Respectfully submitted,

Councillor John-Paul Danko
Chair, General Issues Committee Budget

Angela McRae
Legislative Coordinator
Office of the City Clerk

**GENERAL ISSUES COMMITTEE
(OPERATING AND CAPITAL BUDGET)
MINUTES 24-001(a)**

9:30 a.m.

Friday, January 19, 2024
Council Chambers, City Hall, 2nd Floor
71 Main Street West, Hamilton, Ontario

Present: Mayor A. Horwath, Councillors J. P. Danko (Chair)
J. Beattie, C. Cassar, B. Clark, M. Francis, T. Hwang,
T. Jackson, C. Kroetsch, T. McMeekin, N. Nann, E. Pauls,
M. Spadafora, M. Tadeson, A. Wilson, M. Wilson

FOR INFORMATION:

(a) APPROVAL OF AGENDA (Item 1)

The Committee Clerk advised of the following changes to the agenda:

3. APPROVAL OF MINUTES OF PREVIOUS MEETING

3.1 November 27, 2023 – WITHDRAWN

11. PRIVATE AND CONFIDENTIAL

11.1 Closed Session Minutes - November 27, 2023 – WITHDRAWN

Note these Items were withdrawn as they were previously approved.

(Clark/M. Wilson)

That the agenda for the January 19, 2024 General Issues Committee (Budget) meeting, be approved, as amended.

Result: MOTION, CARRIED by a vote of 12 to 0, as follows:

Yes	-	Mayor Andrea Horwath
Yes	-	Ward 1 Councillor Maureen Wilson
Yes	-	Ward 2 Councillor Cameron Kroetsch
Absent	-	Ward 3 Councillor Nrinder Nann
Yes	-	Ward 4 Councillor Tammy Hwang
Absent	-	Ward 5 Councillor Matt Francis

Chair, General Issues Committee Budget

Angela McRae
Legislative Coordinator
Office of the City Clerk

DATE: November 15, 2023
TO: Chair and Members of the Board
FROM: Tony Del Monaco, Director, Finance and Facilities
SUBJECT: **2024 Operating Budget (2nd Review) - TD**

RECOMMENDATION:

That the Hamilton Public Library Board approve for submission to the City of Hamilton the 2024 Operating Budget at a net increase of \$1,483,378 or 4.4%.

That the Hamilton Public Library Board approve the use of \$1,000,000 in reserve funding from the Library General Development Reserve #106007 as part of the 2024 Operating Budget submission.

ATTACHMENTS:

2024OperatingBudget_2nd Review.pdf
Table 1 - 2024 Budget Summary.pdf
Table 2 - Operating Budget Changes.pdf
Table 3 - Three Year Forecast.pdf

Date: November 15, 2023
To: Chair and Members of the Board
c.c.: Paul Takala, Chief Librarian/CEO
From: Tony Del Monaco, Director of Finance & Facilities
Subject: **2024 Operating Budget Submission (2nd Review)**

FINANCIAL/STAFFING/LEGAL IMPLICATIONS:

The 2024 Operating Budget is being submitted at a 4.4% increase which would result in a \$1,483,378 increase. The net levy municipal contribution would be \$35,015,701.

The Board passed a Statement on Sustainability, committing the library to maintaining investment in 5 key areas. Those key areas are: Collections; Facilities; Technology; Staff; and Programs and Services. A 4.4% budget increase allows the Library to achieve these priorities and meet customer service demands.

BACKGROUND:

Over the last several years, the following direction has been received by Council and subsequent submissions by the Library Board:

	<u>Direction</u>	<u>Library</u>
2014	0.0%	0.2%
2015	-----	1.5%
2016	1.0%	1.0%
2017	1.8%	1.8%
2018	1.5%	1.8%
2019	-----	2.4%
2020	2.0%	2.0%
2021	2.0%	1.5%
2022	2.0%	2.5%
2023	-----	3.5%
2024	-----	4.4%

As can be seen from past operating budget submissions, the Library has a strong track record of meeting City Council's budget guidelines (no Council direction given this budget year). Over the previous 10 budget cycles, the average annual increase in HPL's operating budget has been limited to 1.8% per year.

HPL's 2024 operating budget increase is at 4.4%.

2024 Budget Outlook:

The 2024 Operating Budget request is at a municipal contribution of \$35,015,701 which is an increase of \$1,483,378 or 4.4% over the 2023 Operating Budget of \$33,532,323.

Attached as Table 1 to this report is a 2024 Budget Outlook summarizing the changes by cost category.

Employee-related expenses are the primary driver and are budgeted to increase by \$2,027,827.

A 2.5% and 3.0% cost of living adjustment (COLA) for non-union and union employee salary and wages respectively has been built into the budget for 2024. This is higher than the COLA we have been using in recent years and higher than what was budgeted last year in 2023. As part of last year's budget, we included a 2.5% COLA factor for all employees; however, actual union increases were 3.75% and non-union increases were variable depending on the position, but above 2.5% in all cases. The non-union increases included modifications to pay scales to remain in-line with our comparator municipalities. As a result, the 2024 budget includes not only the cost of living adjustment for 2024, but also an adjustment for the actual cost of living factors applied in 2023, versus what was budgeted for.

Several positions were also added to the budget, bringing our Full-Time Equivalent (FTE) count from 303.5 up to 309.5. The positions relate to public service and in-house security. In 2022, we made sweeping changes to our service hours system-wide. We listened to community member feedback and eliminated closed days during the week, and expanded Sunday hours to include all regional branches in addition to Central, without adding additional staff. 2022 was also the year we returned to in-person programming. We started with much fewer programs than before the pandemic and we have been slowly building up our offerings. With increased service hours and the demand for in-person programming growing over the course of 2022 and into 2023, staffing deficiencies in this area became evident. Having achieved consistent service hours across the city, we now need to address the community's needs for programming and outreach. By filling these positions, we will be able to more closely meet those needs. We anticipate that the demand will continue to increase in some areas, as our offerings are still below pre-pandemic levels. We will provide updates when additional resources are required.

As mentioned, the budget includes the addition of two in-house security guard positions. Currently we have one in-house security supervisor that oversees a team of contracted security guards. In recent years we have seen an increase in demand for security guards, both at Central, where security guards have been onsite for many years, and at some branches that have never had security guards before. The increased use of security guards has also allowed us to offer the "After Hours

Study Hall” model of operations where the Central Library and our six Regional branches remain open for quiet study, from regular closing at 8pm until midnight Monday through Thursday. The service model operates with one or two guards onsite (except for Central, which uses four due to its size). Adding in-house security will help with scheduling and other administrative tasks of the expanded guard contract, while also providing increased coverage time so that an HPL-employed guard can be onsite at Central to lead the contracted guard team. These on-staff guards will not only be leading the contracted guard team, but will also be performing regular guard duties to offset the number of contracted guards required.

As for Employee Benefits, our share of OMERS employer-paid contributions are budgeted to increase by \$265,000. As of last year, the eligibility requirements for non-full-time employees have been removed, so now all non-full-time employees may elect to join the OMERS Plan at any time. For those staff that elect to opt in, the Library will provide matching pension contributions. About 50 part-time employees and 1/3 of our Pages have elected to join the plan so far, and we have adjusted the budget accordingly.

Security Contract

As mentioned earlier, we have increased our use of contracted security guards to help deal with behaviour-related incidents at our branches. Three of our branches now have security on site on a regular basis – Central, Barton and Parkdale. At Barton we have a guard onsite during all open hours. At Parkdale a guard is onsite for about half of the open hours. Central, being our biggest and busiest location, has a complement of between 4 and 10 guards at any given time. Various branches may also have guards temporarily onsite to help staff deal with spikes in unwanted behaviour.

With the rollout of our After Hours Study Halls at Central and Regional branches, the requirement for budgeted guard hours has increased. Study Hall service operates at these locations from close of normal operations at 8pm, until midnight Mondays to Thursdays. Regional locations operate with one or two guards onsite, while Central operates with four due to its size.

The Board has also committed to making sure our guards are paid a living wage. With the combination of increased hours and increases to living wage, we are expecting our next security contract, which will be put out for tender later this year, to come in higher than in the past. For this reason, we have included a \$100,000 budget increase for security in 2024, with further increases budgeted in the three-year projection.

Other Budget Areas

We have moved \$25,000 from the software budget (Materials and Supplies) to Service Contracts budget (Contractual Services). Occasionally we buy software, but it is more likely that we subscribe to it, and pay an annual fee through the Service

Contracts budget. The majority of other budget adjustments relate to City-driven costs, which are charged back to us via a direct or indirect cost allocation.

Revenues

On the revenue side, we have incorporated minor changes to the budget, including expected increases in Newcomer Learning Centre grant funding (\$20,000); Print and Copy revenue increases (\$30,000) as well as miscellaneous revenue increases (\$4,000) for things such as filming requests.

Reserve Funding

Two years ago, as part of the operating budget, we introduced a transfer from library reserves to offset operating budget impacts. For the 2023 budget, that transfer was set at \$200,000. As part of the 2024 budget, and in line with the Mayoral directive, we have increased that reserve contribution to \$1,000,000. We are expecting library reserves will contribute \$2.7 million to help offset and smooth out operating budget increases over the next six years. The phase-out strategy is outlined below in the three-year outlook.

Table 2 provides a line-by-line breakdown of proposed budget changes for 2024.

Three-Year Outlook

The Library participates in the City's multi-year budgeting initiative. Operating budgets are still approved on an annual basis; however, a three-year forecast – in addition to the current budget year - now accompanies the annual budget. The three-year forecast is for information purposes only and is presented in Table 3.

We forecast an average increase of 4.5% from 2025 to 2027 to maintain levels of service. The following are key drivers of the 2025 to 2027 forecast:

- A 4.0% increase in employee-related costs has been assumed over the three-year period to cover estimated 3.0% cost of living increases, as well as step increases and increases in benefit costs.
- Building and Ground shows an increase for security contract costs. Our security contract will be put out for tender in the coming months. We are expecting we will need to continue to increase the budget provision for potential increases under the new contract.
- A provision for other general contract cost increases has been included as part of Contractual Services at \$50,000 to \$125,000 per year.
- A provision of \$80,000 to \$100,000 per year has been included in the Reserves/Recoveries budget as an estimate for City cost recovery increases and increased reserve provisions for capital enhancements.
- Indirect City Cost allocations have been estimated to increase by 3.0% inflation.

- Fees & General revenues are projected to remain stable with modest increases in grant revenue for the Newcomer Learning Centre program and Printer/Copier usage.
- Contribution from Library Reserves to support Operations is forecast to decrease by \$200,000, \$300,000, and \$200,000 in each of 2025, 2026, and 2027 respectively. Further decreases of \$100,000 in each of 2028, 2029, and 2030 would eliminate the reliance on Library Reseve funding over a 6-year period.

Table 1 - 2024 Operating Budget Summary

COUNCIL PRIORITIES

Sustainable Economic and Ecological Development

- Reduce the burden on residential taxpayers
- Facilitate the growth of key sectors
- Accelerate our response to climate change
- Protect green space and waterways

Safe and Thriving Neighbourhoods

- Increase the supply of affordable and supportive housing and reduce chronic homelessness
- Make sure people can safely and efficiently move around by foot, bike, transit or car
- Provide vibrant parks, recreation and public spaces

Responsiveness and Transparency

- Prioritize customer service and proactive communications
- Get more people involved in decision making and problem solving
- Build a high performing public service
- Modernize city systems

BRANCH REFRESHES

- Barton Branch: Interior Refresh
- Barton Branch: Landscaping (funded by Green Venture)
- Kenilworth Branch: Interior Refresh
- Waterdown Branch: New Makerspace
- Ancaster Branch: Furniture Replacements
- Greenville Branch: Patio Furniture
- Central Library: Study Pods
- Saltfleet Branch: Security Cameras

RURAL EXTENDED ACCESS OPEN+ SERVICE

- Access to Library outside of core hours for registered users.
- Staff available remotely.
- Four-fold increase in open hours for these communities.
- Service added to Carlisle Branch in 2023.
- 4 of 5 Rural locations now operating under this service model.
- Plan to add Mount Hope Branch once renovations complete.

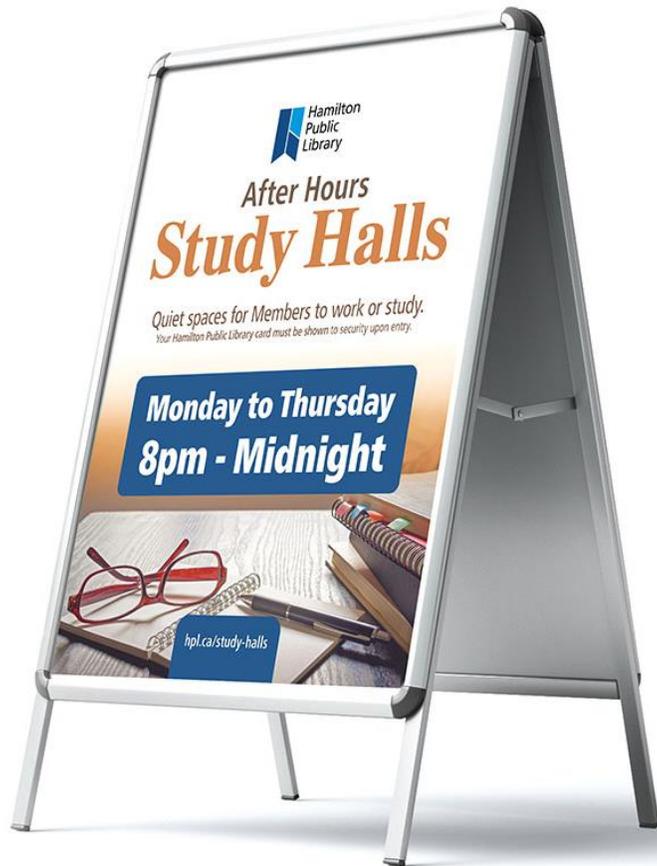

HOURS ACROSS THE SYSTEM

Current Open Hours

	Mon	Tue	Wed	Thu	Fri	Sat	Sun	Total Hours/ Week
Central Library*	8-8	8-8	8-8	8-8	8-6	8-5	12-5	72
Regional Branches	9-8	9-8	9-8	9-8	9-6	9-5	1-5	65
Community Branches	9-7	9-7	9-7	9-7	9-6	9-5	---	57
Rural – Extended Access	9-8	9-8	9-8	9-8	9-6	9-5	---	63
Rural – No Extended Access (Mount Hope)	1-6	10-3	1-6	10-3	1-6	12-5	---	30

EXPANDED STUDY HALL HOURS

- Many residents face challenges studying at home, including accessing the internet, adequate bandwidth and a computer.
- First offered at Terryberry Branch in 2015. Now offered at Central Library and all Regional locations. Open Monday - Thursday 8pm - Midnight for quiet, independent study.

Location	Study Hall Hours	Days Per Week	Hours Per Week
Central	8pm - midnight	Mon – Thurs	16
Dundas	8pm - midnight	Mon - Thurs	16
Red Hill	8pm - midnight	Mon - Thurs	16
Terryberry	8pm - midnight	Mon - Thurs	16
Turner Park	8pm - midnight	Mon – Thurs	16
Valley Park	8pm - midnight	Mon - Thurs	16
Waterdown	8pm - midnight	Mon - Thurs	16

ADAPTING SERVICE TO MEET COMMUNITY NEEDS

In 2023, HPL continued to reintroduce and expand **in-person programs**.

Popular events such as Hamilton Reads, Noon Hour Concerts, Summer Reading Club and community partner events allowed HPL to again connect with Hamiltonians of all ages.

2023 HIGHLIGHTS CARD CAMPAIGN

- HPL partnered with Hamilton Wentworth District School Board (HWDSB) on a card campaign by adding a registration option for an HPL card via HWDSB's Parent Portal.
- Parents/Guardians who opt their child into this campaign receive a Welcome Package in the mail.
- Goal is to provide every elementary school student with the opportunity to be an HPL cardholder, simplify HPL registration, and support HWDSB's Reading Strategy and Right to Read program.

Phase 1 – June to Aug 2023

2 elementary schools
21 opt-ins for an HPL card.

Phase 2 – Sept to Nov 2023

19 elementary schools
1091 opt-ins for an HPL card.

Phase 3 – TBD

Review pilot data and processes.
Explore rolling out to remaining
HWDSB elementary schools.

2023 HIGHLIGHTS YOUTH PRESTO CARD

Youth aged 6-12 receive a free PRESTO card with a library card.

Decision to continue program in partnership with the HSR.

6,350
PRESTO Cards
Issued

4,300
New Library Members
Registered

HPL to support the purchase of PRESTO cards for youth aged 6-12.

2023 HIGHLIGHTS SUPPORTING STATES OF EMERGENCY

- HPL Branches open as designated **Warm Places and Cool Places.**
- Central Library open as warming centre on winter statutory holidays.

Partnership with Public Health Social Workers

Looking Ahead 2024

"It does more than just provide books and a quiet place for the community. . . it provides temporary shelter from the elements . . ." — Sophie V.

Ancaster Falls,
1895

HPL PRIORITIES FOR 2024

City of Hamilton Land Acknowledgment

The City of Hamilton is situated upon the traditional territories of the Erie, Neutral, Huron-Wendat, Haudenosaunee and Mississaugas. This land is covered by the Dish With One Spoon Wampum Belt Covenant, which was an agreement between the Haudenosaunee and Anishinaabek to share and care for the resources around the Great Lakes. We further acknowledge that this land is covered by the Between the Lakes Purchase, 1792, between the Crown and the Mississaugas of the Credit First Nation.

Today, the City of Hamilton is home to many Indigenous people from across Turtle Island (North America) and we recognize that we must do more to learn about the rich history of this land so that we can better understand our roles as residents, neighbours, partners and caretakers.

- Operationalize the **new Strategic Plan**
- Detailed design and begin construction of **Mount Hope Branch**
- Advance **Discovery Centre** opportunity
- Continue work on **Truth and Reconciliation** and the City's Urban Indigenous Strategy with our Indigenous Relations partner
- Continue to **remove barriers** to Library access
- Expand **outreach services**
- Continuing to support the **Recovery** from the pandemic

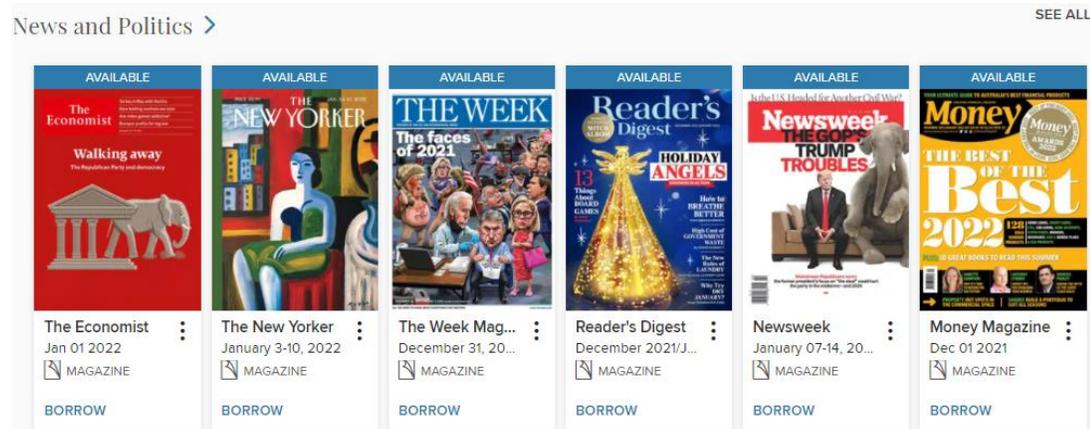

ACCESS TO QUALITY COLLECTIONS

Hamiltonians Love Books

Growth in digital reading over the past two years.
Physical book borrowing on the rise.

- Reading Programs
- Internet Archives Open Library
- Local Authors
- Local History and Archives
- Children's Express Bestsellers and Perennial Favourites

Free Legal Documents, Forms and Contracts

Print or download your customized legal document in 5-10 minutes.

GROWING PROGRAMS AND SERVICES

- Social Cohesion and Inclusion
- Literacy
- Digital Access, Skills
- Integrating Newcomers
- Local History
- Barrier-free Access to Arts and Culture
- Alignment with City Strategy
- Environmental Sustainability

BRANCH RENOVATIONS SHERWOOD & CONCESSION

Sherwood Branch
Cost: \$700,000

Concession Branch
Cost: \$200,000

NEW BOOKMOBILES

Electric vehicles are under consideration to replace our existing vehicles.

Exploring vehicles with the following criteria:

- Electric or hybrid vehicles are preferred
- Capacity to provide power for additional technology, such as printers and WiFi.
- Charging station installed in the tunnel at the Central branch.
- Grants available at the provincial and federal level for vehicles and charging stations.

INTELLECTUAL FREEDOM CHALLENGES

Intellectual Freedom is a core HPL value and is the bedrock of the Library's mission statement, "Freedom to Belong and Discover."

HPL **recognizes the right of individuals to express opposition** to an author or artist's ideas or their creative expression in items and programs selected for the library.

Library governance ensures that the principles of intellectual freedom and expression of thought are **upheld and are further outlined** through numerous policies.

HPL will include programs and items in our collection that some may find controversial and offensive.

In 2023, the American Library Association reported a **20% increase** in documented book challenges at Public Libraries

With challenges on the rise, HPL is committed to **ensuring frontline staff are equipped to manage challenges and have support** in place.

THANK YOU, LIBRARY STAFF AND COUNCIL

DISCOVERY CENTRE STUDY

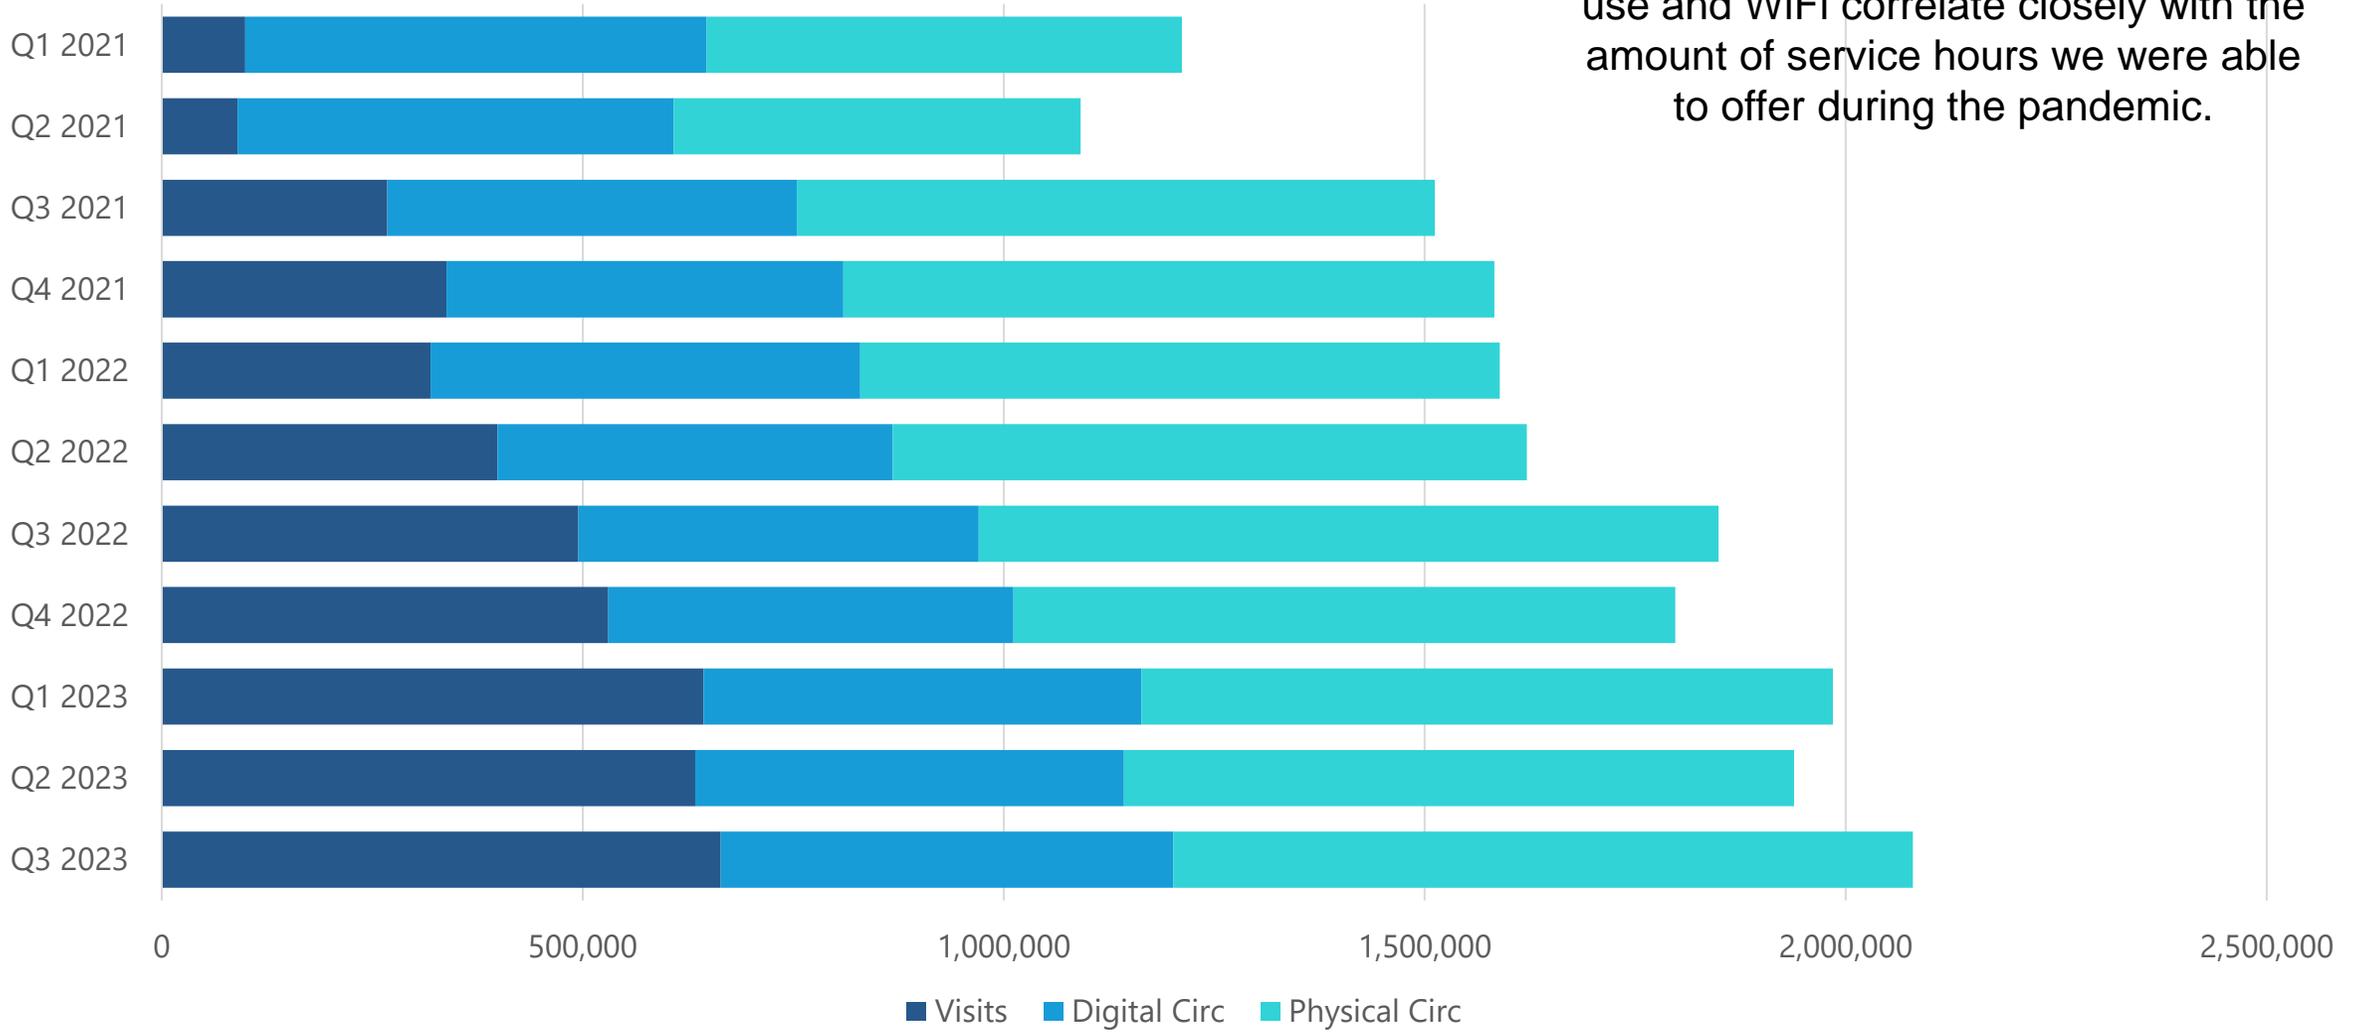

- **Program Design and Development Study** to answer key questions – what will the space look like, what will it cost to build and run, how does the space operate and what makes it special
- **Aim to begin work with an external consultant in Q2 2024** with a draft report complete by Q4 2025 and a presentation to Council and HPL Board in Q2 2026
- **Focus on Indigenous community consultation, public engagement and stakeholder input in 2024**

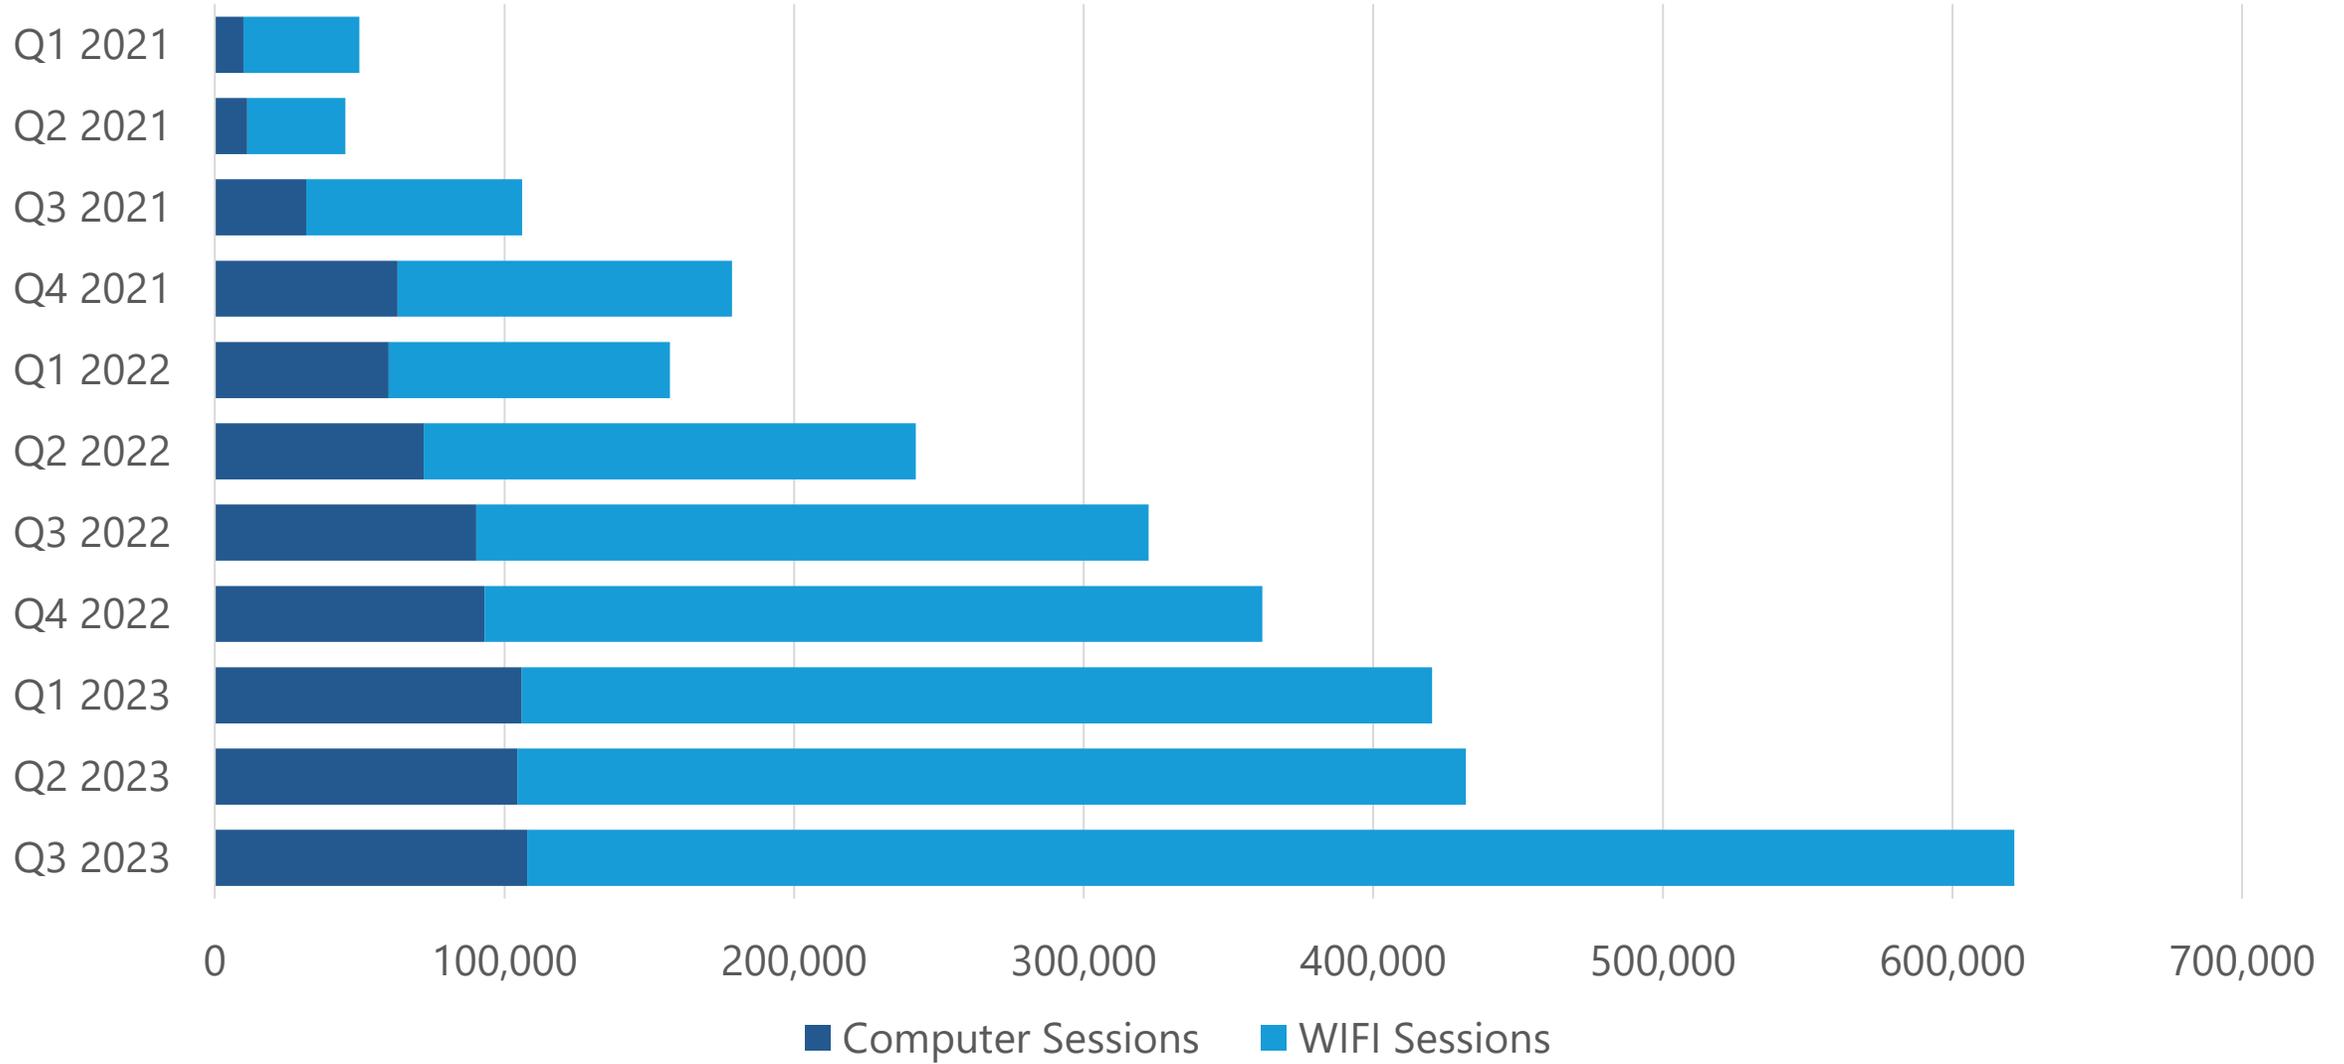

VISITS AND CIRCULATION SINCE 2021

Activity levels such as visits, computer use and WiFi correlate closely with the amount of service hours we were able to offer during the pandemic.

WATERDOWN MAKERSPACE

- Grand opening week held July 3-7.
- Makerspace entails core items such as a Cricut and a 3D printer.
- Focus on community driven items such as sewing and embroidery machines.

RE-IMAGINING MAKERSPACES

Continuous improvement of Makerspaces through:

- Achieving consistency in asset purchases.
- Placing a focus on both core and community driven equipment.
- Creating a uniform Makerspace experience across all branches.
- Developing an effective standard upon which new Makerspaces are developed.

2024 Draft Budget

As approved by
the Board of Directors on
October 5, 2023

Executive Summary

The Hamilton Region Conservation Authority has five major sub-watersheds within its boundaries. They are the Spencer, Red Hill and Stoney-Battlefield Creeks as well as the Stoney Creek Numbered Watercourses and Urban Hamilton.

As the region's largest environmental management agency, owning, leasing or managing 4,500 hectares (11,000 acres) of environmentally significant land, our watershed covers portions of two municipalities - Township of Puslinch and the City of Hamilton.

Properties owned and managed by the HRCA include 14 Niagara Escarpment properties, 25 waterfalls, an award-winning marina, 2 recreational lakes, 145 kilometres of park and rail trails, 12 significant wetlands, an ecological preserve and an 18,000 year old muskeg bog.

The goals for this coming fiscal year are four in number as follows:

1) Operate on a cash neutral (A Balanced Budget). This requires maintaining and growing the 70% of the funding revenues that come from non-levy sources, primarily the commercial operations at conservation areas and supplemented by the Hamilton Conservation Foundation, corporate and government grants. The expenditure side of the equation is dominated by the cost of salaries, wages and staff expenses; demonstrating the importance of maintaining tight control over the core complement and only supplementing as needed to complete specific projects with seasonal or contract help.

2) Construct budget with a zero-based approach in areas where actuals have experienced variances from budget in the past. With extra focus placed on Staffing expenditures, HCA's biggest expense, and self-generated revenues, HCA's biggest revenue source, as well as other areas of importance.

3) Support HRCA's 2019 - 2024 Strategic Plan, as herein described:

Vision - A healthy watershed for everyone

Mission - To lead in the conservation of our watershed and connect people to nature

Strategic Plan - Five areas of strategic priority have been identified. The five being
Organizational Excellence, Water Management, Education & Environmental
Awareness, Conservation Area Experience and Natural Heritage Conservation. These broad
areas of priority will be advanced through the development and implementation of
related programs.

4) In areas of uncertainty, budget conservatively to mitigate risk. When making assumptions with significant unknowns, budget to cover unfavorable financial scenarios to mitigate the risk of an operating deficit in 2023.

Of note, capital and major maintenance expenditures and amortization expenses are not included in this budget as capital is dealt with separately through the City of Hamilton's block funding process. Lastly, amortization is not included as it is non-cash expense.

