SUBMITTED BY:	Steve Robichaud Director, Planning and Chief Planner Planning and Economic Development Department
SIGNATURE:	

COUNCIL DIRECTION

In accordance with Subsections 22(7) and 34(11), of the *Planning Act*, an Official Plan Amendment Application and a Zoning By-law Amendment Application may be appealed to the Ontario Land Tribunal after 120 days if Council has not made a decision on the applications.

A motion to direct staff to advise the Planning Committee on matters relating to appeals regarding lack of decision by Council, pursuant to the *Planning Act* was passed by City Council on May 18, 2010. This Information Report has been prepared in accordance with Council's policy for staff to advise the Planning Committee and City Council of appeals for non-decision to the Ontario Land Tribunal.

The following information is provided for Planning Committee's information with regards to Urban Hamilton Official Plan Amendment Application UHOPA-22-002 and Zoning By-law Amendment Application ZAC-22-005, which have been appealed for non-decision.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

SUBJECT: Appeal of Urban Hamilton Official Plan Amendment Application UHOPA-22-002 and Zoning By-law Amendment Application ZAC-22-005 to the Ontario Land Tribunal for Lack of Decision for Lands Located at 487 Shaver Road, Ancaster (PED23089(a)) (Ward 12) - Page 2 of 8

INFORMATION

The subject lands are municipally known as 487 Shaver Road, Ancaster and are located on the east side of Shaver Road between Garner Road West and Wilson Street West (refer to Appendix “A” to Report PED23089(a)).

Urban Hamilton Official Plan Amendment application UHOPA-22-002 and Zoning By-law Amendment application ZAC-22-005 were submitted by GSP Group Inc. (c/o Brenda Khes) on behalf of Shaver Road M.D. Holdings Inc., owner, on October 27, 2021 and were deemed complete on November 17, 2021.

The Urban Hamilton Official Plan Amendment and Zoning By-law Amendment applications were considered by the Planning Committee during the meeting of June 13, 2023. Staff recommended approval of the Urban Hamilton Official Plan Amendment application, however, Staff did not support the applicant’s proposed Zoning By-law Amendment as it is not compatible with the surrounding area. In its place, Staff recommended approval of an amended Zoning By-law Amendment.

Staff found that the Urban Hamilton Official Plan Amendment and amended Zoning By-law Amendment had merit and could be supported for the following reasons:

- They are consistent with the Provincial Policy Statement (2020) (PPS);
- They conform to A Place to Grow: Growth Plan for the Greater Golden Horseshoe (2019, as amended);
- They comply with the Urban Hamilton Official Plan and the Shaver Neighbourhood Secondary Plan, subject to the recommended Official Plan Amendment; and,
- The staff amended development is compatible with the existing land uses in the immediate area, represents good planning by, among other things, providing a compact and efficient urban form, and supports developing a complete community.

The Planning Committee accepted Staff recommendations.

On July 13, 2023, 624 days after the receipt of the application, an appeal of the Official Plan Amendment and Zoning By-law Amendment applications, filed by WeirFoulds LLP (c/o Denise Baker), agent for Shaver Road M.D. Holdings Inc., for non-decision was received (refer to Appendix “C” to Report PED22089(a)).

These reports and studies were circulated to internal and external review agencies for comment on April 14, 2023.

Staff recommended approval of the Urban Hamilton Official Plan Amendment application, however, Staff did not support the applicant's proposed Zoning By-law Amendment as it is not compatible with the surrounding area. In its place, Staff recommended approval of an amended Zoning By-law Amendment.

OFFICIAL PLAN AMENDMENT APPLICATION

The property is designated "Neighbourhoods" on Schedule E – Urban Structure and designated as "Neighbourhoods" on Schedule E-1 – Urban Land Use Designations within the Urban Hamilton Official Plan. Additionally, the lands are designated "Medium Density Residential 2a" within the Shaver Neighbourhood Secondary Plan. The applicant requested an Urban Hamilton Official Plan Amendment application to amend the Shaver Neighbourhood Secondary Plan to redesignate the subject lands from "Medium Density Residential 2a" to "Medium Density Residential 2b" and to establish a Site Specific Policy within the Shaver Neighbourhood Secondary Plan. The effect of the Site Specific Policy would permit a 36 unit stacked townhouse development with a maximum density of 80 units per hectare and a maximum height of four storeys.

ZONING BY-LAW AMENDMENT APPLICATION

The property is zoned Rural Commercial "C5-243" Zone, Modified, within the Town of Ancaster Zoning By-law 87-57. The applicant requested a Zoning By-law Amendment application to rezone the property from the Rural Commercial "C5-243" Zone, Modified, to a Residential Multiple "RM5" Zone, Modified. Staff do not support the applicant's proposal as the proposed side yard, rear yard, and planting strip regulations do not ensure compatible integration with the surrounding developments. Accordingly, staff recommended approval of an amended Residential Multiple "RM5-716" Zone, Modified at the June 13, 2023 Planning Committee meeting.

SUBJECT: Appeal of Urban Hamilton Official Plan Amendment Application UHOPA-22-002 and Zoning By-law Amendment Application ZAC-22-005 to the Ontario Land Tribunal for Lack of Decision for Lands Located at 487 Shaver Road, Ancaster (PED23089(a)) (Ward 12) - Page 7 of 8

A number of site specific modifications were proposed by staff to facilitate the development of stacked townhouses, including:

- To modify the definition of multi-plex dwelling to allow for stacked townhouses;
- To reduce the minimum lot area from 0.5 hectares to 0.44 hectares;
- To increase the maximum density from 50 units per hectare to 80 units per hectare;
- To reduce the minimum lot frontage from 45 metres to 30.0 metres;
- To reduce the minimum front yard from 10.5 metres to 3.0 metres;
- To reduce the minimum side yard from 9 metres to 5.5 metres and 6.0 metres;
- To reduce the minimum rear yard from 9 metres to 5.5 metres;
- To reduce the minimum planting strip from 3.0 metres to 1.5 metres on the southerly lot line;
- To increase the maximum height from 10.5 metres to 14.5 metres;
- To reduce the minimum landscaping from 50 percent to 41 percent including children's play area;
- To remove the requirement for enclosed or underground parking;
- To reduce the minimum parking from 2 parking spaces per unit and 0.66 visitor parking spaces per unit to 1 parking space per unit and 0.25 visitor parking spaces per unit; and,
- To reduce the accessory building setback from 1.5 metres to 1.0 metres on the southerly lot line.

PUBLIC CONSULTATION

In accordance with the provisions of the *Planning Act* and Council's Public Participation Policy, Notice of Complete Application and Preliminary Circulation was sent to property owners within 120 metres of the subject property on December 3, 2021. A Public Notice Sign was posted on the property on December 7, 2021 and updated on May 17, 2023 with the Public Meeting date. Finally, Notice of the Public Meeting was given on May 12, 2023 in accordance with the requirements of the *Planning Act*.

The applicant submitted a Public Consultation Strategy with the supporting materials. A micro-site for the project was created by the applicant to provide project information and collect feedback. The applicant did not receive any feedback as a result of their consultation.

City of Hamilton
Office of the City Clerk
71 Main Street West, 1st Floor
Hamilton, Ontario L8P 4Y5

Attention: Andrea Holland, City Clerk

Dear Ms. Holland:

**RE: Notice of Appeal pursuant to 22(7) and 34(11) of the *Planning Act*, R.S.O. 1990, c. P.13
487 Shaver Road, Hamilton**

We are the solicitors for Shaver Road M.D. Holdings Inc. ("**Client**"), owner of lands located at 487 Shaver Road in the City of Hamilton (the "**Subject Site**").

On November 17, 2021 the City of Hamilton (the "**City**") deemed our Client's applications for an official plan amendment ("**OPA**") and zoning by-law amendment ("**ZBA**") for the Subject Site to be complete. As more than 120 days have passed since the applications were deemed complete and City Council has failed to make a decision on the OPA and ZBA (collectively, the "**Applications**"), our Client hereby appeals the Applications to the Ontario Land Tribunal ("**OLT**" or "**Tribunal**") pursuant to subsection 22(7) and 34 (11) of the *Planning Act*, R.S.O. 1990, c. P.13, (the "**Act**").

Background

The Proposal

The OPA and ZBA are being requested to facilitate the redevelopment of the Subject Site for residential purposes comprised of four (4) townhouse blocks including 36 units and 45 surface parking spaces at a density of 81 units per hectare.

Subject Site and Surrounding Area

The Subject Site is located on the east side of Shaver Road with an approximate area of 0.45 hectares and a frontage of 30.4 metres. Access is currently provided from a gravel drive off of Shaver Road.

The Site is currently occupied by several buildings, including a commercial garage facility located on the eastern portion of the site.

The surrounding uses are characterized as follows:

- North:** A 2-storey townhouse complex named "Westbrooke Valley" is located immediately to the north (see Image B and C), which includes the Shaver Estates Park.
- East:** The City of Hamilton Works (Ancaster) Operations Yard is located immediately to the east and south. Further east is a naturalized creek area and a residential subdivision consisting of single-detached dwellings.
- South:** The City of Hamilton Works (Ancaster) Operations Yard is located immediately to the south. Further south is a vacant site currently being redeveloped for a 24 unit block townhouse development. In addition, a recently built 3-storey townhouse development is located along Garner Road West.
- West:** Across Shaver Road, on the west side of the street is large commercial

shopping area hosting a variety of retail stores, restaurants, medical clinics, and big-box style department stores providing for the daily grocery and shopping needs of the local neighbourhood and wider area.

The Applications

An amendment to the Urban Hamilton Official Plan is required to redesignate the Site from "Medium Density Residential 2a" to Medium Density Residential 2b" to establish a Site-Specific Policy to permit four-storey residential buildings at a density of 81 units per hectare. An amendment to Zoning By-law 87-57 (Ancaster) is required to rezone the Site from the Rural Commercial "C5-242" Zone, to a modified Residential Multiple "RM5-__" Zone to permit 36 stacked townhouses (multi-plex dwellings) including site specific regulations to accommodate the Site configuration illustrated in the Site Plan Concept dated February 23, 2023.

Reasons for Appeal

In addition to City Council's failure to make a decision on the Applications within the statutory timeframe, our Client is appealing the Applications for the following reasons:

1. The Applications have had regard to matters of Provincial interest as set out in section 2 of the Act, are consistent with the Provincial Policy Statement and conform to the Growth Plan. Specifically, the Subject Site is an appropriate location for growth and development as it is currently an underutilized property located within Hamilton's Urban Boundary and along a collector road in close proximity to commercial amenities, recreation, and community facilities and in an area with available transit, include future frequent rapid transit.
2. The proposed development represents a cost-effective development pattern as it utilizes municipal water and wastewater services. The Proposed development represents a compact form that efficiently uses land, resources and infrastructure.
3. A series of detailed technical studies have been completed and were submitted with the Applications. All of these studies support approval of the Applications.

Barristers & Solicitors

WeirFoulds^{LLP}

4. But for the UHOP amendment to redesignate the Site from "Medium Density Residential 2a" to Medium Density Residential 2b", the Applications otherwise meet the intent of the goals, objectives and policies of UHOP.
5. There are no unacceptable adverse impacts resulting from the proposed development to any of the surrounding properties and improves a current underutilized site.
6. The proposed development meets the test of good planning and is in the public interest.
7. Such further and other reasons as counsel may advise and the OLT may permit.

Filing Requirements

Enclosed with this Notice of Appeal are the following requisite documents:

1. A completed OLT Appeal Form (A1) for the appeal of the Applications;
2. Two firm cheques, each in the amount of \$1,100.00, payable to the Minister of Finance, representing the filing fees associated with the processing of the appeal of the Applications.

Kindly acknowledge receipt of this Notice of Appeal together with its enclosures and advise when the appeal has been forwarded to the OLT.

Thank you for your attention to this matter. Should you have any questions or require further information, please do not hesitate to contact the undersigned.

COUNCIL DIRECTION

In accordance with Subsections 22(7) and 34(11) of the *Planning Act*, a Zoning By-law Amendment application may be appealed to the Ontario Land Tribunal after 90 days if Council has not made a decision on the application.

A motion to direct staff to advise the Planning Committee on matters relating to appeals regarding lack of decision by Council, pursuant to the *Planning Act* was passed by City Council on May 18, 2010. This Information Report has been prepared in accordance with Council's policy for staff to advise the Planning Committee and City Council of appeals for non-decision to the Ontario Land Tribunal.

The following information is provided for Planning Committee's information with regards to Zoning By-law Amendment application ZAC-21-027, which has been appealed for non-decision.

INFORMATION

The subject property is municipally known as 140 and 164 Sulphur Springs Road (refer to Appendix "A" attached to Report PED23184). The Applicant, Ed Fothergill Planning &

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

SUBJECT: Appeal of Zoning By-law Amendment Application ZAC-21-027 to the Ontario Land Tribunal for Lack of Decision for Lands Located at 140 and 164 Sulphur Springs Road, Ancaster (PED23184) (Ward 12) - Page 2 of 3

Development Inc. on behalf of Ahmed Bilal, applied for a Zoning By-law Amendment (ZAC-21-027) to permit six residential lots for single detached dwellings at 140 and 164 Sulphur Springs Road. The proposed lots located at 140 Sulphur Springs Road is proposed to have access via a private condominium roadway and the proposed lot at 164 Sulphur Spring Road would retain the existing driveway.

The subject lands have a total area of approximately 4.3 ha, are irregular in shape, and are located on the south side of Sulphur Springs Road (refer to Appendix “A” attached to Report PED23184). The subject lands at 140 and 164 Sulphur Springs Road, each contain a single detached dwelling. The existing dwelling at 140 Sulphur Springs Road would be demolished to facilitate the proposal and the existing dwelling at 164 Sulphur Spring Road would be retained (refer to Appendix “B” attached to Report PED23184).

The Zoning By-law Amendment application was received on July 5, 2021 and was deemed complete on July 9, 2021.

The appeal of the Zoning By-law Amendment, filed by Goodmans LLP c/o David Bronskill on behalf of Ahmed Bilal was received by the City’s Clerk Office on June 29, 2023, 725 days after the receipt of the initial application (refer to Appendix “C” attached to Report PED23184).

