001 HSR Expansion Buses - Modal Split (ICIP)	7,641	617		5,603	1,421		
5301783700 HSR Bus Expansion Program - 10 Year Plan (ICIP)	5,094	411		3,736	947		
4031280294 Highway 5 & 6 Interchange EA & Implementation	4,230	4,230					
4140046100 City Share of Servicing Costs in Subdivisions	3,000	3,000					
4031280288 Burke St/Mountain Brow Road - Waterdown	3,000	2,850					150
7202041204 ICIP CCR Children's Museum Expansion Phase 2	2,098	-	468	1,058		300	272
4032280253 Arvin Ave - McNeilly to Lewis	1,500	1,500					
4402156124 Mountain Drive Park Redevelopment	1,500	500			1,000		
Various All Others	8,855	6,891		-	-	75	1,889
Total 2023 Tax Supported Budget	56,918	39,599	468	10,397	3,368	375	2,710

The total amount of budgeted DC revenue required for the 2023 Tax Supported Capital Budget is \$39.6 M. To facilitate growth, the City requires sizeable investment in up-front infrastructure and must incur debt. This means that a significant part of the 2023 to 2032 growth program will be funded through debt and the debt charges repaid from future DC collections.

Of note, the City of Hamilton has a DC Funding Policy that requires staff to limit the amount of risk in sustaining DC reserves. Therefore, growth projects will only be included in the proposed capital budget if the sustainability of reserves is maintained. The impact of this policy is that some projects may be delayed when compared to their timing in the DC Background Study or infrastructure master plans and debt financing may be required in order to maintain DC Reserve integrity. Staff will minimize the risk by ensuring that any growth-related debt principal and interest will be covered by anticipated future DC revenues.

On October 25, 2022 the Provincial government announced a number of proposed legislative changes that, if passed, will have a significant impact on the amount of DC and CBC funds available to support growth related projects in the future. Staff will be preparing a report for AF&A Committee on December 1, 2022 outlining the changes and potential impacts.

ALTERNATIVES FOR CONSIDERATION

Council can direct changes to the 2023 Tax Supported Capital Budget as long as the approved Capital Financing Plan remains in balance with the forecasted gross cost of all approved capital projects.

ALIGNMENT TO THE 2016 – 2025 STRATEGIC PLAN

Community Engagement and Participation

Hamilton has an open, transparent and accessible approach to City government that engages with and empowers all citizens to be involved in their community.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

SUBJECT: 2023 Tax Supported Capital Budget (FCS22081) (City Wide) – Page 30 of 30

Economic Prosperity and Growth

Hamilton has a prosperous and diverse local economy where people have opportunities to grow and develop.

Healthy and Safe Communities

Hamilton is a safe and supportive City where people are active, healthy, and have a high quality of life.

Clean and Green

Hamilton is environmentally sustainable with a healthy balance of natural and urban spaces.

Built Environment and Infrastructure

Hamilton is supported by state-of-the-art infrastructure, transportation options, buildings and public spaces that create a dynamic City.

Culture and Diversity

Hamilton is a thriving, vibrant place for arts, culture, and heritage where diversity and inclusivity are embraced and celebrated.

Our People and Performance

Hamiltonians have a high level of trust and confidence in their City government.

Capital Budget Project Detail Sheet

3621750301 - Confidential - Employment Land Bank Interest

Project Manager Norm Schleeahn **Section** Business Development **Year Approved** 2011

Start Date January 1, 2017 **Completion Date** December 31, 2046

Description This is a Council Strategic Initiatives Project.
Pursuant to Council direction in Report PED 11222 December 12, 2011. "Property Acquisition for Economic Development Purposes:, City Council approved a program to increase the City holdings of employment/industrial lands to accelerate projects that create a diversified, sustainable economic base for the City of Hamilton through strategic acquisition and/or alteration of property. Funds are for interest charges related to a \$30M Line of Credit, interest rate estimated at 3%. Its expected that the full line of credit will be utilized in 2023 and thus \$900,000 will be required in 2023 and thereafter.

3622208202 - Brownfield Development

Project Manager Judy Lam **Section** Commercial Districts and Small Business **Year Approved** 2021

Start Date January 1, 2022 **Completion Date** December 31, 2036

Description This Program offers matching grants to pay for up to one-half of the cost of a Phase II and/or Phase III Environmental Site Assessment (Remediation Action Plan). The maximum City contribution per study is \$20,000 to a maximum of two studies and \$35,000 per property/project. The program is designed to encourage and promote brownfield redevelopment. This step is necessary for owner/developer to address the remediation and move to the next step in the redevelopment. The funding will also be used for audits of remediation documentation related to ERASE grants, strategic studies, and promotion of the program.

8202203200 - Start Up and Office Tenant Assistance Program

Project Manager Judy Lam **Section** Commercial Districts and Small Business **Year Approved** 2010

Start Date January 1, 2022 **Completion Date** December 31, 2037

Description This Program is intended to provide low-interest Loans or Forgivable Loans that will facilitate the undertaking of eligible leasehold improvements to office space by property owners or authorized tenants in order to support the creation of new office space and improve the marketability and attractiveness of existing office space, attract start-up/business incubators and individual start-up businesses. City Council, at its sole discretion, has the option at the time of initially approving a loan commitment, of providing a grant or forgivable loan rather than a loan when an applicant is an educational establishment establishing its presence in the Downtown Hamilton CIPA or the Applicant is a Start-up.

8202203205 - Commercial Vacancy Assistance Program- Downtown Block

Project Manager Judy Lam **Section** Commercial Districts and Small Business **Year Approved** 2021

Start Date January 1, 2021 **Completion Date** December 31, 2037

Description The Commercial Vacancy Assistance (CVA) Program (the Program) is intended as a temporary program that is a direct response to minimize potential commercial vacancies arising during, and/or in the immediate recovery from, the COVID-19 pandemic and its impact on the local, provincial and national economy. This Program will provide financial assistance in the form of a Grant to new permanent or 'pop-up' commercial tenants of a presently vacant at, or below grade, commercial space so as to make permanent interior improvements for the purposes of improving the attractiveness and usability of the space for the intended commercial use.

4031380360 - Waterdown - Burlington Road Upgrades

Project Manager Gavin Norman **Section** Development Engineering **Year Approved** 2009

Start Date January 1, 2013 **Completion Date** December 31, 2023

Description Waterdown Road upgrade is required to accommodate growth in Waterdown. Design and Construction is being completed by the City of Burlington and funded by the City of Hamilton per a Cost Sharing Agreement between the two municipalities. The 2023 Capital Budget request is the last installment of year over year payments to the City Burlington for the road upgrades in accordance with the agreement.

4032255242 - Transportation Network Review and Implementation Plan

Project Manager Omar Shams **Section** Transportation Planning **Year Approved** 2021

Start Date January 1, 2022 **Completion Date** December 31, 2023

Description To review and update the Transportation Master Plan recommended infrastructure improvements to 2051 and prepare an implementation plan and costing in conjunction with the GRIDS 2 process. Review 2018 TMP road and transit networks and undertake analysis to extend plans to 2051. Prepare implementation plan, project sheets and costs for input to DC background study and capital plan.

4901945900 - Waterproofing Membrane Replacement - Convention Centre Parking Garage

Project Manager	Amanda McIlveen	Section	Hamilton Municipal Parking System	Year Approved	2014
Start Date	January 1, 2019	Completion Date	December 31, 2024		
Description	The waterproofing is nearing its life-cycle (replacement required every 10-12 years to avoid structural damage). Minor repairs and assessment completed in 2015. Consultant report in 2015 recommended replacement to begin to avoid costly structural damage. Consultant updated report in 2020 recommending immediate repair and replacement to avoid further damage as well as increased repair costs since 2015 assessment.

8101655600 - Comprehensive Zoning By-Law

Project Manager Shannon McKie **Section** Zoning & Committee of Adjmt **Year Approved** 2002

Start Date January 1, 2016 **Completion Date** December 31, 2027

Description The Capital Budget is for the preparation of a new Comprehensive Zoning By-law for the City to support the City's Strategic Priorities of Economic Growth and Prosperity and Building Environment and Infrastructure. The current phase is the Residential Zones, and any other remnant properties. Additional money is required to hire specialized consultants to prepare urban design standards to inform regulations for the low, medium and high density zones. Consultants are required to create Green Development Standards for medium and high density zones. The Low Density Residential Zones will be coming forward in stages requiring public consultation events. The remnant properties will be incorporated into the various Residential Zone phases. Following the completion of the Residential Zones, a fulsome review of the Zoning By-law will be required to complete the required 10 year comprehensive review.

8121255620 - Part IV Designation of Properties under the Ontario Heritage Act

Project Manager Ken Coit **Section** Heritage & Urban Design **Year Approved** 2012

Start Date January 1, 2011 **Completion Date** December 31, 2035

Description The money will be used to retain consultants to carry out cultural heritage assessments of properties on municipal register on Council approved work plan for potential designation and to update existing Designation By-laws as a result of Bill 108. Assessments will utilize City's Evaluation Criteria and Ontario Heritage Act criteria to assess properties and make recommendations regarding designation. Based on motion passed by Municipal Heritage Committee on April 21, 2011 and approved by Council in June 2011. 18 year Council approved work plan currently includes over 100 properties. Current "backlog" exceeds/contradictory to Council approved time lines for designations. In some cases it affects property owner ability to move forward. Work will assist in reducing wait time for designations. Through Report PED16049, \$400K was transferred to the Part IV Designation of Property Capital Project. Transfer will assist with the work plan until 2022. Additional funds needed in 2022 to complete the work plan. Work implements the City's Strategic Priority of "Culture and Diversity."

Project Manager Heather Travis **Section** Sustainable Communities **Year Approved** 2016

Start Date January 1, 2017 **Completion Date** December 31, 2024

Description Review and update of policies in the Urban and Rural Official Plans are required to conform to provincial planning directions in updated provincial plans (Niagara Escarpment Plan and Growth Plan for Greater Golden Horseshoe). Background work for RHOP includes significant woodland identification, key hydrologic data and mapping. UHOP work includes implementation of growth strategy and other policies as well as a commercial land use review to respond to rapid changes in retail landscape. This work will update the official plans and guide the future growth of the City which will support the Strategic Priority of Economic Prosperity and Growth. The need for funding was identified in 2021 through multi-year budgeting for 2023 and 2024.

8121957900 - 3D Model Development

Project Manager Ken Coit **Section** Heritage & Urban Design **Year Approved** 2018
Start Date January 1, 2019 **Completion Date** December 31, 2026

Description The continued development of a 3D model city-wide to support development applications. The model is updated with 3D model submissions through development applications. The 3D modeling capabilities along with 3D printing are used to support development application analysis, to enhance community engagement and visualization for planning projects as well as provide analysis for corporate real estate valuations, city initiatives, and downtown servicing projects. The city-wide model is being configured to be accessible internally by all staff as an initial step to making the model publicly accessible. The development industry uses city-wide publicly accessible models to prepare and support development applications across the GTHA. Hamilton has been behind other mid-sized and large municipalities in developing 3D capabilities and having a publicly accessible city-wide 3D model.

8122255200 - Future Urban Growth Areas Secondary Plans and Associated Studies

Project Manager Christine Newbold **Section** Sustainable Communities **Year Approved** 2021

Start Date January 1, 2022 **Completion Date** December 31, 2025

Description As part of the City's updated Growth Strategy and implementing Official Plan Amendments, the City has identified new growth areas outside the existing urban area which will accommodate population and employment until 2051. Secondary Plans, subwatershed studies, transportation studies, infrastructure studies, agricultural impact assessment and financial impact studies will be required for the future growth areas.

8141555600 - Hamilton Growth Management Review

Project Manager	Christine Newbold	Section	Sustainable Communities	Year Approved	2014
Start Date	January 1, 2015	Completion Date	December 31, 2024		
Description	Initiated in 2015, Hamilton Growth Management Review account funded the staff and consulting resources required to complete Hamilton's growth management work (GRIDS2) and the Municipal Comprehensive Review (MCR) as required by the Growth Plan and the Planning Act. The official plan amendment incorporating Council's preferred growth scenario, employment land conversions and provincial policy conformity work was approved by Council in June 2022. Decision by the Minister is pending. Council directed additional site specific analysis be undertaken on a potential employment land conversion site and consultant and staff resources are required. Continued staffing of the Policy Planning team is required to complete the final phases of the MCR and administer outcome of the Minister's decision on the MCR OPA. Additional staff resources are required through the end of 2024 to ensure that all phases of the Municipal Comprehensive Review workplan are completed.

7202041201 - ICIP CCR Griffin House Stabilization

Project Manager John Summers **Section** Tourism & Cultural Operations **Year Approved** 2019

Start Date January 1, 2020 **Completion Date** December 31, 2025

Description This project is funded by an ICIP (Investing in Canada Infrastructure Program) cost sharing grant and requires matching funding.

The Griffin House National Historic Site requires structural and building envelope restoration. This project will address foundation repairs, improve site drainage, restore wooden cladding and interior finishes, replace the roof, restore masonry and windows and improve the site accessibility.

7202041204 - ICIP CCR Children's Museum Expansion Phase 2

Project Manager	Carolyn Samko	Section	Tourism & Cultural Operations	Year Approved	2019
Start Date	January 1, 2020	Completion Date	December 31, 2024		

Description This project is funded in part by an ICIP (Investing in Canada Infrastructure Program) cost sharing grant and a CCRF (Canadian Community Revitalization) grant.

The Hamilton Children's Museum has consistently seen a record number of visits since it re-opened in 2015 after structural stabilization. The Museum struggles to accommodate the demand of families and requires an expansion in size to meet the demand for visitation, expanded programs and improved accessibility. The main project budget is funded and is supported in part by ICIP and CCRF grants. Tender and construction is beginning in Q3 2022 on the project.

The requested funds will add an enhancement to the budget to allow for cost escalation due to COVID-19, provisional items, final fit-up of the site and equipment for the new fenced in exterior spaces.

7202058202 - Collections Management

Project Manager John Summers **Section** Tourism & Cultural Operations **Year Approved** 2019
Start Date January 1, 2020 **Completion Date** December 31, 2032

Description This project is a multi-year project to develop and implement an up-to-date museums collections information management system. Staff are addressing the backlog of cataloguing and collection management issues. The information related to 60,000 three dimensional artifacts in the archival storage facility has been recorded.

This phase of work will address cataloging artifacts from the Fieldcote House and Garden collection, the Hamilton Museum of Steam and Technology collection and the Whitehern National Historic Site Collection. Re-organization of storage areas and preparation of artifacts is also happening, in order to accommodate major capital work at sites.

Project Manager	Carolyn Samko	Section	Tourism & Cultural Operations	Year Approved	2020
Start Date	January 1, 2021	Completion Date	December 31, 2024		
Description	<p>Whitehern National Historic Site requires restoration of its exterior woodwork. This is a multi-year, multi-phased project that will repair the shutters, window frames, window sash, storm windows and other woodwork on the house.</p> <p>Phase 1 is completed and included the restoration of the storm windows on the rear addition and the shutters on the lower floor of the main house.</p> <p>Phase 2 will involve restoring the shutters on the 2 upper floors and repainting. Work will be staggered, working on one facade at a time to minimize site disruption.</p>

7202158212 - Heritage Site Documentation Study

Project Manager	John Summers	Section	Tourism & Cultural Operations	Year Approved	2020
Start Date	January 1, 2021	Completion Date	December 31, 2025		
Description	The Hamilton Civic Museums require the creation of updated AutoCAD plans and elevations that amalgamate the mechanical, electrical, architectural and fire safety information for all the sites. This documentation will be done for 32 buildings across 15 sites. The drawings will support Emergency and Disaster planning, exhibit planning and capital work for the sites. 5 sites remain to be documented.

7202341002 - Gage House Windows Restoration

Project Manager	Carolyn Samko	Section	Tourism & Cultural Operations	Year Approved	2022
Start Date	January 1, 2023	Completion Date	December 31, 2023		
Description	<p>The Restoration of Gage House has been a multi year, multi phase project and has included structural repairs, exterior cladding improvements and repainting.</p> <p>The historic windows on the main house are the last remaining part of the building to be restored. Work will include full restoration of the historic wooden sash and frames, including new putty, replacing broken glass, restoring hardware, re-painting and adding storm windows. Restoration of the windows will improve the energy efficiency of the building envelope and correct water infiltration issues.</p>

7202341008 - Gardener's Cottage at Dundurn Park Rehabilitation

Project Manager Carolyn Samko **Section** Tourism & Cultural Operations **Year Approved** 2022
Start Date January 1, 2023 **Completion Date** December 31, 2025

Description The Gardener's Cottage at Dundurn park is a designated building that is part of the National Historic site and requires restoration. It is proposed to make this building a carbon neutral heritage facility utilizing new technology to heat, cool and restore the site for a public partnership use. Funds will be used to do stabilization of the building including roof replacement.
 The first phase will be to create a feasibility report, create a concept plan and budget and then followed by design and implementation in following years.

7402351100 - Annual Equipment Replacement

Project Manager Stephen Welton **Section** Fire Operations **Year Approved** 2023
Start Date January 1, 2023 **Completion Date** December 31, 2032

Description The equipment replacement schedule is based upon the life expectancy of various Hamilton Fire Department (HFD) needs in conjunction with an ongoing assessment of equipment condition. Based on this schedule, in 2023 HFD will require various equipment replacement including personal protective equipment and extractors, defibrillator pads/batteries, SCBA components and compressors, gas detection and HAZMAT equipment, firefighting hose, power tools, notification equipment, portable radios, other technical rescue equipment, and remote piloted aircraft system equipment.

7402351101 - Annual Vehicle Replacement

Project Manager	Stephen Welton	Section	Fire Operations	Year Approved	2023
Start Date	January 1, 2023	Completion Date	December 31, 2032		
Description	<p>The vehicle replacement schedule is based upon industry standards in conjunction with an annual assessment of the vehicle's serviceability and overall condition. HFD monitors market conditions vs. operational needs to determine if replacements can be accelerated or deferred if more favourable for the City. In 2023, HFD plans to purchase: 1 Pumper to replace 1 existing similar 20-year-old fire apparatus, 2 support vehicles to replace existing 10-year-old (+) support vehicles, and 6 small vehicles for Fire Prevention to replace 6 similar 10-year-old vehicles. Due to supply chain issues and lengthened manufacturing lead times created by the Pandemic, it should be noted that the procurement lead time for firefighting apparatus (large fleet) has increased to the point where it is anticipated that the delivery time for the Pumper is between 16-24 months from the issuance of a Purchase Order. Hence, there will always be at significant lag time between budget approval and receipt of apparatus. As a result, HFD is also requesting the budget and procurement approval of 2024 vehicles be included as well in the 2023 Capital Budget process. In 2024, HFD plans to purchase: 1 Engine to replace 1 existing similar 20-year-old fire apparatus, 4 support vehicles to replace existing 10-year-old (+) support vehicles, and 6 vehicles for Fire Administration to replace 6 similar 10-year-old vehicles.</p>

7402351102 - Various Fire Station and Logistical/Training Upgrades

Project Manager Selma McFadyen **Section** Fire Operations **Year Approved** 2023

Start Date January 1, 2023 **Completion Date** December 31, 2023

Description The first part of this project is to utilize block funding to undertake rehabilitation/renovation work at several of the fire station locations in order to satisfy health and safety and/or operational needs. The rehabilitation/renovation work will ensure that: appropriate bunker gear storage areas are available, appropriate areas are available for the decontamination of firefighting personnel protective gear and station wear post incident, that the facilities have the required amount of washroom/locker room gender capacity facilities and that the proper ventilation systems are in place to minimize exposure emissions. The second part of this project is to utilize block funding to replace/update training props for Haz Mat, elevator entrapment/entry, machine entrapment, forcible entry and fire dynamics.

7642351100 - Annual Vehicle Replacement

Project Manager Cliff Eggleton **Section** Paramedic Service Operations **Year Approved** 2023
Start Date January 1, 2023 **Completion Date** December 31, 2032

Description Ambulances and Emergency Response Vehicles (ERV) are highly specialized vehicles, built to Ministry-mandated specifications. Paramedic Service Vehicle replacement is based on Ministry standards and equipment life cycle. The Hamilton Paramedic Service replaces ambulances and ERV on a six year average cycle, which is on the longer side of industry standards. Twelve (12) vehicles are scheduled for replacement in 2023: Seven (7) ambulances, five (5) ERV's and two (2) compact pickup trucks to support the Social Navigator Program. Six (6) vehicles are scheduled to be refurbished and expected to extend the life cycle by two (2) years. The procurement lead time for these specialized vehicles has been increasing during the pandemic which can now be up to 24 months. This is driven by manufacturer production cycles, shortages of parts, COVID 19 chassis factory shutdowns, and delays for the availability of specialized vendors for fit-up of specialized vehicles. As a result, HPS is also requesting the budget and procurement approval of 2024 vehicles as well. Nine (9) vehicles are scheduled for replacement in 2024: Six (6) ambulances and three (3) ERV's.

7642351101 - Annual Equipment Replacement

Project Manager Cliff Eggleton **Section** Paramedic Service Operations **Year Approved** 2023
Start Date January 1, 2023 **Completion Date** December 31, 2032

Description Ancillary Paramedic equipment is purchased based on MOH Equipment Standards and equipment life cycles. 2023 requirements include lifecycle replacement of 20 Stryker Power-Systems and Power Cots, 1 mask fit test device, PAD Defibrillators, and other general medical equipment. All equipment replacement in the capital program is scheduled in accordance with the long term capital plan which includes an ongoing increase in contributions from the 50% MOH-funded Operating Budget to capital reserves.

