*a. Staff Presentation

15. PRIVATE AND CONFIDENTIAL

*15.3 Appeal to the Ontario Land Tribunal for lands located at 487 Shaver Road, Hamilton, for Lack of Decision on Official Plan Amendment Application (UHOPA-22-002) and Zoning By-law Amendment Application (ZAC-22-005) (LS23038) (Ward 12)
Pursuant to Section 9.3, Sub-sections (e), (f) and (k) of the City's Procedural By-law 21-021, as amended; and, Section 239(2), Subsections (e), (f) and (k) of the Ontario Municipal Act, 2001, as amended, as the subject matter pertains to litigation or potential litigation, including matters before administrative tribunals, affecting the municipality or local board; advice that is subject to solicitor-client privilege, including communications necessary for that purpose; and, a position, plan, procedure, criteria or instruction to be applied to any negotiations carried on or to be carried on by or on behalf of the municipality or local board.

Monday, October 30, 2023

Members of the Planning Committee at the City of Hamilton,

I am writing to express our full support for item 12.1 on your agenda, a motion by Councillor Maureen Wilson, to direct staff to report back on the feasibility of regulating the distribution and display of graphic images both in advertising spaces and through mail distribution.

The sight of graphic and gory depictions of fetuses can be disturbing to everyone. This imagery promotes misinformation about reproductive healthcare and seeks to shock and traumatize recipients. In a home mailbox, it could be found by children and young people whom parents do not want exposed to such harmful messages and images.

Whether received in public or at home, these images can be especially cruel to those who have exercised their right to have an abortion and those who have experienced pregnancy loss. Furthermore, the misinformation is designed to stop women from exercising their right to manage their health – despite the fact that access to abortion literally saves women's lives.

Actions taken to regulate distribution of these images in sealed envelopes, with a clear content warning and the name and address of the distributing organization can add accountability and allow residents to make informed choices about viewing graphic content, while protecting other vulnerable household members.

As an organization serving women, girls and gender-diverse people, we actively work to build and defend a world where all reproductive care and access to abortion is respected for every woman and pregnant person. The regulation of harmful images that challenge reproductive rights and endangers women is part of our work to build and defend gender equality.

Other municipalities in Ontario and across the Country have moved to regulate the distribution and visibility of this content, and we are grateful to see this action locally.

We ask that you vote in favour of this motion.

Thank you,

Medora Uppal

Subject: AEGD TMP update

I have concerns about the latest version of the TMP associated with the Airport Employment Growth District.

Modifications were made to the TMP to account for source water protection yet I see no evidence that this has been given serious consideration. ANY additional roads, sidewalks, parking lots and cycling lanes will require winter maintenance. Road salt will be employed to keep these areas safe. Chloride levels in our local streams are rising with each new development that replaces natural spaces. With the proposed provincial changes to stormwater management regulations for construction and maintenance of commercial and multi residential sites, the municipality must do more to ensure our drinking water is safe for future generations. Green infrastructure design specifications are still not settled for appropriate winter maintenance protocols that mitigate the impacts of road salt that is expedited into the subsurface impacting groundwater.

The complete streets concept, while designed for active transportation alternatives, does not attempt to limit the encroachment into natural spaces by reducing motor vehicle and truck roadway lanes.

In addition, I question the timing of this plan as the city has yet to finalize the Biodiversity Action Plan. The forecasted employment figures may also be high considering the changing nature of the work force with many choosing a hybrid option to work from home.

Kindest Regards,
Caroline