Zoning By-law Amendment Application

The subject property is currently zoned Deferred Development “D” on Schedule “A” in the Ancaster Zoning By-law No. 87-57, as shown on Appendix “A” attached to Report PED23184.

The Zoning By-law Amendment application is to change the zoning from Deferred Development “D” Zone to Residential “R1” Zone in the Town of Ancaster Zoning By-law No. 87-57 to permit the development of six residential lots. Modifications to the Residential “R1” Zone were not proposed with this application; however, a number of site specific modifications would be required to implement the proposed single detached dwellings, including:

- Reductions to the maximum lot coverage requirements;
- Reductions to the minimum front yard requirements;
- Reductions to the minimum rear yard requirements; and,
- Modification to the provision for direct access to parking (existing easement in place).

SUBJECT: Appeal of Zoning By-law Amendment Application ZAC-21-027 to the Ontario Land Tribunal for Lack of Decision for Lands Located at 140 and 164 Sulphur Springs Road, Ancaster (PED23184) (Ward 12) - Page 3 of 3

Issues identified through the circulation include:

- Incomplete Environmental Impact Study that includes a revised design and measures to mitigate the impacts of the proposed development on the natural heritage features and their functions as per Urban Hamilton Official Plan Policies C.2.2.2, C.2.3, and C.2.11.1;
- Incomplete Tree Management Plan so to ensure that the trees are considered within the design of the site and determine alternative techniques for the retention and preservation of trees along the perimeter as per Urban Hamilton Official Plan Policy C.2.11.1; and,
- Incomplete draft amending Zoning By-law.

Public Consultation

In accordance with the provisions of the *Planning Act* and the Council Approved Public Participation Policy, Notice of Complete Application and Preliminary Circulation for the application was sent to 70 property owners within 120 metres of the subject lands on July 9, 2021.

To date staff have received a total of seven written submissions by residents expressing concerns with the impact of the proposed development on the natural environment including the loss of mature vegetation (tree canopy) and habitat, slope stability, water runoff, loss of privacy, snow removal, property values, and noise.

The appeal of the application was received by the City Clerk's Office on June 29, 2023. 725 days after the receipt of the application (refer to Appendix "C" attached to Report PED23184).

Attention: Andrea Holland, City Clerk

Dear Sirs/Mesdames:

**Re: 140 and 164 Sulphur Springs Road
City of Hamilton File No. ZAC-21-027
Appeal of Rezoning Application pursuant to subsections 22(7) and 34(11) of the
*Planning Act***

We are solicitors for Ahmed Bilal in respect of the property known municipally in the City of Hamilton as 140 and 164 Sulphur Springs Road (the “**Properties**”). On June 15, 2021, after pre-consultation with City staff, our client filed a rezoning application for the Property (the “**Application**”), which the City of Hamilton (the “**City**”) declared complete as of July 9, 2021.

We are writing on behalf of our client to appeal the Application to the Ontario Land Tribunal (the “**Tribunal**”) pursuant to subsection 34(11) of the *Planning Act* for the failure of City Council to make a decision regarding the Application within the applicable statutory timeline.

Background

The Properties are located on the south side of Sulphur Springs Road in a transition area between the downtown urban core (550 metres to the east on Wilson Street) and low density residential areas to the north and west. Current use of the Properties are as two detached dwellings. Surrounding uses include single family subdivisions with lot frontages generally in the range of 25 metres to 38 metres, with an average frontage of 33.17 metres, and lot areas in the range of 1,000 square metres to 2,500 square metres, with an average of 1,488.32 square metres.

The Application proposes the demolition of the existing dwelling at 164 Sulphur Springs Road and construction of a new detached dwelling, retention of the existing dwelling at 140 Sulphur Springs Road, and the creation of four new residential lots for detached dwellings. The Planning Justification Report submitted in support of the Application provides more details of the proposal.

Implementation would proceed by way of a vacant land plan of condominium to secure access to and maintenance of the proposed access driveway and municipal services.

The Planning Justification Report also describes the surrounding context and policy context in more detail. At the Provincial level, the Application helps achieve objectives related to intensification in settlement areas while maintaining compatibility and appropriately protecting natural heritage systems. At the municipal level, the Application implements the residential intensification policies in the City of Hamilton Official Plan and conforming with the policies applicable to lands designated as *Neighbourhoods*. The Application is also supported by extensive technical reports. While the Application would remove a portion of the woodland on the Properties, extensive tree compensation planting and restoration activities are proposed to improve existing woodland quality and result in a functional increase of the woodland.

Reasons for the Appeal

Based on the materials submitted in support of the Application, including but not limited to the above-noted Planning Justification Report and technical reports, it is clear that the Application represents good planning and urban design. The proposal results in modest intensification in an appropriate location that is generally consistent with the form of residential development in the surrounding area. The Application is consistent with the Provincial Policy Statement, conforms with the Growth Plan for the Greater Golden Horseshoe, meets the intent and objectives of the Niagara Escarpment Plan, and conforms to the policies of the Urban Hamilton Official Plan.

However, the Application has not been advanced to approval by the City in a timely fashion. The Tribunal's assistance is required to avoid the potential for significant delay in the approval timeline. Despite the appeal, our client's goal would be to engage with the City and any stakeholders identified as part of the initial case management conference, including through mediation, to ensure that meaningful dialogue will continue in an effort to narrow and/or resolve issues with a desired goal of a settlement hearing.

Please find enclosed an appeal form, as well a cheque in the amount of \$1,100.00 payable to the Minister of Finance. Please do not hesitate to contact us if any further information is required.

Yours truly,

Goodmans LLP

David Bronskill

SUBJECT: Appeal of Urban Hamilton Official Plan Amendment Application UHOPA-23-010 and Zoning By-law Amendment Application ZAC-23-025 to the Ontario Land Tribunal for Lack of Decision for Lands Located at 509 Southcote Road, Ancaster (PED23127) (Ward 12) - Page 2 of 4

INFORMATION

The subject property is municipally known as 509 Southcote Road (refer to Appendix “A” attached to Report PED23127). The Applicant, UrbanSolutions Planning & Land Development Consultants Inc., on behalf of Southcote Hills Inc., applied for an Urban Hamilton Official Plan Amendment (UHOPA-23-010) and Zoning By-law Amendment (ZAC-23-025) to permit 57 three storey townhouse dwellings arranged in ten blocks fronting onto a private condominium roadway. The townhouse dwellings would be supported with two parking spaces (one driveway parking space and one garage parking space), as well as 23 surface parking spaces for visitors (refer to Appendix “B” attached to PED23127).

The subject property is 1.07 ha in size, is rectangular in shape and is located on the east side of Southcote Road.

The Urban Hamilton Official Plan Amendment and Zoning By-law Amendment applications were received on December 23, 2022 and deemed complete on January 20, 2023.

The appeal of the Urban Hamilton Official Plan Amendment and Zoning By-law Amendment filed by Aird & Berlis LLP c/o Patrick J. Harrington, agent for Southcote Hills Inc. was received by the City Clerk’s Office on June 29, 2023, 188 days after the initial applications (refer to Appendix “C” attached to Report PED23127).

Urban Hamilton Official Plan

The subject property is designated Neighbourhoods on Schedule E-1 -Urban Land Use Designations, in the Urban Hamilton Official Plan and designated “Low Density Residential” and “Low Density Residential 2a” in the Meadowlands Neighbourhood III Secondary Plan.

The Urban Hamilton Official Plan Amendment application is being sought to redesignate the subject lands from “Low Density Residential” and “Low Density Residential 2a” to “Low Density Residential 3b” in the Meadowlands Neighbourhood III Secondary Plan and to establish a site-specific exception to permit block townhouses with a density of 53 units per gross/net residential hectare.

SUBJECT: Appeal of Urban Hamilton Official Plan Amendment Application UHOPA-23-010 and Zoning By-law Amendment Application ZAC-23-025 to the Ontario Land Tribunal for Lack of Decision for Lands Located at 509 Southcote Road, Ancaster (PED23127) (Ward 12) - Page 3 of 4

Zoning By-law Amendment Application

The subject property is currently zoned Agriculture “A” in Ancaster Zoning By-law No. 87-57, as shown on Appendix “A” attached to Report PED23127. The proposed Zoning By-law Amendment is to change the zoning from the Agriculture “A” Zone to a site specific Residential Multiple “RM2” Zone.

A number of site specific modifications are required to implement the proposed townhouse dwellings, as shown on the Concept Plan in Appendix “B” attached to Report PED23127, including:

- Reductions to the required minimum lot area, lot frontage, and lot depth;
- Reductions to the required minimum front, side, and rear yard;
- Reductions to the minimum distance separation between townhouse dwellings;
- Increase to the maximum building height requirements;
- Reductions to the minimum landscaping area requirements;
- To permit a front yard to abut a rear yard of a detached dwelling;
- Increase to the maximum yard encroachment for unenclosed porches;
- Reductions to the minimum planting strip along a lot line which abuts a parking area;
- Reductions to the minimum distance between a parking area and street; and,
- Reductions to the minimum required number of parking spaces.

Issues identified through the circulation include:

- Incomplete Tree Management Plan, to include an inventory of the rear portion of the subject lands and determine alternative techniques for the retention and preservation of trees along the perimeter as per Urban Hamilton Official Plan Policy C.2.11.1;
- Incomplete Traffic Impact Study, to include trip generation, distribution and description of the road network as well as the operational analysis of the Southcote Road and Garner Road East intersection as per Urban Hamilton Official Plan Policy C.4.5.9;
- Incomplete Noise Study, to include clarification of the noise barrier location and abutting grade changes as well as clarification on the commercial operations located to the south of the subject lands (along the southerly side lot line); and,
- Incomplete Functional Servicing and Stormwater Management Report which needs to demonstrate that there is adequate water system and sanitary sewer

SUBJECT: Appeal of Urban Hamilton Official Plan Amendment Application UHOPA-23-010 and Zoning By-law Amendment Application ZAC-23-025 to the Ontario Land Tribunal for Lack of Decision for Lands Located at 509 Southcote Road, Ancaster (PED23127) (Ward 12) - Page 4 of 4

capacity in the existing municipal infrastructure system as per Urban Hamilton Official Plan Policies C.5.3.11 and C.5.4.3.

Public Consultation

In accordance with the provisions of the *Planning Act* and the Council Approved Public Participation Policy, Notice of Complete Application and Preliminary Circulation for the applications were sent to property owners within 120 metres of the subject lands on February 2, 2023.

To date staff have received a total of 21 written submissions by residents expressing concerns with the proposed development. Issues raised by the public relate to traffic congestion, loss of mature vegetation (tree canopy) and habitat, safety, loss of privacy, water runoff, snow removal, air quality and contribution to climate change, lack of amenity space, property values, and lack of onsite parking.

The appeal of both applications was received by the City Clerk's Office on June 29, 2023, 188 days after the receipt of the application.

Dear Ms. Holland:

Re: Appeals: Pursuant to subsections 22(7) & 34(11) of *Planning Act*
Subject: Official Plan and Zoning By-law Amendment Applications
Appellant: Southcote Hills Inc.
Location: 509 Southcote Road, City of Hamilton (Ancaster)
File Nos.: UHOPA-23-010 & ZAC-23-025

Introduction

Aird & Berlis LLP is counsel to Southcote Hills Inc. (the “Applicant”). The Applicant is the owner of lands known municipally as 509 Southcote Road in the City of Hamilton (the “Site”). The Site is within the Meadowlands Neighbourhood III Secondary Plan Area in Ancaster – specifically, in the northeast quadrant of Garner Road and Southcote Road. The Site is 1.11 hectares (2.74 acres) and is occupied by one detached dwelling.

The Site is currently split-designated under the Urban Hamilton Official Plan. The western portion of the Site (fronting onto Southcote Road) is designated *Low Density Residential (Infill)* while the eastern portion of the Site is designated *Low Density Residential 2a*. The former designation permits single-detached dwellings with minimum 15 metre frontages while the latter designation permits singles and semi-detached dwellings with minimum 10.7 metre frontages and a density limit of 27 units per hectare. The zoning of the Site is currently “Agricultural ‘A’”.

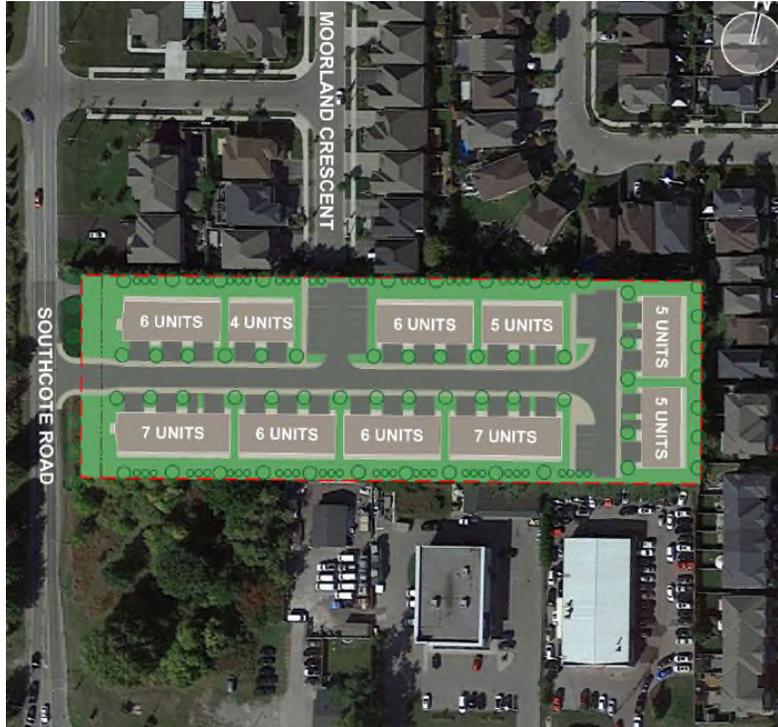

Proposal

Consultations between the Applicant and the City of Hamilton on an intensified development project for the Site began in September 2022 and included a Development Review Team Meeting in October 2022. The Applicant filed private official plan and zoning by-law amendment applications with the City on December 23, 2023 and these applications were deemed complete by the City as of January 20, 2023.

