Subject: letter to members of council re living wage.

Dear Madam Mayor and Hamilton City Councillors:

As our elected officials, you are faced with a myriad of challenging budget decisions on how to efficiently and effectively operate this great City of Hamilton at a time when the cost of everything needed to do that, is rising expodentially. This is not an easy task!

Some of your staff, particularly those raising a family, are similarly faced with increased expenses with no added income to meet them. So they struggle to stretch their current earnings by taking on another job, omitting items from their grocery list or trying to find cheaper housing of which there is a very limited supply locally. A treat out to eat or tickets for a game become out of the question. "Sorry, Kids. Maybe next month!"

I understand that a living wage for Hamilton has been calculated at \$19.05 an hour. You must surely want Hamilton employees, whether part time, full time, casual, or students to earn a wage that provides a decent standard of living for themselves and their dependents, but those costs may be inhibiting given the other demands on tax payers dollars. So I suspect that your sense of what is right, pulls you to want to solve this issue of giving your staff a living wage but not now. Let's do it next year when you **think** things may be better. Will they?

Congratulations to those Councillors, whose knowledge and understanding of this issue with its impact on the operation of the City and its workforce support a living wage for its workforce in 2023. For those of you whose understanding has lead you to an opposite conclusion, I ask and urge you to reconsider this situation and based on that, join your colleagues in making Hamilton a Living Wage Employer.

Happy Family Day.

Respectfully,

Anne Washington
Hamilton, Ontario

Subject: Hamilton as a Certified Living Wage Employer

To: The Mayor, Andrea Horwath and Members of Hamilton City Council

Maureen Wilson, Cameron Kroetsch, Nrinder Nann, Tammy Hwang, Matt Francis, Tom Jackson, Esther Pauls, John Paul Danko, Brad Clark, Jeff Beattie, Mark Tadeson, Craig Cassar, Alex Wilson, Mike Spadafora, Ted McMeekin

Re: Hamilton as a Certified Living Wage Employer

I write as a resident of Ward 13 of the City of Hamilton to encourage your support of the City becoming a Certified Living Wage Employer in 2023.

Increasing the hourly rate of some 300 employees – employees unionized or not and including summer students – to \$19.02 per hour, at a cost of approximately \$1.1 million dollars in 2023, would go a long way to reducing poverty, restoring dignity, and reducing stress among those individuals and families. It would signal that Hamilton is fair-minded and just in its practices, that it cares about its citizens, and that it is willing to take the lead in putting its values into action as a model for other municipalities and other employers.

If you have already demonstrated active support for this change, thank you for your positive approach to a healthier community.

If not, I urge you to reconsider your position with a view to supporting efforts to make Hamilton a Certified Living Wage Employer by voting FOR the motion for these fair practices, when it comes before the Special General Issues Budget Committee on February 21, 2023 and at any future meetings when the issue is an agenda item.

Yours sincerely,

Dorothy Bartalos
Dundas ON

February 17, 2023

Dear Mayor & Councillors;

Not one of you ran on a mandate of the outrageous tax hikes you are now proposing. You are currently completely out of touch with your constituents. As such I have written the following recommendations to address this discrepancy in the hopes this council does not create a new source of homelessness among those whose incomes are not rising at the rate of tax increases you are proposing;

Reserves – The City has a systemic approach of overcharging Hamiltonians on their taxes creating billions of dollars on reserve with no plan for these funds.

- **Recommendation** – Immediately stop overcharging taxes and release these reserves.

Bike Lanes – I encourage you to observe Bike Lanes anywhere in the City, they are completely underutilized and, in some cases, not used at all.

- **Recommendation** - Immediately stop the expansion of Bikes lanes in the City and study why these Bike Lanes are underutilized or not used at all.

Hiring New Employees – Over the last year 250 fulltime roles were unfilled at the City and I openly question what has not been done? Why do we need to fill these roles if we can adequately function without these people. Similarly, the additional 50 or so roles the City is proposing to add this year will likely be unfilled. However, these same 300 positions are resulting in tax payers being overtaxed for these empty positions

- **Recommendation** – Remove these 300 vacant positions from the budget.

Climate Change – The City’s recommendation to convert City buildings from gas to electricity is ill conceived with an inability to make a tangible difference in the climate footprint while encumbering the City with an incredible cost structure. The City should be thinking boldly if the goal is to truly address climate, let’s ask how can we eliminate as much carbon as possible. This will occur through employees working from home and not commuting to work. During the “Pandemic” City employees worked from home which dramatically reduced carbon not because buildings were idled but because the employees did not have to commute. As I spoke to employees across the corporation

the biggest barrier encountered was the technology of the corporation which lacked vision and is grossly inadequate for a modern corporation.

- **Recommendation** – The City develop a strategy that replaces Bricks and Mortar buildings with Technology and enables full work from home for employees. The City must also develop a strategy on what to do with these redundant buildings e.g., sell them, or use the lands for affordable housing etc.

Corporate Welfare - 7 of the top 10 largest employer corporations in this City pay no property taxes. The burden falls squarely on residential home owners and renters. The executives of many of these same organizations live outside Hamilton to avoid personally paying Hamilton's outrageous property taxes. These Executives include [REDACTED], [REDACTED]*, and [REDACTED]*. While corporations like McMaster University buy homes and buildings taking them off tax rolls while partnering with Investment Funds to build residences and shelter these Investment Funds from paying property taxes on these buildings.

- **Recommendation** – Immediately launch a study to find ways these organizations can pay their share of property taxes which may include negotiations with the Province on transfers to the City for these corporations many of which are Provincial entities. City should investigate passing a "Work Here Live Here Policy" encouraging all organizations which pay no property taxes within Hamilton to have their executives and staff live here.

Councillors Slush Fund - These funds are abused by Councillors. [REDACTED]

[REDACTED] This is completely inappropriate with the tax increases [REDACTED] council [REDACTED] proposing.

- **Recommendation** – Immediately look at ending the abuse of these funds along with closely examining why these Councillor Slush Funds even exist.

I am hopeful these recommendations allow this Council to chart a path that avoids creating more financial and economic devastation in the lives of Hamilton residents especially during this time of economic hardship.

Sincerely,

Robert Cooper

**these are forced redactions under the City Of Hamilton's Policy of "Don't Say Their Names". More secrecy and less transparency feeding the recently emerging Culture of Corruption at the City.*

INFORMATION REPORT

COMMITTEE DATE:	March 1, 2023
SUBJECT/REPORT NO:	Sufficiency of the Affordable Housing Funding Program (AHFP) (HSC23003(a)) (City Wide) (Outstanding Business List Item)

PREPARED BY:	Al Fletcher (905) 546-2424 Ext. 4711
SUBMITTED BY:	Michelle Baird Director, Housing Services Division Healthy and Safe Communities Department
SIGNATURE:	<i>Michelle Baird</i>

COUNCIL DIRECTION

The Emergency and Community Services Committee directed at their meeting January 19, 2023 “That the General Manager of the Healthy and Safe Communities Division report to the 2023 Operating Budget on the sufficiency of the \$4 M dollars of funding proposed for the Affordable Housing Funding Program , in the context of need with recommended alternatives for consideration at that time.”

INFORMATION

Housing Services Division presented Report HSC23003 – Affordable Housing Funding Program (AHFP) which sought to create a fund to support not-for-profit affordable housing providers in the creation of new dwelling units. The staff recommendation was to create an annual \$4 M fund funded from the net levy, referred to the 2023 Tax Operating Budget for deliberations.

There continues to be significant pressure to build new affordable housing in the City of Hamilton to alleviate the housing crisis. However, the majority of the funding available for capital and seed funding has restrictions tying the funding to not-for-profit organizations (NFP) who have limited equity to support new development. The financial

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

**SUBJECT: Sufficiency of the Affordable Housing Funding Program (AHFP)
(HSC23003(a)) (City Wide) - Page 2 of 7**

pressures include pre-development fees/consultants to support moving developments closer to shovel ready status, Development Charges (prior to Bill 23 exemptions), financial support on joint funding applications such as Canada Mortgage and Housing Corporation (CMHC) Co-Investment applications, capital build costs, etc.

Building new affordable housing dwelling units is a significant cost which has grown significantly over the past years, for reasons including supply chain, inflation and financing costs. Current environment indicates construction costs of approximately \$500,000 – 600,000 per unit for new builds, depending on the type of development, consequently the requested \$4 M AHFP has the potential to fund the construction of 6-8 new units, exclusive of funding from other partners. Alternatively, this funding can leverage additional units subject to funding contributions from partners such as, housing providers, Federal Government and Provincial Government. New construction projects can take approximately 12-18 months to build once all planning approvals are obtained and building permit is secured. Important to note that the above scenario relates exclusively to the funding of construction, excluding obligations the City would have on such developments, including development charge exemptions and annual housing subsidy.

To have a significant impact on the housing crisis, on its own, the City of Hamilton cannot be a sole investor or funder of the solution to build new affordable housing. Success requires a partnership between the Federal and Provincial governments, the City and the affordable housing provider will require innovative financing models, new investment partners and creative financing solutions to create viable projects. The \$4 M ask represents the approximate average funding the City has contributed over the past five or so years where dollars each year can vary significantly. As the need for supplemental funding for affordable housing and homelessness is escalated, municipalities are likewise left to address competing demands in transportation, infrastructure, inflationary pressures, as examples, against a regressive form of taxation.

While the development of purpose-built rental housing is a pressing matter, and the supply of housing is a shared interest, staff has concerns that many of the proposed changes to the DC Act through Bill 23, compounded upon the changes made to the DC Act through Bill 108 (*More Homes, More Choice Act, 2019*) and Bill 197 (*COVID-19 Economic Recovery Act, 2020*), creates incentives to developers on the backs of municipalities and municipal taxpayers / ratepayers.

Bill 23 advances that several forms of development will receive an exempt from DCs:

- Affordable housing (rental and ownership);
- Attainable housing (which has yet to be defined);
- Non-profit housing; and

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

**SUBJECT: Sufficiency of the Affordable Housing Funding Program (AHFP)
(HSC23003(a)) (City Wide) - Page 3 of 7**

- Inclusionary zoning residential units.

This legislative change will have a significant financial impact for local taxpayer/ratepayers that are still being quantified. In addition, the City has made commitments to existing projects currently in development, and existing obligations will materialize in 2023 and future years from programs such as the Rapid Housing Initiative Rounds 1 and 2, and other council-supported projects as outlined below. These commitments could be partially funded from the Affordable Housing Funding Program and/or Ontario Priority Housing Initiative (OPHI), or separately, but represent real costs and obligations for the municipality over and above new projects that would apply to the Affordable Housing Funding Program.

To summarize these known commitments, the City has approximately \$7.5M in known obligations to projects from the RHI 1 and RHI 2 funding streams, and another \$13.5M in development charge exemptions and other costs for other projects which will be payable in upcoming years should those projects go forward.

Background

On January 19, 2023 staff presented Report HSC23003 requesting the development of a funding program to support the development of new affordable housing dwelling units. As outlined in the report, the focus of this funding was to support through an RFP the following:

- Support the City in fulfilling its financial responsibilities in respect of Rapid Housing Initiative (RHI) funded projects;
- Development Charges not covered within Bill 23, or required prior to enactment of the DC exemptions;
- Pay for pre-development costs including site feasibility studies, consultants, etc.;
- To support non-profit organisations in need of funding to complete due diligence processes and acquisitions; and,
- Capital costs of new development.

Council Request

At the January 19 Emergency and Community Services Committee meeting, the report was approved, referring the AHFP to the 2023 Budget deliberations and providing additional direction to staff as follows:

“(g) That the General Manager of the Healthy and Safe Communities Division report to the 2023 Operating Budget on the sufficiency of the \$4 M dollars of funding, in the context of need with recommended alternatives for consideration at that time.”

**SUBJECT: Sufficiency of the Affordable Housing Funding Program (AHFP)
(HSC23003(a)) (City Wide) - Page 4 of 7**

In regard to “sufficiency” of the funding, the Affordable Housing Funding Program of \$4 M would represent a minor investment forwards a need that requires a co-ordinated sustainable financing strategy.

The AHFP can:

- based on approximately \$500 K per unit to build new affordable dwelling units, the fund itself could support 6-8 new dwelling units, exclusive of any other funding partners. or leveraged equally with other upper levels of government funding may produce 12-16 new dwelling units; or,
- partially cover the City in fulfilling its financial responsibilities in respect of Rapid Housing Initiative funded projects. Currently, there are 4 Rapid Housing Initiative funded projects not complete and occupied; or,
- provide “top up” funding to projects already receiving funding support but not yet financially viable to construct; or,
- pay for pre-development costs including site feasibility studies, consultants, etc.;
- to support non-profit organisations in need of funding to complete due diligence processes, acquisitions and planning approvals; or,
- support the capital costs of new development.

The AHFP cannot:

- meet the Council approved Housing and Homelessness Action Plan of a stretch goal of creating 350 new affordable units per year. (With a per unit construction cost of new builds being \$500 K, capital build funding of \$175 M would be required yearly to meet the stretch goal, so this target must be achieved through significant partnership with community and upper levels of government);
- make any known non-profit affordable housing projects financially viable to move to construction.

While staff could support more opportunities with a greater level of funding of the AHFP in excess of \$4 M, staff tried to balance the financial ask between estimated historical yearly average funding against the many competing demands on the municipal budget.

Regarding alternatives for consideration by Council, any increase of funding allocated to the AHFP would increase the options for staff to consider, related to the above noted bullets.

For example, if funding was doubled to \$8 M, the AHFP could support

- The development of 12-16 new affordable housing units and potentially 24-32 units when leveraged; or,

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

**SUBJECT: Sufficiency of the Affordable Housing Funding Program (AHFP)
(HSC23003(a)) (City Wide) - Page 5 of 7**

- Support a combination of funding bullets above such as covering RHI overages and supporting pre-development costs.

Existing City Financial Commitments for new builds

Through previous Rapid Housing Initiative rounds of funding, the following projects are not complete for various reasons including pandemic related delays, material supply chain issues, material availability, trade availability, required design changes, etc.:

Project	Units	Development Costs	City Funding (incl. DCs)	Upper level Gov't Funding	Rapid Housing Initiative Funding	Yearly Operating Subsidies
137 George Street	13	\$5,210,028	\$1,241,979	0	\$2,260,585	Funded through existing resources
35 Arkledun	73	\$26,440,087	\$5,394,152	\$8,100,000	\$12,945,935	Funded through existing resources
253 King William St.	24	\$14,700,919	\$420,542	\$1,900,000	\$6,475,844	\$144,000
412 Barton St.	15	\$7,722,551	\$608,790	\$2,520,880	\$3,850,000	\$90,000

Staff continue to work with the providers of the above noted projects to stay within budget however, final construction costs and potential overages will not be known until occupancy.

Outside of the Rapid Housing Initiative, the City has provided supports to other development:

60 Caledon – Caledon Community Collaborative

- Joint development between Kiwanis and Victoria Park
- 266 affordable units at 80% AMR – the upper level of affordable housing continuum
- Council approval of a \$9.1 M grant equal to the Development Charges payable

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

**SUBJECT: Sufficiency of the Affordable Housing Funding Program (AHFP)
(HSC23003(a)) (City Wide) - Page 6 of 7**

Roxborough Development

- Proponent is building 107 townhouses and 200 apartment units
- As part of a Community Improvement Plan the proponent can access Homeownership Grant Program
- Eligible for grant to cover DCs for 107 townhouse units to a maximum of \$3.5 M.

Charlton Co-ops

- Corktown Co-ops (abutting) purchased 2 residential properties to create a new Co-op development of 17 units
- Proponent received \$820,000 in Ontario Priority Housing Initiatives (OPHI) to support pre-development costs
- OPHI requires occupancy by April 2025 failing which the City will be required to pay back the \$820,000 funding to the Province.

Development Charges for Non-profit and Affordable Housing

Ontario Bill 23, the *More Homes Built Faster Act, 2022*, provided a development charge exemption for non-profit housing developments. The Bill further provides for a future development charges exemption for affordable residential units, which will require municipalities to exempt units where rent is no greater than 80% of the average market rent as determined by the Province, and a future exemption for attainable housing units which has not yet been defined by the Province. These required exemptions are not accompanied by any upper level funding to offset the loss of cashflow to municipalities. In order to fund the growth infrastructure required to support the new population, this loss of revenue will need to be offset from other sources. While the exemptions for the future affordable and attainable housing exemptions cannot be estimated, Appendix "A" to Report HSC23003(a) is a list of potential new non-profit housing projects and their current development charge estimates.

Summary

To make a significant impact on the City of Hamilton housing crisis, the City of Hamilton cannot afford to do this on its own and requires partnerships with the Federal and Provincial governments, and affordable housing proponents bringing equity to the projects. Recently, new affordable housing developments are only undertaken by non-profit organizations and the ability to bring equity to the development has a direct relationship to the size of the organization and their assets.

Building new affordable housing is one of four pillars of the Housing Sustainability and Investment Framework. The other pillars include acquisition, retention of existing units and supports for individuals. There are significant pressures along the entire housing continuum and demand far exceeds available resources in each one of these areas. Ideally, investment in all pillars, as well as the City's existing obligations and

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

**SUBJECT: Sufficiency of the Affordable Housing Funding Program (AHFP)
(HSC23003(a)) (City Wide) - Page 7 of 7**

commitments, should be considered as Council deliberates how much to invest in new affordable housing and the level of funding for the affordable housing funding program. It should be noted that while the Affordable Housing Funding Program focusses funding to support the creation of new affordable units, and this report is focused on sufficiency of the \$4M proposed for new the affordable housing funding program, there are other investments related to what it will take to end chronic homelessness in Hamilton that will be brought forward in a March report. Recommendations and resource requirements, and options for council's consideration to address all pillars and the entire housing continuum will be brought forward in a comprehensive way with the Housing Sustainability and Investment Roadmap that is coming forward in April.

To move the needle on the housing crisis, we need all partners, large and small, working towards the same goal with currently the most significant obstacle to overcome is the availability of funding to support the capital build, rent supplements and where necessary wrap-around supports.

INFORMATION REPORT

TO:	Mayor and Members General Issues Committee
COMMITTEE DATE:	March 1, 2023
SUBJECT/REPORT NO:	Service Delivery Review (FCS23038) (City Wide)
WARD(S) AFFECTED:	City Wide
PREPARED BY:	Duncan Robertson (905) 546-2424 Ext. 4744
SUBMITTED BY:	Brian McMullen Director, Financial Planning, Administration and Policy Corporate Services Department
SIGNATURE:	

COUNCIL DIRECTION

At its meeting January 10, 2023, the General Issues Committee (GIC) directed staff to identify the programs and services that exceed the prescribed service standard or level of service and report back through the 2023 GIC Operating Budget.

INFORMATION

In 2011, Council and staff undertook a Service Delivery Review to develop a strategy to reduce service delivery costs and improve service to citizens. KPMG was engaged as an external consultant to assist in the development of the service delivery strategy. They applied a methodology called the Municipal Reference Model in review of City services. The Municipal Reference Model is a proven methodology used to evaluate the delivery of municipal services from a customer perspective versus carrying out municipal operations at a technical level.

Through this review, KPMG and City staff identified several opportunities that were presented to Council through Report CM11009(b)/FCS11059(b) and has been attached as Appendix "A" to Report FCS23038 for reference.

APPENDICES AND SCHEDULES ATTACHED

Appendix "A" to Report FCS23038 – Corporate Service Delivery Review – Opportunities for Service Improvement (CM11009(b)/FCS11059(b))

INFORMATION REPORT

TO: Mayor and Members General Issues Committee	WARD(S) AFFECTED: CITY WIDE
COMMITTEE DATE: October 29, 2012	
SUBJECT/REPORT NO: Corporate Service Delivery Review – Opportunities for Service Improvement (CM11009b/FCS110569b) - (City Wide)	
SUBMITTED BY: Chris Murray City Manager and Roberto Rossini General Manager, Finance & Corporate Services Department	PREPARED BY: Service Delivery Strategy Team (Mike Zegarac, Chair) (905) 546-2424, extension 2739
SIGNATURE: 	

Council Direction:

On July 12, 2012 Council approved a process for the identification of opportunities for further review in an effort to improve the value of our services to our citizens. This process included a series of criteria to be used for evaluation purposes.

It is the objective of this Information Report and accompanying presentation to share the Opportunities which resulted by following that evaluation process.

Information:

Report CM11009a/FCS11056a Service Delivery Review – Opportunity Filter and Profile Template presented to General Issues Committee (GIC) on June 28, 2012 advised that the City would be completing the Service Profiles and would conduct a two-stage evaluation process as approved by Council at that time. The profiles and filter would

SUBJECT: Service Delivery Review – Opportunities for Service Improvement (City Wide)

Page 2 of 7

facilitate completion of the first two components of the approved SDR process methodology, namely:

1. Profile all City Facing and Internal Services
2. Rank and Prioritize Service Delivery Opportunities for Improvement/Reduction or Elimination

The Service Profiles were produced and presented to General Issues Committee earlier this month at its meeting of October 18th along with an overview of the lessons learned from the development of the profiles.

Background on the Process

Following Council's endorsement of the two stage opportunity filter process at the June 28th GIC, KPMG reviewed the Service Profiles using the Service Assessment Filter (attached as 'Appendix A' to report CM11009b/FCS11056b) and developed a list of opportunities. The following evaluation criteria were used to determine the Top 30 opportunities with the greatest potential for further review:

1. How the service contributes to achieving the Program's mandate or strategic goals and/or objectives.
2. The cost of delivering the service.
3. How this cost compares to other municipalities.
4. The relative impact on residents if the opportunity was implemented.

The criteria of cost of the service (2.) and client impact (4.) were weighted slightly higher than the other two. The maximum score achievable at this first step was a five (5).

As a result of this filter process, 34 opportunities moved on to the next stage of the evaluation process since several of the opportunities achieved the same score. The following criteria were used to further assess these opportunities in the second stage:

1. Continued analysis on how the service aligns with the Program's strategic objectives, the cost to deliver the service, comparison to other municipalities and how many residents would be impacted by any changes in the service.
2. Recent reports or studies that considered this opportunity and any decisions that resulted from it.
3. What are the potential savings?
4. Are there any barriers to implementation (legal, political environment, labour and contractual obligations, capital costs)?

Each of these criteria carried equal weights on the scale, and the maximum achievable score was twenty (20).

The resulting total score (out of a possible twenty-five (25)) from the application of stage 1 and 2 filters were determined for all of the 34 opportunities.

SUBJECT: Service Delivery Review – Opportunities for Service Improvement (City Wide)

Page 3 of 7

As was previously committed to Council, the list of opportunities would be brought forward in the Fall for validation of those service areas that should be the subject of a deep dive and development of a high-level business case for change.

The Results

Starting with the 34 ranked opportunities, KPMG worked with the Service Delivery Review Strategy Team and the Senior Management Team to determine recommended Top 10 service areas with the greatest potential for further review and service improvement that are being presented to the GIC today. In reviewing the list, it became evident that the Top 30 could be grouped into the following categories for ease of communication:

Top 34 Opportunities

- A** = Top 10: This group represents where we should focus our efforts to investigate the most appropriate service level and method of delivery for residents by working with KPMG to develop a high-level business case for further review. (10 opportunities)
- B** = This group includes the initiatives that are already underway. (10 opportunities)
- C** = This group includes initiatives that the City should consider pursuing. (10 opportunities)
- D** = These initiatives have already received a decision during the current term of Council. (4 opportunities)

The complete listing of the Top 34 Opportunities, including filter scores from each stage and other details is presented in Appendix 'B' to Report CM11009b/FCS11056b.