7642351103 - Mobile Computer Aided Dispatch

Project Manager Cliff Eggleton **Section** Paramedic Service Operations **Year Approved** 2023
Start Date January 1, 2023 **Completion Date** December 31, 2023

Description This project is to support the capital requirements to update our current Ambulances and ERV fleet to become a live clinical hub with secure connections between the 911 medical dispatch centre and the receiving area hospitals. A live integration with 911 and hospitals / Medical clinicians will allow immediate information exchange as it happens, diagnosis consultation with clinicians and Health and Safety information to be immediate and secure between front line paramedics and the 911 / hospital centers. The Capital requirements are updated vehicle modems – Vehicle cell boosters – Vehicle tablets and smart phones to be added to the paramedic fleet.

6730041000 - Social Housing Capital Repairs and Regeneration

Project Manager	Brian Kreps	Section	Social Housing	Year Approved	2014
Start Date	January 1, 2023	Completion Date	December 31, 2032		
Description	Hamilton has approximately 14,000 units of social housing administered through 42 different housing providers. Housing quality is as important as its availability and affordability. Housing that does not meet health and safety standards and is in need of repairs is referred to as inadequate housing. Outcome #4 of the Council approved 10 year Housing and Homelessness Action Plan is that people live in housing that is good quality, safe and suitable for their needs. The 2020 capital repairs and regeneration call for applications (CFA) will support specific Building Condition Assessment outcomes or other subsequently identified needs such as energy related repairs / regeneration . Social Housing will issue the CFA, evaluate and award funding competitively based on need (BCA) and impact (reduction of waitlist and preservation of housing assets).

Capital Budget Project Detail Sheet

6301941001 - WL - Main Entrance Redesign

Project Manager Vince Guetter **Section** Wentworth Lodge **Year Approved** 2019

Start Date January 1, 2019 **Completion Date** December 31, 2023

Description A building condition assessment was completed that identified the current barrier free main entrance at WL posed a potential risk to residents due to the slope into the parking lot. The slope originates at the main entrance that leads directly into the driveway and main parking lot. A design proposal is required to address this risk to the Residents. It is essential to provide a Barrier Free Compliant accessible entrance and concrete platform that is safe for the Residents, as per the Building Condition Assessment Study. An upgrade, in keeping with these findings, should be undertaken to prevent safety hazards for unattended Residents and those in wheelchairs with limited strength and/or ability to control mobility, as per the outcome from the recommended study.

Capital Budget Project Detail Sheet

6301941006 - WL - Servery Retrofit (Cabinet and Counter Replacement)

Project Manager Vince Guetter **Section** Wentworth Lodge **Year Approved** 2019

Start Date January 1, 2019 **Completion Date** December 31, 2023

Description The arborite counters in the servery locations (six) are cracked and chipped therefore, promoting bacteria in a food service environment and notably, they are at the end of life. The lower cabinetry is no longer standing up and needs to be replaced with a more substantial commercial grade product that will withstand wear. Quartz countertops are an excellent choice for commercial applications as they are non-porous, making them safe for use in the food service and health care industries. In addition, cabinet doors should be constructed of a solid product and not MDF.

*Cost of the project also includes a 10% project management fee in 2020 which is being charged to the division by Public Works for project management services

Capital Budget Project Detail Sheet

6502141100 - Human Services Integration - Continuous Improvement Projects

Project Manager	Jennifer Hohol	Section	General Managers Office	Year Approved	2019
Start Date	January 1, 2021	Completion Date	December 31, 2028		
Description	Healthy and Safe Communities delivers a wide range of services to residents, many of whom access multiple services. Currently, services are delivered from traditional programmatic silos. Healthy and Safe Communities is developing a plan to integrate services it delivers to improve the client experience and outcomes. Starting Point projects are being identified that can be implemented relatively quickly to serve as experiments and opportunities to learn. Office space, reception areas and service counters are all configured to address the needs of existing services. Some initial starting points also focus on delivering services outside of traditional office settings to make services more accessible. Implementing the plan will require the renovation and reconfiguration of service counters, lobbies and office space to reflect new approaches to service delivery.

3542351300 - Art Gallery of Hamilton -Elevator Upgrades

Project Manager Delfina Duarte **Section** Facilities Planning and Business Solutions **Year Approved** 2023

Start Date January 1, 2023 **Completion Date** December 31, 2023

Description In accordance with an Amending Lease Agreement dated February 24th 1988 between the City of Hamilton and the Art Gallery of Hamilton (AGH), the City of Hamilton is equally responsible for the maintenance and replacement or extraordinary or major repair costs of passenger Elevator No. 2. The AGH has submitted a request for the City to pay for \$250,000 calculated as 50% of the estimated \$500,000 total cost of repairs (see copy attached). This capital submission is submitted for budget approval but actual payment will be based on confirmation of actual costs applicable only to Elevator No. 2 and subject to legal review. Please note that this request for funding forms part of a larger renovation project at the AGH that is being funded in part by the Federal Development Canada Community Revitalization Fund. The total project cost is \$1,006,205 and FedDev Canada will fund \$750,000.

4940051003 - Shop Equipment Replacement

Project Manager	Tom Kagianis	Section	Fleet Services	Year Approved	2023
Start Date	January 1, 2023	Completion Date	December 31, 2031		
Description	To provide equipment required to comply with Legislated program requirements for emission and safety inspections. Replacement of Fleet shop equipment (e.g. hoists, compressors, cranes, oil tanks, etc.), when it meets its expected life or when required repairs exceed the remaining value of the asset and where replacement makes economic sense. For the acquisition of vehicle and equipment repair specialty diagnostic equipment.

Capital Budget Project Detail Sheet

4031618090 - Bridge 090 - McMurray St, 100m s/o of Hatt St

Project Manager Jackie Kennedy **Section** Infrastructure Renewal **Year Approved** 2011

Start Date January 1, 2016 **Completion Date** December 31, 2023

Description Based on the OSIM bridge inspection and additional investigations completed, it has been determined that the existing bridge structure has become deficient and is in need of rehabilitation to extend the asset's life and performance. This is intended to reduce the risk to public safety while maintaining continuity of the road network.

4032011028 - Southcote - Garner to Highway 403 Bridge

Project Manager Jackie Kennedy **Section** Infrastructure Renewal **Year Approved** 2001
Start Date January 1, 2020 **Completion Date** December 31, 2023
Description 2023 funding for land acquisition, utility locates and trees. The roadway has become structurally deficient and is in need of reconstruction. In conjunction with the Southcote Road EA, the roadway requires reconstruction and urbanization to a three (3) lane profile to improve the level-of-service, operation and safety, as well as reduce maintenance costs. This project is to be coordinated with watermain upgrades.

4032255962 - Road Network Pavement Inspection - CASH FLOW

Project Manager Jackie Kennedy **Section** Infrastructure Renewal **Year Approved** 2022

Start Date January 1, 2022 **Completion Date** December 31, 2047

Description To conduct a detailed pavement condition inspection of the Expressway and Arterial road network (approximately 1700 lane-kilometres) on a 2-year cycle, and inspection of the City's remaining Collector and Local road network (approximately 4800 lane-kilometres) on a 4-year cycle, beginning in 2023. This will result in a network-wide condition inspection (approximately 6500 lane-kilometres) every 4 years. Results of the inspections to be utilized for reporting and benchmarking, and as input into prioritization of future capital road rehabilitation projects.

4032301099 - Engineering Services Staffing Costs - Road

Project Manager Jackie Kennedy **Section** Infrastructure Renewal **Year Approved** 2023
Start Date January 1, 2023 **Completion Date** December 31, 2047

Description To fund Engineering Services staffing costs through capital for work on road related capital projects, both in-year and future. In the past, these charges were built into in-year approved capital projects on a pro-rated basis. In order to provide more transparency and capture staffing costs for future works in a more accurate way, these staffing costs are now reflected in this project and removed from all other individual Engineering Services projects.

Capital Budget Project Detail Sheet

4032311905 - Milton/City Cost Share - Milborough Townline Rd - RR7/Derry Rd to Concession 10 East

Project Manager Jackie Kennedy **Section** Infrastructure Renewal **Year Approved** 2023

Start Date January 1, 2023 **Completion Date** December 31, 2024

Description The roadway has become surface deficient and is in need of resurfacing and base repairs. This will extend the life of the roadway, improve the level-of-service, increase safety and reduce maintenance costs. This is a boundary road shared between the City of Hamilton and the Town of Milton. Milton is leading the design and construction of this project. This funding is for Hamilton's 50% cost-share of the road works to be reimbursed to Milton. CPMS #11710

4032314405 - Contaminated Soil & Rock Disposal Program

Project Manager Jackie Kennedy **Section** Infrastructure Renewal **Year Approved** 2023

Start Date January 1, 2023 **Completion Date** December 31, 2047

Description Allocated funding for surface and subsurface infrastructure projects that require the disposal of contaminated soils or excessive rock and/or soil removal, as well as granular quantity overruns due to removal of soil and/or rock. This allows immediate action resulting in improved overall operation and increased service levels.

4032318218 - OSIM Bridge, Park Bridge, Culvert, Retaining Wall

Project Manager Jackie Kennedy **Section** Infrastructure Renewal **Year Approved** 2023

Start Date January 1, 2023 **Completion Date** December 31, 2047

Description the Ontario Structure Inspection Manual (OSIM). As per the MTO, municipalities are mandated to perform detailed visual inspections on all bridges and culverts >=3 metres in span, in accordance with OSIM. During even years, structures in the lower City, as well as railway and expressway related structures, will be inspected (i.e. 155 structures in 2016). During odd years, structures in the upper City, as well as outlying areas and rural areas, will be inspected (i.e. 210 structures in 2017).

4032355556 - Mapping Update Program

Project Manager David Lamont **Section** Infrastructure Renewal **Year Approved** 2023

Start Date January 1, 2023 **Completion Date** December 31, 2047

Description Acquire updated air photos, update the City's Digital Terrain Model (DEM) and mapping of road edges, sidewalks, building footprints etc. This supports the study of Storm water issues, supports operating and capital programs, assists in land development reviews. Develop and Maintain Horizontal (Lat / Long) and Vertical (Elevation) control networks across the City to allow correct data integration and alignment of ground based surveys with the City's mapping program.

4242009701 - A/R - Eastmount Neighbourhood

Project Manager Jackie Kennedy **Section** Infrastructure Renewal **Year Approved** 2016

Start Date January 1, 2020 **Completion Date** December 31, 2024

Description In accordance with the Local and Collector Road Asset Preservation Strategy, the roadways within this neighbourhood have become surface deficient and are in need of resurfacing and base repairs. This will extend the life of the roadways, improve the level of service, increase safety, reduce risk and liability, and reduce maintenance costs. The proposed project listing, compiled on a neighbourhood basis, shall create attractive contract packages for the paving industry. This may result in potential cost savings and maximize the overall cost effectiveness of program delivery.

Ward 7 project approved through 2020 Tax Capital Budget.

4412306105 - West Harbour Waterfront Animation & Programming

Project Manager Ed English **Section** Waterfront Development **Year Approved** 2023

Start Date January 1, 2023 **Completion Date** December 31, 2026

Description Due to the phasing of the construction process, the new public-spaces on Piers 5-8 will remain in transition in terms of their use, for several years. Some could easily be transitioned into places for temporary programming as an interim use, adding public, recreational, and commercial uses to the sites temporarily. These could take the form of simple grassed areas on the water's edge, to spaces to accommodate food trucks or small-scale market vendors, as well as spaces for temporary structures for larger-scale vendors to provide year-round programming. Staff have also identified that the initial West Harbour capital plan did not specifically identify interim projects. Staff would retain the services of animation and programming expertise to plan and execute a program for the Piers 6, 7 and 8 areas for 2023-2026.

4402355001 - Cemetery Needs Study - 2023

Project Manager Kara Bunn **Section** Parks & Cemeteries **Year Approved** 2023

Start Date January 1, 2023 **Completion Date** December 31, 2023

Description In 2015 a consulting study was undertaken to review the City of Hamilton Cemetery program needs. The City of Hamilton Cemeteries Section is a unique program within the City of Hamilton. A total of 69 municipal cemeteries are managed and maintained by City staff. To meet the needs of existing and future residents, as well as manage the capital and operating budget, an updated review by a specialized consulting firm will provide guidance and recommendations for the program.

Capital Budget Project Detail Sheet

4450053001 - Tree Planting Program

Project Manager Robyn Pollard **Section** Forestry & Horticulture **Year Approved** 2023

Start Date January 1, 2023 **Completion Date** December 31, 2032

Description This annual capital program provides for the supply, delivery and installation of trees. Program and funding as per PW04082. City of Hamilton has a goal (Bylaw15-125) to increase city-wide tree canopy coverage to 35%. Objective to move toward the Environment-Canada guideline of 30% increase in the number of days that the rating on the Air Quality Index is good or very good.

Capital Budget Project Detail Sheet

4452341003 - Horticulture Depot Renovation/Construction

Project Manager Robyn Pollard **Section** Forestry & Horticulture **Year Approved** 2023
Start Date January 1, 2023 **Completion Date** December 31, 2025

Description Due to constant growth of Horticulture managed assets citywide over the last 10 years, the section requires increased accommodations for front line and administrative staff, the current building is aging and will require renovation or reconstruction. Feasibility study being completed in 2022/23 to determine cost estimates for renovation or demolition/construction. Funding in 2023 would support engineering and consulting to prepare for upgrades in 2025.

Capital Budget Project Detail Sheet

4031541910 - Snow Disposal Facility

Project Manager	Mike Field	Section	Roadway Maintenance	Year Approved	2015
Start Date	January 1, 2015	Completion Date	December 31, 2025		
Description	Provide an additional snow disposal facility for Roadway Maintenance. Currently, the City utilizes snow dumps on Ottawa and Barton Street. The Barton Street disposal facility will not be available for use after the 2022/2023 season. Additionally, the City is building an LRT which doesn't allow for typical snow plowing, and requires the snow to be hauled to a disposal facility. Purchase land, design and construct snow disposal site for upcoming LRT and to compensate for loss of existing snow disposal facility.

4032310005 - Major Road Mill & Pave Program

Project Manager Mike Field **Section** Transportation Operations **Year Approved** 2023

Start Date January 1, 2023 **Completion Date** December 31, 2047

Description To provide funding for roadway maintenance works such as mill and pave resurfacing, overlays and new road maintenance techniques to sustain minimum standards for safe public use and for major roadway maintenance works intended to prolong infrastructure life expectancy. Works include repairs to both roadway surfaces and asphalt walkways within the road allowance.

4042317678 - Preventative Maintenance - Crack Sealing

Project Manager Mike Field **Section** Director – Trans Ops & Mtce **Year Approved** 2023

Start Date January 1, 2023 **Completion Date** December 31, 2047

Description To provide a preventative maintenance program for roads that are approximately 3-6 years old. This will be using routing and sealing or mastic seal to extend the service life of the road. Road assessments are typically completed following the winter season in spring, and locations are identified then due to the freeze/thaw cycle. The work is typically completed in the fall when temperatures are cooler.

5302184103 - A-Line Priority Bus Corridor (ICIP)

Project Manager Tanya Detmar **Section** Operations HSR **Year Approved** 2019
Start Date January 1, 2021 **Completion Date** December 31, 2024

Description This project will implement a Priority Bus corridor on the A-Line segment of the BLAST Rapid Transit Network. It will include a combination of infrastructure improvements, transit signal priority and transit stop enhancements which will result in a faster, more reliable and more comfortable transit experience between Hamilton's Waterfront, Downtown Hamilton and Hamilton International Airport. It will be a precursor to the ultimate Bus Rapid Transit (BRT) identified in the Ten Year Local Transit Strategy.

5302283002 - Reserve Shortfall - OBR Program

Project Manager	Jeff Poljanski	Section	Transit Fleet	Year Approved	2022
Start Date	January 1, 2022	Completion Date	December 31, 2046		
Description	<p>In 2010, the Provincial Government announced the cancellation of the Ontario Bus Replacement Program. As a result of the cancellation the Transit Bus Replacement funding is deficient by \$3.7 million. Therefore it is being recommended that the shortfall be funded from the Federal Gas Tax Revenues (\$3 M) and from the Capital Levy Contribution (\$0.7 M). For the period 2020 through 2026, ICIP funding will negate the need for Federal Gas Tax funding. It is recommended that the Capital Levy Contribution of \$0.7M be maintained</p>

Capital Budget Project Detail Sheet

5302384110 - Bus Operator Equipment Sign-in

Project Manager	Andre Zavaglia	Section	Operations HSR	Year Approved	2023
Start Date	January 1, 2023	Completion Date	December 31, 2023		
Description	Continuous Improvement Project - Operators currently need to log into 3 devices at the start of each shift: Ranger (Trapeze), Farebox (GFI) and PRESTO (Metrolinx). When signing into the Farebox and PRESTO, Operators make errors and can choose the wrong routing information. Installing cabling that can connect the Ranger and the Farebox (GFI) will remove one step for the operator and provide a fail-safe to eliminate data entry errors, thereby improving the quality of reporting in the area of ridership and revenue analysis.

5302384111 - Bus Operator Timekeeping

Project Manager Andre Zavaglia **Section** Operations HSR **Year Approved** 2023

Start Date January 1, 2023 **Completion Date** December 31, 2023

Description Continuous Improvement Project - Operators currently document time worked on a "Time Check" form despite the fact that information is already entered into the system (Trapeze). Improvement to current OPS Web (Trapeze) software will allow Operators to digitally sign off their work for the day. Removing the paper "Time Check" is expected to lead to a cost avoidance of \$220,000 in 2023

5302385806 - Stoney Creek Transit Hub Fencing

Project Manager Tanya Detmar **Section** Transit Planning and Infrastructure **Year Approved** 2023

Start Date January 1, 2023 **Completion Date** December 31, 2023

Description Through a 2011 decision by the former Ontario Municipal Board (OMB) a vacant one (1) acre parcel of land was transferred to City ownership in 2022. The parcel, located within the Winona Crossing Commercial Development is to be used exclusively for a transit terminal. At this time, the Transit division does not require a terminal at that location. With that in mind, perimeter fencing needs to be installed to provide a more secure and aesthetically pleasing boundary until such a time as the terminal is constructed. As per Section 3.14 of the minutes of the settlement, the fencing shall be complementary to the overall design of the subject lands.

Capital Budget Project Detail Sheet

5302385807 - HSR Bus Marker Bench

Project Manager Sebastian Stula **Section** Transit Planning and Infrastructure **Year Approved** 2023

Start Date January 1, 2023 **Completion Date** December 31, 2025

Description The Bus Marker Bench (BMB) was developed by the HST as an alternative seating amenity for bus stops that lack sufficient space to accommodate larger traditional transit amenities such as shelters or benches. The BMB is a compact bench alternative that provides the transit customer with a higher degree of comfort and convenience while waiting for their bus to arrive. This project will allow for a deployment of 15 units per year.

Project Manager Ryan Kent **Section** Waste Policy & Planning **Year Approved** 2011

Start Date January 1, 2023 **Completion Date** December 31, 2032

Description Ongoing research and development of methods/technologies/policies to improve the operation systems and public participation in the City's waste management programs. This includes waste composition studies, program research and analysis. Planned projects for 2023-2026 include a social marketing study to determine basis of resident behaviour, continuing waste audits (curbside, truck, facility), implementing new initiatives for the City's multi-residential program, recycling in Parks and updating programs in preparation for the implementation of Waste Free Ontario Act changes such as the blue box transition, tires, electronics and batteries programs.

Capital Budget Project Detail Sheet

3302309014 - Ward 14 Capital Reinvestment

Project Manager		Section	Ward Budgets	Year Approved	2023
Start Date	January 1, 2023	Completion Date	December 31, 2025		
Description	Report FCS12024 recommended that a capital project be created for, and funded by, each of the 8 Ward Special Capital Reinvestment Reserves, in the amount of \$100,000, to be used in the respective Ward to fund in year infrastructure priorities. This project will provide some financial capacity to affected Ward Councillors in funding in year infrastructure and/or one-time funding requirements, with no associated operating impacts, that are not of the financial scale that would otherwise be considered through the capital budgeting process. Examples of such investments may include: historical plaques, small beautification projects and onetime maintenance initiatives, to name a few.

3302309300 - Ward 3 Capital Reinvestment

Project Manager		Section	Ward Budgets	Year Approved	2023
Start Date	January 1, 2023	Completion Date	December 31, 2025		
Description	Report FCS12024 recommended that a capital project be created for, and funded by, each of the 8 Ward Special Capital Reinvestment Reserves, in the amount of \$100,000, to be used in the respective Ward to fund in year infrastructure priorities. This project will provide some financial capacity to affected Ward Councillors in funding in year infrastructure and/or one-time funding requirements, with no associated operating impacts, that are not of the financial scale that would otherwise be considered through the capital budgeting process. Examples of such investments may include: historical plaques, small beautification projects and onetime maintenance initiatives, to name a few.

3381858503 - Digital/Open Data Infrastructure

Project Manager Cyrus Tehrani **Section** Corporate Initiatives **Year Approved** 2018
Start Date January 1, 2018 **Completion Date** December 31, 2024

Description The City is committed to promoting an open and transparent approach to government, including ensuring data and service performance information and tools are readily available, accessible and sustainable. This request is to acquire and implement the necessary infrastructure, including a data hub/lake to support data sharing and the open data program, organizational performance management and drive a culture of continuous improvement and innovation. This critical infrastructure supports data to be quickly and easily accessed by all stakeholders such as Council, staff, citizens and researchers. Automation will reduce manual processes so that data can be leveraged to make decisions and create a more open and transparent government. Having data that is easy to access helps support a culture of analysis, transparency and data driven decision making. Enabling automated access will make it easier for staff to find information they need. It also enables enhanced availability to the community.