HCA 2024 Operating Budget Presentation City of Hamilton January 22, 2024

A Healthy Watershed for Everyone

Conservation Authorities

- Unique to Ontario
- Conservation Authorities are governed by the *Conservation Authorities Act* and its regulations under the Act
- Set up on a watershed basis

HCA Watershed

- City of Hamilton has four Conservation Authorities within its municipal area: Grand River CA, Conservation Halton, Hamilton CA and Niagara Peninsula CA
- HCA watershed is comprised of two member municipalities:
 - City of Hamilton
 - Township of Puslinch

HCA Watershed

- Watercourses in our watershed that flow into Hamilton Harbour:
 - Spencer Creek
 - Borer's Creek
 - Chedoke Creek
 - Redhill Creek
- Watercourses in our watershed that flow into Lake Ontario:
 - Battlefield Creek
 - Stoney Creek
 - Numbered watercourses in Stoney Creek

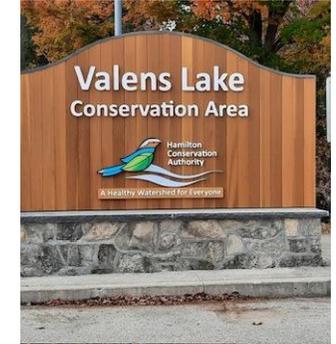

HCA Landholdings

- Major landowner within our watershed area owning/managing over 11,000 acres which represents 10% of our watershed
- 7 major conservation areas within the City and 1 within Puslinch and more than a dozen smaller areas / trails
- These lands are locally, provincially and in some cases, internationally significant and include features such as forests, prairie, wetlands, watercourses, karst, Lake Ontario shoreline and the Niagara Escarpment

Conservation Area Enhancements

- Enhanced parking with initiatives to optimize entry, parking and signage at several areas
- Improved accessible features for parking and beach access at Chirstie Lake, fishing dock at Fifty Point and final design/tender for viewing platform at Valens Lake
- Trail improvements – added 2.4km of trails at Westfield in 2023; focus for 2024 on boardwalks, trail maintenance, bridges and way finding signage

Value of our Conservation Lands

Wide range of natural lands and passive recreation for residents of Hamilton and beyond in our green spaces

These lands are unique pockets of local greenspace that help the city and watershed thrive and connect people to nature

Ecological benefits of our green spaces for a sustainable environment, climate change adaptation which contributes to healthy communities

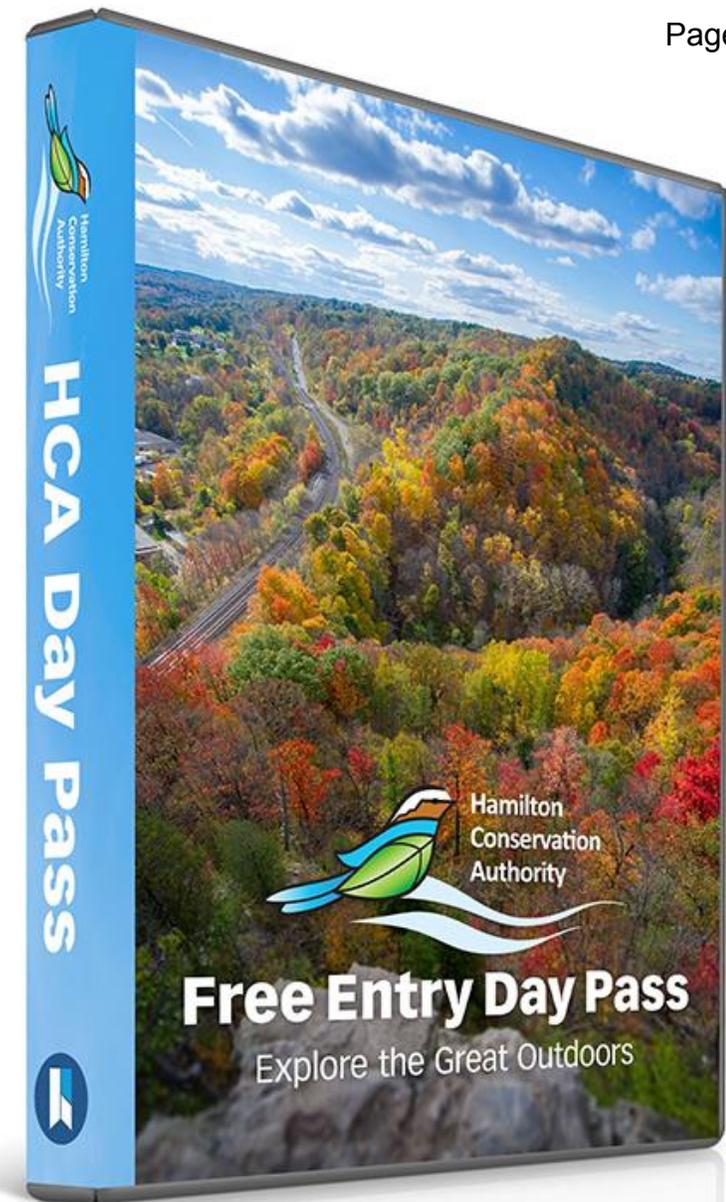

Source of self-generated revenue to offset their operating expenses and support projects

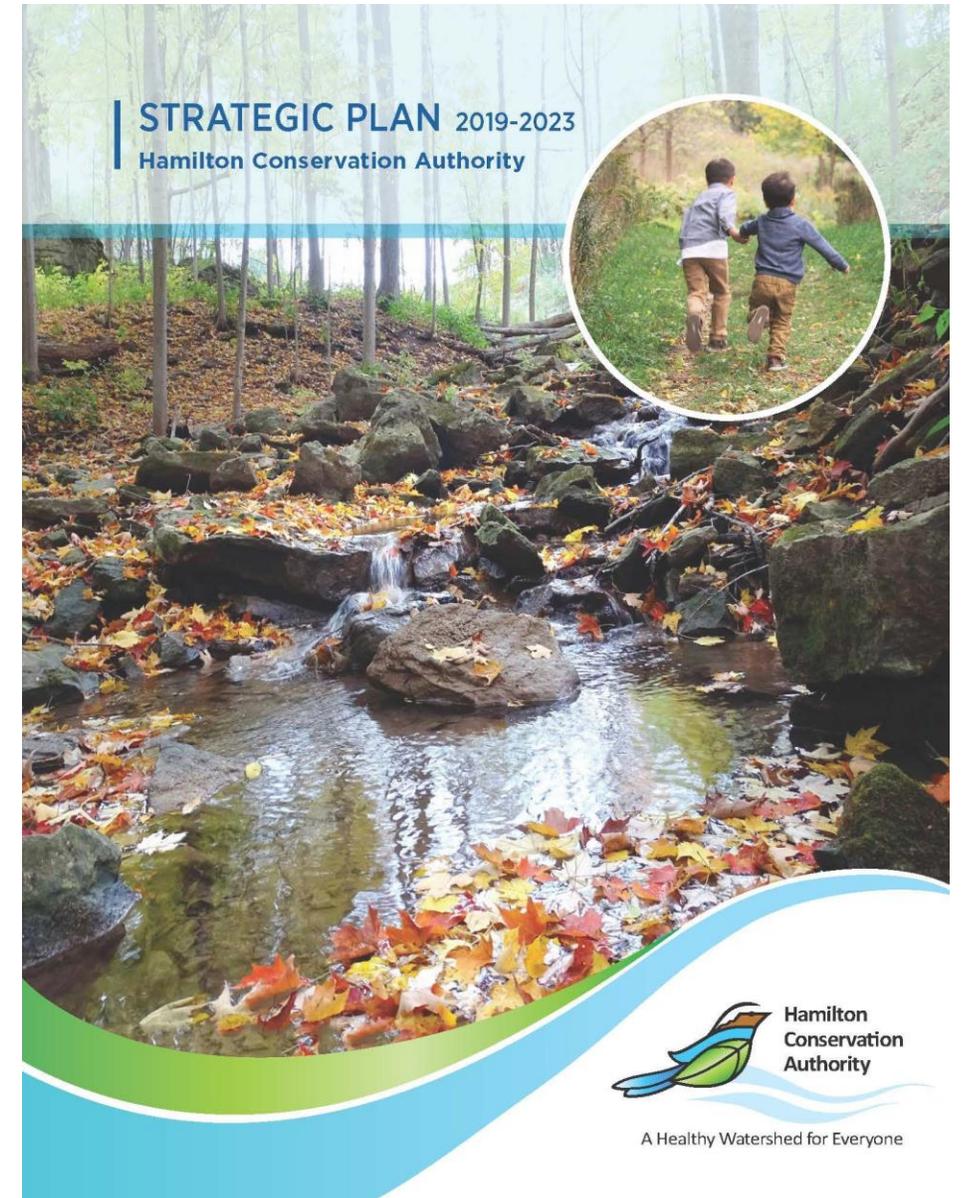

Partnership with Hamilton Public Library

- Continue to expand relationship with HPL to support accessibility to our conservation areas to ensure entry fees are not a financial barrier
- Enhancements in 2024 to increase number of passes to 100 within the HPL system
- Passes also provided to County of Wellington and Town of Grimsby library systems

Strategic Plan

- Key document directing priorities
- 2024 budget continues to direct resources to achieve initiatives outlined
- A renewed strategic plan will be completed and adopted in 2024 for a new 5-year period
- Programs, projects and future budgets will be developed based on this guiding document

Environmental Education Programs – Dundas Valley

- Welcomed close to 4,000 students to our programs in 2023 and successfully returned our summer camp program
- Collaborated with the HWDSB consultant of Reconciliation and Indigenous Education to run an outdoor education program that included Indigenous learning
- Outdoor education program sessions are fully funded from our Foundation's support and school board partner fees

Information Technology & Digital Initiatives

- Enhancements in 2024/2025 throughout HCA's operation for efficiency, service delivery and security, related to:
 - Network infrastructure
 - Content management systems
 - Records management

Climate Change & Watershed Management

Corporate Climate change initiatives to reduce HCA footprint with electric vehicle and charging station, energy audits and associated upgrades

Understanding climate change impacts through natural hazard projects to protect people and property with updates to floodplain mapping for Stoney Creek, Battlefield and Redhill and will be engaging in consultation to finalize lakeshore management plan

Increasing climate change resiliency through wetland creation and restoration and stewardship efforts

Saltfleet Wetland Restoration Project

- Successfully acquired the last parcel of land required to finalize the Saltfleet Wetland restoration program which will ultimately see four wetlands built
- This comprehensive initiative aims to create and enhance wetlands and their associated ecosystems has been a focal point for HCA's watershed management and natural heritage goals
- Will reduce the impacts of flooding and erosion in lower urban Stoney Creek, provide larger natural areas and adds trails for the public while protecting properties and residents downstream
- Project has been funded through self-generated revenue and key donors including the Heritage Green Community Trust

Fifty Point Conservation Area Wetland

- Wetland construction will also take place in 2024 on the west side of the pond at Fifty Point which will provide additional natural area and habitat diversity
- The project is expected to help reduce flooding on nearby residential properties associated with the watercourse in the area
- It will promote the establishment of a self-sustaining fishery in the pond, providing visitors with additional fishing opportunities
- Project has been funded through self-generated revenue

Stewardship Programs

- 12 projects funded through the Water Quality and Habitat Improvement Program which resulted in:
 - 5,400 trees, shrubs and perennials planted on private lands
 - 153lbs of native seed were dispersed in meadow and wetland restoration projects
 - 60 volunteers, 16 students, 43 landowners and families contributed to efforts
- Public Education and Outreach: Presentations at Hamilton Public Library branches and collaborations with McMaster, City of Hamilton, Bruce Trail and others

Watershed Restoration

- Progress in 2023 continued with 29 different invasive species managed and/or mapped on HCA lands
- Removed 3200 stems of invasive species filling 16 garbage bags full and 1.14 Ha of area sprayed
- Planted 1000 shrubs, trees and perennials with 50 volunteers engaged on HCA property

2024 Operating Budget Drivers

- Staffing Review and Wage increases for staff
 - Implement Board approved Job Evaluation results
 - Legislated minimum wage increase
 - Conversion of some contract staff to full-time permanent, to assist with staff retention
- Ongoing inflationary pressures
- IT infrastructure upgrades related to initiatives for digital and information modernization
- Development of a self-generated funding stream for corporate climate change initiatives
- CA Act requirements for Watershed strategies
- Municipal Levy, keep as close to historical 2% increase as possible
- Ongoing balancing act attempting to project revenues from our Conservation Areas reflecting new higher visitation levels becoming the 'new normal'

Levy Increase

HCA Board approved operating budget December 7, 2023, with a levy increase of 2.75%

Province provides allocation percentages annually

- City of Hamilton **99.24%**
- Township of Puslinch **0.76%**

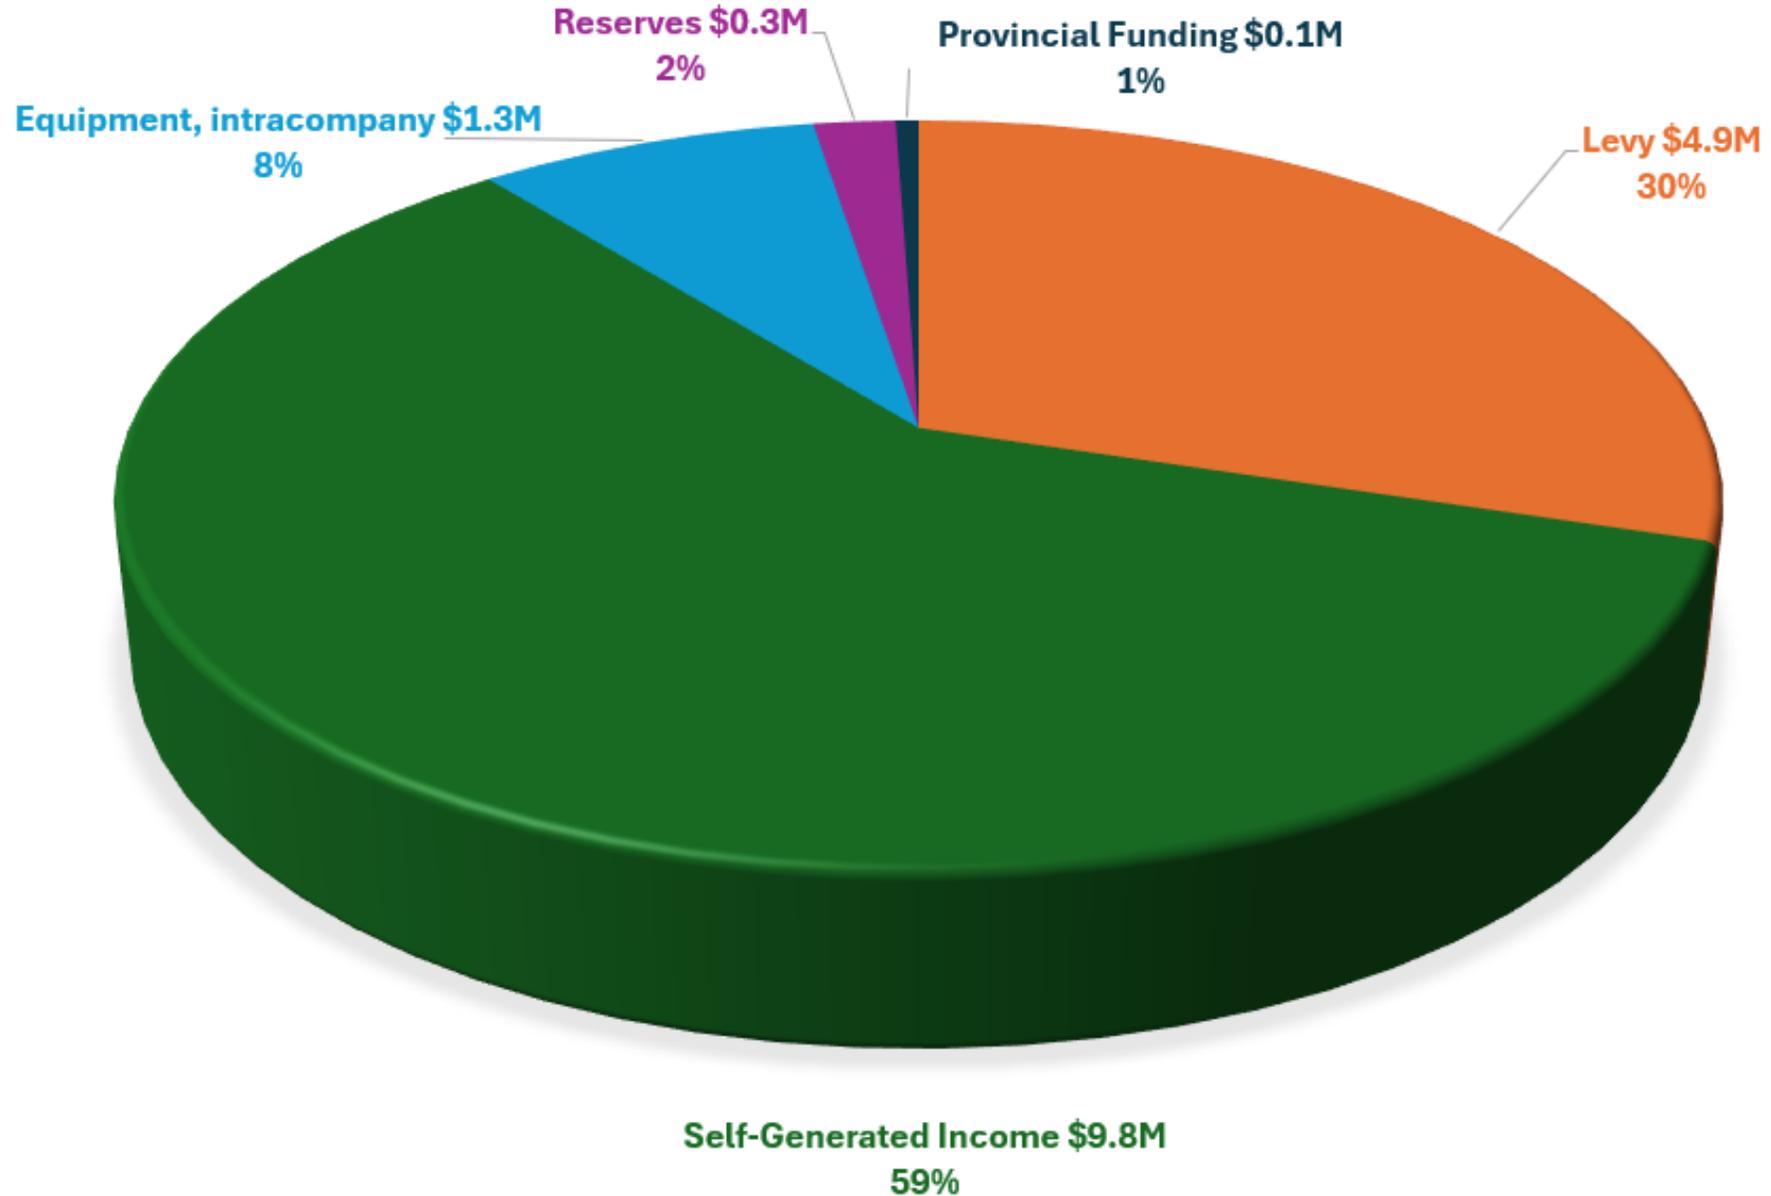

2024 Municipal Levy \$4,909,000

- City of Hamilton **\$ 4,876,750**
- Township of Puslinch **\$ 32,316**

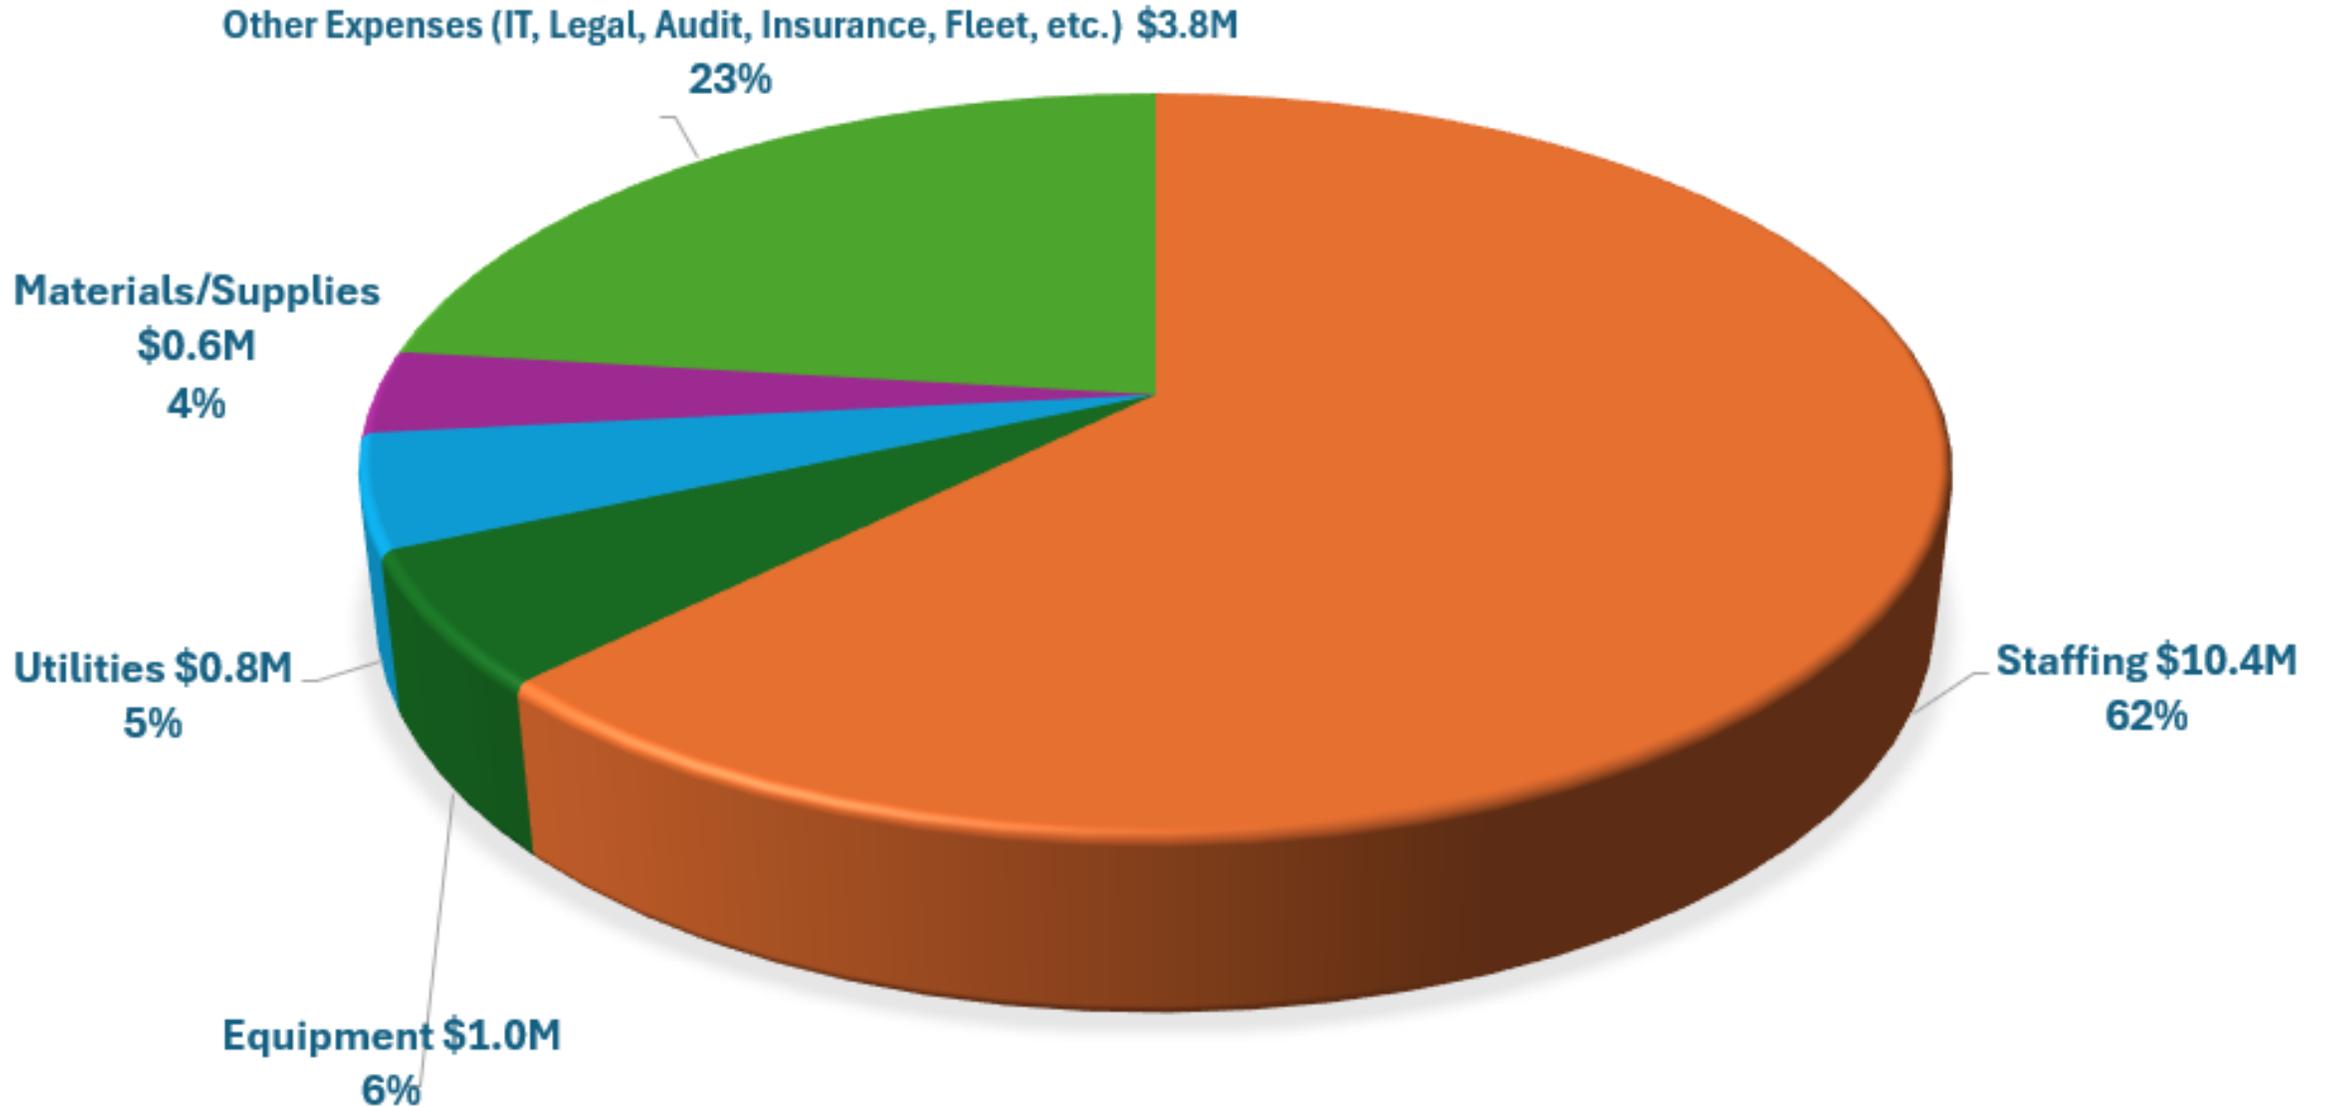

Year over year impact on levy is an **\$131,386** increase (2.75%)

- 2023 Municipal Levy **\$ 4,777,680**
- 2024 Municipal Levy **\$ 4,909,066**

Operating Revenues \$16.6M

Operating Expenses \$16.6M

MOU Agreements in Place

Recent changes to the *CA Act* require that CAs categorize their programs and services as follows: 1) mandatory 2) municipally requested 3) Other as a CA deems advisable

Category 2 (municipally requested) and category 3 (CA advised) programs and services that use municipal funding require an MOU/Agreement

HCA and City staff worked collaboratively to secure Agreements for these programs and services

Confederation Beach Park

- Owned by the City of Hamilton, managed by the HCA; only monetary benefit to HCA is the revenue received from the management fee
- In 2023, continued to face challenges with a national shortage of lifeguards and competitive summer student market resulting in the waterpark on a reduced operating schedule
- For the purpose of preparing the 2024 HCA Operating Budget, reopening of the Wild Waterworks waterpark and Lakeland pool planned with strong possibility of waterpark again operating on a reduced schedule

Budget Summary Provisions

Sufficient combined revenues to meet expenses

Programs to maintain a healthy watershed and help protect residents and property from flooding

Climate change initiatives & continued development steps for Saltfleet wetlands and at Fifty Point

Education programs, restoration and stewardship programs, and continued modernizing of technology

Vibrant conservation areas that connect people to nature

A Healthy Watershed for Everyone

Thank You for Your Continued Support

HAMILTON POLICE SERVICE

RECOMMENDATION REPORT

TO:	Chair and Members Hamilton Police Services Board
BOARD MEETING DATE:	December 14, 2023
SUBJECT:	2024 Operating and Capital Budget
REPORT NUMBER:	23-109
SUBMITTED BY:	Frank Bergen, Chief of Police
SIGNATURE:	

RECOMMENDATION(S)

That the Hamilton Police Service Board (Board):

1. Approve the proposed 2024 Hamilton Police Service (HPS) operating and capital budget, representing an increase of 6.88% over the approved 2023 HPS budget, for a total combined budget of \$206,921,005.
2. Approve the inclusion of the proposed *PSA Section 4(3)* budget items, representing a 3.36% increase, in the 2024 HPS combined budget subject to a reduction for all such items included in the City of Hamilton's (City) approved 2024 Target Tax (operating & capital) Budget.
3. Submit the proposed 2024 combined budget to the City Council for approval.

Key Facts:

- Police services in Ontario are governed and legislatively mandated to comply with the *Ontario Police Services Act (PSA)*.
- Under *Section 4(1)* of the *PSA*, every municipality is responsible for providing adequate and effective police services.
- Under *Section 4(3)* of the *PSA*, a municipality is also responsible for providing all infrastructure and administration necessary for providing police services, including vehicles, boats, equipment, communication devices, building and supplies. In the 2024 budget, *PSA Section 4(3)* expenditures account for a 3.36% budget increase.

Vision: To be a trusted partner in delivering public safety.

Mission: To serve and protect in partnership with our communities.

Our Values: Compassionate, Dedicated, Inclusive, Integrity, Innovative, Professional, Teamwork

- In accordance with the *PSA*, the Board is required to submit operating and capital estimates that show the amount required to maintain the police service.
- The Board submits the funding request to City Council for the upcoming year after reviewing and approving the Service’s detailed budget submission.
- The proposed 2024 combined budget of \$206.9M reflects the cost of providing adequate and effective police services in the City.
- The proposed 2024 combined budget is a 6.88% increase from the approved 2023 budget.
- The operating and capital budget increases relating to the recommendations set out in this report is summarized as follows:

Description	Recommendation 1		Recommendation 2	
	HPS	%	PSA Section 4(3)	%
Operating Budget	\$202,129,230	6.25%	\$ 529,640	0.27%
Capital Budget	\$ 4,791,775	0.63%	\$5,972,000	3.09%
Total HPS Budget	\$206,921,005	6.88%	\$6,501,640	3.36%

% change over the approved 2023 combined budget, anomalies due to rounding.

EXECUTIVE SUMMARY

The proposed 2024 combined budget includes resources necessary to support adequate and effective policing for the City. This resource requirement is based on adequacy standards as mandated under the *PSA* best practices developed within the policing industry in response to public safety concerns and the Board’s Strategic Plan.

The HPS is consistently looking for innovative and fiscally responsible approaches to better provide services to the community as well as processes to most efficiently and effectively utilize the existing resources.

The 2024 budget development process included an environmental scan, as well as an internal scan, to identify any potential cost pressures on existing expenditures and/or opportunities from emerging best practices in policing. An internal scan included a line-by-line program review that compares program budgets to historical spending patterns, identifying pressures from workload demand and consideration for strategies to provide a more efficient service delivery model.

The HPS Senior Leadership Team (SLT) has performed comprehensive budget submissions, planning and budget reviews of their Division, Branches, Units and program areas as part of the proposed 2024 budget.

Vision: To be a trusted partner in delivering public safety.

Mission: To serve and protect in partnership with our communities.

Our Values: Compassionate, Dedicated, Inclusive, Integrity, Innovative, Professional, Teamwork

The proposed 2024 budget was presented to the Board’s Budget Committee on November 23 and December 1. The proposed 2024 combined budget represents increases to both operating and capital expenses, which is an increase of 6.88% (\$206.92M) over the approved 2023 combined budget. This increase is detailed in the sections below.

FINANCIAL – STAFFING – LEGAL IMPLICATIONS

Financial:

Table below shows the proposed 2024 combined budget (operating & capital) representing an overall increase of \$13.32M or 6.88% over the approved 2023 combined budget.

Description	Approved 2023 Budget	Proposed Increase	2024 Proposed Budget	% Change
Operating Budget	\$190,020,482	\$12,638,388	\$202,658,870	6.53%
Capital Budget	\$ 3,575,526	\$ 7,188,249	\$ 10,763,775	3.71%
Less: PSA Section 4(3) Items		\$(6,501,640)	\$ (6,501,640)	(3.36)%
Total HPS Budget	\$193,596,008	\$13,324,997	\$206,921,005	6.88%

% change over the approved 2023 combined budget, anomalies due to rounding.

Staffing:

In order to sustain core services, meet legislative and technology requirements, implement jury inquest recommendations and support the Board’s Strategic Plan, additional staffing resources are required.

The proposed 2024 budget requests the following FTEs:

- 2 Sworn Detective Constables and 1 Civilian Support Worker (Inquest Recommendation)
- 4 Civilian Communications Operators (NG911 – Legislative Requirements)
- 9 Civilian – Service wide (Supporting the Board’s Strategic Plan)

In addition, the proposed 2024 budget reflects 13 Sworn Constables FTEs as previously approved as part of the 10-year Human Capital deployment.

Legal Implications:

Not applicable.

Vision: To be a trusted partner in delivering public safety.

Mission: To serve and protect in partnership with our communities.

Our Values: Compassionate, Dedicated, Inclusive, Integrity, Innovative, Professional, Teamwork

INFORMATION

In accordance with Section 39 of the *PSA*, the Board is required to approve annual budget allocations to provide the funding necessary for police service operations. The annual operating and capital budgets, in alignment with the Board's Strategic Plan, establish the means and methods for the successful execution of the Service's strategic priorities, while meeting the policing needs of the community, in an adequate, effective and efficient manner.

A comprehensive budget review was conducted which involved analyzing all expense and revenue categories for the past three (3) years, reviewing current year-to-date actuals, as well as evaluating additions for mandatory and non-discretionary expenses. The challenge is to identify sustainable reductions of non-essential items and services while balancing evolving legislative requirements of the *PSA*. This remains a complex and challenging undertaking as staffing costs account for approximately 90.32% of the total 2024 gross operating budgeted expenditures.

The following categories represent the major cost pressures contributing to the increase in the proposed 2024 budget:

- Sustaining Core Services
- WSIB Pressures
- Legislative Requirements
- Technology Requirements
- Supporting the Board's Strategic Plan
- Inquest Recommendations

Vision: To be a trusted partner in delivering public safety.

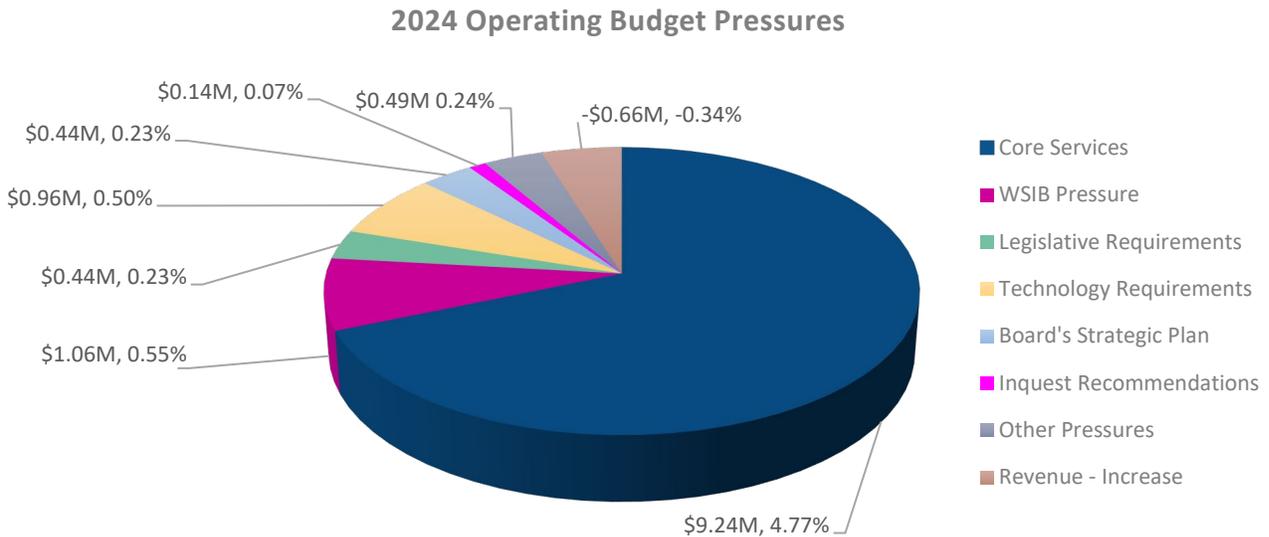

Mission: To serve and protect in partnership with our communities.

Our Values: Compassionate, Dedicated, Inclusive, Integrity, Innovative, Professional, Teamwork

2024 OPERATING BUDGET (Appendix A)

The proposed 2024 operating budget is \$202.13M, which is a \$12.11M or 6.25% increase to the 2023 approved combined budget.

The chart below summarizes the key drivers for this increase, which are explained in sections to follow.

Sustaining Core Services

Sustaining core services accounts for \$9.24M or 4.77% increase. This category reflects and represents our human resource costs which is approximately 90.32% of the total 2024 gross operating budgeted expenditures. Human resource costs represent the most significant budget pressure each year and are mainly related to negotiated collective agreements impacts.

Description	Increase	%
Collective Agreement Wage Settlements	\$3.32M	1.71%
Statutory Deductions and Employer Benefits	\$1.96M	1.01%
2023 Program Changes Annualized (Sworn & Civilian, PSB 22-109)	\$2.54M	1.31%
2023 Approved Backfills (Sworn & Civilian, PSB 23-037 & 23-070)	\$0.90M	0.47%
2024 Sworn FTEs (10-year Human Capital Deployment)	\$0.44M	0.23%
Other Inflationary Pressures	\$0.08M	0.04%
Total Sustaining Core Services – Incremental Increase	\$9.24M	4.77%

% change over the approved 2023 combined budget, anomalies due to rounding.

Vision: To be a trusted partner in delivering public safety.

Mission: To serve and protect in partnership with our communities.

Our Values: Compassionate, Dedicated, Inclusive, Integrity, Innovative, Professional, Teamwork

The following are the major contributors to the increase in this category:

- Collective agreement salary adjustment, performance pay, natural step/grade progressions, service pay, overtime, merit and job evaluation increases. The front-line premium for Sworn members assigned to front-line patrol duties is increasing to 1.50% and 2.0% during 2024, as set out in the Sworn Collective Agreement. An estimated percentage increase is used to reflect a potential contractual increase for the 2024 budget. The increase was determined by reviewing Ontario's Big 12 Police Services with Collective Agreements already in place.
- The Service is subject to significant increases to employer provided and statutory benefits (ie. OMERS, health & dental benefits, EI & enhanced CPP), as well as retiree benefits. The 2024 budget includes a year-over-year (YOY) increase of 10% in employer provided benefit rates, which reflect the cost of inflationary health and dental product and service pricing as well as an increase in member claims and benefits usage. Statutory employer paid benefits, such as Canada Pension Plan (CPP) and Employment Insurance (EI), are scheduled to increase, resulting in a YOY increase of 9.98%. The combined impact of employer provided and statutory benefits imposes a pressure of \$1.96M or 1.01% on the 2024 budget.
- An additional \$2.54M or 1.31% has been added to the 2024 budget to reflect annualization of 2023 program changes with respect to thirteen (13) Sworn and eighteen (18) Civilian FTEs. The increase to the 2024 budget represents the remaining compensation costs required to fund these positions for a full year.
- During 2023, the Board approved, through Board Reports 23-037 and 23-070, a total of eighteen (18) backfills, which consists of sixteen (16) Sworn and two (2) Civilian members. This will provide much needed staffing support for any Sworn or Civilian members on WSIB leave for 5-years or more and for which there is no current prognosis for a return to work. The salary and benefits of the backfills increase the 2024 budget by approximately \$0.90M or 0.47%, with an effective start date of September 2024 for Sworn and January 2024 for Civilian.

	Sworn	Civilian
Salary	\$1,591,215	\$179,280
Benefits	421,880	48,490
Total – Annual Impact	\$2,013,095	\$227,770
Total – 2024 Impact	\$671,032	\$227,770
2024 Impact %	0.35%	0.12%

Vision: To be a trusted partner in delivering public safety.

Mission: To serve and protect in partnership with our communities.

Our Values: Compassionate, Dedicated, Inclusive, Integrity, Innovative, Professional, Teamwork

- The budget reflects an additional thirteen (13) 4th Class Constables in 2024, with an effective start date of September 2024 – an impact of 0.23%. These represent the 2024 cohort of the Board’s 10-year Human Capital deployment FTEs intended to help ensure that the number of Police Officers increases commensurate to the expected population growth in the City.

	Amount
Salary	\$1,016,317
Benefits	293,710
Total – Annual Impact	\$1,310,027
Total – 2024 Impact	\$436,676
2024 Impact %	0.23%

- Other inflationary pressures represent costs associated with staff development. Contributing factors are increase in 2023 FTEs, higher training/professional development registration fees as well as increased travel costs.

WSIB Pressure

Ever since the introduction of presumptive post-traumatic stress disorder (PTSD) legislation for first responders in 2016, the HPS has experienced significantly higher WSIB costs which has resulted in an increased level of both workplace and non-workplace related leaves. In addition, and as instructed from the City’s Corporate Finance department, the accounting methodology for WSIB recoveries for 2024 has changed and revised from 2023. This has resulted in additional budgetary pressures with a net impact of \$1.06M or a 0.55% increase to the 2024 budget. This increase is to account for a rise in claims experienced and wage settlements. Below is a summary of the change in the accounting methodology along with the 2024 WSIB impact.

	Amount
WSIB Payments	\$5,933,023
WSIB Benefit Recovery	(2,761,100)
Total WSIB Expenditure	3,171,923
Contribution from City’s Workplace Health & Safety Reserve	(2,114,600)
Total – 2024 Impact	\$1,057,323
2024 Impact %	0.55%

Vision: To be a trusted partner in delivering public safety.

Mission: To serve and protect in partnership with our communities.

Our Values: Compassionate, Dedicated, Inclusive, Integrity, Innovative, Professional, Teamwork

Legislative Requirements

The Ministry of the Solicitor General has presented a proposed regulation under the Community Safety and Policing Act, 2019 (CSPA), as part of the Comprehensive Ontario Police Services Act, 2019. The proposed CSPA outlines regulatory requirements including mandatory additional training for both Sworn and Civilian members of Police Services. As a result, additional training resources are required to support the new CSPA requirements and the new Ontario Police College Basic Constable Training program which create a higher need for specialized training courses Service-wide to meet and comply with these legislative requirements. The cost associated is approximately \$0.27M or 0.14% increase to the 2024 budget.

The Canadian Radio-television and Telecommunications Commission (CRTC) mandated that all telephone companies update the network to provide Next Generation 911 (NG911) service to all Canadians, with full project completion by March 2025. HPS Communications Branch is the primary Public Safety Answering Point (PSAP) for all emergency 911 calls across the City. The City commissioned Federal Engineering, an external consultant, to study the current environment, monitor CRTC and other legislative requirements and provide guidance and recommendations to implement NG911, including staffing requirements. This review of the Service’s Communications Branch staffing levels concluded that it was not sufficient to meet increasing calls for service or the additional demands that new technology, case law, and Ministry requirements place on Communications Operators. Based on this review, four (4) additional Communications Operators will be added in 2024, with an effective start date of September 2024, to ensure the HPS meets the service delivery requirements under the Public Emergency Report Services agreement and the future needs of NG911. The operating impact of the NG911 implementation accounts for approximately \$0.17M or 0.09% increase.

	Amount
Salary	\$408,600
Benefits	105,250
Total – Annual Impact	\$513,850
Total – 2024 Impact	\$171,283
2024 Impact %	0.09%

Vision: To be a trusted partner in delivering public safety.

Mission: To serve and protect in partnership with our communities.

Our Values: Compassionate, Dedicated, Inclusive, Integrity, Innovative, Professional, Teamwork

Technology Requirements

The major drivers for technology cost pressures include the Digital Evidence Management (DEMs), increases in the cost and number of licenses required for various existing program hardware and software, and mobile devices deployment. These cost pressures result in a \$0.96M or 0.50% increase over the 2023 approved budget. Specifically:

- As of October 2023, a total of 78 uniform patrol vehicles have been outfitted with the In-Car Camera (ICC) and Automated License Plate Reader (ALPR) technology. This technology allows for the capture of evidence and enables police vehicles to alert an officer when a license plate is flagged. The collected evidence/videos get uploaded into the HPS DEMs, a Cloud based solution, which allows for efficient data gathering, organizing and sharing with partner agencies and courts. This results in additional DEMs licenses costs which was approved by the Board through PSB 22-096.
- Additional Microsoft Office365 software licenses have been added to the 2024 budget to reflect funds required for a full year due to the 2023 program changes.
- Currently, there are three hundred (300) mobile phones deployed to members of the Service. Officers rely on the use of mobile devices to conduct interviews in the field and upload data directly into DEMs. This allows for quick turn-around times, workload efficiencies as well as increased productivity on the front-line. As a result, the HPS plans to rollout additional mobile devices in 2024, which will result in additional data plans and data line costs. This initiative seeks to address and improve Officer workload, increase operational efficiency, and support the electronic note/ticket project.

Vision: To be a trusted partner in delivering public safety.

Mission: To serve and protect in partnership with our communities.

Our Values: Compassionate, Dedicated, Inclusive, Integrity, Innovative, Professional, Teamwork

Supporting the Board’s Strategic Plan

Every four (4) years, Police Services across Ontario are required to develop a Strategic Plan. This work is an important part of the Board’s governance role as the Strategic Plan establishes goals, priorities, and direction of the HPS. A total of forty-five (45) actionable projects were identified, which are designed to move the HPS forward. The strategic roadmap for 2023-2026 is anchored in five (5) essential priorities with nine (9) key objectives.

Priorities	Objectives
Community Safety	Reduce Crime Severity Increase Public Perception of Safety Decrease Victimization/Re-Offence Rate
Collaborative Engagement	Enhance Community Engagement
Culture and Capacity	Improve Member Engagement Succession Planning Service Delivery Strategy
Core Assets	Commitment to Modernization & Member Satisfaction
Trusting Change	Community Satisfaction

The Service has identified the need for nine (9) additional Civilian FTEs to support the implementation and completion of strategic initiatives identified for 2024, with an impact of \$0.38M or 0.20% to the 2024 budget. A breakdown of the costs related to nine (9) Civilian positions is provided below.

	Amount
Salary	\$848,980
Benefits	305,520
Total – Annual Impact	\$1,154,500
Total – 2024 Impact	\$384,833
2024 Impact %	0.20%

Vision: To be a trusted partner in delivering public safety.

Mission: To serve and protect in partnership with our communities.

Our Values: Compassionate, Dedicated, Inclusive, Integrity, Innovative, Professional, Teamwork

Completing these actionable projects will not only significantly enhance the Service’s performance but also better align strategic projects with the overall vision of the Service.

Positions	# of FTEs	
Community Safety • Crime Analyst Supervisor	1	Identify emerging crime trends, implement effective means to manage all crime through analytics, address the current gap in data analysis
Collaborative Engagement • Corporate Communications Coordinator	1	Build relationships and foster genuine, comprehensive and transparent communication with communities as well as promoting information sharing and strengthening mutual respect.
Culture and Capacity • Organizational Development Specialist • Recruitment & Outreach Specialist • Special Constable	1 0.50 1	Attract and retain, deploy resources to effectively manage workload, continue to implement employee wellness initiatives, foster and demonstrate exemplary leadership, deliver effective training and succession planning.
Core Assets • Automotive Technician/Upfitter • Court Document Clerks • Financial Analyst • Niche Trainer	1 2 0.50 1	Develop and implement long-term plan for technology, facilities and fleet, create internal and external efficiencies, implement digital solutions and new processes that improve service delivery, provide members with the required uniforms/equipment to effectively perform their duties and meet all legislated requirements.
Total Civilian FTEs	9	

Furthermore, one of the Strategic Plan’s objectives is to enhance community involvement, engagement, and satisfaction. As a result, an annual Community Satisfaction Survey will be conducted by a third party to gather input from the community on key issues, such as perception of safety in the City, community satisfaction, trust, and confidence in the HPS as a policing partner. This accounts for \$0.06M or 0.03% of the 2024 budget request. Over time, the survey results will help assess HPS’s progress in improving community satisfaction and perception of safety in the City, which will allow the HPS to adjust strategic activities, as required, to achieve impactful results within the community.