SMT are recommending a list of the Top 10 Opportunities for GIC's consideration today. The Top 10 (category 'A') which were filtered from within the Top 34 are depicted in the Table below:

SUBJECT: Service Delivery Review – Opportunities for Service Improvement (City Wide)

Page 4 of 7

Opportunity Number	Opportunity Description	Total Score	Comments
<i>Top 10 Recommended Opportunities (A)</i>			
1	Central Fleet - move to a model of purchasing vehicles on credit and charging user departments the cost of the debt payments, using lifecycle costing analysis to determine when vehicles should be retired.	21.7	The use of a credit model for fleet purchases improves the transparency of fleet purchases since fleet costs are fully represented in the operational budget; allows purchase of vehicles when appropriate from life-cycle costing analysis; Balance in fleet reserve can be applied against the City's debt position.
2	Transfer the business of food preparation/delivery at the City's arenas, recreation facilities, golf courses to the private sector and/or community and recreation user groups.	19.2	Food preparation is a service that can be assumed by community user groups or the private sector and reduce the City's operational costs.
3	Undertake a Master Fire Plan with a view to optimizing the use of existing resources and explore opportunities to achieve cost effectiveness and efficiencies, through cost avoidance. Considered an industry best practice, the Master Fire Planning process will draw a correlation between the City Of Hamilton's risk profile and the resources required to support the fire protection and public safety needs of the community. EMS needs, in terms of station locations and coordinated response should be considered.	19	Fire services is a significant cost to the City. It appears that there has not been a full review of the Fire Service since amalgamation. There is an opportunity to address many of the legacy inefficiencies carried over from amalgamation. Savings will largely be avoidance of future increases - but some reductions may be possible.
4	Increase parking rates at existing off-street paid lots, on-street at meters and for monthly permits.	18.2	Parking is an important source of non taxation revenue for municipalities. The opportunities represented by parking should be maximized to reduce the tax burden on property owners.
5	Make Fleet a competitive service provider (users can buy services from Fleet or elsewhere).	17.9	Allowing departments to use Fleet Services or other suppliers would make customer service and better customer value imperatives for Fleet.
6	Increase fees for City operated recreation programs and recreation facility rentals considering: - cost of operations and facility maintenance, - availability of private alternatives (avoiding unfair competition), - the target client group, - the fees charged by other municipalities. As part of the program, expand subsidy programs to ensure affordability is maintained.	17.5	Hamilton has made a significant investment in public recreation facilities and programs. There is an opportunity for the City to determine what is the appropriate R/C ratio for recreation and adjust fees accordingly. Maintaining access to programs for low income residents is a priority.
7	Examine P3 (Public/Private Partnership) Operations and/or lease of private facilities to replace/supplement municipal capacity for recreation facilities.	17.2	P3 development offers the potential to minimize capital and operating costs in development or renovation/upgrade of municipal recreation facilities.
8	Improve sustainability by reducing and limiting costs of voluntary sewer programs by: - Reducing the cost of the Protective Plumbing Program (\$1.7M in 2011), considering lower maximum grants, shared costing, and annual maximums - Establishing a maximum annual contribution to the Sewer Lateral Management Program of \$500,000 (\$3.4M in 2011) and - Limiting the flooding related compassionate grants to circumstances where City facilities created the flood, and for repeated events, protective plumbing was installed (from \$80K to \$730K per year).	17.2	Hamilton offers voluntary sewer programs to its citizens that are generous in their support in comparison to peer municipalities. There is an opportunity to review the terms and conditions of the sewer programs to ensure they are effectively applied, or eliminate them entirely.
9	To develop a Strategic Workforce Plan for the next 3-5 years that readies the City of Hamilton workforce to be flexible and responsive to the changing needs of the community, changing business strategy requirements and the fiscal realities of municipal government.	16.9	Staffing costs are the largest expenditure of the City. How staff are managed can either amplify or mitigate the City's labour costs. Improved flexibility can achieve cost savings without layoffs or outsourcing.
10	Review IT governance and strategy, focusing on: - establishing a corporate GIS system (outsourcing options) -centralizing more IT systems such as client data banks - consolidating records management - centralizing IT resources now in departments.	16.7	It appears that the City's IT strategy is disparate and resources are in various departments. Centralizing resources and addressing highest corporate priorities would improve effectiveness.

Vision: To be the best place in Canada to raise a child, promote innovation, engage citizens and provide diverse economic opportunities.

Values: Honesty, Accountability, Innovation, Leadership, Respect, Excellence, Teamwork

SUBJECT: Service Delivery Review – Opportunities for Service Improvement (City Wide)
Page 5 of 7

As indicated, a number of the Top 34 items relate to initiatives that are currently underway. These opportunities were grouped into category 'B' as can be seen in this summary Table below:

Opportunity Number	Opportunity Description	Total Score	Comments
Opportunities Underway (B)			
11	Increase use of bus priority measures (dedicated lanes and signals) to improve the efficiency/effectiveness of public transit.	19.4	Transit Priority lane pilot initiated under development as a Metrolinx Quick-Wins funded initiative. A staff report to Council for consideration is planned in Q4/12.
12	Decrease employee absenteeism.	18.9	An Attendance Improvement Initiative is underway as described in the Management Action Plan reported to AF&A on June 11 (HUR12008). Goal is to achieve a minimum of 10% reduction in average sick days per employee by end of 2014, an average of one day per employee.
13	Consolidate corporate call handling.	17.7	Consolidation of corporate call handling is an opportunity to improve customer service and achieve efficiencies. With partial implementation, there has been approximately \$281k in savings realized to date.
14	In light of all day kindergarten in schools, develop a strategy for evolution of child care in Hamilton (as system operator) and at Red Hill Family Centre (as facility operator) to maximize return for funds spent.	17	The early years learning environment is undergoing widespread change as a result of the Province's policy shift. There is an opportunity for the City to review its early years/daycare services to ensure that they are still relevant and efficient in the new system.
15	Transit - focus on peak hours and days. Reduce evening and weekend service. Use a usage/cost recovery ratio to evaluate routes, route sections and time of day.	16.6	A comprehensive full system Operational Review was completed in 2010. During 2012 budget deliberations, staff listed curtailment of low performing routes as a budget mitigation option. No direction arose from Council discussion.
16	Implement the results of the review of major recreation and community facilities to determine if the current number is warranted or can be reduced, and if the configuration of facilities can be changed as lifecycle investments are required in order to reduce operating costs (e.g. consolidating). Review would encompass: - arenas - indoor pools - outdoor pools - community halls and recreation centres.	16.2	Should be considered in concert with item 7, with any new or replacement facilities considered as P3 approaches, for consolidation to improve efficiency.
17	Hospital emergency room - find resolution to delayed hand-off of EMS patients.	16.2	A continuing problem for EMS. Recently got two off-load nurses. Next steps to be defined.
18	Change procurement processes to emphasize value for dollar and good client service and appropriate levels of risk.	16	An external review of the procurement process was conducted by NIGP. As of December 2011, 27 of the 58 recommendations had been addressed.
19	Long Term Care Homes - Manage the Case Mix Index to maximize revenues.	15.5	The Case Mix Index is a key performance indicator and influences funding of Long Term Care homes. Continued attention to recording activities maximizes revenues.
20	Transit - Establish a target revenue: cost (R/C) ratio and increase transit fares and adjust services (see item 15) as required to achieve it.	15.4	A comprehensive full system Operational Review was completed in 2010. The establishment of a target R/C ratio by Council would give clear direction to Staff on implementing the operational review.

There were an additional 14 opportunities that make up the Top 30. Ten of these opportunities the City could consider pursuing at some future date (category 'C'), and the summary of these items are represented in the Table below:

SUBJECT: Service Delivery Review – Opportunities for Service Improvement (City Wide)
Page 6 of 7

Opportunity Number	Opportunity Description	Total Score	Comments
	Opportunities to Consider Pursuing (C)		
21	Social Supports: One stop intake of clients for Ontario Works / housing / child care / recreation / transit subsidy / water-wastewater subsidy.	16.9	This approach can improve customer service, and ensure clients are aware of the full range of services available. There is an opportunity for the City to work with the Province to implement a one stop intake for social services and improve the service level while reducing the cost to the City.
22	Close the aviary - Gage Park Master Plan calls for a \$2M upgrade to the Aviary.	16.7	The construction of a new aviary is a significant capital expenditure (\$2M) for a non essential service. Gage Park Master Plan was approved in 2010 (PW10033), with staff to report back with a detailed cost analysis prior to implementation.
23	Examine impacts of development on ongoing municipal costs - storm water ponds, gateway features, landscaping, types of trees, illumination, winter control - change subdivision plans to minimize - or recover costs.	16.6	Approval of subdivisions with non-standard features can lead to costs following the assumption of the subdivision even if the capital cost is funded by the developer. There is an opportunity for the City to limit the features it will accept.
24	Explore opportunities for the City to become the delivery agent for Ambulance Dispatch and consolidate dispatch operations for all emergency services.	16.5	Niagara Region recently assumed ownership of ambulance dispatch; Ottawa has done it for some years. There is an opportunity for the City to explore the consolidation of all emergency services' dispatch into one central operation.
25	Improve corporate management of assets by: - consolidating management of all corporate real estate assets - consolidating asset management functions corporately.	16.5	The City manages/owns a large portfolio of real property and facilities. Leading practice suggests that a business unit devoted to corporate asset management improves minimizes cost of real estate and ensures resources go to highest priorities. This initiative is now underway through the departmental reorganization in Oct. 2012.
26	Examine cost-effectiveness of public health clinics - opportunities to consolidate clinics, delivery in other ways.	16.2	Some health units use multiple purpose clinics and/or make greater use of private practice doctors and dentists to minimize costs and expand client service options. Consolidation - underway Consider if number of clinics is appropriate.
27	Expand outsourcing of design and construction supervision.	16.2	Currently outsourcing is project specific and utilizes a Roster system for consultant selection.
28	Consolidate provision of maintenance for central fleet, fire, ambulance and transit non revenue vehicles. Consider discussion with police for inclusion.	15.7	Fleet maintenance is scattered across the organization. It appears that there are operational/facility issues that remain from amalgamation.
29	Pursue legislative changes to permit the establishment of a user room tax to fund visitor attractions.	15.2	Would serve as key funding source for destination marketing. No authority for compulsory tax.
30	Redesign the budget process with a view to establishing a multi-year, service-based operating budget, minimizing the length of the annual budget cycle.	15.2	Long term operating budgets promotes longer term thinking, reduces annual budget process demands, service based budgets provides a real understanding of the cost of services provided.

Of the remainder of the Top 34, there are four items that Council has already decided on (category 'D') and therefore would not be pursued at this time. These are shown on the following Table:

SUBJECT: Service Delivery Review – Opportunities for Service Improvement (City Wide)

Page 7 of 7

Opportunity Number	Opportunity Description	Total Score	Comments
<i>Opportunities that Council has already Decided (D)</i>			
31	Transfer one Long Term Care home to non-profit operation with resident/family involvement in governance.	15.6	Non-profit operation can lower costs over time, while providing opportunities for family involvement in governance.
32	Golf Courses -Sell one of the Chedoke courses for development purposes.	15.4	Municipal golf courses are a discretionary service, and compete with private courses with lower labour costs and generally similar or higher rates. Update the Business Plan for the course that takes the capital requirements into consideration.
33	Solid Waste Collection - Reduce to bi-weekly.	13.96	The new Waste collection system model was approved through General Issues Committee Report 12-005 in February 2012.
34	Expand contracting of garbage collection and bulk waste collection.	11.6	The new Waste collection system model was approved through General Issues Committee Report 12-005 in February 2012.

Next Steps

Through the scheduled SDR opportunities workshops, Council will be asked to endorse 10 Opportunities for KPMG to undertake development of Executive Business Cases.

The business cases and a Roadmap for Implementation will accompany the Final Report when it is completed in the first quarter of 2013. This body of work will fulfil the third component of the SDR process methodology, that is,

3. "Deep Dive" Service Delivery Reviews

The fourth and final component – Implementation of "Deep Dive" Reviews – will be presented to Council for consideration and further direction.

List of Appendices

Top 10 Recommended Opportunities (A)																					
1	Central Fleet - move to a model of purchasing vehicles on credit and charging user departments the cost of the debt payments, using lifecycle costing analysis to determine when vehicles should be retired.	Operational Efficiency	Public Works	Fleet Management	Fleet Planning and Materials Management	Fleet Reserve is 45% underfunded	4	4	3	5	3.7	\$5.3M (fleet contribution + maintenance)	4	5	4	5	21.7	Short Term	Top 10	The use of a credit model for fleet purchases improves the transparency of fleet purchases since fleet costs are fully represented in the operational budget; allows purchase of vehicles when appropriate from life-cycle costing analysis; Balance in fleet reserve can be applied against the City's debt position.	A
2	Transfer the business of food preparation/delivery at the City's arenas, recreation facilities, golf courses to the private sector and/or community and recreation user groups.	Alternate Service Delivery Opportunities	Community Services	Food Preparation & Delivery	All but vending	Food Services operates at a loss and is supported by the tax levy \$417K	4	4	2	4	3.2	\$1.5M	5	3	4	4	19.2	Short Term	Top 10	Food preparation is a service that can be assumed by community user groups or the private sector and reduce the City's operational costs.	A
3	Undertake a Master Fire Plan with a view to optimizing the use of existing resources and explore opportunities to achieve cost effectiveness and efficiencies, through cost avoidance. Considered an industry best practice, the Master Fire Planning process will draw a correlation between the City Of Hamilton's risk profile and the resources required to support the fire protection and public safety needs of the community. EMS needs, in terms of station locations and coordinated response should be considered.	Operational Efficiency	City Manager's Office	Fire Services	-	FIR returns indicate that Hamilton spends more per household (\$358m) than most peer municipalities	4	3	5	4	4	\$77M	5	1	4	5	19	Mid Term	Top 10	Fire services is a significant cost to the City. It appears that there has not been a full review of the Fire Service since amalgamation. There is an opportunity to address many of the legacy inefficiencies carried over from amalgamation. Savings will largely be avoidance of future increases - but some reductions may be possible.	A
4	Increase parking rates at existing off-street paid lots, on-street at meters and for monthly permits.	User Fee Review Opportunity	Planning & Economic Development	Parking Operations	-	The revenue-to-cost ratio for Hamilton's parking services is 145%-the 4th lowest among 9 (OMBI) comparator cities	4	3	3	4	3.2	\$7.4M	5	2	4	4	18.2	Short Term	Top 10	Parking is an important source of non taxation revenue for municipalities. The opportunities represented by parking should be maximized to reduce the tax burden on property owners.	A
5	Make Fleet a competitive service provider (users can buy services from Fleet or elsewhere).	Alternate Service Delivery Opportunities	Public Works	Fleet Management	All	Hamilton has the highest door rate (\$93.50) and the second highest	4	4	4	3	3.9	\$4.3M plus	4	2	4	4	17.9	Short Term	Top 10	Allowing departments to use Fleet Services or other suppliers would make customer service and better customer value imperatives for Fleet.	A
6	Increase fees for City operated recreation programs and recreation facility rentals considering: - cost of operations and facility maintenance, - availability of private alternatives (avoiding unfair competition), - the target client group, - the fees charged by other municipalities. As part of the program, expand subsidy programs to ensure affordability is maintained.	User Fee Review Opportunity	Community Services	Recreational Facility Booking and Access	All	FIR returns indicate that Hamilton's user fees recover far lower percent of costs than other municipalities	4	2.5	4	5	3.5	\$16.9M	5	2	4	3	17.5	Mid Term	Top 10	Hamilton has made a significant investment in public recreation facilities and programs. There is an opportunity for the City to determine what is the appropriate R/C ratio for recreation and adjust fees accordingly. Maintaining access to programs for low income residents is a priority.	A
7	Examine P3 (Public/Private Partnership) Operations and/or lease of private facilities to replace/supplement municipal capacity for recreation facilities.	Alternate Service Delivery Opportunities	Community Services	Recreation Asset Management	All	Leading Practices	4	3	3	4	3.2	\$5.2M	4	4	4	2	17.2	Long term	Top 10	P3 development offers the potential to minimize capital and operating costs in development or renovation/upgrade of municipal recreation facilities.	A
8	Improve sustainability by reducing and limiting costs of voluntary sewer programs by: - Reducing the cost of the Protective Plumbing Program (\$1.7M in 2011), considering lower maximum grants, shared costing, and annual maximums - Establishing a maximum annual contribution to the Sewer Lateral Management Program of \$500,000 (\$3.4M in 2011) and - Limiting the flooding related compassionate grants to circumstances where City facilities created the flood, and for repeated events, protective plumbing was installed (from \$80K to \$730K per year).	Service Level Opportunities	Public Works	Storm Water and Wastewater Management	-	Hamilton's cost per kilometre of pipe is significantly higher than its peers, ties in part to discretionary payments	3.5	2.5	3.5	4.5	3.2	\$5.8M	5	2	4	3	17.2	Short Term	Top 10	Hamilton offers voluntary sewer programs to its citizens that are generous in their support in comparison to peer municipalities. There is an opportunity to review the terms and conditions of the sewer programs to ensure they are effectively applied, or eliminate them entirely.	A
9	To develop a Strategic Workforce Plan for the next 3-5 years that readies the City of Hamilton workforce to be flexible and responsive to the changing needs of the community, changing business strategy requirements and the fiscal realities of municipal government.	Operational Efficiency	City Manager's Office	Human Resources	Employee and Labour Relations	Leading Practice	4	3	5	3	3.9	\$625M	5	2	5	1	16.9	Mid Term	Underway*	Staffing costs are the largest expenditure of the City. How staff are managed can either amplify or mitigate the City's labour costs. Improved flexibility can achieve cost savings without layoffs or outsourcing.	A
10	Review IT governance and strategy, focusing on: - establishing a corporate GIS system (outsourcing options) -centralizing more IT systems such as client data banks - consolidating records management - centralizing IT resources now in departments.	Service Level Opportunities	Corporate Services	Information Technology	-	Leading Practice	5	3	4	4	3.7	\$7M plus	4	1	5	3	16.7	Short Term	Underway*	It appears that the City's IT strategy is disparate and resources are in various departments. Centralizing resources and addressing highest corporate priorities would improve effectiveness.	A

Alternate Service Delivery Opportunities	Community Services	Child Care Management	Planning and Development	The correlation of % of subsidized spaces compared to % of children from low income families is lowest among peer municipalities and Hamilton has lower fee subsidy per subsidized child care space (OMBI 2010).	3	4	4	5	4	\$42.1M	4	2	4	3	17	Mid Term	Underway	The early years learning environment is undergoing widespread change as a result of the Province's policy shift. There is an opportunity for the City to review its early years/daycare services to ensure that they are still relevant and efficient in the new system.	B
15	Transit - focus on peak hours and days. Reduce evening and weekend service. Use a usage/cost recovery ratio to evaluate routes, route sections and time of day.	Operational Efficiency	Public Works	Public Transportation	Conventional Public Transit	Leading Practice to increase ridership, reduce subsidy	4	2	5	4	3.6	\$95.9M	5	3	1	4	16.6	Mid Term	Underway	A comprehensive full system Operational Review was completed in 2010. During 2012 budget deliberations, staff listed curtailment of low performing routes as a budget mitigation option. No direction arose from Council discussion.	B
16	Implement the results of the review of major recreation and community facilities to determine if the current number is warranted or can be reduced, and if the configuration of facilities can be changed as lifecycle investments are required in order to reduce operating costs (e.g. consolidating). Review would encompass: - arenas - indoor pools - outdoor pools - community halls and recreation centres.	Operational Efficiency	Community Services	Recreational Facility Booking & Access	-	FIR returns for 2011 show that Hamilton has a comparable level of indoor recreation facilities and a higher rate of outdoor facilities than its peers, but the lowest rate of participation.	4	2	4	4	3.2	\$5.2M	5	1	5	2	16.2	Long term	Underway	Should be considered in concert with item 7, with any new or replacement facilities considered as P3 approaches, for consolidation to improve efficiency.	B
17	Hospital emergency room - find resolution to delayed hand-off of EMS patients.	Operational Efficiency	City Manager's Office	Emergency Medical Services	Inter-Facility Medical Transport	Hospital turnaround in excess of 30 minutes is above average compared to other jurisdictions (45.3%) OMBI 2010 data	4	3	3	4	3.2	\$14.4M	4	2	5	2	16.2	Mid Term	Underway	A continuing problem for EMS. Recently got two off-load nurses. Next steps to be defined.	B
18	Change procurement processes to emphasize value for dollar and good client service and appropriate levels of risk.	Operational Efficiency	Corporate Services	Financial Management	Procurement	Cost per contract is \$4752	5	3	5	3	4	TBD - very large	3	2	4	3	16	Short Term	Underway	An external review of the procurement process was conducted by NIGP. As of December 2011, 27 of the 58 recommendations had been addressed.	B
19	Long Term Care Homes - Manage the Case Mix Index to maximize revenues.	Operational Efficiency	Community Services	Long Term Care	-	OMBI data indicates costs are rising quickly, and exceed provincial funding levels	4	3	4	3	3.5	\$15.3M	4	2	3	3	15.5	Short Term	Underway	The Case Mix Index is a key performance indicator and influences funding of Long Term Care homes. Continued attention to recording activities maximizes revenues.	B
20	Transit - Establish a target revenue: cost (R/C) ratio and increase transit fares and adjust services (see item 15) as required to achieve it.	User Fee Review Opportunity	Public Works	Public Transportation	Conventional Public Transit	Revenue: Cost ratio has been declining	2	2	5	4	3.4	\$79M	5	2	2	3	15.4	Short Term	Underway	A comprehensive full system Operational Review was completed in 2010. The establishment of a target R/C ratio by Council would give clear direction to Staff on implementing the operational review.	B
End of Opportunities Underway (B)

Opportunities to Consider Pursuing (C)																					
21	Social Supports: One stop intake of clients for Ontario Works / housing / child care / recreation / transit subsidy / water-wastewater subsidy.	Shared Services Opportunity	Community Services	Financial Assistance Case Management	-	Leading practice	4	5	3	3	3.9	Estimate	4	2	4	3	16.9	Mid Term	Consider Pursuing	This approach can improve customer service, and ensure clients are aware of the full range of services available. There is an opportunity for the City to work with the Province to implement a one stop intake for social services and improve the service level while reducing the cost to the City.	C
22	Close the aviary - Gage Park Master Plan calls for a \$2M upgrade to the Aviary.	Alternate Service Delivery Opportunities	Public Works	Horticultural Programs	Aviary	Discretionary service with significant projected capital costs	5	3	2.5	5	3.2	\$2M capital liability	2.5	3	4	4	16.7	Short Term	Consider Pursuing	The construction of a new aviary is a significant capital expenditure (\$2M) for a non essential service. Gage Park Master Plan was approved in 2010 (PW10033), with staff to report back with a detailed cost analysis prior to implementation.	C
23	Examine impacts of development on ongoing municipal costs - storm water ponds, gateway features, landscaping, types of trees, illumination, winter control - change subdivision plans to minimize - or recover costs.	User Fee Review Opportunity	Planning & Economic Development	Development Approvals	Development Review	Leading Practice in development approvals	4	3	4	4	3.6	estimate	4	2	4	3	16.6	Short Term	Consider Pursuing	Approval of subdivisions with non-standard features can lead to costs following the assumption of the subdivision even if the capital cost is funded by the developer. There is an opportunity for the City to limit the features it will accept.	C
24	Explore opportunities for the City to become the delivery agent for Ambulance Dispatch and consolidate dispatch operations for all emergency services.	Alternate Service Delivery Opportunities	City Manager's Office	Emergency Medical Services	Emergency Medical (& Communications)	Leading practice to co-ordinate emergency response	4	3	4	3	3.5	\$26M	5	2	4	2	16.5	Long term	Consider Pursuing	Niagara Region recently assumed ownership of ambulance dispatch; Ottawa has done it for some years. There is an opportunity for the City to explore the consolidation of all emergency services' dispatch into one central operation.	C
25	Improve corporate management of assets by: - consolidating management of all corporate real estate assets - consolidating asset management functions corporately.	Operational Efficiency	Community Services, Public Works, Planning and Economic Development	-	-	Leading practice	5	3.5	3	4	3.5	\$1M plus assets	3	2	3	5	16.5	Mid Term	Consider Pursuing	The City manages/owns a large portfolio of real property and facilities. Leading practice suggests that a business unit devoted to corporate asset management improves minimizes cost of real estate and ensures resources go to highest priorities. This initiative is now underway through the departmental reorganization in Oct. 2012.	C
26	Examine cost-effectiveness of public health clinics - opportunities to consolidate clinics, delivery in other ways.	Operational Efficiency	Public Health Services	All	All	Net operating cost per capital is significantly higher for Hamilton (\$20.15) compared to London (\$16.79) and Halton (\$15.36)	4	3	3	4	3.2	15.7M	4	2	4	3	16.2	Mid Term	Consider Pursuing	Some health units use multiple purpose clinics and/or make greater use of private practice doctors and dentists to minimize costs and expand client service options. Consolidation - underway Consider if number of clinics is appropriate.	C
27	Expand outsourcing of design and construction supervision.	Alternate Service Delivery Opportunities	Public Works	Engineering Services	Design Services / Construction Services	Leading Practice	4	4	2	4	3.2		3	2	4	4	16.2	Mid Term	Consider Pursuing	Currently outsourcing is project specific and utilizes a Roster system for consultant selection.	C
28	Consolidate provision of maintenance for central fleet, fire, ambulance and transit non revenue vehicles. Consider discussion with police for inclusion.	Shared Services Opportunity	Public Works	Fleet Management	All	Scattered fleet maintenance activities	4	3	4	5	3.7	\$4.3M plus	4	2	4	2	15.7	Mid Term	Consider Pursuing	Fleet maintenance is scattered across the organization. It appears that there are operational/facility issues that remain from amalgamation.	C
29	Pursue legislative changes to permit the establishment of a user room tax to fund visitor attractions.	User Fee Review Opportunity	Planning & Economic Development	Tourism Development	Visitor Attraction	Greater Toronto Area (GTA), Niagara Falls, Ottawa, Sault Ste. Marie, Kingston, Kenora, Hamilton, St. Catharines, Burlington, Stratford charge three percent	4	3	3	4	3.2	\$0.4K	5	2	4	1	15.2	Mid Term	Consider Pursuing	Would serve as key funding source for destination marketing. No authority for compulsory tax.	C
30	Redesign the budget process with a view to establishing a multi-year, service-based operating budget, minimizing the length of the annual budget cycle.	Operational Efficiency	Corporate Services	Financial Management	Financial Planning and Control	Leading Practice	4	4	2	4	3.2	-	2	2	4	4	15.2	Mid Term	Consider Pursuing	Long term operating budgets promotes longer term thinking, reduces annual budget process demands, service based budgets provides a real understanding of the cost of services provided.	C
End of Opportunities to Consider Pursuing (C)

Opportunities that Council has already Decided (D)																					
31	Transfer one Long Term Care home to non-profit operation with resident/family involvement in governance.	Alternate Service Delivery Opportunities	Community Services	Long-Term Care/ Long-Term Care Accommodation	-	Legislated service target is to own and operate 1 Long Term Care home – Hamilton has two facilities.	4	3	4	4	3.6	\$15.3M	5	2	3	2	15.6	Mid Term	Decided	Non-profit operation can lower costs over time, while providing opportunities for family involvement in governance.	D
32	Golf Courses - Sell one of the Chedoke courses for development purposes.	Alternate Service Delivery Opportunities	Community Services	Recreational Facility Booking and Access	Golf Courses	Discretionary Service in a competitive market place	3	3	4	3	3.4	\$3.1M gross (for 3) plus capital value	3	5	2	2	15.4	Mid Term	Decided	Municipal golf courses are a discretionary service, and compete with private courses with lower labour costs and generally similar or higher rates. Update the Business Plan for the course that takes the capital requirements into consideration.	D
33	Solid Waste Collection - Reduce to bi-weekly.	Operational Efficiency	Public Works	Solid Waste Management	Garbage & Organic Waste Collection	Leading practice	3.4	3.8	4	5	3.96	\$15.6M	5	3	1	1	13.96	Long term	Decided	The new Waste collection system model was approved through General Issues Committee Report 12-005 in February 2012.	D
34	Expand contracting of garbage collection and bulk waste collection.	Alternate Service Delivery Opportunities	Public Works	Solid Waste Management	Garbage & Organic Waste Collection / Bulk Waste Collection Services	Hamilton spent twice the average per tonne to collect residential waste - OMBI 2010 - and costs are rising	4	3	4	4	3.6	\$16.6M	2	4	1	1	11.6	Long term	Decided	The new Waste collection system model was approved through General Issues Committee Report 12-005 in February 2012. (FCS23007(a)) (City Wide) – Page 4 of 7**

(k) Capital Financing

- (i) That the Capital Financing operating budget (2023 Tax Supported Operating Budget Book – Appendix “I” to Report FCS23007(a), page 249) of \$154,977,052, inclusive of amendments as per Appendix “C” attached to Report FCS23007(a), be approved;

(l) 2023 By-Law Authorization

- (i) That the City Solicitor be authorized and directed to prepare all necessary by-laws, for Council approval, for the purposes of establishing the tax levy;
- (ii) That the City Solicitor be authorized and directed to amend By-law 07-248 respecting the remuneration of members of Council to exclude salary adjustments in relation to the approved municipal comparators and Non-Union Compensation Policy;

(m) Budgeted Complement and Transfer Extension Schedule

- (i) That in accordance with the “Budgeted Complement Control Policy”, the requested change in staff complement as outlined in Appendix “E” attached to Report FCS23007(a), be approved;

(n) Budget Exclusions Related to Regulation 284/09

- (i) That the budget exclusions related to Regulation 284/09 of the *Municipal Act* titled “Budget Matters – Expenses”, as per Appendix “F” attached to Report FCS23007(a), be received;

EXECUTIVE SUMMARY

The 2023 Preliminary Tax Supported Operating Budget was submitted to the General Issues Committee (GIC) at its meeting on January 10, 2023. The total residential tax impact was presented at 5.4% at that time. City departments, as well as Boards and Agencies, provided GIC with an in-depth presentation of their 2023 budgets and multi-year outlook. Since the preliminary submission on January 10, 2023, several budget amendments have been considered and approved by GIC throughout budget deliberations in February 2023. The amendments that have been approved by GIC are identified in Appendix “C” attached to Report FCS23007(a). The recommended net levy, inclusive of amendments, is \$1,073,566,329, which represents an increase of \$80,028,590 over the 2022 net levy or an average total residential tax increase of 6.2%.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

**SUBJECT: 2023 Tax Supported Operating Budget - Recommendations
(FCS23007(a)) (City Wide) – Page 5 of 7**

The recommendations in Report FCS23007(a) seek Council approval of the budget, as submitted in the preliminary document, including the approved amendments contained in Appendix “C” attached to Report FCS23007(a). Council may approve additional changes, which would then be added to the amendment list in Appendix “C” to Report FCS23007(a). Appendix “H” to Report FCS23007(a) includes a list of pending amendments for further consideration that were deferred from previous deliberations. The amendments represent a potential residential tax impact of 0.5% - if all were approved, the average total residential tax increase would be 6.7%.