The Applicant’s proposal consists of ten (10) 3-storey townhouse blocks containing a total of 57 dwelling units fronting onto a common private condominium roadway that will be accessed off of Southcote Road. The 57 proposed dwelling units include a combination of two-bedroom units and three-bedroom units. 114 resident parking spaces are proposed to be provided in attached

garages and driveways for the townhouse dwellings with an additional 23 visitor parking spaces provided by surface parking along the proposed common element condominium road.

To facilitate this proposal, the Applicant sought the following through its private applications:

- **OPA:** Amend Map b.2.5.-1 to the Meadowlands Neighbourhood III Secondary Plan to change the designation of the entire Site to *Low Density Residential 3b*. This change will permit the proposed housing form (Townhouse Dwellings) at the proposed density.
- **ZBA:** Amend Schedule “B” to Zoning By-law 87-57 (Ancaster) to change the zoning category of the Site from “Agricultural ‘A’” to a site-specific “Residential Multiple RM-2 - ____” Permitted regulations within this site-specific zoning will include the following
 - Minimum Lot Area: 1.0 hectare
 - Minimum Lot Coverage: 35%
 - Minimum Front Yard (from a private laneway): 4.0 metres
 - Minimum Side Yard: 4.0 metres
 - Minimum Internal Setback to a Townhouse Dwelling: 2.0 metres
 - Minimum Rear Yard: 6.0 metres
 - Maximum Height: 11.5 metres
 - Minimum Planting Strip: 1.25 metres

The ZBA also seeks site-specific relief from certain other standards in the parent zoning by-law, including the minimum requirements for parking.

Appeals

It has been over 120 days since the Applicant's OPA and ZBA applications were deemed complete by the City. Hamilton City Council has to date failed to make a decision regarding the applications. Therefore, pursuant to subsections 22(7) and 34(11) of the *Planning Act*, we are writing on our client's behalf to appeal these OPA and ZBA applications to the Ontario Land Tribunal ("OLT" or "Tribunal").

Please accept this covering letter, the attached completed OLT appeal form (A1) and our firm cheques in the amount of \$1,100.00 (x2), representing the Tribunal's appeal fees, in satisfaction of the appeal requirements under both subsections 22(7) and 34(11) of the *Planning Act*.

Position on Appeals

It will be the Applicant's position on these appeals that its OPA and ZBA for the Site are consistent with the 2020 Provincial Policy Statement and conform with the 2020 Growth Plan for the Greater Golden Horseshoe. Further, the OPA advances the goals and objectives of the Urban Hamilton Official Plan, including with respect to intensification within the Meadowlands Neighbourhood, while the ZBA appropriately implements and regulates the proposed development in a manner that constitutes good planning within the subject area context.

The Applicant is prepared to call members of its professional consulting team to give expert evidence before the Tribunal in support of its position, including evidence in the areas of land use planning, functional servicing, site engineering, landscape design, tree preservation/replanting, environmental impact, archaeology, acoustical impacts and urban design.

Potential for Scoping of Issues or Resolution

The Applicant would welcome the opportunity to continue discussions between its expert consulting team and staff/representatives for Hamilton, including through formal mediation if deemed appropriate. However, any discussions to resolve these appeals should not result in delaying the Tribunal's consideration of the OPA and ZBA. It will be the Applicant's intention to seek dates for a merit hearing as soon as the Tribunal can accommodate.

Contact Information

Our client's consulting planner is Matt Johnston, MCIP, RPP, Principal of Urban Solutions.

We trust that the above is satisfactory. However, should you have any questions or require additional information please contact the undersigned or my partner Patrick Harrington at pharrington@aridberlis.com or (416) 865-3424.

SUBJECT: Applications for Official Plan Amendment and Zoning By-law Amendment for Lands Located at 1310 South Service Road, Stoney Creek (PED23135) (Ward 10) - Page 2 of 35

- (ii) That the proposed Official Plan Amendment is consistent with the Provincial Policy Statement (2020) and conforms to A Place to Grow: Growth Plan for the Greater Golden Horseshoe (2019, as amended);
- (b) That **Amended Zoning By-law Amendment Application ZAC-22-063, by Jennum Properties Inc. (c/o Toby Singlehurst, Applicant) on behalf of 843803 Ontario Ltd. (c/o Norman Kim, Owner)**, for a change in zoning from the District Commercial (C6, 301, H112) Zone to the Mixed Use Medium Density (C5, 851, H112) Zone, to permit a commercial / residential mixed use development containing a total of 705 dwelling units and 1,282 square metres of commercial space within two mixed use buildings of eight and 12 storeys, a residential building of ten storeys, and four, three storey townhouse blocks containing 32 units of which eight are Live/Work units with a total of 698 parking spaces including 27 surface parking spaces, for lands located at 1310 South Service Road, as shown on Appendix “A” attached to Report PED23135, be **APPROVED** on the following basis:
- (i) That the draft By-law, attached as Appendix “C” to Report PED23135, which has been prepared in a form satisfactory to the City Solicitor, be enacted by City Council;
- (ii) That the amending By-law apply the Holding Provisions of Section 36(1) of the *Planning Act*, R.S.O. 1990 to the subject property by amending the Holding symbol ‘H112’ to the proposed Mixed Use Medium Density (C5) Zone;

The Holding Provision ‘H112’ is to be removed to allow for a 12 storey mixed use development, conditional upon:

- (1) The Owner enters into a conditional building permit agreement with respect to completing a Record of Site Condition or a signed Record of Site Condition being submitted to the City of Hamilton and the Ministry of the Environment, Conservation and Parks. This Record of Site Condition must be to the satisfaction of the Director of Planning and Chief Planner, including a notice of acknowledgement of the Record of Site Condition by the Ministry of the Environment, Conservation and Parks, and the submission of the City of Hamilton’s current Record of Site Condition administration fee;
- (2) The Owner agrees in a Site Plan Agreement to implement all required noise mitigation measures identified in the Noise

Feasibility Study prepared by Howe Gastmeier Chapnik Limited dated August 18, 2022 and updated February 8, 2023, to the satisfaction of the Director of Planning and Chief Planner;

- (3) The Owner agrees in a Site Plan Agreement, to provide notice to any subsequent owner, as well as any prospective purchasers or tenants that the dwellings are located in a Class 4 Area, and to agree to register this notice and any / all warning clauses on title, and include them in any purchase and sale and in any lease or rental agreement, to the satisfaction of the Director of Planning and Chief Planner;
 - (4) The Owner submit and receive approval of an updated Functional Servicing Report, prepared by a qualified Professional Engineer, to address sanitary design, watermain hydraulic analysis, and stormwater outlets, to the satisfaction of the Director of Growth Management and Chief Development Engineer and the Hamilton Conservation Authority;
 - (5) The Owner submit and receive approval of an updated Transportation Impact Study, with particular focus on improvement to mitigate both future background and total traffic at the Queen Elizabeth Way interchanges, to the satisfaction of the Ministry of Transportation and a cost estimate schedule and required securities for the improvements, to the satisfaction of the Director of Growth Management and Chief Development Engineer and the Director of Transportation Planning and Parking.
- (iii) That the proposed change in zoning is consistent with the Provincial Policy Statement (2020), conforms to A Place to Grow (2019, as amended), and will comply with the Urban Hamilton Official Plan and the Fruitland-Winona Secondary Plan upon approval of Urban Hamilton Official Plan Amendment No. X;
- (c) That Council deem the lands at 1310 South Service Road (see Appendix "A" attached to Report PED23135) as a Class 4 Area pursuant to the Ministry of the Environment, Conservation and Parks' Noise Guidelines NPC-300 (Stationary and Transportation Sources – Approval and Planning), and that the Class 4 Area designation apply only to dwelling units within Building C and the two townhouse blocks adjacent to the southern property line with the requirement that all noise mitigation and warning clauses be secured through the Holding Provision

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

attached to the implementing Zoning By-law as specified in Section ii) b. and c. outlined above.

EXECUTIVE SUMMARY

The subject lands are municipally known as 1310 South Service Road and are located south of South Service Road and east of Vince Mazza Way. Applications have been submitted to amend both the Urban Hamilton Official Plan and the City of Hamilton Zoning By-law No. 05-200. The amendments will permit the development of a 705 unit mixed use development with three buildings of 12, 10, and eight storeys in height, 32, three storey townhouse units, and 1,282 square metres of commercial space supported by a total of 698 parking spaces including 27 surface parking spaces.

The purpose of the Official Plan Amendment is for a change in designation from “District Commercial” to “Neighbourhoods” in the Urban Hamilton Official Plan, a change in designation from “District Commercial” to “Medium Density Residential 2” and to create a Site Specific Policy Area in the Fruitland-Winona Secondary Plan.

The purpose of the Zoning By-law Amendment is for a change in zoning from the District Commercial (C6, 301, H112) Zone to the Mixed Use Medium Density (C5, 851, H112) Zone within the City of Hamilton Zoning By-law No. 05-200. Site specific modifications to the (C5) Zone are proposed to accommodate the development. As part of the Zoning By-law Amendment, a Holding Provision is required to be added to the subject lands with respect to completing a Record of Site Condition, noise mitigation and designation as a Class 4 Area, an updated Functional Servicing Report, and an updated Transportation Impact Study and cost estimate schedule.

Based on the subject property being located in proximity to stationary noise sources the applicant is seeking to have the subject property classified a Class 4 Area pursuant to the Ministry of the Environment, Conservation and Parks’ Noise Guidelines NPC-300.

The proposal has merit and can be supported for the following reasons:

- It is consistent with the Provincial Policy Statement (2020) (PPS);
- It conforms to A Place to Grow: Growth Plan for the Greater Golden Horseshoe (2019, as amended);
- It complies with the general intent and purpose of the Urban Hamilton Official Plan and the Fruitland-Winona Secondary Plan subject to the proposed Official Plan Amendment; and,
- The proposed development represents good planning by, among other things, making efficient use of land and infrastructure by providing housing in an efficient urban form, expanding the range of residential dwelling types, supports local

POLICY IMPLICATIONS AND LEGISLATED REQUIREMENTS

Provincial Policy Statement (2020)

The Provincial Planning Policy Framework is established through the *Planning Act* (Section 3) and the Provincial Policy Statement (2020). The *Planning Act* requires that all municipal land use decisions affecting planning matters be consistent with the Provincial Policy Statement. The following policies, amongst others, apply to the proposed development.

**SUBJECT: Applications for Official Plan Amendment and Zoning By-law
Amendment for Lands Located at 1310 South Service Road, Stoney
Creek (PED23135) (Ward 10) - Page 9 of 35**

- “1.1.1 Healthy, liveable and safe communities are sustained by:
- b) Accommodating an appropriate affordable and market-based range and mix of residential types (including single-detached, additional residential units, multi-unit housing, affordable housing and housing for older persons), employment (including industrial and commercial), institutional (including places of worship, cemeteries and long-term care homes), recreation, park and open space, and other uses to meet long-term needs;
 - c) Avoiding development and land use patterns which may cause environmental or public health and safety concerns; and,
 - e) Promoting the integration of land use planning, growth management, *transit-supportive* development, *intensification* and *infrastructure* planning to achieve cost-effective development patterns, optimization of transit investments, and standards to minimize land consumption and servicing costs;
- 1.1.3.1 *Settlement areas* shall be the focus of growth and development.
- 1.1.3.2 Land use patterns within *settlement areas* shall be based on densities and a mix of land uses which:
- a) Efficiently use land and resources;
 - b) Are appropriate for, and efficiently use, the *infrastructure* and *public service facilities* which are planned or available, and avoid the need for their unjustified and/or uneconomical expansion;
 - e) Support *active transportation*; and,
 - f) Are *transit-supportive*, where transit is planned, exists or may be developed;
- 1.1.3.3 Planning authorities shall identify appropriate locations and promote opportunities for transit-supportive development, accommodating a significant supply and range of housing options through intensification and redevelopment where this can be accommodated taking into account existing building stock or areas, including brownfield sites, and the availability of suitable existing or planned infrastructure and public service facilities required to accommodate projected needs.

SUBJECT: Applications for Official Plan Amendment and Zoning By-law Amendment for Lands Located at 1310 South Service Road, Stoney Creek (PED23135) (Ward 10) - Page 10 of 35

- 1.1.3.4 Appropriate development standards should be promoted which facilitate intensification, redevelopment and compact form, while avoiding or mitigating risks to public health and safety.
- 1.7.1 Long-term economic prosperity should be supported by:
- b) Encouraging residential uses to respond to dynamic market-based needs and provide necessary housing supply and range of housing options for a diverse workforce.”

The application is consistent with Policies 1.1.1 b) and 1.1.3.3, by accommodating a broader range and mix of residential types to meet long-term needs. The proposed Zoning By-law Amendment ensures that the concerns outlined in 1.1.1 c) and 1.1.3.4, which seek to avoid development patterns which may cause environmental or public health concerns, are addressed. The application is also consistent with Policies 1.1.3.1 and 1.1.3.2, which focus on growth and development within settlement areas.

The vicinity of Fifty Road and South Service Road has been identified as a potential multi-modal transportation terminal, as shown on Appendix “B” of Volume 1 of the Urban Hamilton Official Plan, pending the extension of Light Rail Transit and a combination Light Rail Transit / Government of Ontario Transit rail station hub. Currently, the area is serviced by Trans Cab, which links the subject lands to the existing local transit route at the Municipal Service Centre on Highway No. 8. The addition of residential dwellings supports existing and planned transit for the area.

The proposed development is located within a settlement area with appropriate infrastructure and public service facilities and can support active transportation and planned transit.

Noise and Vibration

- “1.2.6.1 *Major facilities and sensitive land uses* shall be planned and developed to avoid, or if avoidance is not possible, minimize and mitigate any potential *adverse effects* from odour, noise and other contaminants, minimize risk to public health and safety, and to ensure the long-term operational and economic viability of *major facilities* in accordance with provincial guidelines, standards and procedures.”