Inquest Recommendations

Based on the Devon Freeman Inquest, the Jury made several recommendations. One of the recommendations was the establishment of a dedicated Missing Persons Unit (MPU) with the responsibility of coordinating and directing missing persons investigations. The recommendation aims to address the systemic issues that have hindered investigations of missing individuals and to improve HPS’s response to cases of missing people. Having the MPU will provide several advantages for the HPS including specialization of staff, increased capacity for investigations, consistency in investigative approach, access to specialized techniques, tools, and greater ability to engage with community. To implement this recommended proposal, three (3) additional staffing resources are needed; one (1) Civilian

Vision: To be a trusted partner in delivering public safety.

Mission: To serve and protect in partnership with our communities.

Our Values: Compassionate, Dedicated, Inclusive, Integrity, Innovative, Professional, Teamwork

Support Worker and two (2) Sworn Detective Constables, with a combined cost impact of \$0.14M or 0.07% increase to 2024 budget.

	Sworn	Civilian
Salary	\$239,004	\$102,150
Benefits	59,830	26,320
Total – Annual Impact	\$298,834	\$128,470
Total – 2024 Impact	\$99,611	\$42,823
2024 Impact %	0.05%	0.02%

Other Operating Budget Pressures

This category represents other operating expenditures not accounted for in the previous sections. Other operating expenditures will increase by \$0.49M or 0.24%. The following is a summary of the cost pressures contributing to the increase over the approved 2023 budget:

- *Financial* – costs will increase due to higher costs associated with legal matters, inquest indemnification, and human rights tribunals.
- *Material and Supplies* – the cost is expected to increase mainly due to the new Tech Crime Unit (TCU) server, the PeerConnect wellness app, an attendance module for Parklane System (used to manage WSIB absences), and higher renewal costs associated with the annual maintenance software support contracts.
- *Buildings and Grounds* – increase in building and grounds category is mainly due to new contract prices for horticultural and dry-cleaning services. Also, reflected in this section are utility costs for natural gas and hydro, as per the City’s budget guidelines.
- *Vehicle* – increases above are offset by a reduction in budgeted gasoline prices. The 2023 budgeted rate was set at \$1.60/litre versus \$1.35/litre for 2024, as recommended by the City.

Revenues

	Increase	%
Grants and Subsidies - increase		
CSP Grant	\$(0.06)M	
Court Security & Prisoner Transportation (CSPT)	\$(0.06)M	
Police Fees from Province	<u>\$(0.46)M</u>	
	\$(0.58)M	(0.30)%
Fees and General - increase	\$(0.08)M	(0.04)%
Total Revenues – incremental increase	\$(0.66)M	(0.34)%

% change over the approved 2023 combined budget, anomalies due to rounding.

Vision: To be a trusted partner in delivering public safety.

Mission: To serve and protect in partnership with our communities.

Our Values: Compassionate, Dedicated, Inclusive, Integrity, Innovative, Professional, Teamwork

Funding received by the HPS from third-party agencies, for participation in provincial grant programs, and funding related to secondment initiative positions, help offset gross expenditures. This funding makes up a significant portion of Service revenue. The revenue category also includes “fees and general” revenues related to Special Duty and fees for services related to employment and volunteer background checks. For the 2024 budget, the Service will recognize a gross revenue increase of \$(0.66)M or (0.34)%. The following are the contributors to the increase in this category:

Grants and Subsidies:

- Grants and subsidies revenue is expected to increase mainly from HPS’s participation in two (2) additional provincial secondment initiatives. For the 2024 budget, secondee revenue will increase by \$(0.46)M. During 2023, the HPS entered into two new secondment contracts; one contract for a Detective Constable assigned to the Provincial Weapons Enforcement Unit and a second contract for one Detective Constable and one Detective Sergeant assigned to the Golden Horseshoe Combined Forces Special Enforcement Unit. These funds are offset by employee compensation costs associated with these seconded members.
- There are also slight increases in the CSP and the CSPT grants. The increases are to align and reflect the actual 2023 funding levels.

Fees and General:

- The change in this category represents an increase in Special Duty revenue and transactional user fees. The increase in transactional user fees is to remain in check with increases to costs related to service delivery. This increase has no impact to the budget as the increase is offset with an equal increase in the operating expenditures section.

Reserve Funding:

- The 2024 budget base revenue includes funding of \$(0.58)M (2023 – \$(0.58)M) from the Police Tax Stabilization Reserve to mitigate some of 2024 budgetary pressures.

2024 CAPITAL BUDGET *(Appendix B)*

The proposed 2024 capital budget is \$4.79M, which is a \$1.22M or 0.63% increase to the 2023 approved combined budget.

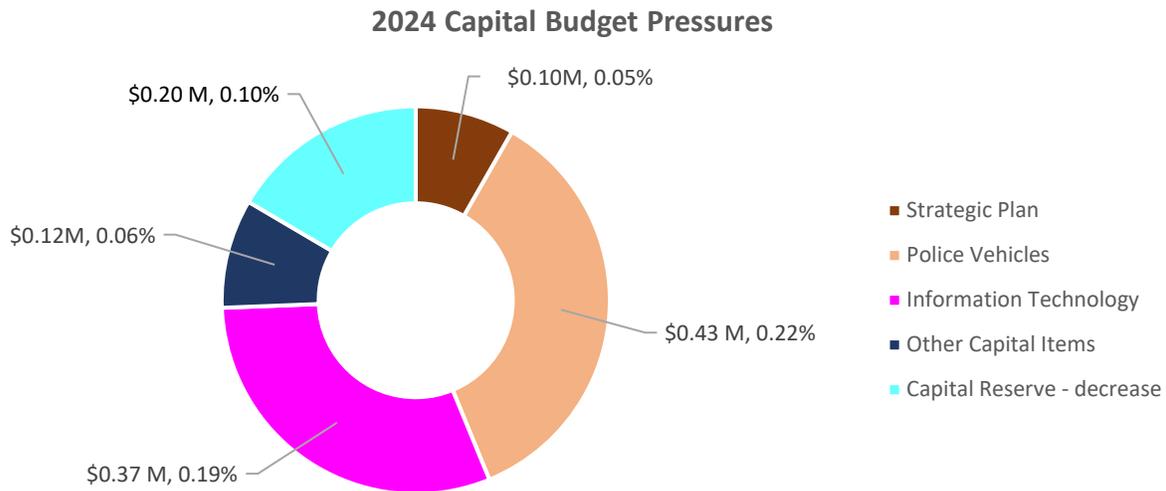

The HPS adheres to the City’s policy and practice for capital expenditures, which is defined as any capital asset greater than \$50,000 with an estimated useful life greater than one (1) year. The proposed 2024 capital budget includes lifecycle replacement and growth requests for fleet, information technology hardware, portable issued radios, electric vehicle infrastructure etc.

Vision: To be a trusted partner in delivering public safety.

Mission: To serve and protect in partnership with our communities.

Our Values: Compassionate, Dedicated, Inclusive, Integrity, Innovative, Professional, Teamwork

The below chart summarizes the key drivers for the net increase of \$1.22M, which are explained below.

Supporting the Board’s Strategic Plan

One of the actionable projects identified under the Collaborative Engagement priority of the Board’s Strategic Plan is launching a redesigned HPS external website. Costs associated with commencing this project in 2024 are budgeted at \$0.10M or 0.05%, as the current site is reaching the end of its lifecycle.

Police Vehicles

The \$2.71M request, an increase of \$0.43M or 0.22% over the approved 2023 combined budget, was previously approved by the Board through PSB 23-063 & 23-063a. The funding is anticipated to be spent on the purchase and up-fitting of twenty-seven (27) vehicles. The make and model will be finalized and dependent on the 2024 Vendor of Record (VOR) pricing.

Information Technology

This category represents a request of \$1.60M, an increase of \$0.37M or 0.19% over the approved 2023 combined budget. Some of significant contributors to the increase in this category are server/storage expansion to accommodate ongoing growth of network shares, lifecycle replacement of computers, a LiveScan device (fingerprinting equipment), and an Enterprise Mapping solution replacing a legacy system.

Other Capital Items

This category represents a request of \$0.69M, an increase of \$0.12M or 0.06% over the approved 2023 combined budget. The increase is to fund the lifecycle replacements of existing equipment, systems, facility components and body armours.

Reserves – Capital

Contribution from reserves account for \$(0.30)M in the 2024 budget, which is a decrease of \$0.20M over the approved 2023 combined budget. A total of \$(0.18)M is to come from the Police Capital Reserve and \$(0.12)M from Police Tax Stabilization Reserve. The funding helps to offset the budget impact.

It is important to note that drawing on the HPS reserves to reduce budgetary pressures is not a recommended long-term strategy as it will not be sustainable and will have negative impacts on future budgets as well as reserve balances.

2024 BUDGET *(Combined Operating and Capital)*

Overall, the total 2024 budget request amounts to \$206.92M, a combined budgetary increase of \$13.32M or 6.88% over the approved 2023 combined budget. This requested increase represents the funding necessary to provide adequate and effective policing based on the needs of the City, meet collective agreement obligations and satisfy policing standards as mandated under the PSA and the proposed CSPA.

Description	Approved 2023 Budget	Proposed Change	% Change	2024 Proposed Budget

2024 PSA SECTION 4(3) ITEMS

Section 4(1) of the PSA states every municipality to which this subsection applies shall provide adequate and effective police services in accordance with its needs. Section 4(3) states that the municipality has the legislative responsibility for providing all the infrastructure and administration necessary, including vehicles, boats, equipment, communication devices, building and supplies. As such, the following items, representing an increase of \$6.51M or 3.36%, have been submitted and are being considered by the City for funding in 2024.

Description	Capital Cost	2024 Proposed Increase	%
City's Insurance Cost Allocation		\$0.53M	0.27%
<u>Legislative Requirements (PSB 23-083)</u>			
Hard Body Armours	\$1.05M		
Carbines	0.71M		
Breaching Tool Packs	0.12M	1.88M	0.97%
<u>Capital Items (PSB 23-083)</u>			
Prisoner Escort Vehicle	0.19M		
Roof Replacement	2.83M		
Parking Lot Replacement	0.50M		
Standby Generator Diesel Fuel System Upgrade	0.30M		
Barrier Gates with Access Control	0.14M		
Chiller Overhaul	0.08M		
Structural Wall Waterproofing	0.06M	4.10M	2.12%
Total PSA Section 4(3) Items		\$6.51M	3.36%

% change over the approved 2023 combined budget, anomalies due to rounding.

City's Insurance Cost Allocation

The City's insurance premiums have increased by approximately 16% YOY, which reflect inflationary increases on insurance premiums and also caused by claims and administration cost pressures. The YOY insurance cost allocation is set to increase by \$0.53M or 0.27%. It is the Board Budget Committee's position that this cost allocation is the sole responsibility of the City as the vehicles and buildings are all owned by the City.

Capital Items

Earlier in 2023, PSB Report 23-083: HPS Projected Capital Expenditures: 2024-2033 was forwarded to the City by the Board. This report contained, among other things, a list of HPS related capital items to be considered for funding by the City in 2024 and inclusion in their 2024-2033 Capital Budget Plan. This decision is expected to be before Council in January 2024. PSB Report 23-083 is attached in Appendix E.

Vision: To be a trusted partner in delivering public safety.

Mission: To serve and protect in partnership with our communities.

Our Values: Compassionate, Dedicated, Inclusive, Integrity, Innovative, Professional, Teamwork

MULTI-YEAR BUDGET *(Appendix D)*

The City initiated the multi-year rolling budget process in an effort to increase accountability and transparency for all City departments, Boards and Agencies, including the HPS. It provides the Board and the public with a better understanding of HPS cost drivers, services, and performance for both current and future budget years. *Appendix D* provides a table of the multi-year rolling budget for HPS for the period 2025 – 2027.

APPENDICES AND SCHEDULES ATTACHED:

Total % change over PY (Total Budget)	10.24%	6.02%	3.34%	3.51%

Assumptions:

- 1) Collective Agreement increases were estimated based on anticipated "Big 12" Police Services comparators.
- 2) Forecasting for 2025 - 2027 includes current staffing members which reflects the 2024 new staffing enhancements and the additional Officers projected as part of the 10-year Human Capital Plan.
- 3) Grants/Revenues remain constant for multi-year forecasting.
- 4) Operating expenditures are based on current costing with no CPI adjustments.
- 5) Forecasting for 2025 - 2027 includes items under the *PSA Section 4(3)*.

HAMILTON POLICE SERVICE

RECOMMENDATION REPORT

TO:	Chair and Members Hamilton Police Services Board
BOARD MEETING DATE:	September 28, 2023
SUBJECT:	HPS Projected Capital Expenditures: 2024-2033
REPORT NUMBER:	23-083 (PSB 22-085, 21-098, PSB20-099, PSB15-002, PSB 15-002a, PSB 15-002x, PSB 16-113, PSB 17-122, PSB 18-108, PSB 19-103)
SUBMITTED BY:	Frank Bergen, Chief of Police
SIGNATURE:	

RECOMMENDATION(S)

- a) That the Hamilton Police Service Board (Board) approves the list of 2024-2033 Projected Police Capital Expenditures included in this report and Appendix “A”; and
- b) That the Board approves that Capital Projects under Section 1 of this report and Appendix “A” be considered by the City of Hamilton (COH) for funding in 2024; and
- c) That the Board forwards Report 23-083 HPS Projected Capital Expenditures 2024 – 2033 and Appendix “A” to the COH for inclusion in their 2024-2033 Capital Budget Plan

EXECUTIVE SUMMARY

The report, along with Appendix “A”, includes a summary of the 10-year major capital projects for the Hamilton Police Service (HPS) from 2024 to 2033. A brief description of each item including the estimated cost and anticipated funding year(s) for each project are provided in the report below.

FINANCIAL – STAFFING – LEGAL IMPLICATIONS

Financial: See the details below, including Appendix “A”.

Staffing: N/A

Legal Implications: N/A

Vision: To be a trusted partner in delivering public safety.

Mission: To serve and protect in partnership with our communities.

Our Values: Compassionate, Dedicated, Inclusive, Integrity, Innovative, Professional, Teamwork

INFORMATION

Each year the COH requests that the HPS identifies capital projects for the next 10 years. These projects are submitted to the COH for consideration, priority and funding approval through the COH's annual capital budget process. The capital projects listed below represent HPS's projection of expected capital expenditures for the next 10 years.

In addition to capital projects, the HPS developed a 10-year Human Capital plan in 2022. The plan will add 13 net new Police Officers to the authorized sworn strength each year until 2030, to help ensure that the number of Police Officers increases commensurate to the expected population growth in the COH.

This report separates capital projects into three sections: 1) requests to the COH for consideration to fund the expenditures on HPS's behalf, 2) projects HPS will include in its 2024 annual budget submission and 3) future forecasted capital projects for inclusion in COH's 2024-2033 Capital Budget Plan.

1. CAPITAL PROJECTS FOR CONSIDERATION BY THE COH FOR FUNDING

2024 – Roof Replacements – Central and Mountain Stations – \$2,825,000

The roof replacement is an on-going multi-year project that began in 2019. The roofing systems are in need of replacement as they have exceeded or are approaching the end of their expected useful life. Comprehensive reviews of HPS facility roofs were conducted by various parties and the estimated costs and phasing plans in Appendix "A" are based on the recommendations resulting from these reviews.

The roof replacement strategy for Central station is to be completed in four phases. Phase 1 was completed in 2020, while phase 2 and 3 are still in the progress. These three phases have already been approved and funded as part of the COH's annual capital budget process in prior years. Phase 4 is set to commence in 2024 at an estimated cost of \$525,000.

The initial recommendation, provided by the MTE consultants, was to replace the roof for the Mountain station in 2026. In 2023, the MTE consultants were engaged and requested to reassess the roof condition. The new report found the roof to be in fair condition with several locations of significant deterioration. Given the extent of repairs that would be required to address the significantly deteriorated areas, and the minimal useful life gained from the repairs, the recommendation is to instead replace the roof in 2024 at an estimated cost of \$2,300,000. The cost is significantly higher than other recent HPS roof replacements due to the more complex roof system at the Mountain station and an inability to complete the replacement in multiple phases over time.

Vision: To be a trusted partner in delivering public safety.

Mission: To serve and protect in partnership with our communities.

Our Values: Compassionate, Dedicated, Inclusive, Integrity, Innovative, Professional, Teamwork

2024-2026 – Parking Lot – Central and Mountain Stations – \$500,000 in 2024 (\$800,000 total)

Stantec's Facilities report (2016) identified the need for a complete parking lot replacement and resurfacing at all three Police Stations (Central/East End/Mountain) as they had exceeded or were approaching their end of life conditions.

Based on the most recent 2022 BCA review completed by Walter Feddy, the Central and Mountain station parking lots appeared to be in fair condition with visible surface cracking and deterioration. The recommendation is to defer the replacement of these lots into the future and complete significant repairs over the next few years to address areas of deterioration.

The Mountain station parking lot repair will take place in 2024 at an estimated cost of \$500,000. The Central station parking lot repair is expected to occur in 2026 at an estimated cost of \$300,000. Complete replacement is expected to be required in the next 20 years.

Last year, HPS requested funding to replace the East End station parking lot, which the COH approved and included in its 2023 10-year Capital Plan. HPS asks for the same consideration be given to funding for the proposed Mountain and Central station parking lots in 2024 and 2026.

2024 – Standby Generator Diesel Fuel System Upgrade – Central Station – \$300,000

The standby generator diesel fuel system is a backup power generator in the event of an emergency. The generator fuel system at the Central station does not meet current Technical Standards Safety Authority (TSSA) standard requirements and requires repairs/upgrades to be legislatively compliant. A variance application has been submitted and approved by TSSA to maintain operational requirements until upgrades are completed. The TSSA has approved variance applications for Central station until December 1, 2024.

HPS recently requested, and the COH approved and included in its 10-year Capital Plan, the previous funding request for 2022 and 2023. As such, HPS requests the same consideration for 2024 at an estimated cost of \$300,000.

2024 – Personal Issued Portable Radios Replacement (PIPR) – \$1,400,000

The HPS, together with the COH, negotiated a contract with Motorola in 2019, which resulted in significant discounts with respect to equipment. The replacement plan includes the mobile communication devices in each patrol vehicle. The HPS is in its last year of the five-year deployment strategy for the replacement of the PIPRs.

The related funding requests for 2020-2023 were approved and included in the COH's 10-year Capital Plan. As such, HPS requests the same consideration for 2024.

Vision: To be a trusted partner in delivering public safety.

Mission: To serve and protect in partnership with our communities.

Our Values: Compassionate, Dedicated, Inclusive, Integrity, Innovative, Professional, Teamwork

2024 – Prisoner Escort Vehicle – \$190,000

The HPS Court Security Branch is responsible for transportation of prisoners to and from Central station, the Hamilton Wentworth Detention Centre (HWDC) and on occasion to facilities outside its jurisdiction.

The court custody transportation wagons have reached the end of their useful life. The prisoner compartments have been reconditioned, however, hinges, latches, wiring and air conditioning are failing. The HPS considered replacing only the prisoner compartment but the chassis of the current E450 is not compatible with the current prisoner compartments.

These vehicles must be highly protected and feature bars or wire mesh over the windows, bulletproof glass, segregated prisoner compartments, and additional seating for escorting officers. Vehicles also must be equipped with radio communications, global positioning units, additional restraints and other emergency equipment. The optimal vehicle size for current operations includes 4 compartments, capable of holding 16 prisoners. The cost of a new prisoner escort vehicle is estimated to be \$190,000. This estimate is slightly higher than the 2023 request, due to and increased cost for upfitting.

The previous funding request for one of the court custody transportation wagon was approved and included in the COH's 2023 annual capital budget. As such, HPS requests the same consideration be given for 2024.

2024 – CSPA Active Attacker Equipment – Legislative Requirement – \$1,877,000

In March 2019, the government passed the Community Safety and Policing Act, 2019 (CSPA), as part of the Comprehensive Ontario Police Services Act, 2019. In 2021, the Ministry of the Solicitor General (Ministry) released a draft regulation, "Response to Active Attacker Incidents", under the CSPA. The draft regulation establishes requirements for the response to, and management of, incidents involving an active attacker. These incidents have the potential for significant injury and loss of life.

The Ministry has taken into account the recommendation from the Mass Casualty Commission Report (Nova Scotia) and feedback from stakeholders and is proposing to make amendments to the regulations with respect to required equipment for police officers.

The regulation states that every police officer who performs patrol function, and who may be required to respond to an incident involving an active attacker, shall have ready access to:

- Hard body armour
- A semi-automatic rifle (Carbine), and
- Breaching tool packs

The current HPS issued body armour is designed to stop handgun ammunition of limited calibers. It does not provide any protection from most rifle caliber ammunition used in many popular combat style rifles.

The HPS is considering deploying ballistic armour plates to the police officers. A ballistic plate is a protective armoured plate that can be inserted into a carrier or bulletproof vest

Vision: To be a trusted partner in delivering public safety.

Mission: To serve and protect in partnership with our communities.

Our Values: Compassionate, Dedicated, Inclusive, Integrity, Innovative, Professional, Teamwork

on its own or in conjunction with other armour. The armour plates increase the level of protection for officers in highly dangerous situations, such as active shooter events or any event, in which there is a threat from rifle caliber bullets. The plates are capable of stopping all calibers of handgun ammunition, in addition to rifle ammunition. They also afford better protection for the crushing affect of shotgun ammunition. In addition, armour plates protect against the potentially lethal affects of a slashing edged weapon, increasing the officer's likelihood of survival in these lethal encounters.

The armour plates will not only provide proper protection in these situations but will ensure that HPS is compliant with the proposed regulations under the CPSA. The proposed CPSA states that Police services will have one year to comply with this requirement. The cost for the ballistic armour plates is approximately \$1,050,000.

The HPS currently has carbine rifles, with some being deployed operationally and others to the Training Branch for ongoing training and armouring requirements. The deployed carbines are not enough to comply with the new requirement under the proposed CPSA. An additional 102 carbines are necessary to ensure that each police officer, who may be required to respond to an incident involving an active attacker, has ready access to the semi-automatic rifle.

In addition to the 102 new carbines, a minimum of two full magazines will need to be maintained in each vehicle that can be reasonably expected to arrive promptly at the location of an active attacker incident. Similarly, the HPS will need to purchase all the necessary accessories and parts and tools for the carbines. For example, rifle cases, gun lights, slings, mounts, magazine pouches and metal lockers to ensure that the carbines are safety and securely stored and transported to/from the outdoor ranges.

The Ministry is proposing a two year timeline to be in compliance with the new requirements. Based on the current supply and demand, it takes about four to seven months to receive the equipment. Delaying the ordering process will likely extend this period to eight to ten months. The cost associated with the carbines is estimated at \$709,000.

The proposed legislation also directs that at least one breaching tool pack is available in every patrol vehicle responding to an active attacker situation. Currently, only the divisional Supervisor vehicles are equipped with a breaching tool pack, which consists of a CQB ram, Halligan tool, sledgehammer and a set of bolt cutters. To comply with this requirement, the HPS will need to ensure a breaching kit is deployed and readily available not only in the front-line patrol vehicle but also in traffic safety vehicles. This will enable officers to quickly respond in an active attacker situation. The estimated costs is approximately \$118,000.

It is of critical importance that HPS members are provided with the uniforms, tools and equipment required to effectively perform their duties, meet all legislated requirements and ensure their safety, as well as that of the public.

Vision: To be a trusted partner in delivering public safety.

Mission: To serve and protect in partnership with our communities.

Our Values: Compassionate, Dedicated, Inclusive, Integrity, Innovative, Professional, Teamwork

2024 – Chiller Overhaul – Central Station – \$80,000

The chiller located in the mechanical room has exceeded the recommended 25,000 hours of operation. No service to the vanes, bearing or motor in the chiller cavity have been completed. Generally, it is recommended that chillers be overhauled and inspected every 25,000 operating hours to ensure peak performance. This service is crucial in preventing future failure or shortening the useful lifespan of the chiller, which is the primary source of cooling at the Central station. If this chiller was to fail, it would cause significant damage and there would be no cooling provided to the occupants of this building during the warmer months.

2024 – Structural Wall Waterproofing – Central Station – \$60,000

There is a need to have structural waterproofing done for the outside wall located at the east side patio which is the fleet garage wall. Patio, concrete removal and excavation is required in order to waterproof the wall and stop water migration through foundation walls/joints. An estimated cost of \$60,000 is required to complete this remedial work.

2024 – Barrier Gates with Access Control – Mountain Station – \$140,000

A public, as well as officer, safety issue has been raised in relation to the rear parking lot at the Mountain station. Community members are using the back lot as a throughway to access the YMCA and speed through this corridor is a safety issue. This poses a risk to not only police but public as well, as the risk of vehicle/pedestrian accidents is raised when officers are responding suddenly to emergency calls for service. To mitigate this risk, the installation of barrier gates with access control at this site is proposed.

2. CAPITAL PROJECTS TO BE INCLUDED IN HPS's ANNUAL BUDGET SUBMISSION**2024-2026 9MM Conversion (Glock Program) – \$183,060 in 2024 (\$549,180 total)**

The HPS started transitioning from a .40-caliber magazine to a Glock 9mm platform in 2022. The HPS negotiated a total Service conversion, with a rent-to-own, five-year plan at \$183,060 per year. 2024 represents the third year of the five-year deployment strategy.

Transitioning to a Glock platform was deemed necessary due to a limited supply of .40 caliber ammunition and that it no longer being manufactured. In addition, transitioning to a Glock platform offers substantial long-term cost savings due to the 9mm ammunition being generally cheaper than .40 caliber.

2024 – Electric Vehicle (EV) Charging Station – Police Stations – \$100,000

The Board approved, through the PSB 22-074, the installation of twelve EV charging stations through the cost-sharing contribution agreement with the Natural Resources Canada (NRCan), in accordance with the terms and conditions associated with the Zero

Vision: To be a trusted partner in delivering public safety.

Mission: To serve and protect in partnership with our communities.

Our Values: Compassionate, Dedicated, Inclusive, Integrity, Innovative, Professional, Teamwork

Emission Vehicle Infrastructure Program (ZEVIP). The PSB 22-074 stated that any further site preparation and infrastructure costs over and above the grant contribution will be requested through the HPS annual capital budgets. Final costing has been received, and as such, an additional \$100,000 is required for site preparation and infrastructure requirements to complete the work.

2024 – Digital Storage – Investigative Service Division (ISD) – \$164,500

The data storage servers are critical core assets for the HPS Tech Crime Unit (TCU). The TCU examines, analyzes and extracts evidence from all devices for the entire Service.

The current servers maintained on premises are either old, approaching maximum storage capacities or both. One server is considered to be “legacy equipment” that is no longer supported by the vendor nor repairable in the event of a failure. Replacement of the legacy equipment and an increase to the total storage capacity is necessary.

The HPS proposed a hybrid on-site/cloud based solution to solve the data evidence storage challenges and minimize the risk of lost evidence data. The HPS was able to secure pricing for a new on-site server with a two-year plan. This resulted in cost savings, an increase in TCU’s data storage capacity by 145% and solved the near-term capacity challenge. 2024 is the final year of the deployment strategy.

3. FUTURE FORECASTED CAPITAL PROJECTS FOR INCLUSION IN COH’s 2024-2033 CAPITAL BUDGET PLAN

2025 – Cooling Tower Replacement – Central Station – \$175,000

The Central station cooling tower, which is original to the building, shows signs of aging and deterioration. Based on the 2022 BCA completed by Walter Feddy consultants, the cooling tower has been identified for replacement. The cooling tower provides large scale air-conditioning and ventilation to the Central station. This cooling tower works in tandem with the chiller system where it provides evaporation for the cooling system and the two together create a central cooling for the Central station. If the cooling tower was to breakdown there would be no cooling provided to the occupants during the cooling season.

2025 – Reseal Concrete Floors – Central and Mountain Stations – \$105,000

A portion of the service area, at both Central and Mountain stations, and parking garage floor at Central station are finished with sealed concrete. Upon inspection, the finish appeared to be in fair condition with signs of wear and aging. All of these areas experience high foot and machinery traffic and are exposed to chemical agents causing cracking, staining and other damage to the floor which risks shortening the useful life of the floor. The floors need to be resealed in order to maintain their durability and colour while maintaining or extending the life of the floor. If left untreated, loss of sealed surface will increase the likelihood of slips and falls, and prematurely degrade the integrity of the

Vision: To be a trusted partner in delivering public safety.

Mission: To serve and protect in partnership with our communities.

Our Values: Compassionate, Dedicated, Inclusive, Integrity, Innovative, Professional, Teamwork

concrete beneath it. The estimated cost to reseal the concrete floors at the Central station is approximately \$90,000 and \$15,000 for the Mountain station.

2025 – Carpet Replacement – East End Station – \$50,000

The office areas at the East End station are finished with carpeted flooring. Based on the most recent 2022 BCA review, the carpets appear to be in fair condition with some visible signs of wear and tear. The recommendation is to replace these carpets to hard surface in 2025, with an estimated cost of \$50,000. Hard surface flooring will extend the life of the floor and it is considered to be more sturdy and durable.

2025 – Marine Vessel – Rigid Hull Inflatable Boat (RHIB) – \$350,000

The Marine Unit provides vital support on the waterways within Hamilton Harbour, Lake Ontario, conservation areas and other water ways within the COH. The Marine Unit is responsible for enforcement on the water, search and rescue, criminal investigations and assisting other vessels in distress.

The current RHIB was purchased in 2015. The expected life expectancy for the vessel is about 10 years. The 8 metre RHIB is capable of wading into shallow water to rescue or recover persons, smaller watercraft and vessels. The open platform design provides the ability to easily conduct vessel stops and interact with boaters at a distance. The vessel is equipped with sonar, radar and FLIR in order to fulfil the search and rescue mandate.

The HPS will continue to perform preventative maintenance to extend the life expectancy of the vessel. Once ongoing repairs no longer extend the service life of the vessel a replacement will be required, which is expected to occur in 2025.

2027-2033 – Motor Control Centre – Central and East End Stations – \$100,000

The motor control center (MCC), which provides electrical power and control to various pumps and fans on all manner of mechanical equipment, shows signs of wear and aging. This equipment is critical for the mechanical systems and if failure was to occur it could result in significant downtime and loss of control of mechanical equipment. This can also cause heating, cooling and ventilation systems to cease to function causing discomfort to occupants and possible property damage.

The HPS will be required to replace the MCC at both Central and East End stations, at an estimated cost of \$50,000 each in 2027 and 2033, respectively.

2027-2029 – Central Air System – Make-Up Air Handling Unit (AHU) – Central and East End Stations – \$1,010,000

Make-up air is designed to make up the air in interior space that has been removed due to process exhaust fans. This type of HVAC solution pulls in fresh, tempered air from outside of the building to replace existing air that cannot be recirculated. This not only improves the quality of air within the building, but also protects the health of those inside. The system is comprised of 8 AHU's, 8 supply fans and 8 return fans.

Vision: To be a trusted partner in delivering public safety.

Mission: To serve and protect in partnership with our communities.

Our Values: Compassionate, Dedicated, Inclusive, Integrity, Innovative, Professional, Teamwork

Based on the 2022 BCA, the system appears to be in fair condition with some signs of wear and aging. If the system was to fail, refurbishment would be needed which includes replacement of the AHUs, supply fans and return fans. The replacement will not be required all at once but rather on an as needed basis. The estimated cost per AHU unit is \$60,000 and \$5,000 per supply/return fan. The HPS will continue to perform regular preventative maintenance to contribute to the longevity of the system.

2027-2032 – Flooring Replacement – Mountain Station – \$160,000

Based on the BCA review completed by Walter Feddy in 2022, the rubber and vinyl flooring at the Mountain station will need to be replaced as it shows some visible signs of wear and tear. The rubber flooring is to be replaced in 2027 and vinyl flooring in 2032, at estimated costs of \$40,000 and \$120,000, respectively.

2028-2031 – Windows Replacements – Police Stations – \$600,000

The exterior windows for all the buildings are comprised of aluminum-framed windows which are original to all buildings. Based on the 2022 BCA, the windows are showing normal signs of wear and tear. The HPS will continue to regularly monitor their condition. However, as they approach the end of their useful life expectancy a full window replacement will be required.

The window replacements for the Central and East End stations are anticipated to occur in 2028 at an estimated cost of \$300,000 and \$100,000, respectively. Window replacements for the Mountain station is anticipated to occur in 2031, at an estimated cost of \$200,000.

2029-2033 – Gym Floor Replacements – Central and East End Stations – \$187,500

The floor in both gyms, located at the Central and East End stations, is finished with hardwood. Based on the 2022 BCA, the wood appears to be in fair condition overall. The floors do display some scratched and gouged areas which are reflective of gyms being a high-traffic area and their frequent use. The HPS will continue to perform preventative maintenance as required to contribute to their longevity. Even with the proper preventative maintenance, the hardwood floor still has a maximum life expectancy. Over time, floors begin to show their age. The boards may begin to feel soft and bouncy, the wood may fracture and crack in places. The accumulation of these issues create more than just cosmetic concerns, but also could make the use of these facilities dangerous for members.

As such, the gym floor replacements for Central and East End stations are expected to occur in 2029 and 2033 at an estimated cost of \$125,000 and \$62,500, respectively.

2030 – Building Improvements – Central Station – \$360,000

The 2022 BCA review identified the need to replace various components at the Central station. At the time of the inspection, all of the components were deemed to be in good condition with recommendations for replacement by 2030. The recommendations were based on their estimated remaining useful life.

Vision: To be a trusted partner in delivering public safety.

Mission: To serve and protect in partnership with our communities.

Our Values: Compassionate, Dedicated, Inclusive, Integrity, Innovative, Professional, Teamwork

There are approximately 35 painted metal washroom partitions located throughout the Central station that will need to be replaced at an estimated cost of \$60,000.

A portion of the third floor walls are finished with wood paneling. These will approximately cost \$60,000 to replace.

A portion of the common area floors are finished with either VCT or laminate sheet flooring. A total of \$240,000 is estimated for flooring replacement.

2030 – Kitchen Replacement – Mountain Station – \$60,000

There are multiple kitchens located throughout the Mountain station that will need refurbishment in the next nine years due to their deteriorating state. The kitchen replacement is inclusive of cabinetry, countertops, refrigerators, sinks, faucets and flooring.

2031 – Curtain Walls – Mountain Station – \$210,000

A portion of the exterior walls are clad with curtain walls. The curtain wall acts as a protective, weatherproof shield that keeps air and water out of the building. Curtain walls are designed to disperse stress from sources such as high winds, improve the overall steadiness of the building and increase energy efficiency. The 2022 BCA review revealed that the curtain wall appeared in good condition, however, a replacement will be needed at the end of its useful life expectancy. The replacement cost is estimated to be \$210,000.

2031 – Armoured Vehicle – \$530,000

The HPS purchased a Terradyne MPV Armoured Rescue Vehicle (ARV) in 2013. The ARV is designed to provide ballistic protection to police in response to high-risk armed calls for service including hostage or officer rescue. The ARV is deployed by the Emergency Response Unit (ERU) to execute high risk search, arrest warrants or to help resolve armed and barricaded/critical incidents. The ARV allows the ERU to contain armed suspects and move closer to the crisis point safely under the cover of its ballistic protection. ARV's are deployed by police agencies around the world and they have even been used to rescue injured civilians or officers in active shooting situations.

The life expectancy of the vehicle is approximately 15 years depending on use, wear, tear and required maintenance. The HPS will continue to perform routine maintenance to extend the longevity of the current vehicle. Once it is no longer economical to extend the service life of the vehicle through repairs and maintenance, replacement will be required which is estimated at approximately \$530,000.

2032-2033 – Interior Lighting Replacements – East End and Mountain Stations – \$320,000

Interior lighting, for both the East End and Mountain stations, is provided by bulb and tube fixtures which are either ceiling or wall mounted. As per the 2022 BCA review, the HPS plans to replace the current interior lighting at the end of their useful life expectancy with LED bulbs or fixtures, at an estimated cost of \$160,000 per station. Upgrade to LED

lighting is highly energy-efficient, has longer running hours and lifespan and it also saves on maintenance cost over time.

2033 – Building Improvements – Mountain Station – \$323,000

The 2022 BCA review identified the need to replace various components at the Mountain station. The BCA review recommended that all of these be replaced by 2033, which is based on their remaining useful life.

Aluminum lockers, approximately 206, at an estimated cost of \$103,000.

Approximately 70 hollow-metal and solid wood interior doors, with or without inset glazing, will need to be replaced at an estimated cost of \$100,000.

The BCA report also identified the need for a replacement of the heating water boiler, at an estimated cost of \$100,000.

2033 – Marine Vessel – Interceptor – \$1,000,000

The COH has a number of conservation areas with bodies of water, with some being used in winter months. The Marine Unit is responsible for all bodies of water within COH. The necessity to respond rapidly and appropriately is required.

The current Interceptor vessel was purchased in 2019. The 12 meter Interceptor provides a closed cabin configuration that allows for operations in inclement weather and provides the ability to operate later in the season. The larger deck provides space to evacuate more people from a vessel in distress and provides a safe platform for search and rescue technicians to be dropped in and recovered by helicopter. The cabin provides the essential space and radio communications to act as a command post for Marine critical incidents. The vessel is equipped with sonar, radar and FLIR in order to fulfill the search and rescue mandate, and conduct the duties safely, efficiently and effectively.

The HPS continues to perform preventative maintenance to extend the life expectancy of the vessel. Once ongoing repairs are no longer extending the service life of the vessel a replacement will be required, which currently is expected to occur in 2034.

ALTERNATIVES FOR CONSIDERATION

Not Applicable.

Deliverables to be completed by December 31, 2024:**

- Watershed-based Resource Management Strategy, Operational & Asset Management Plans for Natural Hazard Infrastructure***, Ice Management Plan, Conservation Area Strategy, & Land Inventory

***CH Asset Management (AM) Plan completed through a phased approach 2017-2020; Dams & Channels AM plan updated June 2022

Corporate Administration & Operations:

Corporate Administration & Operations program expenses have been categorized for the most part to Category 1 and are funded municipally and/or by other self generated revenues for costs allocated to programs.

Costs are assessed to specific programs for time spent by staff and funded through internal chargeback recoveries, primarily for Conservation Lands & Recreation active recreation programs and are funded by self generated program fees.

2024 P&S Inventory Summary:

- 58% of the 2024 budget is Category 1 P&S
- 96% of the 2024 base municipal levy is allocated to Category 1 P&S
- 61% of Category 1 P&S in the 2024 budget are funded by self generated revenue, grants, internal chargeback recoveries and reserves

INDEPENDENT AUDITOR'S REPORT

To the Members of Conservation Halton

Opinion

We have audited the financial statements of Conservation Halton (the "Entity"), which comprise:

- the statement of financial position as at December 31, 2022
- the statement of operations and changes in accumulated surplus for the year then ended
- the statement of changes in net financial assets for the year then ended
- the statement of cash flows for the year then ended
- and notes to the financial statements, including a summary of significant accounting policies

(Hereinafter referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Entity as at December 31, 2022, and its results of operations, its changes in accumulated surplus, its changes in net financial assets and its cash flows year then ended in accordance with Canadian public sector accounting standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the "**Auditor's Responsibilities for the Audit of the Financial Statements**" section of our auditor's report.

We are independent of the Entity in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Page 2

Responsibilities of Management and Those Charged With Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, management is responsible for assessing the Entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Entity or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Entity's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control.

Page 3

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Entity's to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation
- Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

A handwritten signature in black ink that reads 'KPMG LLP'. The signature is written in a cursive, slightly slanted style. Below the signature is a horizontal line that starts under the 'K' and ends under the 'P', with a small flourish at the end.

CONSERVATION HALTON

Notes to Financial Statements, continued

Year ended December 31, 2022

Purpose of Organization:

Conservation Halton is established under the Conservation Authorities Act of Ontario to further the conservation, restoration, development and management of natural resources, exclusive of gas, oil, coal and minerals for the watersheds within its area of jurisdiction. The watersheds include areas in the Regions of Halton and Peel, the Township of Puslinch and the City of Hamilton.

Conservation Halton's purpose is to protect people from natural hazards, conserve nature and provide opportunities for outdoor recreation and education across the watershed.

1. Significant accounting policies:

The financial statements of Conservation Halton are prepared by management in accordance with the Chartered Professional Accountants of Canada Public Sector Accounting Handbook for local government. The significant accounting policies are as follows:

(a) Basis of accounting:

Revenues and expenses are reported on the accrual basis of accounting. The accrual basis of accounting recognizes revenues as they become available and measurable; expenses are recognized as they are incurred and measurable as a result of receipt of goods or services and the creation of a legal obligation to pay.

These financial statements do not include the activities of the Conservation Halton Foundation, a related incorporated registered charity with a mission to raise funds and profile for Conservation Halton projects and programs.

(b) Investments:

Investments are recorded at the lower of cost and market value based on quoted market prices. Losses are recorded when the decline in market value is other than temporary.

(c) Non-financial assets:

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the ordinary course of operations.

(i) Inventory:

Inventory is valued at the lower of cost and net realizable value. Cost is determined using specific identification of the cost of the individual items.

CONSERVATION HALTON

Notes to Financial Statements, continued

Year ended December 31, 2022

1. Significant accounting policies (continued):

(c) Non-financial assets (continued):

(ii) Tangible capital assets:

Tangible capital assets are recorded at cost less accumulated amortization. Costs include all costs directly attributable to acquisition or construction of the tangible capital asset including transportation costs, installation costs, design and engineering fees, legal fees and site preparation costs. Contributed tangible capital assets are recorded at fair value at the time of the donation, with a corresponding amount recorded as revenue on the same basis as the amortization expense related to the acquired tangible capital asset. Assets under construction are not amortized and are transferred into their relative asset category when available for productive use. Amortization is recorded on either a straight-line basis over the estimated life of the assets or by using the declining balance method.

The following rates are used:

Asset	Basis	Useful Life - Years
Land improvements	Straight-line	30 to 50 years
Buildings and building improvements	Straight-line	25 to 50 years
Machinery and equipment	Straight-line	5 to 40 years
Furniture and fixtures	Straight-line	5 to 20 years
Infrastructure	Straight-line	20 to 75 years
Vehicles	Declining balance	30%
Computer hardware and software	Straight-line	5 to 10 years

Annual amortization is charged in the year of acquisition and in the year of disposal. Assets under construction are not amortized until the asset is available for productive use.

Tangible capital assets received as contributions are recorded at their fair value at the date of receipt and also are recorded as revenue.

(d) Deferred revenue - Capital and Major Projects:

Conservation Halton received certain amounts for which the related services have yet to be performed. These amounts are recognized as revenue in the fiscal year the related expenses are incurred or services performed. Funds received for the purchase of tangible capital assets are recognized when the related asset is purchased.

(e) Deferred revenue - Water Management System:

Conservation Halton has received funds for expenses to be incurred for the future operation of a water management system and management of certain lands. These funds are externally restricted and cannot be drawn until Conservation Halton commences management of the lands. These amounts will be recognized as revenues when the relating expenses are incurred or management services performed.

CONSERVATION HALTON

Notes to Financial Statements, continued

Year ended December 31, 2022

1. Significant accounting policies (continued):

(f) Investment income:

Investment income is reported as revenue in the period earned. When required by the funding government or related Act, investment income earned on deferred revenue is added to the investment and forms part of the deferred revenue balance.

(g) Revenue recognition:

Municipal levies, government transfers and funding for projects are recognized as revenue when the transfer is authorized, any eligible criteria has been met, and the amount can be reasonably estimated.

User charges and fees are recognized as revenue in the period in which the related services are performed.

(h) Employee future benefits:

The costs of multi-employer defined contribution pension plan benefits, such as the Ontario Municipal Employees Retirement System ("OMERS") pensions, are the employer's contributions due to the plan in the period.

(i) Use of estimates:

The presentation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Significant items subject to such estimates and assumptions include accrued liabilities, contaminated site liability, contingencies and tangible capital assets. Actual results could differ from estimates.

2. Short-term investments:

	2022	2021
Business investment	\$ 14,361	\$ 5,203,184
Notice plan investment	5,327,616	10,085,806
High interest savings	31,662	2,314,090
Guaranteed investment certificates	8,000,000	5,000,000
Pooled fund - Provincial and Corporate bonds	4,537,113	4,443,377
Pooled fund - Equity	665,174	614,604
Total	\$ 18,575,926	\$ 27,661,061

The guaranteed investment certificates have effective rates that range between 0.75% and 5.00% (2021 - 0.64% and 1.20%). Interest is receivable on the date of maturity. Maturity dates range from March 3, 2023 to December 29, 2025. The business investment account and pooled funds (which include money market, bond and equity funds) earn interest at variable rates which is paid monthly.

CONSERVATION HALTON

Notes to Financial Statements, continued

Year ended December 31, 2022

2. Short-term investments (continued):

The notice plan investment has accrued interest rate of 4.90% that is tied to bank reference rates that are subject to change and withdrawals require 31 days' notice.

Market value of short-term investments are \$18,877,502 (2021 - \$28,523,879).