Alternatives for Consideration – Not Applicable

FINANCIAL – STAFFING – LEGAL IMPLICATIONS

Financial: Detailed financial information can be found in the 2023 Preliminary Tax Supported Operating Budget Book (Appendix “A” to Report FCS23007). Amendments to the Preliminary Budget are included in Appendix “C” to Report FCS23007(a), which were approved during budget deliberations in February 2023.

Staffing: A complement summary can be found in Appendix “4” of the 2023 Preliminary Tax Supported Operating Budget Book (Appendix “A” to Report FCS23007). Amendments to the Preliminary Budget are included in Appendix “C” to Report FCS23007(a), which were approved during budget deliberations in February 2023.

Legal: N/A

HISTORICAL BACKGROUND

The 2023 Committee calendar includes key dates pertaining to the 2023 Tax Supported Operating Budget for the GIC meetings. The budget kick-off took place on January 10, 2023 followed by various other GIC dates that allowed for departmental budget presentations and deliberations of the 2023 Tax Supported Operating Budget. A GIC meeting dedicated to hearing public delegations was held on February 6, 2023 and is scheduled to be continued on February 27, 2023.

There is one more deliberation meeting scheduled for March 3, 2023 for GIC consideration of the 2023 Tax Supported Operating Budget if required.

POLICY IMPLICATIONS AND LEGISLATED REQUIREMENTS

N/A

**SUBJECT: 2023 Tax Supported Operating Budget - Recommendations
(FCS23007(a)) (City Wide) – Page 6 of 7**

RELEVANT CONSULTATION

The budget has been developed in conjunction with internal and external partners.

ANALYSIS AND RATIONALE FOR RECOMMENDATION(S)

The recommendations in Report FCS23007(a) are a result of 2023 Budget presentations, public delegations and deliberations at GIC meetings from January to March of 2023.

Appendix “G” to Report FCS23007(a) provides preliminary information on the multi-year outlook for Tax Supported Operating Budgets in 2024 to 2026 inclusive of impacts of the budget amendments approved in Appendix “C” to Report FCS23007(a).

Further to the Council approved amendment to confidential report HUR23002, Recruitment and Retention, staff is recommending that By-law 07-248, respecting the remuneration of members of Council, be revised to exclude salary adjustments for the Mayor and Members of Council, not including cost of living adjustments granted to non-union City of Hamilton employees. This would preclude members of Council from receiving any salary adjustments relative to the Non-Union Compensation Policy (adjustments to maintain the market percentile relative to the Council approved municipal comparators). Any future adjustments required to the salaries for Mayor or members of Council beyond cost of living will be determined by an independent consultant, who will be engaged to conduct a total compensation review of member of Council remuneration.

ALTERNATIVES FOR CONSIDERATION

As part of the budget deliberations, Council can direct changes to the budget as required.

ALIGNMENT TO THE 2016 – 2025 STRATEGIC PLAN

Community Engagement and Participation

Hamilton has an open, transparent and accessible approach to City government that engages with and empowers all citizens to be involved in their community.

Our People and Performance

Hamiltonians have a high level of trust and confidence in their City government.

 BUDGET AMENDMENT SCHEDULE**

STAFF COMPLEMENT CHANGE

Complement Transfer to another division or department ^(1,2)

ITEM #	TRANSFER FROM				TRANSFER TO			
	<u>Department</u>	<u>Division</u>	<u>Position Title (2)</u>	<u>FTE</u>	<u>Department</u>	<u>Division</u>	<u>Position Title (2)</u>	<u>FTE</u>
1	Planning and Economic Development	Tourism & Culture	Facility Attendant	0.68	Planning and Economic Development	Tourism & Culture	Retail Coordinator	0.68
Explanation: Position is being repurposed. Change will move the pay band from Grade B to F but can be accommodated within the current operating budget.								

(1) - All other budgeted complement changes that require Council approval per Budgeted Complement Control Policy must be done through either separate report or the budget process (i.e. Increasing/decreasing budgeted complement).

(2) - If a position is changing, the impact of the change is within 1 pay band unless specified.

Budget Exclusions Related to Regulation 284/09

On June 5, 2009, the Provincial Government of Ontario approved Bill 162 - *An Act Respecting the Budget Measures and Other Matters* and Schedule 18 *Municipal Act, 2001*. On July 31, 2009, Regulation 284/09 titled "*Budget Matters – Expenses*" was filed with the Ontario Registrar of Regulations.

Regulation 284/09 states that municipalities may exclude certain estimated expenses from their budget.

These excluded expenses relate to:

- Amortization expenses on tangible capital assets
- Post-employment benefits expenses
- Solid waste landfill closure and post-closure expenses

As per Public Sector Accounting Board (PSAB) standards, which follows the full accrual basis of accounting, these expenses are reported on in the City's annual financial statements. Although these expenses do not need to be budgeted for, there is a requirement under Ontario Regulation 284/09 to report on the excluded expenses before adopting a budget.

Table 1 is a summary of these excluded expenses:

TABLE 1
Excluded Expenses

(Amounts are representative of 2021 expenses and are reported in \$ millions)

1. Amortization expenses on tangible capital assets	\$216.3 M
2. Increase in post-employment benefits liability	8.8 M
3. Increase in solid waste landfill closure and post closure liability	<u>13.1 M</u>
Total	\$238.2 M

Table 1 outlines the expenses as reported in the City's audited 2021 financial statements. Expenses for 2022 and 2023 have not yet been determined and will be reported in the 2022 and 2023 financial statements, respectively.

1. Amortization Expenses on Tangible Capital Assets

Amortization expenses on tangible capital assets were recorded in the 2021 financial statements of \$216.3 million as required by PSAB standards.

Amortization expenses represent the cost of tangible capital assets allocated to the financial period based on the original cost of the assets when they were originally constructed or purchased.

Although the City's 2023 Budget does not include amortization expenses on tangible capital assets, capital investments are made in the 2023 tax and rate Operating Budgets for transfers directly to the capital fund and transfers to capital reserves. The City's tangible capital asset spending requirements, funding requirements and capital financing policies are presented annually during the budget process.

Efforts have continued to further understand infrastructure needs over time, with work efforts being incorporated into the new Corporate Asset Management Office that recently formed. This office is accountable for implementing a City-wide integrated business approach to corporate asset management, which includes documenting and championing the long-term strategies, principles, and direction for managing corporate assets as identified by Council and senior leadership. One of the key goals of this office is to ensure the promotion of long-term sustainability of managing assets, while balancing community needs and maximizing financial resources.

2. Post-Employment Benefits Expenses

The PSAB standards do not require liabilities associated with post-employment benefits to be fully funded by setting aside any portion as reserves and reserve funds. The City's 2021 consolidated financial statements report liabilities of \$396.7 million and expense increases of \$8.8 million, while the City's 2023 budget includes expenses for expected 2022 payments for retirement benefit plans, sick leave benefit plans, long-term disability plans, *Workplace Safety and Insurance Act* benefits, vacation agreements and non-OMERS pension plans.

As of the end of 2021, the City has reserves associated with these liabilities of \$82.1 million which represent 21% funding for these liabilities. The future payments for these liabilities and expenditures for transfers to reserves will continue to be included in the operating budget as these liabilities are addressed.

3. Solid Waste Landfill Closure and Post-Closure Expenses

The PSAB standards do not require liabilities associated with solid waste landfill closure and post-closure care activities to be fully funded by setting aside any portion as reserves and reserve funds. The City's 2021 consolidated financial statements report liabilities of \$78.3 million and increase in expenses of \$13.1 million for landfill closure and post-closure. As of the end of 2021, the City has reserves associated with these liabilities of \$1.3 million which represent 1.6% funding for these liabilities.

To conform to the PSAB standard, future liabilities reported on the City's financial statements have been estimated. As actual work is planned and undertaken related to the City's closure and post-closure care, the associated costs will be included in the budget.

CITY OF HAMILTON
BUDGET AND MULTI-YEAR OUTLOOK

2023

2023 BUDGET REPORT

EXECUTIVE SUMMARY

The 2023 Tax Supported Operating Budget Book focuses on budget submissions for City Departments and the capital financing required to support the 2023 Tax Supported Capital Budget for the services governed by City Council and supported through property taxes. Included in the information within the Budget Book are estimates for the Hamilton Police Service based on its multi-year budget approved in principle by the Police Services Board during 2022 budget deliberations. The Police Services Board will submit its proposed budget for Council's consideration in early 2023 in accordance with the *Police Services Act, 1990*. Additionally, the Budget Book includes information on budget requests from other Outside Boards and Agencies, such as the Hamilton Public Library and local Conservation Authorities, which have been approved by their respective Boards and forwarded to the City of Hamilton for consideration.

The proposed 2023 Tax Supported Operating Budget, as presented, would result in an estimated residential property tax increase of 5.4%. Property taxes support City Services, the municipal share of Provincially mandated programs, such as Public Health and Ontario Works, Outside Boards and Agencies, local Business Improvement Areas, as well as the local school boards through the education rate. The education rate will remain unchanged for 2023 as a result of the freeze on property tax reassessments by the Province of Ontario.

The City's 2023 Water, Wastewater and Stormwater Services Budget (Rate Supported Budget), presented through Report FCS22054, was ratified by Council on December 7, 2022 and results in an average combined rate increase of 6.49% or \$53.45 for the average residential household with annual water consumption of 200 m³. Additionally, the financing required to proceed with the 2023 Tax Supported Capital Budget, presented through Report FCS22081, has been included within the 2023 Preliminary Tax Supported Operating Budget submission. The 2023 Tax Supported Capital Levy requirement for 2023 is \$143M, which represents a net levy increase of \$9.2M, or 0.92%, and will continue through deliberations at the General Issues Committee meeting on January 20, 2023.

The City of Hamilton's 2023 Preliminary Tax Supported Operating Budget is proposed at \$1,062M inclusive of proposed service level changes through Business Cases and Council Referred Items, representing an increase in the net for tax levy of \$68M, or 6.9%, which translates to an estimated residential property tax increase of 5.4%, or \$242, for the average property assessed at \$382,000. In setting the net tax levy, the City first considers all other revenue sources available to the municipality, such as user fees and subsidies from senior levels of government, and levies the remaining funds required to deliver services at a balanced budget in accordance with *The Municipal Act, 2001*.

The net levy increase of \$68M, or 6.9%, is the estimated cost required to continue service delivery for City Departments inclusive of provincially mandated programs, Outside Boards & Agencies and delivery of the 2023 Tax Supported Capital Budget, as well as to advance strategic priorities that were previously approved or endorsed by Council. Other factors influencing the residential property tax increase include assessment growth (currently estimated at 1.0%), property class levy restrictions of 0.1%, and the education rate as illustrated in Figure 1.

FIGURE 1

MUNICIPAL PROPERTY TAX IMPACT

FIGURE 2

2023 PROPERTY TAX BREAKDOWN

The 2023 Preliminary Tax Supported Operating Budget, as presented, would result in an average residential tax impact of approximately 5.4%, which is required to support the delivery of all City provided services, the City’s Strategic Plan and the City’s vision to be the best place to raise a child and age successfully.

Property taxes support City Services, as well as Provincially Funded Programs, such as Public Health and Ontario Works, Outside Boards and Agencies, such as the Hamilton Police Service and Conservation Authorities, and Education. City Services make up approximately 55% of the total property tax bill. City Services are largely comprised of roads, sidewalks and streetlighting operations and maintenance, waste management services, parks operations and maintenance, fire services, transit services and recreation services, as well as Water, Wastewater and Stormwater services that are funded through water and wastewater rates.

An average residential tax impact of 5.4% is required to maintain current levels of service including pre-approved and legislated service level impacts. City Council has the legislated authority over approximately 55% of the total budget. Provincially Funded Programs, Boards and Agencies and Education are either governed by authorities other than City Council or are supported through Funding Agreements that limit City Council’s ability

to affect the overall tax rate by changes to these programs. Therefore, in order to maintain the current 2022 tax rate, City Services would require budget reductions of 9.5% to mitigate the estimated 5.4% overall tax impact.

2023 TAX SUPPORTED OPERATING BUDGET

Budget Process

The 2023 Preliminary Tax Supported Operating Budget was created through a collaborative process undertaken by City staff throughout 2022. The Tax Supported Operating Budget is one component of the City's overall annual budget and supports the delivery of all the City's services with the exception of Water, Wastewater and Stormwater services, which are supported through rate revenues. Both the tax and rate supported service groups have infrastructure and facility requirements that are funded by their respective capital budgets. The 2023 Rate Supported Operating and Capital Budget was submitted separately through Report FCS22054 and approved by Council on December 7, 2022, while deliberations of the 2023 Tax Supported Capital Budget submitted through Report FCS22081 are still ongoing with the next scheduled General Issues Committee meeting on January 20, 2023.

An overview of the 2023 Preliminary Tax Supported Operating Budget will be presented to the General Issues Committee on January 10, 2023 and the Departmental presentations will begin on January 23, 2023. The deliberation process and final budget approval is expected to be completed by March 29, 2023.

A multi-year outlook and update on the Capital Financing Plan was provided to Council through Report FCS22064 in August 2022. At that time, City staff did not seek direction from Council on a target tax rate increase for 2023 due to the end of that term of Council and the 2022 municipal election. Staff have prepared the 2023 Tax Supported Operating Budget in accordance with the following budget principles:

- The annual budget reflects and supports the 2016-2025 Strategic Plan and Term of Council Priorities;
- The annual budget is aligned with the financial policies approved by Council;
- The City's strong financial position and prudent financial management of debt is prioritized to ensure the City's AAA credit rating is maintained;
- All growth-related infrastructure costs that can be recovered under the *Development Charges Act, 1997* will be supported from development charge revenue, including dedicated development charge exemption funding for Council approved exemptions and interim financed through debt or reserves, as necessary;
- The annual budget accounts for the investment required to transition to the expected outcomes of the Strategic Asset Management Policy and the Asset Management Plan;
- All grant funding available to municipalities will be investigated;
- Reserves are maintained per policy in order to repair / replace infrastructure, fund identified priorities and ensure long-term sustainability;
- Maximizes use of the Tax Supported Capital Levy and debt capacity is leveraged to finance capital infrastructure projects in order to limit the impact on taxpayers;
- Total tax and rate supported debt as a percentage of City own-source revenues does not exceed 60% unless approved by Council;

- Total development charge supported debt as a percentage of the total development charge eligible costs for the forecast period of the latest Development Charge Background Study does not exceed 25% unless approved by Council;
- Ongoing expenses are funded from sustainable revenue sources to ensure continuity of services; and,
- New services, service level enhancements or reductions, increases or decreases to the full-time equivalent staff complement and changes in user fees that have not been previously approved by Council require a Business Case to be deliberated by Council as part of the annual budget process.

The preliminary budget reflects the increase required to maintain existing levels of service and finance previously approved service enhancements, as well as, recommends business cases that advance the strategic goals of the City, in alignment with the 2016 2025 Strategic Plan and other corporate initiatives. This is done in consideration of the overall tax impact on residents and businesses, recognizing the financial impact the current economic environment has had on the community. In accordance with the *Municipal Act, 2001, section 289*, the City must prepare a balanced budget and provide for any deficit in the previous year's budget.

Council Referred Items

Items that Council has referred by motion or through the approval of staff recommendations to the 2023 Tax Supported Operating Budget process will be vetted at GIC through deliberations in February 2023. The summary and details of these items are provided in the "Council Referred Items" section of this report. In total, there are seventeen items referred to the budget process included in this report, as of November 25, 2022, with a gross expenditure estimate of \$5.1M in 2023 and a net for tax levy impact of \$5.0M. Delivery of all items would require additional staff complement of 21.75 full-time equivalent positions and a residential tax impact of approximately 0.5%. These items have been included in the estimated 5.4% residential tax impact.

Business Cases

Additional to items that have been referred to the budget process through Council are Business Cases that have been put forward by staff for Council's consideration during budget deliberations. All staff proposals that include new services, service level enhancements or reductions, increases or decreases to the staff complement, and changes in user fees that have not been previously approved by Council require a Business Case. A summary and itemized Business Cases can be found in the "Business Cases" section of this report. In total, there are twenty Business Cases put forward by staff with a gross expenditure estimate of \$8.4M in 2023 and a net for tax levy impact of \$7.3M. If all Business Cases were approved, an additional staff complement of 59.00 full-time equivalent positions would be required and it would result in a residential tax impact of approximately 0.7%. These items have been included in the estimated 5.4% residential tax impact.

Multi-Year Budgets

Council, at its meeting on July 14, 2017, approved GIC Report 17-015 and Multi-Year Budget Planning Sub-Committee Report 17-001 (Report FCS17066) adopting the Multi Year Business Planning and Budget Policy ("Policy") for City Departments and forwarding the Policy to Hamilton Police Service, Hamilton Public Library and Hamilton Farmers' Market Boards for consideration.

Multi-year budgeting strengthens the link between budgeting and strategic priorities and enables Council to implement a multi-year vision, assessing the long-term financial implications of current and proposed operating and capital budgets and policies.

A three-year outlook for 2024-2026 is summarized in the “Multi-Year Outlook” section of this report. Three-year outlooks for 2024-2026 will also be presented by the General Managers and City Manager during their departmental budget presentations. Making the multi-year budgets more prominent will assist towards approval in principle of these budgets in the upcoming years.

Business Plans

Multi-year business planning serves as a roadmap for municipalities to ensure Council’s priorities, as outlined in the City’s Strategic Plan, are converted into action. Each City department prepares multi-year business plans to identify and align departmental and divisional initiatives to the City’s vision “to be the best place to raise a child and age successfully,” with the Strategic Plan front and centre. The City does not have the financial resources or the organizational capacity to do everything at once. By establishing our priorities, creating achievable initiatives, and tracking progress with meaningful performance measurement, the City will realize its mission of providing high quality, cost conscious public service that contributes to a healthy, safe and prosperous community.

Departmental and divisional initiatives are communicated during the departmental budget presentations as well as summarized in the Corporate Plan. The Corporate Plan is issued upon approval of all three budgets: Rate Supported Operating and Capital, Tax Supported Capital and Tax Supported Operating.

2023 Consolidated Budget

Table 1 highlights the consolidated gross expenditure preliminary budgets for the City combining Tax and Rate supported services. The 2023 Rate Supported Budget was approved by Council on December 7, 2022.

TABLE 1

2023 Preliminary Consolidated City Budget Gross Expenditures (\$000's)			
	Rate	Tax	Total
Operating	272,447	1,807,632	2,080,079
Capital	255,306	285,726	541,032
Total	527,753	2,093,358	2,621,111

Note: Does not include Council Referred Items or Business Cases

This document provides detailed information in respect of the 2023 Preliminary Tax Supported Operating Budget. As mentioned, the 2023 Rate Supported Operating and Capital Budget and the 2023 Tax Supported Capital Budget were submitted separately for Council's consideration at Budget GIC on November 24, 2022 and November 25, 2022 respectively.

During the 2022 Tax Supported Operating Budget process, staff prepared a 2023 to 2025 Multi-year Outlook based on assumptions and known increases. The initial Outlook for 2023 was a projected levy increase of \$41.2M and a 4.1% tax increase. An updated outlook for 2023 was provided to Council through Report FCS22064 in August 2022, which forecasted a 6.9% residential tax impact. Based on updated information, the initial projection has been revised to a levy increase of \$68.1M and a 5.4% tax increase. The 2023 Preliminary Tax Supported Operating Budget, as submitted, does not include any measures that would adversely impact programs and services.

2023 Residential Tax Impact

The submitted 2023 Preliminary Tax Supported Operating Budget requires a net levy increase of \$68.1M. This would result in an estimated average residential tax increase of 5.4% or \$242 for the average residential home assessed at \$382,000. Table 2 highlights the estimated tax increase by component on the residential tax bill, as well as the impact of the approved Rate Supported Budget for the average residential household.

TABLE 2

2023 Average Residential Impact (Per \$382,000 Current Value Assessment / 200m ³ of water consumption)				
Service	Property Tax (\$)	Property Tax (%)	Water Bill (\$)	Water Bill (%)
City Services	\$ 142.93	3.2%		
Provincially Shared	\$ 79.83	1.8%		
Police	\$ 19.25	0.4%		
Education	\$ -	0.0%		
Water, Wastewater, Stormwater			\$ 53.45	6.5%
Ave. Residential Impact	\$ 242.01	5.4%	\$ 53.45	6.5%

Notes:

1. Police Services impact is based on the multi-year estimate presented to the Police Services Board during 2022 budget deliberations in December 2021. The Hamilton Police Service will submit its updated budget request to City Council in January 2023.
2. All property tax impacts are estimated assuming an assessment growth percentage of 1.0%. The 2023 final assessment growth will be incorporated into estimates during GIC deliberations in February 2023.

As indicated in Table 2, the tax impact attributable to City departments is about 3.2%. The estimated Police Services increase is based on the multi-year estimate provided during budget deliberations in the 2022 budget process. The Hamilton Police Service will submit its 2023 budget request for consideration in January 2023. Provincially Shared Services represent legislated mandatory programs including Housing Services, Public Health, Hamilton Paramedic Service, Ontario Works, Long-Term Care, and Children's Services. Over the past several years, these programs have

experienced funding shifts towards property taxes resulting from structural changes to funding agreements from senior levels of government that have limited the transfer of income taxes to pay for these services. The education rate will remain unchanged for 2023 as a result of the freeze on property tax reassessments by the Province of Ontario. Included in the residential tax impact estimate of 5.4% are all current (as of November 25, 2022) Council Referred Items (0.7%) and Business Cases (0.7%) to be considered during the budget process. Approval of these items will be considered during budget deliberations in February and March of 2023.

City of Hamilton residents in all communities pay the same rate for general City services, such as police, public health, roads, waste management, libraries, parks and City administration while some services are area rated based on former municipal boundaries. Area rating is a municipal property taxation policy tool intended to account for either significant differences in service levels or differences in the cost of providing services across different parts of the City (*Municipal Act, 2001, Section 326*).