Capital Budget Project Detail Sheet

3452357001 - Customer Relationship Management (CRM) - Upgrade and 311 Customer Service Number Introduction

Project Manager Sheila DuVerney **Section** Customer Service - Administration **Year Approved** 2022

Start Date January 1, 2023 **Completion Date** December 31, 2024

Description 'The Call Handling review (2014) was directed by Council. The outcome of the review was to facilitate the consolidation of calls from the various departments and divisions to the Customer Contact Centre (546 - CITY), thereby simplifying telephone access to City services and information. September 2017 marked the commencement of the call consolidation process. Fast-forward, in 2022, it is estimated that the last of the identified services will be consolidated, thereby bringing the call consolidation program to completion. With respect to the technology, in 2021, the City was advised that the CRM software is nearing its end-of-life, as such, a review of the current vendor's CRM platform along with existing technology (and licensing) was initiated to determine the replacement path. A cross-functional team was formed to explore the opportunity to utilize existing platforms which contain CRM capabilities. The objective is to utilize an existing platform that successfully addresses the requirements (IT, Security and Operational) and is comparable, or net better, in annual licensing and servicing fees. Without this important upgrade, the Customer Contact Centre will be constrained in its ability to successfully expand its call service as well as on-line service delivery (for those services utilizing the current CRM). Coupled with this work, the City will implement the requirements for the adoption of a 311 Customer Service number for City of Hamilton services (Motion was approved by GIC for 311/CRM Sept 2022).

Capital Budget Project Detail Sheet

3502157101 - Next Generation 9-1-1 (nG 9-1-1)

Project Manager	Michael Gauthier	Section	IT - Admin	Year Approved	2020
Start Date	January 1, 2021	Completion Date	December 31, 2023		

Description On June 1st, 2017, the CRTC mandated all telephone companies to update their networks to provide Next-Generation 9-1-1 voice and text messaging services to all Canadians by March 30th, 2024. The City of Hamilton's IT Division, in conjunction with the Hamilton Police Service (HPS), Hamilton Fire Department (HFD), Hamilton Paramedic Service will lead the technical components of this initiative. PSAPs will no longer be able to take 911 calls after March 30th 2024 without the required NG9-1-1 technology to deal with 911s in the new format. HPS will be required to update and replace their systems in order to have compatibility to receive 911 calls and transfer them accordingly. This Capital will cover hardware and software costs, implementation, training, as well as an external Project Manager. This upgrade will have a direct impact on HPS, HFD, and Emergency Services dispatch.

3502257200 - IT Strategy Refresh

Project Manager	Doug kay	Section	IT - Admin	Year Approved	2021
Start Date	January 1, 2022	Completion Date	December 31, 2025		
Description	<p>Funds are requested to refresh, plan and execute the Multi-Year IT Strategy and Enterprise Architecture. This initiative will include:</p> <ol style="list-style-type: none"> 1. Securing guided advisory services from an independent IT organization to augment IT staff and the business to re-assess current state and recommend future needs that align with City / business strategies (including input where possible from front-line staff). 2. Securing professional services for project management and enterprise & solution architecture to augment IT staff to support the planning and implementation of IT Strategy Roadmap projects. Funds for associated technology training has also been identified for IT staff. 3. Continue to expand the IT's strategic business relationship management capability. This discipline is designed to effectively define strategies and implement strategic enterprise technology roadmaps to address City priorities and outcomes. To enable this, funds for BRM professional services to establish best practices that fit the City and a request for 1 FTE in 2022 and 2023 has been identified to further build and grow this discipline. 4. Investing in innovation. Provide staff with orientation and training in new technology tools such as artificial intelligence and machine learning. Collaborate with the business to identify high value use cases that can be prototyped and demonstrate value in delivering business outcomes.

3502357001 - Infrastructure & Security Sustainability and Continuous Improvement

Project Manager	Michael Gauthier	Section	Infrastructure & Operations	Year Approved	2022
Start Date	January 1, 2023	Completion Date	December 31, 2025		
Description	<p>Funds are required to refresh IT technology (such as network switches, etc) that is at end of life and to mature and scale IT infrastructure equipment and software to manage growth and business needs.</p> <p>This capital program will help mitigate the risk of failure and supportability to infrastructure equipment and software where it is past it's useful life and purpose(s). The risk of not replacing this technology is loss of connectivity to critical applications, communications and network resources, which results in the loss of productivity or ability to provide services including emergency responders. The capital also includes any professional services needs to implement these infrastructure technologies if/when required.</p> <p>This capital budget also provides funding for backup power devices at most sites. This will provide continuous power when power interruptions occur, to maintain site network connectivity.</p>

3381957502 - Budget System Upgrades and Enhancements

Project Manager Duncan Robertson **Section** Admin Financial Policy & Planning **Year Approved** 2019

Start Date January 1, 2019 **Completion Date** December 31, 2025

Description To support the upgrade to the newest cloud-based budgeting software version of the platform which will result in enhanced features as well as seamless upgrades and technical patches. In addition, the initiative will allow for the comprehensive review of processes and procedures to identify areas of efficiency and enhancements as well as the commissioning and launch of in-real-time financial dashboards (using visualization tools), enhance reporting and presentment of information which will support the City's budget process and open data initiative. The review will also support the enhancement of financial performance reporting as well as provide the City the opportunity to utilize statistical measures and automated calculations.

2052357002 - Claims Management Software Replacement

Project Manager Section Risk Management **Year Approved** 2023
Start Date January 1, 2023 **Completion Date** December 31, 2025

Description Current claims management software used by RMS exceeds 20 years of age and there are associated limitations as a result. Staff have been in discussions with the vendor of claims management software that is highly recognized within the municipal risk management sector. AMO (Association of Municipalities of Ontario) has recently partnered with ClearRisk in an effort to provide municipalities with a solution to the challenges being experienced with such software. A new platform would have capabilities and sophistication in managing claims related data, including the ability to generate analytical reports, remove a lot of manual tasks currently being completed by RMS staff and streamline citizen contact with a new webbased claim submission form. Staff feel it prudent to replace the aged system and implement software that will enhance data management and analytical abilities.

Capital Budget Project Detail Sheet

3761951812 - Hamilton Police Stations- Roof Repairs and HVAC

Project Manager Section Police Capital Financing **Year Approved** 2019
Start Date January 1, 2019 **Completion Date** December 31, 2026

Description As part of the COH’s Building Condition Assessment Program and Stantec’s Facilities Condition report (2016), the roofing systems at Central, East End and Mountain Police stations are in need of replacement as they have exceeded or are approaching their useful life expectancy. In addition to Stantec’s report, MTE consultants also performed a comprehensive review of the roofs and provided the estimated budgets and phasing plans. A more recent BCA was completed in 2022 by Walter Feddy Consultants which also identified the need of roof replacements. The roof replacement is an on-going multi-year project that began in 2019.

The roof replacement at the East End station has been congruently completed with the replacement of the Air-Cooled Chiller in 2021. No additional roofing is required for the East End station.

Currently, the Central’s Phase 2 roof replacement (phase 1 completed in 2020) is in progress. The Phase 2 was budgeted and approved as part of the COH’s annual capital budget process, at an estimated cost of \$200,000. As per the deployment strategy in Appendix A, Phase 3 is to take place in 2023. As such, a total of \$680,000 is estimated for Phase 3, with an additional \$525,000 for Phase 4 in 2024.

The Mountain Station roof replacement is expected to occur in 2026. The cost is significantly greater than other stations due to the roof system being more complex. This system cannot be replaced in phases and as such represents a higher one-time cost.

Appendix A identifies the deployment strategy along with the projected costs for Central and Mountain stations. Estimates have significantly increased due to unstable markets and increased construction costs.

3762051007 - Police Personal Issued Portable Radio Replacement

Project Manager		Section	Police Capital Financing	Year Approved	2018
Start Date	January 1, 2020	Completion Date	December 31, 2024		
Description	<p>The HPS implemented a five-year deployment strategy, which began in 2020, for the replacement of the PIPR. The replacement plan includes the mobile communication devices in each patrol vehicle. The HPS, together with the COH, negotiated a contract with Motorola in 2019, which included significant discounts with respect to equipment.</p> <p>The previous funding request for 2020-2022, the COH approved and included this project in their 10-year Capital Plan. As such, HPS requests the same consideration for 2023 and 2024.</p>

Capital Budget Project Detail Sheet

3762251205 - 2022 Generator/Diesel Tank Repair - Station 30 - Mountain

Project Manager Sanela Dzaferi **Section** Police Capital Financing **Year Approved** 2022

Start Date January 1, 2022 **Completion Date** December 31, 2023

Description Both Central and Mountain stations are equipped with Standby Generator Systems fueled by diesel. The Standby Generator Diesel Fuel System is an emergency standby power generator. The generator fuel systems do not meet current Technical Standards Safety Authority (TSSA) standard requirements and require repairs/upgrades to be legislatively compliant. A variance application has been submitted and approved by TSSA to maintain operational requirements until upgrades are completed for both stations. The TSSA has approved variance applications for both, Mountain and Central, stations until December 1, 2023 and December 1, 2024, respectively.

The COH approved and included in its 10-year Capital Plan the previous funding request for 2022 for Central station Generator System/Fuel upgrade. As such, HPS request the same consideration for 2023 and 2024.

3762251208 - 9MM Conversion (Glock Program)

Project Manager	Sanela Dzaferi	Section	Police Capital Financing	Year Approved	2022
Start Date	January 1, 2022	Completion Date	December 31, 2026		
Description	<p>The HPS is transitioning from a .40-caliber magazine to a Glock 9mm platform. Transitioning to 9mm offers substantial long-term cost savings as 9mm ammunition is cheaper. In addition, as most manufacturers are no longer producing .40 caliber ammunition, supply is significantly limited placing the organization at risk as a result of lack of supply.</p> <p>In 2022, the HPS negotiated a total Service conversion, with a rent-to-own, 5-year plan at \$183,060 per year. This is a second year of the 5-year deployment strategy.</p>

3762341201 - Parking Lot Replacement/patch work - All Police Stations

Project Manager		Section	Police Capital Financing	Year Approved	2016
Start Date	January 1, 2022	Completion Date	December 31, 2027		
Description	<p>Stantec's Facilities report (2016) identified the need for a complete parking lot replacement and resurfacing at all Police Stations (Central/East End/Mountain) as they have exceeded or are approaching their end of life conditions.</p> <p>An updated Building Condition Assessment (BCA) was completed in 2021 by Walter Feddy and identified that the East End station is in need of a complete parking lot replacement as patchwork repairs are no longer feasible. The estimated cost of \$850,000 is budgeted in 2023.</p> <p>The Central and Mountain stations parking lots display cracks and base failures that have created potholes. HPS has attempted to extend their useful life with patchwork repairs as required and will continue to do so until it is no longer feasible. Appendix A identifies the deployment strategy along with the projected costs for Central and Mountain stations.</p>

Capital Budget Project Detail Sheet

3762341301 - Pedestrian Pavers - Station 20 (East End)

Project Manager Sanela Dzaferi **Section** Police Capital Financing **Year Approved** 2023

Start Date January 1, 2023 **Completion Date** December 31, 2023

Description In 2021, the HPS budgeted \$25,000 for replacement and regrading of paving stones at East End station. The project was not fully completed as actual cost to do the whole area at once came in significantly higher than originally estimated. The increase is due to unstable markets and increased labour and material/construction costs during Covid. Shared use path is the main type of pedestrian facility that accommodate pedestrians. As such, the project needs to be completed as there are visible signs of a crumbling surface, including spalling, scaling and popouts. This can lead to structural damage to shared use path which can result in accessibility issues and tripping hazards.

3762351301 - Chain Link Fences - Station 10 (Central)

Project Manager Sanela Dzaferi **Section** Police Capital Financing **Year Approved** 2023
Start Date January 1, 2023 **Completion Date** December 31, 2023

Description There is a chain link fencing on the northern and eastern ends of Central station. This fencing surrounds and provides security to HPS police/pool vehicles and gas dispensing for the vehicles. The chain link fences are in poor condition with visible signs of rust, sagging and deterioration, all of which shortened the lifespan of the chain link fence. It is recommended that the chain link fences be replaced. Prolonging it will cause further damage to the underlying structure of the fence.

Capital Budget Project Detail Sheet

3762351302 - Marine Vessel Engine Replacement

Project Manager Sanela Dzaferi **Section** Police Capital Financing **Year Approved** 2023

Start Date January 1, 2023 **Completion Date** December 31, 2023

Description The Marine Unit provides vital support on the waterways within Hamilton Harbour, Lake Ontario, conservation areas and other water ways within the COH. The Marine Unit is responsible for enforcement on the water, search and rescue, criminal investigations and assisting vessels in distress. The current vessel was purchased in 2019 and has had several catastrophic motor malfunctions and a number of maintenance issues. The warranty period has expired and the current engines are no longer being produced or supported. Therefore, it is recommended that the engine be replaced in order to continue to conduct the duties safely, efficiently and effectively. This will also provide the HPS with the ability to provide community safety under numerous circumstances.

Capital Budget Project Detail Sheet

3762351303 - Prisoner Escort Vehicles

Project Manager Sanela Dzaferi **Section** Police Capital Financing **Year Approved** 2023
Start Date January 1, 2023 **Completion Date** December 31, 2024

Description The HPS Court Security Branch is responsible for transportation of prisoners to and from Central station, the Hamilton Wentworth Detention Centre (HWDC) and on occasion to facilities that are outside our jurisdiction. The Court Security Branch uses two 2012 court custody transportation wagons that have reached end of their useful life. The prisoner compartments have been reconditioned, however, hinges, latches, wiring and air conditioning are at lifecycle end and are failing. The HPS considered replacing only the prisoner compartment but the chassis of the current E450 is not compatible with the current prisoner compartments. Therefore, the HPS needs to replace two aging vehicles for the transportation of prisoners. It is recommended that one be replaced in 2023 and one in 2024, with an estimated costs of \$160,000 per year. These vehicles must be highly protected and feature bars or wire mesh over the windows, bulletproof glass, segregated prisoner compartments, and additional seating for escorting officers. Vehicles also must be equipped with radio communications, global positioning units, additional restraints and other emergency equipment. The optimal vehicle size for current operations includes 4 compartments, holding 16 prisoners.

Capital Budget Project Detail Sheet

3762357301 - Electronic Tickets/Notes (phased-in approach 2023-2026)

Project Manager Sanela Dzaferi **Section** Police Capital Financing **Year Approved** 2023

Start Date January 1, 2023 **Completion Date** December 31, 2023

Description The HPS will be launching a new eTickets/Notes pilot project in 2023. This initiative will allow the HPS to maximize innovative technology and reduce the time officers spend on paperwork. It will also provide officers with convenient pre-populated menus of common charges, and has the flexibility to enter less common offences and warnings as required. The eTickets/Notes solution also integrates directly with the HPS's existing records management system (RMS). This means increased accuracy and efficiencies in record keeping, compared to carbon-copy tickets which are hand-filled. It also streamlines the submission process to the courts. Statements and notes will be immediately uploaded, negating the need to scan hardcopies into the RMS which, in result, will improve efficiency in court disclosure. A phased-in deployment will commence with due diligence and software prep in 2023. An anticipated service wide roll-out is expected to begin in 2024, with a full implementation by 2026. The estimated implementation cost is approximately \$750,000.

RECOMMENDATION(S)

- (a) That the 2023 Tax Supported Capital Levy in the amount of \$142,959,430 be approved, inclusive of the following increases to the net levy;
- (i) \$5,000,000 (0.50%) for discretionary block funded projects principally for rehabilitation and replacement investments and to transition to the expected outcomes of the Strategic Asset Management Policy and Asset Management Plan;
 - (ii) \$2,500,000 (0.25%) for dedicated annual funding towards the implementation of the Climate Change Action Strategy;
 - (iii) \$53,140 (0.01%) to fund the debt servicing costs associated with the City's share of the approved Investing in Canada Infrastructure Program Transit Stream projects for 2023;
 - (iv) \$774,290 (0.08%) to fund the debt servicing costs associated with the West Harbour Waterfront strategic initiatives in 2023;
 - (v) \$869,000 (0.09%) to fund the debt servicing costs associated with the Hamilton Paramedic and Central Stores facility project approved in 2022;

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

SUBJECT: 2023 Tax Supported Capital Budget (FCS22081) (City Wide) – Page 2 of 30

- (b) That the 2023 Tax Supported Capital Budget and Financing Plan, attached as Appendix “B” to Report FCS22081, in the amount of \$251,838,300 be approved with the following funding sources:
- (i) \$2,692,000 from government grants and subsidies;
 - (ii) \$2,485,200 from other external sources;
 - (iii) \$18,771,150 from Development Charges Reserves;
 - (iv) \$454,750 from Community Benefit Charges Reserve;
 - (v) \$6,250,000 from Rate Supported Revenues;
 - (vi) \$40,702,910 from Reserves;
 - (vii) \$3,792,000 from Work-in-Progress and other internal transfers;
 - (viii) \$101,598,290 from the 2023 Tax Supported Capital Levy;
 - (ix) \$183,000 from the 2023 Hamilton Police Service Operating Budget;
 - (x) \$5,300,000 from Hamilton Utilities Corporation (HUC) / Alectra Dividends;
 - (xi) \$35,537,000 from Canada Community Building Fund Reserve (112213);
 - (xii) \$6,500,000 from the Unallocated Capital Levy Reserve (108020);
 - (xiii) \$7,772,000 from Tax Supported Debenture Financing;
 - (xiv) \$19,800,000 from Development Charge Supported Debenture Financing;
- (c) That the Tax Supported Discretionary Net Capital Funding Forecast 2024–2032, attached as Appendix “C” to Report FCS22081, which assumes the following, be approved, in principle, and re-visited by Council each budget year:
- (i) \$11,180,000 (1.12%) in each year from 2024 to 2032 to transition to the expected outcomes of the Strategic Asset Management Policy and Asset Management Plan;
 - (ii) \$645,000 (0.06%) in 2024, \$2,463,000 (0.25%) in 2025, \$938,000 (0.09%) in 2026, \$59,000 (0.01%) in 2027, \$2,513,000 (0.25%) in 2028, \$118,000 (0.01%) in 2029, \$9,119,000 (0.91%) in 2031 and \$8,042,000 (0.80%) in 2032 to fund additional debt servicing costs;

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

SUBJECT: 2023 Tax Supported Capital Budget (FCS22081) (City Wide) – Page 3 of 30

- (d) That the operating budget and full-time equivalent (FTE) impacts of the 2023 Tax Supported Capital Budget, estimated at \$3.2 M and 15.39 FTE positions, included in Appendix “D” to Report FCS22081 be referred to the 2023 Tax Supported Operating Budget and 2024 to 2026 Multi-Year Outlook deliberations for consideration;
- (e) That the General Manager, Finance and Corporate Services, be authorized and directed to negotiate and confirm the terms for the placement and issuance of all debenture issue(s), in either a public or private market and / or bank loan agreements and debenture issue(s), in and / or variable interest rate bank loan agreement and debenture issue(s), in an amount not to exceed \$29,072,000 Canadian currency, as attached in Appendix “B” to Report FCS22081, which includes \$7,772,000 in Tax Supported municipal debt and \$19,800,000 in Development Charges municipal debt;
- (f)
- (i) That the General Manager, Finance and Corporate Services, be authorized to engage the services of all required professionals to secure the terms and issuance of the debenture issue(s) described in recommendation (e) and (g) including, but not limited to, external legal counsel and fiscal agents;
- (ii) That the General Manager, Finance and Corporate Services, is authorized and directed, on behalf of the City of Hamilton, to enter into and / or execute, all agreements and necessary ancillary documents to secure the terms and issuance of the debenture issue(s) described in recommendations (e) and (g), on terms satisfactory to the General Manager, Finance and Corporate Services and in a form satisfactory to the City Solicitor;
- (g) That staff be authorized and directed to prepare all necessary By-Law(s) for Council’s consideration, for the purpose of authorizing debenture issue(s) described in Recommendation (e).

EXECUTIVE SUMMARY

Report FCS22081 provides the recommendations required to approve and implement the 2023 Tax Supported Capital Budget. The complete details of the capital budget are provided in the 2023 Tax Supported Capital Budget Book attached as Appendix “A” to Report FCS22081.

The City of Hamilton’s 2023 Tax Supported Capital Budget and 10-year Tax Supported Capital Program were prepared in accordance with the following principles in support of the City’s Strategic Plan and Long-Term Financing Plan:

- The annual budget reflects and supports the 2016-2025 Strategic Plan;
- The annual budget is aligned with the financial policies approved by Council;

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

SUBJECT: 2023 Tax Supported Capital Budget (FCS22081) (City Wide) – Page 4 of 30

- The City's financial position and prudent financial management of debt is prioritized to maintain the City's strong credit rating;
- All growth-related infrastructure costs that can be recovered under the *Development Charges Act, 1997* will be supported from development charge revenue, including dedicated development charge exemption funding for Council approved exemptions and interim financed through debt or reserves, as necessary;
- The annual budget accounts for the investment required to transition to the expected outcomes of the Strategic Asset Management Policy and the Asset Management Plan;
- All grant funding available to municipalities is investigated;
- Reserves are maintained per policy in order to repair / replace infrastructure, fund identified priorities and ensure long-term sustainability;
- Total tax and rate supported debt as a percentage of City own-source revenues does not exceed 60% unless approved by Council; and,
- Total development charge supported debt as a percentage of the total development charge eligible costs for the forecast period of the latest Development Charge Background Study does not exceed 25% unless approved by Council.