3. Investment/Deferred revenue - Water Management System:

Conservation Halton entered into an agreement for the transfer of a Water Management System and its long-term operation with an estimated timeline of 2063. The agreement is based on the principle that the net costs associated with ongoing operation, maintenance and performance of the Water Management System will not be a financial liability to Conservation Halton.

To ensure that Conservation Halton should not have a net financial liability for the management of the water system, Conservation Halton received amounts from 2008 to 2017 as part of the agreement. The amounts received are to be invested in accordance with Municipal Act Regulations and will be managed by an Investment Committee as required by the agreement. At the time of transfer Conservation Halton will be able to draw on the funds only to facilitate the management of the water system.

The funds are invested as follows:

	2022	2021
Cash	\$ 205	\$ 203
Provincial and provincially regulated agency bonds	10,431,382	7,952,991
Guaranteed investment certificates	2,300,373	4,398,423
Total	\$ 12,731,960	\$ 12,351,617

The provincial and provincially regulated agency bonds have effective yields of 3.11% to 4.22% (2021 - 3.11% to 4.15%). Interest is receivable on the date of maturity. Maturity dates range from July 16, 2027 to October 17, 2050.

The guaranteed investment certificate has an effective interest rate of 0.95% (2021 - 0.64% and 2.33%). Interest is receivable on the date of maturity. Maturity date is January 13, 2023.

Market value of investments are \$12,069,035 (2021 - \$13,495,435).

4. Accounts receivable:

Included in accounts receivable is \$192,629 (2021 - \$375,708) due from Conservation Halton Foundation.

During 2022, the Foundation contributed \$711,347 (2021 - \$938,950) to fund projects carried out by Conservation Halton.

CONSERVATION HALTON

Notes to Financial Statements, continued

Year ended December 31, 2022

5. Deferred revenue:

(a) Deferred revenue includes the following amounts:

	Balance at December 31, 2022	Additions	Revenue recognized	Balance at December 31, 2021
Watershed management	\$ 2,876,558	\$ 699,522	\$ 813,152	\$ 2,990,188
Partnership projects	919,430	185,608	254,015	987,837
Source water protection	38,800	208,555	240,585	70,830
Conservation areas	6,254,161	6,900,177	5,621,408	4,975,392
Canada Emergency Wage Subsidy (note 5 (b))	-	(7,437,811)	-	7,437,811
	<u>\$ 10,088,949</u>	<u>\$ 556,051</u>	<u>\$ 6,929,160</u>	<u>\$ 16,462,058</u>

Additions to deferred revenue includes contributions from external parties and payments for annual passes and lesson programs received during the year pertaining to the following year.

(b) Conservation Halton applied for funding through the Canada Emergency Wage Subsidy (CEWS) program. In 2021, Conservation Halton received funding totaling \$7,437,811 and the amount was recorded as deferred revenue until the year ended December 31, 2021. The Canada Revenue Agency (CRA) through an audit determined that the Conservation Halton was not eligible for this subsidy. The subsidy was refunded to the CRA during 2022 in the full amount of \$7,437,811. The assessment resulted in interest owing of \$702,544 and was expensed in Corporate Services on the statement of operations in 2022. Conservation Halton is appealing this assessment and has also requested that interest charges be waived. A final decision by the CRA is pending as at December 31, 2022.

6. Deferred revenue - Capital and Major Projects:

	Balance at December 31, 2022	Contributions received	Revenue recognized	Balance at December 31, 2021
Capital - Ministry of Natural Resources	\$ 104,882	\$ 344,705	\$ 324,372	\$ 84,549
Capital - Municipal	816,580	262,000	173,407	727,987
	<u>\$ 921,462</u>	<u>\$ 606,705</u>	<u>\$ 497,779</u>	<u>\$ 812,536</u>

CONSERVATION HALTON

Notes to Financial Statements, continued

Year ended December 31, 2022

7. Long-term liabilities:

	2022	2021
5 year term loan at 2.95% interest compounded annually, with a registered collateral mortgage covering 54.36 acres of land, due November 30, 2025	\$ 123,498	\$ 168,588
Municipal debt financing and interest payments due annually at variable current interest rates of 3.0% to 3.2% annual principal repayments, due December 2023 to December 2050	4,668,669	4,831,225
	\$ 4,792,167	\$ 4,999,813

Principal repayments over the next five fiscal years and thereafter are as follows:

2023	\$ 382,828
2024	366,149
2025	289,570
2026	192,268

9. Accumulated surplus:

Accumulated surplus consists of operating surplus and reserves as follows:

	Balance at December 31, 2022	Excess of Revenue over expenses	Transfers (to) from reserves	Balance at December 31, 2021
Surplus (deficit) - investment in tangible capital assets	\$ 74,117,179	\$ (1,972,817)	\$ 3,914,802	\$ 72,175,194
Surplus (deficit) - current funds	(4,887,985)	7,708,971	(7,214,733)	(5,382,223)
Total surplus	69,229,194	5,736,154	(3,299,931)	66,792,971
Reserves:				
Conservation areas capital	5,015,734	—	2,386,044	2,629,690
Conservation areas stabilization	1,146,490	—	416,000	730,490
Vehicle and equipment	744,296	—	39,395	704,901
Building	511,151	—	194,279	316,872
Building - state of good repair	485,404	—	66,730	418,674
Watershed management capital - municipal funds	773,270	—	32,910	740,360
Watershed management capital - self generated funds	469,109	—	34,200	434,909
Watershed management and support services stabilization	1,789,212	—	—	1,789,212
Digital transformation	285,700	—	7,300	278,400

10. Budget amounts:

The 2022 budget amounts approved by Conservation Halton on October 21, 2021 were not prepared on a basis consistent with that used to report actual results under the Public Sector Accounting Standards. The budget was prepared on a modified accrual basis while Public Sector Accounting Standards require a full accrual basis. The budget figures anticipated use of surpluses accumulated in previous years to reduce current year expenses in excess of current year revenues to \$nil. In addition, the budget expensed all tangible capital expenses rather than including amortization expenses. As a result, the budget figure presented in the statements of operations and changes in net financial assets represent the budget adopted by Conservation Halton on October 21, 2021, with adjustments as follows:

	2022	2021
Budget deficit for the year	\$ (1,377,270)	\$ (347,926)
Less: Amortization of tangible capital assets	(1,918,000)	(2,010,000)
Less: Municipal debt financing	5,397,123	2,510,180
Add: Acquisition of tangible capital assets	440,396	388,057
Add: Debt financing charges - principal portion	-	(526,500)
Budget surplus per Statement of Operations	\$ 2,542,249	\$ 13,811

11. Contingencies:

Conservation Halton has been named as defendant or co-defendant in several lawsuits that have claims outstanding. Conservation Halton anticipated any individual settlement amount will not exceed the limits of insurance coverage provided to Conservation Halton on the majority of the claims. For claims in which the claim amount exceeds the limit of insurance coverage provided to Conservation Halton the outcome is not determinable.

Conservation Halton has entered into an agreement related to the implementation of a monitoring and mitigation plan for the future rehabilitation of lands adjacent to a provincially significant wetland. The agreement requires a trust account to be established by the funder to ensure funds are available for the rehabilitation plan implementation. Conservation Halton is a member of the Investment Committee that oversees management of the trust account with a balance of \$2,901,595 (2021 - \$2,323,319) as at December 31, 2022. A deposit to the trust account by the funder required to be made by March 31, 2023 for \$322,640 (2021 - \$542,511) was completed. Conservation Halton will release their interest in the trust account when the implementation plan is completed.

CONSERVATION HALTON

Notes to Financial Statements, continued

Year ended December 31, 2022

12. Commitments:

Conservation Halton has entered into contracts related to projects at Glen Eden, various dam studies and repairs, and leases for office equipment and vehicles. Commitments outstanding on these contracts to be paid beyond December 31, 2022 are as follows:

2023	\$ 1,761,488
2024	75,614
2025	34,150
2026	35,175
	\$ 1,906,427

13. Pension agreements:

Conservation Halton belongs to the Ontario Municipal Employees Retirement Fund (OMERS), which is a multi-employer plan, on behalf of the members of its staff. This plan specifies the amount of the retirement benefit to be received by the employees based on the length of service and rates of pay. Because OMERS is a multi-employer pension plan, any pension plan surpluses or deficits are the joint responsibility of Ontario municipal organizations and their employees. As a result, Conservation Halton does not recognize any share of the OMERS pension surplus or deficit.

The latest available report for the OMERS plan was December 31, 2022. At that time the plan reported a \$6.7 billion actuarial deficit (2021 - \$3.1 billion actuarial deficit), based on actuarial liabilities of \$128.8 billion (2021 - \$119.3 billion) and actuarial assets of \$122.1 billion (2021 - \$116.2 billion). Ongoing adequacy of the current contribution rates will need to be monitored and may lead to increased future funding requirements.

The 2022 employer portion of OMERS pension contributions was \$1,330,243 (2021 - \$1,284,600).

14. Comparative information:

Certain comparative information on the statement of operations under revenue and expenses have been reclassified to conform to the financial statement presentation adopted in the current year.

REPORT TO: Conservation Halton Board

REPORT NO: # CHB 08 23 02

FROM: Marnie Piggot, Director, Finance

DATE: October 19, 2023

SUBJECT: 2024 Budget & Business Plan

Recommendation

THAT the municipal funding of \$11,774,197 in the 2024 budget **be approved by a weighted majority vote by the Conservation Halton Board based on the 2024 budget municipal apportionment;**

And

THAT the \$149,000 benefit-based municipal funding for Halton Region for the Floodplain Mapping Update project **be approved;**

And

THAT transfers to and from Reserves in the 2024 budget **be approved as outlined in this report;**

And

THAT the 2024 Budget & Business Plan **be approved as presented.**

Executive Summary

The 2024 Budget & Business Plan (Appendix A) provided in the meeting package was recommended for approval by the Conservation Halton (CH) Finance & Audit Committee at the October 6, 2023, meeting.

CH staff have submitted the 2024 budget to participating local and regional municipal staff for their review and consideration. Budget presentations to municipal councils are planned for Halton Region on November 15th, with the Township of Puslinch and City of Hamilton to be confirmed.

The 2024 budget continues to balance the delivery of core programs and services with Momentum strategic priorities, inflationary, and growth-related pressures. The 2024 budget incorporates Conservation Authorities (CA) Act regulation priorities, Bill 23 impacts, and an increased focus on recommended capital infrastructure projects. The budget proposed is consistent with the preliminary budget presented in June with revisions for updated 2024 apportionment percentages received from the Province, debt financing charges, and the addition of benefit-based Halton Region municipal funding of \$149,000 for the Floodplain Mapping Update project.

The 2024 budget of \$50.2 million is summarized in the chart below. The amounts are categorized according to the CH- Halton Region Programs & Services Inventory that is aligned with CA Act regulations. The combined operating budget totals approximately \$40.6 million and the capital budget totals \$9.6 million.

Budget Summary	2024 Budget	2023 Budget	Increase / (Decrease)
Revenue			
Program Revenue	\$ 20,687,260	\$ 18,713,896	\$ 1,973,364
Municipal Funding	11,774,197	11,298,835	475,362
Grants, Other Funding & Other Municipal Funding	9,487,756	6,244,081	3,243,675
Internal Chargeback Recoveries	3,342,554	3,022,997	319,557
Transfers from Reserves	3,977,827	2,411,299	1,566,528
Provincial Funding	920,820	810,438	110,382
Total Revenue	\$ 50,190,414	\$ 42,501,546	\$ 7,688,867
Expenses			
Corporate Administration & Operations	\$ 7,084,698	\$ 6,968,715	\$ 115,983
Natural Hazards & Watershed Management	7,465,809	6,127,595	1,338,214
Permitting & Planning	5,117,089	5,322,854	(205,765)
Conservation Lands			
Land Management	1,988,579	2,128,364	(139,785)
Parks & Recreation	16,360,173	15,207,419	1,152,754
Debt Financing	631,576	580,126	51,450
Transfers to Reserves	1,898,763	992,337	906,426
Capital	9,643,727	5,174,136	4,469,591
Total Expenses	\$ 50,190,414	\$ 42,501,546	\$ 7,688,868
Total Budget Surplus	\$ -	\$ -	\$ -

Base municipal funding in the 2024 budget is 4.2% or \$475,362 higher than 2023 funding. This increase combined with the \$149,000 benefit-based municipal funding is within the Halton Region guideline of 5.7%. The majority of the budget continues to be funded through self-generated revenues and base municipal funding remains at less than 24% of the total funding sources. Specific guidelines have not been received from the other three funding municipalities.

Municipal State of Good Repair (SOGR) levies are proposed to increase in total by \$59,600. The increase includes \$53,000 for dams and channels to provide for the municipal funding level to reach the target amount plus inflation by 2028, based on the Asset Management Plan for Dams and Channels. The target municipal funding has been achieved for facilities in the 2024 budget with the increase of \$6,600 in the SOGR levy for buildings.

Debt financing of \$1.5 million is requested in the 2024 budget, consistent with the 2023 budget forecast related to the Central Works Operations Centre project.

The anticipated Conservation Areas operating surplus in the 2024 budget of \$1.3 million is significantly higher than the 2023 budget surplus of \$427,337. Revenues remain conservatively

estimated based on 2021-2023 activity with increases offset by increased park operating expenses, including higher insurance premiums, facility maintenance, and part time staff expenses.

2024 Budget highlights:

Major drivers of the 2024 budget increase of \$7.7 million over 2023 budget amounts are:

- \$4,469,591 increase in the capital budget primarily due to Conservation Areas projects that are increasing by a total of \$3.4 million, including Developer Contribution Reserve (DCR) projects totaling \$1.7 million. The 2024 budget for the Central Works Operation Centre costs is increasing by \$1 million.
- \$1,157,777 increase in Staff Salary and benefits for:
 - \$528,967 for four full-time equivalents (FTE) staff positions that are partly funded through increased internal chargeback recoveries and new funding agreements, with minimal municipal funding impact.
 - \$318,917 for increased part time and project contract staff that are fully funded by increased program revenues and project grants.
 - \$309,893 in total staff salary and benefits costs including a 2.5% inflation increase to the salary bands.
- \$831,593 increase in purchased services primarily due to an increase in partnership projects planned for 2024. These amounts are directly offset by increased program revenues and project grants.
- \$871,826 increase in the transfer to reserves for the Conservation Areas budgeted operating surplus based on historical trending and forecasting for 2024.

Report

2024 Budget Revisions

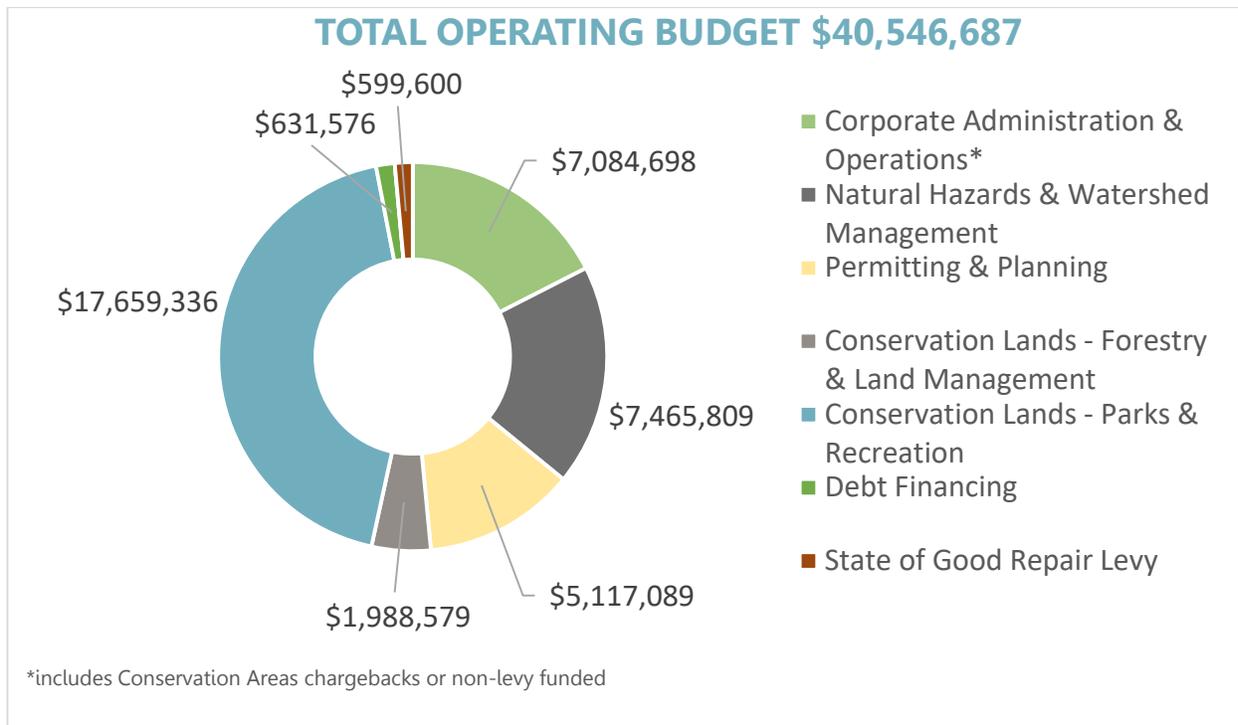

Revisions have been made in the 2024 budget from the preliminary budget presented in June which reflects updated modified current value assessment (MCVA) municipal apportionment percentages received from the Province, slightly revised debt financing charges, and an increase of \$149,000 for the 2024 Floodplain Mapping Update capital project costs.

Revised 2024 debt financing charges received from Halton Region staff resulted in a less than \$1,000 change compared to the preliminary budget. The 2024 Floodplain mapping project capital costs are funded by a benefit-based municipal levy to Halton Region to accelerate the floodplain mapping update and is beyond the Business Case submitted in 2019. The \$149,000 benefit-based municipal levy combined with the base MCVA apportioned municipal funding is within the 5.7% Halton Region guideline.

2024 Operating Budget

The 2024 operating budget of \$40.5 million provides for an investment of \$22.9 million in Watershed

Management & Support Services (WMSS) programs and an investment of \$17.6 million into the Conservation Areas. The following graph shows the distribution of the operating budget by department.

Inflation has been assumed generally at a rate of 2.5% for 2024.

The 2024 operating budget increase of \$3.3 million over the 2023 budget is funded by program revenue, grants, reserves, municipal funding, and internal program chargeback recoveries. Operating budget expense and funding amounts are summarized in the chart below.

Major drivers of the operating budget increase include:

- \$1,157,777 increased staff salary and benefits costs. Four new staff positions (3 WMSS, 1 Park) have been funded through new funding agreements and internal recoveries with minimal municipal funding impact.
- \$871,826 increase in the transfer to reserves for the Conservation Areas budgeted operating surplus that is reasonable based on historical revenue trends and increased activity planned for 2024.
- \$843,405 in materials, supplies, and purchased services primarily due to new Partnership Projects.
- \$313,199 in increases in internal chargebacks to programs for the recovery of staff time spent on programs and projects funded by program revenues and grants.

Operating Budget	2024 Budget	2023 Budget	Increase / (Decrease)

Total Operating Funding	\$ 40,546,687	\$ 37,218,160	\$ 3,328,527

For further detail please reference the CH 2024 Budget & Business Plan (Appendix A).

Staffing

The 2024 budget includes 264 Full Time Equivalent (FTE) staff that are comprised of 129 FTE in Watershed Management & Support Services (WMSS) programs and 135 FTE in the Conservation Areas.

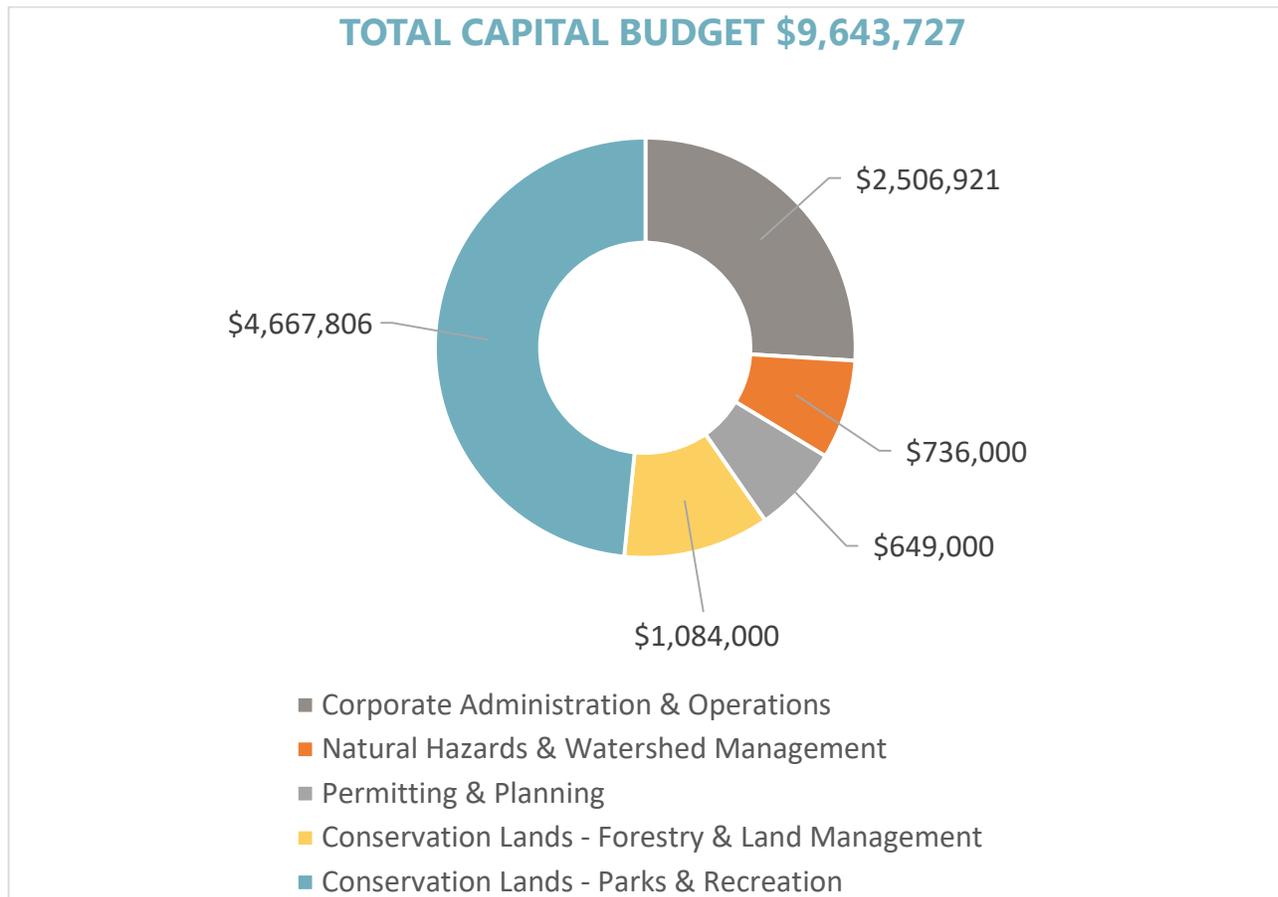

The net increase in positions and funding is associated with new funding agreements and changes in program priorities and workplans consistent with strategic plan initiatives.

2024 Capital Budget Summary

The 2024 capital budget represents an investment of \$9.6 million into infrastructure and technology to enhance programs and services. This is comprised of an investment in the watershed of \$5 million and Conservation Areas of \$4.6 million.

The WMSS capital budget provides funding for the rehabilitation of flood control infrastructure, updating of flood plain mapping, investments in technology upgrades, fleet replacements, development of studies and plans, managing the impacts of Emerald Ash Borer, land management initiatives, and infrastructure improvements.

The Parks capital budget provides funding for facility, infrastructure, and ski hill improvements, along with DCR projects including the Crawford Lake Boardwalk and the Kelso and Crawford Lake Visitor centres.

Base Municipal Funding

The total base municipal funding increase of \$475,362 includes an additional \$59,600 for SOGR levies for dams, channels, and facility assets to gradually meet target levels established in the Asset Management Plans for these assets. Asset Management Plans have been completed for all of CH's assets with most of the assets identified as in good condition.

Municipal Funding	2024 Budget	2024 Municipal Funding	2023 Municipal Funding	Municipal Funding Increase/(Decrease)
Operating (excl. SOGR levy)	\$39,947,087	\$11,029,597	\$10,376,835	6.3%
Capital	9,643,727	145,000	382,000	-62.0%
State of Good Repair (SOGR) Levy - Dams & Channels; Facilities	49,590,814	11,174,597	10,758,835	3.9%
	599,600	599,600	540,000	11.0%
Total	\$50,190,414	\$11,774,197	\$11,298,835	4.2%

Apportionment of Base Municipal Funding

Base municipal funding of \$11,774,197 is apportioned to Halton Region, City of Hamilton, Peel Region, and Township of Puslinch according to the area and proportional MCVA of the municipality falling within the CH watershed.

Based on updated current value assessment data and apportionment percentages received from the Province, the apportioned municipal funding amounts are as follows:

Municipality:	2024 MCVA Apportionment (%)	2024 MCVA Apportioned Funding (\$)	2023 MCVA Apportionment (%)	2023 MCVA Apportioned Funding (\$)	% Increase
Halton Region	87.9309%	\$10,353,158	87.9192%	\$9,933,846	4.2%
City of Hamilton	7.2191%	849,991	7.1961%	813,075	4.5%
Peel Region	4.6278%	544,886	4.6664%	527,249	3.3%
Township of Puslinch	0.2222%	26,162	0.2183%	24,665	6.1%
	100%	\$11,774,197	100%	\$11,298,835	

Ontario Regulation 402/22 requires CH to allocate the proposed 2024 municipal funding being requested according to Categories 1, 2, and 3 defined in the CA Act. CH established these Categories in its Programs & Services (P&S) Inventory in 2022. Municipal funding for Category 2 P&S will continue to be apportioned to its funding municipalities, though funded through Memorandums of Understanding (MOUs) developed in partnership with noted municipalities. The 2024 budget does not include municipal funding for Category 3 P&S.

Conservation Authorities Act (CAA) Programs & Services (P&S) Categories:	2024 MCVA Apportioned Funding (\$)	2023 MCVA Apportioned Funding (\$)
Category 1	\$11,302,815	\$10,818,279
Category 2	471,382	466,882
Category 3	-	13,674
Total	\$11,774,197	\$11,298,835

Debt Financing, Debt Financing Charges, and Debt Capacity

Debt financing of \$1.5 million is requested in the 2024 budget, consistent with the 2023 budget forecast related to the new Central Works Operations Centre project.

Debt financing charges included in the 2024 operating budget of \$631,576 includes \$581,576 municipal debt financing charges and \$50,000 for estimated principal and interest payments on a land acquisition loan with the Hamilton Community Foundation (HCF).

The total long-term debt balance is currently \$4,887,991 including debt financing received in 2023. The debt capacity ratio estimated for 2024 of 3.5% is based on estimated own source revenues excluding Conservation Areas program revenue. CH has approved a debt capacity ratio of 10% in its Budget Principles.

Reserve Funding

The summary below provides the recommended transfers to and from reserves in the 2024 budget and the resulting projected reserve balances at December 31, 2024. A reserve continuity schedule with reserve balances to 2033 is also provided in the 2024 Budget & Business Plan.

Conservation Halton Reserves	Projected Reserves Balance Dec 31, 2023	Contribution from Surplus	State of Good Repair Levy	Contribution to Capital Projects	Contribution to Operating Expenses	Projected Reserves Balance Dec 31, 2024

Total Reserves	\$ 11,968,380	\$ 1,299,163	\$ 599,600	\$ (3,707,727)	\$ (270,100)	\$ 9,889,316

Impact on Strategic Goals

This report supports the Momentum priority of Organizational Sustainability.

Financial Impact

CH staff have developed a fiscally conservative budget for 2024. The increase of 4.2% for base municipal funding including SOGR Levy and the additional \$149,000 benefit-based municipal funding that is proposed:

- Recognizes the fiscal pressures faced by CH's funding municipalities and, combined with CH's exceptional efficiencies, the total budgeted municipal funding increase is within the Halton Region guideline of 5.7%;

October
2023

- Ensures the needs of the increasing number of visitors at our Conservation Areas are met; and
- Reflects program and service enhancements to address service delivery objectives outlined in CH's strategic plan, Momentum.

The proposed 2024 budget continues to provide for investments in programs to enhance service delivery, digital transformation initiatives, watershed planning work, greenspace and property management initiatives, floodplain mapping, flood forecasting, and improved user experiences at CH parks. Programs and services are funded in a manner utilizing sustainable, conservative revenue streams. Reserves are maintained at levels to ensure financial sustainability which support SOGR targets.

INTRODUCTION

WELCOME MESSAGE

Our 2024 budget of \$50.2 million reflects our continued commitment to excellence, innovation, and responsible fiscal management guided by our current strategic plan, Momentum. This budget enables our teams to make great strides in 2024 while remaining nimble and responsive to changes within our external operating landscape.

Over the past several years—from Metamorphosis to Momentum—we have succeeded at setting and meeting strategic targets across our programs and services. We made commitments to innovation in priority areas, such as natural hazard management and park operations. These investments have now borne fruit. We have strengthened our flood forecasting capabilities with the addition of real-time monitoring stations and data systems, and we are driving new revenue generation through parks with modernized services and a digitally transformed visitor experience. Our investments in these and other priorities will continue to generate successes and opportunities throughout 2024 and beyond.

For 2024, we have forecast an overall budget increase of 18.1%. This increase provides us with a strong financial foothold without affecting the total proportion of revenues that come from municipal levy. Budgeted base funding from our partner municipalities will increase by only 4.2% and continues to remain at less than 25% of our total revenues. We are able to achieve financial growth with minimal impact on our municipal

WELCOME MESSAGE

partners because of sound planning—our self-generated revenues continue to support our resiliency and enable us to evolve our operations sustainably.

As we prepare for 2024, we look forward to charting a new strategic path (to follow Momentum) and to investing more in people and priority initiatives. We will continue to deliver high-quality programs and services that help us safeguard natural systems, fight climate change, educate children and youth, engage our communities in stewardship, increase access to greenspace, protect people from natural hazards, and plan for sustainable development. We also have major capital projects on the horizon, including park infrastructure enhancements that will greatly improve our capacity for programming and visitor engagement.

On behalf of Conservation Halton and our Board, we would like to express our gratitude to all of our customers, our community partners, and to each of our funding municipalities. These partnerships are integral to our work,

empowering us to deliver essential programs and services to the highest possible standard within our growing and diverse communities

ABOUT CONSERVATION HALTON

Conservation Halton was established more than 60 years ago to protect our communities from flooding and erosion and to manage and restore natural resources in our watershed. We have grown to become so much more.

Today, it is our responsibility to carry out our core duties under the Conservation Authorities Act (CA Act), prepare our communities for the impacts of climate change, support our partners in creating more sustainable communities, manage our natural areas and resources within the watershed, monitor and enhance the environmental health of our watershed and create opportunities to connect with nature through recreation and education.

Here at Conservation Halton, you will find highly skilled, experienced, and professional staff. Together, we are working to ensure a healthy watershed with clean streams, abundant forests and natural habitats that are in balance with our growing communities and engaged residents.

EXECUTIVE SUMMARY

EXECUTIVE SUMMARY

Conservation Halton's 2024 budget of \$50.2 million provides the resources needed to protect, restore and manage natural assets in our watershed, improve programs and services, and invest more in our infrastructure. We have achieved an 18.1% budget increase over 2023 as a result of growth in self-generated revenues, grants and other funding, and operating efficiencies that minimize impact on municipal partners.

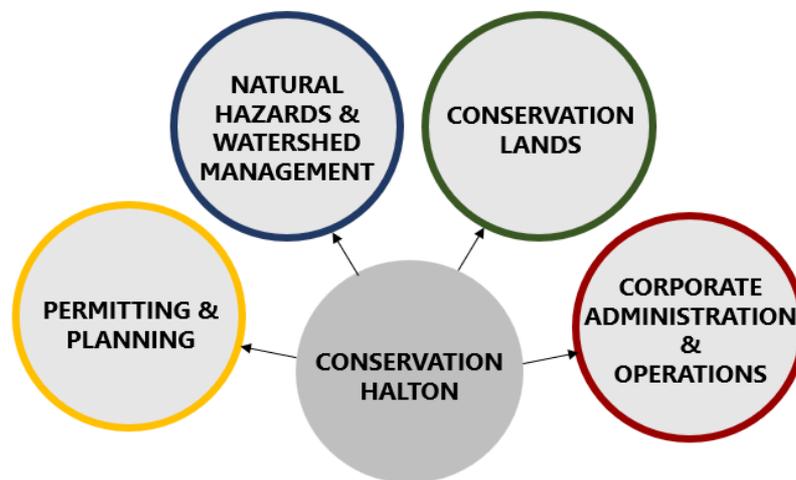

The 2024 budget continues to help us balance the delivery of core programs and services with Momentum strategic priorities and inflationary and growth-related pressures. It responds to CA Act regulation priorities and the impacts of Ontario's new housing legislation. The budget also reflects our 2024 focus on recommended capital infrastructure projects.

Overall, the 2024 budget aligns with the program categories of Conservation Halton's CA Act Programs & Services Inventory document as well as the related funding agreements being developed with participating municipalities.

The 2024 budget was developed based on our approved Budget Principles and our two primary budget categories: (1) Watershed Management & Support Services (WMSS) and (2) Conservation Areas. These budget categories are based on the funding sources for these programs. Conservation Area recreation programs are sustained through park program revenues that generate an operating surplus. By transferring this surplus to the Conservation Area capital reserve, Conservation

Halton is able to fund park capital project expenditures. The 2024 budget proposes a parks operating surplus of 1.3M.

Conservation Authorities derive their funding from a variety of sources. At Conservation Halton, we have proactively increased self-generated revenues to mitigate the financial impact on our funding municipalities. Municipal funding remains at less than 25% of total revenue sources.

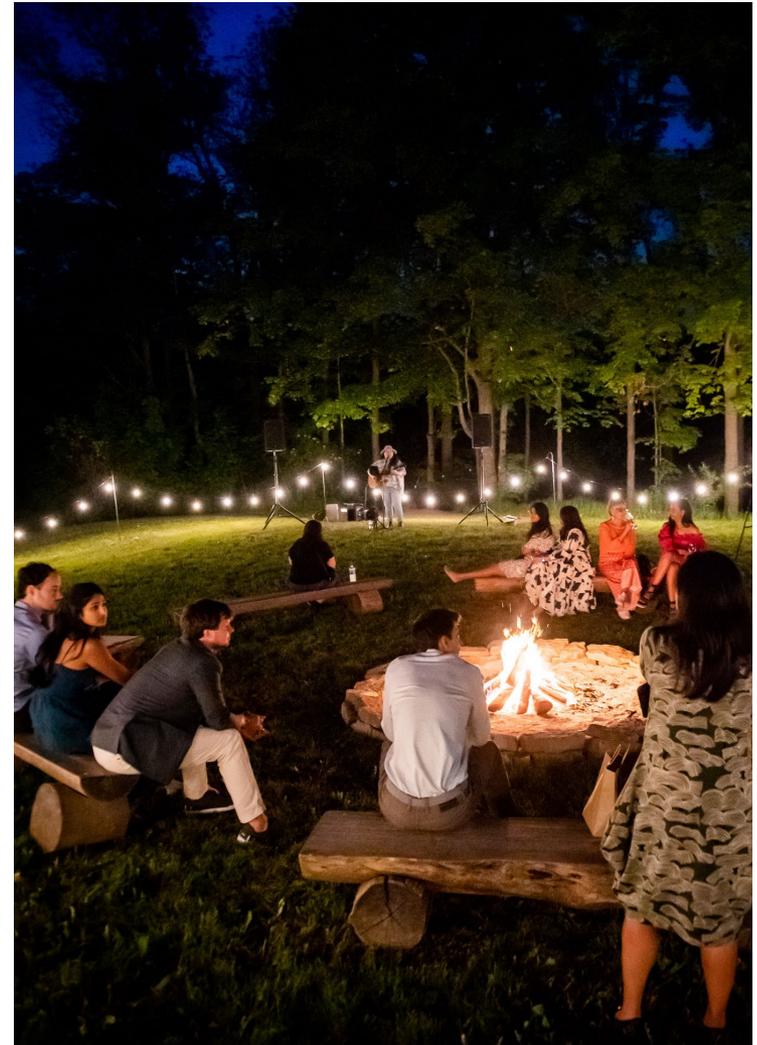

EXECUTIVE SUMMARY

Conservation Halton strives to limit municipal funding increases to regional budget guidelines. The 2024 increase in base municipal funding of 4.2% and benefit-based municipal funding is within the guideline provided by Halton Region. The base municipal funding increase of \$475,362 assists with increased program requirements for operating, capital and the State of Good Repair levy for dams, channels and building assets.

Staffing is determined by the Senior Leadership Team through a review of program and service delivery needs. The 2024 budget includes 264 Full-Time Equivalent (FTE). The net increase in FTE positions is associated with new funding agreements, internal program recoveries and changes in program priorities consistent with strategic plan initiatives.

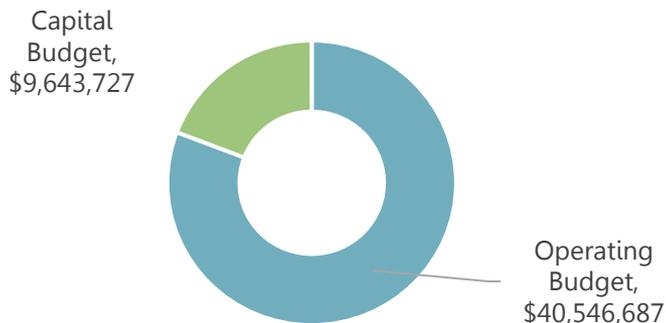

In summary, the 2024 budget continues to enable us to provide important services in a growing watershed, accounts for the needs of the increasing number of visitors at our conservation areas, reflects enhancements to program and service delivery objectives and includes initiatives to meet the requirements under the revised CA Act regulations.

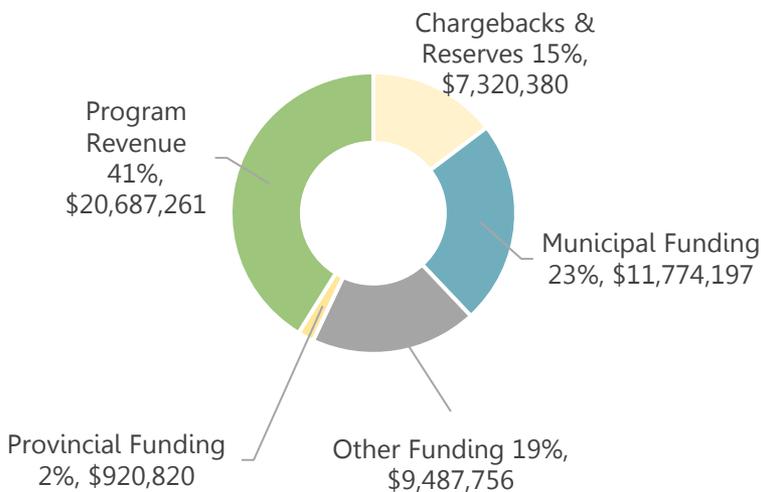

Guests enjoy a fireside performance by Hayley Verall at the **Omnia Gala**

OPERATING BUDGET

2024 OPERATING BUDGET

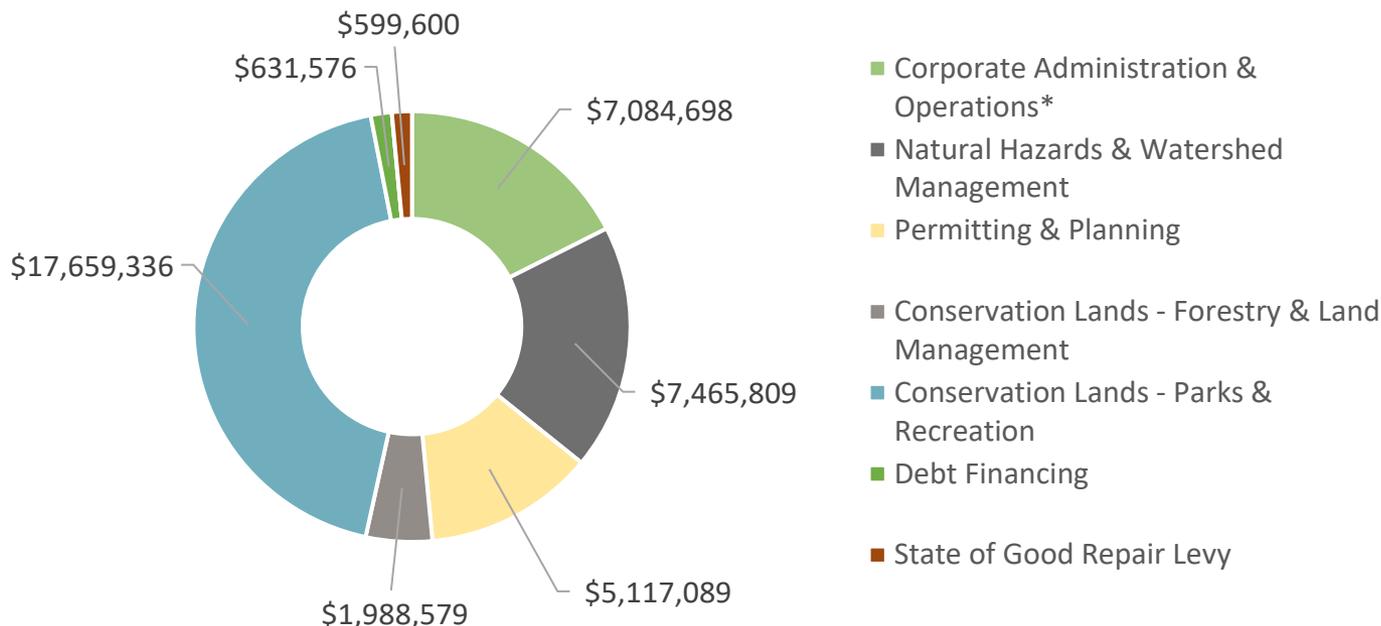

Conservation Halton works to protect, restore and manage the natural resources in its watershed and provide recreational and educational opportunities to area residents and visitors.

Operating in one of the fastest-growing regions in Canada, we are faced with the challenge of delivering services to an increasing number of watershed residents and park visitors. In addition to addressing the impacts of growth, we are committed to enhancing programs and services to meet

timelines and objectives outlined in our strategic plan, Momentum.

The 2024 operating budget of \$40.5 million provides for an investment of \$22.9 million in Watershed Management and Support Services (WMSS) programs and an investment of \$17.6 million in our Conservation Areas.

TOTAL OPERATING BUDGET \$40,546,687

*includes Conservation Areas chargebacks or non-levy funded expenditures

2024 OPERATING BUDGET

The operating budget has been prepared according to the following budget categories, including the programs and services provided by those departments.

CORPORATE ADMINISTRATION & OPERATIONS

Corporate Governance, Board of Directors, CEO Office; Conservation Halton Foundation Administration; Finance; Fleet Operations; Human Resources; Marketing and Communications; Corporate Administration & Procurement; Information Technology (IT); Geographic Information Systems (GIS); Risk & Health; Administration Office Facility; Project Management; Construction.

NATURAL HAZARDS & WATERSHED MANAGEMENT

Flood Forecasting & Operations - Dams and Channels Operations and Capital Infrastructure Projects; Watershed Strategies & Climate Change - Administration; Source Water Protection; Science & Partnerships – Monitoring Ecology; Landowner Outreach & Restoration; Hamilton Harbour Remedial Action Plan (HHRAP); Partnership Projects; Restoration and Conservation – Restoration and Partnership Projects.

PERMITTING & PLANNING

Planning & Regulations; Floodplain Mapping; Regional Infrastructure Team.

CONSERVATION LANDS – FORESTRY & LAND MANAGEMENT

Property Management; Forestry; Security.

CONSERVATION LANDS – PARKS & RECREATION

Conservation Areas Administration; Fleet Operations; Kelso / Glen Eden; Crawford Lake; Mountsberg; Robert Edmondson; Rattlesnake Point; Hilton Falls; Mount Nemo; Education and Community Engagement & Outreach.

Further details of the operating budget for each department are provided in the Departmental Business Plans.

Assumptions Used in Preparing the 2024 Operating Budget

Inflation has been assumed generally at a rate of 2.5% for 2024. The Bank of Canada aims to keep inflation at the 2 per cent midpoint of an inflation-control target range of 1% to 3%.

Staff salary bands for 2024 are proposed to increase by 2.5% for inflation. Salaries are based on 96% of the top of the salary bands that approximate actual salary levels.

2024 OPERATING BUDGET

The operating budget provides for a combined investment of \$40.5 million into Watershed Management & Support Services (WMSS) programs and Conservation Areas. Conservation Halton prepares a budget that balances expenses with sources of revenue.

The 2023 operating budget increase of almost \$3.3 million is funded by program revenue, grants, reserves, municipal funding and internal program chargeback recoveries.