Through Report FCS21078(b), Area Rating Review, City Council approved several changes to the area rating model used the City of Hamilton including:

- Elimination of sidewalk snow removal as an area rated service;
- A four-year phase out of sidewalks and streetlighting starting in 2022;
- A four-year phase out of Recreation starting in 2022; and,
- Elimination of Parkland Purchases as an area rated service once existing internal debt has been paid off.

Through this report, staff were also directed to report back with analysis and public consultation plan of adjusting the Fire Service area rating methodology from the existing urban / rural model to one that aligns with the three levels of service (full-time / volunteer / composite) with a goal of implementation in the 2023 tax year. This report will be coming to GIC Budget in February 2023.

2023 Preliminary Tax Supported Operating Budget Overview

The 2023 Preliminary Tax Supported Operating Budget identifies a net levy requirement of \$1,061.6M, which represents an increase of \$68.1M, or 6.9%, over 2022. After factoring in estimated assessment growth of 1.0%, property class restrictions of 0.1% and no change in the education rate, the projected average residential tax impact is 5.4%.

The 2023 Preliminary Tax Supported Budget is detailed in Table 3. The projected costs to maintain current service levels (Maintenance Budget) is \$35.1M, or 3.5%. The Maintenance Budget would result in an average residential property tax increase of approximately 2.4%. Other strategic investments that have either been previously approved or are being proposed in the 2023 Preliminary Tax Supported Operating Budget total \$33.0M, or 3.4%, and account for the remainder of the estimated tax increase to arrive at the projected 5.4%. Primary themes and pressures in the 2023 Tax Supported Operating and Capital Budgets are response and recovery efforts related to the COVID-19 pandemic, extraordinary inflation and supply chain impacts for municipal goods and services, amendments in provincial funding agreements, addressing capital reinvestment requirements related to the Transportation Asset Management Plan, affordable housing and homelessness, responding to climate change, additional investment in emergency response services and advancing the strategic priorities of Council.

TABLE 3

(\$000's)	2022		2023			Change				
	Restated	Maintenance	Strategic Priorities			Total	Maintenance vs. Restated		Total vs. Restated

Key Budget Drivers

COVID-19 response and recovery: The COVID-19 pandemic has resulted in many changes affecting human behavior and impacting the world's economic condition. Municipalities were hit particularly hard as they managed service continuity for essential services and infrastructure during the lockdown and recovery periods. While financial pressures for the City were fully mitigated in 2020 and 2021 through the historic Safe Restart Agreement, Social Services Relief Fund and many other funding announcements, the City currently faces a substantial deficit of \$16.6M related principally to the COVID-19 pandemic response and less financial support from senior levels of government. Currently, senior levels of government have not made any financial commitments beyond 2022 to fund ongoing response and recovery efforts for municipalities related to COVID-19.

The provincial and federal governments were essential partners in tackling the social and economic issues posed by the pandemic as the City of Hamilton has leveraged funding of approximately \$61.3M in 2020 and \$99.8M in 2021, as well as, forecasting \$40.2M in 2022, for essential programs and services needed throughout the pandemic. However, pandemic recovery efforts still pose a major issue for the City, principally within Housing Services and Public Health as detailed in Report FCS22042(a), Tax and Rate Operating Budget Variance Report, as at August 31, 2022.

In accordance with the *Municipal Act, 2001, section 289*, the City must prepare a balanced budget and provide for any deficit in the previous year's budget. City Council has set aside \$35.6M in discretionary funding over the past two years into the COVID 19 Emergency Reserve, resulting from operating surpluses in 2020 and 2021, to address ongoing impacts of the pandemic on municipal operations and recovery efforts. Should advocacy efforts be unsuccessful, staff will utilize these funds to the extent possible in order to limit the financial impact of the pandemic response on the 2023 and future tax levies. However, such an impact would not only require a substantial investment from the community but would also limit flexibility to finance strategic initiatives moving forward.

Extraordinary inflation and supply chain impacts for municipal goods and services: The City is experiencing significant inflationary pressures in primary resources such as fuel, contracted services and employee related costs. The annual budget for fuel is anticipated to increase approximately 50%.

Inflation impacts of fuel have also significantly impacted contracted services secured by the City, such as waste collection, which further adds to the pressures the City will face in 2023. Material prices, as well as, supply chain issues within the construction industry are expected to continue to impact the City's ability to finance capital works.

Low levels of unemployment and increasing inflation have resulted in a very competitive labour market for employers in Hamilton. Staff is looking into various options in order to remain competitive as an employer of choice. While the City continues to see strong candidate interest in many roles at the City, there are some areas that have identified roles that are particularly difficult to fill caused by a shortage in qualified available applicants.

Asset Management: Through Report PW22048, Core Asset Management Plan, Council approved Asset Management Plans for transportation and waterworks assets in accordance with the provincial regulations introduced through Ontario Regulation 588/17. An annual funding gap of \$94.7M for tax supported programs was identified based on asset renewal needs and planned operations and maintenance. A \$101.1 M annual funding gap was identified for rate supported programs.

During 2022 budget deliberations, City Council approved the 2023-2031 Capital Financing Plan, in principle, which had included a 0.5% tax levy increase (\$4.8 M) to primarily address deficiencies in state-of-good-repair within the road network. Additionally, the Capital Financing Plan was updated with new allocations for discretionary block funding across all other City programs, increasing annual block allocations by approximately 30% to reflect cumulative inflation over the past decade. The increases in capital block allocations are funded through the reprioritization of debt that will be retired over the next few years. The Capital Financing Plan also included a 0.07% tax levy increase for annual debt repayments of West Harbour strategic investments.

Even with planned increases to the Capital Levy included in the Capital Financing Plan, there will be a significant funding gap for the renewal of assets within the road network and engineered structures portfolios of approximately \$900 M over the 10-year capital plan. The Capital Financing Plan has been updated to reflect a phase-in approach to increase the annual funding amounts for those assets over the 10-year planning period beginning in 2024. This results in an additional \$6.2M or 0.6% to the 0.5% annual increase that had previously been included in the Capital Financing Plan for a total Capital Levy increase of 1.12% in years 2024 through 2033 to address the annual funding gap.

Affordable housing and homelessness: On December 13, 2013, City Council approved the City's 10-year Housing and Homelessness Action Plan (HHAP), which was revised through the endorsement of the five-year review reported to Council in August of 2020 through Report CS11017(d). The five-year review of the HHAP was a comprehensive overhaul and refocusing of the HHAP necessary due to significant changes in Hamilton's housing system and its context. As provincial and federal programs evolve, and requests for municipal co-investment in housing projects increase, unprecedented pressures on every segment of the housing continuum are felt as a result of increasing costs, our current economic landscape and unprecedented demand for services and supports in order for individuals to be housed successfully, comprehensive strategies across city government and in partnership with upper levels of government and the community are required to address challenges arising since this five year review was completed.

Significant investments in the multi-year outlook and capital forecast have been endorsed by City Council over the past several years in an effort to combat homelessness and address ongoing concerns of housing affordability. Through the 2023 budget process, there have been many additional

investments put forward with sustainable financing strategies for Council's consideration in order to keep up with demand for service, as well as the continued implementation of several previously approved programs.

Responding to climate change: City Council declared a climate change emergency in March 2019, at that time, joining 435 municipalities world-wide. Since then, the total number of municipalities has reached more than 800 cities around the world, as well as, the Government of Canada, all acknowledging the scale of the climate crisis and the need for accelerated action.

To support the Corporate Climate Change Task Force and Hamilton's Climate Change Action Strategy, City Council established a Climate Change Reserve and Policy with initial funding of \$1.5M in the disposition of the 2020 tax operating budget surplus. However, to advance the climate change action goals established by the City of Hamilton, consideration of a sustainable funding source for the reserve must be considered; therefore, a 0.25% special levy (\$2.5M) has been included in the 2023 Tax Supported Capital Budget for Council's consideration, which would be contributed towards the Climate Change Reserve and used to support implementation items coming out of the Climate Change Action Strategy. Additionally, City Council approved the establishment of a Climate Change Office in 2022 within the Planning and Economic Development Department through Report CM22016/PED22058(a)/HSC22030(a) and referred additional resources to the 2023 budget process.

Provincial Funding Agreements: Changes in Provincial Funding Agreements continues to represent a significant budget pressure in 2023. The funding for mandatory programs and the mitigation funding received is based on 2018 expenses. Even with the one-time mitigation funding for Public Health in 2023, the Ministry of Health funding will only be approximately 70% of total costs as a result of cost increases since 2018 while programs, such as Ontario Works, that do not have any mitigation funding are left having to bear the full cost of inflation since 2018. In 2023, the transition funding for Children's Services has been extended for another year. Additionally, Provincial Funding continues to be communicated on an annual basis which is driving uncertainty when preparing municipal budgets. In order to ensure service continuity, Public Health Services and Ontario Works have absorbed the \$2.44M of capped funding for these programs.

Housing services continues to see pressures with the decline of federal funding for social housing providers. While there has been an increase in federal funding for new affordable housing developments, this has put upward pressure on municipalities to reflect the subsidy required to house tenants from the waitlist at deep affordability within new builds.

Multi-modal transportation and the Ten-Year Local Transit Strategy: The annualization of year six and implementation of year seven of the Ten-Year Local Transit Strategy has been incorporated into the 2023 Tax Supported Operating Budget as approved through Report PW14015(a). Additionally, the remaining budget for the service enhancement for winter sidewalk snow removal approved by Council on April 28, 2021, defined as Scenario 2 in Report PW19022(c), has been included in the budget. This scenario includes the clearing of an additional 783 km of sidewalk along transit routes.

Investments in emergency response services: Through Report HSC19026, City Council endorsed the Hamilton Fire Department Ten-Year Service Delivery Plan, which includes additional costs for volunteer staffing and equipment, as well as, outfitting and staffing for the Waterdown Station. Based on construction timelines, the outfitting of the Waterdown station will occur beyond 2023.

Additionally, at its meeting on May 12, 2021, Council approved a two-year phase-in for the impact of rural fire area rating, which amended the 2021 Tax Operating Budget with a \$1.4M contribution from the Tax Stabilization Reserve and a corresponding reduction in the 2021 net levy. During 2022 budget deliberations, staff proposed to continue with the \$1.4M contribution from reserve to provide time for an equitable solution to be presented to Council for consideration during the 2023 budget. A solution on Area Rating for Fire Services will be presented to Budget GIC in February 2023.

City Council adopted the Hamilton Paramedic Service Master Plan on May 26, 2022 through Report HSC22012. This plan provides direction for the service over the next 10 years through technology advancements, innovation, resource allocation and optimization of operations. The plan identifies 29 objectives with corresponding actions to address current and future needs to ensure optimal service delivery under three scenarios.

City Departments

The 2023 Preliminary Tax Supported Operating Budget for City Departments is proposed at a \$50.7M increase, or 8.3% inclusive of Council Referred Items and Business Cases. The preliminary budget includes all costs required to continue the delivery of services provided by the City of Hamilton, as well as strategic investments to advance the City's Strategic Plan. Throughout the Budget Process, City staff, in consultation with Council, investigate all grants and other revenues available to municipalities, as well as generate efficiencies in service delivery and operations in an effort to reduce the impact on taxes. Table 4 provides a breakdown of the \$50.7M increase for City Departments, as well as the overall net levy increase of \$68.1M.

TABLE 4

(\$000's)	2022				2023

Table 5 summarizes the individual drivers that are having a significant impact on City departments "Maintenance Budget". Additional information on City department budgets can be found in "Departmental Budget Summaries" section of this report.

- **\$17.7M** for employee related expenses due to contractual settlements, cost of living adjustments, increases in premiums for employer provided benefits, Canada Pension Plan, Employment Insurance and Workers' Safety and Insurance Board and the annualization of staffing changes approved in the 2022 Tax Supported Operating Budget such as the ambulance enhancement to Paramedic Services. City operations are service oriented where salaries, wages and benefits comprise approximately 50% of the City's gross operating expenses;
- **\$8.1M** of the preliminary budget increase is attributable to outside Boards and Agencies. An additional \$2.2M in contingency has been included for the Hamilton Police Service as a stand-in estimate for inflation. The Hamilton Police Service will submit its budget for Council's consideration in January 2023;
- **\$4.2M** pressure related to Provincial benchmarks for Social Housing providers. The benchmark increases are largely driven by increases in maintenance, administration, capital reserves, hydro and fuel;
- **\$3.7M** net inflationary pressure for energy and fuel as diesel and unleaded gas prices have risen nearly 50% year-over-year;
- **\$3.1M** in additional contributions to reserves for inflationary pressures related to vehicle and fleet replacement. It is important to ensure that contributions to capital reserves increase in line with inflation in order to meet long-term asset replacement obligations;
- **\$2.7M** has been included as a budget pressure for year three of the curbside waste collection contract negotiated in late 2020;
- **\$2.4M** in pressures related to the changes in Provincial Funding Agreements. Since the funding for mandatory programs is based on 2018 expenses, the municipal portion of these programs continues to increase at an exponential rate;
- **\$1.0M** pressure related to WSIB, principally for emergency response services;

TABLE 5

Budget Drivers - Maintenance (\$'000's)	
	2023 Budget Impact
Salaries, Wages and Benefits (net of Funding Agreements)	17,694
Boards & Agencies	8,107
Housing Service Providers - Provincial Benchmarking	4,200
Fuel and Energy	3,727
Contributions to Reserves	3,093

Hamilton Entertainment Facilities	(2,188)
User Fee Increase	(6,000)
Total Maintenance Budget	35,054

- **\$0.7M** in additional expenditures is projected for the recycling facility processing, Transfer Stations / Community Recycling, landfill and composting operations;
- **\$0.7M** pressure related to inflation on insurance premiums;
- **(\$1.7M)** in additional revenues from Transfer Stations and Community Recycling Centres;
- **(\$2.2M)** in the remaining budget savings from the Hamilton Urban Precinct Entertainment Group agreement to transfer operations of the First Ontario Centre, Hamilton Convention Centre and First Ontario Concert Hall; and,
- **(\$6.0M)** in additional revenues from user fees based on the fees contained in the 2023 Tax Supported User Fees Report (FCS22084) ratified by Council on December 7, 2022.

The 2023 Preliminary Tax Supported Operating Budget also includes strategic investments that advance the City's Strategic Plan and other priorities of Council that were previously approved through Strategic or Master Plans, referred to the budget process by Council, or have been submitted to the budget process for Council's consideration as a Business Case. The Strategic Priorities impacting the 2023 budget are highlighted in Table 6.

TABLE 6

Strategic Priorities - Net Levy Investments (\$000's)				
Item	Pre-approved/ Pending	Business Cases	Council Referred	Total

Tourism and Culture		126	128	254
Public Bike Share	162			162
Total Strategic Priorities	20,677	7,339	5,032	33,048

- Asset Management (\$6.1M):** The Tax Supported Capital Budget includes a Capital Levy increase of \$5.0M for Council's consideration in order to continue to increase sustainable annual funding for the City's Transportation network. Report PW22048, Core Asset Management Plan, Council approved Asset Management Plans for transportation and waterworks assets in accordance with the provincial regulations introduced through Ontario Regulation 588/17. An annual funding gap of \$94.7M for tax supported programs was identified based on asset renewal needs and planned operations and maintenance. The Capital Financing Plan addresses the funding identified in the Transportation Asset Management Plan through a ten-year phased approach. Additionally, consideration of sustainable funding for the Corporate Asset Management Office was referred to the budget process (Council Referred Item 3.1) totaling \$1.1M in 2023.
- Hamilton Paramedic Service Master Plan (\$4.3M):** City Council adopted the Hamilton Paramedic Service Master Plan on May 26, 2022 through Report HSC22012. This plan provides direction for the service over the next ten years through technology advancements, innovation, resource allocation and optimization of operations. The plan identifies 29 objectives with corresponding actions to address current and future

needs to ensure optimal service delivery under three scenarios. The recommended investments in 2023 have been included for Council's consideration in Business Cases 2.4 and 2.5.

- **Social Housing, Affordable Housing and Homelessness (\$3.8M):** Several additional investments in addressing Affordable Housing and Homelessness in the City of Hamilton have been referred to the 2023 budget for Council's consideration totaling \$2.7M. Please refer to Council Referred Items 2.2, 2.3, 2.4 and 2.5 of this report. As identified through Report HSC20020(f), Adaptation and Transformation of Services for People Experiencing Homelessness Update 6, staff has recommended key actions to support the implementation of the first phase of a transition plan until the end of Q1-2023 for the homeless-serving system to support COVID-19 recovery efforts in a planned and gradual manner. It is expected that the phased transition to a more permanent shelter system will occur over the next two years. Since March 2020, there has been unprecedented adaptation to Hamilton's emergency shelter system to work toward better meeting the needs of unhoused residents in Hamilton through various phases of the COVID-19 pandemic. Social housing continues to see pressures with federal funding agreements coming to an end – this has resulted in municipal budget pressures in order to maintain existing units.

A \$1.047M pressure has been included for the Roxborough Housing Incentive Program (RHIPP) as approved through Report HSC19034. The RHIPP allows developers of affordable rental or ownership housing units to receive exemptions of the City's development charges and parkland dedication fees for 10 years after the issuance of a building permit. Total cost of the program is estimated at \$10.47M over five years;

- **Operating Impacts from Capital (\$3.5M):** The budget includes \$3.5M of operating impacts for approved capital projects through the 2022 Capital Budget (Report FCS21096), as well as, operating impacts that were previously approved but deferred to 2023. The \$3.4M budget pressure includes the addition of 21.2 full-time equivalent staff positions.
- **Ten-Year Local Transit Strategy (\$3.2M):** The annualization of year six and implementation of year seven of the Ten-Year Local Transit Strategy have been incorporated into the preliminary budget as approved through Report PW14015(a). For 2023, a net levy pressure of \$3.2M is anticipated to support the continuation of the Ten-Year Local Transit Strategy.
- **Climate Change Action Strategy (\$3.1M):** A \$2.5M special levy has been included in the 2023 Tax Supported Capital Budget for Council's consideration representing an annual contribution to the Climate Change Reserve to support the implementation of the City's Climate Change Action Strategy. Additionally, City Council approved the establishment of a Climate Change Office in 2022 within the Planning and Economic Development Department through Report CM22016/PED22058(a)/HSC22030(a) and referred additional resources to the 2023 budget process (Council Referred Item(s) 1.1, 1.2, 1.3).
- **Long-Term Care COVID-19 Response (\$2.0M):** A proposed investment of \$2.0M has been included for Council's consideration related to Long-Term Care (LTC) COVID-19 response. LTC homes continue to see impacts of COVID-19 and are required to maintain levels of care for residents for provincial service agreements and address deficiencies in LTC Act & Regulations. COVID-19 outbreaks are still ongoing and an increase in other respiratory outbreaks is anticipated to continue as a new normal.

- **Administrative Services (\$1.4M):** Included for Council's consideration are several Council Referred Items and Business Cases related to Administrative Services such as municipal elections, records and information management, public engagement, legal and information technology.
- **Fire Services – Area Rating (\$1.4M):** At its meeting on May 12, 2021, Council approved a two-year phase-in for the impact of rural fire area rating, which amended the 2021 Tax Operating Budget with a \$1.4 M contribution from the Tax Stabilization Reserve and a corresponding reduction in the 2021 net levy. During 2022 budget deliberations, staff proposed to continue with the \$1.4 M contribution from reserve to provide time for an equitable solution to be presented to Council for consideration during the 2023 budget. A solution on Area Rating for Fire Services will be presented to Budget GIC in February 2023.
- **Sidewalk Snow Clearing (\$1.4M):** The annualization of the service enhancement for winter sidewalk snow removal approved by Council on April 28, 2021, defined as Scenario 2 in Report PW19022(c). This scenario includes the clearing of an additional 783 km of sidewalk along transit routes.
- **Urban Indigenous Strategy (\$0.5M):** In 2019, Council endorsed Hamilton's Urban Indigenous Strategy (UIS) in response to the Truth & Reconciliation Calls to Action and the Missing and Murdered Indigenous Women, Girls, and Two-Spirit Calls for Justice. Resources to support this work on an ongoing basis has been put forward for Council's consideration in Business Case 2.2.
- **Tourism and Culture (\$0.3M):** Several investments to support tourism and culture in the City have been included for Council's consideration through Council Referred Items 1.4 and Business Cases 1.2 and 3.1.
- **Public Bike Share (\$0.2M):** Annualization of the Public Bike Share program costs approved through Report PED20109(d) during 2022 Tax Supported Budget deliberations.

Boards and Agencies

The 2023 Boards and Agencies budget is projected to increase by \$8.1M or 3.4%. Table 6 summarizes the current Boards and Agencies budgets for 2023 in comparison to 2022. Of note, the City has not yet received 2023 budget submissions from the Hamilton Police Service, Royal Botanical Gardens, or the Municipal Property Assessment Corporation. Any adjustments to the projected budgets for Hamilton Police Service, Royal Botanical Gardens and Municipal Property Assessment Corporation will need to be incorporated into the overall results during budget deliberations commencing in February 2023.

TABLE 7

2023 Boards & Agencies Preliminary Budgets (\$000's)				
Board/Agency	2022	2023 NET	Change	
	Budget Net \$	Preliminary Budget \$	\$	%
Conservation Authorities	8,651	9,108	457	5.3%
MPAC	6,980	7,119	140	2.0%
Hamilton Beach Rescue Unit	133	143	10	7.7%
Hamilton Farmers' Market	242	242	(0)	(0.0%)
Royal Botanical Gardens	647	674	26	4.0%
Hamilton Police Services	182,369	188,620	6,251	3.4%
Police Capital Financing	1,174	1,214	40	3.4%
Hamilton Public Library	32,710	33,861	1,151	3.5%
Library Capital Financing	166	198	32	19.3%
City Enrichment Fund	6,088	6,088	-	0.0%
Total Boards & Agencies	239,161	247,268	8,107	3.4%

The budget pressure for the Hamilton Police Service of \$6.3M is based on the multi-year budget for 2023 that was presented to the Police Services Board on December 16, 2021 as part of 2022 budget deliberations. The Hamilton Police Service budget submission will be forwarded to City Council for consideration in January 2023 and any adjustments to these figures will need to be incorporated into the overall results.

All other budgets, with the exception of Royal Botanical Gardens, are based on the increases approved by their respective boards. Correspondence from the various Boards will be included on the January 12, 2023 GIC agenda where all stakeholders within Boards and Agencies, with the exception of the City Enrichment Fund, MPAC, and Hamilton Beach Rescue Unit, will present their budgets. Additional budget information can be found in "Departmental Budget Summaries – Boards & Agencies" section of this report.

Capital Financing

The levied funds required to deliver the 2023 Tax Supported Capital Budget will need to increase by \$9.2M representing a net levy impact of 0.9%. Table 8 outlines the components contributing to the additional investment. Final consideration of the 2023 Tax Supported Capital Budget has been deferred to Budget GIC on January 20, 2023. The final net levy requirement for capital financing will be incorporated once the 2023 Tax Supported Capital Budget has been approved.

TABLE 8

Capital Financing (\$000's)		
	2023	
	Change	Net Levy %
Asset Management	5,000	0.5%
Climate Change Action Strategy	2,500	0.3%
Paramedic Services and Central Stores Facility (debt)	869	0.1%
West Harbour Strategic Initiatives (debt)	774	0.1%
ICIP - Transit Stream (City Share - debt)	53	0.0%
Total	9,196	0.9%

The proposed gross capital investment by the City of Hamilton in 2023 is \$285.7M. This amount includes the \$251.8M recommended for approval through the 2023 Tax Supported Capital Budget (Report FCS22081), as well as, \$33.9M of previously approved funding for 2023 that includes reserve transfers and leveraging of grant funding made available from senior levels of government.

In order to support the \$285.7M in capital investment, the Capital Financing Plan incorporates a \$9.3M increase to the Capital Levy, or a 0.92% increase to the net levy. The increase in the Capital Levy is broken down as follows:

- \$5.0M, or 0.50%, increase for discretionary block funded projects to be used principally for rehabilitation and replacement investments in the City's 10-year Capital Financing Plan;
- \$2.5M, or 0.25%, increase for annual contributions to the Climate Change Reserve in order to provide sustainable financing for initiatives coming out of the Climate Change Action Strategy; and,
- \$1.7M, or 0.17%, increase to fund the debt servicing costs associated with the City's share of the ICIP – Transit approved capital investments (0.01%), West Harbour Waterfront strategic initiatives (0.08%) and the Paramedic and Central Stores facility (0.09%). The total cost of the approved ICIP – Transit projects for the City is \$28.9M in 2023, with the City's share amounting to \$8.8M with \$0.5M to be funded through tax supported debt with the remainder from development charge revenue and program reserves.