The proposed gross capital investment by the City of Hamilton in 2023 is \$285.7 M. This amount includes the \$251.8 M recommended for approval through Report FCS22081, as well as, \$33.9 M of previously approved funding for 2023 that includes reserve transfers and leveraging of grant funding made available from senior levels of government.

In order to support the \$285.7 M in capital investment, the Capital Financing Plan detailed within Report FCS22081 incorporates a \$9.3 M increase to the Capital Levy, or a 0.92% increase to the net levy. The increase in the Capital Levy is broken down as follows:

- \$5.0 M, or 0.50%, increase for discretionary block funded projects to be used principally for rehabilitation and replacement investments in the City's 10-year Capital Financing Plan;
- \$2.5 M, or 0.25%, increase for annual contributions to the Climate Change Reserve in order to provide sustainable financing for initiatives coming out of the Climate Change Action Strategy; and,
- \$1.7 M, or 0.17%, increase to fund the debt servicing costs associated with the City's share of the ICIP – Transit approved capital investments (0.01%), West Harbour Waterfront strategic initiatives (0.08%) and the Paramedic and Central Stores facility (0.09%). The total cost of the approved ICIP – Transit projects for the City is \$28.9 M in 2023, with the City's share amounting to \$8.8 M with \$0.5 M to be funded through tax supported debt with the remainder from development charge revenue and program reserves.

The proposed 2023 Tax Supported Capital Budget and 2024-2032 Capital Forecast is supported through the Capital Financing Plan that prioritizes the capital investment required to transition to the expected outcomes of the Strategic Asset Management Policy and Asset Management Plan, as well as, to support growth and development and service level targets outlined in the City's Strategic Plan, while maintaining the City's strong financial position and AAA credit rating. Elements of this plan include the following:

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

SUBJECT: 2023 Tax Supported Capital Budget (FCS22081) (City Wide) – Page 5 of 30

1. Annual increases to the Capital Levy (0.5% in 2023 and 1.1% in subsequent years) to meet the required asset reinvestment needs and inflationary increases to maintain infrastructure in its current state, as well as, a transitional plan to address the \$94.7 M annual funding gap for transportation assets that was identified in the Transportation Asset Management Plan over the next 10 years;
2. Increases to the Capital Levy equal to the annual debt servicing charges for all new debt to be issued over the 10-year planning period. It is necessary to increase the Capital Levy at least in proportion with the amount needed to finance new debt in order to ensure continuity of the level of funding available for replacement and rehabilitation, as well as, the proportion of debt repayments to City own-source revenues in order to maintain the City's AAA credit rating;
3. All discretionary program blocks have been increased by the cumulative Non-Residential Construction Price Index for the years 2012 through 2021 and at an estimated rate of inflation for all subsequent years beginning in 2022. This ensures that program areas maintain the same level of investment in capital infrastructure over the planning period and purchasing power is not eroded by inflation. Discretionary block allocations and service level targets will be revisited with the presentation of Asset Management Plans by the July 1, 2025 legislated deadline. The inflationary increases in capital block allotments have been funded through the reprioritization of debt paid by the Capital Levy that will be retired over the next few years;
4. The Capital Financing Plan has been updated with a strategy to address the \$54 M funding shortfall in discretionary DC exemptions. Beginning in 2023, the Capital Financing Plan incorporates an additional \$6.5 M per year over an eight-year period (ending in 2030) as dedicated funding for DC exemptions. Updates were made to the 10-year forecast for the timing of debt issuance, which provided the funding required over the eight-year period;
5. The Capital Financing Plan has prioritized funding for growth and development, such as, the West Harbour Waterfront and Airport Employment Growth District, that will provide both economic and socio-economic advantages to businesses and residents while also increasing the City's non-residential assessment; and,
6. The Capital Financing Plan advances key priorities of the 2016-2025 Strategic Plan through investment in strategic initiatives including Transportation, Transit, Housing and Homelessness, Park Development, Integrated Growth and Development and others.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

SUBJECT: 2023 Tax Supported Capital Budget (FCS22081) (City Wide) – Page 6 of 30**FINANCIAL – STAFFING – LEGAL IMPLICATIONS**

Financial: The 2023 Tax Supported Capital Budget and Financing Plan in the amount of \$285.7 M attached as Appendix “B” to Report FCS22081, includes the gross costs and sources of financing. The 2023 Capital Levy of \$143.0 M will be incorporated into the 2023 Tax Supported Operating Budget, representing a \$9.3 M increase from 2022 or a net levy increase of 0.92%.

The Discretionary Tax Supported Net Capital Funding Forecast 2023–2032, attached as Appendix “C” to Report FCS22081, provides details of the Capital Financing Plan for the next ten years in the total amount of \$2.2 B.

The 2023–2032 Capital Financing Plan assumes increases to the Capital Levy for discretionary block funding of 0.50% in 2023 and a 1.12% increase in each subsequent year (2024 to 2032). Additionally, a 0.25% increase has been incorporated into 2023 to support the Climate Change Action Strategy, as well as, additional increases for debt servicing requirements for new debt issued over the planning period.

Table 1 details the anticipated future net levy impacts for Capital Levy increases required to support the 2023-2026 Capital Financing Plan.

TABLE 1
Tax Supported Capital Financing Plan 2023-2026

	2023	2024	2025	2026
Asset Management	0.50%	1.12%	1.12%	1.12%
Climate Change Action Strategy	0.25%	0.00%	0.00%	0.00%
ICIP - Transit Stream (City Share - debt)	0.01%	0.01%	0.00%	0.00%
West Harbour Strategic Initiatives (debt)	0.08%	0.03%	0.25%	0.04%
Paramedic Services and Central Stores Facility (debt)	0.09%	0.00%	0.00%	0.00%
Library Expansion (debt)	0.00%	0.03%	0.00%	0.06%
Total Levy Impact	0.92%	1.19%	1.37%	1.22%

In order to accommodate capital spending requirements, \$29.1 M has been allocated to debt financing in the 2023 Tax Supported Capital Budget. This amount includes \$7.8 M in Tax Supported debt and \$19.8 M in Development Charges Tax Supported debt.

Some capital projects, especially those that provide new or expanded services, have an impact on operating costs on an ongoing basis once the projects have been completed. The estimated operating budget impacts of the recommended 2023 capital projects is \$3.2 M and 15.39 FTE positions. The operating impacts are detailed in Appendix “D” to Report FCS22081 and recommended to be referred to the 2023 Tax Supported Operating Budget and 2024 to 2026 Multi-Year Outlook deliberations for consideration by Council.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

SUBJECT: 2023 Tax Supported Capital Budget (FCS22081) (City Wide) – Page 7 of 30

Staffing: Final consideration and impact of the operating budget and FTE positions related to the proposed 2023 Tax Supported Capital Budget will occur through the 2023 Tax Supported Operating Budget deliberations.

Legal: N/A

Alternatives for Consideration – See Page 29**HISTORICAL BACKGROUND**

The City of Hamilton employs a hybrid Capital Block Funding Prioritization methodology that has evolved over the years, aligning with the City’s Strategic Plan. This has been accomplished by senior staff in all program areas endorsing a corporate capital funding program focused on meeting a base level financial requirement. This process ensures stable long-term capital funding for infrastructure program areas and facilitates effective costing and priority planning outcomes.

Council, through the 2022 Tax Supported Capital Budget Report (FCS21096), approved, in principle, the Tax Supported Discretionary Net Capital Funding forecast for 2023–2031. An update on the Capital Financing Plan was provided through the 2023-2025 Multi-Year Outlook and Capital Financing Plan Update Report (FCS22064) at General Issues Committee on August 8, 2022. Staff did not seek a recommended budget guideline related to the Capital Levy at that time due to the end of that term of Council. Staff prepared the 2023 Budget and Financing Plan in accordance with the City of Hamilton’s budget principles and Council approved financial policies.

Table 2 provides a summary of the historical tax supported net levy increases for the Capital Levy over the past three years in comparison to the proposed increase for 2023 based on the recommendations in Report FCS22081.

TABLE 2
Historical Tax Supported Capital Levy Increases

	2020 Approved	2021 Approved	2022 Approved	2023 Proposed
Discretionary Block Funding / Asset Management	0.50%	0.00%	0.50%	0.50%
Capital Levy Increase Climate Change Action Strategy	0.00%	0.00%	0.00%	0.25%
ICIP - Transit Stream (City Share - debt)	0.21%	0.18%	0.11%	0.01%
West Harbour Strategic Initiatives (debt)	0.03%	0.00%	0.04%	0.08%
Downtown Office Accommodations Strategy (debt)	0.14%	0.00%	0.00%	0.00%
Paramedic Services and Central Stores Facility (debt)	0.00%	0.00%	0.00%	0.09%
Library Expansion (debt)	0.00%	0.00%	0.00%	0.00%
DC Exemptions	0.00%	0.22%	0.00%	0.00%
Total Levy Impact	0.88%	0.40%	0.65%	0.92%

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

POLICY IMPLICATIONS AND LEGISLATED REQUIREMENTS**Asset Management**

The municipal asset management planning regulation (O. Reg. 588/17) under Bill 6, *Infrastructure for Jobs and Prosperity Act, 2015*, was adopted on January 1, 2018. On June 26, 2019, City Council adopted a Strategic Asset Management Policy (Report PW19053). On March 15, 2021, O. Reg. 588/17 was amended to extend regulatory timelines for phases 2, 3 and 4 by one year:

1. July 1, 2019: Date for municipalities to have a finalized strategic asset management policy that promotes best practices and links asset management planning with budgeting, operations, maintenance and other municipal planning activities.
2. July 1, 2022: Date for municipalities to have an approved asset management plan (AMP) for core assets (roads, bridges and culverts, water, wastewater and stormwater management systems) that identifies current levels of service and the cost of maintaining those levels of service.
3. July 1, 2024: Date for municipalities to have an approved asset management plan for all municipal infrastructure assets that identifies current levels of service and the cost of maintaining those levels of service.
4. July 1, 2025: Date for municipalities to have an approved asset management plan for all municipal infrastructure assets that builds upon the requirements set out in 2024. This includes an identification of proposed levels of service, what activities will be required to meet proposed levels of service and a strategy to fund these activities.

Through Report PW22048, Core Asset Management Plan, Council approved Asset Management Plans for transportation and waterworks assets on June 22, 2022 in accordance with the provincial regulations introduced through Ontario Regulation 588/17.

Report FCS22081 meets the requirements of the City of Hamilton's Debt Policy, whereby Council authority is required to issue debt.

Debt Management**I. Council Approved Debt Limits:**

1. Total tax and rate-supported debt as a percentage of City Own-Source revenues, not to exceed 60%, unless approved by Council.

The City's debt ratio in 2021 was 21.2% and is forecasted to be 17.8% in 2022 and 18.0% in 2023 – well within the limit of 60%.

SUBJECT: 2023 Tax Supported Capital Budget (FCS22081) (City Wide) – Page 9 of 30

2. Total Development Charge (DC) supported debt as a percentage of the total DC Eligible Costs for the forecast period of the latest DC Background Study, not to exceed 25%, unless approved by Council.

The City considers the limit of 25% to be an appropriate balance between two competing uses of revenues generated by development charges: (i) to sustain and ensure adequate infrastructure (capital), services and resources to support the City's growth plans; and, (ii) to repay the debt issued for development.

The City's DC supported debt in 2021 was 1.2% and is forecasted to be 1.0% in 2022 and 1.5% in 2023, well within the limit of 25%.

II. Statutory Limits:

1. The annual debt and financial obligation limit for the City is calculated in accordance with Section 3 of Ontario Regulation 403/02 as amended.

The City's debt service charges as a percentage of City Own Source Revenue of 4.3% in 2021 and forecasted at 3.6% in 2022 and 3.3% for 2023 are well within the limit of 25%.

2. Outstanding variable interest rate bank loan agreements and variable interest rate debentures, in total, cannot exceed 15% of the total outstanding debt of the City as set out in Ont. Reg. 276/02 s(2).

The City's debt ratios are below the limit of 15% with 3.8% in 2021 and forecasted at 5.0% in 2022 and 4.6% in 2023.

III. Financial Ratios:

The debt related financial ratios will remain well within the affordability range and acceptable levels of prudent financial management in 2023. Appendix "G" to Report FCS22081 provides the results of the following ratios:

- Debt and debt service charges per capita;
- Debt service charges as a percentage of City Own Source Revenue;
- Debt service charges as a percentage of the municipal levy;
- Debt to operating revenues;
- Debt to reserves and reserve funds; and
- Cash and liquid assets to debt service; cash and liquid assets minus debt.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

SUBJECT: 2023 Tax Supported Capital Budget (FCS22081) (City Wide) – Page 10 of 30

According to Ontario Regulation 403/02, Council shall, before giving authorization for capital work that would require a long-term debt or financial obligation, have the City Treasurer calculate an updated Annual Repayment Limit (ARL) using the most recent ARL determined by the Ministry. The most recent ARL, determined and sent, in writing, by the Ministry to the City Treasurer, is the 2022 ARL in the amount of \$293,261,629 and is based on 2020 Financial Information Returns.

Using this 2022 ARL, the City Treasurer has calculated an updated ARL of \$174,199,608, shown on page two of Appendix “G” to Report FCS22081. The 2022 ARL was adjusted for potential debt service charges of \$112,204,852 corresponding to approximately \$1 B of debt which has been approved by Council in prior years but not yet issued. The 2022 ARL was then further adjusted for debt service charges assumed or discharged on debt since December 31, 2020 to the end of 2021 and outstanding debt issuances related to CityHousing Hamilton. According to this calculation, the updated ARL of \$174,199,608 represents the maximum amount that the City has available to commit to payments related to debt and financial obligations before the statutory limit is breached and corresponds to approximately \$1,748,542,669 of additional borrowing capacity (assuming a 15-year term and 5.5% interest rate).

RELEVANT CONSULTATION

The 2023 Tax Supported Capital Budget is prepared in consultation with staff from all departments, as well as, senior leadership to determine the proposed submission and Capital Levy requirements to appropriately address budget pressures and risks while balancing tax affordability.

ANALYSIS AND RATIONALE FOR RECOMMENDATION(S)**Preliminary 2023 Tax Supported Capital Budget**

The Preliminary 2023 Tax Supported Capital Budget recommends a gross capital investment by the City of Hamilton of \$285.7 M in total. This amount includes the \$251.8 M recommended for approval through Report FCS22081, as well as, \$33.9 M of previously approved funding for 2023.

The detailed 2023 Tax Supported Capital Budget Book, attached as Appendix “A” to Report FCS22081, provides additional information on the capital projects recommended by staff. The 2023 Tax Supported Capital Budget Book includes:

1. A list of all projects included in the 2023 Tax Supported Capital Budget with funding sources;
2. A list of 2023 capital projects that have been previously approved by Council;
3. A list of projects identified by staff for 2023 but insufficient resources in the 10-year capital forecast to finance (unfunded);
4. The operating impacts of the proposed 2023 capital projects;

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

SUBJECT: 2023 Tax Supported Capital Budget (FCS22081) (City Wide) – Page 11 of 30

5. The affordable / unaffordable capital forecast that shows the difference between available capital financing and the 10-year capital project submissions for the 2023-2032 Capital Financing Plan;
6. A breakdown of the discretionary tax supported net capital funding available in the 2023-2032 Capital Financing Plan;
7. A list of capital projects by ward in the 2023-2032 capital forecast; and,
8. The capital summaries and project detail sheets by department and division for the 2023-2032 capital forecast.

Table 3 summarizes the proposed 2023 Tax Supported Capital Budget by program area and compares it to the previous year's approved capital program. The proposed capital budget incorporates a 0.92% net levy increase (\$9.3 M) dedicated to the Capital Levy.

The 2023 Tax Supported Capital Budget and Financing Plan in the amount of \$285.7 M, attached as Appendix "B" to Report FCS22081, includes the gross costs and identifies the sources of financing for each project recommended.

Staff is recommending a 2023 Capital Levy of \$143.0 M, which represents an increase of \$9.3 M over the 2022 Capital Levy of \$133.8 M and amounts to a net levy increase of 0.92%, or approximately \$41 per average residential household assessed at \$382,000.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

SUBJECT: 2023 Tax Supported Capital Budget (FCS22081) (City Wide) – Page 12 of 30

There was a large number of debt and DC funded capital projects in the 2022 Tax Supported Capital Budget within Energy, Fleet and Facilities (Macassa Lodge Redevelopment), Environmental Services (Brightside Park), Waste Management, Transit, Roads / Bridges / Sidewalk / Street Lighting / Traffic, and West Harbour and Waterfront Initiatives leading to the decrease in overall investment year-over-year from \$386 M in 2022 to \$286 M in 2023. These investments represent new assets or asset improvements that support growth and service enhancements. Asset replacement and rehabilitation is funded through the Capital Levy. The recommended increase to the Capital Levy of \$9.3 M in 2023 is primarily to address sustainable annual funding for transportation assets and that new investments in Climate Change, Transit and West Harbour do not erode the ability of other programs to fund existing asset requirements.

In setting the tax supported Capital Levy, the City must balance the need for property tax increases to support capital requirements of existing asset rehabilitation, continuity for municipal services, investments in new projects to support growth and Council's priorities with the affordability of residents and businesses within the community. The City's Senior Leadership Team supports a total Capital Levy increase of 0.92%, or \$9.3 M, for 2023 in order to accomplish these objectives. This is in recognition of the need for sustainable funding to begin addressing the annual funding requirements of the Transportation Asset Management Plan and the climate change emergency declared by City Council in 2019, as well as, to support debt servicing requirements for additional debt.

Table 4 illustrates the 0.92% net levy increase and the distribution of the proposed Capital Levy of \$143.0 M between annual debt servicing costs and "dollar-for-dollar" capital reinvestment. As presented in the Capital Financing Plan in 2022 budget deliberations, the 2023 Tax Supported Capital Budget recommends the reprioritization of retired debt towards increasing discretionary blocks for capital programs over the next few years. For 2023, this represents a shift of \$3.3 M of the Capital Levy, that had previously been dedicated towards annual debt repayments, towards direct capital reinvestment in City programs and services. Combined with the proposed Capital Levy increase in 2023, direct "dollar-for-dollar" investment is recommended to increase \$12.5 M year-over-year.

TABLE 4
Capital Budget Impact on Operating Budget

	2022	2023	CHANGE	
	Restated	PROPOSED	\$	%
Debt Charges	40,506	37,245	(3,261)	(8.0)
Transfer from Operating	93,257	105,714	12,457	13.4
Total Tax Supported Capital Levy	133,763	142,959	9,196	6.9

Municipal Tax Impact on Average Residential Property Tax 0.92% (\$41)

For reference, the ten-year historical Capital Levy increases are provided in Table 5. The proposed 2023 net levy increase related to the capital program of 0.92%, or \$9.3 M, would be an increase of 6.9% to the 2022 Capital Levy of \$133.8 M.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

FIGURE 2

The City of Hamilton's Preliminary 2023 Tax Supported Capital Budget and 10-year Capital Financing Plan (2023 -2032) focuses on the following strategic objectives;

1. A phased ten-year financing strategy to address the annual \$94.7 M infrastructure gap identified in the Transportation Asset Management Plan (0.50% net levy increase for 2023 and 1.12% in subsequent years until 2032);
2. Sustainable investment to support the municipal funding requirements for infrastructure programs from senior levels of government and for incremental debt requirements in strategic capital programs. The 2023 Capital Budget incorporates an additional 0.17% net levy increase to support the debt servicing requirements of the City's share of the ICIP - Transit Program (0.01%), West Harbour Waterfront Strategic Initiatives (0.08%) and the Paramedics and Central Stores Facility (0.09%);
3. Managing the total debt burden for the City of Hamilton at levels that will not negatively impact the City of Hamilton's AAA credit rating, which would result in an increased cost to borrow;
4. Annual sustainable funding to support the implementation of the Climate Change Action Plan (0.25% net levy increase for 2023);
5. Targeting capital investments in rehabilitation programs including traffic, bridges and roads, transit, social housing, corporate and recreation facilities and emergency services;

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

SUBJECT: 2023 Tax Supported Capital Budget (FCS22081) (City Wide) – Page 15 of 30

6. Supporting strategic investments in the 2016-2025 Strategic Plan and other Term of Council Priorities such as the 10-Year Local Transit Strategy, Affordable Housing and Poverty Reduction Investment Plan, the Solid Waste Management Master Plan, the Transportation Master Plan, Parkland Acquisition and the Climate Change Action Plan; and,
7. Investment in strategic growth initiatives such as the West Harbour Waterfront Strategic Initiatives, Downtown Revitalization, Airport Employment Growth District and Transportation Corridors.

Capital Financing Plan 2023-2032

Table 6 illustrates a four-year snapshot of the proposed Capital Financing Plan. This plan consists of a ten-year phased investment to address the \$94.7 M annual funding gap identified in the Transportation Asset Management Plan resulting in net levy increases of 0.50% for 2023 and 1.12% for 2024 through 2032. Additionally, discretionary capital blocks are increased at the pace of inflation as reported through Statistics Canada for the Non-Residential Construction Price Index over the ten-year Capital Financing Plan. This is to ensure that programs maintain their current rate of investment towards asset replacement and rehabilitation.