Major drivers of the operating budget increase include:

- \$1,157,777 increased staff salary and benefits costs, including those related to inflation adjustments and new staffing.

- \$831,593 in materials, supplies and purchased services primarily due to new Partnership Projects.

- \$313,199 in increases in internal chargebacks to programs for the recovery of staff time spent on programs and projects funded by program revenues and grants.

Operating budget expenses and funding amounts are summarized in the following chart.

	2024 Budget	2023 Budget	Increase / (Decrease)
Operating Expenses:			
Staff Salary & Benefits	\$ 25,063,313	\$ 23,905,536	\$ 1,157,777
Materials & Supplies	3,021,832	3,010,020	11,812
Purchased Services	6,310,869	5,479,276	831,593
Financial	651,600	595,330	56,270
Internal Chargebacks	2,968,734	2,655,535	313,199
Debt Financing Charges	631,576	580,126	51,450
Transfer to Reserves - Land Securement	-	25,000	(25,000)
Transfer to Reserves - SOGR Levy Dams & Channels	415,700	362,700	53,000
Transfer to Reserves - SOGR Levy Buildings	183,900	177,300	6,600
Transfer to Reserves - Conservation Areas Operating Surplus	1,299,163	427,337	871,826
Total Operating Expenses	\$ 40,546,687	\$ 37,218,160	\$ 3,328,527
Funding of Operating Expenses:			
Program Revenues and Fees	\$ 20,772,261	\$ 18,747,896	\$ 2,024,365
Provincial (Ministry MNR) - Operating Grant	155,034	155,034	-
Municipal Funding	11,029,597	10,376,835	652,762
Municipal Funding - State of Good Repair Levies Dams & Channels and Buildings	599,600	540,000	59,600
Other Grants & Program Funding	4,377,542	4,028,235	349,307
Internal Chargeback Recoveries	3,342,554	3,022,997	319,557
Transfers from Reserves	270,100	347,163	(77,063)
Total Operating Funding	\$ 40,546,687	\$ 37,218,160	\$ 3,328,527

2024 OPERATING BUDGET

Staff Salary & Benefits

Increases to staff salary and benefits are comprised of the following:

- Increased total full-time staff compensation of \$188,820 based on a 2.5% inflationary increase to the staff salary bands. Salaries are based on 96% of the top of the salary bands that approximate actual salary levels.
- Increased part-time staff costs of \$318,917 related primarily to park seasonal staffing.
- Benefit cost increases for full-time staff are \$121,073.
- Four new full-time FTE staff changes costing \$528,967 are partially funded through internal chargeback recoveries through Conservation Areas or directly charged to Conservation Areas.

Materials & Supplies and Purchased Services

A large part of the changes in these categories is the result of shifts between supplies and services for the Partnership Projects planned for 2024 that are fully funded by project grants and internal chargebacks to the projects.

Financial

Financial expense increases are minimal, primarily attributed to inflationary assumptions.

Internal Chargebacks and Internal Chargeback Recoveries

The chargeback expense amount is increasing by a total of \$313,199. Chargeback expenses are included in Partnership Projects, Source Protection and WMSS Operations related to staff in other departments allocating time to these programs.

State of Good Repair (SOGR) Levy and Transfer to SOGR Reserves

An increase of \$59,600 in the SOGR Levy is attributed to an increase of \$53,000 for dams and channels to provide for the municipal funding level to reach the target amount plus inflation by 2028. The increase in the target amount is consistent with the recently updated Dams and Channels Asset Management Plan (2022). The target municipal funding identified in the Facilities Asset Management Plan has been achieved in the 2024 budget with an increase of \$6,600 in the SOGR levy. The State of Good Repair Levy amounts are transferred to the Watershed Management Capital and Building SOGR Reserve to fund future capital works.

2024 OPERATING BUDGET

Program Revenue

The majority of the \$2.0M program revenue increase is primarily driven by park program revenues. This revenue increase is based on average historical actual revenues (with the normalization of operations post COVID-19), assumed continued growth in fees and visitation, and continued review of fees.

Planning and permit fees include provincial Bill 23 service impacts and generally assume other services are maintained at current volumes and fees. Fees are currently being reviewed to ensure 100% cost recovery of services provided.

Other Grants & Program Funding

The estimated increase in funding through other grants and program funding of \$349,307 is primarily related to Partnership Projects planned for 2024.

Municipal Funding

Municipal operating funding increase of \$652,762 is related to Watershed Management & Support Services programs and services, continued development of the Watershed Strategies & Climate Change program, and an additional increase of \$59,600 to fund State of Good Repair Levies for dams, channels, and facilities.

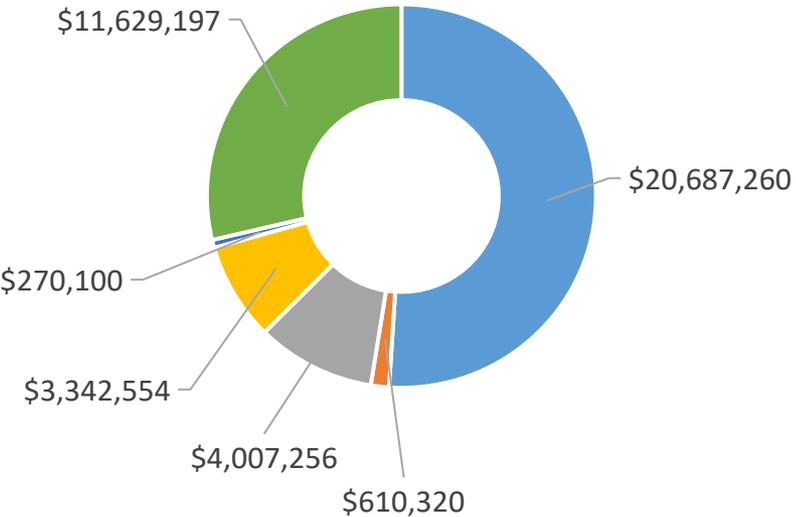

Transfer from Reserves

Transfers from reserves to fund operating expenses of \$270,100 include:

- A transfer from the Legal – Planning & Watershed Management Reserve of \$100,000 to fund estimated legal costs related to Planning & Regulation activities
- A transfer from the WMSS Stabilization Reserve of \$100,000 will partially fund the 2024 increased staffing costs.
- Transfers from the Water Festival, Stewardship & Restoration Reserve total \$70,100 to assist with funding the respective program expenses.

SOURCES OF OPERATING BUDGET FUNDING

TOTAL OPERATING BUDGET FUNDING SOURCES \$40,546,687

Conservation Halton has been proactive in generating funding through various sources to mitigate the financial impact on its funding municipalities. The 2024 operating budget funding sources are consistent with prior years, with the majority of funding derived from self-generated revenues and less than 25% of the operating budget funded by municipal funding of \$11.6 million.

Program revenue included in the operating budget is assumed to increase based on inflation, growth, recent historical actual revenue trends and increases identified through the fees model to transition to full cost recovery. The fees model will ensure that fee increases are phased in to recover the costs of providing services and will benchmark fees against other similar service providers to ensure equity to the consumers of the services.

Municipal funding is provided by the Halton Region, City of Hamilton, Peel Region and the Township of Puslinch. Municipal funding is apportioned to its participating municipalities within the Conservation Halton watershed, as detailed in the Municipal Funding section of the 2024 Budget & Business Plan.

- Program Revenue 50%
- Other 10%
- Reserves 1%
- Provincial Funding 2%
- Chargeback Recoveries 8%
- Municipal Funding 29%

SOURCES OF OPERATING BUDGET FUNDING

STATE OF GOOD REPAIR LEVY

The operating budget includes a request for a State of Good Repair (SOGR) Levy of \$599,600, an increase of \$59,500 over the 2023 budget amount. This increase is aligned with amounts in the Dams and Channels and Facilities Asset Management Plans. The 2024 State of Good Repair Levy consists of \$415,700 for dams and channels assets and \$183,900 for buildings and facility assets. The State of Good Repair Levy amounts will be transferred to the Watershed Management Capital – Municipal Funds Reserve and the Building - SOGR Reserve to fund 2024 and future capital works.

Asset Management Plans have been completed for all Conservation Halton assets including dams and channels, facilities and remaining capital assets, and have identified that most Conservation Halton assets are in good condition. The last Asset Management Plan noted that reserve levels for some assets, such as vehicles, are inadequate in the later years of the ten-year forecast and will be addressed in future budgets.

The Asset Management Plans provide the annual investment required to maintain these assets in a State of Good Repair. Based on the phase-in of the State of Good Repair levy amounts, some municipal debt financing may still be required over the ten-year forecast period until the SOGR levy reaches target levels established in the Asset Management Plans. Conservation Halton staff will work towards phasing in the shortfall in future budgets to minimize the municipal funding impact.

RESERVE FUNDING AND TRANSFERS

In addition to Watershed Management Capital and Building reserve funding from the State of Good Repair levy amounts, the budget includes a proposed transfer to the Conservation Areas reserves of almost \$1.3 million to fund future park capital requirements.

Transfers from the Stabilization, Legal, Water Festival, Landowner Outreach & Restoration reserves totaling \$270,100 are included in funding in the 2024 budget to meet operating expense needs. These expenses include increased staffing costs, legal expenses and program operating costs.

The Reserve section of the 2024 Budget & Business Plan provides the projected reserve balances on December 31, 2023, and the proposed transfers to and from reserves in the 2024 budget. A reserve continuity schedule with reserve balances to 2033 is also provided in this section.

STAFF COMPLEMENT CHANGES

The 2024 operating budget provides for 264 full-time equivalent (FTE) staff positions. These positions are primarily funded through grants, internal chargeback recoveries to other programs within Conservation Halton, and program revenues.

The net increase in positions and funding is associated with new funding agreements and changes in program priorities and respective work plans, consistent with strategic plan initiatives.

A summary of the staff changes is provided below.

Staffing Overview Summary					
	2023 Approved FTE	Service Adjustment	Reallocation of Staff	2024 Total FTE	Net Change 2024 vs 2023

CAPITAL BUDGET

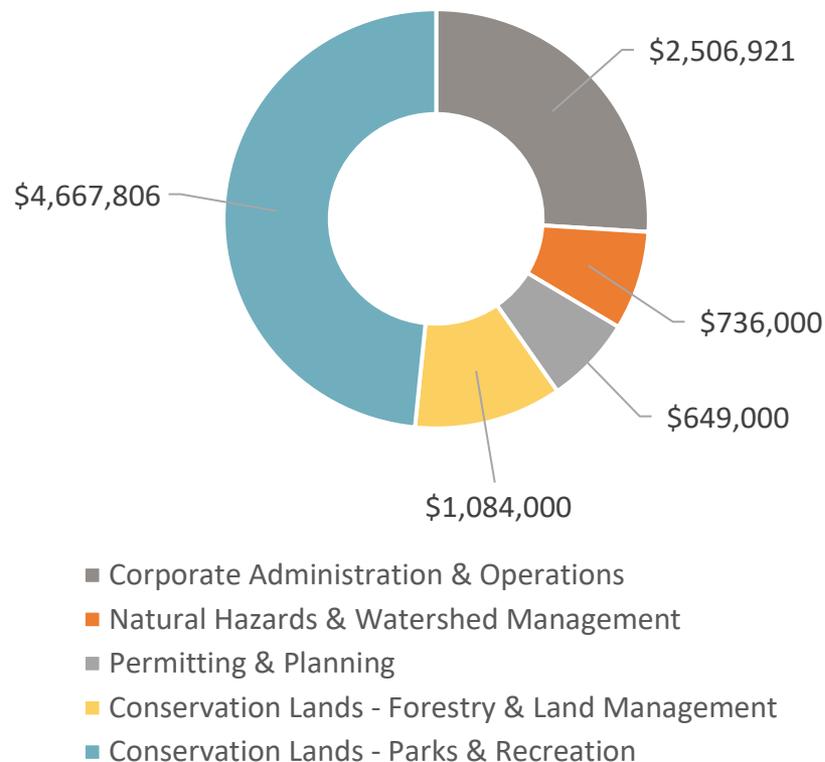

2024 CAPITAL BUDGET

The 2024 capital budget will invest a total of \$9.6 million into infrastructure and technology to enhance programs and services in Conservation Halton's watershed and across our Conservation Areas.

The capital budget provides funding for projects such as the rehabilitation of flood control infrastructure, updating of floodplain mapping, investments in digital transformation and technology upgrades, vehicle and equipment replacements, managing the impacts of Emerald Ash Borer, and land management initiatives and infrastructure improvements at our Conservation Areas, including projects funded through Developer Contribution Reserve (DCR) funds held by Halton Region.

TOTAL CAPITAL BUDGET \$9,643,727

2024 CAPITAL BUDGET

2024 CAPITAL BUDGET INVESTMENTS

The 2024 capital budget of \$9.6 million includes:

CORPORATE ADMINISTRATION & OPERATIONS

Asset Management (AM) Plan work estimated to cost \$50,000 is included in the 2024 budget for the update of the AM Plan for facility assets. AM Plans have been completed for all Conservation Halton assets and are updated on a rolling five-year schedule.

Information Technology infrastructure capital costs of \$60,000 include new and replacement computer equipment and software.

Facility State of Good Repair costs of \$172,000 include maintenance work identified in the Facilities Asset Management Plan and Facility Condition Assessment report to maintain WMSS buildings in a State of Good Repair.

Central Works Operation Centre & Field Office capital project costs of \$2,000,000 are included in the 2024 budget with funding of \$1,500,000 through debt financing and the remainder from the Building Reserve. The Central Works Operations Centre construction is anticipated to be completed in 2024. Design work for the new facility is currently underway.

Fleet Management includes vehicle and equipment replacements planned for 2024 of \$224,921 for WMSS programs and will be funded by a transfer from the Vehicle and Equipment Reserve.

NATURAL HAZARDS & WATERSHED MANAGEMENT

Dams and channels State of Good Repair maintenance costs of \$621,000 are based on staff assessments of capital work priorities according to consulting engineering studies, such as dam safety reviews. These costs are assumed to be funded 50% provincially and 50% municipally through the State of Good Repair (SOGR) Levy reserve funding.

Flood Forecasting & Warning Program costs of \$35,000 are related to equipment and services for the development of watershed Flood Forecasting & Warning models and tools.

Watershed Strategies & Climate Change capital project costs of \$80,000 will continue to guide Conservation Halton and partner municipalities in identifying natural assets and developing sustainable, cost-effective and climate-resilient infrastructure. This project aligns with our strategic plan objective to increase climate resilience by promoting natural solutions and includes costs for consulting requirements. Project expenses for 2024 are to be funded by a transfer from the WMSS Stabilization Reserve.

2024 CAPITAL BUDGET

PERMITTING & PLANNING

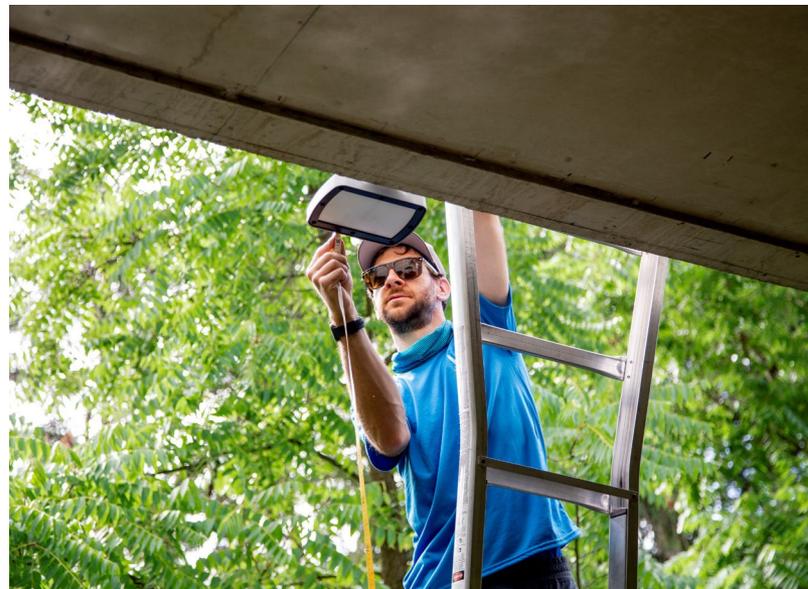

The Floodplain Mapping update project, with costs of \$649,000 in the 2024 budget, is a multi-year capital project identified in our strategic plan. This project is funded through other funding received from Halton Region. The remaining watershed areas to be updated are predominantly within the Halton Region portion of the Conservation Halton watershed, making it difficult to apportion these costs to other municipalities.

CONSERVATION LANDS - FORESTRY & LAND MANAGEMENT

Emerald Ash Borer (EAB) treatment estimated costs of \$834,000 are funded by Halton Region according to the amount outlined in the EAB Business Plan, approved in 2017.

Property Management capital costs of \$150,000 are related primarily to addressing property and risk management issues on lands owned by Conservation Halton as well as the implementation of master plan initiatives. These funds will also enable the development of a land inventory of Conservation Halton owned properties, as required by the CA Act revised regulations.

We have also estimated \$100,000 in Conservation Halton Foundation-funded projects to recognize annual fundraising revenues for park capital projects that typically support education programs.

Flood Forecasting and Operations Staff doing routine checks and maintenance at Joshua Creek Station

2024 CAPITAL BUDGET

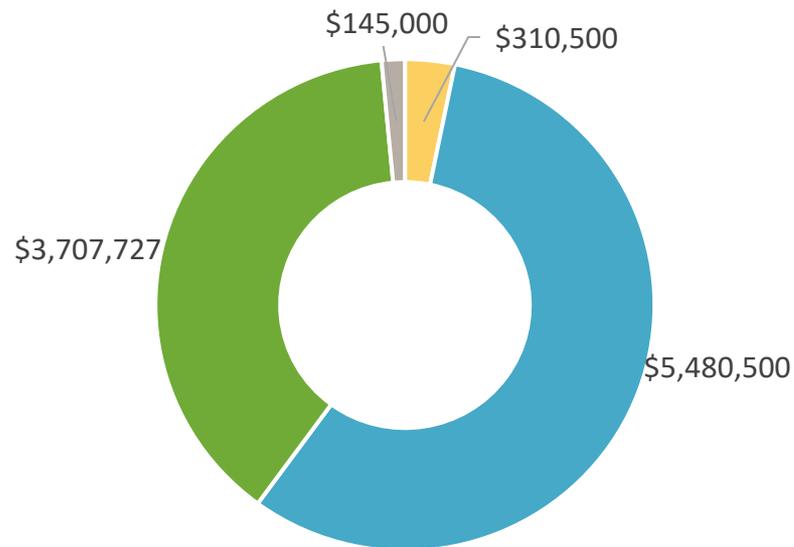

CONSERVATION LANDS - PARKS & RECREATION

The Conservation Lands & Recreation (Recreation) 2024 capital budget totaling \$4.7 million is comprised of \$2,170,000 for facility and infrastructure maintenance, \$385,000 for Kelso/Glen Eden ski hill improvements, \$252,306 for fleet vehicle and equipment replacements, and \$113,000 for IT infrastructure improvements.

Conservation Area Developer Contribution Reserve projects in the 2024 budget total \$1,747,500. An increase of \$1,200,000 is required in the budget for the Crawford Lake Boardwalk replacement project, based on updated cost estimates prepared by the consultant. This project was included in the 2022 budget at an estimated cost of \$2,280,000 funded by an Investing in Canada Infrastructure (ICIP) grant of \$1,671,924 and Developer Contribution Reserve funding of \$608,076. Cost estimates were prepared in 2019 for the ICIP grant application and have increased significantly since that time along with an increased contingency allowance. The remaining \$547,500 has been allocated for further scoping and design of the visitor centres at Kelso/Glen Eden and Crawford Lake.

TOTAL CAPITAL BUDGET FUNDING SOURCES

\$9,643,727

OPERATING BUDGET & FORECAST 2025-2033

2024 OPERATING BUDGET & FORECAST

The 2024 Budget and 2025-2033 Operating Forecast considers anticipated service levels, future obligations, and inflationary impacts. Key assumptions and drivers included in the operating forecast are detailed below.

The addition of two net-new staff positions per year has been assumed in the Watershed Management & Support Services (WMSS) operating forecast to reflect future growth and maintenance of service levels. Program service level reviews are completed annually as part of the budget process. Compensation and other expenses in the forecast have been assumed to increase annually at the estimated rate of 2.5% for 2024 and 2% thereafter.

Program revenues in the forecast have been assumed to increase annually generally by 2% to 5%.

Chargebacks for support services provided to internal programs consider future compensation increases and the proportion of staffing allocated to these programs. The operating forecast includes ongoing debt servicing costs and new debt financing for anticipated capital projects. Debt financing has been primarily received through the Halton Region to assist with partially financing the 50% municipal portion of dams and channels capital projects. The estimated debt financing charges included in the operating forecast related to municipal debt financing have been provided by Halton Region staff.

The operating forecast includes the impact of capital projects once the assets become operational, excluding the Conservation Area capital projects that are partly funded by Developer Contributions Reserve (DCR) funds held by Halton Region. The cost impacts related to the DCR projects will be assessed through the development of project designs, cost estimates and regulatory requirements.

A summary of the 2024 operating budget and 2025– 2033 forecast is presenting on the next page.

2024 OPERATING BUDGET & FORECAST

CAPITAL BUDGET & FORECAST 2024-2033

2024 CAPITAL BUDGET & FORECAST

Conservation Halton provides services that are essential to the safety and well-being of the residents in its watershed. These services rely on well-planned and maintained infrastructure. Through capital budgeting, we can plan for future priorities and the impact on operating programs and expenses while ensuring long-term fiscal sustainability.

Development of the 2024 capital budget and the 2025-2033 forecast includes Momentum strategic plan initiatives, Developer Contribution Reserve projects, Asset Management Plan capital priorities, Emerald Ash Borer treatment, Floodplain Mapping projects, and Park Master Plan initiatives. The capital budget, as proposed, will ensure assets are maintained in a State of Good Repair and address the impact of growth in the region on our infrastructure.

A significant portion of the Watershed Management & Support Services capital budget is related to dams, channels and facility capital projects. These capital projects are funded by transfers from the respective reserves, partly funded through State of Good Repair Levies based on a long-term financing strategy.

Conservation Areas capital projects in the 2024 budget and forecast are funded by the park capital reserve, capital infrastructure grants and other funding. Capital projects include ongoing ski hill, facility and infrastructure improvement projects to maintain assets in a State of Good Repair, and information technology enhancements.

Conservation Areas projects in the capital forecast include three projects with revised costs totaling approximately \$35 million based on business cases provided to the Board of Directors. The capital projects are related to a Kelso visitor centre, Crawford Lake visitor centre and education facility, along with a Crawford Lake boardwalk, all of which are partly funded by Developer Contributions Reserves.

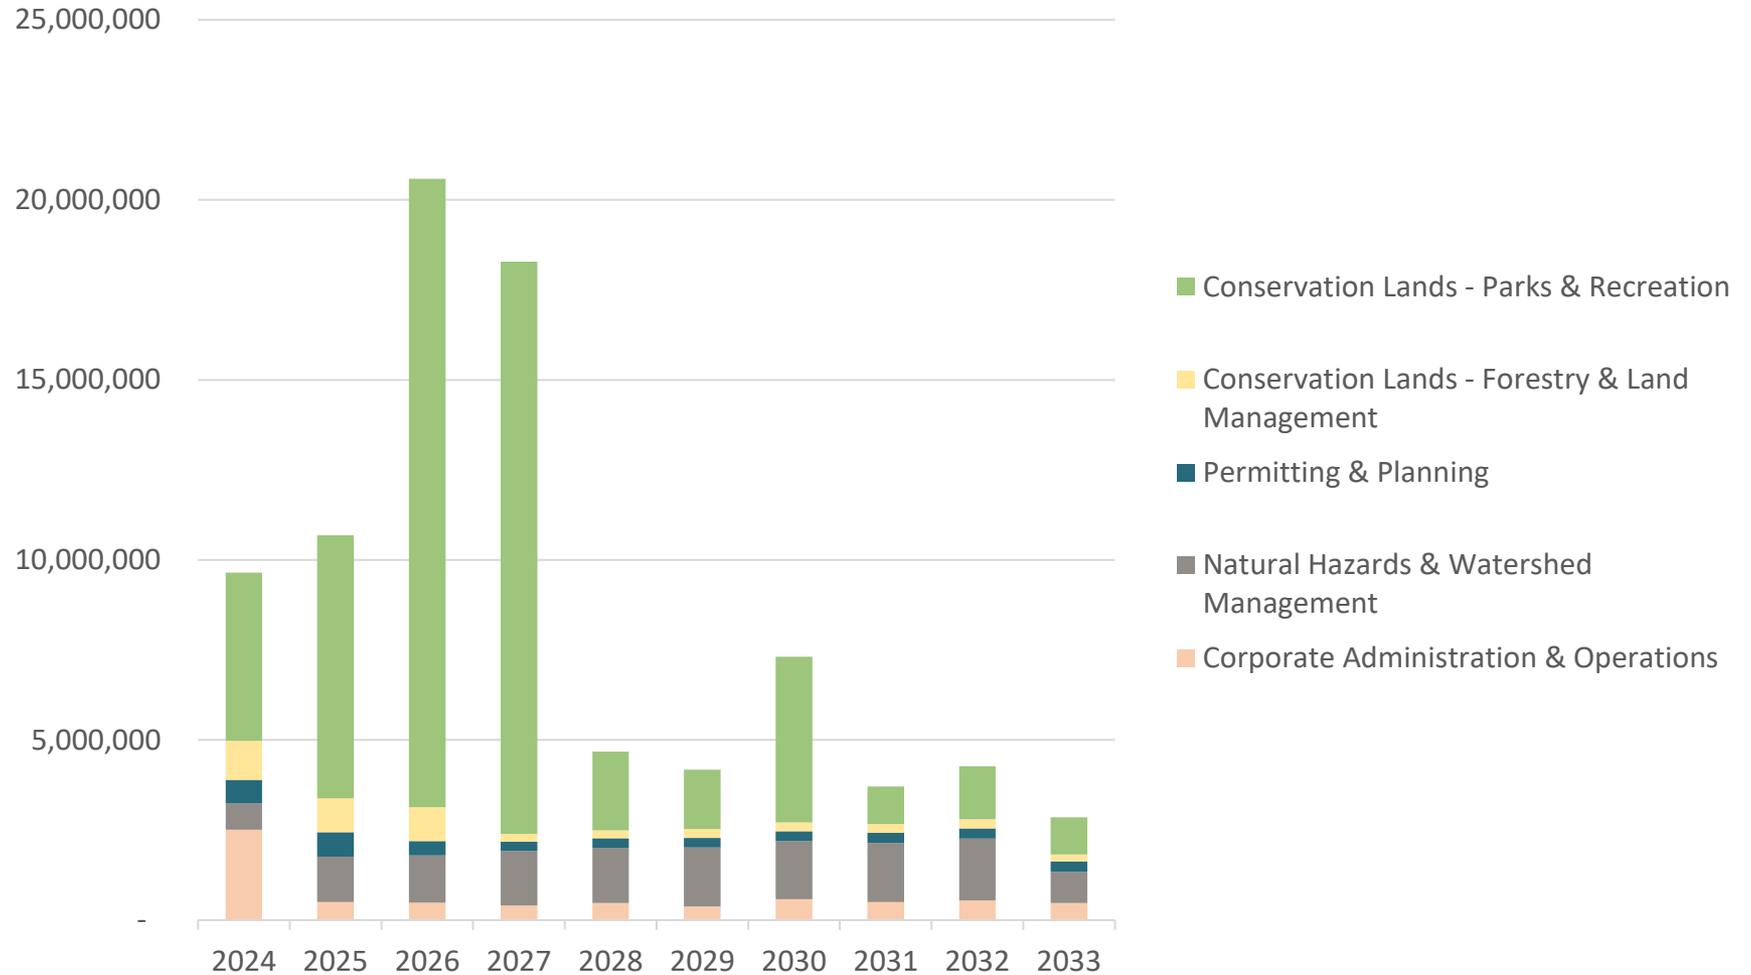

Strategic plan initiatives included in the capital forecast will enable us to continue to invest in innovation and technologies to further modernize operations, streamline service delivery and improve resource management.

Initiatives included in the 2024 budget and 2025-2033 capital forecast include the continuation of:

- Modernizing flood forecasting and operations
- Improving floodplain mapping across the watershed
- Investing in digital transformation across all systems
- Mitigating impacts of Emerald Ash Borer on our forests
- Enhancing environmental restoration and stewardship
- Expanding sustainable outdoor recreation experiences

A summary of the 2024 capital budget and 2025-2033 capital forecast by department is included on the following pages.

MUNICIPAL FUNDING

2024 MUNICIPAL FUNDING

Base municipal funding of \$11,774,197 in the 2024 budget reflects an increase of 4.2%. This amount combined with additional benefit-based other municipal funding of \$149,000 is within the Halton Region guideline of a 5.7% increase.

A key service target in our strategic plan is to limit operating and capital municipal funding increases to at or below regional budget guidelines.

Municipal Funding	2024 Budget	2024 Municipal Funding	2023 Municipal Funding	Municipal Funding Increase
Operating (excl. SOGR levy)	\$39,947,087	\$11,029,597	\$10,376,835	6.3%
Capital	9,643,727	145,000	382,000	-62.0%
State of Good Repair (SOGR) Levy - Dams & Channels; Facilities	49,590,814	11,174,597	10,758,835	3.9%
	599,600	599,600	540,000	11.0%
Total	\$50,190,414	\$11,774,197	\$11,298,835	4.2%

2024 MUNICIPAL APPORTIONMENT

Municipal funding for Conservation Halton's reduced operating expenses and capital costs is apportioned in accordance with Ontario Regulation 402/22 through Modified Current Value Assessment (MCVA) apportionment or benefit-based apportionment.

Base municipal funding of \$11,774,197 is apportioned to our four participating funding municipalities, Halton Region, City of Hamilton, Peel Region, and Township of Puslinch, using MCVA apportionment. Under the MCVA apportionment method, the portion of a reduced operating expense and reduced capital cost is apportioned to a participating municipality based on the

ratio that the participating municipality's modified current value assessment bears to Conservation Halton's modified current value assessment. The municipal MCVA data and apportionment percentages are provided annually to Conservation Authorities by the Province of Ontario.

Additional benefit-based municipal funding is included in the budget related to capital project costs that benefits a municipality relative to the other municipalities.

Municipality:	2024 MCVA Apportionment (%)	2024 Budget MCVA Apportioned Funding (\$)	2023 MCVA Apportionment (%)	2023 Budget MCVA Apportioned Funding (\$)
Halton Region	87.9309%	\$10,353,158	87.9192%	\$9,933,846
City of Hamilton	7.2191%	849,991	7.1961%	813,075
Peel Region	4.6278%	544,886	4.6664%	527,249
Township of Puslinch	0.2222%	26,162	0.2183%	24,665
	100%	\$11,774,197	100%	\$11,298,835

Conservation Authorities Act (CAA) Programs & Services (P&S) Categories:		
Category 1	\$11,302,815	\$10,818,279
Category 2	471,382	466,882
Category 3	-	13,674
Total	\$11,774,197	\$11,298,835

2024 BUDGET: CA ACT P&S INVENTORY

The updated CA Act and Ontario Regulation 402/22 requires Conservation Halton to identify municipal funding associated with our Program & Service (P&S) operating expenses and capital costs as Category 1, 2 and 3 defined in Ontario Regulation 686/21. Municipal funding for our Category 2 and 3 programs and services is continuing to be apportioned to our

funding municipalities, funded through Memorandums of Understanding (MOU's) developed with the municipalities. Based on updated MCVA apportionment percentages received from the province, the apportioned base municipal funding and Category 1, 2 and 3 amounts are as follows:

	Key Service Areas	Total Expenses (\$)	Program Revenue	Provincial Funding	Other	Internal Chargeback Recoveries	Reserve Funding	Municipal Funding	Total Revenues (\$)
CAT 1	Natural Hazards & Watershed Management	8,575,558	0%	9%	34%	10%	6%	39%	100%

2024 MUNICIPAL FUNDING FORECAST

The annual increases in the forecast ensure funds are available to meet both current and future program and organization needs.

Conservation Halton staff will continue to work with regional staff to mitigate the annual increase so that it remains within the regional guideline.

DEPARTMENTAL BUSINESS PLANS

CORPORATE ADMINISTRATION & OPERATIONS

DEPARTMENTAL BUSINESS PLAN

Corporate Administration & Operations budget category includes Corporate Governance, Board of Directors, CEO Office; Conservation Halton Foundation Administration; Finance; Fleet Operations; Human Resources; Marketing & Communications; Corporate Administration & Procurement; Information Technology (IT); Geographic Information Systems (GIS); Risk & Health; Administration Office Facility; Project Management; Construction.

Partnerships and collaborations are developed with municipalities, government agencies, professional associations, education institutions, Indigenous communities and others through Corporate Administration & Operations programs. These teams are leading the organization in its focus on financial sustainability through the provision of clear financial data and analysis to support informed, strategic and operational decision-making for budget development and long-term planning. Digital transformation within Conservation Halton will support better information management. Corporate Administration & Operations programs are also responsible for implementing business practices that ensure economic, social and environmental sustainability.

STRATEGIC PLAN DELIVERABLES:

Honey Bee collecting pollen in the **Three Sisters Garden**

CORPORATE ADMINISTRATION & OPERATIONS

CORPORATE GOVERNANCE, BOARD OF DIRECTORS,

The CEO Office is responsible for developing and implementing the strategic plan, building Conservation Halton's image and brand, refining communication with stakeholders and ensuring timely and quality services are being provided. The President & CEO's priorities are focused on the transformation of Conservation Halton's operations to provide innovative and cost-efficient environmental programs and services to watershed residents, clients, partners and municipalities.

CONSERVATION HALTON FOUNDATION ADMINISTRATION

The Conservation Halton Foundation is a separate, legally incorporated charitable organization. The mission of the Foundation is to raise funds for Conservation Halton projects and programs that protect and enhance the natural environment. Conservation Halton staff manage the administration of the Foundation's operations and fundraising activities.

FINANCE

Finance provides financial stewardship and management in support of the strategic goals of the organization. The department is responsible for the preparation and administration of the annual budget, financial reporting, safeguarding of financial resources, financial planning, investments and cash flow management, capital asset management, accounts payable and receivable, and financial policy development and implementation. The Finance department works as a strategic partner with all departments at Conservation Halton to provide financial support and advice.

FLEET OPERATIONS

Vehicles and equipment are maintained by staff in a State of Good Repair. Staff also coordinate the replacement of the asset or an assessment if the asset is no longer needed at the end of its useful life.

HUMAN RESOURCES

The Human Resources team is responsible for maximizing organizational productivity through systems and programs that focus on attracting, retaining, and investing in top talent. The HR team also ensures that all employment legislation is adhered to and that programs are in place to drive employee engagement, employee wellness, foster respect in the workplace, and create opportunities for growth and development.

MARKETING AND COMMUNICATIONS

This team is comprised of marketing, communications, digital media and creative services professionals. This function partners with each department at Conservation Halton to ensure that the public is aware, educated and engaged with our products, programs and services, as well as policies and procedures. It is responsible for maintaining both a positive public perception and the identity of Conservation Halton's brand. This team is also responsible for supporting internal communications.

CORPORATE ADMINISTRATION & OPERATIONS

PROCUREMENT

The Procurement function ensures that the sourcing of goods, services and materials are secured in an ethical and transparent manner congruent with the broader public sector procurement practices. This ensures maximum value usage of public funds to be achieved in a compliant, consistent manner.

INFORMATION TECHNOLOGY

Information Technology staff at Conservation Halton provide desktop support services, technical consultation for the various business units, technical infrastructure management, application and support services, and purchasing and procurement of technology.

GEOGRAPHIC INFORMATION SYSTEMS (GIS)

This program oversees the creation, deployment and support of GIS solutions, analysis and mapping to support all Conservation Halton departments and initiatives identified through the strategic plan. In addition, the GIS program provides support to partnering municipalities and the public through data and information needs, particularly with respect to regulatory mapping, land use planning, flood forecasting and warning, environmental monitoring, terrestrial and aquatic ecology, stewardship, parks operations, and other related business activities.

RISK & HEALTH

The Risk & Health team's focus is on prevention programs, training and risk identification, reporting and claims management. This team ensures that health and safety committee members work collaboratively to improve safety within our business and contribute to a strong culture of safety at Conservation Halton.

ADMINISTRATION OFFICE FACILITY

This department is responsible for the daily operation of the Administrative Office and the provision and support of administrative infrastructure (office furniture, maintenance, etc.). This team is also responsible for office space needs assessments across all buildings and facilities, and the design and implementation of internal reorganizations and enhancements.

PROJECT MANAGEMENT

Responsible for the delivery of project-based work at Conservation Halton, this team includes ecological restoration and conservation, engineering and capital infrastructure, construction and facilities, IT and digital transformation, and enterprise projects.

CONSTRUCTION

A function of the Project Management Office is construction support services, which provide operational support for small-scale infrastructure work, oversight on asset management programs and support to other teams delivering construction projects.

CORPORATE ADMINISTRATION & OPERATIONS

2024 INITIATIVES

FINANCIAL SUSTAINABILITY

The Finance team will continue to ensure the long-term financial sustainability of the organization. Initiatives include completing the implementation of software upgrades for further automation and integration with other software systems, a five-year review of park program fees to ensure full cost recovery, and updating the facility asset management plan.

DIGITAL TRANSFORMATION

Digital transformation initiatives will continue to meet our strategic objectives and enhance efficiency and effectiveness in our service delivery. Initiatives include technological advancements, cyber security enhancements and further improvements to digital document management systems.

INFRASTRUCTURE

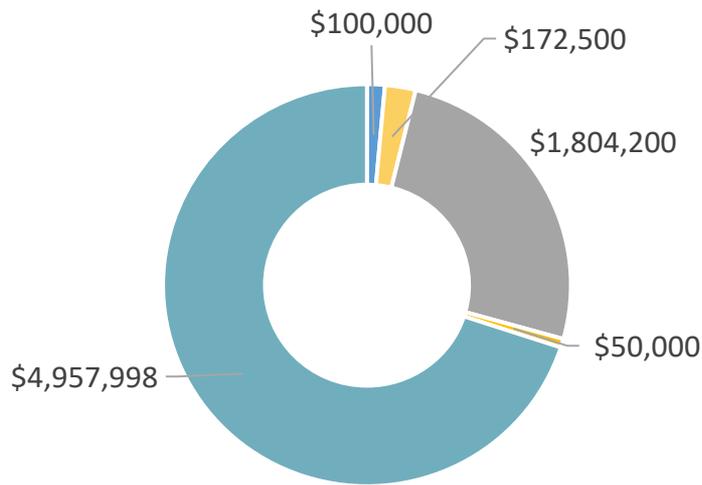

Project Management (PM) staff will oversee continued infrastructure enhancements to customer and staff workspaces at the Administration Office and Parks. PM staff are also leading the design and phased construction of a new Central Works Operation Centre and improvements at the Field Office to replace facilities that are significantly beyond their operational life.

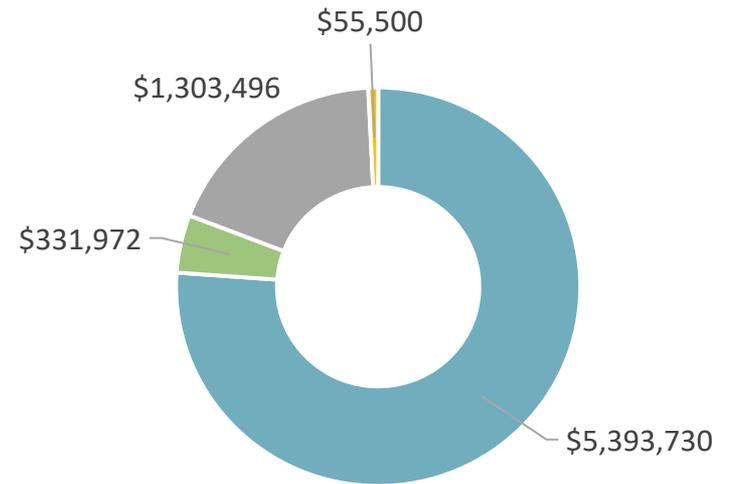

Using technology to be more sustainable at

NATURAL HAZARDS & WATERSHED MANAGEMENT

DEPARTMENTAL BUSINESS PLAN

The Natural Hazards & Watershed Management service area includes the monitoring, assessment, management, and outreach programs and services that Conservation Halton undertakes to address natural hazards and watershed management risks, issues, or opportunities. Several programs and services support this service area, including Watershed Monitoring and Reporting, Flood Forecasting and Operations, Watershed Planning, Source Water Protection, Landowner Outreach, Restoration, and the Hamilton Harbour Remedial Action Plan.

STRATEGIC PLAN DELIVERABLES:

Signs of successful restoration work at **Flamborough Park**

NATURAL HAZARDS & WATERSHED MANAGEMENT

FLOOD FORECASTING & OPERATIONS

The Flood Forecasting and Operations program is responsible for the management, operation and maintenance of Conservation Halton's flood management infrastructure with a capital asset value of more than \$100 million, including dams and channels that provide flood protection and low-flow augmentation. This responsibility is integrated with Conservation Halton's role in supporting the municipal emergency response to flooding by monitoring local watershed conditions and weather forecasts, predicting flooding potential and providing flood messaging to watershed stakeholders.

SOURCE WATER PROTECTION PROGRAM

Conservation Halton implements the Source Water Protection Program under the Clean Water Act for the Halton-Hamilton Source Protection Region. This program is a community initiative, which protects existing and future municipal drinking water sources from contamination and overuse. Conservation Halton and Hamilton Conservation Authority deliver the program, working closely with a locally appointed source protection committee and municipalities, provincial agencies, and other stakeholders. This program is supported through provincial grants. Under the recently amended CA Act, the role of the source protection authority is a mandatory program and service.

WATERSHED MONITORING AND REPORTING

Conservation Halton has a long-standing watershed monitoring program for managing natural hazards to protect the health and safety of people and support resource management decisions. Staff inventory, monitor, assess and report on watershed conditions, trends and risks such as water levels, discharge flows, and embankment groundwater levels at our dams to ensure safe and timely reservoir operations. Staff also monitor surface and ground water quality and quantity, rainfall and snowpack, stream morphology and erosion, wetlands, climate, forest health, and biodiversity. Monitoring data inform watershed restoration efforts to support robust and climate-resilient natural systems.

WATERSHED PLANNING

As a watershed management agency, Conservation Halton undertakes watershed planning. The program is being renewed to develop a coordinated strategy and identify management priorities and actions to address key resource issues based on good science and positive outcomes. Conservation Halton promotes sustainable management, restoration, and enhancement of the natural systems within the watershed, including natural hazards. This program also includes the consideration of the implications of climate change. Conservation Halton is developing a watershed climate resiliency strategy to identify actions that help reduce the effects of climate change.

NATURAL HAZARDS & WATERSHED MANAGEMENT

LANDOWNER OUTREACH

The Landowner Outreach Program has been providing educational and stewardship services to watershed residents since 1994. Through this program, the team provides one-on-one consultations with private landowners and assists them with implementing restoration projects on their properties. Staff also run special events and provide workshops and hands-on educational programs to encourage landowners to undertake action on their properties. The popular “Healthy Neighboursheds” program is one example. This program promotes rainwater management and other sustainable practices that can be adopted by urban dwellers.

HAMILTON HARBOUR REMEDIAL ACTION PLAN

Hamilton Harbour is one of 43 areas around the Great Lakes designated as an Area of Concern because of the extent of environmental degradation. Areas of Concern were formally designated under the Great Lakes Water Quality Agreement in 1987, and Remedial Action Plans were established to guide the delisting of these areas. The team is housed at Conservation Halton and provides services to the Bay Area Implementation team and more than 12 other committees. The Hamilton Harbour Remedial Action Plan team develops and sustains relationships with a network of external partners, prepares technical reports, organizes research and monitoring workshops, and supports committees.

RESTORATION

Conservation Halton collaborates with federal, provincial, and municipal governments, private landowners, community groups, and other organizations to undertake and fund restoration projects ranging in scale. These projects help to manage natural hazards, improve and protect natural heritage, and reduce or buffer the impacts of climate change such as flooding, erosion, and drought. Fee-for-service projects are also carried out on behalf of watershed stakeholders and clients to implement priority restoration projects on public and private lands.

Restoration team using donated Christmas trees to build river banks

NATURAL HAZARDS & WATERSHED MANAGEMENT

2024 INITIATIVES

FLOOD FORECASTING & OPERATIONS

We will continue to invest in upgrading Conservation Halton dams and channels and increase real-time watershed monitoring network coverage from 68 stations currently collecting climate and hydrometric data throughout the watershed. We will continue to investigate new tools and technologies to improve the real-time flood forecasting and warning platform, including expanding watershed coverage and integrating forecast flood inundation mapping.