The proposed 2023 Tax Supported Capital Budget and 2024-2032 Capital Forecast is supported through the Capital Financing Plan that prioritizes the capital investment required to transition to the expected outcomes of the Strategic Asset Management Policy and Asset Management Plan, as well as, to support growth and development and service level targets outlined in the City's Strategic Plan, while maintaining the City's strong financial position and AAA credit rating. Elements of this plan include the following:

1. Annual increases to the Capital Levy (0.5% in 2023 and 1.1% in subsequent years) to meet the required asset reinvestment needs and inflationary increases to maintain infrastructure in its current state, as well as, a transitional plan to address the \$94.7M annual funding gap for transportation assets that was identified in the Transportation Asset Management Plan over the next 10 years;
2. Increases to the Capital Levy equal to the annual debt servicing charges for all new debt to be issued over the 10-year planning period. It is necessary to increase the Capital Levy at least in proportion with the amount needed to finance new debt in order to ensure continuity of the

level of funding available for replacement and rehabilitation, as well as, the proportion of debt repayments to City own-source revenues in order to maintain the City's AAA credit rating;

3. All discretionary program blocks have been increased by the cumulative Non-Residential Construction Price Index for the years 2012 through 2021 and at an estimated rate of inflation for all subsequent years beginning in 2022. This ensures that program areas maintain the same level of investment in capital infrastructure over the planning period and purchasing power is not eroded by inflation. Discretionary block allocations and service level targets will be revisited with the presentation of Asset Management Plans by the July 1, 2025 legislated deadline. The inflationary increases in capital block allotments have been funded through the reprioritization of debt paid by the Capital Levy that will be retired over the next few years;
4. The Capital Financing Plan has been updated with a strategy to address the \$54 M funding shortfall in discretionary DC exemptions. Beginning in 2023, the Capital Financing Plan incorporates an additional \$6.5 M per year over an eight-year period (ending in 2030) as dedicated funding for DC exemptions. Updates were made to the 10-year forecast for the timing of debt issuance, which provided the funding required over the eight-year period;
5. The Capital Financing Plan has prioritized funding for growth and development, such as, the West Harbour Waterfront and Airport Employment Growth District, that will provide both economic and socio-economic advantages to businesses and residents while also increasing the City's non-residential assessment; and,
6. The Capital Financing Plan advances key priorities of the 2016-2025 Strategic Plan through investment in strategic initiatives including Transportation, Transit, Housing and Homelessness, Park Development, Integrated Growth and Development and others.

Debt Management

In the proposed 2023-2032, 10-year Capital Financing Plan, tax supported budgeted external-debt levels peak in 2025 at \$576M. Figure 3 provides the projected tax supported debt forecast and debt charge amounts. The actual debt forecast takes into consideration the many reasons that debt issuance may be delayed (e.g. capital projects require a longer EA process, availability of contractors, lead times on materials, etc.). The City will only issue debt upon substantial completion of associated capital works. In the latter end of the 10-year debt forecast, the City is still issuing debt for previous period capital investments and that is why the budgeted debt is greater than the actual debt. Credit Rating Agencies are most focused on the level of actual external debt in assessing investor risk.

On October 21, 2022, City Council received a communication update that the City of Hamilton maintained its AAA credit rating and stable outlook from S&P Global Ratings. Earlier in 2022, S&P Global Ratings had raised the City of Hamilton's rating from AA+ to AAA following the revision of the Canadian municipal institutional framework assessment to extremely supportive and predictable from very predictable and well balanced. S&P Global Ratings cite that Hamilton continues to show characteristics of a resilient economy, including diversification and continues to have liquidity as a key strength.

FIGURE 3

However, over \$1B in capital works in progress have been approved for debt funding that has not yet been issued due to timing of completion and cash flow requirements. Given the amount of debt that has been previously approved and the reliance on debt financing for infrastructure improvements needed in the 10-year Rate Financing Plan, the City will exceed Council’s approved DC supported debt limit in 2026 and utilize the majority of debt capacity within the approved tax and rate limit over the next few years as illustrated in Figures 4 and 5. Finance staff will continue to monitor cash flow requirements and only issue debt when needed, but there may be a requirement to revisit Council’s approved debt policy in the near future. Staff will minimize the risk associated with DC debt by ensuring that any growth-related debt principal and interest are forecasted to be covered by future growth projections.

FIGURE 4

FIGURE 5

Of note, the City of Hamilton has a DC Funding Policy that requires staff to limit the amount of risk in sustaining DC reserves. Therefore, growth projects will only be included in the proposed capital budget if the sustainability of reserves is maintained. The impact of this policy is that some projects may be delayed when compared to their timing in the DC Background Study or infrastructure master plans and debt financing may be required in order to maintain DC Reserve integrity. Staff will minimize the risk by ensuring that any growth-related debt principal and interest will be covered by anticipated future DC revenues.

On October 25, 2022 the Provincial government announced a number of proposed legislative changes that, if passed, will have a significant impact on the amount of DC and CBC funds available to support growth related projects in the future. Additional information on the impact of Bill 23 for the City of Hamilton can be found in Report FCS22085 that was received by Audit, Finance and Administration Committee on December 1, 2022.

COVID-19 Response and Recovery

The COVID-19 pandemic has resulted in many changes affecting human behavior and impacting the world's economic condition. Municipalities were hit particularly hard as they managed service continuity for essential services and infrastructure during the lockdown period. While financial pressures for municipalities in 2020 and 2021 have been alleviated through the historic Safe Restart Agreement, Social Services Relief Fund and many other funding announcements, several City programs continue to be impacted in 2022 with unfunded pressures related to COVID-19 response and recovery efforts and it is anticipated that health risks will continue to remain on an ongoing basis and economic activity is not expected to return to pre-COVID-19 levels beyond 2022.

There are still many unknown variables related to the impact of COVID-19 on municipal service delivery for 2023 and into future years. Staff have continued to monitor the impacts of COVID-19 and the recovery plan while preparing the 2023 tax and rate supported budgets and will continue to review all City provided services in an effort to generate efficiencies and reduce costs.

As detailed in Report FCS22042(a), Tax and Rate Operating Budgets Variance Report as at August 31, 2022, presented to the Audit, Finance and Administration Committee on December 1, 2022, the City is forecasting a Tax Supported Operating Budget deficit of \$16.4M and a Rate Supported Operating Budget deficit of \$0.2M with both being driven by impacts of the COVID-19 pandemic on municipal services and a lack of funding from senior levels of government to address continued pressures.

Should advocacy efforts be unsuccessful, the City will be required to address the current year deficit and ongoing pressures related to the pandemic through the 2023 budget process. In accordance with the *Municipal Act, 2001, section 289*, the City must prepare a balanced budget and provide for any deficit in the previous year's budget. City Council has set aside \$35.6M in discretionary funding over the past two years into the COVID-19 Emergency Reserve, resulting from operating surpluses in 2020 and 2021, to address ongoing impacts of the pandemic on municipal operations and recovery efforts. In lieu of a funding source from senior levels of government, City staff have recommended using these funds to balance funding for programs that continue to be impacted by the pandemic. Table 9 provides a breakdown of the financial pressures related to the COVID-19 pandemic projected in 2023 and the proposed financing plan to address them.

* Assumes that the Ministry of Health will continue to provide one-time funding for Public Health and Paramedic Services on an ongoing basis. A formal commitment from the Ministry of Health has not yet been received for 2023.

Based on the current outlook, the \$35.6M set aside in the COVID-19 Reserve will be drawn down to \$6.2M by the end of 2026 to limit the impact of prolonged service impacts for taxpayers. Additionally, a net levy adjustment of \$2.0M is being proposed through Long-Term Care Business Case 2.6 for a permanent adjustment in service level standards. Table 10 provides the updated COVID-19 Emergency Reserve forecast for the multi-year planning period.

TABLE 10

COVID-19 Emergency Reserve Forecast (\$000's)					
	2022	2023	2024	2025	2026

Staff Complement

The 2023 Preliminary Tax Supported Operating Budget is submitted with a staff complement net increase of 131.6 full-time equivalent staff positions (FTE), excluding Boards and Agencies, compared to the 2022 Restated Complement. Table 11 illustrates the changes from 2022.

TABLE 11

2023 Preliminary Complement (FTE) (exclusive of Boards & Agencies)		
		Change
2022 Approved	6,004.5	
2022 Restated	6,006.0	1.5
Impacts from Capital		14.0
Other Complement Change		117.6
2023 Preliminary	6,137.6	131.6

A detailed complement summary is provided under the “Complement Summary” section of this report, which includes footnotes explaining the changes in staff complement between the 2022 Council Approved Budget and the 2023 Preliminary Budget. Departmental presentations to GIC will provide additional information with respect to complement changes.

Council Referred Items & Business Cases

Council Referred Items and Business Cases have not been included in the Preliminary Budget schedule totals in the following sections. The following sections include only the costs to continue with Council approved service levels while service level reductions or enhancements through Council Referred Items and Business Cases will be considered by Council during budget deliberations commencing in February 2023.

There are currently seventeen Council Referred Items included in the “Council Referred Items” section for Council’s consideration with a net impact of \$7.9M or 0.7% residential tax impact. Any items that are referred to the budget process in the coming weeks will be compiled and added to an appendix to the 2023 Tax Supported Operating Budget – Recommendations Report and discussed during deliberations at GIC in February 2023.

All Business Cases submitted for Council’s consideration in the 2023 Budget Process have been included in the “Business Cases” section. There is a total of twenty submissions representing a net levy increase of \$7.3M and 59.00 FTE. If all are approved, the impact on the average residential tax bill would be an additional 0.7%.

Multi-Year Budget Outlook

The initial outlook for 2024 and 2025 prepared during the 2022 budget process resulted in projected tax increases of 3.4% and 3.2% respectively. However, these projections have been re-evaluated based on current information including known factors such as contractual agreements and operating impacts from capital projects, as well as service adjustments approved by Council.

The multi-year outlook for 2024 to 2026 is provided in the “Multi-Year Outlook” section of this report. Table 12 shows the projected levy and tax increases for the 2024 to 2026 period.

TABLE 12

2024 - 2026 Multi-Year Outlook - Net Levy Increases						
(\$000's)	2024		2025		2026	
	(\$000's)	%	(\$000's)	%	(\$000's)	%
Total City Departments	36,467,110	5.6%	27,868,730	4.1%	31,666,590	4.5%
Boards & Agencies	6,966,070	2.8%	7,218,008	2.8%	7,342,569	2.8%
Capital Financing	11,824,990	7.6%	13,643,000	8.2%	12,118,000	6.7%
Total Preliminary Operating Budget	55,258,170	5.3%	48,729,738	4.4%	51,127,159	4.4%
Residential Average Property Tax Impact		3.7%		2.8%		2.8%

Significant increases in future budgets are the result of service enhancements in Transit, both as a result of the continuation of the 10-Year Local Transit Strategy and increases in the DARTS contract with projected increases in ridership.

Additionally, Capital Levy increases of 1.12% have been included in years 2024 to 2026 as part of the ten-year phase-in strategy to address the infrastructure funding gap identified in the Transportation Asset Management Plan. Increases to the Capital Levy for debt servicing requirements related to new debt have been included as well. The corporate financials section includes increases resulting from the operating impacts of capital projects.

Actions taken to mitigate the pressures in the 2023 budget should not include postponing expenditures to future years but rather, they should be geared towards finding sustainable solutions.

For every year, the residential tax increase assumes a growth benefit of (1.0%) based on historical results and a reassessment impact of 0.5%. These assumptions, as well as all the other assumptions used in the preparation of the outlook such as the rate of inflation and the utility guidelines will be revised annually.

The multi-year budgets will be included in the departmental presentations, which are scheduled to begin on January 23, 2023.

Transportation Planning and Parking

Description

The Transportation Planning and Parking Division is responsible for ensuring that people's day to day travel choices are safe, convenient and reliable, and over time, help the City become more sustainable. Transportation planning and parking are closely linked to land use planning, healthy communities, environmental sustainability, and affordability. Increasingly technology is influencing the range of travel and parking options available and how people pay for them. Transportation Planning and Parking is tasked with predicting the future and assessing how our infrastructure will be planned, designed and operated to maximize economic prosperity and manage lifecycle costs.

Building

Description

The Building Division's primary roles are issuing building permits and performing related inspections to enforce the Ontario Building Code Act and its corresponding regulation, the Ontario Building Code (OBC). The OBC is essentially a set of minimum provisions regarding the safety of buildings with reference to public health, fire protection, accessibility and structural sufficiency. Enforcement of this regulation ensures buildings are safe to live, work and play in. As well as reviewing Planning and Building Applications for compliance with the six area zoning bylaws. Zoning By-laws establish land use and dimensional limitations on properties e.g. height, location, coverage etc. The division accomplishes this by developing and implementing building and zoning related policies, regulations and services that support and enhance the sustainability, growth and prosperity of the City.

Licensing & By-Law Services

Description

Licensing and By-law Services is focused on seeking compliance, while ensuring public safety is obtained through education and enforcement of the City's By-laws. The major sections that comprise the division, includes Business Licensing, Municipal Law Enforcement and Animal Services. Together these sections enforce most of the City's By-laws in relation to public safety, nuisance control and consumer protection.

Economic Development

Description

Economic Development is tasked with growing and retaining the workforce, and increasing the non-residential tax base for the City of Hamilton. The three sections within Economic Development that deliver the mandate of the division are: Urban Renewal, which focuses on the downtowns and commercial areas; Business Development, which focuses on all the industrial parks and on industries/ employers not generally found in the downtowns; and Real Estate, which is an in-house service for all departments in the City which require property to be purchased, sold, or leased.

Growth Management

Description

Growth Management implements infrastructure and approves servicing applications submitted by developers to create opportunities for development to proceed that meet the needs of businesses and citizens of the City. Growth Management supports the coordination of policy and infrastructure to ensure that growth aligns with the objectives of the City of Hamilton's Official Plan, Growth Related Integrated Development Strategy, City-Wide Transportation Master Plan, Water and Wastewater Master Plan and the Comprehensive Development Engineering Guidelines and Financial Policies.

Planning

Description

The Planning Division prepares and implements land use plans and strategies, which contribute to quality development, quality of life, and a good business environment for our community. The Division accomplishes this by the formulation and implementation of planning related legislation policies, regulations, programs and development approvals that support and enhance the sustainability, growth and prosperity of the City.

Tourism & Culture

Description

The work of the Tourism and Culture Division cultivates a love for Hamilton by strengthening and celebrating the City's tourism and cultural resources to further the local quality of life and economic prosperity. The major strategies that drive the work performed by the division include the City of Hamilton Cultural Plan – Transforming Hamilton through Culture, Public Art Master Plan, Tourism Strategy, Music Strategy, Economic Development Action Plan and the Provincial Community Museum Standards.

Children's and Community Services

Description

Children's Services and Neighbourhood Development provides leadership on strategic initiatives and the delivery of human services. The division provides comprehensive, evidence-based support to the early years and child care system, community and neighbourhood initiatives, and collaborates with partners to support public engagement.

Housing Services

Description

The Housing Services Division provides leadership and administration funding, oversees standards, and builds capacity in the community to ensure everyone has a home. This is done through providing affordable housing options across the continuum of housing needs, from shelters, transitional and supportive housing to rent-geared-to-income, affordable rental and affordable homeownership that is funded by all levels of government. Meeting the unique and complex housing needs of our community is informed by Council approved priorities in the 10-year Housing and Homelessness Action Plan, as well as provincial and federal programs and legislation.

Hamilton Paramedic Service

Description

To provide quality mobile health services in support of community needs. Hamilton Paramedic Service is authorized under the Ambulance Act of Ontario to provide paramedic services to all City of Hamilton citizens and visitors. The Hamilton Paramedic Service provides pre-hospital advanced medical and trauma care as well as the transportation of patients from emergency incidents to appropriate health care facilities. The Hamilton Paramedic service also undertakes demand mitigation activities including public education, safety promotion, and risk prevention activities in neighbourhoods and public facilities.

¹ Excludes 6.50 (2022 – 6.50) Finance & Administration FTE – Included in Overall Departmental Org Chart.

² Excludes 145.50 (2022- 344.15) Temporary COVID19 Response Related FTE funded through senior levels of government.

Public Health Services

Description

Public Health Services contributes towards the City of Hamilton's vision to be the best place to raise a child and age successfully. From monitoring for communicable diseases, developing programs and services for local families of all ages and stages, to working with community partners to ensure that residents have access to safe food, water and air. Public Health Services plays an important role in the community by providing all citizens support to build resilience and achieve health through safe and healthy environments. Through leadership, evidence, performance measures, innovative practices and technology, this division will continue to be a catalyst in the formation of healthy public policy, provision of preventative services, and advocating for healthy environments through courage, innovation and collaboration.

Engineering Services

Description

Engineering Services is a technology and process leader within the corporation. The division is responsible for the development of the capital budget and program that identifies the priority replacement and rehabilitation of all infrastructure within the roadway corridor through its asset management processes. The division is responsible for the provision of surveying, design, engineering, tendering and construction administration services associated with the delivery of the capital program and other corporate initiatives requiring the construction of municipal infrastructure that supports key corporate objectives including West Harbour, Transportation Master Plan Projects, and Water/ Wastewater Master Plan Projects. The street lighting program alongside the coordination of all utility, road occupancy and activity permitting is also delivered by the Engineering Services teams.

Environmental Services

Description

Environmental Services is responsible for the planning, designing, constructing, operating and maintaining municipal parks, green spaces, programmed open space, recreational trails, and municipal cemeteries. To enhance the environment, promote safe and healthy spaces, and recreational opportunities for the citizens of the City of Hamilton, the division maintains the urban and rural tree canopy on municipal property, including streets, parks, and cemeteries. It also provides horticultural features in traffic islands, roundabouts, boulevards and civic properties, as well as maintaining hanging baskets and planters. Another major role of Environmental Services is to provide integrated waste management services for the City of Hamilton. The division oversees the collection and processing of approximately 240,000 tonnes of waste materials annually, including the operation and maintenance of three Transfer Stations/Community Recycling Centres, Material Recycling Facility, Central Composting Facility, Glanbrook Landfill, and 12 closed landfills.

Transit

Description

Transit strives to provide customer-focused experience that is safe, reliable, inclusive and accessible to all users of the City of Hamilton's public transit services. The division achieves this by providing a customer experience that meets or exceeds their expectations, by maintaining the service and infrastructure in a state of good repair, and by having a vision to accommodate future needs. Transit will continue building a reputation that leads people to choose transit first.

Office of the City Auditor

Description

The division performs process and operational reviews of the City of Hamilton. The division conducts studies of issues and investigations of matters brought forward by members of Council, staff and citizens to provide advice and make recommendations on how to improve City operations and bring transparency to the public. By providing objective evaluation, consultation and facilitated assessments, the ultimate goal is to help the City manage risk, exploit opportunities and realize improvements that make operations more efficient, effective and compliant with policies and regulations.

Human Resources

Description

Human Resources is accountable for attracting, retaining and building organizational talent. This internal support service also works closely with organizational partners to ensure the consistent application of our guiding documents including collective agreements, City policies, and relevant employment legislation. Through our various specialty areas, Human Resources promotes and administers programs supporting diversity and inclusion, employee engagement, and employee health and wellness (including benefits, safety and wellness programs). By incorporating best practice and leveraging technology, the division also supports the employee lifecycle through the administration of pay and leave programs, including records maintenance and compensation services.

City Clerk's Office

Description

City Clerk's Office delivers transparent, impartial and accessible services to Council, the corporation and our citizens. It is organized into three business units, Legislative Services, Election/ Print and Mail Services, and Records/Information Management Services. The division provides services under various responsibilities legislated through provincial Acts, striving to build public trust and confidence in local government. These services include, secretariat support to Council and its committees and various boards, conducting municipal and school board elections, managing Freedom of Information requests, administration of vital statistics on behalf of the province, and management of the organization's records and lobbyist registry. In addition to providing legislative, electoral and administrative services, the Office of the City Clerk also provides an internal business support to the corporation by offering distribution and collection of mail, internal courier services between facilities, along with printing and imaging services.

CUSTOMER SERVICE POA AND FINL INTEGRATION

Customer Service POA and Finl Integration

Description

The division is comprised of the Customer Contact Centre, Municipal Service Centres, the Service Channel Unit and the POA office. The Division provides residents with convenient access to City services, including the collection of fines, through both counter and phone service in a welcoming, responsive and accessible manner that fosters trust and confidence in government. In addition, the Division provides after-hour City emergency support on behalf of City departments. The Division is committed to providing sensational service to our customers, both internally and externally.

Financial Serv Taxation and Corp Controller

Description

The division plays a key role in ensuring that Hamilton is financially sound, accountable and transparent in managing public funds. Each section within the division delivers a range of services that contribute to the financial success of the City, including the collection of property taxes and non-tax revenues, payroll and pension services, securing quality vendors to provide goods and services and paying for these goods and services to enable the City to carry out mandated and Council directed services. As well as, providing advice to Council, Committee and management to ensure City finances are managed in accordance with legislative and contractual requirements, while mitigating financial risks and reporting of financial performance on a timely basis.

Legal Services and Risk Management

Description

Legal and Risk Management Services provides a full range of legal and risk management services to the City in an effort to leverage the close working relationships with City Council and City departments. The division continues to support the core business, projects, and initiatives led by other areas of the City of Hamilton by: – advising on achieving compliance with provincial and federal regulations. – identifying legislative authority, drafting, interpreting and enforcing by-laws. – identifying, managing or monitoring risk and securing appropriate insurance. – addressing real estate, planning, development, environmental, financial, tax, intellectual property and privacy issues, as well as labour and employment matters. – advocating before the courts, quasi-judicial and regulatory bodies and prosecuting violations of City By-laws, Fire and Building Code Act, Highway Traffic Act and other provincial legislation. – negotiating and executing enforceable contracts

Proposed Start Date (MM/DD/YYYY)	1/01/2023		2023 Capital Funding	Total Capital Funding
Strategic Plan Priorities	Built Environment and Infrastructure	Capital Budget Impact	-	-
BACKGROUND				
<p>General Issues Committee (GIC) approved Hamilton's Climate Action Strategy and Staff Recommendation Report (CM22016/PED22058(a)/HSC22030(a)). Recommendation (h) directed staff to refer the City's annual contribution of \$160,000.00 towards the Bay Area Climate Change Office (BACCO) to the 2023 Operating Budget, given the previous Memorandum of Understanding expires at the end of 2022. The BACCO is the support office to the Bay Area Climate Change Council, a 15 membership organization that harnesses the power of the community to accelerate climate action. Originally created in 2017/2018 with agreements of both Mayors of Hamilton and Burlington to work together on a regional approach to climate action. Total BACCO funding is \$334,500 with contributions from the following: City of Hamilton \$160,000; City of Burlington \$56,000; Private/Non-Government Organizations \$40,000; Canadian Summer Jobs Student Hiring (federal) \$40,000; Mohawk (in-kind) \$38,500.</p>				
DESCRIPTION				
<p>BACCO requests funding from the City of Hamilton and City of Burlington based on a per capita calculation using population. BACCO leverages the City's funding to obtain other sources of funding. In the past this has included private NGO funding and a federal summer jobs funding program which is forecasted to occur in 2023 as well. Mohawk College also provides annual administrative and other in-kind support for the BACCO to be housed administratively and physically within Mohawk College.</p>

BACKGROUND				
<p>General Issues Committee (GIC) approved Hamilton's Climate Action Strategy and Staff Recommendation Report (CM22016/PED22058(a)/HSC22030(a)) to create a Climate Change Office within Planning and Economic Development (PED) Department. Recommendation (f) included the creation of two additional permanent positions, and that those positions be referred to the 2023 Operating Budget.</p>				
DESCRIPTION				
<p>This request is for the creation of one, of the two, full-time permanent positions (1 FTE). It is requesting the creation of a Project Manager position to be allocated to the Climate Change Office within Planning and Economic Development Department. This position will support the roles and functions of the Climate Change Office to support implementation and coordination of Hamilton's Climate Action Strategy. This permanent position will directly support the substantial work required to implement and coordinate the actions on climate mitigation and climate adaptation.</p>

COUNCIL REFERRED ITEM CRI #: 1.4		FINANCIAL IMPACT 2023 OPERATING BUDGET		
OVERVIEW		DESCRIPTION	2023 AMOUNT	ANNUALIZED AMOUNT
Request Title	Canada Day Event	Total Expenditures	150,300	150,300
Department	Planning & Economic Development	Total Revenue	(22,000)	(22,000)
Division	Tourism & Culture	Net Levy	128,300	128,300
Service	Tourism Development	Full Time Equiv. (FTE)	0.25	0.25
Proposed Start Date (MM/DD/YYYY)	1/01/2023		2023 Capital Funding	Total Capital Funding
Strategic Plan Priorities	Culture and Diversity	Capital Budget Impact	-	-
BACKGROUND				
<p>In 2018 Canada Day production responsibility was transferred from Tourism & Culture Division PED (T&C) to Strategic Partnerships, Corporate Services, and in 2019 the base budget allocation was eliminated and replaced by sponsorship investment. This funding model was negatively impacted by COVID. In 2021, Council approved Report CM21014 directing T&C to re-assume delivery of Canada Day on behalf of the corporation and approved that the 2022 Canada Day event be funded from the Ec Dev Reserve. Council also directed staff to report to GIC with an operating budget enhancement request as part of the 2023 budget process for base funding and resources to produce Canada Day in 2023 and beyond. Related Council reports: City of Hamilton Event Delivery Options (PED16089). City Operated Events and Options for Alternate Service Delivery Model (PED16089(a)). City Operated Events – Determine Interests of Event Vendors (PED16089(b)). Canada Day – Operating Model (CM18010). Canada Day Operating Model (CM21014)</p>				
DESCRIPTION				
<p>The annual Canada Day event is held at Bayfront Park; attendance estimate 20,000. Event includes family-friendly programming, with a modest enhancement to culture programming for 2023. Fireworks display expenses are 27% of the net event budget, on-site security/emergency services/equipment expenses are 43%, and 0.25 FTE is 22%. Expenses are partially offset by \$7K food truck revenue, \$10 K sponsorships, and \$5 K Canadian Heritage Grant. Budget expenditures total \$150,300: Fireworks - \$35,000, Programming - \$14,170, Event Supplies - \$4,900, Event Logistics/Permits - \$20,330, Professional Services (medical, security, etc) - \$34,700, Staffing (Parks staff, 0.25 FTE Coordinator, etc.) - \$41,200</p>