The Capital Financing Plan also incorporates additional levy increases for new debt planned within the ten-year outlook. This ensures that funding capacity for the replacement and rehabilitation of existing assets is maintained throughout the Long-Term Capital Financing Plan and that the City maintains its current financial position and AAA credit rating.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

SUBJECT: 2023 Tax Supported Capital Budget (FCS22081) (City Wide) – Page 17 of 30

The Capital Financing Plan is an important tool in achieving Council's strategic priorities, continuity of municipal service delivery and in maintaining the fiscal health and financial management of the City. It is an essential component of municipal financial planning and must consider the following objectives and budgeting principles:

- Aligns with the financial policies approved by Council;
- Accounts for the investment required to maintain infrastructure and facilities in a state-of-good-repair;
- Ensures all growth growth-related infrastructure costs that can be recovered under the *Development Charges Act, 1997* will be supported from development charge revenue, including dedicated development charge exemption funding for Council approved exemptions and interim financing through debt or reserves, as necessary; and,
- Reflects and supports the 2016-2025 Strategic Plan and Term of Council Priorities.

In past budget cycles, 0.50% Capital Levy increases have been utilized to keep up with the rising costs of construction and rehabilitation, as well as, to support debt servicing requirements for priority capital investment. The primary emphasis has been on the rehabilitation of the City's road and transportation network, with these programs receiving 4.0% increases to their annual capital block allotments in order to maintain year-over-year asset replacement value as a result of inflation and to support improvements towards overall asset condition for assets in those categories.

In June of 2022, City Council approved the Transportation Asset Management Plan through Report PW22048 which identified an annual funding gap of \$94.7 M for Transportation assets (\$86.6 M for the Road Network and \$8.1 M for Engineered Structures). In order to provide for the annual funding required needed for asset renewal, the annual Capital Levy increase of 0.50% is proposed to increase to 1.12% beginning in 2024 and continuing annually until 2032. This will effectively increase the Roads / Bridges / Sidewalk / Streetlighting / Traffic block from \$65.9 M in 2023 to \$159.1 M in 2032.

The 10-year Capital Financing Plan includes annual inflationary increases to the capital block allotments for all other asset categories managed by the City, in addition to transportation infrastructure, to ensure that all City assets are maintained in their current state until formal Asset Management Plans can be adopted with approved level of service targets by the July 1, 2025 deadline. At that time, the Long-Term Capital Financing Plan will need to reflect required investment to achieve Council approved service level standards.

Discretionary capital blocks have been maintained with no annual increases since 2012, apart from transportation infrastructure and one-time priority investments. The 2023 forecast includes an approximately 30% increase to discretionary capital blocks, which represents the cumulative Non-Residential Construction Price Index for the period of 2012 to 2021, as well as, an estimated increase in subsequent years of the Capital Financing Plan. These increases represent additional capital financing available to City services for funding replacement and rehabilitation infrastructure of approximately \$11 M annually on average for the 2023 to 2032 forecast period.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

SUBJECT: 2023 Tax Supported Capital Budget (FCS22081) (City Wide) – Page 18 of 30

The increases to discretionary capital blocks have been accommodated within the existing Capital Levy through the reprioritization of available capital financing from the retirement of debt. City staff expects that the proposed annual Capital Levy increases will be sufficient to manage current infrastructure requirements prior to receiving more informed direction on asset performance and levels of service targets that will be approved in the Asset Management Plans for non-core assets.

Extraordinary inflation pressures over the past several years resulting from global social and economic factors have been a major theme in budget discussions of late and continue to be a theme for 2023. Inflationary pressures of capital expenditures relative to the inflationary capacity of the Capital Levy and property tax increases are illustrated in Table 7. Over the past two years, the inflation on construction activities has far outpaced Capital Levy and property tax increases, which has eroded the City's ability to deliver infrastructure needs.

Moving forward, it is imperative that the Capital Financing Plan continue to increase program funding blocks at least at the rate of the Non-Residential Construction Price Index in order to maintain consistent reinvestment into the City's capital program and maintain the current state of infrastructure. Investment beyond the rate of inflation would be required in order to address the current infrastructure gap and provide for new assets related to growth that are ineligible for DC or CBC funding or new assets for enhancements to existing service levels.

TABLE 7
Inflationary Pressures on Capital Expenditures

(%)	2013	2014	2015	2016	2017	2018	2019	2020	2021	2022
Non-Residential Building Construction Price Index	0.3	1.4	1.8	2.9	3.2	4.6	3.9	2.6	9.5	15.6
Capital Levy Increase	4.0	-	4.9	4.7	3.9	8.8	3.9	6.3	3.0	5.0
Property Tax Increase	1.9	1.5	3.4	1.7	2.1	1.9	2.2	2.9	1.9	2.8

*forecast

Other key assumptions and highlights of the 2023-2032 Capital Financing Plan include:

1. Budgeted debt financing: For debt financed capital projects, it is assumed that debt repayments start on July 1 at a 5.50% interest rate amortized over 15 years for projects in 2023 and 2024 and at a 3.0% interest rate for projects in 2025 to 2032. For previously approved capital projects (Works-In-Progress – WIP's), July 1 is also the date that debt repayments start accruing;
2. Federal / Provincial Infrastructure Subsidy – Canada Community Building Fund: Most municipalities cannot adequately fund the cost of infrastructure renewal and rehabilitation on their own. In response, the Federal government contributes over \$2 B annually to 3,600 communities across the country. The City of Hamilton's allocation in the 2023 Tax Supported Capital Budget is \$35.5 M. This level of subsidy is also assumed, but not yet formally committed, in subsequent years of the ten-year forecast;

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

SUBJECT: 2023 Tax Supported Capital Budget (FCS22081) (City Wide) – Page 19 of 30

3. Hamilton Utilities Corporation Capital Funding Dividend: Based on the Hamilton Utilities Corporation Dividend Policy staff incorporated \$5.3 M in dividends to fund the Capital Program in 2023, as well as, \$5.3 M in each subsequent year thereafter (\$3 M dedicated to capital costs to implement the Poverty Reduction Investment Plan) until 2027 when the funding dedicated to the Poverty Reduction Investment Plan comes to an end;
4. DC Exemptions Backlog: Leveraging \$6.5 M annually between 2023 to 2030 from anticipated savings due to the timing of debt issuances to cover the shortfall (\$54 M) in historical discretionary Tax Supported DC exemptions incurred from 2013 to 2020;
5. Council Priorities: A one-time investment of \$3.5 M has been allocated for Term of Council Priorities in 2023 for unspecified initiatives for the new term of Council; and,
6. Climate Change Action Plan: A one-time investment of \$0.8 M in 2023, in addition to the dedicated levy of \$2.5 M annually or 0.25%, for the implementation of the Climate Change Action Plan.

The following 15-year Capital Budget summary of gross spending (Figure 3) shows historical and forecasted levels of capital investment.

FIGURE 3

Asset Management

The municipal asset management planning regulation (O. Reg. 588/17) under Bill 6, *Infrastructure for Jobs and Prosperity Act, 2015*, was adopted on January 1, 2018. On June 26, 2019, City Council adopted a Strategic Asset Management Policy (Report PW19053). On March 15, 2021, O. Reg. 588/17 was amended to extend regulatory timelines for phases 2, 3 and 4 by one year:

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

SUBJECT: 2023 Tax Supported Capital Budget (FCS22081) (City Wide) – Page 20 of 30

1. July 1, 2019: Date for municipalities to have a finalized strategic asset management policy that promotes best practices and links asset management planning with budgeting, operations, maintenance and other municipal planning activities.
2. July 1, 2022: Date for municipalities to have an approved asset management plan (AMP) for core assets (roads, bridges and culverts, water, wastewater and stormwater management systems) that identifies current levels of service and the cost of maintaining those levels of service.
3. July 1, 2024: Date for municipalities to have an approved asset management plan for all municipal infrastructure assets that identifies current levels of service and the cost of maintaining those levels of service.
4. July 1, 2025: Date for municipalities to have an approved asset management plan for all municipal infrastructure assets that builds upon the requirements set out in 2024. This includes an identification of proposed levels of service, what activities will be required to meet proposed levels of service and a strategy to fund these activities.

The goal of asset management is to provide a set level of service in the most cost-effective manner through the acquisition, operation, maintenance, renewal and disposal of assets. The effective management of infrastructure involves taking a lifecycle view, ensuring that cost, risk and level of service are all considered in decision making. This view ensures that, with its limited financial resources, the City of Hamilton can effectively sustain service delivery to residents and businesses.

In the future, the Province will require any municipality seeking provincial capital funding to prepare a detailed Asset Management Plan and show how its proposed project fits within the plan. It is reasonable to assume the ability to demonstrate the benefit of a project to the community through quantifiable metrics tied to legislative-based levels of service and costs will be a component of future provincial funding requests.

Beyond compliance, there are further benefits to the establishment of an Asset Management Policy and Plan for the City of Hamilton. Enhancements will provide opportunity to gain perspective on the current service levels being rendered to the community and identify the infrastructure needs to maintain current service levels or achieve proposed service levels. A sound policy along with a robust plan provides Council and staff new tools and information to make informed decisions, by offering:

- The annual requirements for lifecycle management based on asset performance and industry asset management best practices;
- Coordinated efforts for the planning of growth-related infrastructure and the ongoing operating and maintenance requirements for those assets;
- A means towards risk assessment and prevention, as well as, a clearer understanding of the risks involved with deferring or foregoing capital investment;

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

SUBJECT: 2023 Tax Supported Capital Budget (FCS22081) (City Wide) – Page 21 of 30

- An interpretation of the impacts of capital investment levels on municipal service delivery; and,
- A framework to prioritize capital investment amongst competing priorities for limited resources.

Through Report PW22048, Core Asset Management Plan, Council approved Asset Management Plans for transportation and waterworks assets in accordance with the provincial regulations introduced through Ontario Regulation 588/17. An annual funding gap of \$94.7 M for tax supported programs was identified based on asset renewal needs and planned operations and maintenance. A \$101.1 M annual funding gap was identified for rate supported programs.

During 2022 budget deliberations, City Council approved the 2023-2031 Capital Financing Plan, in principle, which had included a 0.50% annual tax levy increase (\$4.8 M) to primarily address deficiencies in state-of-good-repair within the road network.

Even with planned increases to the Capital Levy included in the previous Capital Financing Plan, there would still be a significant funding gap for the renewal of assets within the road network and engineered structures portfolios of approximately \$900 M over the 10-year capital plan. The Capital Financing Plan has been updated to reflect a phase-in approach to increase the annual funding amounts for those assets over the 10-year planning period beginning in 2024. This results in an additional \$6.2 M annually, or 0.62%, to the 0.5% annual increase that had previously been included in the Capital Financing Plan for a total Capital Levy increase of 1.12% in years 2024 through 2032 to address the annual funding gap.

Debt Management

In the proposed 2023-2032, 10-year Capital Financing Plan, tax supported budgeted external-debt levels peak in 2025 at \$576 M. Table 8 and Figure 4 provide the projected tax supported debt forecast and debt charge amounts. The actual debt forecast takes into consideration the many reasons that debt issuance may be delayed (e.g. capital projects require a longer EA process, availability of contractors, lead times on materials, etc.). The City will only issue debt upon substantial completion of associated capital works. In the latter end of the 10-year debt forecast, the City is still issuing debt for previous period capital investments and that is why the budgeted debt is greater than the actual debt. Credit Rating Agencies are most focused on the level of actual external debt in assessing investor risk.

On October 21, 2022, City Council received a communication update that the City of Hamilton maintained its AAA credit rating and stable outlook from S&P Global Ratings. Earlier in 2022, S&P Global Ratings had raised the City of Hamilton's rating from AA+ to AAA following the revision of the Canadian municipal institutional framework assessment to extremely supportive and predictable from very predictable and well-balanced. S&P Global Ratings cite that Hamilton continues to show characteristics of a resilient economy, including diversification and continues to have liquidity as a key strength.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

FIGURE 4

However, over \$1 B in capital works in progress have been approved for debt funding that has not yet been issued due to timing of completion and cash flow requirements. Given the amount of debt that has been previously approved and the reliance on debt financing for infrastructure improvements needed in the 10-year Rate Financing Plan, the City will exceed Council’s approved DC supported debt limit in 2026 and utilize the majority of debt capacity within the approved tax and rate limit over the next few years as illustrated in Figure 5 and 6.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

SUBJECT: 2023 Tax Supported Capital Budget (FCS22081) (City Wide) – Page 23 of 30

Finance staff will continue to monitor cash flow requirements and only issue debt when needed, but there may be a requirement to revisit Council’s approved debt policy in the near future. Staff will minimize the risk associated with DC debt by ensuring that any growth-related debt principal and interest are forecasted to be covered by future growth projections.

SUBJECT: 2023 Tax Supported Capital Budget (FCS22081) (City Wide) – Page 24 of 30**Roads, Bridges, Traffic Infrastructure Rehabilitation Program**

A key priority of the annual capital budget is to provide sufficient funding to maintain the City's transportation network. As indicated in the Transportation Asset Management Plan, the road network, alleyways, bridges and structures, street lighting and traffic system assets are valued at approximately \$6.7 B and an annual rehabilitation funding deficit of approximately \$94.7 M, or \$0.9 B over the ten-year planning period.

The sustainable annual investment amount for roads, bridges and traffic capital improvements is approximately \$160 M. The 2023 Capital Financing Plan recommends annual increases to the Capital Levy in a phased approach over the next ten years in order to meet close the infrastructure gap by 2032.

Table 9 shows the four-year Capital forecast for the Roads/Bridges / Traffic Infrastructure Rehabilitation Program. The net City investment for the four programs (roads / bridges / O&M / Development) fluctuates based on where the rehabilitation priority is the greatest.

TABLE 9

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

10-Year Local Transit Strategy

The 10-Year Capital Transit Plan, 2023-2032 proposes \$268.2 M in gross capital investments as detailed in Table 11. Within these investments are included a portion of a \$505 M of ICIP – Transit Stream projects that were approved by the federal government earlier over a seven-year period.

In August 2018, Hamilton City Council unanimously approved the Transportation Master Plan (TMP) and the Cycling Master Plan Update (CMP) and, in accordance with those initiatives, the City is committed to providing transportation options that meet legislated standards for both personal travel and good movement in an accessible, convenient, efficient and affordable manner. Along with priority safety measures to support the principles of the Vision Zero Strategy, the City aims to achieve the goal of a 48% non-single occupant vehicle modal split by 2031 with a target of 15% for walk / cycle, 12% for transit and 21% for auto passenger and shared modes.

The Hamilton Street Railway (HSR) operates a fleet comprised of approximately 267 buses and is scheduled to grow by 85 buses by 2025. Due to capacity issues, a new bus storage facility was required and approved by Council. The identified funding sources to support the proposed 10-Year Capital Transit Plan, 2023-2032 include ICIP, new debt, internal reserves, development charges and the Canada Community-Building Fund.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

Advancing the Ten-Year Local Transit Strategy and the Transit Capital Plan relies heavily on the ICIP – Transit Stream funding made available through the federal government. Details on the City of Hamilton’s submission through the ICIP – Transit Stream program can be found in Report PW19083 / FCS18048(a).

In addition to supporting the Ten-Year Local Transit Strategy and the BLAST Rapid Transit Network, the Transit Capital Plan provides the following;

- Sustainable reserves to maintain a 12-year life cycle for all buses;
- On-street infrastructure such as shelters and landing pads and associated annual maintenance requirements; and,
- The technology required to monitor the service and deliver customer information.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

Addressing Affordable Housing and Homelessness

On May 11, 2016, City Council directed staff to report back to GIC and Council with a plan to increase affordable housing and reduce poverty by investing in people across all wards in the City of Hamilton. The Poverty Reduction and Investment Plan was proposed and approved through Report BOH16034 / CES16043.

The report highlighted that housing must be the cornerstone of any poverty reduction plan including affordable housing and the social supports needed to build a safe and stable home environment to address other needs. Home is the foundation for success in education, employment, health and wellbeing across the life course. Research demonstrates investment in people has the greatest return the earlier we start. Disadvantage grows over the life course and makes it less likely youth in poverty will perform well academically, graduate high school and secure adequate employment as adults. This vicious cycle of poverty is reproduced from one generation to the next, unless critical investments are made to support pathways out of poverty.

Based on research and review of existing initiatives, the Poverty Reduction Investment Plan targets gaps with the highest potential impact toward breaking long-term cycles of Poverty, including:

1. Safe, stable, and affordable housing: investment in safe and secure homes addresses immediate needs and is the foundation for building lifelong health, learning and achievement. Broader poverty reduction goals cannot be addressed until housing needs are met.
2. Pathways out of poverty: early investment in children and families has the greatest impact on education, employment and health outcomes for two generations to escape poverty; and,
3. Indigenous-led poverty reduction: Indigenous people in Canada and Hamilton face multiple barriers that lead to higher rates of poverty, illness, and homelessness. City-wide action is needed to repair the devastating effects of colonial policies and relationships. Poverty reduction can contribute to reconciliation if rooted in respectful dialogue and self-determination.

This investment forms a critical cornerstone and launches development of a broader comprehensive 10-year Poverty Reduction Strategy. The City of Hamilton will continue building on the success of existing inter-agency partnerships to coordinate and leverage poverty reduction initiatives. Aligning existing strategies will also help leverage advocacy for provincial, federal, and private investment in poverty reduction. Taking collective action to reduce poverty improves the health and wellbeing of our whole community. This will help achieve the goal of making Hamilton the best place to raise a child and age successfully.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

SUBJECT: 2023 Tax Supported Capital Budget (FCS22081) (City Wide) – Page 28 of 30

There are three components to the Poverty Reduction Implementation Plan which were approved by Council on September 27, 2017:

- \$20 M for new affordable rental housing construction at \$4 M annually for five years (2017-2021);
- \$20 M for social housing repairs and renovations at \$2 M annually for 10 years (2018-2027); and,
- \$10 M for general Indigenous poverty reduction at \$1 M annually for 10 years (2018-2027).

The \$20 M total Poverty Reduction Implementation Plan funding allocated for rental construction was divided equally between the Housing Services Division (\$10 M) and CityHousing Hamilton (\$10 M), with \$4 M funded annually starting in 2017 and ending in 2021.

Climate Change Action Plan

City Council declared a climate change emergency in March 2019, at that time, joining 435 municipalities world-wide. Since then, the total number of municipalities has reached more than 800 cities around the world, as well as, the Government of Canada, all acknowledging the scale of the climate crisis and the need for accelerated action.

To support the Corporate Climate Change Task Force and Hamilton's Climate Change Action Strategy, City Council established a Climate Change Reserve and Policy with initial funding of \$1.5 M in the disposition of the 2020 tax operating budget surplus.

A 0.25% special levy (\$2.5 M) has been included in the Preliminary 2023 Tax Supported Capital Budget for Council's consideration along with an additional one-time contribution of \$800 K, which would be contributed towards the Climate Change Reserve to support the implementation of the City's Climate Change Action Strategy. Additional information on the City's Climate Change Action Strategy is available in Report PED22058 / HSC22030, Hamilton's Climate Change Action Strategy.

Development Charges and Community Benefit Charges

Table 12 summarizes the capital projects included in the 2023 Tax Supported Capital Budget that are required to service growth funded from DC and CBC revenues.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

SUBJECT: 2023 Tax Supported Capital Budget (FCS22081) (City Wide) – Page 29 of 30

TABLE 12
2023 Development Charges and Community Benefit Charges Funded Projects

Major Growth Related Investments in 2023 (\$000's)	Gross Cost	DC Funding	CBC Funding	Grants and Subsidies	Program Reserves	WIP Transfers	Capital Levy

4032280253 Arvin Ave - McNeilly to Lewis	1,500	1,500					
4402156124 Mountain Drive Park Redevelopment	1,500	500			1,000		
Various All Others	8,855	6,891		-	-	75	1,889
Total 2023 Tax Supported Budget	56,918	39,599	468	10,397	3,368	375	2,710

The total amount of budgeted DC revenue required for the 2023 Tax Supported Capital Budget is \$39.6 M. To facilitate growth, the City requires sizeable investment in up-front infrastructure and must incur debt. This means that a significant part of the 2023 to 2032 growth program will be funded through debt and the debt charges repaid from future DC collections.

Of note, the City of Hamilton has a DC Funding Policy that requires staff to limit the amount of risk in sustaining DC reserves. Therefore, growth projects will only be included in the proposed capital budget if the sustainability of reserves is maintained. The impact of this policy is that some projects may be delayed when compared to their timing in the DC Background Study or infrastructure master plans and debt financing may be required in order to maintain DC Reserve integrity. Staff will minimize the risk by ensuring that any growth-related debt principal and interest will be covered by anticipated future DC revenues.

On October 25, 2022 the Provincial government announced a number of proposed legislative changes that, if passed, will have a significant impact on the amount of DC and CBC funds available to support growth related projects in the future. Staff will be preparing a report for AF&A Committee on December 1, 2022 outlining the changes and potential impacts.

ALTERNATIVES FOR CONSIDERATION

Council can direct changes to the 2023 Tax Supported Capital Budget as long as the approved Capital Financing Plan remains in balance with the forecasted gross cost of all approved capital projects.

ALIGNMENT TO THE 2016 – 2025 STRATEGIC PLAN

Community Engagement and Participation

Hamilton has an open, transparent and accessible approach to City government that engages with and empowers all citizens to be involved in their community.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

SUBJECT: 2023 Tax Supported Capital Budget (FCS22081) (City Wide) – Page 30 of 30

Economic Prosperity and Growth

Hamilton has a prosperous and diverse local economy where people have opportunities to grow and develop.

Healthy and Safe Communities

Hamilton is a safe and supportive City where people are active, healthy, and have a high quality of life.

Clean and Green

Hamilton is environmentally sustainable with a healthy balance of natural and urban spaces.