The subject lands are close to existing transportation noise sources and existing stationary noise sources in the area. A Noise Feasibility Study, prepared by Howe Gastmeier Chapnik Limited, dated August 18, 2022 and updated February 8, 2023, and a Response Letter dated May 9, 2023, was submitted with the applications. The study

**SUBJECT: Applications for Official Plan Amendment and Zoning By-law
Amendment for Lands Located at 1310 South Service Road, Stoney
Creek (PED23135) (Ward 10) - Page 11 of 35**

identified South Service Road and the Queen Elizabeth Way located to the north, and commercial uses located to the south, Costco, and east as potential sources of noise. The Costco includes rooftop mechanical equipment and a loading bay with three docks on the north side of the building. The report indicates that the sound emissions from the activities associated with the Costco has the potential to exceed background sound levels in the area during a worst-case scenario, therefore, a Class 4 Area designation is being sought.

The Study recommends the following noise mitigation measures be implemented for the proposed development respecting transportation noise sources:

- Air conditioning is required for the proposed residential buildings. The location, installation and sound ratings of the air conditioning devices should comply with NPC-300;
- Upgraded building and glazing constructions are required for the proposed residential buildings. When detailed floor plans and building elevations are available for the proposed buildings at the building permit stage, an acoustical consultant should provide revised recommendations based on actual window to floor area ratios;
- Warning clauses are required in all offers of purchase and sale or lease agreements to inform future owners/tenants of the sound level excesses and the presence of neighbouring commercial uses; and,
- Tarion Builders Bulletin B19R requires that the internal design of condominium projects integrates suitable acoustic features to insulate the suites from noise from each other and amenities in accordance with the Ontario Building Code, and limit the potential intrusions of mechanical and electrical services of the buildings on its residents. If B19R certification is to be sought, an acoustical consultant is required to review the mechanical and electrical drawings and details of demising constructions and mechanical/electrical equipment, when available, to help ensure that the noise impact of the development on itself are maintained within acceptable levels.

The Study recommends the following noise mitigation measures be implemented for the proposed development respecting stationary noise sources from the activities associated with the Costco:

- A Class 4 Area designation should be requested for Building C (as shown on Appendix "E" attached to Report PED23135) and the southerly townhouses of

the development which would require: air conditioning for the building; upgraded building and glazing requirements; and a Class 4 Area specific warning clause;

- No windows into sensitive spaces along the southern façade of the southern townhouse blocks; and,
- To address the potential for audible sound from the nearby industrial/office facilities, specific noise warning clauses are required as indicated throughout the noise report.

The Class 4 Area designation is recommended by this Report. The implementation of remaining noise mitigation measures related to transportation and stationary noise sources will be undertaken through the Site Plan Control and Building Permit application processes.

While the applicant is proposing to include a number of mitigation measures for the proposed development to address transportation and stationary noise sources the measures will not achieve compliance with respect to a Class 1 Area requirements for stationary noise sources. Noise mitigation at the source, while preferred, is not feasible, as these noise sources are located off-site and would require enclosing the loading docks. At the time of development, sensitive land uses were not located or planned adjacent to the Costco, so noise mitigation at the source would not have been considered.

In order to meet the Ministry of the Environment Conservation and Parks' requirements, windows along the southern façade of both Building C and the townhouse dwellings would be required to be limited and possibly eliminated. This could result in blank walls. The study found that these requirements would limit design of the southern façades. Therefore, the change in classification from Class 1 Area to Class 4 Area is recommended.

Given the extent of the mitigation measures required to achieve compliance with the Ministry of the Environment Conservation and Parks based on a Class 1 Area for stationary noise sources, staff are in agreement that it is not practical to eliminate the noise from the southern façade of the building. Therefore, staff recommend that the lands be re-classified from a Class 1 Area to a Class 4 Area in accordance with the Environmental Noise Guideline – Stationary and Transportation Sources – Approval and Planning (NPC-300) from the Ministry of the Environment Conservation and Parks (see Recommendation (c) of this Report).

The Study has also confirmed that a Vibration Study is not required due to the physical separation from the Canadian National Railway tracks to the south.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

Archaeology

“2.6.2 Development and site alteration shall not be permitted on lands containing archaeological resources or areas of archaeological potential unless significant archaeological resources have been conserved.”

The subject property meets two of the ten criteria used by the City of Hamilton and the Ministry of Citizenship and Multiculturalism for determining archaeological potential:

- Within 300 metres of a primary watercourse or permanent waterbody, 200 metres of a secondary watercourse or seasonal waterbody, or 300 metres of a prehistoric watercourse or permanent waterbody; and,
- In an area of sandy soil in areas of clay or stone.

These criteria define the property as having archaeological potential. Stage 1 and Stage 2 Archaeological Assessments (P449-0636-2022 and P449-0650-2022) were submitted to the City of Hamilton and the Ministry of Citizenship and Multiculturalism. The Province provided clearance letters dated July 25, 2022 and August 17, 2022 respectively regarding the Stage 1 and Stage 2 Archaeological Assessments. Staff reviewed the assessment and found that the municipal interest in the archaeology has been satisfied.

Therefore, the applications are consistent with the Provincial Policy Statement (2020).

A Place to Grow: Growth Plan for the Greater Golden Horseshoe (2019, as amended)

The policies of A Place to Grow: Growth Plan for the Greater Golden Horseshoe (2019, as amended) apply to any Planning decision. The proposal conforms to the Guiding Principles, Section 1.2.1, as it supports the achievement of complete communities, prioritizes residential intensification to make efficient use of land and infrastructure and support transit, and supports a range and mix of housing options. The following policies, amongst others, apply to the proposed development.

“2.2.1.2 Forecasted growth to the horizon of this Plan will be allocated based on the following:

- a) The vast majority of growth will be directed to *settlement areas* that:
 - i. Have a *delineated built* boundary;

**SUBJECT: Applications for Official Plan Amendment and Zoning By-law
Amendment for Lands Located at 1310 South Service Road, Stoney
Creek (PED23135) (Ward 10) - Page 14 of 35**

- ii. Have existing or planned *municipal water and wastewater systems*; and,
 - iii. Can support the achievement of complete communities;
- c) Within settlement areas, growth will be focused in:
- i. Delineated built-up areas;
 - ii. Strategic growth areas;
 - iii. Locations with existing or planned transit, with a priority on higher order transit where it exists or is planned; and,
 - iv. Areas with existing or planned public service facilities;

2.2.1.4 Applying the policies of this Plan will support the achievement of complete communities that:

- a) Feature a diverse mix of land uses, including residential and employment uses, and convenient access to local stores, services, and public service facilities;
- c) Provide a diverse range and mix of housing options, including additional residential units and affordable housing, to accommodate people at all stages of life, and to accommodate the needs of all household sizes and incomes;
- e) Provide for a more compact built form and a vibrant public realm, including public open spaces;”

The proposed development is located within a delineated built boundary and has access to existing municipal services. The proposed development supports achievement of complete communities by providing residential dwellings with convenient access to local stores, services, and public service facilities and in a building form that expands the range and mix of housing options.

Based on the foregoing, the amended applications conform with the applicable policies of A Place to Grow: Growth Plan for the Greater Golden Horseshoe (2019, as amended).

Urban Hamilton Official Plan and Fruitland-Winona Secondary Plan

The subject lands are identified as “Neighbourhoods” on Schedule E – Urban Structure and designated “District Commercial” on Schedule E-1 – Urban Land Use Designations in the Urban Hamilton Official Plan. The lands are also designated “District

Commercial” and located within “Area Specific Policy Area G” on Map B.7.4-1 – Fruitland-Winona Secondary Plan – Land Use Plan.

An Official Plan Amendment is necessary to re-designate the subject lands to facilitate the proposed mixed use development. Within the City’s Urban Structure, the subject lands are located within “Neighbourhoods” and not within an “Urban Node” or “Urban Corridor”. The Official Plan Amendment application proposes to re-designate the subject lands from “District Commercial” to “Neighbourhoods” in the Urban Hamilton Official Plan and “Medium Density Residential 2” in the Fruitland-Winona Secondary Plan. In addition, the amendment will remove the lands from Site Specific Policy Area G and create a new Site Specific Policy Area in the Fruitland-Winona Secondary Plan.

The following policies, amongst others, apply.

Urban Structure - Neighbourhoods

Volume 1

- “E.2.7.2 Neighbourhoods shall primarily consist of residential uses and complementary facilities and services intended to serve the residents. These facilities and services may include parks, schools, trails, recreation centres, places of worship, small retail stores, offices, restaurants, and personal and government services.
- E.2.7.4 The Neighbourhoods element of the urban structure shall permit and provide the opportunity for a full range of housing forms, types and tenure, including affordable housing and housing with supports.
- E.2.7.5 The Neighbourhoods element of the urban structure shall permit a range of commercial uses including retail stores and services. These commercial uses may be clustered into plaza forms or in main street configurations. Over time, some of these commercial areas may evolve into a mixed use form, where appropriate. Commercial uses that cater to a broader regional market shall be directed to appropriate Urban Nodes. The Neighbourhoods element of the urban structure permits a broader range of commercial areas than the Neighbourhoods Designation. The different types of commercial areas are designated on Schedule E-1 – Land Use Designations. The policies of Section E.4.0 – Commercial and Mixed Use Designations, Section E.3.0 – Neighbourhoods Designation, and applicable secondary plans of Volume 2 shall provide specific direction on the scale of commercial uses in the various commercial and mixed use designations.

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

**SUBJECT: Applications for Official Plan Amendment and Zoning By-law
Amendment for Lands Located at 1310 South Service Road, Stoney
Creek (PED23135) (Ward 10) - Page 16 of 35**

E.2.7.7 Neighbourhoods shall generally be regarded as physically stable areas with each neighbourhood having a unique scale and character. Changes compatible with the existing character or function of the neighbourhood shall be permitted. Applications for development and residential intensification within Neighbourhoods shall be reviewed in consideration of the local context and shall be permitted in accordance with Sections B.2.4 – Residential Intensification, E.3.0 – Neighbourhoods Designation, E.4.0 – Commercial and Mixed Use Designations, and, E.6.0 – Institutional Designation.”

The uses within the proposed development are compatible with the land uses intended within the “Neighbourhoods” component of the urban structure. The proposed development consists primarily of residential uses with commercial uses located within mixed use buildings. As proposed, the Live/Work units resemble a main street configuration. Compatibility with the character of the neighbourhood will be examined in the following sections.

Commercial and Mixed Use Designations – General Policies

Volume 1

“E.4.2.9 Notwithstanding Policies E.4.2.3 and E.4.2.6, four major commercial areas currently exist in the City of Hamilton that exceed 25,000 square metres of retail and commercial service space, but are not anticipated to evolve into mixed use areas during the life of this Plan. These four areas are not identified as Urban Nodes or Urban Corridors, are within the Neighbourhood element of the Urban Structure on Schedule E – Urban Structure, are designated District Commercial on Schedule E-1 – Urban Land Use Designations and have area or site specific requirements contained in Volume 2 or Volume 3. The amount or type of retail uses in these locations shall not be expanded without an amendment to the Urban Structure. The four major commercial areas are located:

- c) In the area south of the [Queen Elizabeth Way] QEW, west of Fifty Road, north of the CNR Railway, east of Winona Road, and east and south of Vince Mazza Way; and, (OPA 158)”

Although Policy E.4.2.9 states that the subject lands are not anticipated to evolve into a mixed use area, lands located to the west, on the opposite side of Vince Mazza Way, were removed from the “District Commercial” designation and zoned Mixed Use Medium Density (C5) Zone. The Planning Justification Report, prepared by The Planning Partnership and dated February 2023 in support of this application, states that

**SUBJECT: Applications for Official Plan Amendment and Zoning By-law
Amendment for Lands Located at 1310 South Service Road, Stoney
Creek (PED23135) (Ward 10) - Page 17 of 35**

the site has been unable to develop commercial uses as intended. The report notes that the site has been vacant since 2014 when the previous uses were demolished. Further, the Fruitland-Winona Secondary Plan Summary Report (2013) concluded that there is a surplus of commercial lands within the secondary plan area.

District Commercial Designation

Volume 1

“E.4.7.9 Although residential development is permitted and encouraged, it is not the intent of the Plan for the District Commercial designated areas to lose the planned retail and service commercial function set out in this Plan.”

The proposed mixed use development will contain less retail than set out in this plan. As a result, development an Official Plan Amendment is necessary to re-designate the lands. The Official Plan Amendment proposes to re-designate the lands from “District Commercial” to “Neighbourhoods”. The proposed Official Plan Amendment is attached as Appendix “B” to Report PED23135.

Neighbourhoods Designation

Volume 1

“E.3.2.1 Areas designated Neighbourhoods shall function as complete communities, including the full range of residential dwelling types and densities as well as supporting uses intended to serve the local residents.

E.3.2.2 The Neighbourhoods designation applies to lands generally greater than 4 hectares in size designated Neighbourhoods on Schedule E-1 – Urban Land Use Designations.

E.3.2.3 The following uses shall be permitted on lands designated Neighbourhoods on Schedule E-1 – Urban Land Use Designations:

- a) Residential dwellings, including second dwelling units and housing with supports; and,
- d) Local commercial uses.

E.3.5.1 Medium density residential areas are characterized by multiple dwelling forms on the periphery of neighbourhoods in proximity to major or minor

**SUBJECT: Applications for Official Plan Amendment and Zoning By-law
Amendment for Lands Located at 1310 South Service Road, Stoney
Creek (PED23135) (Ward 10) - Page 18 of 35**

arterial roads, or within the interior of neighbourhoods fronting on collector roads.

- E.3.5.2 Uses permitted in medium density residential areas include multiple dwellings except street townhouses.
- E.3.5.4 Local commercial uses may be permitted on the ground floor of buildings containing multiple dwellings, subject to the provisions of Section E.3.8 – Local Commercial are satisfied.
- E.3.5.5 Medium density residential uses shall be located within safe and convenient walking distance of existing or planned community facilities, public transit, schools, active or passive recreational facilities, and local or District Commercial uses.
- E.3.8.4 Local commercial uses may be permitted in the following built forms:
- d) Multiple storey buildings with the local commercial uses on the ground floor and residential units above.”