SOURCE WATER PROTECTION

We will continue to lead the Halton-Hamilton source water protection program to implement source protection plan policies. Using a watershed-based approach and by working with the Hamilton Conservation Authority, municipalities and others, municipal drinking water sources from groundwater aquifers and Lake Ontario are being protected. In 2024, we will update and align the assessment reports and source protection plan policies with the revised provincial 2021 Technical Rules. We will continue to administer the City of Hamilton's Abandoned Well Decommissioning Program to protect groundwater from contamination.

WATERSHED MONITORING

We will continue to collect and analyze environmental data to support our programs and services and those of our partners. Our focus in 2024 will include improvements to enable watershed monitoring data to be interpreted and used to its fullest capacity. The watershed monitoring program will evolve to address priority needs identified through the development of the Watershed-based Resource Management Strategy. We will also provide analysis and insights to support evidence-based decision-making, including incorporating new ecological data into the Master Planning process for Waterdown and Clappison Woods. Results from several new water quality monitoring projects will be analyzed to help inform areas in need of restoration and/or additional study.

WATERSHED PLANNING

We are developing a Watershed-Based Resource Management Strategy, as set out in provincial regulations, with a completion date of December 31, 2024. This document provides the justification for and description of Conservation Halton's programs and services which are implemented to address key resource management issues within the watershed. We will also renew our watershed planning program, with the goal to undertake and implement collaborative plans to identify and prioritize actions that protect natural resources, address natural hazards, and promote sustainability within our watersheds and the health of Lake Ontario. We will identify and promote climate change approaches for watershed resilience and lead by example.

NATURAL HAZARDS & WATERSHED MANAGEMENT

2024 INITIATIVES

LANDOWNER OUTREACH

We will continue to connect with urban, agricultural, commercial, and rural landowners to increase environmental awareness and promote environmental rehabilitation and restoration in key priority areas. We will also continue to respond to inquiries from landowners, provide advice on proposed environmental improvement projects, promote best management practices, and recognize landowner efforts through our awards program. Highlights for 2024 include development of projects with landowners that will benefit water quality and habitat by addressing phosphorus, suspended solids and stormwater. In addition to rural water quality projects, Low Impact Development projects will be carried out on urban properties.

HAMILTON HARBOUR REMEDIAL ACTION PLAN

The Hamilton Harbour Remedial Action Plan team will continue to provide local coordination and secretariat services to specialized committees, including the Bay Area Implementation team. Specifically, in 2024, the team will undertake engagement and outreach with local partners, Indigenous peoples, and the public to support decision-making for the Hamilton Harbour Remedial Action Plan. We will also coordinate activities to support implementation of remedial actions to achieve Beneficial Use Impairment delisting criteria.

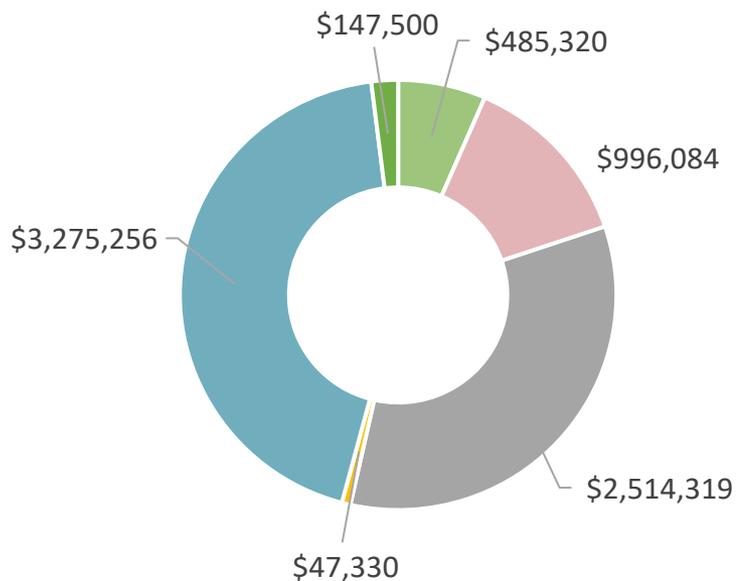

RESTORATION

We will continue to work on several large projects including the restoration of creek and wetland functions at Limestone Creek, Courtcliffe Park and Joe Sams Park. Other restoration work will be carried out on several wetlands (Boyne Valley, Drumquin Park, Flamborough Centre Park, Fuciarelli Resource Management Area) and grassland (Hilton Falls Conservation Area, Boyne Valley). We will also advance pre- and post-restoration project monitoring to quantify impact, assess project effectiveness and continue to build our database for prioritizing and planning restoration projects, to direct efforts where they are needed the most.

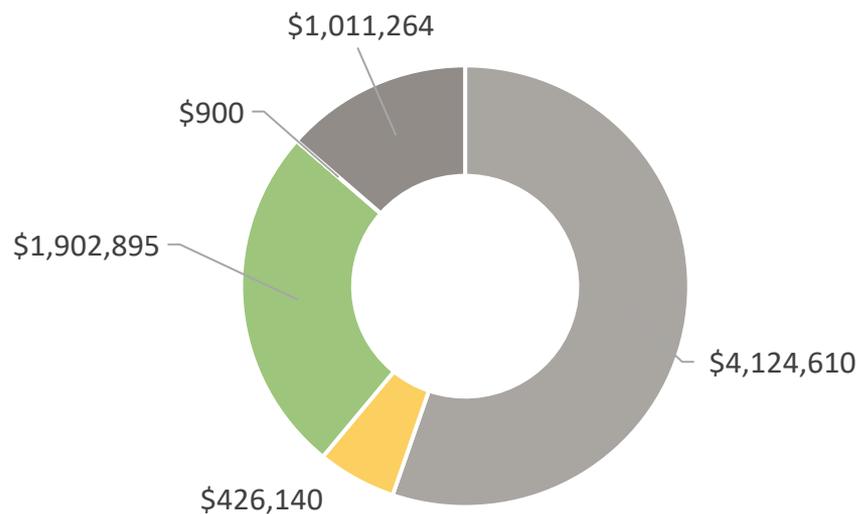

NATURAL HAZARDS & WATERSHED MANAGEMENT

Revenue \$7,465,809

PERMITTING & PLANNING

DEPARTMENTAL BUSINESS PLAN

The Permitting & Planning service area primarily relates to Conservation Halton's roles and responsibilities as a regulatory authority and a provincially delegated reviewer for natural hazards-related matters.

The Permitting & Planning team carries out permitting, compliance and enforcement activities as required by regulations enacted under the CA Act.

The team also reviews a range of planning and development applications, as well as technical studies under the Planning Act, Niagara Escarpment Planning & Development Act, Environmental Assessment Act, and Aggregate Resources Act and provides input on federal, provincial, regional and municipal policies and initiatives.

The team develops regulatory policies and technical guides for Board approval, which supports the implementation of Conservation Halton's regulation (Ontario Regulation 162/06).

STRATEGIC PLAN DELIVERABLES:

The Floodplain Mapping program is responsible for updating flood hazard mapping across the watershed to support planning and regulatory programs and flood warning and forecasting operations. This mapping also informs infrastructure management decisions, emergency planning and response, prioritization of flood mitigation efforts and infrastructure design.

Wetland Staking for a landowner

PERMITTING & PLANNING

DEPARTMENTAL BUSINESS PLAN

PLANNING & REGULATIONS

The Planning team provides input on provincial and municipal planning and policy documents, such as provincial policies and plans, municipal Official Plans and Comprehensive Zoning By-laws. The team also reviews planning and development applications circulated under the Planning Act and other provincial legislation. On average, about 400 planning and development applications are reviewed each year.

The Regulations team is responsible for permitting, compliance and enforcement of Ontario Regulation 162/06. About 450 permits are processed each year and more than 20 potential violations are investigated. Over the past few years, most confirmed violations have been resolved through agreements with landowners.

POLICY REVIEW & DEVELOPMENT

The Policy team is responsible for the review of legislative, regulatory, or policy changes related to natural hazards and wetlands, the protection of drinking water sources or related environmental matters. The team is responsible for developing policies for Board approval, as well as responding to changes to the CA Act.

FLOODPLAIN MAPPING

The Floodplain Mapping team is responsible for updating and maintaining Conservation Halton's flood hazard mapping. This information is used to develop Approximate Regulation Limit mapping for purposes of review associated with Ontario Regulation 162/06, as well as used to support flood risk management decisions and communications.

REGIONAL INFRASTRUCTURE TEAM

The Regional Infrastructure team provides environmental planning and regulatory services to Halton Region for regional infrastructure and related projects. These services include the review of Environmental Assessments, as well as the review of other Regional permits. This service is provided through an agreement with Halton Region who funds the program.

PERMITTING & PLANNING

2024 INITIATIVES

EXCELLENCE IN CUSTOMER SERVICE & EXPERIENCE

We anticipate that the number of planning and permit files, as well as large-scale technical reviews, will increase in 2024. Several hearings related to ongoing legal files (i.e., OLT files, regulatory violation files and other legal matters) will carry forward into 2024, as well as Bill 23 and Bill 109-related initiatives will require staff's attention. We will continue to strive for excellence in customer service and customer experience, work to provide efficient, effective, and timely service, foster partnerships, and identify opportunities to build mutual understanding, trust, respect, and support.

MODERNIZE POLICIES & MAPPING

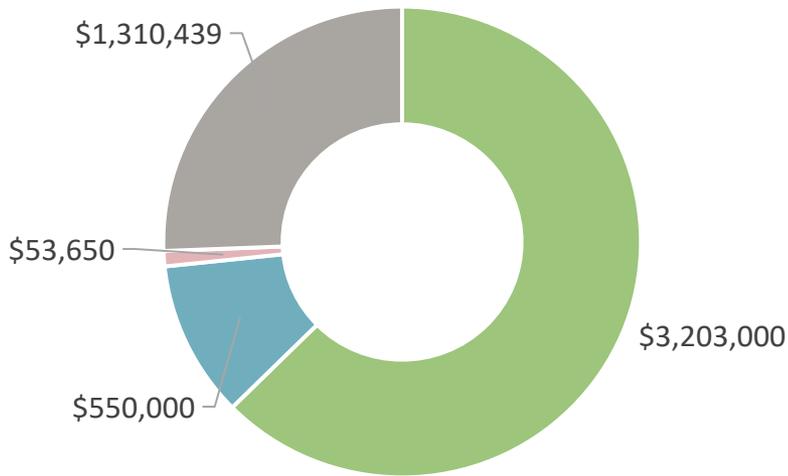

The Permitting & Planning team will respond to regulatory changes under the new CA Act by updating policies for the administration of the amended regulations. We will continue to review and update flood hazard mapping for select watersheds across our jurisdiction. Stakeholder and public engagement will be carried out as part of a policy or mapping initiative prior to approval.

CONSERVATION LANDS - FORESTRY & LAND MANAGEMENT

DEPARTMENTAL BUSINESS PLAN

The Conservation Lands Management program is responsible for the management of Conservation Halton owned and managed lands, including forest health.

Services provided by this team include the long-term planning and management of Conservation Halton properties and related administration, landscape maintenance, and security and risk management.

This team oversees the securement of environmentally significant lands and provides passive recreational uses, such as trails.

Lake at **Area 8**

CONSERVATION LANDS - FORESTRY & LANDS MANAGEMENT

FORESTRY

Forestry staff delivers strategic forest management operations, tree planting services and supports the technical management of forests to enhance our watershed forest cover. Conservation Halton's forestry program has had a major influence on land cover within our watershed, having planted more than 4.5 million trees since Conservation Halton's inception. This team also monitors invasive forest pests and delivers our Emerald Ash Borer program. Forestry staff provide an operational focus on forest management, hazard tree management and other arboricultural services across all Conservation Halton owned and managed lands.

PROPERTY MANAGEMENT

This program provides management of all Conservation Halton properties from an administrative perspective (leases, agreements, permits to enter, title searches and records) and provides landscape services (turf management, landscape management and snow clearing support) to operational departments in Parks, Science and Partnerships, Facilities and Watershed Engineering.

SECURITY

This team provides operational security services (alarm, lock and securing premises) and risk management (incident response, investigation and support, and documentation, inspection services). In addition, this team is empowered under Sections 28 and 29 of the CA Act and the Trespass to Property Act as well as various municipal bylaws to support enforcement activities on behalf of Conservation Halton.

2024 INITIATIVES

PROPERTY MANAGEMENT

In 2024, staff will be completing an ongoing land inventory required under revised CA Act regulations. Staff will also complete the Conservation Areas Strategy which is also required under the CA Act. Lastly, staff will also complete the review of Conservation Halton land holdings for future recreation opportunities.

EMERALD ASH BORER

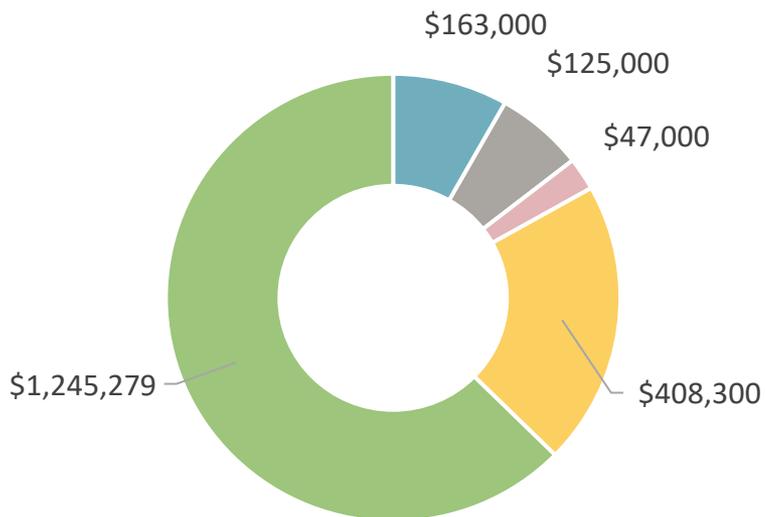

2024 will see the continued management of ash trees that have succumbed to the invasive Emerald Ash Borer (EAB). This program is in its eighth year of a ten-year, \$8.4 million investment in visitor safety, as well as forest cover replacement. The treatment of stumps, which prevents them from re-sprouting, and the underplanting with native tree and shrub species, are considered two essential activities of this program. Not only does this prevent the establishment and spread of invasive species, such as Buckthorn, but replaces forest cover lost by EAB. Also for 2024, staff will work with partners to monitor and plan for the potential impact of other forest diseases and pests, such as Oak Wilt.

INVASIVE SPECIES MANAGEMENT

Conservation Halton will monitor and manage invasive species such as Spongy (LDD) Moth, Common Buckthorn and others, through cross-departmental programs allowing us to be proactive in the management and treatment of invasive species on our landholdings across the jurisdiction.

CONSERVATION LANDS – PARKS & RECREATION

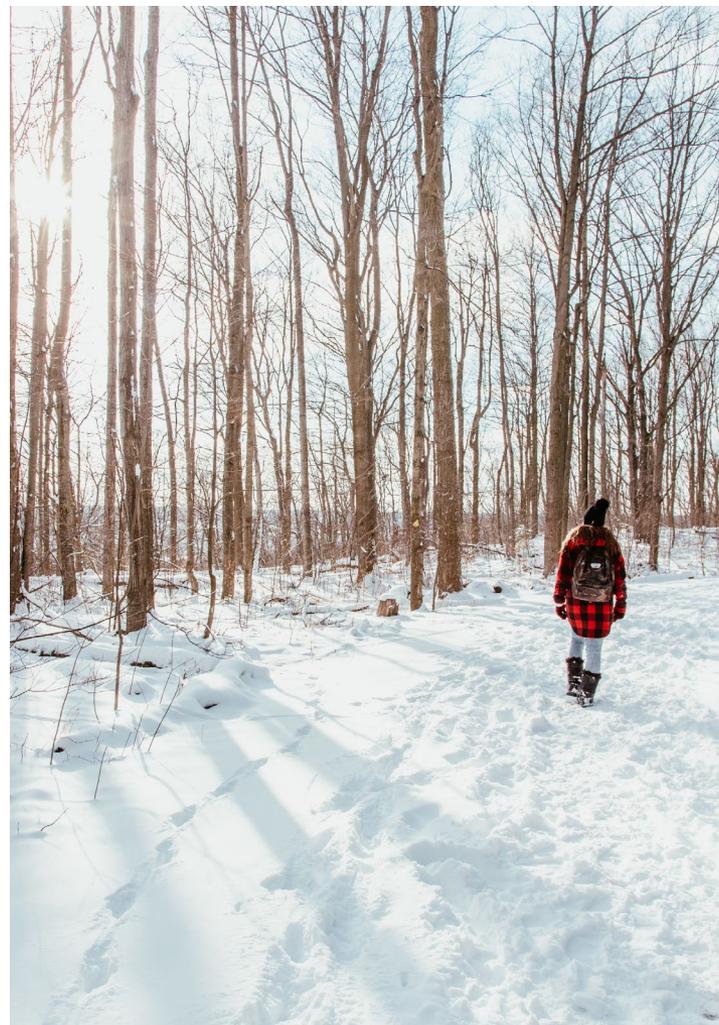

DEPARTMENTAL BUSINESS PLAN

The Parks and Operations team at Conservation Halton is responsible for the delivery of a wide variety of recreational and educational programs and services for over 1,000,000 annual visitors.

Park operations, programming and services are funded almost entirely through self-generated revenue from annual and seasonal passes, daily access fees, education fees, and lesson and camp registrations. Major themes addressed within the 2024 Operational and Capital budget proposals include service delivery and aging infrastructure.

Long-term planning, focused on environmental and fiscal sustainability, will remain a priority for staff.

STRATEGIC PLAN DELIVERABLES:

Winter hiking at **Rattlesnake Point**

CONSERVATION LANDS - PARKS & RECREATION

KELSO/GLEN EDEN/AREA 8

Kelso/Glen Eden offers a variety of recreational programs and activities, including mountain biking, boat rentals, summer camps, skiing and snowboard lessons, terrain parks, picnic and camping sites, food services and special events. The team operates 364 days a year and total annual Kelso/Glen Eden/Area 8 visitation exceeds 500,000.

CRAWFORD LAKE/MOUNTSBERG/ ROBERT EDMONDSON

Crawford Lake, Mountsberg and Robert Edmondson offer unique recreational and educational programming opportunities. Education programs are provided to approximately 65,000 school children each year, with topics ranging from life in a longhouse village to how maple syrup is made and local species of owls. These parks offer education-based family programs, tours of the Longhouse Village, Christmas Town, Winterlit, Maple Town, a farm animal barn, and a birds of prey centre. Virtual programs are also offered. Total annual visitation exceeds 190,000.

HILTON FALLS/RATTLESNAKE POINT/ MOUNT NEMO

Hilton Falls, Rattlesnake Point and Mount Nemo offer exceptional hiking, biking and rock-climbing experiences. Each park provides great viewpoints from the Escarpment or the beautiful waterfall. These areas have seen visitation more than double since 2012, so monitoring impacts on the environment and improving accessibility and customer service are extremely important. Total annual visitation exceeds 350,000.

COMMUNITY ENGAGEMENT & OUTREACH

Conservation Halton provides community outreach and education programs that have an annual reach of over 10,000 participants.

Programs include Halton Children's Water Festival, Stream of Dreams, corporate tree planting, From The Ground Up and Healthy Neighboursheds. Our goal is to enable watershed residents to become more environmentally aware, connect communities to nature through programming, and build relevant community connections to make Conservation Halton more valued and appreciated. We also work with the local school board to deliver affordable, innovative outdoor education programs.

FLEET MANAGEMENT

Vehicles and equipment are maintained by staff in a State of Good Repair. Staff also coordinate the replacement of the asset, or an assessment if the asset is no longer needed at the end of its useful life. Fleet staff are responsible for all owned, rented and leased fleet and equipment.

CONSERVATION LANDS - PARKS & RECREATION

2024 INITIATIVES

FINANCIAL

With park operations reliant on user fees, it is important for these operations to continue to generate revenue growth and manage expenses. For 2024, park staff will focus on increasing operating profit and gross revenues of park offerings, effectively managing expenses, and ensuring staff resources are used efficiently. This will be done by continuing to focus on revenue per visitor, digital tools for efficiency and reporting, and value-added experiences.

CAPITAL

For our park system to continue to be a leading greenspace network, long-term planning plays an important role. The 10-Year Capital Plan lists major infrastructure improvements across the park system. Projects include further improvements to the snowmaking infrastructure, paving improvements, as well as new infrastructure to support expanded programming.

DEVELOPER CONTRIBUTION RESERVE PROJECTS

For our parks to continue to provide service excellence while accommodating rising visitation, we will be implementing two key infrastructure projects: Crawford Lake Visitor Centre and Kelso/Glen Eden Visitor Centre. These projects will support the demands of current and future growth and enhance the overall visitor experience at these popular parks.

GREEN • RESILIENT • CONNECTED

THANK YOU

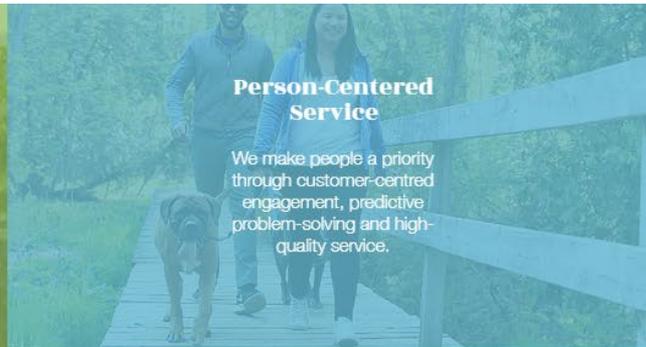

Diversity and Inclusion

We endeavor to understand, accept and appreciate the value of our differences and encourage authenticity.

Learning and Innovation

We embrace the need for continuous improvement, the opportunity to learn from others and the benefits of sharing knowledge.

Person-Centered Service

We make people a priority through customer-centred engagement, predictive problem-solving and high-quality service.

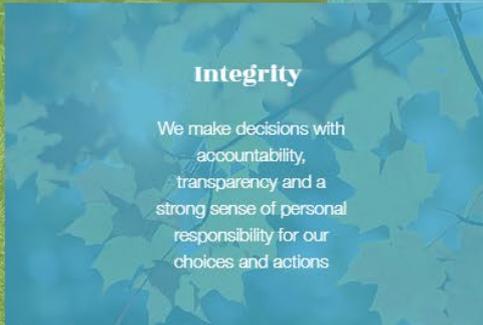

Collaboration

We seek out and trust in the skills, expertise and experience of others in order to achieve our common ambition.

Sustainability

We consider the environmental impact of everything we do and always keep future generations in mind when making decisions.

Integrity

We make decisions with accountability, transparency and a strong sense of personal responsibility for our choices and actions.

Resilience

We are positive and proud of our ability to quickly and effectively respond to change.

Grand River Conservation Authority

Report number: GM-10-23-80

Date: October 27, 2023

To: Members of the Grand River Conservation Authority

Subject: Budget 2024 – Draft #1

Recommendation:

THAT Report Number GM-10-23-80 - Budget 2024 - Draft #1 be approved for consultation purposes, circulated to all participating municipalities, and posted to the GRCA website.

Summary:

This report summarizes the first draft of the 2024 Budget. The final budget for 2024 will be presented for approval at the February 24, 2024 Annual General Meeting. See Attachment A “Budget 2024 Timetable” for additional details on budget timelines.

Budget 2024- Draft #1 reflects the continuation of programs and services delivered in 2023 and maintains breakeven results. Total draft expenditures for 2024 are \$34,442,188. For context, the October 2022 draft budget for 2023 included expenditures of \$33,279,188. Preliminary budget financial figures are outlined in Attachment G which includes the Statement of Operations and detailed Program and Services statements. The individual programs and services budgets have been categorized as Operating, Capital Maintenance, and Special projects.

Grand River Conservation Authority (GRCA) programs and services are funded by:

- Municipal Apportionment (in prior years referred to as Municipal General Levy)
- Municipal Funding as per Memorandum of Understandings (MOUs)
- Other Municipal Funding (by special agreements)
- Provincial and Federal Grants
- Self-Generated Revenue
- Funding from Reserves

Overall, the municipal funding request has been increased by 2.5% (or \$324,000) to \$13,292,000 in 2024. For a breakdown of municipal funding by Category 1, 2, and general operating expenses see Attachment C “Budget 2024 Municipal funding breakdown”.

As required under *O.Reg.687/21 Transition Plans and Agreements for Programs and Services Under Section 21.2.2 of the Act*, the GRCA has developed an Inventory of Programs and Services based on the categories identified in the Regulation. These categories include: (1) Mandatory, (2) Municipally requested, (3) Other (Authority determines are advisable), and General Operating Expenses.

Attachment B “Programs & Services Inventory” outlines the expenditures and funding sources applicable to each category, along with the reallocation of program surplus between programs and services.

Appendix D “Summary of Municipal Apportionment” details the municipal apportionment and MOU funding requests by participating municipalities.

TABLE A -BUDGET 2024 EXPENDITURES

	2024	2023 (Oct draft)	Increase/(decrease)
EXPENDITURES			
Operating Expenses	\$29,066,688	\$28,148,688	\$918,000
Capital Expenses	\$4,419,000	\$4,104,000	\$315,000
Special Projects	\$840,000	\$840,000	\$0
Funding to Reserve (hydro)	\$116,500	\$116,500	\$0
TOTAL	\$34,442,188	\$33,209,188	\$1,233,000

Note: Use of the term capital expenses for spending that is funded with municipal apportionment refers to major maintenance, water control structure studies, or water management equipment.

Report:

A. CONSERVATION AUTHORITIES ACT - NEW REGULATIONS

The Conservation Authorities Act (CA Act) outlines three categories of programs and services: (1) Mandatory, (2) Municipally requested, and (3) Other (Authority determines are advisable).

O. Reg. 402/22 - Budget and Apportionment also defines “general operating expense or capital cost” as an operating expense or capital cost that is not related to the provision of a program or service that an authority provides. The regulations require that these costs be identified separately, and municipal funding be apportioned using Modified Current Value Assessment (MCVA).

O. Reg. 402/22 requirements came into force for the 2024 budget process. See Attachment A – Budget 2024 Timetable for timeline details. This regulation outlines Four Phases to the budget process

- Phase 1: Categorizing revenue and expenses as per the categories listed above, and amounts of municipal apportionment
- Phase 2: Board approval of draft budget for consultation (vote required), distribution to participating municipalities, and posting on the GRCA’s Governance section on the website. Consultation with municipalities will occur as required.
- Phase 3: Board apportionment approval process (weighted vote required)
- Phase 4: Final budget approval process (vote required)

B. OPERATING BUDGET

In general, the 2024 budget assumes the same level of program and service delivery as provided in 2023. Any exceptions to specific program areas are included in the commentary below as applicable.

(a) Resource Planning

- Resource Planning fee revenue declined in 2023 and therefore this draft of the budget reduced revenue by \$100,000.
- Compensation and benefits costs reduced by \$50,000 to recognize vacancy and/or rate savings which have resulted historically (budget assumes no change in staffing complement).

(b) Residential Property Rental Program

- The Residential Property Rental Program is in the process of winding down. The budgeted 2023 revenue of \$110,000 assumes no decrease in occupancy during 2024.
- The budgeted net result for this program is a \$25,000 deficit.

(c) Outdoor Environmental Education

- Negotiations with school boards for 2023/24 contracts have been completed. The first draft of the budget assumes that 2023/24 school contracts will be extended for the 2024/25 school year. This draft does not include any community or day camp program delivery. Decisions regarding the future format and scope of the Outdoor Environmental Education program will be incorporated into future budget drafts as applicable.

(d) Conservation Areas

- Conservation Area 2024 budgeted revenue of \$10,500,000 is approximately \$1,000,000 less than projected revenue of \$11,500,000 for 2023.
- Operating expenses are being increased by \$350,000.
- Conservation Area program and services expenses have been expanded to include 100% of Manager of Conservation Area Operations, 50% of Luther Marsh operations, and 100% of hazard tree management in the Conservation Areas. The funding for these three additional components is being funded with surplus from other Category 3 programs.
- The Conservation Areas budget excludes any allocation for corporate services overhead expenses.
- The revenue and cost assumptions will be revisited once actuals for the full 2023 season are available. Any adjustments to operating revenue or expenses will be the transfer to/from the Conservation Areas Reserve.

(e) Investment Income

- Income increased \$50,000 due to higher interest being earned on cash balances.

(f) Section 39 Funding

- It is assumed that there will no further cutbacks in the provincial Section 39 grant for the period April 1, 2023 to March 31, 2024 and therefore the Section 39 grant amount is anticipated to remain at \$449,688.

(g) Municipal Funding

- The 2024 Budget includes \$12,275,000 of funding for Category 1 Mandatory Programs and General Operating Expenses along with \$1,017,000 for Category 2 MOU Programs for a total of \$13,292,000 which is a \$324,000 (or 2.5%) increase over the 2023 General Municipal Levy of \$12,968,000.

(h) Surplus Assumption

- The draft budget assumes a \$100,000 surplus carry forward from 2023. If additional surplus is applicable, staff will recommend that it be incorporated in the final budget and used for non-recurring expense demands (i.e. consulting, professional development, and other administrative costs).

(i) Transition Reserve (created in 2021)

- The purpose of the reserve is to fund expenditures related to the transitioning of the GRCA to new provincial regulations requirements and/or fund costs related to managing expenses impacted by COVID-19 or revenue losses due to COVID-19. As at December 31, 2022, the reserve balance is approximately \$2.0 million.
- The strategy for Budget 2024 draft #1 is to utilize the transition reserve to fund one staff position (\$100,000) to assist with some of the deliverables required by the new regulations and to fund the Outdoor Environmental Education program deficit (\$312,000).

(j) Compensation and Benefits and Staffing Comments:

- The 2024 draft budget includes a 3% increase for compensation and benefits which allows for a general wage increase, grid steps within wage scales, and benefit cost increases. In addition, one administrative position is being added to the budget.
- Non-union salary adjustments are required to be approved by the General Membership which is typically presented in November or December for the subsequent year.
- Union wage adjustments have been incorporated into the budget in accordance with the Collective Agreement which is effective until December 31, 2025.

(k) Source Protection Program

- The province has identified that this program is considered a Category 1 mandatory program that is required to be delivered by Conservation Authorities. Funding until March 2024 was secured. The province, which currently fully funds this program, has not guaranteed funding for future years, nor has it announced an end to program funding.

C. CAPITAL & MAJOR MAINTENANCE BUDGET(a) Major Maintenance Spending Water Control Structures

- The budget is set at \$1,500,000. Any demands that arise more than that amount can be funded with the Water Control Structures reserve and/or the Land Sale Proceeds reserve. Staff continue to seek funding to repair and update the water control infrastructure from provincial and federal government. Government funding included in budget 2024 relates to provincial Water and Erosion Control Infrastructure (WECI) funding which is subject to provincial approval of projects. Changes to this budget line will not impact the request for municipal funding. Any additional spending will be funded with WECI funding or reserves.

(b) Capital Spending Conservation Areas

- The budget is set at \$2,000,000. This spending is budgeted to be funded with \$1,650,000 of fee revenue and \$350,000 from the conservation area reserve. Future budget drafts will be revised as capital projects are prioritized. Any increases in budgeted spending will be facilitated by either increased revenue or use of the conservation area reserve. Any decrease in budgeted expenses would be offset by a transfer to the conservation reserve.

(c) Water Monitoring Equipment and Flood Forecasting and Warning Expenses

- The budget is being held constant at \$300,000. The gauge reserve will be used to fund \$100,000 of total costs and the remaining costs will be funded with Category 1 Municipal Apportionment funding.

(d) Information Systems and Motor Pool

- Costs of \$379,000 for Information Systems and \$240,000 for Motor Pool represent the costs not funded through internal cost allocations to programs and services and are funded through the IS reserve and MP reserve respectively. See Attachment G 'P&S #16 - Supplemental Information – IS and MP' for detailed expense information.

D. SPECIAL PROJECTS

- (a) Special projects do not rely on Municipal Apportionment funding.
- (b) This draft of the budget only includes items that are known or highly likely to be undertaken and a cost can be estimated. At present, the budget includes \$840,000 in spending. By the time the 2024 budget is finalized, special project spending, along with

matching revenue, is expected to increase as projects are approved and carryover amounts are confirmed.

(c) The \$840,000 in special projects included in this draft budget are:

- \$800,000 Rural Water Quality Capital Grants
- \$40,000 Species at Risk Program

(d) New Guelph Lake Nature Centre Building

To date, the purchasing process for this project has not commenced, therefore, a reliable cost estimate is not available. The final budget draft will incorporate this project as applicable with funding to be provided via donations and potentially using GRCA reserves.

E. RESERVES

For 2024, reserves are budgeted to decrease by \$331,500. Significant budgeted drawdowns to reserves include \$350,000 for Conservation Area capital projects, \$315,000 to fund the Environmental Education deficit, \$100,000 to fund one staff position, \$379,000 for Information Systems, and \$240,000 for Motor Pool. See Attachment E 'Summary of Reserves' for details of reserve movements budgeted for 2024. The use of reserves is integral to GRCA operations. The GRCA sets aside certain funds to reserves (i.e. Land Sale Proceeds, Hydro Revenue, Interest Earned on Reserves) in order to be able to draw upon these reserves at a later date in accordance with either legislative mandates and/or board-approved use

Reserves can be viewed as:

- Planned savings set aside for future capital projects (facilitates smoothing of funding requests)
- Surpluses set aside for future operating or capital needs (i.e. Conservation Area revenue in excess of budget)
- Contingency funds for unplanned expenditures
- Legislated amounts to be used in accordance with regulations (i.e. land sale proceeds)

A detailed report on reserves will be presented at the November 24, 2023 meeting.

F. CATEGORY 2 – WATERSHED SERVICES

The programs and services included under watershed services are:

- Subwatershed Studies
- Conservation Services
- Water Quality
- Wastewater Optimization Program
- Groundwater Resources
- Watershed Services

See Attachment F 'Budget 2024 Category 2 - Watershed Services Program Breakdown'

This budget assumes that all participating municipalities will enter into a Memorandum of Agreement with the GRCA and agree to apportioning the funding requirements using MCVA, the same as Category 1 apportionment and the same method that was used in prior years.

G. MUNICIPAL APPORTIONMENT (referred to as General Municipal Levy in prior years)

Where municipal funding is applicable, namely, Category 1, 2, and General Operating Expenses, the methodology of apportionment used is Modified Current Value Assessment (MCVA) on the basis that there is a watershed benefit for all participating municipalities from the programs and services. See Attachment D 'Budget 2024 Summary of Municipal Apportionment' for details.

The methodology for calculating the MCVA and distributing apportionment is outlined *in O. Reg. 402/22 Section (7)*. Agreements with participating municipalities for Category 2 programs and services have not been finalized therefore the funding allocation is subject to change and would be communicated and agreed to accordingly if applicable.

OTHER MAJOR ASSUMPTIONS

- (a) Cottage Lot Rental Program revenue increased by 2.5% or \$57,000 in accordance with the Residential Tenancy Act.
- (b) Total Insurance expense increased by 5% or \$24,000 to reflect 2023 rate increases and projected 2024 rate increases.
- (c) Total Property Tax expense increased \$20,000.
- (d) Admin Operating expense held constant.
- (e) Other Operating expenses increased between 0% and 5% as applicable.
- (f) Motor Pool charge-out rates held constant.
- (g) Computer charge-out rates held constant.

H. SIGNIFICANT OUTSTANDING BUDGET ITEMS

- (a) Year 2023 Carry forward Adjustments
2023 Surplus carry forward - this draft of the 2024 Budget assumes a \$100,000 surplus carryover from year 2023. The actual "2023 Net Surplus" will be incorporated into the 2024 budget.
- (b) 2023 Special Projects carry forward
Any projects commenced in year 2023 and not completed by December 31, 2023 will be carried forward and added to Budget 2023 (i.e. both the funding and the expense will be added to Budget 2023 and therefore these adjustments will have no impact on the breakeven net result).
- (c) Water Control Structures Major Maintenance Expenditures
A final determination of the amount of spending to be added to the Budget 2024 (i.e. unspent amounts from 2023, new projects) will be made, including use of reserves for 2024 projects. Any decisions to increase spending should not impact the general municipal apportionment request but would be funded with reserves, WECl funding, and/or new funding sources, as applicable.
- (d) Conservation Area Revenue and Expenses
Final revenue, operating, and capital expense figures are to be determined following the year-end actuals review.
- (e) Environmental Education
Final revenue and operating expense figures are to be determined following further information on program delivery developments.

The following are attached:

- Attachment A: Budget 2024 Timetable
- Attachment B: Budget 2024 Program and Services Inventory
- Attachment C: Budget 2024 Municipal Funding Breakdown
- Attachment D: Budget 2024 Summary of Municipal Apportionment
- Attachment E: Budget 2024 Summary of Reserves
- Attachment F: Budget 2024 Category 2 - Watershed Services Program breakdown
- Attachment G: Statement of Operations & Detailed Program and Services Statements

Financial Implications:

Budgeted spending for 2024 is \$34,442,188 (2023: \$33,279,188) which includes transfers of \$116,500 to reserves. This first draft of the budget includes a municipal general levy increase of \$324,000 (or 2.5%).

The main budgetary challenges faced by the GRCA are:

- Cost pressures created by the economic environment including inflation, supply chain issues, and labour force shortages.
- Conservation Area operating revenue is impacted by fluctuations in consumer demand and weather conditions which are difficult to predict.
- An aging infrastructure in the Conservation Areas and aging Nature Centre facilities.
- Increased demands on managing passive lands (i.e. land use decisions, hazard tree management, trespassing, infrastructure).
- Keeping pace with digital innovation and technological advancements.
- Meeting new regulation reporting requirements (Conservation Area Strategy, etc.)

Other Department Considerations:

None

Prepared by:

Sonja Radoja
Manager of Corporate Services

Approved by:

Samantha Lawson
Chief Administrative Officer

Karen Armstrong
Deputy CAO/Secretary-Treasurer

Grand River Conservation Authority

Budget 2024 Timetable

October 27, 2023

- Oct 27, 2022: Draft Budget #1 to General Meeting and Board approval of the draft budget for consultation purposes
- November 2023: Distribute Draft Budget #1 to Participating Municipalities and post it on the GRCA website in the Governance section
- Nov & Dec 2023: Consultation with Participating Municipalities as requested
- December 15, 2023: Board Motion to send 30 days' notice to Participating Municipalities of Municipal Apportionment Vote at January 26, 2024 General Meeting
- December 22, 2023: Send Notice to Participating Municipalities of Municipal Apportionment Vote and include apportionment amounts and most recent draft Budget
- Jan 26, 2024: Draft Budget #2 to General Meeting and Municipal Apportionment Vote – weighted majority and recorded. Once approved, distribute to Participating Municipalities.
- Feb 23, 2024: Final 2024 Budget Vote – weighted majority (as per by-law) and recorded. Once approved, distribute to Participating Municipalities, post on the GRCA website, and send to MNRF

NOTE 1, NOTE 4

NOTE 2

NOTE 3

- COMMENTARY:**
- NOTE 1 Total Programs & Services expenditures (includes transfers to reserves) is funded 39% by the combined total of mandatory municipal apportionment and Category 2 MOA municipal funding.
 - NOTE 2 Almost 50% of total expenses is funded with self-generated revenue.
 - NOTE 3 Category 3 'Property Rentals' and 'Hydro Production' generate a surplus which is allocated to Category 3 programs and General Operating expenses to achieve breakeven results for each P&S.
 - NOTE 4 In 2023 General Municipal Levy funding totalled \$12,968,000. Therefore Municipal funding is increasing by \$324,000 (or 2.5%) to \$13,292,000 in 2024 compared to 2023.
General Operating Expenses include administrative expenses related to Office of the CAO, communications, capital support, finance, payroll, human resources, Health and Safety, head Office facility, and other administrative expenses that support the provision of programs and services.
 - NOTE 5 **Administrative Support** include administrative expenses related to finance, communications, capital support and other administrative expenses that support category 3 programs and services.

Grand River Conservation Authority

Report number: GM-10-23-81

Date: October 27, 2023

To: Members of the Grand River Conservation Authority

Subject: Budget 2024 – Draft #1 – Municipal Apportionment

Recommendation:

THAT Report Number GM-10-23-81 – Budget 2024 – Draft #1 – Municipal Apportionment be received as information.

Summary:

The distribution of the proposed 2024 Municipal Apportionment to participating municipalities is attached, based on the first draft of the 2024 Budget.

Report:

Ontario Regulation 402/22: Budget and Apportionment, which came into effect July 1, 2023, details the Conservation Authority (CA) budget process and municipal apportionment methods and requirements. This regulation replaced O.Reg.139/96 Municipal Levies and O.Reg.670/0 Conservation Authority Levies.

Different apportionment methodologies are available depending on the category of expense. General operating expenses are to be apportioned using Modified Current Value Assessment (MCVA). General capital expenses may be apportioned using MCVA or by agreement. Category 1 operating and capital expenses may be apportioned using MCVA or by benefit-based apportionment agreements. Category 2 operating and capital costs are to be apportioned based on the methodology agreed to in the Memorandum of Understanding (MOU). Where Category 3 operating and capital costs are apportioned to municipalities, that calculation may be determined by MCVA, MOU, or benefit-based apportionment agreement.

At the Grand River Conservation Authority, municipal apportionment is allocated to participating municipalities based on Modified Current Value Assessment information in the watershed, which the Ministry of Natural Resources and Forestry (MNRF) provided.

Using the 2023 assessment information provided, the resulting allocation of the proposed 2024 Municipal Apportionment based on the first draft of the 2024 budget is attached. The expenses are categorized separately as General Operating Expenses, Category 1 Operating Expenses, and Category 2 Operating Expenses. Although not all participating municipalities have signed the Category 2 MOU at this point, the MCVA allocation for Category 2 reflects an assumption of agreement by all participating municipalities.

Financial Implications:

The first draft of the 2024 Budget proposes a total municipal apportionment amount of \$13,292,000, representing an increase of \$324,000, or 2.5%, over 2023. After allocating this amount in accordance with O.Reg. 402/22, individual municipalities will experience increases ranging from 1.3% to 7.4% compared to 2023.

Other Department Considerations:

Not Applicable

Prepared by:

Karen Armstrong
Deputy CAO/Secretary-Treasurer

Approved by:

Samantha Lawson
Chief Administrative Officer

INDEPENDENT AUDITOR'S REPORT

To the Members of Grand River Conservation Authority

Opinion

We have audited the financial statements of Grand River Conservation Authority (the "Authority"), which comprise:

- the statement of financial position as at December 31, 2022
- the statement of operations and change in accumulated surplus for the year then ended
- the statement of changes in net financial assets for the year then ended
- the statement of cash flows for the year then ended
- and notes to the financial statements, including a summary of significant accounting policies

(Hereinafter referred to as the "financial statements")

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Authority as at December 31, 2022, and its results of operations, its changes in net financial assets and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our Auditor's report.

We are independent of the Authority in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada and we have fulfilled our other ethical responsibilities in accordance with these requirements.

Page 2

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Authority's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Authority or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Authority's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit.

Page 3

We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Authority's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our Auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our Auditor's report. However, future events or conditions may cause the Authority to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

(see accompanying notes to the financial statements)

GRAND RIVER CONSERVATION AUTHORITY**NOTES TO THE FINANCIAL STATEMENTS****DECEMBER 31, 2022****(1) Summary of Significant Accounting Policies**

The financial statements of Grand River Conservation Authority (the "Authority") are prepared by management in accordance with Canadian generally accepted accounting principles for governments as recommended by the Public Sector Accounting Board ("PSAB") of the Canadian Chartered Professional Accountants. Significant aspects of the accounting policies adopted by the Authority are as follows:

(a) Basis of Accounting

The Authority follows the accrual method of accounting for revenues and expenditures. Revenues are normally recognized in the year in which they are earned and measurable. Expenditures are recognized as they are incurred and measurable as a result of receipt of goods or services and/or the creation of a legal obligation to pay.

(b) Deferred Revenue and Deposits

Balance includes funds that have been advanced to the Authority from government agencies and/or the general public and as at year end the funds have not been expended for the purpose for which they were received. In most instances, service and/or product delivery is anticipated to be performed in the following fiscal period. Typical balances include tree planting cash receipts, rural water quality program funding from municipalities, advance payments on conservation area camping reservations and special projects funding that has been paid in advance of project completion. These amounts will be recognized as revenues in the fiscal year the services are performed.

(c) **Classification of Expenditures**

Expenditures are reported in nine main categories, which follow the format adopted by Conservation Ontario. By following these guidelines, there will be consistency of reporting by all Conservation Authorities in Ontario. These are further explained as follows:

Watershed Management and Monitoring

Watershed Management and Monitoring includes expenditures and revenues for programs which provide the information required to develop appropriate resource management strategies and to identify priority actions to maintain a healthy watershed. Also included are the maintenance and operations of all Flood and Erosion Control Structures and the operations of the Flood Forecasting and Warning system.