Built Environment and Infrastructure

Hamilton is supported by state-of-the-art infrastructure, transportation options, buildings and public spaces that create a dynamic City.

Culture and Diversity

Hamilton is a thriving, vibrant place for arts, culture, and heritage where diversity and inclusivity are embraced and celebrated.

Our People and Performance

Hamiltonians have a high level of trust and confidence in their City government.

Capital Budget Project Detail Sheet

3621750301 - Confidential - Employment Land Bank Interest

Project Manager	Norm Schleeahn	Section	Business Development	Year Approved	2011
Start Date	January 1, 2017	Completion Date	December 31, 2046		
Description	This is a Council Strategic Initiatives Project. Pursuant to Council direction in Report PED 11222 December 12, 2011. "Property Acquisition for Economic Development Purposes:, City Council approved a program to increase the City holdings of employment/industrial lands to accelerate projects that create a diversified, sustainable economic base for the City of Hamilton through strategic acquisition and/or alteration of property. Funds are for interest charges related to a \$30M Line of Credit, interest rate estimated at 3%. Its expected that the full line of credit will be utilized in 2023 and thus \$900,000 will be required in 2023 and thereafter.

Capital Budget Project Detail Sheet

3622208202 - Brownfield Development

Project Manager Judy Lam **Section** Commercial Districts and Small Business **Year Approved** 2021

Start Date January 1, 2022 **Completion Date** December 31, 2036

Description This Program offers matching grants to pay for up to one-half of the cost of a Phase II and/or Phase III Environmental Site Assessment (Remediation Action Plan). The maximum City contribution per study is \$20,000 to a maximum of two studies and \$35,000 per property/project. The program is designed to encourage and promote brownfield redevelopment. This step is necessary for owner/developer to address the remediation and move to the next step in the redevelopment. The funding will also be used for audits of remediation documentation related to ERASE grants, strategic studies, and promotion of the program.

8202203200 - Start Up and Office Tenant Assistance Program

Project Manager Judy Lam **Section** Commercial Districts and Small Business **Year Approved** 2010

Start Date January 1, 2022 **Completion Date** December 31, 2037

Description This Program is intended to provide low-interest Loans or Forgivable Loans that will facilitate the undertaking of eligible leasehold improvements to office space by property owners or authorized tenants in order to support the creation of new office space and improve the marketability and attractiveness of existing office space, attract start-up/business incubators and individual start-up businesses. City Council, at its sole discretion, has the option at the time of initially approving a loan commitment, of providing a grant or forgivable loan rather than a loan when an applicant is an educational establishment establishing its presence in the Downtown Hamilton CIPA or the Applicant is a Start-up.

8202203205 - Commercial Vacancy Assistance Program- Downtown Block

Project Manager Judy Lam **Section** Commercial Districts and Small Business **Year Approved** 2021

Start Date January 1, 2021 **Completion Date** December 31, 2037

Description The Commercial Vacancy Assistance (CVA) Program (the Program) is intended as a temporary program that is a direct response to minimize potential commercial vacancies arising during, and/or in the immediate recovery from, the COVID-19 pandemic and its impact on the local, provincial and national economy. This Program will provide financial assistance in the form of a Grant to new permanent or 'pop-up' commercial tenants of a presently vacant at, or below grade, commercial space so as to make permanent interior improvements for the purposes of improving the attractiveness and usability of the space for the intended commercial use.

Capital Budget Project Detail Sheet

4031380360 - Waterdown - Burlington Road Upgrades

Project Manager Gavin Norman **Section** Development Engineering **Year Approved** 2009
Start Date January 1, 2013 **Completion Date** December 31, 2023

Description Waterdown Road upgrade is required to accommodate growth in Waterdown. Design and Construction is being completed by the City of Burlington and funded by the City of Hamilton per a Cost Sharing Agreement between the two municipalities. The 2023 Capital Budget request is the last installment of year over year payments to the City Burlington for the road upgrades in accordance with the agreement.

4032255242 - Transportation Network Review and Implementation Plan

Project Manager	Omar Shams	Section	Transportation Planning	Year Approved	2021
Start Date	January 1, 2022	Completion Date	December 31, 2023		
Description	To review and update the Transportation Master Plan recommended infrastructure improvements to 2051 and prepare an implementation plan and costing in conjunction with the GRIDS 2 process. Review 2018 TMP road and transit networks and undertake analysis to extend plans to 2051. Prepare implementation plan, project sheets and costs for input to DC background study and capital plan.

4901945900 - Waterproofing Membrane Replacement - Convention Centre Parking Garage

Project Manager	Amanda McIlveen	Section	Hamilton Municipal Parking System	Year Approved	2014
Start Date	January 1, 2019	Completion Date	December 31, 2024		
Description	The waterproofing is nearing its life-cycle (replacement required every 10-12 years to avoid structural damage). Minor repairs and assessment completed in 2015. Consultant report in 2015 recommended replacement to begin to avoid costly structural damage. Consultant updated report in 2020 recommending immediate repair and replacement to avoid further damage as well as increased repair costs since 2015 assessment.

8101655600 - Comprehensive Zoning By-Law

Project Manager Shannon McKie **Section** Zoning & Committee of Adjmt **Year Approved** 2002
Start Date January 1, 2016 **Completion Date** December 31, 2027

Description The Capital Budget is for the preparation of a new Comprehensive Zoning By-law for the City to support the City's Strategic Priorities of Economic Growth and Prosperity and Building Environment and Infrastructure. The current phase is the Residential Zones, and any other remnant properties. Additional money is required to hire specialized consultants to prepare urban design standards to inform regulations for the low, medium and high density zones. Consultants are required to create Green Development Standards for medium and high density zones. The Low Density Residential Zones will be coming forward in stages requiring public consultation events. The remnant properties will be incorporated into the various Residential Zone phases. Following the completion of the Residential Zones, a fulsome review of the Zoning By-law will be required to complete the required 10 year comprehensive review.

8121255620 - Part IV Designation of Properties under the Ontario Heritage Act

Project Manager Ken Coit **Section** Heritage & Urban Design **Year Approved** 2012
Start Date January 1, 2011 **Completion Date** December 31, 2035

Description The money will be used to retain consultants to carry out cultural heritage assessments of properties on municipal register on Council approved work plan for potential designation and to update existing Designation By-laws as a result of Bill 108. Assessments will utilize City's Evaluation Criteria and Ontario Heritage Act criteria to assess properties and make recommendations regarding designation. Based on motion passed by Municipal Heritage Committee on April 21, 2011 and approved by Council in June 2011. 18 year Council approved work plan currently includes over 100 properties. Current "backlog" exceeds/contradictory to Council approved time lines for designations. In some cases it affects property owner ability to move forward. Work will assist in reducing wait time for designations. Through Report PED16049, \$400K was transferred to the Part IV Designation of Property Capital Project. Transfer will assist with the work plan until 2022. Additional funds needed in 2022 to complete the work plan. Work implements the City's Strategic Priority of "Culture and Diversity."

8121755705 - Urban and Rural Official Plan Five Year Review

Project Manager Heather Travis **Section** Sustainable Communities **Year Approved** 2016

Start Date January 1, 2017 **Completion Date** December 31, 2024

Description Review and update of policies in the Urban and Rural Official Plans are required to conform to provincial planning directions in updated provincial plans (Niagara Escarpment Plan and Growth Plan for Greater Golden Horseshoe). Background work for RHOP includes significant woodland identification, key hydrologic data and mapping. UHOP work includes implementation of growth strategy and other policies as well as a commercial land use review to respond to rapid changes in retail landscape. This work will update the official plans and guide the future growth of the City which will support the Strategic Priority of Economic Prosperity and Growth. The need for funding was identified in 2021 through multi-year budgeting for 2023 and 2024.

8121957900 - 3D Model Development

Project Manager Ken Coit **Section** Heritage & Urban Design **Year Approved** 2018

Start Date January 1, 2019 **Completion Date** December 31, 2026

Description The continued development of a 3D model city-wide to support development applications. The model is updated with 3D model submissions through development applications. The 3D modeling capabilities along with 3D printing are used to support development application analysis, to enhance community engagement and visualization for planning projects as well as provide analysis for corporate real estate valuations, city initiatives, and downtown servicing projects. The city-wide model is being configured to be accessible internally by all staff as an initial step to making the model publicly accessible. The development industry uses city-wide publicly accessible models to prepare and support development applications across the GTHA. Hamilton has been behind other mid-sized and large municipalities in developing 3D capabilities and having a publicly accessible city-wide 3D model.

8122255200 - Future Urban Growth Areas Secondary Plans and Associated Studies

Project Manager Christine Newbold **Section** Sustainable Communities **Year Approved** 2021

Start Date January 1, 2022 **Completion Date** December 31, 2025

Description As part of the City's updated Growth Strategy and implementing Official Plan Amendments, the City has identified new growth areas outside the existing urban area which will accommodate population and employment until 2051. Secondary Plans, subwatershed studies, transportation studies, infrastructure studies, agricultural impact assessment and financial impact studies will be required for the future growth areas.

8141555600 - Hamilton Growth Management Review

Project Manager	Christine Newbold	Section	Sustainable Communities	Year Approved	2014
Start Date	January 1, 2015	Completion Date	December 31, 2024		
Description	Initiated in 2015, Hamilton Growth Management Review account funded the staff and consulting resources required to complete Hamilton's growth management work (GRIDS2) and the Municipal Comprehensive Review (MCR) as required by the Growth Plan and the Planning Act. The official plan amendment incorporating Council's preferred growth scenario, employment land conversions and provincial policy conformity work was approved by Council in June 2022. Decision by the Minister is pending. Council directed additional site specific analysis be undertaken on a potential employment land conversion site and consultant and staff resources are required. Continued staffing of the Policy Planning team is required to complete the final phases of the MCR and administer outcome of the Minister's decision on the MCR OPA. Additional staff resources are required through the end of 2024 to ensure that all phases of the Municipal Comprehensive Review workplan are completed.

7202041201 - ICIP CCR Griffin House Stabilization

Project Manager John Summers **Section** Tourism & Cultural Operations **Year Approved** 2019

Start Date January 1, 2020 **Completion Date** December 31, 2025

Description This project is funded by an ICIP (Investing in Canada Infrastructure Program) cost sharing grant and requires matching funding.

The Griffin House National Historic Site requires structural and building envelope restoration. This project will address foundation repairs, improve site drainage, restore wooden cladding and interior finishes, replace the roof, restore masonry and windows and improve the site accessibility.

7202041204 - ICIP CCR Children's Museum Expansion Phase 2

Project Manager	Carolyn Samko	Section	Tourism & Cultural Operations	Year Approved	2019
Start Date	January 1, 2020	Completion Date	December 31, 2024		

Description This project is funded in part by an ICIP (Investing in Canada Infrastructure Program) cost sharing grant and a CCRF (Canadian Community Revitalization) grant.

The Hamilton Children's Museum has consistently seen a record number of visits since it re-opened in 2015 after structural stabilization. The Museum struggles to accommodate the demand of families and requires an expansion in size to meet the demand for visitation, expanded programs and improved accessibility. The main project budget is funded and is supported in part by ICIP and CCRF grants. Tender and construction is beginning in Q3 2022 on the project.

The requested funds will add an enhancement to the budget to allow for cost escalation due to COVID-19, provisional items, final fit-up of the site and equipment for the new fenced in exterior spaces.

7202058202 - Collections Management

Project Manager John Summers **Section** Tourism & Cultural Operations **Year Approved** 2019

Start Date January 1, 2020 **Completion Date** December 31, 2032

Description This project is a multi-year project to develop and implement an up-to-date museums collections information management system. Staff are addressing the backlog of cataloguing and collection management issues. The information related to 60,000 three dimensional artifacts in the archival storage facility has been recorded.

This phase of work will address cataloging artifacts from the Fieldcote House and Garden collection, the Hamilton Museum of Steam and Technology collection and the Whitehern National Historic Site Collection. Re-organization of storage areas and preparation of artifacts is also happening, in order to accommodate major capital work at sites.

7202341002 - Gage House Windows Restoration

Project Manager Carolyn Samko **Section** Tourism & Cultural Operations **Year Approved** 2022
Start Date January 1, 2023 **Completion Date** December 31, 2023

Description The Restoration of Gage House has been a multi year, multi phase project and has included structural repairs, exterior cladding improvements and repainting.
 The historic windows on the main house are the last remaining part of the building to be restored. Work will include full restoration of the historic wooden sash and frames, including new putty, replacing broken glass, restoring hardware, re-painting and adding storm windows. Restoration of the windows will improve the energy efficiency of the building envelope and correct water infiltration issues.

7202341003 - Veever's Estate Rehabilitation

Project Manager Carolyn Samko **Section** Tourism & Cultural Operations **Year Approved** 2022
Start Date January 1, 2023 **Completion Date** December 31, 2025

Description The Veever's House requires assessability improvements, window restoration and other building and site improvements to improve functionality and energy efficiency. This project is the first part of a multi-year phased project to address deficiencies at the site. The first project will be to add an accessible entrance and washroom to the building.

7202341004 - Civic Museum Artifact Storage Facility Improvement

Project Manager	Carolyn Samko	Section	Tourism & Cultural Operations	Year Approved	2022
Start Date	January 1, 2023	Completion Date	December 31, 2023		
Description	The artifact storage facility for the Hamilton Civic Museum collections requires Health and Safety and Accessibility upgrades to support additional staff working at that site. This includes modifying the entrances and bathroom, adding a kitchenette, improving safe on-site chemical storage and disposal, improving conservation workstations and improving office areas to accommodate additional staff work spaces.

7202341008 - Gardener's Cottage at Dundurn Park Rehabilitation

Project Manager Carolyn Samko **Section** Tourism & Cultural Operations **Year Approved** 2022

Start Date January 1, 2023 **Completion Date** December 31, 2025

Description The Gardener's Cottage at Dundurn park is a designated building that is part of the National Historic site and requires restoration. It is proposed to make this building a carbon neutral heritage facility utilizing new technology to heat, cool and restore the site for a public partnership use. Funds will be used to do stabilization of the building including roof replacement.

The first phase will be to create a feasibility report, create a concept plan and budget and then followed by design and implementation in following years.

7202341009 - Whitehern Site Security Improvements

Project Manager	Carolyn Samko	Section	Tourism & Cultural Operations	Year Approved	2022
Start Date	January 1, 2023	Completion Date	December 31, 2023		
Description	This project will undertake security improvements at the Whitehern Museum site. Increased vandalism, camping and after hours activity on the site has caused damage to the building, increased garbage and public health and safety risks. Funds will be used to implement preventative security features recommended by Hamilton Police to the site.

7202355001 - Heritage Facility Designated Substance Survey Studies

Project Manager Carolyn Samko **Section** Tourism & Cultural Operations **Year Approved** 2022

Start Date January 1, 2023 **Completion Date** December 31, 2024

Description Designated Substance Reports need to be updated for all of the Heritage Facilities and Civic Museums managed by Tourism and Culture. Reports were last done over 10 years ago and the information is no longer relevant for many buildings. DSS reports are required to undertake any construction work where the building will be disturbed and are necessary for the health and safety of staff.

7402351100 - Annual Equipment Replacement

Project Manager Stephen Welton **Section** Fire Operations **Year Approved** 2023
Start Date January 1, 2023 **Completion Date** December 31, 2032

Description The equipment replacement schedule is based upon the life expectancy of various Hamilton Fire Department (HFD) needs in conjunction with an ongoing assessment of equipment condition. Based on this schedule, in 2023 HFD will require various equipment replacement including personal protective equipment and extractors, defibrillator pads/batteries, SCBA components and compressors, gas detection and HAZMAT equipment, firefighting hose, power tools, notification equipment, portable radios, other technical rescue equipment, and remote piloted aircraft system equipment.

Capital Budget Project Detail Sheet

7402351101 - Annual Vehicle Replacement

Project Manager Stephen Welton **Section** Fire Operations **Year Approved** 2023
Start Date January 1, 2023 **Completion Date** December 31, 2032

Description The vehicle replacement schedule is based upon industry standards in conjunction with an annual assessment of the vehicle's serviceability and overall condition. HFD monitors market conditions vs. operational needs to determine if replacements can be accelerated or deferred if more favourable for the City. In 2023, HFD plans to purchase: 1 Pumper to replace 1 existing similar 20-year-old fire apparatus, 2 support vehicles to replace existing 10-year-old (+) support vehicles, and 6 small vehicles for Fire Prevention to replace 6 similar 10-year-old vehicles. Due to supply chain issues and lengthened manufacturing lead times created by the Pandemic, it should be noted that the procurement lead time for firefighting apparatus (large fleet) has increased to the point where it is anticipated that the delivery time for the Pumper is between 16-24 months from the issuance of a Purchase Order. Hence, there will always be at significant lag time between budget approval and receipt of apparatus. As a result, HFD is also requesting the budget and procurement approval of 2024 vehicles be included as well in the 2023 Capital Budget process. In 2024, HFD plans to purchase: 1 Engine to replace 1 existing similar 20-year-old fire apparatus, 4 support vehicles to replace existing 10-year-old (+) support vehicles, and 6 vehicles for Fire Administration to replace 6 similar 10-year-old vehicles.

7402351102 - Various Fire Station and Logistical/Training Upgrades

Project Manager Selma McFadyen **Section** Fire Operations **Year Approved** 2023

Start Date January 1, 2023 **Completion Date** December 31, 2023

Description The first part of this project is to utilize block funding to undertake rehabilitation/renovation work at several of the fire station locations in order to satisfy health and safety and/or operational needs. The rehabilitation/renovation work will ensure that: appropriate bunker gear storage areas are available, appropriate areas are available for the decontamination of firefighting personnel protective gear and station wear post incident, that the facilities have the required amount of washroom/locker room gender capacity facilities and that the proper ventilation systems are in place to minimize exposure emissions. The second part of this project is to utilize block funding to replace/update training props for Haz Mat, elevator entrapment/entry, machine entrapment, forcible entry and fire dynamics.

Capital Budget Project Detail Sheet

7642351100 - Annual Vehicle Replacement

Project Manager Cliff Eggleton **Section** Paramedic Service Operations **Year Approved** 2023

Start Date January 1, 2023 **Completion Date** December 31, 2032

Description Ambulances and Emergency Response Vehicles (ERV) are highly specialized vehicles, built to Ministry-mandated specifications. Paramedic Service Vehicle replacement is based on Ministry standards and equipment life cycle. The Hamilton Paramedic Service replaces ambulances and ERV on a six year average cycle, which is on the longer side of industry standards. Twelve (12) vehicles are scheduled for replacement in 2023: Seven (7) ambulances, five (5) ERV's and two (2) compact pickup trucks to support the Social Navigator Program. Six (6) vehicles are scheduled to be refurbished and expected to extend the life cycle by two (2) years. The procurement lead time for these specialized vehicles has been increasing during the pandemic which can now be up to 24 months. This is driven by manufacturer production cycles, shortages of parts, COVID 19 chassis factory shutdowns, and delays for the availability of specialized vendors for fit-up of specialized vehicles. As a result, HPS is also requesting the budget and procurement approval of 2024 vehicles as well. Nine (9) vehicles are scheduled for replacement in 2024: Six (6) ambulances and three (3) ERV's.

7642351101 - Annual Equipment Replacement

Project Manager Cliff Eggleton **Section** Paramedic Service Operations **Year Approved** 2023
Start Date January 1, 2023 **Completion Date** December 31, 2032

Description Ancillary Paramedic equipment is purchased based on MOH Equipment Standards and equipment life cycles. 2023 requirements include lifecycle replacement of 20 Stryker Power-Systems and Power Cots, 1 mask fit test device, PAD Defibrillators, and other general medical equipment. All equipment replacement in the capital program is scheduled in accordance with the long term capital plan which includes an ongoing increase in contributions from the 50% MOH-funded Operating Budget to capital reserves.

7642351103 - Mobile Computer Aided Dispatch

Project Manager Cliff Eggleton **Section** Paramedic Service Operations **Year Approved** 2023
Start Date January 1, 2023 **Completion Date** December 31, 2023

Description This project is to support the capital requirements to update our current Ambulances and ERV fleet to become a live clinical hub with secure connections between the 911 medical dispatch centre and the receiving area hospitals. A live integration with 911 and hospitals / Medical clinicians will allow immediate information exchange as it happens, diagnosis consultation with clinicians and Health and Safety information to be immediate and secure between front line paramedics and the 911 / hospital centers. The Capital requirements are updated vehicle modems – Vehicle cell boosters – Vehicle tablets and smart phones to be added to the paramedic fleet.

6730041000 - Social Housing Capital Repairs and Regeneration

Project Manager	Brian Kreps	Section	Social Housing	Year Approved	2014
Start Date	January 1, 2023	Completion Date	December 31, 2032		
Description	Hamilton has approximately 14,000 units of social housing administered through 42 different housing providers. Housing quality is as important as its availability and affordability. Housing that does not meet health and safety standards and is in need of repairs is referred to as inadequate housing. Outcome #4 of the Council approved 10 year Housing and Homelessness Action Plan is that people live in housing that is good quality, safe and suitable for their needs. The 2020 capital repairs and regeneration call for applications (CFA) will support specific Building Condition Assessment outcomes or other subsequently identified needs such as energy related repairs / regeneration . Social Housing will issue the CFA, evaluate and award funding competitively based on need (BCA) and impact (reduction of waitlist and preservation of housing assets).