The proposed development meets the intent of the “Neighbourhoods” designation. Residential uses are proposed in multiple residential and mixed use building form. Limited local commercial uses to support residents are proposed on the ground floor of mixed use buildings and within Live/Work units. Local commercial uses are permitted within the “Neighbourhoods” designation. These uses are consistent with the designation. The site is located adjacent to South Service Road, which is classified as a minor arterial road. There are a range of commercial, institutional, and recreational uses found both within proximity to the subject lands to meet the long-term needs of future residents. Growth in residential population is expected to support future transit services in the area. The subject lands, at approximately 2.36 hectares in size, are less than the minimum area generally required for the “Neighbourhoods” designation of 4.0 hectares, however, as the subject lands will be integrated with the commercial lands to the east and south and will have opportunities for improved connections to the adjacent “Neighbourhoods” designations to the west, the proposal meets the intent of this policy.

Commercial and Mixed Use Designations

Volume 2

“B.7.4.5.4 District Commercial Designation

**SUBJECT: Applications for Official Plan Amendment and Zoning By-law
Amendment for Lands Located at 1310 South Service Road, Stoney
Creek (PED23135) (Ward 10) - Page 19 of 35**

Section E.4.7 – District Commercial Designation of Volume 1 shall apply to lands designated District Commercial on Map B.7.4-1 – Fruitland-Winona Secondary Plan – Land Use Plan.

Area Specific Policy – Area G

B.7.4.18.7 For the lands bounded by Winona Road, South Service Road, CNR Railway and Fifty Road and as shown as Area Specific Policy - Area G, and designated District Commercial on Map B.7.4-1 - Fruitland-Winona Secondary Plan – Land Use Plan, the following policies shall apply:

- b) Notwithstanding Policy E.4.7.2 (a) and (c) - District Commercial of Volume 1, residential uses shall not be permitted;”

The proposed development consists of residential buildings, mixed use buildings, and Live/Work buildings. These uses are not permitted by the current land use permissions. Therefore, an Official Plan Amendment is necessary to re-designate the lands.

Residential Designations

Volume 2

“B.7.4.4.6 Medium Density Residential 2 Designation

In addition to Section E.3.5 - Medium Density Residential Policies of Volume 1, for lands designated Medium Density Residential 2 on Map B.7.4-1 – Fruitland-Winona Secondary Plan – Land Use Plan, the following policies shall apply:

- a) In addition to the uses permitted in Policy E.3.5.2 of Volume 1, the following additional uses shall be permitted:
 - ii) Live-work housing units in accordance with the following provisions:
 - 1. Commercial uses shall include retail, personal services and offices; and,
 - 2. Commercial uses shall be located at grade.
- b) Notwithstanding Policy E.3.5.7 of Volume 1, the net residential density shall be greater than 60 units per hectare and shall not exceed 75 units per hectare.

**SUBJECT: Applications for Official Plan Amendment and Zoning By-law
Amendment for Lands Located at 1310 South Service Road, Stoney
Creek (PED23135) (Ward 10) - Page 20 of 35**

- c) Notwithstanding Policy E.3.5.8 of Volume 1, the maximum height shall be 3.5 storeys.”

For the proposed development to comply with the policies of the “Medium Density Residential 2” designation, the following Site Specific policies are proposed:

- To permit a maximum net residential density of 310 dwelling units per hectare, whereas a maximum density of 75 units per hectare is permitted; and,
- To permit a maximum building height of 12 storeys, whereas a maximum building height of 3.5 storeys is permitted.

It is Staff’s opinion that the subject lands are an appropriate location for residential land uses given the site’s location adjacent to major transportation routes, future transit, employment areas, and retail centres.

Residential Intensification and Compatibility

Volume 1

“B.2.4.1.4 Residential intensification developments shall be evaluated based on the following criteria:

- a) A balanced evaluation of the criteria in b) through g), as follows;
- b) The relationship of the proposal to existing neighbourhood character so that it maintains, and where possible, enhances and builds upon desirable established patterns and built form;
- c) The development’s contribution to maintaining and achieving a range of dwelling types and tenures;
- d) The compatible integration of the development with the surrounding area in terms of use, scale, form and character. In this regard, the City encourages the use of innovative and creative urban design techniques;
- e) The development’s contribution to achieving the planned urban structure as described in Section E.2.0 – Urban Structure;
- f) Infrastructure and transportation capacity; and,

**SUBJECT: Applications for Official Plan Amendment and Zoning By-law
Amendment for Lands Located at 1310 South Service Road, Stoney
Creek (PED23135) (Ward 10) - Page 21 of 35**

g) The ability of the development to comply with all applicable policies.

B.2.4.2.2 When considering an application for a residential intensification development within the Neighbourhoods designation, the following matters shall be evaluated:

- a) The matters listed in Policy B.2.4.1.4;
- b) Compatibility with adjacent land uses including matters such as shadowing, overlook, noise, lighting, traffic, and other nuisance effects;
- c) The relationship of the proposed building(s) with the height, massing, and scale of nearby residential buildings;
- d) The consideration of transitions in height and density to adjacent residential buildings;
- e) The relationship of the proposed lot(s) with the lot pattern and configuration within the neighbourhood;
- f) The provision of amenity space and the relationship to existing patterns of private and public amenity space;
- g) The ability to respect and maintain or enhance the streetscape patterns including block lengths, setbacks and building separations;
- h) The ability to complement the existing functions of the neighbourhood;
- i) The conservation of cultural heritage resources; and,
- j) Infrastructure and transportation capacity and impacts.”

Volume 2

“B.7.4.3 General Policies

The Fruitland-Winona Secondary Plan has been developed to guide development within the Secondary Plan area. The following policies address land uses and other matters common to all parts of the Fruitland-Winona Secondary Plan area:

**SUBJECT: Applications for Official Plan Amendment and Zoning By-law
Amendment for Lands Located at 1310 South Service Road, Stoney
Creek (PED23135) (Ward 10) - Page 22 of 35**

- d) When reviewing an application for development within the Fruitland Winona Secondary Plan area, the following matters shall be evaluated: (OPA 142)
- i) Compatibility with adjacent land uses including matters such as shadowing, grading, overlook, noise, lighting, traffic and other nuisance effects;
 - ii) Transition in height and density to adjacent and existing residential development; (OPA 142)
 - iii) The relationship of the proposed lot(s) with adjacent and existing lot pattern and configuration; and,
 - iv) The policies in Section 7.4.14 – Block Servicing Strategy and all other applicable policies of this Secondary Plan. (OPA 142)”

The proposed development increases the amount and range of housing options in the City to accommodate the anticipated growth through intensification of the built up area. The proposed mixed use development includes landscape features such as an internal trail system, central courtyard, and Live/Work units along Vince Mazza Way. This combination of land uses and landscape design will encourage connections with adjacent land uses and enhance the streetscape. The proposed development is not anticipated to create any negative impacts on adjacent lands in terms of privacy, overlook, and sun shadow as a result of the proposed site layout. The subject lands are bound by roads to the north and west and by commercial uses to the south and east. The area is well serviced by municipal infrastructure and no road improvements are required as sufficient capacity exists within the road network.

Urban Design

Volume 1

- “B.3.3.1.5 Ensure that new development is compatible with and enhances the character of the existing environment and locale.
- B.3.3.1.8 Promote intensification that makes appropriate and innovative use of buildings and sites and is compatible in form and function to the character of existing communities and neighbourhoods.
- B.3.3.2.3 Urban design should foster a sense of community pride and identity by:
- a) Respecting existing character, development patterns, built form, and landscape;

**SUBJECT: Applications for Official Plan Amendment and Zoning By-law
Amendment for Lands Located at 1310 South Service Road, Stoney
Creek (PED23135) (Ward 10) - Page 23 of 35**

- b) Promoting quality design consistent with the locale and surrounding environment;
- c) Recognizing and protecting the cultural history of the City and its communities;
- d) Conserving and respecting the existing built heritage features of the City and its communities;
- e) Conserving, maintaining, and enhancing the natural heritage and topographic features of the City and its communities;
- f) Demonstrating sensitivity toward community identity through an understanding of the character of a place, context and setting in both the public and private realm;
- g) Contributing to the character and ambiance of the community through appropriate design of streetscapes and amenity areas;
- h) Respecting prominent sites, views, and vistas in the City; and,
- i) Incorporating public art installations as an integral part of urban design.

B.3.3.2.4 Quality spaces physically and visually connect the public and private realms. Public and private development and redevelopment should create quality spaces by:

- a) Organizing space in a logical manner through the design, placement, and construction of new buildings, streets, structures, and landscaping;
- b) Recognizing that every new building or structure is part of a greater whole that contributes to the overall appearance and visual cohesiveness of the urban fabric;
- e) Creating a continuous animated street edge in urban environments;
- f) Including transitional areas between the public and private spaces where possible through use of features such as landscaping, planters, porches, canopies, and/or stairs;

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

**SUBJECT: Applications for Official Plan Amendment and Zoning By-law

Creek (PED23135) (Ward 10) - Page 24 of 35**

- g) Creating public spaces that are human-scale, comfortable, and publicly visible with ample building openings and glazing; and,
- i) Minimizing excessive street noise and stationary noise source levels through the design, placement, and construction of buildings and landscaping.”

The proposed development is compatible with adjacent land uses in that it is not anticipated to cause any negative impact in terms of privacy, overlook, or sun shadow. The pedestrian network and internal central courtyard are quality spaces resulting from the placement of buildings and landscaping on the site. The internal central courtyard is placed to minimize excessive street noise from the Queen Elizabeth Way corridor. The placement of Live/Work units along Vince Mazza Way serves to create active street frontages through the inclusion of commercial uses and increased setbacks to allow for outdoor amenity space.

Integrated Transportation Network

Volume 1

- “C.4.2.3 All land use planning and design decisions shall be coordinated with, and consider, the integrated transportation network goals and policies of Section C.4.0 – Integrated Transportation Network.
- C.4.2.3.1 The timing of new *developments* shall be coordinated with the availability of adequate, matched transportation network capacity.
- C.4.5.2 The road network shall be planned and implemented according to the following functional classifications and right-of-way widths:
- a) Provincial highways, subject to the following general policies:
 - ii) New entrances or the upgrading of entrances within the Ministry of Transportation’s permit control area of a provincial highway shall be subject to the approval of the Ministry of Transportation; and,
 - iii) The City and the Ministry of Transportation shall work cooperatively with respect to the planning of land development and associated access connections within the Ministry of Transportation’s permit control area adjacent to all provincial highways and interchanges within the City, to protect the future

capacity and operation of both the provincial highway network and the City's transportation facilities."

The updated Transportation Impact Study, prepared by LEA Consulting Ltd. and dated February 2023, shows that the proposed development is generally supported by the surrounding transportation network. The study recommends an exclusive eastbound right-turn lane with 35 metres of storage at the intersection of South Service Road and Vince Mazza Way, optimized signal timing at the intersection of South Service Road and East Plaza Access during peak hours, and optimized signal timing at the intersection of Fifty Road and South Service Road during peak hours.

The Transportation Impact Study also indicates that both eastbound and westbound off ramps to the Queen Elizabeth Way will experience delays during peak hours which is expected to deteriorate further as a result of the proposed development's impact on the surrounding road network. Detailed comments from the Ministry of Transportation are provided in the Relevant Consultation section below. A Holding Provision has been added to require updates to the Transportation Impact Study to provide additional mitigation measures to the satisfaction of the Ministry of Transportation.

Tree Management

Volume 1

"C.2.11.1 The City recognizes the importance of trees and woodlands to the health and quality of life in our community. The City shall encourage sustainable forestry practices and the protection and restoration of trees and forests."

Trees were not identified on the subject site; therefore a Tree Protection Plan was not required in support of this development. Tree plantings will be identified on the Landscape Plan required during the future Site Plan Control stage.

Based on the foregoing, the proposal complies with the applicable policies of the Urban Hamilton Official Plan and the Fruitland-Winona Secondary Plan subject to the proposed Official Plan Amendment.

City of Hamilton Zoning By-law No. 05-200

The subject lands are zoned District Commercial (C6, 301, H112) Zone in City of Hamilton By-law No. 05-200, as shown on Appendix "A" attached to Report PED23135. The District Commercial (C6, 301, H112) Zone permits a range of commercial uses to serve the day-to-day and weekly shopping needs of residents in the immediate and surrounding neighbourhoods. Residential uses are permitted but the intent of the zone

is predominantly for commercial uses. As such, the applicant has proposed a rezoning to a site specific Mixed Use Medium Density (C5) Zone to permit multiple dwellings with a maximum height of 12 storeys and Live/Work units in addition to commercial uses.

The proposed zoning and zoning standards are consistent with the proposed land use designations in the Urban Hamilton Official Plan. The rationale for the Zoning By-law Amendment is discussed in the Analysis and Rationale for Recommendation section, and an evaluation of the proposed modifications to the (C5) Zone is included in Appendix "D" attached to Report PED23135. The Holding Provision will address the completion of Record of Site Condition requirements, implementation of noise mitigation measures, registration of noise warning clause, and submission and approval of an updated Functional Servicing Report, Hydraulic Analysis, Stormwater Management Report, and updated Transportation Impact Study. Once these conditions have been addressed, the applicant can apply for the removal of the Holding Provision through the passing of a by-law lifting the 'H'.

Design Review Panel

The proposed development was reviewed by the Design Review Panel on November 10, 2022. The concept reviewed included two mixed use buildings of eight and 12 storeys, one residential building of 10 storeys, and eight Live/Work units and 32 stacked townhouse units of three storeys with a total of 600 dwelling units, 1,204 square metres of commercial space, and at grade and underground parking.

The panel advised that the proponent should consider improving circulation and connections with the adjacent properties to increase interactions, designating the central square as a pedestrian area, reducing surface parking, and refining tower façade design.

In response to the Panel's comments, Staff note that the revised proposal has reduced the amount of surface parking from 43 to 27 spaces, modified the internal driveway layout, and increased setbacks to provide improved pedestrian connections.

Design Review Panel comments will be further addressed at the Site Plan Control stage.