Proposed Start Date (MM/DD/YYYY)	1/01/2023		2023 Capital Funding	Total Capital Funding
Strategic Plan Priorities	Healthy and Safe Communities	Capital Budget Impact	-	-
BACKGROUND				
<p>On February 15, 2022, Planning Committee passed the motion for Licensing and By-law Services to report back on the development and implementation of a Nuisance Party By-law in the City of Hamilton in response to recurring large unsanctioned gatherings within the City. On September 14, 2022, City Council passed City of Hamilton By-law 22-235 to regulate nuisance parties in the City of Hamilton.</p>				
DESCRIPTION				
<p>The Supervisor - Operations & Enforcement would be responsible for the planning, coordination and enforcement of City of Hamilton By-law 22-235 (recurring and non-recurring nuisance parties), including year-long participation as a sitting member of the Public Safety Working Group (comprised of Hamilton Police Service, Hamilton Fire, Hamilton Paramedic Service, Licensing & By-law Services and McMaster University), acting as a point-of-contact for all agencies and community stakeholders, the creation of operational plans for recurring events (e.g. St. Patrick's Day and Homecoming), coordinating municipal law enforcement officer briefings and debriefings, overseeing operations, and ensuring proper and completed prosecution packages by municipal law enforcement officers. It is estimated that 64 hours were utilized in 2022 for planning and preparation by Municipal Law Enforcement in relation to St. Patrick's Day and Homecoming enforcement operations.</p>

COUNCIL REFERRED ITEM CRI #: 2.2		FINANCIAL IMPACT 2023 OPERATING BUDGET		
OVERVIEW		DESCRIPTION	2023 AMOUNT	ANNUALIZED AMOUNT
Request Title	Social Housing Providers at End of Mortgage	Total Expenditures	1,100,000	1,100,000
Department	Healthy & Safe Communities	Total Revenue	-	-
Division	Housing Services	Net Levy	1,100,000	1,100,000
Service	Social Housing	Full Time Equiv. (FTE)	-	-
Proposed Start Date (MM/DD/YYYY)	1/01/2023		2023 Capital Funding	Total Capital Funding
Strategic Plan Priorities	Healthy and Safe Communities	Capital Budget Impact	-	-
BACKGROUND				
<p>On March 31, 2022, the Province notified SMs of the changes to regulations under the HSA including an amendment to Service and Exit Agreements. The Province amended Ontario Regulation 367/11 of the HSA, to establish baseline rules for Service Agreements between SMs and housing providers whose original obligations to provide social housing have come to an end, effective July 1, 2022. As per the new amendment, when housing projects reach End of Agreement (EOA) or End of Mortgage (EOM) they will be presented with two options; continue to offer social and/or affordable housing under a new agreement within a new community housing framework or exit the City's community housing portfolio. If a new agreement is not successfully negotiated with a provider, the future of those units are in question. For the year 2022-2023, 23 mortgages for provincial social housing projects will reach EOM representing a total of 2,087 units. By 2032 all existing mortgages (another 8,083 units) will reach EOM.</p>				
DESCRIPTION				
<p>To secure the future of these units and preserve within social housing inventory, it is recommended that an additional \$1.1 M in funding for rent supplements, operating subsidy and capital repairs be referred to the 2023 budget process. The start date of January 1st has been included to ensure there are funds available to support the end of agreements that are scheduled to occur in 2022 & 2023.</p>				

COUNCIL REFERRED ITEM CRI #: 2.3		FINANCIAL IMPACT 2023 OPERATING BUDGET		
OVERVIEW		DESCRIPTION	2023 AMOUNT	ANNUALIZED AMOUNT
Request Title	Subsidy Request for Rapid Housing Initiative New Developments	Total Expenditures	125,000	248,000
Department	Healthy & Safe Communities	Total Revenue	-	-
Division	Housing Services	Net Levy	125,000	248,000

Proposed Start Date (MM/DD/YYYY)	7/01/2023		2023 Capital Funding	Total Capital Funding
Strategic Plan Priorities	Healthy and Safe Communities	Capital Budget Impact	-	-
BACKGROUND				
<p>Canada Mortgage and Housing Corporation Rapid Housing Initiative (RHI) (HSC20056(a)) recommendation (d) referred an increase of \$248,000 to the Housing Services Division's 2023 operating budget, to fund rent subsidies for units. RHI is a federal initiative that provided capital funding to quickly expand housing available to target populations. Rent subsidies will bridge the difference between 80% average market rent (AMR) and rent geared to income (RGI) which will mean that households can be taken off the by-name priority list and access to housing waitlist. The rent subsidy will be applied to St. Matthews house's 14 unit project at 412 Barton Street and CityHousing Hamilton's 24 unit project at 253 King William. A portion of the units will serve people experiencing homelessness, Indigenous people and Black Canadians.</p>				
DESCRIPTION				
<p>The recommendation requested \$248,000 for the annualized rent subsidy. Construction of both projects are behind and it is estimated that \$125,000 will be required in 2023.</p>				

COUNCIL REFERRED ITEM CRI #: 2.4		FINANCIAL IMPACT 2023 OPERATING BUDGET		
OVERVIEW		DESCRIPTION	2023 AMOUNT	ANNUALIZED AMOUNT
Request Title	Adaptation and Transformation of Housing Services Post Pandemic	Total Expenditures	649,700	649,700
Department	Healthy & Safe Communities	Total Revenue	-	-
Division	Housing Services	Net Levy	649,700	649,700
Service	Homelessness	Full Time Equiv. (FTE)	-	-
Proposed Start Date (MM/DD/YYYY)	1/01/2023		2023 Capital Funding	Total Capital Funding
Strategic Plan Priorities	Healthy and Safe Communities	Capital Budget Impact	-	-
BACKGROUND				
<p>The Housing Stability Program (HSB) was implemented in 2013 and is financial support, for those receiving social assistance or living with a low income, to prevent an individual or families experience of homelessness. Due to pandemic related impacts on housing, there was a need to plan for an anticipated increase of evictions post pandemic, as a result Rent Ready (RR) was established through Housing Surplus. RR compliments the HSB in that there is greater eligibility for payment amounts and is more widely accessible to vulnerable members of Hamilton as HSB amounts are limiting and no longer meet the full needs of clients. In response to required capacity in the men's emergency shelter system during pandemic, 4 additional temporary men's system emergency shelter beds were created at Salvation Army Booth Centre men's shelter. These additional beds are required on a permanent basis in order to meet the demand of the men's system, with an annualized cost of \$88,000.</p>				
DESCRIPTION				
<p>Additional RR funds will allow for greater success in supporting families facing housing loss. Given current HSB and RR spending & forecasts, an additional \$561,703 is required to operate a merged program from Jan - Dec 2023, with adequate funding to meet the demands of the program and assist vulnerable individuals in maintaining or securing housing. COVID costs in 2020-21, 2021-22, and 2022-23 totalled \$36M, 41.8M, and \$24.4M respectively largely due to a dependency on emergency hotels and capital costs. By December of 2022, these services will have ended with clients being referred to shelters. At this time the 4 additional beds for the men's system is being requested. A separate request to support the rising shelter costs has been submitted. Further work is underway to understand the true operating cost of shelters to meet client needs which will continue to be an ongoing pressure.</p>				

COUNCIL REFERRED ITEM CRI #: 2.5		FINANCIAL IMPACT 2023 OPERATING BUDGET		
OVERVIEW		DESCRIPTION	2023 AMOUNT	ANNUALIZED AMOUNT
Request Title	Shelters Cost of Living Enhancement	Total Expenditures	546,700	725,556
Department	Healthy & Safe Communities	Total Revenue	-	-
Division	Housing Services	Net Levy	546,700	725,556
Service	Homelessness	Full Time Equiv. (FTE)	-	-
Proposed Start Date (MM/DD/YYYY)	4/01/2023		2023 Capital Funding	Total Capital Funding
Strategic Plan Priorities	Healthy and Safe Communities	Capital Budget Impact	-	-
BACKGROUND				
<p>Emergency Shelters within Hamilton's Homelessness Serving system receive a block funding amount on an annual basis, funded through Homelessness Prevention Program (HPP) [formerly under CHPI]. Funding amounts for shelters have not increased since the implementation of block funding in 2013, under CHPI. Shelters have consistently expressed pressures in their ability to maintain operations at current levels, in the absence of increased funding. Funding under HPP have increased minimally year over year, while pressures in Hamilton's system have far outweighed available funding amount. As such, no increases have been possible. Housing Services has utilized Division savings to provide COLA adjustments, recognizing demands on agencies, which is not guaranteed.</p>				
DESCRIPTION				
<p>The 2021/2022 cumulative COLA adjustment provided to emergency shelters was approx \$710k and the request for 2023 budget is an annualized cost of \$725,556. In addition, that future COLA increases be based on City's budget guidelines for inflation and applied to all shelters that come online. The date of April 1, 2023 has been selected as this is the date new fiscal agreements will be signed and would result in an increase of \$546,700 for 2023.</p>				

COUNCIL REFERRED ITEM CRI #: 3.1		FINANCIAL IMPACT 2023 OPERATING BUDGET		
OVERVIEW		DESCRIPTION	2023 AMOUNT	ANNUALIZED AMOUNT
Request Title	Corporate Asset Management Resource Requirements	Total Expenditures	1,117,900	1,483,742
Department	Public Works	Total Revenue	-	-
Division	PW-General Administration	Net Levy	1,117,900	1,483,742
Service	Financial Management	Full Time Equiv. (FTE)	10.00	10.00
Proposed Start Date (MM/DD/YYYY)	4/01/2023		2023 Capital Funding	Total Capital Funding
Strategic Plan Priorities	Built Environment and Infrastructure	Capital Budget Impact	-	-
BACKGROUND				
<p>Ontario Regulation 588/17 (O.Reg. 588/17) – Asset Management Planning for Municipal Infrastructure came into force on Jan 1, 2018. O.Reg. 588/17 sets out requirements and deadlines for municipal asset management plans and policies. The key requirements include the completion of a strategic asset management policy and phased implementation of the asset management plans for all assets on the City's ledger. The development of the Corporate Asset Management Office has been in direct response to this need. This Office provides the governance, framework and standardization required and ensures adherence to the regulation. Like many progressive municipalities, Hamilton is moving to a service-focused view of its infrastructure and investments. By adopting a customer-centric level-of-service framework, measures and targets, and weighing investment based on service impact and risk, the City will establish a clear relationship between infrastructure investment and service outcomes.</p>				
DESCRIPTION				
<p>Objective: Create a permanent Corporate Asset Management Office (CAMO) in response to O. Reg. 588/17 and Council direction per Report 22-012 (PW22048) Item 8.1 Recommendation 4 (b) "That staff be authorized and directed to extend the office of Corporate Asset Management permanently, to be reviewed in 2025". Expected Outcome: A centralized permanent CAMO responsible for the overall governance and framework for asset management city-wide including ensuring compliance with O.Reg. 588/17. Required: 10 FTE - Director, AAll, SPM, PM, Senior Analyst (2), Analyst (2), Junior Analyst (2). Opportunity: Create standardization, governance and efficiencies in the delivery of services and management of assets. Inefficiencies exist today which are limiting effective decision making across the city, particularly in capital programming. Value to the City: Adherence to O. Reg 588/17 and the opportunity to create efficiency and effectiveness in the delivery of services and management of assets.</p>

BACKGROUND				
AUDIT, FINANCE AND ADMINISTRATION COMMITTEE REPORT 22-016 September 22, 2021 (item 3) (b) That the request for 2 FTE's to support the administration of the policy, be referred to 2023 budget deliberations for consideration.				
DESCRIPTION				
Financial: Two FTE's are requested in the Records and FOI section of the Clerk's office in order to support and educate staff in our legislated requirement to retain and preserve records and to establish and maintain retention periods for the City's records. The total cost of the FTE's is \$184,000. Staffing: Staff resources are required in order to provide training, advice and measure policy compliance across the organization to support good records and information management principles. Currently, staff resources within the Office of the City Clerk manage operational day to day records management of corporate records within the custody of the Office only and do not have the capacity to provide extended consultation time with divisions and departments help them manage their records. The new positions would be responsible to advise, consult with, and guide employees to help divisions and departments to comply with the RIM Policy and procedures to effectively manage records.

BACKGROUND				
<p>Bill 109 - upholding planning by-laws and decisions of council in the new process.Process, Staffing and Fee Changes to Implement Bill 13 and Bill 109 (PED22112(c)). Authority through budget approval would be sought for 1 lawyer and 1 law clerk, with authority to add a second lawyer based on volume of appeal activity which will increase through the legislation changes. Th business case here is based on the need to have adequate staff to uphold planning controls and decisions imposed by Council.</p>				
DESCRIPTION				
<p>3 FTEs (2 Lawyers and 1 Law Clerk).</p>				

COUNCIL REFERRED ITEM CRI #: 5.1		FINANCIAL IMPACT 2023 OPERATING BUDGET		
OVERVIEW		DESCRIPTION	2023 AMOUNT	ANNUALIZED AMOUNT
Request Title	Public Engagement Policy & Framework	Total Expenditures	200,000	300,000
Department	City Manager	Total Revenue	-	-
Division	Government & Community Relations	Net Levy	200,000	300,000
Service	Community Engagement	Full Time Equiv. (FTE)	2.00	2.00
Proposed Start Date (MM/DD/YYYY)	7/01/2023		2023 Capital Funding	Total Capital Funding
Strategic Plan Priorities	Community Engagement and Participation	Capital Budget Impact	-	-
BACKGROUND				
<p>Community engagement is a key pillar of the City's Community Vision, Strategic Plan, and 2018-2022 Term of Council Priorities. Community engagement builds transparency, trust, and confidence in City government through increased public access to information and participation in decision-making processes. City services rely on community engagement as a key component of City building projects, legislative processes, and as a best practice to inform City initiatives. The need to establish a Public Engagement Policy was identified during the City Manager's Budget Presentation on February 5, 2021. On October 6, 2021, Council directed staff to establish a Policy & Framework to ensure consistent, transparent, and inclusive City-led public engagement processes. In accordance with Council direction, staff led a campaign to better understand resident experiences with City-led public engagement and feedback was shared with Council on June 23, followed by a Recommendation Report on July 4, 2022.</p>				
DESCRIPTION				
<p>Two dedicated FTE staff are required to lead a consistent, accountable, equitable and inclusive public engagement process. These efforts will advance City decision-making efforts by ensuring the process by which residents receive information and are engaged is meaningful, clear, convenient, and accessible at City-wide levels, including all municipal wards, urban & rural geographic regions, local neighbourhoods, and reach traditionally under-represented, racialized and equity-deserving groups. Comparative municipal staffing structures are upwards of 20 FTE to a minimum of 4 FTE to support cross-departmental engagement efforts, enhance City engagement tactics, build capacity, and ensure Cityled engagement meet the expectations of Council & community. An annual program budget forecast up to \$50,000 will support operational costs. An estimated annual budget forecast to support 2 FTE starting in 2023 requires \$250,000, with a total estimated annualized project budget forecast of \$300,000.</p>				

COUNCIL REFERRED ITEM CRI #: 6.1		FINANCIAL IMPACT 2023 OPERATING BUDGET		
OVERVIEW		DESCRIPTION	2023 AMOUNT	ANNUALIZED AMOUNT
Request Title	CEF Operating Budget Increase	Total Expenditures	TBD	TBD
Department	City Enrichment Fund	Total Revenue	-	-
Division	Administration CEF	Net Levy	TBD	TBD
Service		Full Time Equiv. (FTE)	-	-
Proposed Start Date (MM/DD/YYYY)	1/01/2023		2023 Capital Funding	Total Capital Funding
Strategic Plan Priorities	Community Engagement and Participation	Capital Budget Impact	-	-
BACKGROUND				
<p>The Council Direction provided at Audit, Finance and Administration on June 16, 2022 inclusive of the Council Motion which was carried, expresses the following:</p> <p>“Therefore, be it resolved that in increase to the City Enrichment Fund be forwarded for consideration to the 2023 Budget submission.”</p> <p>The total of eligible requests often far surpasses the allocated approved budget for the City Enrichment Fund on an annual basis. For example, in 2022, the City Enrichment Fund annual approved operating budget was \$6,088,340.00 but the amount of eligible requests received totaled \$9,205,133.00. On average, between 2018 – 2022 the total amount of eligible requests was \$8,999,850.80 (2018 at 8,103,382.00, 2019 at 8,921,806.00, 2020 at 9,649,793.00, 2021 at 9,119,140.00 and 9,205,133.00) meaning the City receives application requests, most years, over \$2M more than base dollars within the budget.</p>				
DESCRIPTION				
<p>The increases proposed is in an effort to meet the need in community, local organizations and the demand of applications in order to ensure our grants program is enhanced and evolving in 2023 and beyond. In the last five years, the City Enrichment Fund has had one increase of \$93,200.00 in 2019 which was equivalent to 2% overall operating budget increase (in one of five years), despite increased applications and community demand. During the 2022 budget process, Council approved a total budget for the City Enrichment Fund of \$6,088,340. This has not increased the past few years, and with surpluses in certain areas being returned to the CEF Reserve due to cancelled and modified events and programming a request for an increase was not plausible at that time.</p>

BACKGROUND				
<p>In 2021, Council approved report (PED21134) that addressed organizational changes related to Corporate Real Estate Office in the Economic Development Division. These changes included the creation of a temporary Chief Corporate Real Estate Officer role to ensure achievement of improvements in service delivery, reinforce strategy via authority and structure, and have clear accountabilities and responsibilities at the right levels. In recent years, the CREO has taken on greater responsibilities of a more strategic nature, and having a steward at the appropriate level for long-term impact across the organization is a key component of this direction. The value of this senior leadership role is key in the City taking a strategic approach to managing its real property assets and interests to meet the current and future needs of the organization and the community we serve, and complementary to the City's Asset Management strategy in a comprehensive manner.</p>				
DESCRIPTION				
<p>This business case serves to make permanent the temporary position of Chief Corporate Real Estate Officer. There is no Levy impact from this business case as the position will continue to be funded from transaction fee based revenues.</p>				

BUSINESS CASE BC #: 1.2		FINANCIAL IMPACT 2023 OPERATING BUDGET		
OVERVIEW		DESCRIPTION	2023 AMOUNT	ANNUALIZED AMOUNT
Request Title	Film Production Facilitation	Total Expenditures	83,820	112,350
Department	Planning & Economic Development	Total Revenue	(83,820)	(112,350)
Division	Tourism & Culture	Net Levy	-	-
Service	Cultural Development	Full Time Equiv. (FTE)	1.00	1.00
Proposed Start Date (MM/DD/YYYY)	4/01/2023		2023 Capital Funding	Total Capital Funding
Strategic Plan Priorities	Economic Prosperity and Growth	Capital Budget Impact	-	-
BACKGROUND				
<p>Film and television production in Hamilton brings in direct spending in the community of over \$50M annually. Hamilton is one of Ontario's busiest areas for filming, attracts prestige foreign and domestic productions, and was recognized at the international level with a nomination for "Outstanding Film Commission" at the 2021 Location Manager's Guild International awards. City revenues from rental revenues rose from \$203,836 in 2017 to \$921,180 in 2021. Increased filming also leads to the growth of local brick and mortar businesses that support the industry, including studio investment. The Film Office contributes to this growth by providing a one-stop shop for productions filming in Hamilton, including coordination of all City services, site rentals, and permits. This has become increasingly challenging in recent years as the volume and complexity of filming requests continue to increase. In order to keep pace with the demand and continue to foster growth, the Film Office must be adequately resourced.</p>				
DESCRIPTION				
<p>The addition of 1 permanent FTE (Business Development Officer – Film) will allow the film office meet the demand for film permits and continue to grow opportunities for City revenue and spending in the local economy. The additional position will be funded through film-related revenues and will have zero net levy impact. The role of the Business Development Officer – Film is to facilitate film and television production in Hamilton. Business Development Officers (BDOs) work with productions to match them with locations and local businesses that support their needs, liaise with community stakeholders to minimize negative impacts, coordinate all necessary City permissions and issue film permits, and manage any issues that arise during filming.</p>				

BUSINESS CASE BC #: 2.1		FINANCIAL IMPACT 2023 OPERATING BUDGET		
OVERVIEW		DESCRIPTION	2023 AMOUNT	ANNUALIZED AMOUNT
Request Title	Manager, Canada Wide Early Learning Child Care	Total Expenditures	178,700	178,740

Proposed Start Date (MM/DD/YYYY)	1/01/2023		2023 Capital Funding	Total Capital Funding
Strategic Plan Priorities	Healthy and Safe Communities	Capital Budget Impact	-	-
BACKGROUND				
<p>In March 2022, the federal and provincial governments signed the Canada-Wide Early Learning and Child Care (CWELCC) agreement aimed at:</p> <ul style="list-style-type: none"> •making child care more affordable for families; •increasing wages for Early Childhood Educators (ECEs); •expanding of licensed child care spots; and •increasing accessibility and inclusion. <p>As the Service System Manager for the Child Care and Early Years System in the City of Hamilton, Children's and Community Services Division (CCSD) is responsible for implementing the CWELCC agreement at a local level.</p>				
DESCRIPTION				
<p>We are requesting 1.0 additional Manager level FTE to support the implementation of the CWELCC agreement, which will include an increase in child care funding agreements, an expansion of licensed child care spaces, and development of new policies and procedures. New 100% provincial funding from the Ministry of Education will support this position, with no net levy impact.</p>				

BUSINESS CASE BC #: 2.2		FINANCIAL IMPACT 2023 OPERATING BUDGET		
OVERVIEW		DESCRIPTION	2023 AMOUNT	ANNUALIZED AMOUNT
Request Title	Indigenous Strategy	Total Expenditures	584,000	584,000
Department	Healthy & Safe Communities	Total Revenue	(100,000)	(100,000)
Division	Children's and Community Services	Net Levy	484,000	484,000
Service	Community Engagement	Full Time Equiv. (FTE)	4.00	4.00
Proposed Start Date (MM/DD/YYYY)	1/01/2023		2023 Capital Funding	Total Capital Funding
Strategic Plan Priorities	Culture and Diversity	Capital Budget Impact	-	-
BACKGROUND				
<p>In 2019, Council endorsed Hamilton's Urban Indigenous Strategy (UIS) in response to the Truth & Reconciliation Calls to Action and the Missing and Murdered Indigenous Women, Girls, and Two-Spirit Calls for Justice. Since then the role and scope of the Indigenous Relations (IR) team has expanded to include strengthening the relationships with local Treaty Nations and providing advisory support to other divisions/departments across the City. The goal of the team is to strengthen relationships with the Indigenous communities and to build capacity within the organization. An internal survey was conducted to inform priorities and resourcing for the IR team. Survey results show an increased level of support is required across the corporation (e.g. advice on consultation/engagement, training, policy/program development, protocols, etc.). There is a need to transition the temporary IR roles to permanent roles to ensure the stability and sustainability of the UIS.</p>				
DESCRIPTION				
<p>We are requesting 4.0 FTEs to support the implementation of the UIS and strengthen relationships with the Treaty Nations. This includes 1.0 Director, 1.0 Senior Project Manager, 1.0 Indigenous Community Outreach and Research Coordinator, and 1.0 Curator, Indigenous Culture and Heritage (within Tourism & Culture, PED). We are also requesting funding to hire an external Indigenous consultant that can provide strategic advice to SLT and Council. The additional FTEs would lead the development of relationship agreements with Treaty Nations, Landmarks & Monuments review, ongoing engagement with the Indigenous community and project management to implement the actions with the UIS. Based on the survey results described above, there is a need for ongoing support, advice, and capacity building from the IR team across the corporation to successfully implement the actions within the UIS and to further build and strengthen relationships with Treaty Nations.</p>				

BUSINESS CASE BC #: 2.3		FINANCIAL IMPACT 2023 OPERATING BUDGET		
OVERVIEW		DESCRIPTION	2023 AMOUNT	ANNUALIZED AMOUNT
Request Title	Hamilton Fire Department - Volunteer Staffing/Headcount Enhancement	Total Expenditures	-	-
Department	Healthy & Safe Communities	Total Revenue	-	-
Division	Hamilton Fire Department	Net Levy	-	-
Service	Hamilton Fire Department	Full Time Equiv. (FTE)	-	-
Proposed Start Date (MM/DD/YYYY)	4/01/2023		2023 Capital Funding	Total Capital Funding
Strategic Plan Priorities	Healthy and Safe Communities	Capital Budget Impact	-	-
BACKGROUND				
<p>The Hamilton Fire Department utilizes Volunteer Firefighters to provide service in Stoney Creek, Binbrook, Mount Hope, Ancaster, Lynden, Rockton, Greenville, Freelon and Waterdown. Currently Council has approved a head count of 280 Volunteers. Our Volunteer Firefighter's ability to respond is impacted based on what they are doing when the alarm sounds (working at their fulltime job, out of town, etc.), the time of day and day of the week. Our data shows that for every 4 Volunteer Firefighters on the roster we will get on average 1 Volunteer Firefighter responding to the incident. The ability to maintain a sustainable volunteer operation is critical for the delivery of service levels.</p>				
DESCRIPTION				
<p>There is an immediate need to increase the total headcount from 280 to 300 in 2023 and distribute the increase between select volunteer stations to help maintain response staffing levels and reduce staff burnout. This need was identified in the 10-Year Fire Service Delivery Plan with a phased in approach from 2021-27. The 2021 & 2022 proposed headcount increases were deferred due to COVID & budget restrictions. Currently the volunteer salary & benefit operating budget is calculated based on an equivalent of 39.30 FTE. This business case would not change the FTE count, nor, based on historical data, require an increase in the operating budget to cover the cost of the additional 20 headcount.</p>				