Capital Budget Project Detail Sheet

6301941001 - WL - Main Entrance Redesign

Project Manager Vince Guetter **Section** Wentworth Lodge **Year Approved** 2019

Start Date January 1, 2019 **Completion Date** December 31, 2023

Description A building condition assessment was completed that identified the current barrier free main entrance at WL posed a potential risk to residents due to the slope into the parking lot. The slope originates at the main entrance that leads directly into the driveway and main parking lot. A design proposal is required to address this risk to the Residents. It is essential to provide a Barrier Free Compliant accessible entrance and concrete platform that is safe for the Residents, as per the Building Condition Assessment Study. An upgrade, in keeping with these findings, should be undertaken to prevent safety hazards for unattended Residents and those in wheelchairs with limited strength and/or ability to control mobility, as per the outcome from the recommended study.

Capital Budget Project Detail Sheet

6301941006 - WL - Servery Retrofit (Cabinet and Counter Replacement)

Project Manager Vince Guetter **Section** Wentworth Lodge **Year Approved** 2019

Start Date January 1, 2019 **Completion Date** December 31, 2023

Description The arborite counters in the servery locations (six) are cracked and chipped therefore, promoting bacteria in a food service environment and notably, they are at the end of life. The lower cabinetry is no longer standing up and needs to be replaced with a more substantial commercial grade product that will withstand wear. Quartz countertops are an excellent choice for commercial applications as they are non-porous, making them safe for use in the food service and health care industries. In addition, cabinet doors should be constructed of a solid product and not MDF.

*Cost of the project also includes a 10% project management fee in 2020 which is being charged to the division by Public Works for project management services

Project Manager	Jennifer Hohol	Section	General Managers Office	Year Approved	2019
Start Date	January 1, 2021	Completion Date	December 31, 2028		
Description	Healthy and Safe Communities delivers a wide range of services to residents, many of whom access multiple services. Currently, services are delivered from traditional programmatic silos. Healthy and Safe Communities is developing a plan to integrate services it delivers to improve the client experience and outcomes. Starting Point projects are being identified that can be implemented relatively quickly to serve as experiments and opportunities to learn. Office space, reception areas and service counters are all configured to address the needs of existing services. Some initial starting points also focus on delivering services outside of traditional office settings to make services more accessible. Implementing the plan will require the renovation and reconfiguration of service counters, lobbies and office space to reflect new approaches to service delivery.

3542351300 - Art Gallery of Hamilton -Elevator Upgrades

Project Manager Delfina Duarte **Section** Facilities Planning and Business Solutions **Year Approved** 2023

Start Date January 1, 2023 **Completion Date** December 31, 2023

Description In accordance with an Amending Lease Agreement dated February 24th 1988 between the City of Hamilton and the Art Gallery of Hamilton (AGH), the City of Hamilton is equally responsible for the maintenance and replacement or extraordinary or major repair costs of passenger Elevator No. 2. The AGH has submitted a request for the City to pay for \$250,000 calculated as 50% of the estimated \$500,000 total cost of repairs (see copy attached). This capital submission is submitted for budget approval but actual payment will be based on confirmation of actual costs applicable only to Elevator No. 2 and subject to legal review. Please note that this request for funding forms part of a larger renovation project at the AGH that is being funded in part by the Federal Development Canada Community Revitalization Fund. The total project cost is \$1,006,205 and FedDev Canada will fund \$750,000.

Capital Budget Project Detail Sheet

4032011028 - Southcote - Garner to Highway 403 Bridge

Project Manager Jackie Kennedy **Section** Infrastructure Renewal **Year Approved** 2001
Start Date January 1, 2020 **Completion Date** December 31, 2023
Description 2023 funding for land acquisition, utility locates and trees. The roadway has become structurally deficient and is in need of reconstruction. In conjunction with the Southcote Road EA, the roadway requires reconstruction and urbanization to a three (3) lane profile to improve the level-of-service, operation and safety, as well as reduce maintenance costs. This project is to be coordinated with watermain upgrades.

4032255962 - Road Network Pavement Inspection - CASH FLOW

Project Manager Jackie Kennedy **Section** Infrastructure Renewal **Year Approved** 2022

Start Date January 1, 2022 **Completion Date** December 31, 2047

Description To conduct a detailed pavement condition inspection of the Expressway and Arterial road network (approximately 1700 lane-kilometres) on a 2-year cycle, and inspection of the City's remaining Collector and Local road network (approximately 4800 lane-kilometres) on a 4-year cycle, beginning in 2023. This will result in a network-wide condition inspection (approximately 6500 lane-kilometres) every 4 years. Results of the inspections to be utilized for reporting and benchmarking, and as input into prioritization of future capital road rehabilitation projects.

4032301099 - Engineering Services Staffing Costs - Road

Project Manager Jackie Kennedy **Section** Infrastructure Renewal **Year Approved** 2023
Start Date January 1, 2023 **Completion Date** December 31, 2047

Description To fund Engineering Services staffing costs through capital for work on road related capital projects, both in-year and future. In the past, these charges were built into in-year approved capital projects on a pro-rated basis. In order to provide more transparency and capture staffing costs for future works in a more accurate way, these staffing costs are now reflected in this project and removed from all other individual Engineering Services projects.

4032311013 - Sherman - King to south end (LRT Enabling)

Project Manager	Abdul Shaikh	Section	Infrastructure Renewal	Year Approved	2023
Start Date	January 1, 2023	Completion Date	December 31, 2023		
Description	Metrolinx has initiated watermain installation works along Sherman Ave. The City will coordinate the reconstruction of the south end of Sherman Ave with the Metrolinx works. Coordinating the resurfacing of the south end of Sherman Ave is a cost-effective method as it may result in cost-savings through traffic control and mobilization costs. This project is coordinated with watermain replacement. Subject to Metrolinx funding. CPMS 11258

Capital Budget Project Detail Sheet

4032311905 - Milton/City Cost Share - Milborough Townline Rd - RR7/Derry Rd to Concession 10 East

Project Manager Jackie Kennedy **Section** Infrastructure Renewal **Year Approved** 2023

Start Date January 1, 2023 **Completion Date** December 31, 2024

Description The roadway has become surface deficient and is in need of resurfacing and base repairs. This will extend the life of the roadway, improve the level-of-service, increase safety and reduce maintenance costs. This is a boundary road shared between the City of Hamilton and the Town of Milton. Milton is leading the design and construction of this project. This funding is for Hamilton's 50% cost-share of the road works to be reimbursed to Milton. CPMS #11710

4032318218 - OSIM Bridge, Park Bridge, Culvert, Retaining Wall

Project Manager Jackie Kennedy **Section** Infrastructure Renewal **Year Approved** 2023

Start Date January 1, 2023 **Completion Date** December 31, 2047

Description the Ontario Structure Inspection Manual (OSIM). As per the MTO, municipalities are mandated to perform detailed visual inspections on all bridges and culverts >=3 metres in span, in accordance with OSIM. During even years, structures in the lower City, as well as railway and expressway related structures, will be inspected (i.e. 155 structures in 2016). During odd years, structures in the upper City, as well as outlying areas and rural areas, will be inspected (i.e. 210 structures in 2017).

4032380384 - West 5th - Rymal to Stone Church (SMA)

Project Manager Jackie Kennedy **Section** Infrastructure Renewal **Year Approved** 2012

Start Date January 1, 2023 **Completion Date** December 31, 2025

Description The roadway has become structurally deficient and is in need of reconstruction and urbanization to improve ridability and service level. This is intended to improve related levels of service while reducing overall risk, liability, and ongoing maintenance costs. This project is to be coordinated with storm sewer upgrades. CPMS 10917

Capital Budget Project Detail Sheet

4242009701 - A/R - Eastmount Neighbourhood

Project Manager Jackie Kennedy **Section** Infrastructure Renewal **Year Approved** 2016

Start Date January 1, 2020 **Completion Date** December 31, 2024

Description In accordance with the Local and Collector Road Asset Preservation Strategy, the roadways within this neighbourhood have become surface deficient and are in need of resurfacing and base repairs. This will extend the life of the roadways, improve the level of service, increase safety, reduce risk and liability, and reduce maintenance costs. The proposed project listing, compiled on a neighbourhood basis, shall create attractive contract packages for the paving industry. This may result in potential cost savings and maximize the overall cost effectiveness of program delivery.

Ward 7 project approved through 2020 Tax Capital Budget.

4412306105 - West Harbour Waterfront Animation & Programming

Project Manager Ed English **Section** Waterfront Development **Year Approved** 2023

Start Date January 1, 2023 **Completion Date** December 31, 2026

Description Due to the phasing of the construction process, the new public-spaces on Piers 5-8 will remain in transition in terms of their use, for several years. Some could easily be transitioned into places for temporary programming as an interim use, adding public, recreational, and commercial uses to the sites temporarily. These could take the form of simple grassed areas on the water's edge, to spaces to accommodate food trucks or small-scale market vendors, as well as spaces for temporary structures for larger-scale vendors to provide year-round programming. Staff have also identified that the initial West Harbour capital plan did not specifically identify interim projects. Staff would retain the services of animation and programming expertise to plan and execute a program for the Piers 6, 7 and 8 areas for 2023-2026.

4402355001 - Cemetery Needs Study - 2023

Project Manager Kara Bunn **Section** Parks & Cemeteries **Year Approved** 2023

Start Date January 1, 2023 **Completion Date** December 31, 2023

Description In 2015 a consulting study was undertaken to review the City of Hamilton Cemetery program needs. The City of Hamilton Cemeteries Section is a unique program within the City of Hamilton. A total of 69 municipal cemeteries are managed and maintained by City staff. To meet the needs of existing and future residents, as well as manage the capital and operating budget, an updated review by a specialized consulting firm will provide guidance and recommendations for the program.

4452341003 - Horticulture Depot Renovation/Construction

Project Manager Robyn Pollard **Section** Forestry & Horticulture **Year Approved** 2023
Start Date January 1, 2023 **Completion Date** December 31, 2025

Description Due to constant growth of Horticulture managed assets citywide over the last 10 years, the section requires increased accommodations for front line and administrative staff, the current building is aging and will require renovation or reconstruction. Feasibility study being completed in 2022/23 to determine cost estimates for renovation or demolition/construction. Funding in 2023 would support engineering and consulting to prepare for upgrades in 2025.

Capital Budget Project Detail Sheet

4031541910 - Snow Disposal Facility

Project Manager	Mike Field	Section	Roadway Maintenance	Year Approved	2015
Start Date	January 1, 2015	Completion Date	December 31, 2025		
Description	Provide an additional snow disposal facility for Roadway Maintenance. Currently, the City utilizes snow dumps on Ottawa and Barton Street. The Barton Street disposal facility will not be available for use after the 2022/2023 season. Additionally, the City is building an LRT which doesn't allow for typical snow plowing, and requires the snow to be hauled to a disposal facility. Purchase land, design and construct snow disposal site for upcoming LRT and to compensate for loss of existing snow disposal facility.

4042317678 - Preventative Maintenance - Crack Sealing

Project Manager Mike Field **Section** Director – Trans Ops & Mtce **Year Approved** 2023

Start Date January 1, 2023 **Completion Date** December 31, 2047

Description To provide a preventative maintenance program for roads that are approximately 3-6 years old. This will be using routing and sealing or mastic seal to extend the service life of the road. Road assessments are typically completed following the winter season in spring, and locations are identified then due to the freeze/thaw cycle. The work is typically completed in the fall when temperatures are cooler.

5302184103 - A-Line Priority Bus Corridor (ICIP)

Project Manager Tanya Detmar **Section** Operations HSR **Year Approved** 2019

Start Date January 1, 2021 **Completion Date** December 31, 2024

Description This project will implement a Priority Bus corridor on the A-Line segment of the BLAST Rapid Transit Network. It will include a combination of infrastructure improvements, transit signal priority and transit stop enhancements which will result in a faster, more reliable and more comfortable transit experience between Hamilton's Waterfront, Downtown Hamilton and Hamilton International Airport. It will be a precursor to the ultimate Bus Rapid Transit (BRT) identified in the Ten Year Local Transit Strategy.

5302283002 - Reserve Shortfall - OBR Program

Project Manager	Jeff Poljanski	Section	Transit Fleet	Year Approved	2022
Start Date	January 1, 2022	Completion Date	December 31, 2046		
Description	<p>In 2010, the Provincial Government announced the cancellation of the Ontario Bus Replacement Program. As a result of the cancellation the Transit Bus Replacement funding is deficient by \$3.7 million. Therefore it is being recommended that the shortfall be funded from the Federal Gas Tax Revenues (\$3 M) and from the Capital Levy Contribution (\$0.7 M). For the period 2020 through 2026, ICIP funding will negate the need for Federal Gas Tax funding. It is recommended that the Capital Levy Contribution of \$0.7M be maintained</p>

5302384110 - Bus Operator Equipment Sign-in

Project Manager	Andre Zavaglia	Section	Operations HSR	Year Approved	2023
Start Date	January 1, 2023	Completion Date	December 31, 2023		
Description	Continuous Improvement Project - Operators currently need to log into 3 devices at the start of each shift: Ranger (Trapeze), Farebox (GFI) and PRESTO (Metrolinx). When signing into the Farebox and PRESTO, Operators make errors and can choose the wrong routing information. Installing cabling that can connect the Ranger and the Farebox (GFI) will remove one step for the operator and provide a fail-safe to eliminate data entry errors, thereby improving the quality of reporting in the area of ridership and revenue analysis.

5302385806 - Stoney Creek Transit Hub Fencing

Project Manager Tanya Detmar **Section** Transit Planning and Infrastructure **Year Approved** 2023

Start Date January 1, 2023 **Completion Date** December 31, 2023

Description Through a 2011 decision by the former Ontario Municipal Board (OMB) a vacant one (1) acre parcel of land was transferred to City ownership in 2022. The parcel, located within the Winona Crossing Commercial Development is to be used exclusively for a transit terminal. At this time, the Transit division does not require a terminal at that location. With that in mind, perimeter fencing needs to be installed to provide a more secure and aesthetically pleasing boundary until such a time as the terminal is constructed. As per Section 3.14 of the minutes of the settlement, the fencing shall be complementary to the overall design of the subject lands.

5302385807 - HSR Bus Marker Bench

Project Manager Sebastian Stula **Section** Transit Planning and Infrastructure **Year Approved** 2023
Start Date January 1, 2023 **Completion Date** December 31, 2025
Description The Bus Marker Bench (BMB) was developed by the HST as an alternative seating amenity for bus stops that lack sufficient space to accommodate larger traditional transit amenities such as shelters or benches. The BMB is a compact bench alternative that provides the transit customer with a higher degree of comfort and convenience while waiting for their bus to arrive. This project will allow for a deployment of 15 units per year.

5120055137 - Waste Management R & D Program

Project Manager Ryan Kent **Section** Waste Policy & Planning **Year Approved** 2011

Start Date January 1, 2023 **Completion Date** December 31, 2032

Description Ongoing research and development of methods/technologies/policies to improve the operation systems and public participation in the City's waste management programs. This includes waste composition studies, program research and analysis. Planned projects for 2023-2026 include a social marketing study to determine basis of resident behaviour, continuing waste audits (curbside, truck, facility), implementing new initiatives for the City's multi-residential program, recycling in Parks and updating programs in preparation for the implementation of Waste Free Ontario Act changes such as the blue box transition, tires, electronics and batteries programs.

5120090700 - Public Space & Special Event Containers

Project Manager Joel McCormick **Section** Waste Collections **Year Approved** 2017
Start Date January 1, 2023 **Completion Date** December 31, 2032

Description Waste Management public space and special event containers to maintain and expand container inventory in order to meet the demands of pedestrian litter in the City of Hamilton's public spaces. There are approximately 700 plus litter containers in place throughout the city. Containers are also required to support the diversion efforts in City approved eligible fairs, festivals and events. Future fund request to be used to maintain and expand the City's litter container program and to support special event waste containers.

Capital Budget Project Detail Sheet

3302309014 - Ward 14 Capital Reinvestment

Project Manager		Section	Ward Budgets	Year Approved	2023
Start Date	January 1, 2023	Completion Date	December 31, 2025		
Description	Report FCS12024 recommended that a capital project be created for, and funded by, each of the 8 Ward Special Capital Reinvestment Reserves, in the amount of \$100,000, to be used in the respective Ward to fund in year infrastructure priorities. This project will provide some financial capacity to affected Ward Councillors in funding in year infrastructure and/or one-time funding requirements, with no associated operating impacts, that are not of the financial scale that would otherwise be considered through the capital budgeting process. Examples of such investments may include: historical plaques, small beautification projects and onetime maintenance initiatives, to name a few.

Project Manager		Section	Ward Budgets	Year Approved	2023
Start Date	January 1, 2023	Completion Date	December 31, 2025		
Description	Report FCS12024 recommended that a capital project be created for, and funded by, each of the 8 Ward Special Capital Reinvestment Reserves, in the amount of \$100,000, to be used in the respective Ward to fund in year infrastructure priorities. This project will provide some financial capacity to affected Ward Councillors in funding in year infrastructure and/or one-time funding requirements, with no associated operating impacts, that are not of the financial scale that would otherwise be considered through the capital budgeting process. Examples of such investments may include: historical plaques, small beautification projects and onetime maintenance initiatives, to name a few.

3381858503 - Digital/Open Data Infrastructure

Project Manager Cyrus Tehrani **Section** Corporate Initiatives **Year Approved** 2018

Start Date January 1, 2018 **Completion Date** December 31, 2024

Description The City is committed to promoting an open and transparent approach to government, including ensuring data and service performance information and tools are readily available, accessible and sustainable. This request is to acquire and implement the necessary infrastructure, including a data hub/lake to support data sharing and the open data program, organizational performance management and drive a culture of continuous improvement and innovation. This critical infrastructure supports data to be quickly and easily accessed by all stakeholders such as Council, staff, citizens and researchers. Automation will reduce manual processes so that data can be leveraged to make decisions and create a more open and transparent government. Having data that is easy to access helps support a culture of analysis, transparency and data driven decision making. Enabling automated access will make it easier for staff to find information they need. It also enables enhanced availability to the community.

3452357001 - Customer Relationship Management (CRM) - Upgrade and 311 Customer Service Number Introduction

Project Manager Sheila DuVerney **Section** Customer Service - Administration **Year Approved** 2022
Start Date January 1, 2023 **Completion Date** December 31, 2024

Description 'The Call Handling review (2014) was directed by Council. The outcome of the review was to facilitate the consolidation of calls from the various departments and divisions to the Customer Contact Centre (546 - CITY), thereby simplifying telephone access to City services and information. September 2017 marked the commencement of the call consolidation process. Fast-forward, in 2022, it is estimated that the last of the identified services will be consolidated, thereby bringing the call consolidation program to completion. With respect to the technology, in 2021, the City was advised that the CRM software is nearing its end-of-life, as such, a review of the current vendor's CRM platform along with existing technology (and licensing) was initiated to determine the replacement path. A cross-functional team was formed to explore the opportunity to utilize existing platforms which contain CRM capabilities. The objective is to utilize an existing platform that successfully addresses the requirements (IT, Security and Operational) and is comparable, or net better, in annual licensing and servicing fees. Without this important upgrade, the Customer Contact Centre will be constrained in its ability to successfully expand its call service as well as on-line service delivery (for those services utilizing the current CRM). Coupled with this work, the City will implement the requirements for the adoption of a 311 Customer Service number for City of Hamilton services (Motion was approved by GIC for 311/CRM Sept 2022).

3502157101 - Next Generation 9-1-1 (nG 9-1-1)

Project Manager	Michael Gauthier	Section	IT - Admin	Year Approved	2020
Start Date	January 1, 2021	Completion Date	December 31, 2023		

Description On June 1st, 2017, the CRTC mandated all telephone companies to update their networks to provide Next-Generation 9-1-1 voice and text messaging services to all Canadians by March 30th, 2024. The City of Hamilton's IT Division, in conjunction with the Hamilton Police Service (HPS), Hamilton Fire Department (HFD), Hamilton Paramedic Service will lead the technical components of this initiative. PSAPs will no longer be able to take 911 calls after March 30th 2024 without the required NG9-1-1 technology to deal with 911s in the new format. HPS will be required to update and replace their systems in order to have compatibility to receive 911 calls and transfer them accordingly. This Capital will cover hardware and software costs, implementation, training, as well as an external Project Manager. This upgrade will have a direct impact on HPS, HFD, and Emergency Services dispatch.

3502257200 - IT Strategy Refresh

Project Manager	Doug kay	Section	IT - Admin	Year Approved	2021
Start Date	January 1, 2022	Completion Date	December 31, 2025		
Description	<p>Funds are requested to refresh, plan and execute the Multi-Year IT Strategy and Enterprise Architecture. This initiative will include:</p> <ol style="list-style-type: none"> 1. Securing guided advisory services from an independent IT organization to augment IT staff and the business to re-assess current state and recommend future needs that align with City / business strategies (including input where possible from front-line staff). 2. Securing professional services for project management and enterprise & solution architecture to augment IT staff to support the planning and implementation of IT Strategy Roadmap projects. Funds for associated technology training has also been identified for IT staff. 3. Continue to expand the IT's strategic business relationship management capability. This discipline is designed to effectively define strategies and implement strategic enterprise technology roadmaps to address City priorities and outcomes. To enable this, funds for BRM professional services to establish best practices that fit the City and a request for 1 FTE in 2022 and 2023 has been identified to further build and grow this discipline. 4. Investing in innovation. Provide staff with orientation and training in new technology tools such as artificial intelligence and machine learning. Collaborate with the business to identify high value use cases that can be prototyped and demonstrate value in delivering business outcomes.