PUBLIC CONSULTATION

In accordance with the provisions of the *Planning Act* and Council's Public Participation Policy, Notice of Complete Application and Preliminary Circulation was sent to five property owners within 120 metres of the subject property on October 13, 2022. A Public Notice Sign was posted on the property on October 17, 2022, and updated on August 9, 2023, with the Public Meeting date. Finally, Notice of the Public Meeting was given on August 18, 2023, in accordance with the requirements of the *Planning Act*.

Public Consultation Strategy

In addition to the requirements of the *Planning Act*, the applicants submitted a Public Consultation Strategy with the supporting materials. A Neighbourhood Information Meeting was included as a possible public participation tool. Since no public feedback was received as a result of the Notice of Complete Application or the sign, a Neighbourhood Information Meeting was not held.

ANALYSIS AND RATIONALE FOR RECOMMENDATION

1. The proposal has merit and can be supported for the following reasons:
 - (i) It is consistent with the Provincial Policy Statement (2020) (PPS);

SUBJECT: Applications for Official Plan Amendment and Zoning By-law Amendment for Lands Located at 1310 South Service Road, Stoney Creek (PED23135) (Ward 10) - Page 33 of 35

- (ii) It conforms to A Place to Grow: Growth Plan for the Greater Golden Horseshoe (2019, as amended);
- (iii) It complies with the Urban Hamilton Official Plan and the Fruitland-Winona Secondary Plan, subject to the recommended Official Plan Amendment; and,
- (iv) It represents good planning by, among other things, making efficient use of land and infrastructure by providing housing in an efficient urban form, expanding the range of residential dwelling types, supports local commercial uses and planned transit, and contributing to developing a complete community.

2. Urban Hamilton Official Plan and Fruitland-Winona Secondary Plan Amendments

The purpose of the Official Plan Amendment is to redesignate the lands from “District Commercial” to “Neighbourhoods” within the Urban Hamilton Official Plan and to redesignate the subject lands from “District Commercial” to “Medium Density Residential 2”, remove the lands from Area Specific Policy – Area G, and create a Site Specific Policy within the Fruitland-Winona Secondary Plan to permit a development with a maximum density of 310 units per hectare and a maximum height of 12 storeys.

As per the Urban Hamilton Official Plan policies identified above, the proposed re-designation can be supported since the proposed development makes efficient use of land and infrastructure, provides housing in an efficient urban form, and contributes to developing complete communities. The proposed development will introduce residential intensification in an appropriate location that is compatible with the surrounding area in terms of use, scale, form and character with no privacy, overlook, sun shadow, or other negative impacts. This will support commercial uses on site as well as commercial uses and services on adjacent sites.

The proposed Official Plan Amendment includes the creation of a new Site Specific Policy Area to increase height and density. The “Medium Density Residential 2” permits a maximum density of 75 units per hectare and a maximum height of 3.5 storeys. Staff support the increase in density as the site is located on the periphery of the neighbourhood and in proximity to a retail centre and a potential future transit hub. Staff support the increase in height as it is not expected to cause any negative impacts and supports efficient use of the land. In addition, the current Site Specific Policy Area does not permit residential uses. Staff support removing the lands from the Site Specific Policy Area to allow

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

residential uses as it complies with the general intent and purpose of the Urban Hamilton Official Plan urban structure.

Based on the foregoing, staff supports the requested amendment.

3. Zoning By-law Amendment

The subject lands are currently zoned District Commercial (C6, 301, H112) Zone in City of Hamilton By-law No. 05-200. The applicant has requested that the subject lands be rezoned to a site specific Mixed Use Medium Density (C5) Zone to facilitate development of a mixed use development containing a total of 705 dwelling units and 1,282 square metres of commercial space within two mixed use buildings of eight and 12 storeys, a residential building of ten storeys, and four, three storey townhouse blocks containing 32 units of which eight are Live/Work units.

The proposed zone contains modifications to permit the development. The modifications are identified on pages 6-7 of Report PED23135 and discussed in detail in Appendix "D" attached to Report PED23135. The proposed Mixed Use Medium Density (C5, 851, H112) Zone will permit a broader range of residential uses and a greater height and density. The maximum height of buildings will be restricted to specific parts of the subject lands by a Special Figure in Schedule F – Special Figures of Zoning By-law No. 05-200. The proposed zoning modifications ensure compatibly with adjacent land use. In addition, the proposal contributes to the creation of a complete community envisioned by the Urban Hamilton Official Plan.

Staff are in support of this change of zoning as the proposal complies with the Urban Hamilton Official Plan policies.

4. Holding Provision

An "H" Holding Provision is recommended to require a Record of Site Condition, implementation of noise mitigation measures, registration of noise warning clauses, updated Functional Servicing Report, Hydraulic Analysis, Stormwater Management Report, and updated Transportation Impact Study. Once these conditions have been addressed, the applicant can apply for the removal of the Holding Provision through the passing of a By-law lifting the 'H'.

Amendment for Lands Located at 1310 South Service Road, Stoney
Creek (PED23135) (Ward 10) - Page 35 of 35**

ALTERNATIVES FOR CONSIDERATION

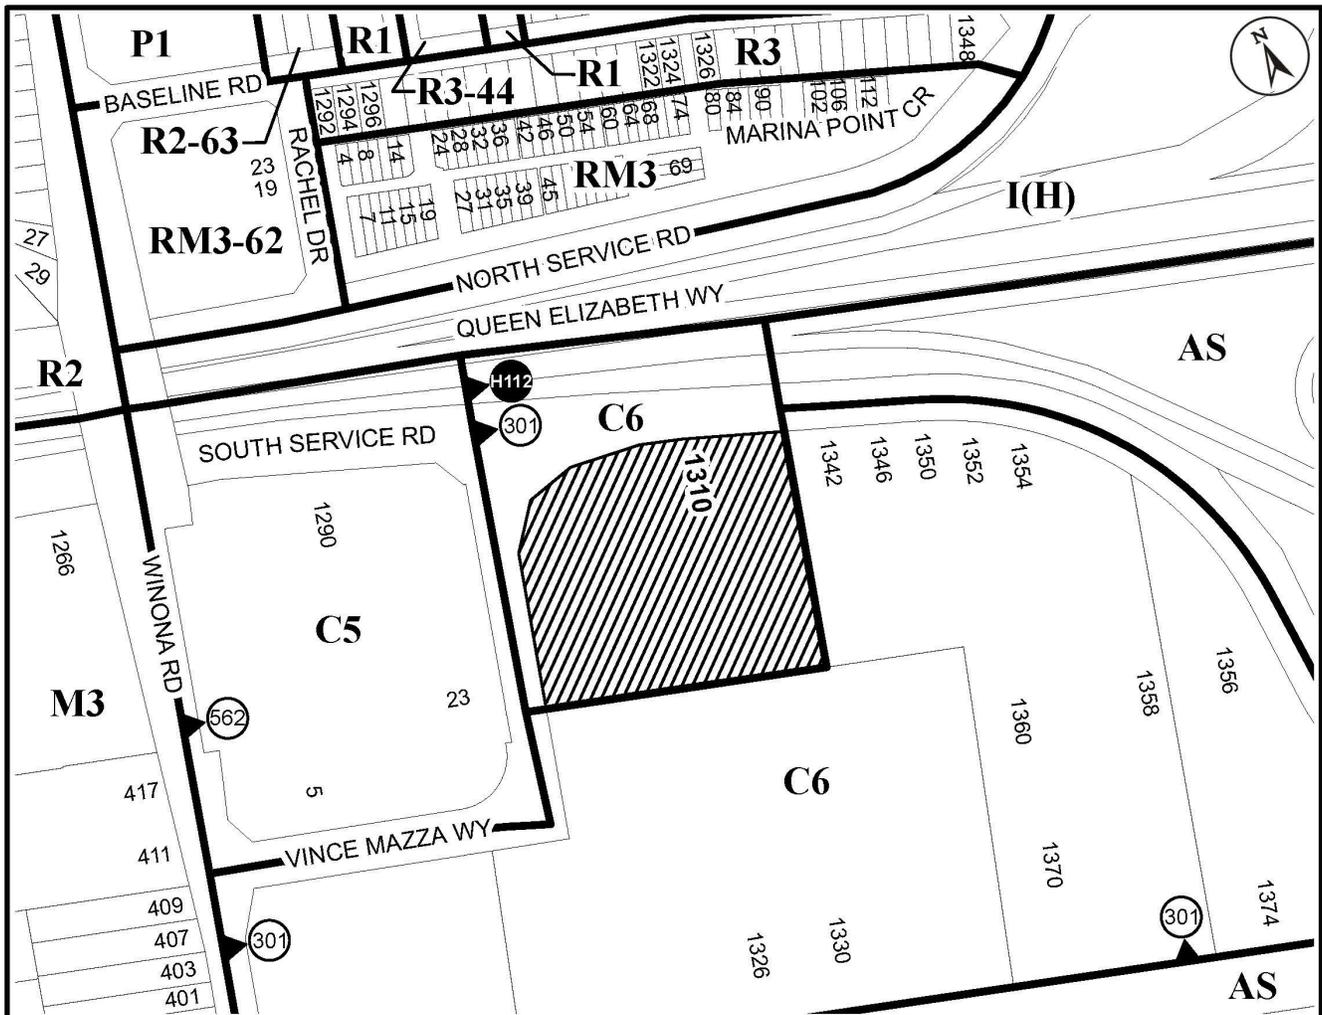

Should the applications not be approved, the subject lands will remain designated "District Commercial" and zoned District Commercial (C6, 301, H112) Zone. The District Commercial (C6) Zone permits a range of commercial uses to serve the day-to-day and weekly shopping needs of residents in the immediate and surrounding neighbourhoods and residential dwellings above the ground floor within a mixed use building.

Schedule “1”

DRAFT Urban Hamilton Official Plan Amendment No. X

The following text, together with:

Appendix “A”	Volume 1: Schedule E-1 – Urban Land Use Designations
Appendix “B”	Volume 2: Map B.7.4-1 – Fruitland-Winona Secondary Plan – Land Use Plan

attached hereto, constitutes Official Plan Amendment No. “X” to the Urban Hamilton Official Plan.

1.0 Purpose and Effect:

The purpose and effect of this Amendment is to redesignate the subject lands, remove the lands from Area Specific Policy – Area G, and create a new Site Specific Policy within the Fruitland-Winona Secondary Plan, to permit a mixed use development with a maximum density of 310 units per net hectare and a maximum height of 12 storeys on the subject lands.

2.0 Location:

The lands affected by this Amendment are known municipally as 1310 South Service Road, in the former City of Stoney Creek.

3.0 Basis:

The basis for permitting this Amendment is:

- The proposed development supports the policies of the Urban Hamilton Official Plan and the Fruitland-Winona Secondary Plan, as it contributes to the range of housing forms and the efficient use of land;
- The proposed development implements the Residential Intensification policies of the Urban Hamilton Official Plan; and,
- The Amendment is consistent with the Provincial Policy Statement, 2020 and conforms to the Growth Plan for the Greater Golden Horseshoe, 2019, as amended.

4.0 Actual Changes:

"Site Specific Policy – Area "X"

B.7.4.18.XX For the lands located at 1310 South Service Road, designated Medium Density Residential 2 and identified as Site Specific Policy – Area "X" on Map B.7.4-1 – Fruitland-Winona Secondary Plan – Land Use Plan, the following policies shall apply:

- a) Notwithstanding Policy B.7.4.4.6 b) of Volume 2, the residential density shall be greater than 60 units per net hectare and not exceed 310 dwelling units per net hectare;
- b) The implementing Zoning By-law shall set out the appropriate building height transitions and step backs from adjacent streets and existing residential uses within the adjacent lands designated Neighbourhoods.
- c) Notwithstanding Policy B.7.4.4.6 c) of Volume 2, the following maximum building heights shall apply:

- i) for Block 1 the maximum building height shall be 12 storeys;
- ii) for Block 2 the maximum building height shall be 10 storeys; and,
- iii) for Block 3 the maximum building height shall be 8 storeys.

Maps

4.2.2 Map

- a. That Volume 2: Map B.7.4-1 – Fruitland-Winona Secondary Plan – Land Use Plan be amended by:
 - i) redesignating lands from “District Commercial” to “Medium Density Residential 2”;
 - ii) removing the lands from Area Specific Policy – Area G; and,
 - iii) identifying the subject lands as Site Specific Policy – Area “X”,as shown on Appendix “B”, attached to this Amendment.