Source Protection Program

The Source Protection Program includes expenditures and revenues for the development of a "Drinking Water Source Protection" plan for the Lake Erie Source Protection Region (includes Grand River, Long Point Region, Kettle Creek, and Catfish Creek Conservation Authorities).

Resource Planning

Resource Planning includes expenditures and revenues associated with reviewing official plans, zoning bylaws, development plans and other planning proposals, in accordance with Conservation Authority and Municipal Agreements. It also includes, administration of floodplain regulations and watershed management consulting outside of the Grand River watershed, which is performed on a fee-for-service basis and generates a profit.

Watershed Stewardship

Watershed Stewardship includes those activities associated with providing service and/or assistance to private and public landowners, and community groups on sound environmental practices that will enhance, restore or protect natural heritage features on their properties.

Conservation Land Management

Conservation Land Management includes all expenditures and revenues associated with the acquisition and management of land owned/managed by the Authority. This includes the protection of provincially significant conservation lands, woodlot management, rental/lease agreements and other revenues generated from managing lands and facilities. These expenditures do not include those associated with recreation and education programs on Authority lands.

Recreation and Education

Recreation and Education includes expenditures and revenues associated with delivering recreational and educational programs on Authority lands at a number of active conservation areas and nature centres.

Corporate Services

Corporate services include the costs associated with head office facilities and functions other than technical staff and associated programs.

Information Systems and Motor Pool

Net Information Systems and Motor Pool usage charges includes the support areas that are charged out to other cost centres on an "as used" basis. Information Systems consists of the head office, conservation area and nature centre computer systems. User cost centres incur a charge for their computer use. Motor Pool is the vehicles and equipment that are used for operations and capital projects by other cost centres. When equipment or vehicles are used, the cost centre is charged for the use of the asset.

(d) **Investments**

Investments include term deposits and Federal and Provincial Government bonds in accordance with the investment policy that was approved by the general membership. Investments are carried at the redemption amount adjusted for unamortized purchase premiums or discounts. Premiums and discounts are amortized on an effective-yield basis over the term to maturity. Interest income is recorded as it accrues. When the value of any investment is identified as impaired, the carrying amount is adjusted to the estimated realizable value and any adjustments are included in investment income in the year the impairment is recognized.

(e) **Accounts Receivable**

Accounts Receivable is reported net of any allowance for doubtful accounts.

(f) **Inventory**

Inventory is valued at the lower of cost or replacement cost.

(g) **Interest Allocation**

The Authority follows the policy of consolidating funds on hand for investment purposes. Interest income is generally recognized into income unless the provisions of a relevant agreement or legislation require that the income be restricted, then restricted interest income is recognized in deferred revenue until used for the purpose or purposes specified.

(h) **Use of Estimates**

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of revenue and expenses during the year. Significant items subject to such estimates and assumptions include accrued liabilities, contaminated site liability, contingencies and tangible capital assets. Actual results could differ from estimates.

(i) Tangible Capital Assets

Tangible capital assets are recorded at cost which include amounts that are directly attributable to acquisition, construction, development or betterment of the asset. The cost, less residual value, of the tangible capital assets, excluding land, are amortized in a straight line basis over their estimated useful lives as follows:

Asset	Useful Life - Years
Site Improvements	10 - 50
Buildings	10 - 50
Furniture and Equipment	10 - 15
Motor Pool	5 - 10
Communications and Computer	5
Water Control Structures	20 - 80

Annual amortization is charged in the year of acquisition and in the year of disposal. Assets under construction are not amortized until the asset is available for productive use.

(i) Contributions of tangible capital assets

Tangible capital assets received as contributions are recorded at their fair value at the date of receipt and also are recorded as revenue.

(ii) Natural resources

Natural resources that have not been purchased are not recognized as assets in the financial statements.

(iii) Works of art and cultural and historic assets

Works of art and cultural and historic assets are not recorded as assets in the financial statements.

(j) **Non-Financial Assets**

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the ordinary course of operations.

(k) **Contaminated Sites**

Contaminated sites are defined as the result of contamination being introduced in air, soil, water or sediment of a chemical, organic, or radioactive material or live organism that exceeds an environmental standard.

A liability for remediation of contaminated sites is recognized, net of any expected recoveries, when all of the following criteria are met:

- a) An environmental standard exists
- b) Contamination exceeds the environmental standard
- c) The Authority is directly responsible or accepts responsibility for the liability
- d) Future economic benefits will be given up, and
- e) A reasonable estimate of the liability can be made.

(l) **Employee Future Benefits**

The costs of multi-employer defined contribution pension plan benefits, such as the Ontario Municipal Employees Retirement System ("OMERS") pensions, are the employer's contributions due to the plan in the period.

(2) Investments

Investments include the following amounts:

	2022	2021
Term Deposit maturing within one year Market value at December 31, 2022 - \$1,959,882 (2021 - \$nil)	\$ 2,050,356	\$ -
Term Deposit maturing within one to five years Market value at December 31, 2022 - \$1,975,010 (2021 - \$4,118,788)	2,300,000	4,350,356
GIC maturing within one year (Interest rates vary between 3.4% and 3.5%) Market value at December 31, 2022 - \$6,895,835 (2021 - \$nil)	6,850,532	-
Bonds maturing within one year (Interest rates vary between 2.333% and 3.45%) Market value at December 31, 2022 - \$9,703,959 (2021 - \$1,722,520)	\$9,829,000	1,700,000
Bonds maturing within one to five years (Interest rates vary between 2.597% and 3.3%) Market value at December 31, 2022 - \$18,059,662 (2021 - \$10,559,017)	18,760,000	10,331,000
Bonds maturing within six to ten years (Interest rate is 2.237%) Market Value at December 31, 2022 - \$1,855,390 (2021 - \$2,012,098)	2,000,000	2,000,000

(3) Deferred Revenue

(a) Deferred revenue includes the following amounts:

	2022	2021
Balance, end of year:		
Source Protection Program	\$ 219,740	\$ 407,281
Rural Water Quality Program	972,846	955,949
Water and Erosion Control Infrastructure	197,254	22,070
Canada Emergency Wage Subsidy (Note 3(b))	-	3,157,379
Other Watershed Programs	1,883,874	1,408,998
Cottage Rent	472,554	479,131
Other Miscellaneous	1,066,664	1,088,810
Total Deferred Revenue	\$ 4,812,932	\$ 7,519,618
Balance, beginning of year:		
Source Protection Program	\$ 407,281	\$ 194,481
Rural Water Quality Program	955,949	970,780
Water and Erosion Control Infrastructure	22,070	92,297
Canada Emergency Wage Subsidy (Note 3 (b))	3,157,379	-
Other Watershed Programs	1,408,998	1,583,376
Cottage Rent	479,131	485,114
Other Miscellaneous	1,088,810	775,560
	7,519,618	4,101,608
Grant Contributions	(125,041)	3,030,934
CEWS Contributions	-	3,157,379
Other	2,567,655	2,734,841
Total Contributions Received	2,442,614	8,923,154
CEWS Contributions Used	3,157,379	-
Contributions Used	1,991,921	5,505,144
Total Contributions Used	5,149,300	5,505,144
Balance, end of year	\$ 4,812,932	\$ 7,519,618

(b) The Authority applied for funding through the Canada Emergency Wage Subsidy (CEWS). The Authority received funding totalling \$3,157,379 in 2021 and the amount was recorded as deferred revenue until the year ended December 31, 2021. The Canada Revenue Agency (CRA) through an audit determined that the Authority was not eligible for this subsidy. The subsidy was refunded to the CRA during 2022 in the full amount of \$3,157,379 plus interest charges of \$245,573. During the year, the interest of \$245,573 was expensed in Corporate Services on the statement of operations. The Authority is appealing this assessment and has also requested that interest charges be waived. A final decision by the CRA is pending as at December 31, 2022.

Assets Under Construction

Assets under construction having a value of \$2,809,901 (2021 - \$4,470,527) have not been amortized. Amortization of these assets will commence when the asset is put into service.

Write-down of Tangible Capital Assets

The write-down of tangible capital assets during the year was \$14,450 (2021 - \$16,518).

Gain on Sale of Tangible Capital Assets

During the year, the Authority disposed of three significant properties (land) with a total carrying value of \$25,817. The total proceeds on these sales were \$15,184,309, which resulted in a gain on sale of \$15,158,492.

In 2021, net outflow of cash for proceeds on sale of tangible capital assets of \$178,933 on the Statement of Cashflows represents proceeds of \$75,698 net of demolition costs of \$254,631.

(5) Contaminated Site Liability

The Authority has an estimated liability of \$812,912 as at December 31, 2022 (2021 - \$812,912) for future remediation of two of its properties. During the year, there was no activity or events impacting the liability estimate from prior year. The properties include a former landfill site in the City of Brantford, and a former residential site in the City of Cambridge. The properties were purchased by the Authority in the 1970s under flood control projects. The Ministry of the Environment, Conservation and Parks has requested remediation on the Brantford and Cambridge properties. The estimated future cost of the work at Brantford is based on a detailed remediation plan prepared by a qualified external consultant. Staff have estimated the future cost of remediation for the Cambridge property based on preliminary investigations carried out by an environmental consulting firm.

(6) **2022 Budget**

The budget figures are those adopted at the General Meeting of the Authority held February 25, 2022. The Authority only prepares a budget for the statement of operations, the budget figures in the statement of change in net financial assets has not been provided.

(7) **Commitments**

The Authority is committed under contracts for various infrastructure projects. The amount expected to be incurred in 2023 under contracts is approximately \$3,507,162.

(8) **Contingencies**

The Authority recognizes that liabilities may arise due to certain contract and labour relations matters that were outstanding at year end, in the normal course of business. Legal action may be taken against the Authority for personal injury claims, property damage and other contractual matters. The outcome of these actions is not presently determinable. It is management's opinion that the Authority's insurance coverage and/or accumulated surplus will adequately cover any potential liabilities arising from these matters.

(9) Accumulated Surplus

Accumulated surplus consists of tangible capital asset and other surplus and reserve funds. Details of the reserve funds are as follows:

	2022	2021
Operating		
Property and Liability Insurance	\$ 270,383	\$ 270,383
Building and Mechanical Equipment	1,231,833	1,231,833

Gauges	971,275	905,113
Conservation Area	7,339,262	4,971,802
Land Reserves	22,172,367	6,986,113
Total Capital Reserves	\$ 34,807,910	\$ 17,868,467
Motor Pool		
Motor Pool Equipment Replacement	\$ 1,879,368	\$ 2,162,973
Vehicle Insurance	92,064	89,960
Total Motor Pool Reserves	\$ 1,971,432	\$ 2,252,933
Total Reserves	\$ 48,759,238	\$ 30,121,808

Land reserves represent the net proceeds of land sales and are available for approved projects including purchases of conservation lands within the Watershed in accordance with Authority policies and Provincial Regulations.

(10) Pension and Retirement Benefits

The Authority makes contributions to the Ontario Municipal Employees Retirement System (“OMERS”), which is a multi-employer plan, on behalf of all eligible members of its staff. The plan is a defined benefit plan, which specifies the amount of the retirement benefit to be received by the employees based on the length of service and rates of pay.

Because OMERS is a multi-employer pension plan, any pension plan surpluses or deficits are the joint responsibility of Ontario municipal organizations and their employees. As a result, the Authority does not recognize any share of the OMERS pension surplus or deficit.

The latest available report for the OMERS plan was December 31, 2021. At that time the plan reported a \$3.1 billion actuarial deficit (2020 - \$3.2 billion), based on actuarial liabilities of \$119.3 billion (2020 - \$111.8 billion) and actuarial assets of \$116.2 billion (2020 - \$108.6 billion). Ongoing adequacy of the current contribution rates will need to be monitored and may lead to increased future funding requirements.

In 2022, the Authority’s contribution to OMERS was \$1,204,260 (2021 - \$1,174,248).

(11) Related Entity

The Grand River Conservation Foundation (“the Foundation”) is an independent organization and a Registered Charity that raises funds to finance selected operating and capital expenditures of the Authority. Although the Foundation disburses funds at the discretion of its own Board of Directors, it only funds approved projects of the Authority and the Chair of the Authority is a permanent member of the Foundation Board. The accounts of The Grand River Conservation Foundation are not included in these financial statements.

During 2022, the Foundation contributed \$435,142 (2021 - \$141,534) to fund projects carried out by the Authority. At December 31, 2022, the amount due from the Foundation to the Authority is \$291,227 (2021 - \$129,781). This receivable is included in "Other Receivables" on the Statement of Financial Position.

(12) Public Sector Salary Disclosure

Grand River Conservation Authority is subject to The Public Sector Salary Disclosure Act, 1996. Salaries and benefits that have been paid by the Authority and reported to the Province of Ontario in compliance with this legislation are listed on the Ontario Ministry of Finance website at <https://www.ontario.ca/page/public-sector-salary-disclosure#section-0> or can be provided in an alternate format upon request from the Authority.

2024 Budget Submission

December 6, 2023

Mr. Cyrus Patel
Senior Financial Analyst, Current Budget
71 Main Street West
City of Hamilton, ON L8P 4Y5

Dear Sir,

RE: 2024 Budget, Operating and Capital

As per your request of October 25, 2023, please find a draft 2024 budget request enclosed. The audited financial statement for 2022 will be forwarded as soon as it has been returned.

On your letter dated October 25, 2023 you requested us to maintain an increase of 0% for the year 2024, The Hamilton Beach Rescue Unit is respectfully maintaining a 0% increase as requested in our budget submission. The proposed operating budget for 2024 is outlined in Appendix 'B'.

A capital allotment of \$78,051.00 in addition to an operating budget was granted in 2023. The operating budget was paid in three installments. The 2023 budget is attached as Appendix 'A'. We request a capital allotment of approximately \$78,051.00 for 2023, to be finalized by December 20th, 2023.

Although we did not fully use the 2023 Capital Allotment funding, we respectfully request that the money left over from 2023, be carried over into the 2024 budget funding.

I respectfully ask for your support in moving forward with the 2024 budget and capital allotment.

I believe this meets with the City of Hamilton's expectation for 2024.

Yours truly,

Steve Laing
Treasurer ~ HBRU Inc.

cc. Marcel Cerminara – Senior Financial Analyst RE: Capital Projects
Councillor Matt Francis
Brian McMullen – Acting General Manager Finance & Corporate Services

Contents:

- **Challenges continue for the HFM (Pg 3)**
- **HFM Foot Traffic tells the Story (Pg 4-5)**
- **HFM Vision Report & Actions (Pg 6-7)**
- **2024 HFM Budget: Budget Highlights (Pg 8-9)**
- **Reasons for Optimism in 2024 (Pg 10)**

Challenges Continue for the HFM

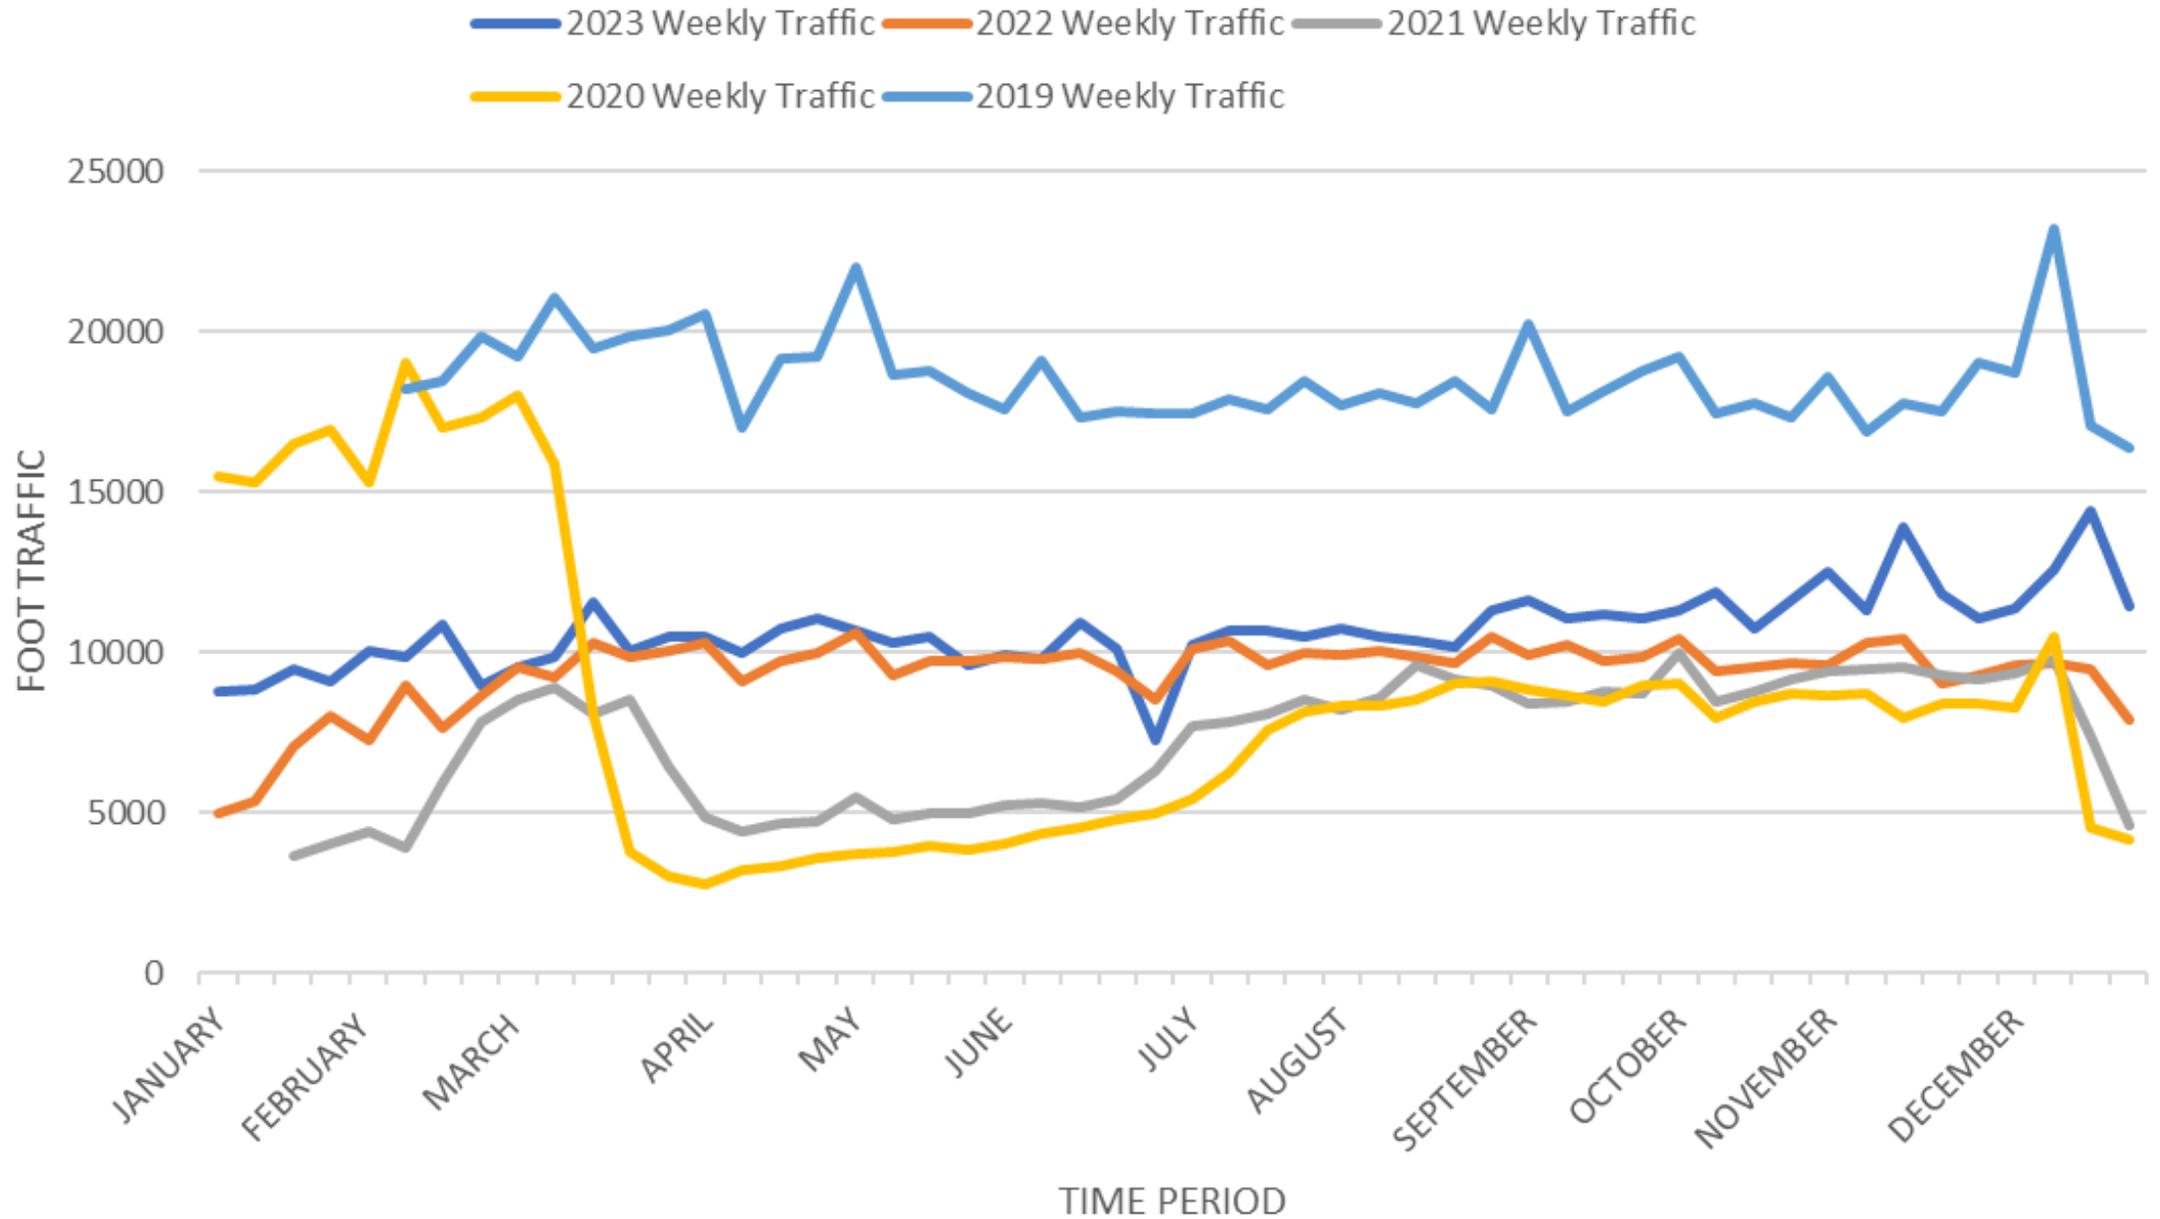

- The aftermath of COVID continues to impose hardships on the Market and its businesses:
- Downtown safety is a growing concern
- Hybrid work schedules have quieted the downtown core and reduced opportunities to rebuild foot traffic
- Foot traffic to the Market through Jackson Square has diminished greatly and is slow to rebound

HFM Foot Traffic Tells the Story

- Weekly Pre-COVID Foot Traffic was 17K - 20K
- March 2020, Weekly Foot Traffic dropped 83% to less than 4K with the onset of COVID
- Each year since has presented continuous improvement to weekly foot traffic counts
- 2023 showed a 13.6% annual improvement over 2022 HFM foot traffic counts
- 2023 annual foot traffic count represents 63% of the Market's pre-COVID annual count (554,648 vs 871,599)
- Moving in the right direction, more work to do

Weekly Customer Visits to the Hamilton Farmers' Market

VISION AND GUIDING PRINCIPLES FOR THE FUTURE OF THE HFM

KEY IMMEDIATE ACTIONS:

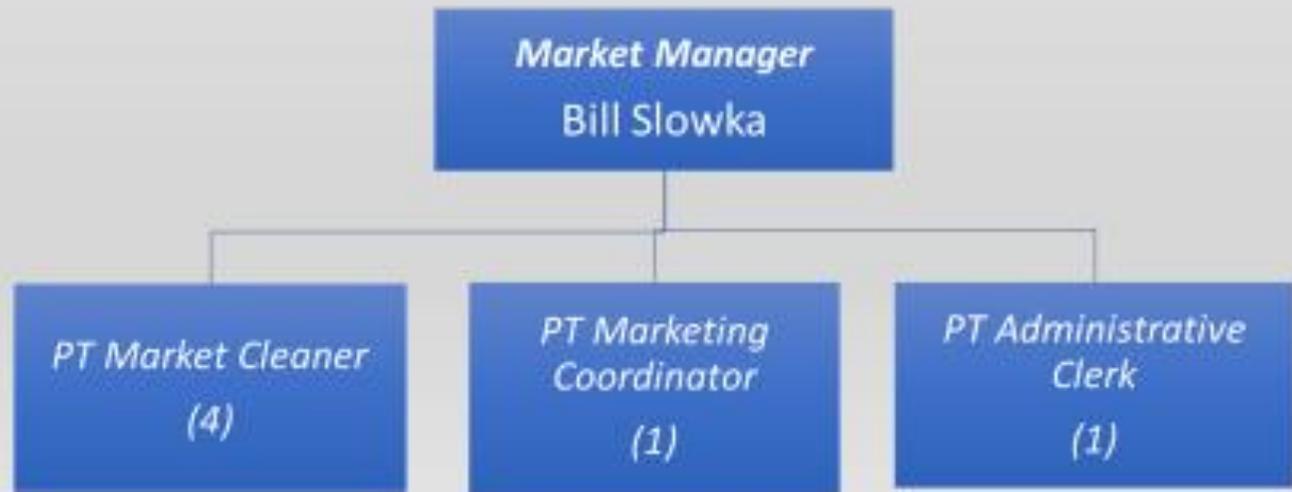

- Undertake design and layout review
- Invest in additional Staffing resources
- Complete governance review
- Create community engagement opportunities

VISION AND GUIDING PRINCIPLES FOR THE FUTURE OF THE HFM

RECOMMENDATION: Investment in Market Staff

1. Provide funding for additional Market Staff in support of Event planning and execution, the Marketing and Supervisory functions

2024 Market Budget Highlights

- The primary source of HFM revenue comes from vendor fees (98% excluding Corporate Sponsorship)
- Total revenues are expected to increase 3.5% due to the momentum experienced in 2023 Q4
- Rogers Communications signed on as a corporate sponsor of the Market for 2022-24 (\$25K) Annual
- Increase to staffing with the addition of the Market Programming Coordinator position (\$49,800 in 2024)
- Budget increase in Marketing & Events programming to \$75K

Reasons for Optimism in 2024

- HFM Vision report has provided guidance and recommendations for clear direction to improvement
- Renewed interest in available stall opportunities in Q4 2023 providing momentum as we enter 2024
- On December 1st, 2023, all stalls on contract for the first time since the onset of the COVID pandemic
- 13.6% increase in 2023 Market foot traffic over 2022
- Working to solidify our corporate sponsor relationship and provide new sponsorship opportunities for others
- Activating York Blvd space at the front of the Market
- Governance review to be concluded in 2024
- New Market Programming Coordinator planned to drive community events and York Blvd space activations

November 23, 2023

Mayor Andrea Horwath and Council
City of Hamilton
71 Main Street West
Hamilton, ON
L8P 4Y5

Dear Mayor Horwath and Council,

Please be advised that at its meeting of October 20, 2023, the Board of Directors of the Niagara Peninsula Conservation Authority adopted the following as Resolution No. FA-104-2023:

*Moved by Board Member Brad Clark
Seconded by Board Member Diana Huson*

THAT Report No. FA-41-23 RE: 2024 Draft Budget and Municipal Levies **BE APPROVED** with weighted and recorded vote on Item 2b. 2024 Draft Municipal Levies.

1. **THAT** Report No. FA-41-23 RE: 2024 Draft Budgets and Municipal Levies **BE RECEIVED**;
2. **THAT** the Board of Directors **CONSIDER** and **APPROVE** the following recommendations:
 - a. **THAT** the 2024 Draft Budgets **BE APPROVED** at the Board of Directors meeting on October 20th, 2023, in accordance with Board-approved Budget Assumptions.
 - b. **THAT** the 2024 Draft Municipal Levies **BE APPROVED** at the Board of Directors meeting on October 20th, 2023, for discussion with municipal staff.
 - c. **THAT** the targeted Land Securement contributions as per the Land Securement Strategy **BE PRESENTED** to municipal partners for their consideration, identified as an item in the Special Levy envelope.
 - d. **THAT** the list of 2024 unfunded budget priorities **BE PROVIDED** to partner municipalities for any future opportunities outside the 2024 budget through collaborative projects or external funding.
 - e. **THAT** NPCA staff **REPORT** the results of discussions with municipal staff to the 2024 Q2 Finance Committee and Board of Directors meetings.

- f. **AND FURTHER THAT** a copy of the 2024 Draft Budgets and Municipal Levies **BE FORWARDED** to partner municipalities in advance of the October 20th, 2023, NPCA Board of Directors meeting and the weighted levy vote.

CARRIED UNANIMOUSLY

Included herewith for reference is a copy of the aforementioned [Report No. FA-41-23](#):

Should you have any questions on this matter, please feel free to contact CAO, Chandra Sharma at csharma@npca.ca or 905-788-3135.

Respectfully,

Robert Foster, Chair, NPCA

Report To: Board of Directors

Subject: 2024 Draft Budgets and Municipal Levies

Report No: FA-41-23

Date: October 20, 2023

Recommendation:

1. **THAT** Report No. FA-41-23 RE: 2024 Draft Budgets and Municipal Levies **BE RECEIVED**;
2. **THAT** the Board of Directors **CONSIDER** and **APPROVE** the following recommendations:
 - a. **THAT** the 2024 Draft Budgets **BE APPROVED** at the Board of Directors meeting on October 20th, 2023, in accordance with Board-approved Budget Assumptions.
 - b. **THAT** the 2024 Draft Municipal Levies **BE APPROVED** at the Board of Directors meeting on October 20th, 2023, for discussion with municipal staff.
 - c. **THAT** the targeted Land Securement contributions as per the Land Securement Strategy **BE PRESENTED** to municipal partners for their consideration, identified as an item in the Special Levy envelope.
 - d. **THAT** the list of 2024 unfunded budget priorities **BE PROVIDED** to partner municipalities for any future opportunities outside the 2024 budget through collaborative projects or external funding.
 - e. **THAT** NPCA staff **REPORT** the results of discussions with municipal staff to the 2024 Q2 Finance Committee and Board of Directors meetings.
 - f. **AND FURTHER THAT** a copy of the 2024 Draft Budgets and Municipal Levies **BE FORWARDED** to partner municipalities in advance of the October 20th, 2023, NPCA Board of Directors meeting and the weighted levy vote.

Purpose:

The purpose of this report is to provide the Board of Directors with:

- 2024 General Levy Apportionment
- 2024 Draft Budgets & Municipal Levies
- 2024 Unfunded Budget Priorities

Background:

In the development of the recommended budget assumptions for the 2024 budget process, Staff has reviewed and considered the following:

- Cost of living adjustments (COLA) and grid step increases
- Inflation (Consumer price index – CPI)
- Multi-year contractual obligations, including OPSEU collective agreement provisions
- Operating and Capital unfunded pressures
- Focus on internal efficiencies
- Strong focus on external grants and full cost accounting for fee-for service programs to offset pressures on municipal levy
- Budget strategies from municipal partners
- General economic outlook and political climate
- Impacts on service delivery
- Asset management, state of good repair for asset base, capital funding gaps, deferred capital projects and building a sustainable capital plan
- Current program gaps and pressures
- Impacts of Conservation Act transition requirements related to the Conservation Authority Act update.
- Updated levy regulations, more specifically Ontario Regulation 402/22: Budget and Apportionment
- Approved Programs and Services Inventory

On September 27, 2023, the Finance Committee endorsed the 2024 Draft Budgets and Municipal Levies for approval by the Board of Directors (Recommendation No FC-16-2023).

Discussion:**2024 Draft Operating Budgets**

Full details of the 2024 Draft Operating Budget are outlined in Appendix 2 and 3. Please note that Appendix 4 represents the 2024 Operating Budgets and Municipal Levies in the CA Act Programs and Services Inventory format.

NPCA's overall 2024 operating budget of \$13,303M is supported by 52.9% (\$7.041M) municipal levy, 41.4% (\$5.51M) self-generated revenue, and 5.7% (753K) other revenues and grants including provincial and federal funding. Overall, the operating volume in this zero-based budget is projected to increase by 3.26% (\$421K). While the operating volume has increased to address gaps and achieve required service levels, overall municipal levy contributions to the overall budget envelope continue a pattern of reduced reliance on the municipal levy:

- 2024 – 52.9%

- 2023 – 53.9%
- 2022 – 58.4%
- 2021 – 63.0%
- 2020 – 64.5%

The key drivers contributing to the 3.26% (levy only 3%) operating increase include COLA provisions in the OPSEU collective agreement of 2.25%, coupled with current inflation levels.

2024 Capital, Special Projects and Land Securement

The 2024 Draft Capital and Special Projects budget represents past backlog and current critical priorities. Further to discussion with Niagara Region municipal staff, and in consideration of current pressures on municipal budgets, Staff is recommending a very conservative Special Levy Budget increase over 2023 for Capital and Special Projects of \$54,735. Other sources of funding represent an additional \$425,952, for a total proposed capital envelope for 2024 of \$2,305,211.

A summary of the 2024 Draft Capital and Special Projects Budget are outlined in Appendix 2 and 3. Please note that Appendix 4 represents the 2024 Operating Budgets and Municipal Levies in the CA Act Programs and Services Inventory format.

In 2023, NPCA requested a special levy contribution to support land securement, in accordance with the provisions of the Board approved Land Securement Strategy (2022-2032). Haldimand County approved a provision of \$13,252, as requested in the 2023 budget cycle. Niagara Region Council approved 50% of the requested contribution (\$250,000), with the residual to be considered with 2024 budgets. NPCA's 2024 budgets include a provision for land securement from each municipality as follows:

- Niagara \$250,000
- Hamilton \$148,039
- Haldimand \$ 13,252

Summary - 2024 Draft Municipal Levy

NPCA has carefully considered levy strategies provided by municipal partners in drafting the 2024 Draft Budgets and Municipal Levies.

The levy apportionment ratios are calculated from assessment data provided by MPAC and further revised based on the Conservation Authority Levies Regulation. 2024 Levy Apportionment Ratios break down as follows:

Municipality	2024 Levy Apportionment	2023 Levy Apportionment	Variance
Haldimand	1.8989%	1.8931%	0.0058%
Hamilton	21.1370%	21.1484%	-0.0114%
Niagara	76.9641%	76.9585%	0.0056%
Total	100.0000%	100.0000%	0.0000%

Additional details are included in Appendix 2 and 3. Please note that Appendix 4 represents the 2024 Operating Budgets and Municipal Levies in the CA Act Programs and Services Inventory format.

2024 Unfunded Budget Priorities

In the last several years, NPCA's ability to undertake both operating special projects and capital investments have been significantly impacted by a lack of financial resources. The following issues contributed in part:

- a) NPCA needs to make significant investments in infrastructural upgrades and staffing resources to safely serve our communities. An Asset Management Plan and Financing Strategy is currently being completed and provide further refinement to the Asset State-of Good Repair Gap and funding requirements
- b) Staff anticipates significant planning and growth pressures in the coming years in the NPCA's jurisdiction requiring NPCA to proactively invest in science and information to support decision making.
- c) Completion of NPCA 10 Year Strategic Plan has identified several gaps and priorities that NPCA must address in the coming years.

- d) Conservation Authority Act update and associated regulations requires several transition priorities to be completed; this includes a significant number of investments in updating conservation areas management plans, Shoreline and coastal resilience technical updates and flood & erosion hazard mitigation projects.

An assessment of current unfunded budget priorities was prioritized by Staff. These initiatives (\$13.340M), classified in 6 categories are detailed in Appendix 2 and 3.

Financial Implications:

NPCA's 2024 Budgets and Municipal Levies have been developed in accordance with the existing levy guidelines of *The Conservation Authorities Act (CAA)*. Conservation Authorities Act regulations specify the programs and services that CA's must provide, requirements for service level agreements with partner municipalities, levy and budgets. Please note that Appendix 4 represents the 2024 Operating Budgets and Municipal Levies in the CA Act Programs and Services Inventory format.

The NPCA is required to prepare annual budgets as part of the fiscal control and financial responsibilities of the organization. The budget is also used in the audit process for evaluation by the external auditing firm. Annual audits are required as per Section 38 of the *Conservation Authorities Act*.

Unfunded budget priorities are currently not included in the 2024 Budget. A diverse range of strategies will be deployed to address these gaps. Staff will investigate external funding sources and liaise with external stakeholders and all levels of governments to look for collaborative opportunities outside the existing budget processes.

2024 DRAFT BUDGETS & MUNICIPAL LEVIES

NPCA BOARD OF DIRECTORS – OCTOBER 20, 2023

2024 KEY HIGHLIGHTS

- 2024 zero-based operating budget - \$13.303M (\$12.883M – 2023) supported by:
 - Municipal levy: 52.9% - \$7.041M (53.9% - 2023)
 - Authority generated revenues: 41.4% - \$5.51M (39.8% - 2023)
 - Other revenues: 5.7% - \$753K (6.3% - 2023)
- Operating volume increased 3.26%, or \$421K - address gaps & achieve required service levels, increases in authority generated activity.
- Reliance on municipal levy reducing (64.5% in 2020 – 52.9% in 2024)
- Increased authority generated revenues (25.2% in 2020 – 41.4% in 2024)
- Key drivers:
 - COLA (*OPSEU collective agreement*) – 2.25% + salary grid/step increases
 - Inflation

Rockway Conservation Area

INTRODUCTION

Ontario's conservation authorities are governed by the Conservation Authorities Act, which is administered by the Ministry of the Environment, Conservation and Forestry (MNR). The *Conservation Authorities Act (CA Act)* was originally enacted in 1946 as conservation authorities began to be established and has undergone amendments since that time.

The Niagara Peninsula Conservation Authority (NPCA) was formed in 1959 under the *Conservation Authorities Act* and is responsible for undertaking a variety of programs and services under the Act. As one of 36 conservation authorities across the Province, the NPCA's mandate is to establish and undertake programs designed to further the conservation, restoration, development, and management of natural resources across the watershed.

NPCA has three participating municipalities: Niagara Region, City of Hamilton, and Haldimand County. Funding is calculated from current value assessment (CVA) data provided by Municipal Property Assessment Corporation (MPAC) and modified by MNR based on *CA Act* Budget and Apportionment Regulation (Reg 402/22). The lower-tier municipalities in Niagara Region work with NPCA through various collaboration initiatives, as appropriate.

About the Niagara Peninsula Conservation Authority

Map of NPCA watershed

The NPCA is a community-based natural resource management agency that protects, enhances, and sustains healthy watersheds. With over 60 years of experience, the NPCA offers watershed programs and services that focus on flood and hazard management, source water protection, ecosystem restoration, community stewardship, and land management. The NPCA manages 41 conservation areas within the Niagara Peninsula watershed held in public trust for recreation, heritage preservation, conservation, and education.

The NPCA's watershed area encompasses 2,424 km², including the entire regional municipality of Niagara and portions of the City of Hamilton (21%) and Haldimand County (25%). Since time immemorial, this area has been the home to Indigenous peoples – a place for sharing, trading, hunting, gathering, stewardship, and friendship. Currently, the watershed supports a population of approximately 475,187 people.

The Niagara Peninsula watershed is a natural treasure of distinct cultural, geological, hydrological, and biological aspects not found elsewhere in North America. It is part of the Carolinian life zone – the most bio-diverse and threatened eco-region in Canada. The Niagara Peninsula watershed boasts approximately 30% natural cover

that provides critical habitat such as forested woodlots, slough forests, alvars, and coastal wetlands that support rich biodiversity, including rare plants and animals. The watershed is uniquely situated between two Great Lakes, with the Niagara River as a boundary shared with the United States of America. As a result, the watershed area includes several notable natural features such as the Niagara Escarpment Biosphere Reserve, the Niagara Falls, Wainfleet Bog, Ball's Falls, Willoughby Marsh, and other significant landforms such as the Fonthill Kame ice contact-delta complex.

The unique micro-climate created by the Niagara Escarpment and rich soils supports one of Ontario's most productive agriculture systems, including vineyards, tender fruit orchards, livestock, and various specialty crops (greenhouses for flowers, vegetables, sod farms, and mushroom farms). These important watershed features provide life-sustaining benefits for all and many opportunities to discover nature and culture.

NPCA by the Numbers

475,187	Residents
242,980	Hectares Watershed Jurisdiction
41	Conservation Areas
2,982	Hectares NPCA Land Holdings
202	Local Waterways
2	Great Lakes
15	Municipalities (Upper and Lower Tier)

1

Healthy and Climate Resilient Watersheds

Improving nature for the betterment of all life across the watershed.

**2**

Supporting Sustainable Growth

Helping to create resilient communities through land-use planning and the use of sustainable technologies to prepare for a changing climate and related environmental challenges.

**3**

Connecting People to Nature

Creating equitable access to greenspace for the health and well-being of people.

**4**

Partner of Choice

Strengthening our relationships with stakeholders, partners, the watershed community, and Indigenous peoples.

**5**

Organizational Excellence

Striving for excellence through high service delivery standards and accountability to the environment and its people.

**6**

Financial Sustainability

Ensuring a financially stable and sustainable organization and continued service-delivery through innovative business models, diverse funding sources, and best practices.

STRATEGIC PLAN

In 2020, the NPCA Board of Directors approved the development of a staff-led process to create a new strategic plan that would guide the NPCA for the next ten years while reflecting its mandate as per the Conservation Authorities Act and fulfilling its significant role within the community.

The plan charts the course for future actions and collective outcomes through six overarching strategic priorities, twenty-one specific goals, and measurable actions. The strategic priorities guide our efforts toward a vision of the Niagara Peninsula watershed with robust nature, thriving agriculture, and resilient urban areas vital to the health and well-being of our residents.

The strategic plan lays the groundwork for guiding strategies for further 10-year direction on programs and services:

- Watershed Resource Management Strategy
- Climate Action Plan
- Conservation Areas Strategy
- Stewardship Outreach, Education Strategy, and Cultural Heritage Strategy
- Marketing and Ecotourism Strategy
- Talent Management Strategy
- Digital Transformation Strategy

The NPCA is committed to undertaking specific goals and actions with its partners and communities to achieve a thriving environment that sustains life for future generations.

St. Johns Conservation Area

NPCA PROGRAMS & SERVICES

Under Ontario Regulation 687/21 Conservation Authority Act, the NPCA programs and services include:

Category 1:

Mandatory programs and services as identified in Ontario Regulation 686/21.

Category 2:

Municipal programs and services provided at the municipality's request. These programs can be funded through government and other agency grants and/or municipal funding under a memorandum of understanding (MOU) or agreement with the municipality.

Category 3:

Other programs and services that an Authority (Board) determines are advisable. These programs can be funded through self-generated revenue, user fees, government and other agency grants, donations, etc. or levy subject to cost apportioning.

Key NPCA Services Areas

Natural Hazard Management

Protecting people and properties from flood, erosion, and other natural hazards.

Watershed Resource Management and Climate Change

Understanding the current conditions, cumulative impacts, and risks to watersheds. Strategies and measures to protect, enhance, and restore watersheds toward creating healthy and climate-resilient watersheds.

Other Watershed-Related Programs

Drinking Water Source Protection, Niagara Remedial Action Plan (RAP), and other projects/programs funded through external funding sources that benefit partners and the watershed.

Conservation Authority Lands and Conservation Areas

Management of 2,982 hectares of land, including 41 conservation areas essential to watershed management, environmental protection, cultural heritage, and recreation.

Enabling Services

Support to NPCA programs, the Board of Directors, member municipalities, and the public to enable NPCA to operate in an accountable, transparent, efficient, and effective manner.

NPCA BUDGET & FUNDING BREAKDOWN

The NPCA's expenditures are focused on programs and services to reduce flood damage, improve water quality, maintain a reliable water supply, protect natural areas and biodiversity, provide environmental education, operate conservation areas and trails, and manage other sensitive environmental lands.

The NPCA has three main sources of revenue:

1. **MUNICIPAL LEVY**
Municipal levy represents 53 percent of the total conservation authority budget.
2. **SELF-GENERATED FUNDS**
41 percent of NPCA's funding comes from fees for services and other sources, such as user fees, educational programs, and planning fees.
3. **OTHER REVENUES AND GOVERNMENT GRANTS**
Make up the balance, roughly 6 percent of total NPCA revenues.