Project Manager	Michael Gauthier	Section	Infrastructure & Operations	Year Approved	2022
Start Date	January 1, 2023	Completion Date	December 31, 2025		
Description	<p>Funds are required to refresh IT technology (such as network switches, etc) that is at end of life and to mature and scale IT infrastructure equipment and software to manage growth and business needs.</p> <p>This capital program will help mitigate the risk of failure and supportability to infrastructure equipment and software where it is past it's useful life and purpose(s). The risk of not replacing this technology is loss of connectivity to critical applications, communications and network resources, which results in the loss of productivity or ability to provide services including emergency responders. The capital also includes any professional services needs to implement these infrastructure technologies if/when required.</p> <p>This capital budget also provides funding for backup power devices at most sites. This will provide continuous power when power interruptions occur, to maintain site network connectivity.</p>

3381957502 - Budget System Upgrades and Enhancements

Project Manager Duncan Robertson **Section** Admin Financial Policy & Planning **Year Approved** 2019

Start Date January 1, 2019 **Completion Date** December 31, 2025

Description To support the upgrade to the newest cloud-based budgeting software version of the platform which will result in enhanced features as well as seamless upgrades and technical patches. In addition, the initiative will allow for the comprehensive review of processes and procedures to identify areas of efficiency and enhancements as well as the commissioning and launch of in-real-time financial dashboards (using visualization tools), enhance reporting and presentment of information which will support the City's budget process and open data initiative. The review will also support the enhancement of financial performance reporting as well as provide the City the opportunity to utilize statistical measures and automated calculations.

2052357002 - Claims Management Software Replacement

Project Manager		Section	Risk Management	Year Approved	2023
Start Date	January 1, 2023	Completion Date	December 31, 2025		
Description	Current claims management software used by RMS exceeds 20 years of age and there are associated limitations as a result. Staff have been in discussions with the vendor of claims management software that is highly recognized within the municipal risk management sector. AMO (Association of Municipalities of Ontario) has recently partnered with ClearRisk in an effort to provide municipalities with a solution to the challenges being experienced with such software. A new platform would have capabilities and sophistication in managing claims related data, including the ability to generate analytical reports, remove a lot of manual tasks currently being completed by RMS staff and streamline citizen contact with a new webbased claim submission form. Staff feel it prudent to replace the aged system and implement software that will enhance data management and analytical abilities.

Capital Budget Project Detail Sheet

3761951812 - Hamilton Police Stations- Roof Repairs and HVAC

Project Manager Section Police Capital Financing **Year Approved** 2019
Start Date January 1, 2019 **Completion Date** December 31, 2026

Description As part of the COH’s Building Condition Assessment Program and Stantec’s Facilities Condition report (2016), the roofing systems at Central, East End and Mountain Police stations are in need of replacement as they have exceeded or are approaching their useful life expectancy. In addition to Stantec’s report, MTE consultants also performed a comprehensive review of the roofs and provided the estimated budgets and phasing plans. A more recent BCA was completed in 2022 by Walter Feddy Consultants which also identified the need of roof replacements. The roof replacement is an on-going multi-year project that began in 2019.

The roof replacement at the East End station has been congruently completed with the replacement of the Air-Cooled Chiller in 2021. No additional roofing is required for the East End station.

Currently, the Central’s Phase 2 roof replacement (phase 1 completed in 2020) is in progress. The Phase 2 was budgeted and approved as part of the COH’s annual capital budget process, at an estimated cost of \$200,000. As per the deployment strategy in Appendix A, Phase 3 is to take place in 2023. As such, a total of \$680,000 is estimated for Phase 3, with an additional \$525,000 for Phase 4 in 2024.

The Mountain Station roof replacement is expected to occur in 2026. The cost is significantly greater than other stations due to the roof system being more complex. This system cannot be replaced in phases and as such represents a higher one-time cost.

Appendix A identifies the deployment strategy along with the projected costs for Central and Mountain stations. Estimates have significantly increased due to unstable markets and increased construction costs.

3762051007 - Police Personal Issued Portable Radio Replacement

Project Manager		Section	Police Capital Financing	Year Approved	2018
Start Date	January 1, 2020	Completion Date	December 31, 2024		
Description	<p>The HPS implemented a five-year deployment strategy, which began in 2020, for the replacement of the PIPR. The replacement plan includes the mobile communication devices in each patrol vehicle. The HPS, together with the COH, negotiated a contract with Motorola in 2019, which included significant discounts with respect to equipment.</p> <p>The previous funding request for 2020-2022, the COH approved and included this project in their 10-year Capital Plan. As such, HPS requests the same consideration for 2023 and 2024.</p>

Capital Budget Project Detail Sheet

3762251205 - 2022 Generator/Diesel Tank Repair - Station 30 - Mountain

Project Manager Sanela Dzaferi **Section** Police Capital Financing **Year Approved** 2022

Start Date January 1, 2022 **Completion Date** December 31, 2023

Description Both Central and Mountain stations are equipped with Standby Generator Systems fueled by diesel. The Standby Generator Diesel Fuel System is an emergency standby power generator. The generator fuel systems do not meet current Technical Standards Safety Authority (TSSA) standard requirements and require repairs/upgrades to be legislatively compliant. A variance application has been submitted and approved by TSSA to maintain operational requirements until upgrades are completed for both stations. The TSSA has approved variance applications for both, Mountain and Central, stations until December 1, 2023 and December 1, 2024, respectively.

The COH approved and included in its 10-year Capital Plan the previous funding request for 2022 for Central station Generator System/Fuel upgrade. As such, HPS request the same consideration for 2023 and 2024.

3762251208 - 9MM Conversion (Glock Program)

Project Manager	Sanela Dzaferi	Section	Police Capital Financing	Year Approved	2022
Start Date	January 1, 2022	Completion Date	December 31, 2026		
Description	<p>The HPS is transitioning from a .40-caliber magazine to a Glock 9mm platform. Transitioning to 9mm offers substantial long-term cost savings as 9mm ammunition is cheaper. In addition, as most manufacturers are no longer producing .40 caliber ammunition, supply is significantly limited placing the organization at risk as a result of lack of supply.</p> <p>In 2022, the HPS negotiated a total Service conversion, with a rent-to-own, 5-year plan at \$183,060 per year. This is a second year of the 5-year deployment strategy.</p>

3762341201 - Parking Lot Replacement/patch work - All Police Stations

Project Manager		Section	Police Capital Financing	Year Approved	2016
Start Date	January 1, 2022	Completion Date	December 31, 2027		
Description	<p>Stantec's Facilities report (2016) identified the need for a complete parking lot replacement and resurfacing at all Police Stations (Central/East End/Mountain) as they have exceeded or are approaching their end of life conditions.</p> <p>An updated Building Condition Assessment (BCA) was completed in 2021 by Walter Feddy and identified that the East End station is in need of a complete parking lot replacement as patchwork repairs are no longer feasible. The estimated cost of \$850,000 is budgeted in 2023.</p> <p>The Central and Mountain stations parking lots display cracks and base failures that have created potholes. HPS has attempted to extend their useful life with patchwork repairs as required and will continue to do so until it is no longer feasible. Appendix A identifies the deployment strategy along with the projected costs for Central and Mountain stations.</p>

Capital Budget Project Detail Sheet

3762341301 - Pedestrian Pavers - Station 20 (East End)

Project Manager Sanela Dzaferi **Section** Police Capital Financing **Year Approved** 2023

Start Date January 1, 2023 **Completion Date** December 31, 2023

Description In 2021, the HPS budgeted \$25,000 for replacement and regrading of paving stones at East End station. The project was not fully completed as actual cost to do the whole area at once came in significantly higher than originally estimated. The increase is due to unstable markets and increased labour and material/construction costs during Covid. Shared use path is the main type of pedestrian facility that accommodate pedestrians. As such, the project needs to be completed as there are visible signs of a crumbling surface, including spalling, scaling and popouts. This can lead to structural damage to shared use path which can result in accessibility issues and tripping hazards.

Capital Budget Project Detail Sheet

3762351206 - 2023 Door Replacement - Station 30 - Mountain

Project Manager	Sanela Dzaferi	Section	Police Capital Financing	Year Approved	2022
Start Date	January 1, 2023	Completion Date	December 31, 2023		
Description	The main doors at the Mountain Station, which are original to the building are aging, have sprung and require replacement. HPS has delayed the replacement for three (3) years and cannot further delay it as the doors have worsen and, therefore, recommends replacement in 2023.				

Project Forecast (000's)

Capital Budget Project Detail Sheet

3762351301 - Chain Link Fences - Station 10 (Central)

Project Manager Sanela Dzaferi **Section** Police Capital Financing **Year Approved** 2023
Start Date January 1, 2023 **Completion Date** December 31, 2023

Description There is a chain link fencing on the northern and eastern ends of Central station. This fencing surrounds and provides security to HPS police/pool vehicles and gas dispensing for the vehicles. The chain link fences are in poor condition with visible signs of rust, sagging and deterioration, all of which shortened the lifespan of the chain link fence. It is recommended that the chain link fences be replaced. Prolonging it will cause further damage to the underlying structure of the fence.

Capital Budget Project Detail Sheet

3762351302 - Marine Vessel Engine Replacement

Project Manager Sanela Dzaferi **Section** Police Capital Financing **Year Approved** 2023

Start Date January 1, 2023 **Completion Date** December 31, 2023

Description The Marine Unit provides vital support on the waterways within Hamilton Harbour, Lake Ontario, conservation areas and other water ways within the COH. The Marine Unit is responsible for enforcement on the water, search and rescue, criminal investigations and assisting vessels in distress. The current vessel was purchased in 2019 and has had several catastrophic motor malfunctions and a number of maintenance issues. The warranty period has expired and the current engines are no longer being produced or supported. Therefore, it is recommended that the engine be replaced in order to continue to conduct the duties safely, efficiently and effectively. This will also provide the HPS with the ability to provide community safety under numerous circumstances.

Capital Budget Project Detail Sheet

3762351303 - Prisoner Escort Vehicles

Project Manager Sanela Dzaferi **Section** Police Capital Financing **Year Approved** 2023

Start Date January 1, 2023 **Completion Date** December 31, 2024

Description The HPS Court Security Branch is responsible for transportation of prisoners to and from Central station, the Hamilton Wentworth Detention Centre (HWDC) and on occasion to facilities that are outside our jurisdiction. The Court Security Branch uses two 2012 court custody transportation wagons that have reached end of their useful life. The prisoner compartments have been reconditioned, however, hinges, latches, wiring and air conditioning are at lifecycle end and are failing. The HPS considered replacing only the prisoner compartment but the chassis of the current E450 is not compatible with the current prisoner compartments. Therefore, the HPS needs to replace two aging vehicles for the transportation of prisoners. It is recommended that one be replaced in 2023 and one in 2024, with an estimated costs of \$160,000 per year. These vehicles must be highly protected and feature bars or wire mesh over the windows, bulletproof glass, segregated prisoner compartments, and additional seating for escorting officers. Vehicles also must be equipped with radio communications, global positioning units, additional restraints and other emergency equipment. The optimal vehicle size for current operations includes 4 compartments, holding 16 prisoners.

Capital Budget Project Detail Sheet

3762357301 - Electronic Tickets/Notes (phased-in approach 2023-2026)

Project Manager Sanela Dzaferi **Section** Police Capital Financing **Year Approved** 2023
Start Date January 1, 2023 **Completion Date** December 31, 2023

Description The HPS will be launching a new eTickets/Notes pilot project in 2023. This initiative will allow the HPS to maximize innovative technology and reduce the time officers spend on paperwork. It will also provide officers with convenient pre-populated menus of common charges, and has the flexibility to enter less common offences and warnings as required. The eTickets/Notes solution also integrates directly with the HPS's existing records management system (RMS). This means increased accuracy and efficiencies in record keeping, compared to carbon-copy tickets which are hand-filled. It also streamlines the submission process to the courts. Statements and notes will be immediately uploaded, negating the need to scan hardcopies into the RMS which, in result, will improve efficiency in court disclosure. A phased-in deployment will commence with due diligence and software prep in 2023. An anticipated service wide roll-out is expected to begin in 2024, with a full implementation by 2026. The estimated implementation cost is approximately \$750,000.

Debenture amount at 5.5% interest rate for 15-year term (amortizer) corresponding to the annual debt service charges of \$174,199,608	\$1,748,542,669

Item 6.2

FCS22081 2023 Tax Supported Capital Budget

November 25, 2022

2023 Tax Supported Capital Budget Agenda

1. Preliminary 2023 Tax Supported Capital Summary
2. 2023-2026 Tax Capital Forecast

2023 Tax Supported Operating Budget 2023-2026 Capital Financing Plan: Key Objectives

- Transition towards the investment required to meet the expected outcomes of the Transportation Asset Management Plan
- Adjusting capital block funding allocations to maintain reinvestment rates
- Alignment to Council Approved financial policies (i.e. debt limits)
- Investment in the Climate Change Reserve
- Funding allocations for council priorities

2023 Tax Supported Operating Budget 2023-2026 Capital Financing Plan: Key Elements

- Annual increases to the Capital Levy (0.50% in 2023 and 1.12% in subsequent years) for Asset Management Plan
- Increases to the Capital Levy (0.17% in 2023) for new debt to support asset reinvestment
- Levy for allocation to Climate Change Reserve (0.25% in 2023)
- Discretionary block allocations were increased 33% in 2023 relative to 2022 (\$15.5M)
- \$54M DC liability addressed over 2023 to 2030 (\$6.5M per year)

2023 Tax Supported Operating Budget 2023 Council Funding Opportunities

- Ward Minor Rehabilitation capital projects (Wards 1-15)
- Cell Tower and Non-Property Tax Revenue Accounts (Wards 2, 3, 10, 12, 13, 15)
- Area Rating Special Capital Re-Investment Levy (Wards 1-8, 14)
 - Reserves
 - Discretionary Fund
- \$3.5M allocation for Council Identified Priority projects

2023 Tax Supported Operating Budget Additional Upcoming Impacts

- Bill 23, Proposed *More Homes Built Faster Act, 2022*
- Upgrade of 9-1-1 System to Next Generation
- Non-core Asset Management Plans
- Service level targets for all assets

2023 Tax Supported Operating Budget Ontario Regulation 588/17 Mandates

Item	Deadline	For Consideration
Strategic Asset Management Policy	July 1, 2019	2020 Budget
Asset Management Plans for core assets (Transportation and Waterworks)	July 1, 2022	2023 Budget
Asset Management Plans for all municipal assets that identifies current levels of service	July 1, 2024	2025 Budget
Improved Asset Management Plans for all assets that identifies proposed levels of service	July 1, 2025	2026 Budget

Preliminary 2023 Tax Supported Capital Budget Summary

November 25, 2022

2023 Tax Supported Operating Budget 2023 Gross Capital

- The 2023 Tax Supported Capital Budget is \$285.7M compared to \$386.0M in 2022
- However, net capital investment in 2023 is \$157.4M compared to \$149.6M in 2022
- Decrease of \$18.2M in 2023 compared to the forecasted amount for 2023 in the approved 2022 Capital Financing Plan
 - Mount Hope Library Expansion deferred to 2024 - \$5.5M
 - Deferrals in growth-related projects - \$46.6M
 - Additional funding for DC Exemption - \$9.5M
 - Contribution to Council Priorities/Climate Change - \$6.8M
 - Block increases for all services - \$15.5M

2023 Tax Supported Operating Budget Capital Levy Increase

	2022		2023	
	Restated	PROPOSED	CHANGE \$	%
Debt Charges	40,506	37,245	(3,261)	(8.0)
Transfer from Operating	93,257	105,714	12,457	13.4
Total Tax Supported Capital Levy	133,763	142,959	9,196	6.9

Municipal Tax Impact on Average Residential Property Tax 0.92% (\$41)

2023 Tax Supported Operating Budget Tax Impact

2023 Capital Financing Tax Impact

		\$	%
Municipal Taxes	Discretionary Capital Blocks	\$22.44	0.50%
	Climate Adaptation Strategy	\$11.22	0.25%
	ICIP - Transit	\$0.22	0.01%
	West Harbour	\$3.50	0.08%
	Paramedic	\$3.90	0.09%
	MUNICIPAL TAXES	\$41.29	0.92%

- The proposed 2023 Capital Financing Plan would result in a 0.92% residential tax impact and approximately \$41.29 for the average household assessed at \$382,000

COUNCIL DIRECTION

Not applicable.

INFORMATION

The purpose of this Information Report is to provide an overview of how Light Rail Transit (LRT) related capital budget items will be presented for Council's consideration in the 2023 Capital Budget. This report is not seeking approval of any funds or projects. That would be done as part of the regular Capital Budget process. However, given that the 2023 Capital Budget will be the first to include LRT-related items, staff felt it would be helpful to provide this overview of how those projects will be presented.

On September 15, 2021, City Council ratified a Memorandum of Understanding (MOU) with Metrolinx and the Ministry of Transportation (MTO) to move forward with the 14-kilometre Hamilton LRT Project. In accordance with the MOU, the Province is responsible for capital costs associated with the construction of the LRT project, as well as life-cycle costs.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

**SUBJECT: Hamilton Light Rail Transit (LRT) Project Capital Budget Overview
(PED22202) (City Wide) - Page 2 of 4**

Some of the capital works to construct the LRT project will be delivered by the City and funded by Metrolinx. These are referred to as “LRT Enabling Works.”

To take advantage of the coordination of works due to the reconstruction of the corridor, or to provide for an enhanced level of infrastructure, the City may request additional works as part of the LRT project, at the City’s cost. These are referred to as “City Infrastructure Enhancements.”

The 2023 Tax and Rate Supported Capital Budgets will include recommendations for both “LRT Enabling Works” as well as funding for future potential “City Infrastructure Enhancements.”

LRT Enabling Works

The 2023 Tax and Rate Supported Capital Budgets will include three “LRT Enabling Works” for Council’s consideration. These projects will be delivered by the City but funded by Metrolinx. The three projects are watermain projects which will maintain the current level of service in the City’s watermain network during and after the construction of the LRT project. To benefit from synergies with these construction works, the Capital Budget will seek approval for City funds to fund adjacent coordinated infrastructure works.

The three projects are as follows:

1. *Main Street East and Rosewood Road Enabling Project*

The existing 1200mm trunk watermain on Queenston Road from Rosewood Road to Delena Avenue needs to be moved outside of the LRT corridor due to space constraints. Metrolinx will fund the replacement of the watermain and any associated City and third-party surface and subsurface works. The new routing of the watermain will be along Rosewood Road from Queenston Road to Main Street East and on Main Street East from Queenston Traffic Circle to Delena Avenue. Coordinated City works will include the reconstruction of those sewer laterals and portions of road/sidewalk that are not attributable to the watermain construction and restoration.

2. *Sherman Avenue Enabling Project*

There is insufficient space in the LRT corridor for the existing 500mm trunk watermain on King Street East from Ottawa Street to Wentworth Street. To maintain flows supporting the downtown core and the current level of service in the City’s watermain network, works are proposed on both Sherman Avenue and Wentworth Street. The Sherman Avenue project consists of replacing the

existing 150mm watermain from Cumberland Avenue to King Street with a 300mm watermain inclusive of a connection to the 900mm watermain on Cumberland. Coordinated City works will include the reconstruction of Sherman Avenue from Cumberland Avenue to the south end. Additionally, on Sherman Avenue from Cumberland Avenue to King Street, the City will be resurfacing the portion of the road outside of the areas of watermain restoration and performing repairs to sidewalk and sewer laterals.

3. *Wentworth Street Enabling Project*

The Wentworth Street project consists of constructing a new 500mm watermain from Wilson Street to King William Street inclusive of a connection to the 750mm watermain on Wilson Street. In addition to this, the 200mm watermain will be relocated and the asphalt on the road will be replaced. Coordinated City works are limited to sidewalk repairs.

The 2023 Tax and Rate Supported Capital Budgets will reflect each of these projects as separate projects, with a full project description, and with the total cost identified, as well as the funding to be provided by Metrolinx, and any City funds being recommended for associated non-LRT City works.

City Infrastructure Enhancements

The 2023 Tax and Rate Supported Capital Budgets will include two budget items for “City Infrastructure Enhancements” for Council’s consideration.

According to the MOU with Metrolinx, the LRT Project is responsible for replacing City infrastructure impacted by the project on a “like for like” basis unless Metrolinx has agreed otherwise. The City can request to enhance City infrastructure as part of LRT construction and would be responsible for funding the incremental cost beyond a “like for like” replacement. It is expected that once the design has evolved further, that a list of potential enhancements will be identified by staff for Council’s consideration. Upon confirmation by Council, the City would then enter into an agreement with Metrolinx to commit the funds to the LRT project budget.

The 2023 Capital Budget will be recommending the creation of two capital accounts to be available to fund potential “City Infrastructure Enhancements”:

1. *Public Realm Improvements – LRT (Surface Enhancements)*

These funds would provide for the potential inclusion of enhancements to surface elements in the LRT construction project, such as enhancements to landscaping, lighting, shelters and canopies.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

(PED22202) (City Wide) - Page 4 of 4**

2. City Initiated Subsurface Priorities or Integrated with LRT

These funds would provide for the potential inclusion of enhancements to subsurface elements in the LRT construction project, such as additions to City sewer and watermain networks in or crossing the LRT corridor.

It is important to note that no specific enhancements have been identified at this time as City Infrastructure Enhancements. The purpose for including these items within the 2023 Capital Budget is to ensure that funds are available for such enhancements, if identified. Any approval of specific City Infrastructure Enhancements will require separate approval by Council. Staff expect to be in a position to report back to Council on potential enhancements by Q2 or Q3 of 2023.

APPENDICES AND SCHEDULES ATTACHED

None.