5.0 Implementation:

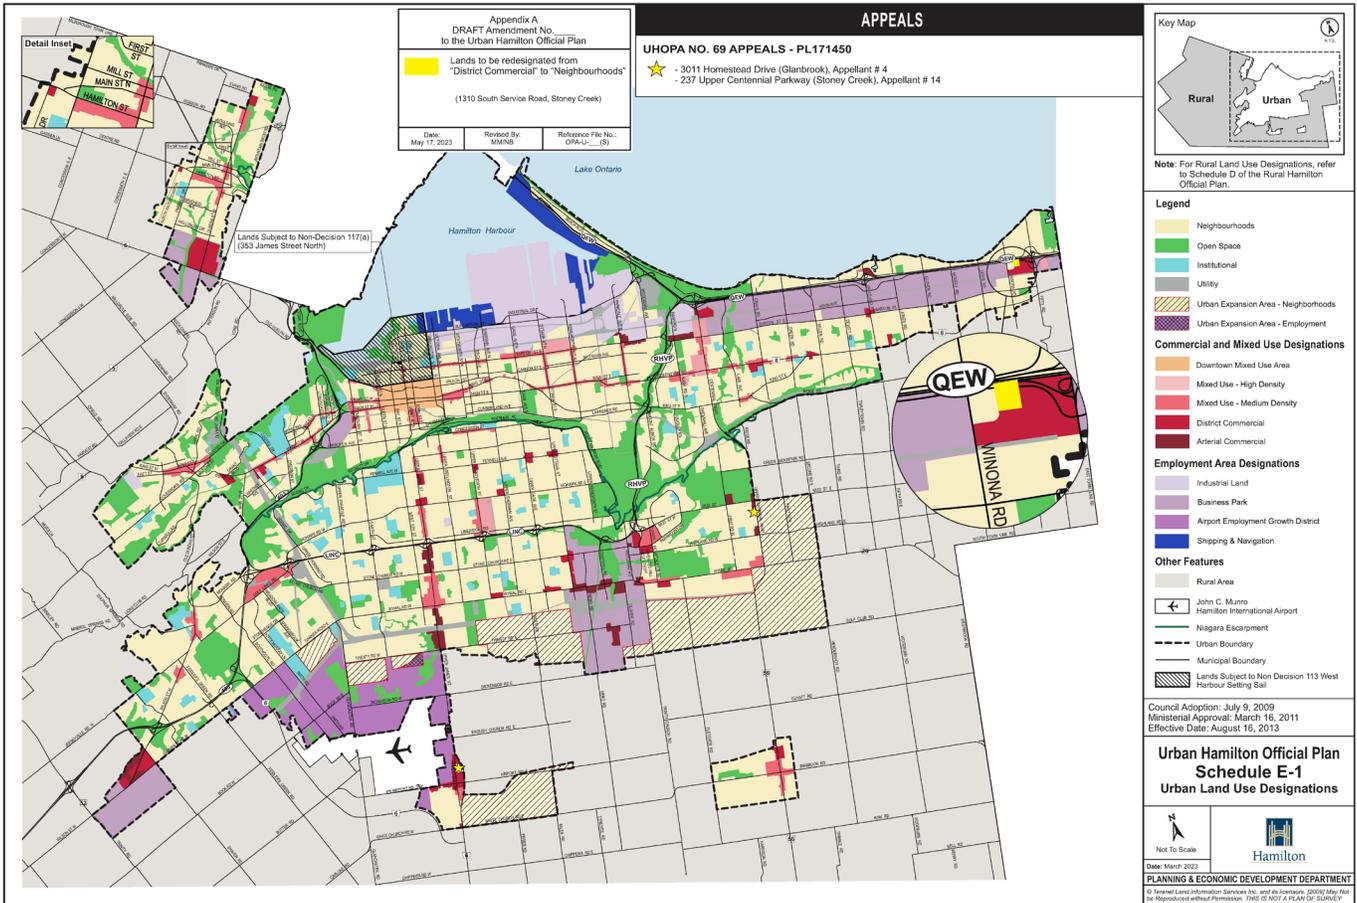

An implementing Zoning By-Law Amendment and Site Plan will give effect to the intended uses on the subject lands.

Commercial uses in a Live/Work Unit shall be limited to a personal service shop, a professional office and a retail store.	Live/Work units provide both commercial and residential uses within the same dwelling unit. The land use designation permits both of these uses and encourages mixed use development. Therefore, staff supports these modifications.

Permitted Yard Encroachments for a porch, deck, or canopy	Maximum 1.5 metres, or to a maximum of half the distance of the required yard, whichever is the lesser.	Maximum 3.5 metres.	These modifications permit the development of buildings at the site boundaries which will result in vibrant pedestrian environments along street frontages and enhanced private amenity area.
Permitted Yard Encroachments for a balcony	Maximum 1.0 metres, except into a required side yard of not more than one-third of its width or 1.0 metres, whichever is the lesser.	Maximum 2.0 metres.	Therefore, staff supports these modifications.
Aggregate Gross Floor Area of all Accessory Buildings	Shall not exceed 45 square metres or 7.5% total lot coverage, whichever is the lesser.	Shall not exceed 7.5% total lot coverage.	Although block townhouse dwellings and Live/Works units are proposed, the site is designed as a multiple dwelling development with underground parking below grade. Therefore, it is not appropriate to regulate this proposal as other ground oriented dwelling types, and accessory buildings providing

Parking Space Location	Not within 3.0 metres from a street line.	Not within 25.0 metres from a street line.	<p>The intention of these regulations is to create vibrant public environments by ensuring that parking spaces do not dominate the street line. The increased setback for parking spaces meets this intent and results in surface parking spaces located at the centre of the site behind buildings, which eliminates the need for a planting strip.</p> <p>Therefore, staff supports these modifications.</p>
Minimum Planting Strip	3.0 metres.	Not required.	
Minimum Long-term Bicycle Parking Spaces	N/A.	0.25 parking spaces per unit.	<p>The proposed number of long-term and short-term bicycle parking spaces will exceed the minimum number required by Zoning By-law No. 05-200. Building Setback from a Street Line	Minimum 3.0 metres for a building with residential units on the ground floor facing a street.	Minimum 2.0 metres.	The proposed setbacks support the creation of a pedestrian oriented environment by allowing buildings to be located nearer to the property line while also permitting the Live/Work units to provide outdoor area adjacent to Vince Mazza Way. The increased setback along South Service Road is consistent with the provincial right-of-way setback requirement. Therefore, staff supports these modifications.

BUILDING HEIGHT DEFINITION

CITY OF HAMILTON (By-Law No. 05-200)

Building Height shall mean the vertical distance from grade to the uppermost point of the building but not including any mechanical penthouse or any portion of a building designed, adapted or used for such features as a chimney, smokestack, fire wall, stair tower, fire tower, water tower, tank, elevator bulkhead, ventilator, skylight, cooling tower, derrick, conveyor, antenna, or any such structure. Provided, however, where this By-law requires building height to be calculated to determine a minimum rear yard or a minimum side yard requirement, building height shall mean the vertical distance between the lowest finished grade elevation along the lot line related to such required yard at that point closest to the building and the horizontal extension of the uppermost point of the building.

BUILDING HEIGHT DEFINITION
 CITY OF HAMILTON, FORM 500-100-000

Building height is defined as the vertical distance from ground to the uppermost point of the building, including any architectural ornamentation of any part of a building, including, but not limited to, spires, towers, cupolas, lanterns, or other decorative elements, but excluding any mechanical equipment, including air conditioning units, exhaust stacks, chimneys, or other mechanical equipment, unless such equipment is an integral part of the building's design and is located within the building's footprint. Building height shall be measured from the finished ground level to the top of the highest part of the building, including any architectural ornamentation, but excluding any mechanical equipment, unless such equipment is an integral part of the building's design and is located within the building's footprint. Building height shall be measured from the finished ground level to the top of the highest part of the building, including any architectural ornamentation, but excluding any mechanical equipment, unless such equipment is an integral part of the building's design and is located within the building's footprint.

**SUBJECT: Official Plan and Zoning By-law Amendment – Jennum Properties Inc –
1310 South Service Road, City of Hamilton**

Dear City Clerk:

WSP Group Canada Inc. (WSP) on behalf of Costco Wholesale Canada, LTD (“Costco”), has received a Notice of Public Meeting of the Planning Committee on September 5, 2023, regarding applications for an Urban Hamilton Official Plan Amendment (UHOPA-22-026) and Zoning By-law Amendment (ZAC-22-063) for the Subject Property municipally known as 1310 South Service Road in the City of Hamilton.

The proposed development is immediately adjacent to Costco’s existing Stoney Creek location at 1330 South Service Road, which opened to the public in November 2017. We would appreciate the opportunity to review the various plans and studies regarding this proposal.

At this juncture, we have reached out to City Planning, and promptly received the Architectural Drawing Set for the proposal. While it is early in our review, we note that there is a “Future Sidewalk Connection” shown in the south-central area of the Site Plan. This connection leads to an area of Costco’s parking lot that does not have an existing pedestrian network. We would suggest this “Future Sidewalk Connection” be placed in the south-west corner of the proposed development where there is an existing sidewalk and pedestrian network.

We appreciate the opportunity to provide these comments to the Planning Committee and reserve the right to provide further comments as our review continues.

Yours sincerely,

WSP Canada Group Inc.

RECOMMENDATION

- (a) That Council adopt the submissions and recommendations as provided in Report PED23185 regarding the proposed natural heritage policies within the proposed new Provincial Planning Statement, 2023;
- (b) That the Director of Planning and Chief Planner be authorized and directed to confirm the submissions made to the Province attached as Appendix “A” to Report PED23185;
- (c) That the Director of Planning and Chief Planner and the City Solicitor be authorized to make submissions on the proposed natural heritage policies of the proposed new Provincial Planning Statement, 2023 and any associated regulations consistent with the comments and concerns raised in Report PED23185.

EXECUTIVE SUMMARY

On April 6, 2023, the Province released a new Provincial Planning Statement adapted from, and replacing the Provincial Policy Statement, 2020 and Growth Plan for the Greater Golden Horseshoe, 2019 as amended (Growth Plan). At that time, the policy document removed all existing natural heritage policies and noted they were still under

OUR Vision: To be the best place to raise a child and age successfully.

OUR Mission: To provide high quality cost conscious public services that contribute to a healthy, safe and prosperous community, in a sustainable manner.

OUR Culture: Collective Ownership, Steadfast Integrity, Courageous Change, Sensational Service, Engaged Empowered Employees.

SUBJECT: Proposed Provincial Planning Statement, 2023 – Natural Heritage Policies (PED23185) (City Wide) - Page 2 of 6

consideration by the Province. The City prepared comments on the proposed Provincial Planning Statement, which was presented and endorsed by City Council through Report PED23145 on June 21, 2023 and submitted to the Province.

On June 16, 2023, the Province released a revised version of the proposed Provincial Planning Statement with the natural heritage policies. The existing natural heritage policies within the Provincial Policy Statement, 2020 are proposed to be carried forward with no text changes. The proposed Provincial Planning Statement includes revisions to the definition of *Negative Impacts* and *Significant* which are discussed in this Report. It also included a revision to the definition of *Natural Heritage Features and Areas* but the Province has subsequently removed this change. Overall, the proposed Provincial Planning Statement carries forward the same approach for identifying and protecting natural heritage systems that has been in place in the Province since 2005.

The deadline for comment on the proposed Provincial Planning Statement including the newly release natural heritage policies was August 4, 2023, extended from June 5, 2023. Staff comments on the proposed natural heritage policies have been submitted to the Province and are contained in Appendix “A” attached to Report PED23185. If the recommendations of this Report are approved by Council, the Chief Planner will notify the Province that the submissions that were made have been adopted by Council for the City of Hamilton.

As discussed in Report PED23145, the Province had signalled that they were going to revisit the lot creation policies within Prime Agricultural Areas; however, to date no additional revisions to the proposed Provincial Planning Statement have been released.

Alternatives for Consideration – See Page 5

FINANCIAL – STAFFING – LEGAL IMPLICATIONS

Financial: The proposed Provincial Planning Statement will have financial implications on the City, largely related to long term planning. The degree and magnitude of the financial implications are not fully known at this time. Staff will continue to monitor, analyze and report back to Council as necessary.

Staffing: At this time, the proposed Provincial Planning Statement only proposes legislative changes and there are no staffing implications at this time. However, if the proposed PPS is enacted as currently drafted, there may be staffing resourcing implications associated with the changes.

Legal: Legal Services and the Planning Division will continue to monitor the status of the proposed Provincial Planning Statement and report back where necessary with recommendations for the implementation, if enacted.

SUBJECT: Proposed Provincial Planning Statement, 2023 – Natural Heritage Policies (PED23185) (City Wide) - Page 3 of 6

HISTORICAL BACKGROUND

Over the last number of years, the Provincial Government has introduced various legislative changes which although including some positive changes, have generally diminished the land use planning system in Ontario:

- Bill 108 (2019) (FCS19057(a) / LS19023(a)) - changes to processes, heritage and appeals;
- Bill 276 (2021) (PED21139) - changes to subdivision control;
- Bill 13 (2021) (PED21220) (PED22112(b)) - additional delegated authority from Council to staff;
- Bill 109 (2022) (PED22112(b)(c)(d)) - fee refunds for applicants for certain development applications;
- Bill 23 (2022) (PED22207) – amendments related to increasing the supply of housing; and,
- Bill 97 (2023) (PED23145) – amendments to Minister powers, definition of employment and other procedural changes.

On June 21, 2023 Council ratified the submissions made to the Province regarding Bill 97, Proposed Helping Homebuyers, *Protecting Tenants Act*, 2023 and Proposed Provincial Planning Statement attached as Appendix “A” to Appendix “D” to Report PED23145.

Staff comments identify several areas of concern with the proposed Provincial Planning Statement including:

- Reducing the required justification and direction for settlement area expansion;
- Reducing emphasis on residential intensification and development in locations that support transit;
- Increasing opportunities for rural residential lot creation in rural and agricultural areas;
- Weakening restrictions on conversion of Employment Lands and making it more challenging to designate Employment Lands;
- Reducing land use compatibility criteria for sensitive land uses near Major Facilities;
- Weakening Climate Change policies; and,
- Allowing Minister Zoning Orders to exempt Provincial plans and policies.

The City is of the opinion the proposed Provincial Planning Statement is contrary to balance decision making, the protection of the natural environment, employment lands and agricultural lands, diminish the role of local participation in land use planning and represents a significant shift away from the policy led planning system in Ontario.

SUBJECT: Proposed Provincial Planning Statement, 2023 – Natural Heritage Policies (PED23185) (City Wide) - Page 4 of 6

While the City of Hamilton supports the increase in housing supply as a measure to address the current housing crisis, the proposed Provincial Planning Statement provides increased flexibility which will have unintended consequences and create more uncertainty for land use planning.

These submissions did not include comments on the newly released natural heritage policies which have been submitted separately and are attached as Appendix “A” to Report PED23185.

POLICY IMPLICATIONS AND LEGISLATED REQUIREMENTS

Provincial Policy Statement (2020)

The Provincial Planning Policy framework is established through the *Planning Act* (Section 3) and the Provincial Policy Statement. It provides municipal governments with the direction and authority to guide development and land use planning through official plans, secondary plans and zoning by-laws. The *Planning Act* requires that all municipal land use decisions affecting planning matters be consistent with policy statements and plans issued by the Province.

The Government of Ontario is proposing to replace the Provincial Policy Statement, 2020 with the new Provincial Planning Statement. Similar to the current framework, the proposed PPS will require that all municipal land use decisions affecting planning matters be consistent with policy statements and plans issued by the Province.

Growth Plan for the Greater Golden Horseshoe (2019)

The Growth Plan for the Greater Golden Horseshoe is a provincial plan which provides direction for managing growth in Ontario to the year 2051. The *Planning Act* requires all municipal decisions to conform to all provincial plans.