BUSINESS CASE BC #: 2.4		FINANCIAL IMPACT 2023 OPERATING BUDGET		
OVERVIEW		DESCRIPTION	2023 AMOUNT	ANNUALIZED AMOUNT
Request Title	Hamilton Paramedic Service - Ambulance Enhancement - Call Growth	Total Expenditures	1,228,600	1,630,700
Department	Healthy & Safe Communities	Total Revenue	-	-
Division	Hamilton Paramedic Service	Net Levy	1,228,600	1,630,700
Service	Hamilton Paramedic Service	Full Time Equiv. (FTE)	10.00	10.00
Proposed Start Date (MM/DD/YYYY)	4/01/2023		2023 Capital Funding	Total Capital Funding
Strategic Plan Priorities	Healthy and Safe Communities	Capital Budget Impact	695,000	695,000
BACKGROUND				
<p>As identified in our 2017 through 2021 Annual Reports, and in the HPS 2022-2031 Master plan, the Service continues to experience service demand growth at a rate greater than overall population growth. 2021 responses were 7% higher than the prior year, and 2022 is projected to be a further 6% increase - a total increase of more than 12,000 9-1-1 events and responses in 2 years. Our long term average is 3.8% demand increase per year and we anticipate continued growth in demand of around twelve (12) 9-1-1 responses per day thus necessitating this service capacity enhancement. The strategy to mitigate the adverse impact of increased call demand is to increase resources at a level commensurate with the increase in demand. This Business Case, which flows directly from the recommendations contained in the Master Plan approved by Council (HSC22012) is intended to maintain service at the current levels.</p>				
DESCRIPTION				
<p>The addition of an average increase of 12 responses per day, combined with the average committed unit time on task, necessitates an additional 24 hours of ambulance coverage to maintain current levels of performance. This workload growth request, as recommended in the HPS Master Plan approved by Council, provides one additional ambulance with ancillary equipment and 10 additional FTE's to provide emergency response 24 hours per day, 7 days per week. Provincial funding according to the current Provincial funding methodologies will cover approximately 50% of the operating expenses in Year 2 (2024) and subsequent years of the staffing enhancement. With approval, additional one-time capital funding of an ambulance and ancillary equipment will also be required amounting to \$347,500 in gross costs. *DC FUNDING TO BE APPLIED. *RESERVE FUNDING FOR 1ST YEAR OPERATING COSTS TO BE CONSIDERED.</p>				

BUSINESS CASE BC #: 2.5		FINANCIAL IMPACT 2023 OPERATING BUDGET		
OVERVIEW		DESCRIPTION	2023 AMOUNT	ANNUALIZED AMOUNT
Request Title	Hamilton Paramedics-Ambulance Enhancement-Response Times & Current Demand	Total Expenditures	3,081,800	4,090,410
Department	Healthy & Safe Communities	Total Revenue	-	-
Division	Hamilton Paramedic Service	Net Levy	3,081,800	4,090,410
Service	Hamilton Paramedic Service	Full Time Equiv. (FTE)	25.00	25.00
Proposed Start Date (MM/DD/YYYY)	4/01/2023		2023 Capital Funding	Total Capital Funding
Strategic Plan Priorities	Healthy and Safe Communities	Capital Budget Impact	1,737,500	1,737,500
BACKGROUND				
<p>As identified in the HPS 2017 through 2021 Annual Reports, and in the HPS 2022-2031 Master Plan approved by Council (HSC22012), the Service continues to experience service demand growth at a rate greater than overall population growth. As identified in the Master Plan while regular enhancements have been provided annually to manage current demands (like BC#2.4), they have not resulted in service improvement. Emergency Response Time performance has not met the targeted 10 minutes at the 90th percentile and the number of long responses (greater than 20 minute response time) continues to be a challenge during peak periods. The strategy to mitigate the adverse impact of increased call demand is addressed in BC#2.4. This Business Case addresses the strategy outlined in the HPS Master Plan to improve our response times and capacity to manage significant peak demand activity in accordance with our legislated obligations to provide a level of service commensurate with the needs of the citizens.</p>				
DESCRIPTION				
<p>This strategy is intended to significantly reduce periods of narrowed resources (4 or less ambulances available) and should result in the target of 90% of emergency responses having an ambulance resource on scene within 10 minutes. This service improvement strategy, as outlined in the HPS Master Plan already approved by Council, requests five (5) additional twelve hour shifts of ambulance staffing, 7 days per week, to improve the level of service being provided to the public. Provision of five (5) additional ambulances and ancillary equipment, with an estimated gross cost of \$347,500 each, will be required to facilitate use of the additional staff. Provincial funding according to the current Provincial funding methodologies will cover approximately 50% of the operating expenses in Year 2 (2024) and subsequent years of the enhancement. *DC FUNDING TO BE APPLIED. *RESERVE FUNDING FOR 1ST YEAR OPERATING COSTS TO BE CONSIDERED.</p>				

BUSINESS CASE BC #: 2.6		FINANCIAL IMPACT 2023 OPERATING BUDGET		
OVERVIEW		DESCRIPTION	2023 AMOUNT	ANNUALIZED AMOUNT
Request Title	2023 Long Term Care - Covid costs	Total Expenditures	2,004,700	2,004,719
Department	Healthy & Safe Communities	Total Revenue	-	-
Division	Long Term Care	Net Levy	2,004,700	2,004,719
Service	Long-Term Care	Full Time Equiv. (FTE)	-	-
Proposed Start Date (MM/DD/YYYY)	1/01/2023		2023 Capital Funding	Total Capital Funding
Strategic Plan Priorities	Healthy and Safe Communities	Capital Budget Impact	-	-
BACKGROUND				
<p>LTC homes continue to see impacts of COVID and are required to maintain levels of care for residents for provincial service agreements and Fixing Long Term Care Act & Regulations. Covid outbreaks continue and increased respiratory outbreaks are anticipated to continue as a new normal & there is a requirement for staff to have PPE, increase staffing levels to cohort to only work on outbreak areas per Ministry Directives. Continue to deal with cohorting of staff & the staffing crisis requiring OT costs for service delivery. Ongoing community acquired COVID, influenza & other respiratory viruses eliminates staff from attending work when symptomatic for a min. of 10 days with current directives. Active screening is a req. in LTC homes for all visitors for resident & staff safety. Staff can be passive screening but need to demonstrate for MLTC audits Home. If in outbreak need to move back to active screening of staff. One Home has been in perpetual COVID outbreak and require active screening</p>				
DESCRIPTION				
<p>LTC will need to continue with enhanced safety precautions including procuring medical supplies and PPE. Although this is post-pandemic for most, LTC homes will be required to maintain level of standards for resident care and staff safety to mitigate outbreaks. LTC is requesting to have 2023 Covid costs as part of the new service level operating budget to maintain costs as required by Ministry and Service standards. Request for \$1.22M costs for Macassa Lodge & \$782K for Wentworth Lodge. Costs include Screeners, OT, medical, cleaning & operating kitchen supplies, work accom., Suprv. Admin & nurse practitioner incremental costs to assist with onsite medical care. Potential for announcement of 2023 Prevention/Containment & PPE funding by the MOLTC, but at this time, no funding announced. If provincial funding received for entire Covid cost, then no net levy impact, however, anything less will cause a levy impact. There is no indication of how long funding will continue beyond 2023.</p>				

BUSINESS CASE BC #: 3.1		FINANCIAL IMPACT 2023 OPERATING BUDGET		
OVERVIEW		DESCRIPTION	2023 AMOUNT	ANNUALIZED AMOUNT
Request Title	THF Post Event Increase Service Level	Total Expenditures	125,600	125,593
Department	Public Works	Total Revenue	-	-
Division	Energy Fleet and Facilities	Net Levy	125,600	125,593
Service	Facilities Management	Full Time Equiv. (FTE)	1.00	1.00
Proposed Start Date (MM/DD/YYYY)	1/1/2023		2023 Capital Funding	Total Capital Funding
Strategic Plan Priorities	Healthy and Safe Communities	Capital Budget Impact	-	-
BACKGROUND				
<p>Facilities Management, in conjunction with Ward 3 Councillor Nann's office, had a Public meeting with the residents in June of 2022. New Initiatives were summarized from the public meeting. Facilities is planning to implement them in 2023. They are in relation to post events additional responsibilities; specifically increased Police presence, additional security, and garbage clean up in the surrounding the neighbouring streets of Tim Hortons Field.</p>				
DESCRIPTION				
<p>Facilities to complete a entire sweep of the exterior property of Tim Hortons Field for all post events. This will have an operating impact in the 2023 operating budget process.</p> <p>1.0 FTE is a Assistant Stadium Technician grade D part-time equivalent of 1827 additional hours:\$65,593</p> <p>Additional Police costs estimated at \$60,000</p> <p>Note: full amount required in 2023 due to seasonality of the events.</p>				

BUSINESS CASE BC #: 3.2		FINANCIAL IMPACT 2023 OPERATING BUDGET		
OVERVIEW		DESCRIPTION	2023 AMOUNT	ANNUALIZED AMOUNT
Request Title	Green Fleet Planning	Total Expenditures	46,300	91,886
Department	Public Works	Total Revenue	-	-
Division	Energy Fleet and Facilities	Net Levy	46,300	91,886
Service	Fleet Services Management	Full Time Equiv. (FTE)	1.00	1.00
Proposed Start Date (MM/DD/YYYY)	7/01/2023		2023 Capital Funding	Total Capital Funding
Strategic Plan Priorities	Clean and Green	Capital Budget Impact	-	-
BACKGROUND				
<p>Over the last five years the fleet compliment has increased by 140 units resulting in increase to annual replacement and parts/service contracts. Fleet Planning is in a transition phase where the demand for research and analysis for green technologies is high priority in order to comply to the Green Fleet Strategy and Climate Change Emergency targets including recharging/refuelling requirements. The additional position will allow for a shift in job duties so project management staff can acquire the knowledge for the transition/analysis to green/alternative technologies to targets/goals. Fleet has committed to investigating new fuel technology, electric opportunities, other ways to reduce GHG's such as light weighting, rolling resistance and developing a replacement plan that aligns to market availability. Fleet has also taken on coordination and installation of AVL systems, processes and tracking EV charging stations usage, repairs, cost recovery and replacment cycles</p>				
DESCRIPTION				
<p>The new position will be a procurement, analysis and research position. Grade I at 1827 hours. Focus on contract documents, researching new technologies, coordination of specifications with the user group and Procurement. The shift in job duties from other positions within Fleet Planning will allow for processes to be streamlined, high focus on green fleet replacements, plan projects more efficiently to accommodate complex builds, higher demand and volumes.</p>				

BUSINESS CASE BC #: 3.3		FINANCIAL IMPACT 2023 OPERATING BUDGET		
OVERVIEW		DESCRIPTION	2023 AMOUNT	ANNUALIZED AMOUNT
Request Title	Roads Value for Money Audit Recommendations	Total Expenditures	199,500	395,700
Department	Public Works	Total Revenue	(199,500)	(395,700)
Division	Engineering Services	Net Levy	-	-
Service	Engineering Services	Full Time Equiv. (FTE)	4.00	4.00
Proposed Start Date (MM/DD/YYYY)	7/01/2023		2023 Capital Funding	Total Capital Funding
Strategic Plan Priorities	Built Environment and Infrastructure	Capital Budget Impact	199,500	395,700
BACKGROUND				
<p>From AF&A on Jul 8, 2021 (Roads Value for Money Audit, AUD21006): Recommendation 14: "We recommend that Management consider providing more resource support for quality assurance functions and processes to ensure they are robust and work as intended." From AF&A on Aug 11, 2022 (Roads Value for Money QA Supplemental Audit, AUD21006(a)): Recommendation 1: "That consideration be given to increasing the inspection levels by designing and adopting a risk-based approach for weight validation processes or the use of all-inclusive lump sums and square meter payments.". Recommendation 5: "That consideration be given to expanding the quality assurance function during peak construction periods of the year in order adequately manage the risks associated with the construction activities. "Management Response:...2. Develop business case to increase quality assurance FTE's for the 2023 budget cycle."</p>				
DESCRIPTION				
<p>The purpose of this business case is to create additional positions in Engineering's Construction Section to address the recommendations from the 2021 and 2022 audits identified above associated with Contract Inspection and Quality Assurance activities on capital construction projects delivered by Engineering Services. This includes adding support to the Inspection group by adding 1 additional Contract Inspector and 2 additional Contract Inspector Co-op student positions (representing the equivalent of 2 FTE positions). This also includes adding 1 additional Project Manager for Quality Assurance. Additional resources would provide existing staff the support needed to deliver projects in a professional and efficient manner and would add value to projects delivered by the division. There are no anticipated impacts to Corporate Services (Procurement and Legal) associated with these additional staff. All staff in Eng Services are 100% recovered from Capital</p>				

BUSINESS CASE BC #: 3.4		FINANCIAL IMPACT 2023 OPERATING BUDGET		
OVERVIEW		DESCRIPTION	2023 AMOUNT	ANNUALIZED AMOUNT
Request Title	Request for additional staff resources for Structures	Total Expenditures	70,900	140,700
Department	Public Works	Total Revenue	(70,900)	(140,700)
Division	Engineering Services	Net Levy	-	-
Service	Engineering Services	Full Time Equiv. (FTE)	1.00	1.00
Proposed Start Date (MM/DD/YYYY)	7/01/2023		2023 Capital Funding	Total Capital Funding
Strategic Plan Priorities	Built Environment and Infrastructure	Capital Budget Impact	70,900	140,700
BACKGROUND				
<p>The Infrac. Ren., Structures group is involved in inspection and programming of repairs for approximately 400 bridges and culverts, 17 Escarpment crossings, 500 retaining walls (350 are inspected per OSIM), and numerous overhead signs and sound walls. As per O. Reg. 104/97, the structural integrity, safety and condition of every bridge shall be determined through the performance of at least one inspection in every second calendar year under the direction of a professional engineer and in accordance with the ON Structure Insp. Manual (OSIM). O. Reg. 472/10, s. 2. The Infrastructure Renewal PMs manage the biennial inspection contracts, and reviews the inspections to develop and prioritize work programs including maintenance, capital rehabilitation/replacement, proj. cost estimates and budgeting. The PMs also manage detailed structure investigations including material condition surveys, underwater investigations, fatigue investigations, structural evaluations, & structural monitoring.</p>				
DESCRIPTION				
<p>Due to the increasing number and type of assets over the past several years, it is becoming very difficult for the existing two Project Managers to properly assess and prioritize the needs of these structures. With bridges being identified as a critical City asset, it is recommended that additional staff are required in order to properly manage the workload. This request is to increase that staff complement by adding 1 additional Project Manager.</p> <p>This position will support the advancement of asset management and the Corporate Asset Management Plan. It is expected that the capital program will result in a need from additional support from Procurement and Legal. However, this is a result of the capital forecast and not this position directly.</p>				

BUSINESS CASE BC #: 3.5		FINANCIAL IMPACT 2023 OPERATING BUDGET		
OVERVIEW		DESCRIPTION	2023 AMOUNT	ANNUALIZED AMOUNT
Request Title	Contracts Coordinator	Total Expenditures	55,600	110,200
Department	Public Works	Total Revenue	(55,600)	(110,200)
Division	Engineering Services	Net Levy	-	-
Service	Engineering Services	Full Time Equiv. (FTE)	1.00	1.00
Proposed Start Date (MM/DD/YYYY)	7/01/2023		2023 Capital Funding	Total Capital Funding
Strategic Plan Priorities	Built Environment and Infrastructure	Capital Budget Impact	55,600	110,200
BACKGROUND				
<p>Over the past 4 years, the average number of tenders delivered by the Contracts group is +/-50 a year. To successfully deliver a contract, a Coordinator can complete approximately 3 each month. Approximately 50% of tenders delivered by a Contract Coordinator is from groups outside Design. These tenders tend to require more attention. To deliver the current demand in tenders coming through the Contracts Group, staff have had to work extra time. When pressures for delivery increase, and for complex projects, the PM, Contracts helps with the workload. This means that the duties of the PM are being utilized elsewhere. Delays in tendering tends to mean that the contracts are faced with higher tender costs as contractors tend to increase their costs as they acquire work through the construction season. Tenders that are put out in the fall, winter and early spring, tend to have the best value for money. Late tenders we have seen increase in cost and fewer bids.</p>				
DESCRIPTION				
<p>The Contracts group in Engineering Services has seen a dramatic increase in Projects being delivered through this section over the past 4 years. Currently the Contracts section prepares tenders for Design, HSR, Infrastructure Renewal, LAS, Road Maintenance, Street Lighting and Traffic as part of the C15 Contracts. Although the majority of the projects delivered for PW takes place between September and May, the section delivers projects year-round. This request is for 1 additional Contract Coordinator to deliver the tenders that are coming through the Contracts group on time and at the level of quality expected by Engineering Services. An additional Coordinator will ensure tenders can be delivered quickly when they are received. It is expected that the capital program will result in a need from additional support from Procurement and Legal. However, this is a result of the capital forecast, not this position directly.</p>				

BUSINESS CASE BC #: 3.6		FINANCIAL IMPACT 2023 OPERATING BUDGET		
OVERVIEW		DESCRIPTION	2023 AMOUNT	ANNUALIZED AMOUNT
Request Title	Project Manager Excess Soils	Total Expenditures	70,900	140,700
Department	Public Works	Total Revenue	(70,900)	(140,700)
Division	Engineering Services	Net Levy	-	-
Service	Engineering Services	Full Time Equiv. (FTE)	1.00	1.00
Proposed Start Date (MM/DD/YYYY)	7/01/2023		2023 Capital Funding	Total Capital Funding
Strategic Plan Priorities	Built Environment and Infrastructure	Capital Budget Impact	70,900	140,700
BACKGROUND				
<p>In December 2019, O. Regulation 406/19 (On-Site and Excess Soil Management) was passed under the Environmental Protection Act, R.S.O 1990, C E19 (EPA) to support improved management of excess soils. As this Reg. applies to all City projects where soils are being generated, a permanent position is required to help navigate and administer this Reg. The majority of this work is currently being completed by various staff members which leads to confusion or differing interpretation. The majority of the expertise in this subject is lacking internally, which makes reliance on consultants inevitable. This could put projects at risk of higher costs or inappropriate administration of the Reg. Further, the registry is best suited for one staff member as administrator. Monitoring of receiving and generating sites could lead to missed opportunities and cost savings with the movement of excess soils going to costly waste receiving sites instead of being reused on-site for other City projects.</p>				
DESCRIPTION				
<p>One (1) Project Manager position is requested to help with the additional effort need to implement the Reg. and help with the administration of the registry. The position will also help review and provide feedback on consultant reports and provide guidance to staff with the Reg. This new position would manage the use of the Provincial Registry for Excess Soils and help staff with inputting registry information. The role will be able to track data coordinated projects within the City looking for materials suitable for reuse. This Project Manager would liaise with consultants, the Ministry, and other agencies or stakeholders. This position was originally intended as a temporary position, however, retaining suitable candidates from outside the City with the knowledge and experience will be difficult in a temporary manner, it is recommended that this be created as permanent. There are no anticipated impacts to Corporate Services (Procurement and Legal) associated with this position.</p>				

BUSINESS CASE BC #: 3.7		FINANCIAL IMPACT 2023 OPERATING BUDGET		
OVERVIEW		DESCRIPTION	2023 AMOUNT	ANNUALIZED AMOUNT
Request Title	Quality Management System (QMS) Staff within Engineering Services	Total Expenditures	80,900	160,520
Department	Public Works	Total Revenue	(80,900)	(160,520)
Division	Engineering Services	Net Levy	-	-
Service	Engineering Services	Full Time Equiv. (FTE)	1.00	1.00
Proposed Start Date (MM/DD/YYYY)	7/01/2023		2023 Capital Funding	Total Capital Funding
Strategic Plan Priorities	Our People and Performance	Capital Budget Impact	80,900	160,520
BACKGROUND				
<p>Engineering Services is evolving in terms of the nature and volume of projects being delivered. Increasing internal resources to support project management and quality management within the division would support the delivery of capital projects on schedule and within budget, in alignment with Corporate Asset Management and the Public Works' Quality Management System (QMS). More recently, internal audits have identified the need for improved project management and quality management activities within Engineering Services. Dedicated staff resources are needed to meet these project management and quality management requirements and recommendations to continuously improve the services delivered by the division.</p>				
DESCRIPTION				
<p>The purpose of this business case is to create one (1) new position of Senior Project Manager, Quality Management System within Engineering Services. Currently, Engineering Services does not have dedicated resources for quality management. This position would support the development of Levels 1-5 controlled documents, maintain Engineering's Intelex and QRC, support PW Internal Process Reviews and required corrective and preventative actions, support the department's performance measurement program, and work to develop, communicate, and monitor existing and forthcoming policies, procedures, best practices, and more. It is envisioned that the SPM, QMS would be within the Infrastructure Renewal section of Engineering Services in the near-term. There are no anticipated impacts on Corporate Services (Procurement and Legal) associated with this position. All staff in Engineering Services are 100% recovered from Capital.</p>				

BUSINESS CASE BC #: 3.8		FINANCIAL IMPACT 2023 OPERATING BUDGET		
OVERVIEW		DESCRIPTION	2023 AMOUNT	ANNUALIZED AMOUNT
Request Title	Additional staff resources for Municipal Class Environmental Assessments	Total Expenditures	70,900	140,700
Department	Public Works	Total Revenue	(70,900)	(140,700)
Division	Engineering Services	Net Levy	-	-
Service	Engineering Services	Full Time Equiv. (FTE)	1.00	1.00
Proposed Start Date (MM/DD/YYYY)	7/01/2023		2023 Capital Funding	Total Capital Funding
Strategic Plan Priorities	Built Environment and Infrastructure	Capital Budget Impact	70,900	140,700
BACKGROUND				
<p>The Infrastructure Planning group within Engineering's Infrastructure Renewal section carries out pre-construction provincially mandated MCEAs to receive approval to proceed with many major capital projects. The workload of this group has far exceeded capacity thereby resulting in EAs being delayed and consequently capital projects not being tendered in the year programmed.</p> <p>Capital programs requiring MCEAs have, and will, increase in magnitude, causing pressures on current staff by demanding ever-increasing efficiencies to deliver the annual capital budget and program. The increasing volume of capital projects from the road, water, wastewater and storm programs with existing resources will affect the development of individual projects, scoping and budget estimates, and the timely delivery of projects to Design. More resources are needed for the delivery of these services that support the Transportation Master Plan, the Cycling Master Plan, Vision Zero, and Corporate Asset Management.</p>				
DESCRIPTION				
<p>This request is to increase the existing staff complement of Infrastructure Renewal's EA staff by adding 1 additional PM. The existing staff complement carrying out EA studies currently consists of 2 PMs and 1 Tech. The additional staffing resources will allow this group to meet the current demands and prevent delays. Without the requested additional staff, critical projects will continue to be delayed. If the shortfall in EA staff resources is not addressed, critical projects will be delayed resulting in reduced service and increased future costs. No viable alternative option is available as the requested staff resource increases can not substituted. It is expected that the capital program will result in a need from additional support from Procurement and Legal. However, this is a result of the capital forecast not this position directly.</p>				

BUSINESS CASE BC #: 4.1		FINANCIAL IMPACT 2023 OPERATING BUDGET		
OVERVIEW		DESCRIPTION	2023 AMOUNT	ANNUALIZED AMOUNT
Request Title	FOI Administration	Total Expenditures	50,000	50,000
Department	Corporate Services	Total Revenue	-	-
Division	City Clerk's Office	Net Levy	50,000	50,000
Service	Citizen and Customer Service	Full Time Equiv. (FTE)	-	-
Proposed Start Date (MM/DD/YYYY)	1/01/2023		2023 Capital Funding	Total Capital Funding
Strategic Plan Priorities	Community Engagement and Participation	Capital Budget Impact	-	-
BACKGROUND				
<p>The request to support the administration of FOI has been put forward in lieu of a request for an additional FTE. There are 2 FTE's in the FOI group and when there are requests that produce a high volume of records, it can be difficult for staff to meet the 30-day response time. We intend to use the support (outsourcing) for these requests with voluminous records to allow the 2 FOI staff to focus on the standard volume requests (under 250 pages).</p>				
DESCRIPTION				
<p>Requesting an annualized expense of no more than \$50,000 to seek legal opinion on discretionary and mandatory exemptions under the Municipal Freedom of Information & Protection of Privacy Act</p>				

BUSINESS CASE BC #: 4.2		FINANCIAL IMPACT 2023 OPERATING BUDGET		
OVERVIEW		DESCRIPTION	2023 AMOUNT	ANNUALIZED AMOUNT
Request Title	Additional FTEs for IT	Total Expenditures	-	-
Department	Corporate Services	Total Revenue	-	-
Division	Information Technology	Net Levy	-	-
Service	Information Technology	Full Time Equiv. (FTE)	2.00	2.00
Proposed Start Date (MM/DD/YYYY)	7/01/2023		2023 Capital Funding	Total Capital Funding
Strategic Plan Priorities	Our People and Performance	Capital Budget Impact	-	-
BACKGROUND				
<p>Business Case submitted during the 2020 budget , requested 6 FTE's based on increase demand/work for IT services. 2 FTE's approved in 2021, 2 approved in 2022, 2 to be approved in 2023. The IT division engaged an independent consultant to review and make recommendation to ensure stability of the city's use of technology and applications; stability of underlying software, and infrastructure; review our processes and resources for vendor and financial management including consideration for contractual complexities especially with cloud deployment; conduct a review of our security policies, processes and resources to ensure we continue to protect ourselves from cyber security violatio review our future skillsets of IT professionals focusing on cloud deployment; review of our IT disciplines and processes identifying any gaps</p>				
DESCRIPTION				
<p>The assessment findings determined the IT division does not have adequate resources to manage its portfolio and the need to train staff for cloud deployment. Six additional FTEs phased in over 4 years are required to ensure staff have experience in managing cloud technology services. This recommendation was made based on planned projects identified as high priority by departments, operational sustainability workload, resource capacity and skillsets. Canadian city benchmarking data was leveraged to assess COH IT staffing levels. A key metric that was reviewed measures IT staff as a percentage of total staff for a municipality. This metric was reviewed for nine Canadian cities, the median value of this metric is 2.2 percent. COH falls beneath the median value at 1.30 percent. To mitigate the cost of additional staff, the IT division will reduce the computer hardware budget as the shift from on-premise to cloud base solutions has changed the type of funding required within Information Technology.</p>

2023 TAX SUPPORTED OPERATING BUDGET - RECOMMENDATIONS

GENERAL ISSUES COMMITTEE

Report FCS23007(a)

2023 Tax Supported Operating Budget Agenda

1. Summary of Changes from Budget GIC on February 21, 2023
2. 2023 Tax Supported Operating Budget – Current Position
3. Pending Budget Amendments for Consideration

Summary of Changes from Budget GIC February 21, 2023

- Area Rating Review (FCS21078(d)) approved with revised implementation strategy for properties moving from volunteer to composite –transfer from Tax Stabilization Reserve required to fund the revised strategy: **(\$200,000)**
- Boards & Agencies amended to reflect Board approvals: **\$1,414,714**
- SLT proposed amendments approved: **(\$951,375)**
- One-time gapping approved to offset the 50% provincial share of the Hamilton Paramedic Service Business Cases in Year 1: **(\$2,155,200)**
- Council Referred Items approved as amended: **\$19,485,373**
- Business Cases approved as amended: **\$4,682,925**
- Recommendations in Report FCS23007(a) reflect the decisions made to date through 2023 budget deliberations
- Six items were deferred from February 21, 2023 with a net levy impact of **\$5,174,046** and residential tax impact of 0.5%

COUNCIL DIRECTION

On February 7, 2023, Human Resources and Corporate Services Department presented a Recommendation Report to the General Issues Committee (Report HUR20003(b)/FCS20013(b)) The Report recommendations included the implementation of the Living Wage, which was recently increased by 10.8% from \$17.20 to \$19.05 per hour by the Ontario Living Wage Network. As such, the new Living Wage was recommended to be applied to the City of Hamilton's School Crossing Guards and non-union part-time casual employee group, effective September 1, 2023, and July 1, 2023 respectively. This recommendation was consistent with the employee groups that Council had approved for the Living Wage previously.