The Government of Ontario is proposing to repeal the Growth Plan. The existing natural heritage policies in the Growth Plan are not proposed to be included in the proposed Provincial Planning Statement.

RELEVANT CONSULTATION

The Senior Leadership Team and staff from within the Planning, Growth Management, Climate Change Initiatives, Indigenous Relations, Public Works, and Legal Services were consulted in the drafting of this report, recommendations and appendices.

SUBJECT: Proposed Provincial Planning Statement, 2023 – Natural Heritage Policies (PED23185) (City Wide) - Page 5 of 6

ANALYSIS AND RATIONALE FOR RECOMMENDATION

City staff are pleased the existing natural heritage policies and related definitions of the Provincial Planning Statement, 2020 have been carried forward with minimal changes. The changes include amending the definition of *Significant* to replace reference to “Ontario Ministry of Natural Resources and Forestry” with “the Province” and replacing “evaluation procedures developed by the Province, as amended from time to time” with “provincial guidance”. Staff have concerns these changes will increase uncertainty respecting how the Province will provide guidance and procedures for identifying natural features of provincial interest.

The proposed new Provincial Planning Statement provides the opportunity to strengthen the existing natural heritage policies in certain areas. The City of Hamilton has identified areas where additional policies should be included in the proposed Provincial Planning Statement including policies inclusive of all wetlands, policies associated with Vegetation Protection Zones, updating the Natural Heritage Reference Manual and re-evaluating the role of Conservation Authorities for evaluating natural features. This is further described in the comments attached as Appendix “A” to Report PED23185.

The Provincial Planning Statement, 2020 definition of *Natural Heritage Features and Areas* was initially proposed to be revised to remove reference to *habitat of endangered species and threatened species* in the revised document released on June 16, 2023. The document was since updated to remove this change. The Ministry of Municipal Affairs and Housing clarified this change was an error and there is no intent to revise the definition of *Natural Heritage Features and Areas*. The City of Hamilton has prepared comments on this basis.

The natural heritage policies of the Growth Plan are not included within the proposed Provincial Planning Statement. The natural heritage policies of the Growth Plan currently represent duplication with other provincial legislation and add unnecessary complexity for municipalities like Hamilton within the Greenbelt Plan when reviewing and developing official plan policies and assessing development applications.

It is understood that the natural heritage policies of the Greenbelt Plan and Niagara Escarpment Plan will continue to prevail over the proposed Provincial Planning Statement, 2023. At the time of writing this report, no changes have been proposed to these pieces of legislature and associated plans / policies.

ALTERNATIVES FOR CONSIDERATION

Council may amend the staff-level comments attached as Appendix “A” to Report PED23145 or supplement the staff-level comments with additional comments.

City of Hamilton Comments on

Proposed Provincial Planning Statement, 2023 – Natural Heritage Policies

A Place to Grow: Growth Plan for the Greater Golden Horseshoe, 2019

The proposed Provincial Planning Statement contains the existing Natural Heritage policies of the Provincial Planning Statement, 2020 but does not consider the Natural Heritage policies of the Growth Plan.

The methodology used in the development of the Growth Plan Natural Heritage System differed from the technical criteria used in the Provincial Policy Statement (Natural Heritage Reference Manual), and Greenbelt Plan. For municipalities like Hamilton, within the Greenbelt Plan, the natural heritage policies of the Growth Plan represent duplication with other provincial legislation and can add unnecessary complexity when reviewing and developing official plan policies and assessing development applications.

The City of Hamilton is supportive of municipalities using the policies of the PPS for the identification natural heritage systems. Local data from municipalities and Conservation Authorities provides more accurate and up-to-date information.

Under the Growth Plan, the boundaries of the natural heritage system mapping can only be adjusted through a Municipal Comprehensive Review. As discussed in detail under the City of Hamilton’s other comments on the proposed Provincial Planning Statement, the City is not supportive of the removal of the Municipal Comprehensive Review requirement under the existing PPS, 2020 and Growth Plan.

Provincial Policy Statement, 2020

The current “systems-based” approach under the existing Provincial Planning Statement, 2020 was implemented recognizing that both the feature and its functions are important in achieving a resilient Natural Heritage System. The existing Natural Heritage System mapped in the Rural Hamilton Official Plan and Urban Hamilton Official Plan is based on the Greenbelt Plan criteria, criteria from the Natural Heritage Reference Manual, as well as locally significant natural areas (i.e., Environmentally Significant Areas). The City of Hamilton is supportive this approach has been retained, as suggested in Policy 4.1.1, 4.1.2, and 4.1.3 of the proposed PPS.

The existing Provincial Planning Statement, 2020 also contains direction on how to protect specific natural heritage features and their functions. The City of Hamilton is supportive that this approach has been retained, as suggested by Policy 4.1.5, 4.1.6, 4.1.7, and 4.1.8 of the proposed Provincial Planning Statement.

The intention of natural heritage policies within the current Provincial Planning Statement, 2020 is to preserve and enhance existing natural features and their functions for the long-term. The City of Hamilton is supportive that this intent has been carried forward within the proposed Provincial Planning Statement which:

Appendix “A” to Report PED23185
Page 2 of 4

- Decreases fragmentation;
- Allows for an increase in biodiversity;
- Improvement of species ability to adapt to climate change; and,
- Promotes a healthy, resilient, and diverse natural environment.

The importance of ecological connections for the maintenance of ecological health is recognized in the current Provincial Planning Statement, 2020. These connections allow for plant and animal movement, hydrological and nutrient cycling and allows for species populations to replace themselves. The City is supportive of this being carried forward to the proposed Provincial Planning Statement.

It is stated in the current Provincial Planning Statement, 2020 that municipalities can go beyond minimum standards established in the Provincial Planning Statement as long as municipalities do not conflict with any Provincial Planning Statement policy. This policy is important to ensure that regional and local priorities are addressed and locally significant natural areas (i.e., Environmentally Significant Areas) are protected. The City of Hamilton supports this policy being carried forward to the proposed PPS.

Summary of Proposed Change	Comments
<p>Amends the definition of Significant as follows:</p> <ul style="list-style-type: none"> a) removes “Ontario Ministry of Natural Resources and Forestry” b) replaces “Ontario Ministry of Natural Resources and Forestry” with “the Province” d) replaces “evaluation procedures developed by the Province, as amended from time to time” with “provincial guidance” 	<p>The Ontario Ministry of Natural Resources and Forestry has the expertise to provide science-based analysis and guidance. The proposed amendment to the definition of Significant to remove reference to the Ontario Ministry of Natural Resources and Forestry will lead to increased uncertainty on which branch of the Province will provide guidance and procedures for identifying natural features of provincial interest and could weaken policy 4.1.5 which prohibits development and site alteration in areas identified as significant natural features.</p>

Missed Opportunities:

The proposed Provincial Planning Statement poses an opportunity to make improvements to the existing provincial natural heritage policies. The following elements are missing from the natural heritage policies of the proposed Provincial Planning Statement:

Policies inclusive of all wetlands (not just Provincially Significant or Coastal Wetlands) have not been considered in the proposed Provincial Planning Statement. All wetlands (including unevaluated and non-provincially significant) play an important role in the function of the Natural Heritage System and should include in the proposed Provincial Planning Statement.

The concept of Vegetation Protection Zones is included within policies of the Greenbelt Plan and the Growth Plan, but no policies associated with Vegetation Protection Zones have been considered in the proposed Provincial Planning Statement. Vegetation Protection Zones are a widely accepted measures to mitigate the impacts of development on features and their functions. The City of Hamilton recommends policies be added to the proposed Provincial Planning Statement related to Vegetation Protection Zones.

The Natural Heritage Reference Manual was developed to provide guidance on technical approaches to implement natural heritage policies of the 2005 Provincial Policy Statement. This manual has not been updated since 2010. The City of Hamilton recommend this Manual be updated.

Lastly, a number of the natural heritage policies are dependent on Provincial determinations. The proposed revisions to the natural heritage policies was an

opportunity to re-evaluate the role of the Conservation Authorities in evaluating natural features to alleviate provincial resources and ensure timely decisions are made.

STATEMENT OF CULTURAL HERITAGE VALUE OR INTEREST AND DESCRIPTION OF HERITAGE ATTRIBUTES

Description of Property

The property municipally addressed as 215 King Street West, Dundas, is comprised of a one-and-a-half-storey asymmetrical brick Georgian dwelling constructed in 1861, located near the northwest corner of King Street West and Market Street North, in the community of Dundas in the City of Hamilton.

Statement of Cultural Heritage Value or Interest

The property located at 215 King Street West is comprised of a representative example of a Georgian style dwelling. The one-and-a-half storey brick masonry cottage was built in 1861 and its features typical of the Georgian style include the three-bay front façade, box like massing, side gable roof and rectangular window openings. The front brick façade is laid in Flemish bond with English corner detailing and decorative cross brickwork under the eaves, displaying a high degree of craftsmanship. The property is also a unique example of an asymmetrical façade, which, while uncommon overall, is a local-to-Dundas vernacular interpretation of Georgian style.

The historical value of the property lies in its association with the theme of worker housing in Dundas. During the mid-nineteenth century, Dundas was a thriving industrial centre, home to a number of mills and manufacturers. Many people employed in these industries immigrated to, and resided in, downtown Dundas to be close to their places of employment. 215 King Street West represents part of this residential area and reveals the conditions in which working families lived. The subject property was built by Moses Fennix in 1861 and used as a single-family rental property before being converted into a boarding house. Tradespeople known to have resided at the property include a carpenter, axe maker, boiler maker, and plumber.

The contextual value of the property lies in its role maintaining the historic residential character of downtown Dundas. The property is historically and visually linked to its surroundings, located along the prominent historic transportation corridor of King Street, and having been historically rented out to local tradespeople.

Description of Heritage Attributes

Key attributes that embody the design value of the property as being representative and unique example of the Georgian style of architecture and the high degree of craftsmanship, and the associative value of the property tied to early worker housing and tradespeople, include:

Appendix 'A' to Item 1 of HMHC Report 23-008**Page 2 of 2**

- The front (south) and side (east and west) elevations of the one-and-a-half-storey brick building, including its:
 - Side gable roof;
 - One-and-a-half storey, box-like massing;
 - Asymmetrical three-bay front façade;
 - Front brick facade laid in Flemish bond with English corner detail;
 - Decorative cross brickwork below the front eave;
 - Flat-headed window openings in the front façade with brick voussoirs and stone sills; and,
 - Wood window and door surrounds on the front façade.

Key attributes that embody the contextual value of the property and its role in maintaining the historic residential character of downtown Dundas include its:

- Location fronting onto King Street West; and,
- Close proximity to the public right-of-way.

Re: 214 Mary Street, Hamilton, ON, L8L 4W1

To Whom it may concern:

I am writing to request to have my property located at 214 Mary Street, Hamilton ON, L8L 4W1 be **removed** from the Municipal Heritage Register (currently on the register as a non designated property as it is deemed to be a Character Supporting resource) **effective immediately**.

I understand that my property will be automatically be removed on January 1, 2025. However, there are no clear benefits to having my property on this register, for me personally or for the neighborhood for the remaining 2 years.

In reviewing the document provided to me which was used to add 214 Mary onto the heritage register, I am not at all convinced that there are any distinctive features in the property that would warrant adding it to the register. In fact, I see that you recognize that it is a Stone foundation home with brick construction materials which is not at all distinctive feature as most homes are built in the same manner. I **do not** agree that my property has a historical value due to the theme associated with it. My home is just a brick home! There is nothing particular that would warrant classifying it as an "association with a certain theme". I believe that the committee has falsely classified it and added it to the Register without my permission or consideration of the actual facts. It is true that the home is old but that shouldn't be a reason it to put it on a Heritage Register at all.

Furthermore, if it is automatically coming off the register as of January 1, 2025 anyway, adding to the Heritage Register adds zero value to the city or the neighbourhood and only causes potential roadblocks for the owner (additional loopholes to obtain permission to make changes if there were any plans in the future). I do not have any current or active plans to make any alternations to the home but the thought of having to approach city officials who are still

Appendix 'B' to Item 4 of HMHC Report 23-008
Page 2 of 2

2603880 Ontario Inc.

working through a backlog from the pandemic is not an appealing one. Also, if there is a financial need to sell the property (due to the high interest rates and not being sustainable due to the economic environment), being on the register is extremely punitive as potential buyers do not want to take on a property with restrictions.

The fact that the city believes, there is little or no evidence that adding to a Heritage Register will negatively impact the value of the property to the homeowner is absolutely incorrect. I have read the report available online which is dated February 18, 2020 based on data from 2019. Needless to say this report is extremely outdated in today's dynamic environment and shouldn't hold any weight for the decision making of the committee as it is based on data before the pandemic which has shifted many market trends. The truth of the matter is, that the real estate market is quite depressed and having any stipulation whatsoever that restricts homeowners in altering their property is a hinderance. Period. The fact that being on the Heritage Register requires a short term delay absolutely decreases a property value as buyers and sellers do not want to be subjected to the red tape and delays that come with dealing with city officials who themselves are carrying a backlog of issues due to the pandemic. Furthermore, addition to the Heritage Register is absolutely meaningless. It doesn't provide any value to the city, neighborhood or the home owner. So why do it? Why is this even occurring? This is very clear in the report dated February 24, 2023 by the Planning and Economic Development Department which specifically calls out a need to substantially shift in how the city identifies and protects significant cultural heritage properties, which my property clearly isn't (a simple stone/brick home). Therefore, I would ask that 214 Mary street to be removed from the Heritage Register immediately.

In summary, there is 0 positive value to the city to adding 214 Mary Street to the Heritage Register. 214 Mary street is an older property but does not have any distinctive features to warrant it with a character supporting identification in the Heritage Register. Moreover, being placed on this Register is extremely punitive for the homeowners who are contending with extreme market and economic conditions and therefore do not need this added negative stipulation on the property to make things even worse than they already are.

Please remove 214 Mary street from the Heritage register effective immediately as this is automatically happening anyway on January 1, 2025 therefore, I do not see what the value it holds for the city to keep the property on the register for the sake of it for 2 more years at the cost of causing headaches for homeowners.

Thank you for your kind consideration. I will await your reply.

Samhita Gera