An increase for the non-union full-time summer student and unionized full-time summer student classifications were not recommended, as these positions are both seasonal and do not meet the definition used by the Ontario Living Wage Network to calculate Living Wage.

Council deferred a decision on the student wages pending additional information on these wages, along with comparator information regarding summer student rates of pay in neighbouring municipalities and other local government agencies.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

SUBJECT: Living Wage (HUR20003(c)) (City Wide) - Page 2 of 3

This report provides those details, along with additional information outlining the anticipated impact to other salary grids (i.e. compression pay) as a result of the potential increases to the summer student rates of pay for both non union and unionized students.

INFORMATION

The City of Hamilton solicited comparable summer student rates from neighbouring municipalities and local government agencies. A summary of those rates is provided in Appendix "A" to Report HUR20003(c). The City of Hamilton's unionized full-time summer student rate is currently \$16.00 per hour, with a shift premium of \$0.95 per hour for afternoon and weekend work.

A survey was conducted with our neighbouring municipalities and local government agencies to determine the 2023 rate for their Summer Student General Labourer position (or comparable summer student positions where a labourer position was not available). Appendix "A" to Report HUR20003(c) provides a summary of all organizations surveyed. Some municipalities surveyed only employ non-union summer student positions. Unionized summer student positions ranged between \$16.00 per hour up to \$19.27 per hour. Community organizations that responded to the survey pay summer students \$15.50 per hour.

The City of Hamilton's job evaluation plans (both union and non-union) are a means for measuring jobs to determine their relative value. It measures skill, effort, responsibility and working conditions so that jobs can be fairly and equitably compared to one another. Job evaluation also ensures external competitiveness and adherence to legal requirements of the *Pay Equity Act* and the *Employment Standards Act*.

Internal equity measures the degree to which employees perceive that they are being compensated in a fair and equitable manner according to the relative value of their roles in an organization. From a pay equity perspective, internal equity may be impacted as individuals start to perceive they are being unfairly compensated when one salary schedule is being compared to another. The recommendation in Report HUR20003(b)/FCS20013(b) to bring the non-union casual part time group to the current Living Wage will result in an adjustment to the entire schedule in order to maintain the same differential. As the Living Wage continues to increase, internal equity and potential compression with other salary schedules will need to be assessed and amended in order to maintain the appropriate differential.

As an example, the lowest pay grade in the CUPE 5167 collective agreement, currently has a maximum rate of \$19.031/hr. Even with an anticipated negotiated cost of living increase through collective bargaining in 2023, the student Living Wage will be relatively the same as the lowest CUPE 5167 salary grade. Consequently, internal equity will become problematic in the event that the summer student rates earn the same or more

SUBJECT: Living Wage (HUR20003(c)) (City Wide) - Page 3 of 3

than the regular union employees. This inequity will increase with future Living Wage increases that are not commensurate with negotiated cost of living increases.

As an alternative, Council may consider an enhancement to the unionized summer student wages, consistent with the current rate for non union summer students. On March 30, 2022, Council approved the implementation of the updated Living Wage rate of \$17.20 per hour for the non-union full-time summer student group. Unionized outside full-time summer students were approved for a \$1.00 per hour wage enhancement due to attraction and retention issues and a shift premium of \$0.95 per hour for afternoon and weekend work. Council may elect to enhance the unionized full-time summer student wage to \$17.20 per hour, consistent with the non-union full time summer student group. The total cost, of increasing the hourly rate for unionized full time summer students from the 2023 budgeted amount of \$16.40 per hour to \$17.20 is \$214,500.

APPENDICES AND SCHEDULES ATTACHED

Appendix "A" to Report HUR20003(c) – Summer Student Rates Comparison

**Summary of General Labourer Survey
(Comparable Municipalities & Government Agencies)**

Organization	Union / Non Union	Hourly Rates	Notes
Brampton	Non Union	\$15.50	Unlicensed seasonal labourer
		\$16.75	Licensed Seasonal Labourer
Brantford	Unionized	\$16.96 - \$17.14	no shift premium

RECOMMENDATIONS

- (a) That staff be directed to implement the Living Wage of \$19.05 per hour for School Crossing Guards and the non-union part-time casual employee group as follows:
- (i) Effective September 1, 2023, amend the hourly rate for School Crossing Guards from \$17.20 to \$19.05 per hour and update the salary schedule to reflect the new Living Wage rate;
 - (ii) Effective July 1, 2023, amend the hourly rates for positions in the non-union part-time casual employee group by updating the salary schedule for the first three grades (1EK, 1DI, 1DI) from \$17.20 to \$19.05 per hour and applying the same percentage increase to the rest of the non-union, part-time casual salary schedule to maintain internal equity in accordance with the City of Hamilton compensation policy and practices;

SUBJECT: Living Wage (HUR20003(b)/FCS20013(b)) (City Wide) - Page 2 of 12

- (b) That staff be directed to maintain the unionized full-time summer student classifications at their existing rates whereby outside unionized student workers continue to earn \$16.00 per hour with a \$0.95 shift premium for afternoon and weekend work and inside unionized student workers continue to earn a minimum \$16.00 per hour and up to \$19.773 per hour. As these positions fall under CUPE 5167, the rates are subject to the collective bargaining process;
- (c) That staff be directed to maintain the non-union full-time summer student classifications at their existing rates of \$17.20 per hour (previous Living Wage rate). These rates can be adjusted separately by the department should attraction and retention become an issue;
- (d) That staff be directed to bring forward a report to Council for approval should there be any future changes to the Living Wage rate prior to implementation, in order to consider budget impacts and to assess the effects on the City's internal compensation system.

EXECUTIVE SUMMARY

On March 22, 2019, Council approved the implementation of a Living Wage rate of \$15.85 per hour for the City of Hamilton School Crossing Guards, effective April 1, 2019, with the direction that the wage rate be adjusted annually to reflect the cost of living.

On March 20, 2020, Council approved the implementation of the updated Living Wage rate of \$16.45 per hour for the part-time non-union casual employee group, effective July 1, 2020, with the direction that the wage rate be adjusted annually to reflect the cost of living.

On March 30, 2022, Council approved the implementation of the updated Living Wage rate of \$17.20 per hour for three employee groups: City of Hamilton School Crossing Guards, non-union part-time casual employee group and non-union full-time summer student group. Unionized outside full-time summer students were approved for a \$1.00 per hour wage enhancement due to attraction and retention issues and a shift premium of \$0.95 per hour for afternoon and weekend work.

The following provides an update on the Living Wage rate (which was recently increased by 10.8% to \$19.05 per hour by the Ontario Living Wage Network and provides recommendations related to the adoption of the Living Wage rate for the City of Hamilton's School Crossing Guards and non-union part-time casual employee group. An increase for the non-union full-time summer student and unionized full-time summer student classifications are not being recommended at this time as these positions are both seasonal and do not meet the definition used by the Ontario Living Wage Network to calculate Living Wage.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

SUBJECT: Living Wage (HUR20003(b)/FCS20013(b)) (City Wide) - Page 3 of 12

In late 2022, the Living Wage rate was reviewed and updated by Living Wage Hamilton and the Living Wage calculation workgroup. Based on revised local costing and analysis, the rate was increased by 10.8% from \$17.20 to \$19.05 per hour. All full-time City of Hamilton employees currently earn above the new Living Wage rate (with the exception of full-time summer students).

The costing and analysis used to determine this Living Wage was updated in late 2021 to reflect Living Wages based on the weighted average of costs for three different household or family types and what they would need to earn minimally to support their family unit: a family of four comprised of two adult earners aged 35 working full-time with two children aged seven and three; a single parent aged 35 with a child aged seven; and a single adult. This Living Wage rate does not factor in any considerations for savings, retirement planning or debt repayments.

As a result of the latest Living Wage rate increase to \$19.05 per hour, staff is recommending that:

- The hourly rate for School Crossing Guards be amended from \$17.20 to \$19.05 per hour effective September 1, 2023 and the salary schedule be updated to reflect the Living Wage rate (see Appendix “A” to Report HUR20003(b)/FCS20013(b)).
- The first three grades of the non-union part-time casual employee salary schedule (1EK, 1DI, 1DK) be updated effective July 1, 2023 to \$19.05 per hour and apply the same percentage increase to the rest of the non-union part-time casual salary schedule to maintain internal equity in accordance with the City of Hamilton compensation policy and practices. Maintaining internal equity ensures employees perceive that they are being compensated in a fair and equitable manner according to the relative value of their roles in an organization (see Appendix “A” to Report HUR20003(b)/FCS20013(b)).
- Maintain the unionized full-time summer student classifications at their existing rates whereby outside unionized student workers continue to earn \$16.00 per hour with a \$0.95 shift premium for afternoon and weekend work and inside unionized student workers continue to earn a minimum of \$16.00 per hour and up to \$19.773 per hour. These full-time summer student positions are hired to work during their regular school, college or university vacation period or they may be occupying a co-operative education position under a co-operative education program. This would result in no change to their salary schedule and is consistent in practice to how municipalities that adopted the Living Wage have handled student classifications. Also, these positions fall under CUPE 5167 and the rates are subject to the collective bargaining process.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

SUBJECT: Living Wage (HUR20003(b)/FCS20013(b)) (City Wide) - Page 4 of 12

- Maintain the non-union full-time summer student classifications (summer recreation counsellors and swim attendants) at their existing rates of \$17.20 per hour since these positions are hired to work during their regular school, college or university vacation period or they may be occupying a co-operative education position under a co-operative education program. This would result in no change to the salary schedule and is consistent in practice to how municipalities that have adopted the Living Wage have handled student classifications. These rates can be adjusted by the department should attraction and retention become an issue.
- Staff to bring forward a report to Council for approval should there be any future changes to the Living Wage rate prior to implementation, in order to consider budget impacts and assess the effect on the City's internal compensation system.

Alternatives for Consideration – See Page 9**FINANCIAL – STAFFING – LEGAL IMPLICATIONS**

Financial: The following outlines the costs associated with implementing the Living Wage of \$19.05 per hour for the following recommended employee groups.

Recommendation 1 - School Crossing Guards

The estimated annual cost to increase the hourly rate for School Crossing Guards from \$17.20 to \$19.05 per hour is illustrated in Table 1.

Table 1

Recommendation 1	\$19.05 per hour - 2023 Annualized Cost Impact	\$19.05 per hour – Effective Sept. 1, 2023 2023 Budget Impact
School Crossing Guards	\$160,500	\$64,200

Approximately 54.41 full-time equivalent (FTE) positions are affected.

Recommendation 2 – Non-Union Part-Time Casual Staff

The estimated annual cost to adopt the Living Wage of \$19.05 per hour for non-union part-time casual staff is illustrated in the Table 2.

SUBJECT: Living Wage (HUR20003(b)/FCS20013(b)) (City Wide) - Page 5 of 12

Table 2

Recommendation 2	\$19.05 per hour – 2023 Annualized Cost Impact	\$19.05 per hour – Effective July 1, 2023 2023 Budget Impact
City of Hamilton	\$383,600	\$191,800
HPL	\$195,100	\$97,600
Total Cost	\$578,700	\$289,400

Approximately 145.19 full-time equivalent (FTE) positions are affected.

Examples of positions within these grades include Dietary Aide, Inclusion Facilitator, Office Assistant and Community Health Worker. The Hamilton Public Library (HPL) is governed by its own Board and administers its own employee compensation, separate and apart from the City of Hamilton. HPL utilizes the City's male comparator position to meet Pay Equity legislative compliance. Any changes to the non-union part-time casual wage schedule has a direct impact to the Hamilton Public Library's Page positions as they are tied to the City's wage schedule for Pay Equity purposes.

The total estimated annual cost from the above two recommended options is summarized in Table 3 for a total annualized cost impact of \$739,200.

Table 3

Annualized Impact of All Recommendations	\$19.05 per hour - 2023 Annualized Cost Impact	\$19.05 per hour - 2023 Budget Impact
City of Hamilton School Crossing Guards	\$160,500	\$64,200
City of Hamilton Non-Union Part-Time Staff	\$383,600	\$191,800
COH Total Cost	\$544,100	\$256,000
HPL Non-Union Part-Time Staff	\$195,100	\$97,600
Hamilton Public Library Total Cost	\$195,100	\$97,600
Grand Total COH and HPL	\$739,200	\$353,600

The following financial analysis should be considered.

The updated Living Wage rate for Hamilton is \$19.05 per hour, and the previous Living Wage rate for Hamilton was \$17.20 per hour, an increase of 10.8%.

SUBJECT: Living Wage (HUR20003(b)/FCS20013(b)) (City Wide) - Page 6 of 12

All costings were determined based on the 2023 budget prepared by program divisions.

Staffing: The increases provided to these groups would help to retain and attract staff.

Legal: N/A

HISTORICAL BACKGROUND

On March 22, 2019, Council approved the implementation of a Living Wage rate of \$15.85 per hour for the City of Hamilton School Crossing Guards, effective April 1, 2019, with the direction that the wage rate be adjusted annually to reflect the cost of living.

On March 20, 2020, Council approved the implementation of the updated Living Wage rate of \$16.45 per hour for the part-time non-union casual employee group, effective July 1, 2020, with the direction that wage rate be adjusted annually to reflect the cost of living.

On March 30, 2022, Council approved the implementation of the updated Living Wage rate of \$17.20 per hour for three employee groups: City of Hamilton School Crossing Guards, non-union part-time casual employee group and non-union full-time summer student group. Unionized outside full-time summer students were approved for a \$1.00 per hour wage enhancement with a shift premium of \$0.95 per hour for afternoon and weekend work due to attraction and retention issues.

In accordance with the Ontario Living Wage Network, there are three defined levels used to characterize an Employer's status with respect to the implementation of Living Wage: Supporter; Leader; and Champion. The following three levels are defined below should organizations wish to obtain certification as a Living Wage employer:

“Supporter”

- All direct full-time employees are paid a Living Wage. The Employer is committed to begin raising the pay of all direct part-time employees to the Living Wage rate.

“Leader”

- All direct full-time and part-time employees are paid a Living Wage. The Employer is committed to including Living Wage to service contracts for externally contracted (third party) employees that provide service on a regular basis are paid a Living Wage.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

“Champion”

- All direct full-time and part-time employees are paid a Living Wage and all externally (third party) contracted staff that provide service on a regular basis are paid a Living Wage or the employer has signalled intent to re-contract at the Living Wage rate when the contract renews.

Based on the levels, the City of Hamilton fits into the “Supporter” level for Living Wage. Should Council wish to pursue certification, the City would need to determine which level of certification to apply for and submit an application to become a certified Living Wage employer. Note that should the City of Hamilton wish to exceed the current “Supporter” Level and pursue “Leader” Level, there would be additional costing required to determine the budget implications of paying a Living Wage to service contracts for externally contracted (third party) employees.

Once the certification level is confirmed by the Employer and Ontario Living Wage Network, a license agreement will be signed. An annual employer fee will be paid at the time of certification and will be due each subsequent year on the anniversary date. Employer fees are based on the size of the business and help to support ongoing calculation of Living Wages in the province, support employer recognition and promotion such as decals and provide an electronic logo for use on website and print materials. According to the City of Hamilton organization type and size, the annual fee would be \$400.

Living Wage in Other Communities

Staff conducted a survey in late 2022 with our current municipal comparators: Brampton, Brantford, Burlington, Guelph, Halton, London, Mississauga, Oakville, Regions of Niagara, Peel and Waterloo. The Region of Waterloo recently adopted a Living Wage policy that applies to all employees and contractors, but not to students. Their Living Wage rate is \$19.95/hr. Most of our current comparators have reported no plans to implement a Living Wage rate in the near future.

The City of Cambridge, City of St. Catharines and City of Sudbury are the only other known Ontario municipalities that have adopted a Living Wage policy.

The City of Cambridge’s Living Wage rate is \$19.95 per hour. Full-time staff at the City of Cambridge already earn more than \$19.95 per hour. They have adopted a policy to pay part-time staff a Living Wage rate. Students are not part of the Living Wage initiative at the City of Cambridge.

The City of St. Catharines recently adopted a Living Wage policy in May 2022 with a Living Wage rate of \$18.90, however, their rate has recently increased to \$19.80. Student positions are excluded from their Living Wage initiative.

SUBJECT: Living Wage (HUR20003(b)/FCS20013(b)) (City Wide) - Page 8 of 12

The City of Sudbury has adopted a Living Wage rate effective July 1, 2022 with no commitment for an increase for 2023. Student positions are excluded. All permanent full-time and part-time employees are paid a Living Wage. The Living Wage rate is \$16.98 per hour and recently increased to \$19.70 per hour. They will be preparing a report to Council with additional options for consideration with the new rate.

POLICY IMPLICATIONS AND LEGISLATED REQUIREMENTS

It is recommended that the rates for School Crossing Guards and non-union part-time casual employee groups be amended to reflect the updated Living Wage rate.

Additionally, it is recommended that the rates for the non-union full-time summer student and unionized full-time summer student classifications be maintained at their current rates.

Staff recommends that the City maintain the Living Wage employer status, in principle, by adhering to the “Supporter” Level as defined by the Ontario Living Wage Network.

Should Council wish to become certified as a Living Wage Employer, staff recommends that a Living Wage Policy be developed to provide guidelines on implementation and maintenance.

RELEVANT CONSULTATION

Hamilton Public Library, Healthy and Safe Communities, Planning and Economic Development were consulted.

A Living Wage survey was conducted amongst our municipal comparators. A further environmental scan was conducted to identify other municipalities that had implemented a Living Wage, which identified the City of Cambridge, the City of St. Catharines and the City of Sudbury.

ANALYSIS AND RATIONALE FOR RECOMMENDATIONS

Staff conducted an analysis of the salary schedules to determine the impact of the latest Living Wage rate increase on pay equity and internal equity. From a pay equity perspective, the latest rate increase does not adversely affect the City as we would be paying above the original job rates of the adjusted roles. However, internal equity may be impacted as individuals may start to perceive they are being unfairly compensated when one salary schedule is being compared to another. Internal equity is when employees perceive that they are not being compensated in a fair and equitable manner according to the relative value of their roles in an organization. Positions within the non-union casual part time group are receiving the Living Wage increase and the entire schedule is being adjusted to maintain the same differential. As the Living Wage continues to increase, internal equity and potential compressions with other salary

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

SUBJECT: Living Wage (HUR20003(b)/FCS20013(b)) (City Wide) - Page 9 of 12

schedules will need to be assessed and amended to maintain the appropriate differential.

Staff recommends the City maintain the Living Wage employer status, in principle, by adhering to the “Supporter” Level as defined by the Ontario Living Wage Network as it provides staff with a Living Wage, consistent with the definition used by the Ontario Living Wage Network to calculate Living Wage and comparable with how other municipalities are implementing a Living Wage. Should the City decide to adopt a Living Wage beyond the current “Supporter” Level status, in principle, and choose to become a certified Living Wage Employer, future increases to the Living Wage rates (which are set by an external party) will have an impact on the City’s internal compensation system and practices and would have budget implications. Maintaining a “Supporter” Level status, in principle, instead of becoming certified, will allow proper consideration and assessment of both budget implications and internal compensation issues prior to implementing.

ALTERNATIVES FOR CONSIDERATION

Based on the above options, Council can elect to implement the updated Living Wage rate to none, some or all the groups. In accordance with the Ontario Living Wage Network, the considerations utilized to calculate a Living Wage is based on an hourly wage to support three different household or family types: a family of four comprised of two adult earners aged 35 working full-time with two children aged seven and three; a single parent aged 35 with a child aged seven; and a single adult. Staff has recommended that the non-union full-time summer student and unionized full-time summer student classifications not be included because their rates can be adjusted separately from the Living Wage initiative. Additionally, excluding summer students is consistent with local municipalities that have adopted Living Wage, whereby student positions are not included.

Alternatively, Council may wish to include the full-time summer student groups. The cost to provide the current Living Wage to non-union full-time summer students (summer recreation counsellors and swim attendants) is estimated to be \$77,300. These summer student positions are hired to work during their regular school, college or university vacation period or they may be occupying a co-operative education position under a co-operative education program.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

Non-Union Full-Time Summer Students

Table 4

Option 1	\$19.05 per hour – Effective April 1, 2023 2023 Annualized Cost Impact
City of Hamilton	\$77,300
HPL	\$0
Total Cost	\$77,300

Approximately 24.82 full-time equivalent (FTE) positions are affected.

Unionized Full-Time Summer Students

A number of City of Hamilton student classifications fall within the scope of CUPE Local 5167. These summer student positions are hired to work during their regular school, college or university vacation period or they may be occupying a co-operative education position under a co-operative education program. Their rates of pay are based on a percentage of the Local 5167 equivalent, as in the case of inside student workers, who earn a minimum rate of \$15.50 per hour and up to a maximum rate of \$19.773 per hour. Effective April 1, 2022, outside unionized student workers earn \$16.000 per hour as result of the \$1.00 per hour increase approved in 2022 to address issues of attraction and retention and are eligible for a \$0.95 per hour shift premium for afternoon and weekend work. Given that these positions fall under CUPE Local 5167, they will receive the negotiated COLA increases in future years.

During the last round of bargaining, it was agreed that should Council implement a Living Wage that explicitly applies to student workers, the current wage rate for students will be adjusted accordingly to the prevailing Living Wage rates as established and accepted by Council. The student wage adjustment will not be subject to any annual increases negotiated, relative to the collective agreement nor shall they be treated retroactively for the purposes of any timelines set out in the collective agreement.

If Council chooses to implement a Living Wage rate for unionized full-time summer student workers, the estimated cost impact to implement a Living Wage is \$710,700.

SUBJECT: Living Wage (HUR20003(b)/FCS20013(b)) (City Wide) - Page 11 of 12

Table 5

Option 2	\$19.05 per hour – Effective April 1, 2023
	2023 Annualized Cost Impact
City of Hamilton	\$710,700
HPL	\$0
Total Cost	\$710,700

Approximately 112.81 full-time equivalent (FTE) positions are affected.

Should Council wish to apply the new Living Wage rate to the above two groups, the 2023 additional cost impact would be \$788,000 for full-time summer students (unionized and non-unionized).

The total estimated annual cost if full-time summer student positions are included to the current positions already receiving Living Wage, is summarized in Table 6 for a total annualized cost impact of \$1,527,200.

Table 6

Annualized Impact of All Options	\$19.05 per hour- 2023 Annualized Cost Impact	\$19.05 per hour- 2023 Budget Impact
City of Hamilton School Crossing Guards	\$160,500	\$64,200
City of Hamilton Non-Union Part-Time Staff	\$383,600	\$191,800
City of Hamilton Non-Union Summer Students	\$77,300	\$77,300
City of Hamilton Unionized Summer Students	\$710,700	\$710,700
COH Total Cost	\$1,332,100	\$1,044,000
HPL Non-Union Part-Time Staff	\$195,100	\$97,600
HPL Non-Union Summer Students	\$0	\$0
HPL Unionized Summer Students	\$0	\$0
Hamilton Public Library Total Cost	\$195,100	\$97,600
Grand Total COH and HPL	\$1,527,200	\$1,141,600

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.