To deliver on our mandate and commitment, the NPCA provides programs and services in the following areas:

- **Natural Hazard Management**
- **Watershed Resource Management and Climate Change**
- **Other Watershed Related Programs**
- **Conservation Authority Lands and Conservation Areas**
- **Enabling Services**

Appendix 1 provides a full description of each of the 35 individual programs and services delivered by the NPCA.

Beamer Memorial Conservation Area

NPCA 2024 BUDGET

In the development of the 2024 budgets, the following issues were considered:

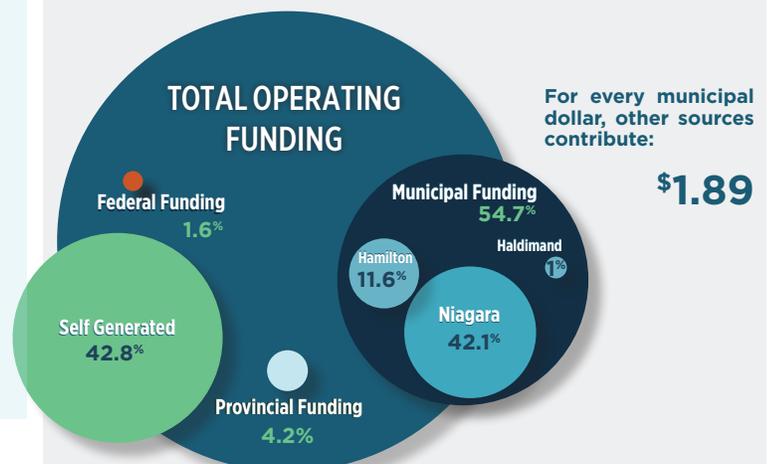

- Cost of living adjustments (COLA) and grid step increases
- Inflation (Consumer price index – CPI)
- Multi-year contractual obligations, including OPSEU collective agreement provisions
- Operating and Capital unfunded pressures
- Operational impact of the ongoing Covid-19 pandemic
- Focus on internal efficiencies
- Strong focus on external grants and full cost accounting for fee-for service programs to offset pressures on municipal levy
- Budget strategies from municipal partners
- General economic outlook and political climate
- Impacts on service delivery
- Asset management, state of good repair for asset base, capital funding gaps, deferred capital projects and building a sustainable capital plan
- Current program gaps and pressures
- Impacts of Conservation Act transition requirements related to the Conservation Authority Act update.
- Updated levy regulations, more specifically Ontario Regulation 402/22: Budget and Apportionment
- Approved Programs and Services Inventory

2024 Draft Operating Budgets

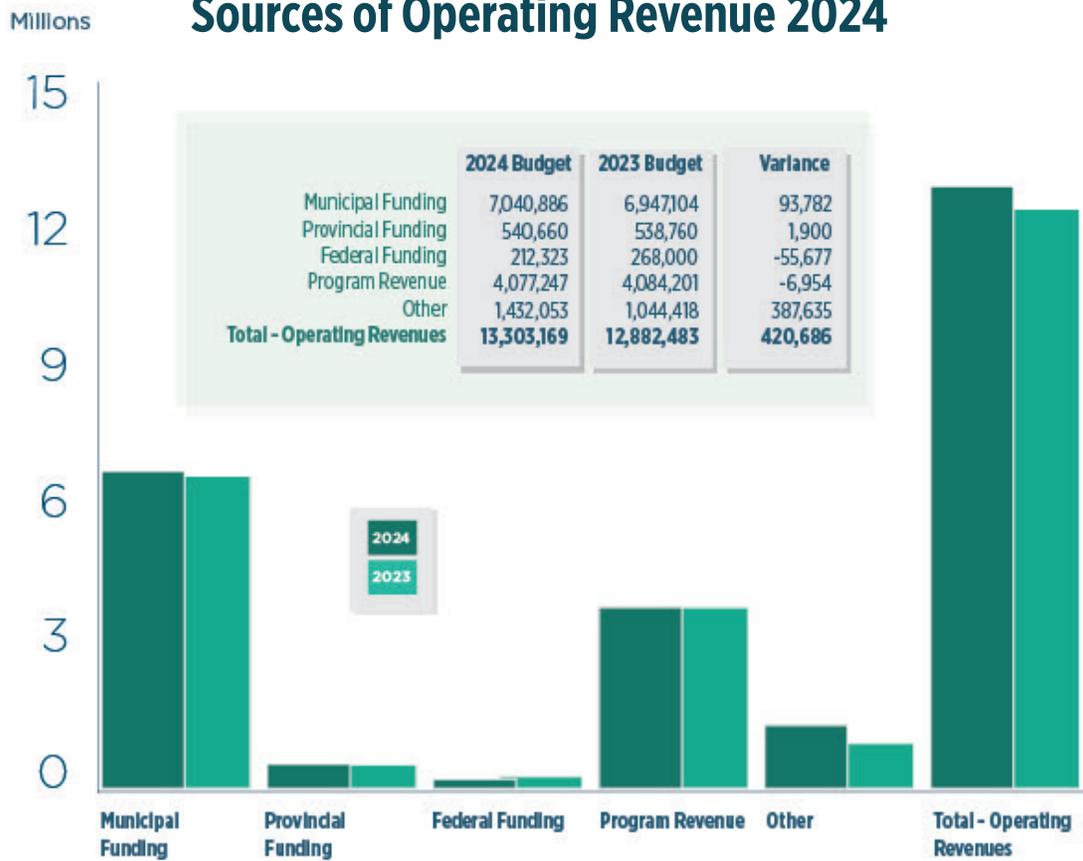

NPCA’s overall 2024 operating budget of \$13.303 million is supported by 52.9% (\$7.041M) municipal levy, 41.4% (\$5.51M) self-generated revenue, and 5.7% (\$753K) other revenues in addition to grants including provincial and federal funding.

Overall, the operating volume in this zero-based budget is projected to increase by 3.26% (\$421K). While the operating volume has increased to address gaps and achieve required service levels, overall municipal levy contributions to the overall budget envelope continue a pattern of reduced reliance on the municipal levy:

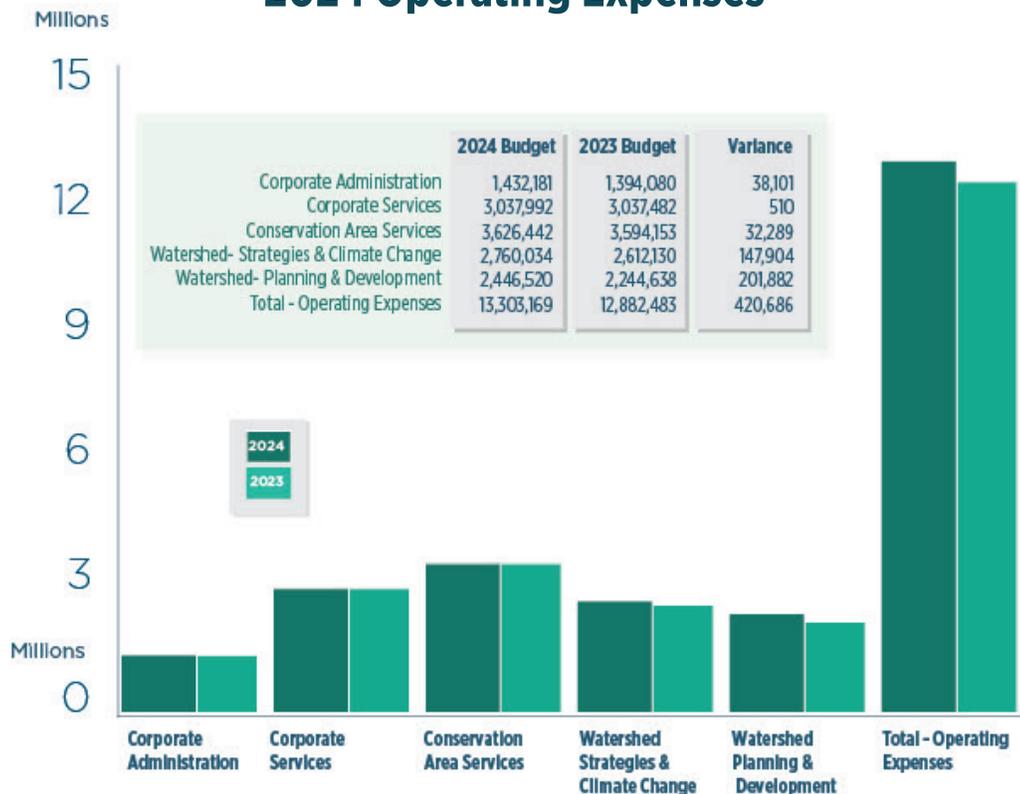

**2024 - 52.9% | 2023 - 53.9% | 2022 - 58.4%
2021 - 63.0% | 2020 - 64.5%.**

Sources of Operating Revenue 2024

2024 Operating Expenses

2024 Municipal Special Levy

The 2024 Draft Capital and Special Projects budget represents past backlog and current critical priorities. Staff is recommending a very conservative Special Levy Budget increase over 2023 for Capital and Special Projects of \$54,735. Other sources of funding represent an additional \$425,952, for a total proposed capital envelope for 2024 of \$2,305,211. Land securement contributions are flat against 2023 ask.

Capital and Special Projects	2023 Budget	2024 Budget
Corporate Administration	54,026	-
Corporate Services	124,259	305,002
Land Operations - Balls Falls	189,089	184,053
Land Operations - Binbrook	64,831	315,520
Land Operations - Chippawa Creek	108,050	-
Land Operations - Long Beach	135,064	315,520
Land Operations - Passive Parks	875,442	762,505
Watershed	467,398	422,611
Total - Capital & Special Projects	2,018,159	2,305,211

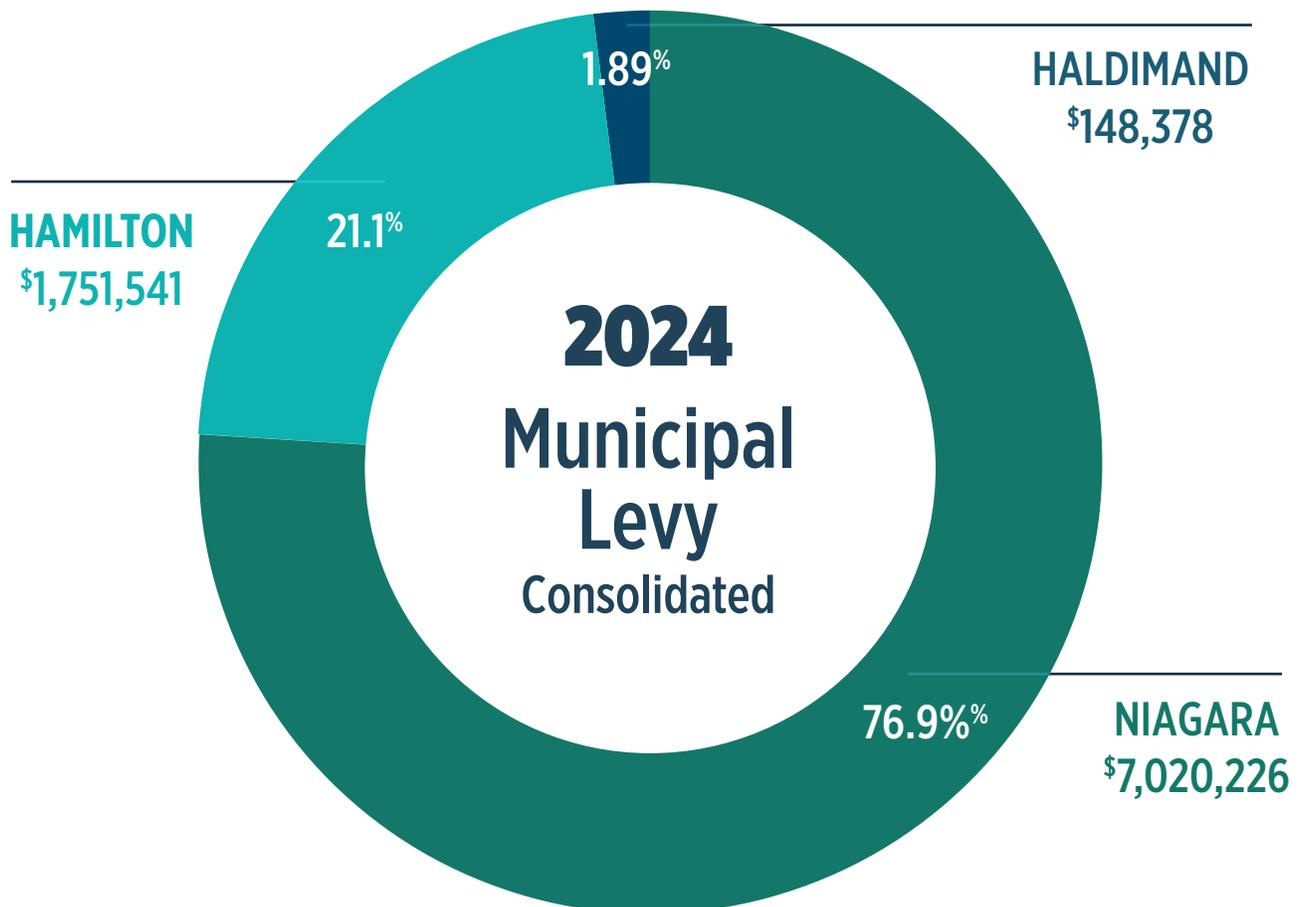

Land Securement	2023 Budget	2024 Budget
Niagara	250,000	250,000
Hamilton	148,039	148,039
Haldimand	13,252	13,252
Total - Land Securement	411,291	411,291

Municipal Funding

The levy apportionment ratios are calculated from assessment data provided by MPAC, and further revised based on the Conservation Authority Levies Regulation.

Consolidated municipal funding for 2024 is \$9,331,436. Levy apportionment based on Current Value Assessment is:

Levy Summary 2024

			Variance	
NIAGARA	2024	2023	Amount	%

TOTAL	9,331,436	9,182,919	148,517	1.62%

2024 Unfunded Priorities (Outside 2024 Proposed Municipal Levy)

In the last several years, NPCA's ability to undertake both operating special projects and capital investments have been significantly impacted by a lack of financial resources. The following issues contributed in part:

NPCA needs to make significant investments in infrastructure upgrades and staffing resources to safely serve our communities. An Asset Management Plan and Financing Strategy is currently being completed and provide further refinement to the Asset State-of Good Repair Gap and funding requirements

Staff anticipates significant planning and growth pressures in the coming years in the NPCA's jurisdiction requiring NPCA to proactively invest in science and information to support decision making.

Completion of NPCA 10 Year Strategic Plan has identified several gaps and priorities such as climate vulnerability and risk mitigation that NPCA must address in the coming years.

Conservation Authority Act update and associated regulations requires several transition priorities to be completed. This includes a substantial number of investment in updating conservation areas management plans.

An assessment of current unfunded pressures was prioritized by staff; these initiatives totaling \$10.19M, classified in six categories are summarized below.

Classification	Niagara	Hamilton	Haldimand	External	TOTAL
Integrated Watershed Strategies	3,010,267	137,391	12,343	-	3,160,000
Natural Hazard Management	575,000	-	-	-	575,000
Planning and Growth Pressures	400,000	-	-	-	400,000
Conservation Authority Act Transition	115,446	31,706	2,848	-	150,000
Corporate Services and Asset Management	792,730	217,711	19,559	-	1,030,000
Corporate Administration	38,482	10,569	949	-	50,000
State of Good Repair (SOGR) / Health and Safety	6,659,469	1,168,913	46,618	100,000	7,975,000
	11,591,394	1,566,289	82,317	100,000	13,340,000

Unfunded pressures are currently not included in the 2024 Budget. A diverse range of strategies will be deployed to address these gaps. Staff will investigate external funding sources and liaise with external stakeholders and all levels of governments to look for collaborative opportunities outside the existing budget processes.

APPENDIX 1

To deliver on our mandate and commitment, the NPCA provides programs and services in the following areas.

Natural Hazard Management

Protecting people and properties from flood, erosion, and other natural hazards. Ontario's long-term prosperity, environmental health and social well-being depend on reducing the potential for public cost or risk to Ontario's residents from natural hazards. Natural hazards include dynamic beach hazard, erosion hazard, flooding hazard, hazardous lands, hazardous sites and low water or drought conditions. The Niagara Peninsula Conservation Authority (NPCA) provides mandatory natural hazard management programs and services to develop an awareness of the areas that are important for the management of natural hazards, such as wetlands and river valleys, understand the risks related to natural hazards and how these risks may be affected by climate change, manage risks including preventing or mitigating those risks, and promote public awareness of the risks related to natural hazards.

Flood and Erosion Management

To better understand the risks of natural hazards on our watersheds, the NPCA collects data, conducts analysis, prepares mapping, and undertakes projects and operations to mitigate those risks. In particular, the NPCA undertakes:

- Flood and erosion risk and mitigation studies
- Floodplain mapping projects
- Projects that support the management and monitoring of riverine erosion
- Operation and maintenance of flood control infrastructure
- Ice management operations

NPCA's floodplain mapping program focuses on preparing regulatory floodplain mapping for areas within the watershed where floodplain information is outdated or incomplete. In 2023, floodplain mapping was completed for the Big Forks Creek and Beaver Creek, and mapping projects were launched for the Coyle and Draper's Creeks, and Oswego Creek. Future mapping projects will focus on the Upper Welland River tributaries. The NPCA actively operates and maintains flood control infrastructure such as the Binbrook Dam (in the City of Hamilton) and the three Shriner's Creek dams (in the City of Niagara Falls). In conjunction with the NPCA's Flood Forecasting and Warning Program, the NPCA monitors and maps the locations of these natural hazards and undertakes to coordinate a response to mitigate the hazard.

Flood Forecasting and Warning

It is the objective of the NPCA to ensure development and infrastructure shall be directed away from areas of natural hazards where there is an unacceptable risk to public health or safety or of property damage, and not create new or aggravate existing hazards. There are areas within the watershed that are prone to flooding where there has been historical development and where there continue to be growth pressures. To help protect existing development located in areas prone to riverine and Great Lakes flooding, the NPCA has an established Flood Forecasting and Warning Program. The objective of this program is to provide the delivery of timely and accurate flood forecasting information to the public, municipalities, first responders, and the media. Should conditions require that the NPCA issue a Flood Warning bulletin, the NPCA posts these messages on the NPCA website, social media platforms, and via email directly to municipalities, first responders, and the media. The NPCA also utilizes the free mobile app 'Alertable' to send messages directly to the public's mobile devices. These flood messages detail the location, magnitude, and duration of a flood event and provide instructions on what actions should be taken. The Flood Warning bulletins that NPCA issues are invaluable to municipal operations and flood response.

The NPCA's Flood Forecasting and Warning Program's Hydrometric Network consists of 19 stream gauge stations, 11 climate stations and 7 snow survey stations. NPCA staff coordinate closely with the Provincial Surface Water Monitoring Center and Environment Canada to understand the long- and short-term weather forecasts and then analyze the impacts on a saturated or arid watershed. NPCA staff also closely follow the Lake Erie and Lake Ontario Operational Forecasts issued by the Canadian Hydrographic Service and the U.S National Oceanic and Atmospheric Administration (NOAA). Both agencies have sophisticated models that predict storm surges and wave actions that have the potential to flood and erode the Great Lakes shoreline within the NPCA's jurisdiction.

Water Resources

The NPCA provide waters resources engineering services related to our legislated mandate to review and comment on proposals made under the Planning Act and other applicable legislation for the purpose of commenting on natural hazard risks and for the review and issuance of development and site alteration permits under O. Reg. 155/06. Technical review services include, but are not limited to, environmental assessment reports, master drainage plans, stormwater management reports, floodplain mapping reports, geotechnical engineering reports, engineering design drawings and other relevant documents as required. Additionally, this service area project manages NPCA watershed studies related to natural hazard management including engineering studies and construction contracts, such as floodplain mapping, shoreline hazard assessments and remediation projects.

The water resource engineering section collaborates with internal staff regarding Planning Act and other legislation processes and applications, and permit applications, and supports the implementation of watershed programs. Engineering design services and advice are also provided to other NPCA departments as part of a multi-discipline team in an effort to conceive, design, and implement NPCA projects and strategic plan priorities.

Shoreline Hazard Management

The NPCA's core mandate is to protect people and property from the impacts of natural hazards such as those found on the shoreline of the Great Lakes, which include flooding, wave effects, dynamic beaches, erosion, and back dune hazards. The first step in understanding the location of the flood hazard is to update the Lake Erie and Lake Ontario Shoreline Hazard mapping. The generation of updated Lake Erie Shoreline hazard maps provides critical information to landowners, developers, and the municipalities regarding the extent of natural hazards along the great lake shorelines. Maintaining updated shoreline hazard mapping and updating the Lake Ontario (2009) and Lake Erie (2010) Management Plans are also required for NPCA to effectively administer its planning and permitting policies and regulation. This work will incorporate the effects of climate change and shoreline resiliency, and more recent studies including the Niagara Region climate change modelling and Haldimand County Lake Erie Shoreline Hazard Mapping and Risk Assessment Study.

Environmental Planning and Policy

As a commenting agency, the NPCA provides input to the review and approval processes for public infrastructure under the Environmental Assessment Act and Planning Act, related to work permit requirements under Section 28 of the Conservation Authorities Act, and natural hazards. The NPCA is also a regulator and issues development and site alteration permits under Section 28 of the Conservation Authorities Act. For proponents for whom NPCA permits are non-binding, such as crown agencies, NPCA may undertake a Voluntary Project Review (VPR) to ensure similar standards of review and evaluation are applied to areas of public interest.

NPCA's pre- and post-submission environmental assessment review and permitting services are extended to public and private proponents on a fee-for-service or contract basis. NPCA's value-added environmental assessment review and consulting services reduce proponent uncertainty and risk. By entering into dedicated service agreements with partner municipalities, and operating on a full cost-recovery model, NPCA is able to maintain and provide dedicated review teams; review teams ensure that high levels of in-house expertise are available such that faster and higher quality service can be provided to all clients.

This program area also ensures that NPCA's planning and permitting policies, procedures and regulatory mapping are maintained and updated as required.

Planning and Permitting

The NPCA is responsible for providing comments on planning applications through the vehicle of an MOU between the Ministry of Natural Resources and Forestry (MNR), and Conservation Authorities in Ontario (January 2001) regarding delegated Provincial responsibility for natural hazards policies in the policy statements issued under the Planning Act, but not including those policies related to hazardous forest types for wildland fire. As such, NPCA is a commenting agency under several pieces of legislation such as the Planning Act, Ontario Building Code, Niagara Escarpment Planning and Development Act, and Aggregates Resources Act. The NPCA is also a regulator and issues development, and site alteration permits under Section 28 of the Conservation Authorities Act. Under Ontario Regulation 155/06 (O. Reg. 155/06), NPCA reviews and approves studies and detailed designs associated with permits for projects approved through the Planning Act and works that only require permits.

While the Planning and Permitting services are identified as mandatory services, NPCA's Planning and Permitting services are extended to public and private proponents on a fee-for-service basis. The NPCA approved a new Planning and Permitting administrative fee schedule in November 2022 and is moving towards operating on a full cost-recovery model to maintain and provide dedicated review teams; review teams ensure that high levels of in-house expertise are available such that faster and higher quality service can be provided to all clients.

Compliance and Enforcement

Section 28 of the Conservation Authorities Act provides for Conservation Authorities to make regulations in the areas under its jurisdiction which includes the regulation of development and interference on, in and around hazards lands such as floodplains, valley land slopes, wetlands and along all watercourses within the watershed. The Niagara Peninsula Conservation Authority is responsible for the administration and enforcement of Ontario Regulation 155/06 pursuant to the Conservation Authorities Act.

The Compliance and Enforcement business unit of the NPCA manages, coordinates, and implements multiple program services in order to fulfill their mandated responsibilities including:

- Receiving, assessing, and responding to complaints regarding potential unauthorized works within NPCA's regulated areas.
- Inspections for concerns pertaining to potential contraventions of the Conservation Authorities Act and Regulation, NPCA development policies or NPCA conditional permits.
- Education for landowners and the public respecting the Conservation Authorities Act and Regulation.
- Resolution of occurrences through negotiated remediation, issuance of permission for unauthorized works would have otherwise been permitted, or issuance of permission for the undertaking of any restoration or remediation works where the works are unauthorized and would not have been permitted.
- Facilitation and coordination with other enforcement bodies such as municipalities and provincial or federal ministries.

Planning and Ecology

The duties carried out by the Planning Ecology department are part of the NPCA's legislated mandate to review and comment on proposals made under the Planning Act and other applicable legislation for the purpose of commenting on natural hazard risks and for the review and issuance of development and site alteration permits under O. Reg. 155/06. Additionally, this service area plays a pivotal role in the protection and conservation of wetlands, watercourses, valleylands, hazard lands, shorelines, and escarpment areas in the NPCA jurisdiction.

The planning ecology program collaborates with internal staff regarding Planning Act and other legislation processes and applications, and permit applications, and supports the implementation of watershed programs. This department works with internal and external clients to maintain, enhance, protect, and conserve the ecological diversity and integrity of the watershed as it relates to natural hazards.

Watershed Resource Management and Climate Change

Ecological Monitoring

Ecological monitoring services contribute to NPCA's Integrated Watershed Monitoring and Reporting Program, which aims to improve our understanding of the current conditions, cumulative impacts, and risks to NPCA's watersheds. The NPCA manages 2,982 ha of land, including 41 conservation areas essential to management, environmental protection, cultural heritage, and recreation. The NPCA has developed several ecological monitoring programs such as Species at Risk, invasive species, wetland monitoring, restoration monitoring and natural resource inventories for its Conservation Areas to assess a variety of management areas.

The NPCA's Ecological Monitoring Program produces technical ecological reports and summaries related to Conservation Area land management and monitoring programs as required. Monitoring and inventory results may also be reported and used to support watershed and subwatershed planning and research initiatives.

Community Engagement and Stewardship

In recent years, increased awareness of the linkages between human health, ecosystem health, and climate impacts has reinforced the need for more targeted environmental action. With municipal growth pressures and climate impacts, there is an increased need for private and public action towards nature conservation and innovative ways to ensure projects and programs related to habitat and climate action are prioritized.

For over two decades, the NPCA has been an environmental stewardship leader, engaging hundreds of volunteers, community members, corporations, and student volunteers in numerous opportunities to connect with nature and improve the environment. For example, community tree plantings and/or pollinator gardens planted on public lands, community-based scientific monitoring, delivery of the Yellow Fish Road™ program to local school children and community groups, environmental education programming (Niagara Children's Water Festival, Niagara Envirothon), and knowledge sharing through outreach events and activities (i.e., handouts, presentations, guided hikes).

Engaging various private landowners, municipal partners, Indigenous communities, non-government organizations, and local businesses on these important stewardship initiatives is one of the ways that NPCA can create meaningful opportunities for people to care for the environment while supporting the reversal of biodiversity loss, water quality improvements, and flood & erosion reduction.

Regulatory Mapping Technical Studies

The NPCA regulates development in the Great Lakes shorelines, riverine valleys, flood plains, hazardous lands, wetlands, and watercourses in accordance with Ontario Regulation 155/06. These regulated areas are either defined in the Conservation Authorities Act and/or described in Provincial Technical Guidelines. In all cases, the comprehensive delineation of regulated areas for mapping purposes requires additional technical study rooted in sound science.

The NPCA's regulatory mapping is an essential tool for decision making by NPCA staff. It also provides important data for municipal Planning Departments, other levels of government and the public in understanding the extent of areas regulated under Ontario Regulation 155/06. Ensuring the information that forms the basis for the regulatory mapping is as accurate as possible is a key objective. The diverse nature of the areas regulated under Ontario Regulation 155/06 requires different approaches and disciplines for each technical study. Experts in the areas of hydraulics, hydrology, ecology, engineering, geoscience, and GIS are usually involved depending on the specific area being mapped.

Natural Asset Management

Natural asset management is being integrated into NPCA's asset management and planning to account for and incorporate natural assets (e.g., forests, wetlands, trails, etc.). The NPCA is also supporting municipal partners in their natural asset initiatives. Nature is being recognized as a valuable infrastructure asset critical for adapting to and mitigating the effects of climate change. Natural or green infrastructure (also called nature-based solutions) are those natural or human-made elements that provide important ecological and hydrological functions using natural processes. Natural asset infrastructure examples include natural heritage features and systems (forests, wetlands, meadows), parklands, stormwater management systems, street trees, urban forests, natural channels, permeable surfaces, and green roofs. Natural assets provide essential services to people and the environment such as carbon uptake, protecting against flood and erosion, supporting biodiversity, providing shade/cooling effects, improving water quality, and many human health and recreational benefits. It is imperative to include nature and other green infrastructure into the traditional asset management planning and processes to ensure that natural assets as well as their ecosystem services are valued and maintained much like capital assets.

Special Projects

From time to time, the NPCA will undertake special projects watershed resource management. Currently, the NPCA participates in the ongoing monitoring and maintenance of the NPCA Expanded Groundwater Monitoring Network, which is in addition to the Provincial Groundwater Monitoring Network. This includes routine inspections of all groundwater monitoring wells and associated equipment as well as annual groundwater quality samples. Additional programs may include water resources data collection or monitoring in areas of interest to the NPCA.

Ecological Restoration

In December 2002, the NPCA Board of Directors approved an 'Enhanced Watershed Restoration and Stewardship Program' that was designed to build and expand upon the historical/current work of NPCA restoration and stewardship programs and initiatives. Through the new program, the NPCA aims to add 600 hectares of natural cover and plant 1 million native trees across the watershed by 2031.

NPCA's ecological restoration services center on three areas:

- Internal Restoration Services is specific to leading restoration initiatives on NPCA-owned or managed lands to improve habitat and ecological function. This service area provides support across the organization on all matters related to ecological restoration, including creating restoration plans to support the development of Conservation Area management plans and watershed strategies to identify priority areas for terrestrial and aquatic habitat restoration.
- Watershed Restoration Services formalizes when the Authority will provide municipal partners and other stakeholders with ecosystem restoration expertise and knowledge. Through service level agreements and/or fee-for-services, the NPCA provides project management services for external ecological restoration projects, plans, and strategies with municipal and private partners, including habitat creation and enhancement projects, Class Environmental Assessment (EA) flood and erosion control projects, and invasive species management.
- An updated version of the existing Private Land Restoration Grant Program will continue the NPCA's long legacy of working with private landowners. The grant categories will be focused on improving habitat, biodiversity, water resources and forest cover.

Water Monitoring (surface and groundwater)

The NPCA is currently developing an Integrated Watershed Monitoring Program that will incorporate the NPCA Water Quality Monitoring Program with NPCA's other monitoring services. The Integrated Watershed Monitoring Program will use a holistic approach with a variety of ecosystem components to assess watershed health and changes over time and space. This robust program will benefit NPCA's partners by generating a variety of environmental monitoring data that can be used by our municipalities to assist with growth area planning, assessing the impacts of climate change and inform watershed planning.

The NPCA Water Quality Monitoring Program, in particular, was implemented to assess ambient surface water and groundwater quality of local watersheds. To accomplish this, the NPCA has developed a network of 80-plus surface water monitoring stations throughout the NPCA watershed. For groundwater, the NPCA operates a monitoring network of 46 wells in locally significant hydrogeological areas. NPCA monitors groundwater levels with datalogging technologies and collects annual water quality samples that are sent to laboratories and analyzed for general chemistry, nutrients, and metals.

The NPCA also monitors the water quality at its Conservation Areas, and these include Chippawa Creek (Dils Lake), Jordan Harbour, Binbrook (Lake Niapenco), Mud Lake, St. John's, Virgil Reservoir, Wainfleet Wetlands and Wainfleet Bog. Surface water grab samples are collected seasonally during the year and analyzed for general chemistry, nutrients, metals, and bacteria.

In addition, the NPCA delivers the Provincial Water Quality Monitoring Program and the Provincial Groundwater Monitoring Network within its watersheds, which is a mandatory program identified by the province.

This program also delivers regular reporting components of water quality information through the release of Annual Water Quality Summary Reports, a Watershed Report Card with Conservation Ontario, and other special studies. The NPCA also provides water quality data when requested. The NPCA's Water Quality Monitoring Program networks make up one of the most comprehensive water quality sampling and analysis programs within the NPCA jurisdiction. This program is highly flexible, allowing for opportunities for special monitoring projects and fees for services where requested.

Climate Change Resilience

Climate change is a critical issue affecting individuals and systems around the world; however, the impacts are noticeable on a local scale. The responsibility to act is collective and requires immediate on-the-ground action at all levels (i.e., personal, organizational, government, etc.). The NPCA, with its role in watershed-based natural resource management, is a key regional agency in implementing local climate change adaptation and mitigation initiatives such as water monitoring, flood forecasting and warning, floodplain mapping, flood infrastructure risk management, ecosystem restoration and stewardship, and land securement.

The NPCA is committed to demonstrating leadership in addressing climate change. In 2019, the NPCA Board of Directors declared a climate change emergency, recognizing the critical need to act on the impacts and effects of climate change across the NPCA watershed. More recently, climate change was identified as a critical priority under the NPCA's 2021-2031 strategic plan and includes numerous climate-related actions across six strategic priorities. The relevant strategic plan's actions are being integrated within the NPCA's Climate Change Action Plan (CCAP), which will guide the implementation of relevant projects and initiatives. The CCAP will provide a roadmap to address future watershed challenges faced by growth and extreme weather impact and supports activities to enable the NPCA in becoming a net-zero organization.

This program includes climate change research to support forecasting, watershed vulnerability and risk assessments, watershed impact assessment, and baseline scenarios using the best available scientific information.

Watershed and Sub-watershed Resources Planning

The watershed and sub-watershed resource planning program facilitates the preparation of studies, analysis, science-based decision-making tools, and recommendations for watershed-based resource management. Integrated watershed management is the process of managing human activities and natural resources on a watershed basis, considering social, economic, and environmental issues, as well as local community interests. Heavily predicated on adaptive management principles, it is a fundamental cycle of natural resources inventory, assessment, and management activities. Watershed and sub-watershed level analysis helps to inform land use planning decisions and resource management recommendations that supports NPAC and partner programs.

This program enables the NPCA to provide watershed planning consulting services to municipalities required to produce watershed and subwatershed plans in the local watershed planning framework and/or conduct the background scientific watershed studies and strategic initiatives supporting the development of integrated watershed management recommendations for the Niagara Watershed. Ultimately the program will help facilitate a common and trusted local technical watershed science knowledge base that all partners and watershed stakeholders can benefit from.

Watershed-Based Resource Management Strategy

The NPCA is required by the province to prepare a Watershed-based Resource Management Strategy. The purpose of the Strategy is to assist NPCA with evolving or enhancing its programs and services to address or manage local watershed triggers, issues, and risks.

The Watershed-based Resource Management Strategy must be completed by December 31, 2024, and will include the following information:

- Guiding principles and objectives that inform the design and delivery of the NPCA's mandatory programs and services.
- Set goals and objectives that inform the design and delivery of NPCA's mandatory programs and services.
- The goals and objectives should directly relate to the scope of the watershed strategy, reflecting category 1 programs and services and, where supported through agreements, category 2 and 3 programs and services.
- A summary of existing technical studies, monitoring programs and other information on the natural resources the authority relies on within its area of jurisdiction or in specific watersheds that directly informs and supports the delivery of the NPCA's mandatory programs and services.
- A review of the NPCA's mandatory programs and services for the purposes of determining if they comply with

the Mandatory Programs and Services regulation through performing an assessment of the effectiveness of the Category 1 programs in addressing the issues and risks in the watershed and identifying actions to address the issues and mitigate the risks and providing a cost estimate for the implementation of those actions (i.e., assessing for gaps).

- The Strategy may include both category 2 and 3 programs and services provided by the CA, where the agreement which provides for the delivery of these programs or services permits the inclusion of these programs or services in the Strategy.
- A process for periodic review and updates to the Strategy by the CA, including procedures to consult with stakeholders and the public during these periodic reviews.

In accordance with Provincial requirements, the Strategy must include the opportunity for a public consultation on the Strategy.

Other Watershed Related Programs

Drinking Source Water Protection

As part of the Clean Water Act, 2006 and its associated Regulations, the NPCA acts as the lead Source Protection Authority for the Niagara Peninsula Source Protection Area. NPCA's responsibilities include:

- Establishing and maintaining the Source Protection Committee.
- Provide administrative, technical and scientific support to the SPC.
- Carry out locally initiated amendments to the applicable assessment report and source protection plan such as for the inclusion of new or changing municipal residential Drinking Water Systems.
- Maintain and make accessible source protection program data to inform local decision-making.
- Monitor source protection plan implementation.
- Prepare annual progress reports for the Minister to report on local progress
- Support municipalities in fulfilling their source protection plan implementation responsibilities, and undertake other functions related to their role including providing advice and technical services to municipal staff, businesses, landowners or other persons about the source protection plan and the overall drinking water source protection program.

Niagara River Remedial Action Plan

The Niagara River Remedial Action Plan (NRRAP) is a special program at the NPCA involving a community-based partnership of various stakeholders working together to improve the Niagara River's water quality and ecosystem health. The NRRAP was first established in 1988 based on commitments of the Canada-U.S. Great Lakes Water Quality Agreement (GLWQA) to restore the biological, chemical, and physical integrity of the waters of Great Lakes. The agreement called for the development and implementation of Remedial Action Plans to identify and address water quality and ecosystem health problems at 43 severely degraded locations (called Areas of Concern) across the Great Lakes basin, including the Niagara River. The NRRAP program further supports meeting the federal and provincial goals of the Canada-Ontario Agreement on Great Lakes Water Quality and Ecosystem Health.

The NPCA has been the lead coordinator of this program with funding support from the Canadian and Ontario governments since 1999. Through relevant funding agreements with federal and provincial ministries, the NPCA is responsible for coordinating local partners (i.e., federal, provincial, and municipal governments, environmental organizations, industry, scientists, non-government organizations, First Nations and Métis communities, and the public) and implementing projects that aim to improve Niagara River's water quality and ecosystem health. NPCA staff provide project management, stakeholder engagement, communications, work planning activities, and administrative support

for the entire Niagara River RAP structure (i.e., committees and technical working groups).

Other Projects/Programs – External Funding

As opportunities arise, the NPCA seeks out external funding to support new projects or programs that benefit partners within the watershed. For example, the Federal Government’s 2 Billion Trees Commitment program seeks to partner with local governments and organizations to plant two billion trees across Canada by 2031 — trees that will capture and store carbon, improve water quality, support biodiversity, and provide other community well-being benefits to support proposed growth in our watershed. In 2022, NPCA secured a \$150,000 capacity building grant under this program to launch our “Trees for All” campaign with an aim to develop a 10-year watershed-wide restoration initiative. By actively seeking out external funding sources, the NPCA is able to supplement and grow existing programs and services and develop new ones to advance innovative research and best practices that strengthen our relationships with partners in delivering services with collective outcomes and impacts.

Conservation Authority Lands and Conservation Areas

Land Acquisition And Disposition

Implementation of NPCA Land Securement Strategy (LSS) and active pursuit of priority parcels for acquisition to support NPCA programs and services. Working with watershed partners to acquire lands that would support municipal strategies and initiatives such as parks, recreation, and trail strategies. Acquisition will also provide greater and more equitable access to greenspace while mitigating impacts from increased visitation. Protecting more greenspace will also support various other programs and initiatives such as restoration, recreation, climate change mitigation, and natural asset management.

1. Land Securement Strategy – implementation of NPCA’s LSS through use of approved criteria and methods with focus on properties within one of six priority areas while also pursuing acquisitions that support the wide range of programs and services offered by NPCA.
2. Landowner Contact Program – implementation of a proactive outreach program to connect with landowners in one of six priority areas or in areas where opportunities arise and will support NPCA programs and services.
3. Acquisition of Properties – completion of related studies (e.g. appraisal, survey, legal, environmental site assessments) and required reports to support acquisition of priority properties.
4. Fundraising – working with staff to implement the Nature For All campaign with land acquisition as one of the four main pillars.
5. Incorporation of LSS and related activities into associated NPCA strategies and plans including: CA Strategy, Land Inventory, Management Plans as well as other programs and services such as restoration and climate change.

The land acquisition and disposition program will also support other NPCA programs and services such as Planning and Development, Restoration, Conservation Areas, and Community Outreach.

Land Management Planning

The NPCA manages 41 Conservation Areas within the Niagara Peninsula watershed and includes forests, wetlands, areas of natural and scientific interest, recreational lands, natural heritage, and cultural sites, and land for flood and erosion control. Each of the 41 properties require management plans to guide their daily management and development to achieve the NPCA mandate while fulfilling the needs of our watershed residents and visitors. Management plans will be informed by the Conservation Areas Strategy that will establish a set of guiding statements and directions to ensure each plan is designed to achieve and enhance the vision, goals, and objectives of NPCA’s conservation area system.

1. Conservation Areas Strategy – development mandated by Provincial legislative changes. This Strategy will provide high level, strategic direction for the long-term management of the NPCA conservation area system. Critical components include goals, objectives, strategic directions, land classification, acquisition criteria, and natural heritage information.
2. Conservation Areas Land Inventory – development mandated by Provincial legislative changes. The Inventory will identify and document baseline data on NPCA land ownership including location, method of acquisition, funding sources, and suitability of lands to meet Provincial housing initiatives. In addition, work will also be

undertaken to secure NPCA title interest in our properties. This includes surveys, title searches, legal work, and GIS expertise.

3. Completion of management plans for priority properties. NPCA is required to complete management plans for all properties owned by the Authority. This also involves comprehensive engagement with all stakeholders and partners in the watershed.
4. General land management program involves effort to ensure NPCA land ownership interests are protected during internal and external projects. Work includes plan review, easements and management agreements, land access, trail management expertise, and participating in capital projects.
5. Developing an Invasive Species Strategy for NPCA properties. This work will also be completed in collaboration with various municipal and NGO partners within the watershed. The focus will be on identifying goals, objectives, and strategic directions as well as priority projects or species focus. Also working with partners to identify roles and responsibilities as well as resource needs to implement the Strategy within the watershed.

NPCA's Land Planning Program will also provide services or guidance to other programs including planning and development, land care, and capital development.

Active Recreation Programs

The NPCA owns 41 conservation areas and 2,946 hectares of property. They currently offer active recreation services at 4 conservation areas that include Ball's Falls, Binbrook, Chippawa Creek, and Long Beach. The recreation services include day use, camping, weddings, events, and facility rentals.

Camping

The NPCA owns and manages 2 campgrounds which are located at Chippawa Creek CA and Long Beach CA. The campgrounds offer day use admission to the park, pavilion rentals and both seasonal and transient camping.

Weddings, Facility Rentals and Special Events

The NPCA has several facilities at active conservation areas that offer facility rentals for family events or corporate bookings. These facilities include pavilions, picnic areas and indoor rooms. The NPCA also has an extensive wedding service at Ball's Falls where they offer 2 facilities for wedding receptions, a bridal suite as well as outdoor and indoor venues for wedding ceremonies.

The NPCA hosts and manages an annual Thanksgiving Festival, which is a Niagara tradition which has been in operation since 1974. The festival offers unique craft and artisan vendors, food and beverage, local farmers market, heritage tours and guided nature hikes.

Education Programs

The NPCA delivers a diverse range of education programs including day or field trips for students in kindergarten to grade 12, as well as overnight camping programs for junior and intermediate students and after-school programs. These programs are delivered primarily at NPCA conservation areas including Ball's Falls, Binbrook and St. Johns Valley Centre. NPCA delivers seasonal environmental and heritage programming based on the unique qualities and features of each conservation area. These educational and recreational programs are designed and delivered to align with Ontario school curriculum and are repeatedly selected by educators across the watershed.

Day Camps

The NPCA delivers day camps at Ball's Falls and St. Johns VC during March Break and Summer Break. Day camps offer children ages five to 11 an opportunity to experience nature in a fun, safe, inclusive way, with daily activities including nature-based play, arts and crafts, recreation and daily hikes and exploration within the conservation area.

Nature School

In 2020 the NPCA developed a full-time Nature School program, receiving designation and BSID from the Ministry of Education. NPCA delivers Nature School on a single-day basis, once per week over the course of the school year. This program is attended by students and families seeking alternative learning opportunities for their children, who are either enrolled in other alternative programs, homeschooled, or are attending public school part-time.

Heritage Programs

Within two of its 41 conservation areas (Ball's Falls and St. Johns VC), the NPCA delivers heritage-based and cultural programming, including day/field trips for students, guided interpretation and tours.

Education Events

The NPCA also delivers educative events within its conservation areas throughout the year and in partnership with community groups and environmental organizations. Each of these events features educational and recreational components, such as guided hikes, programming on sustainable angling, and natural heritage. Programs and events such as these are offered for free or at minimal cost to attendees, creating greater access to greenspace and connecting the community to nature.

Land Care Program (conservation areas)

The land care program is an initiative aimed at ensuring the optimal upkeep and management of conservation areas within the Niagara Peninsula Watershed. The program encompasses a range of activities designed to preserve, enhance, and sustain the natural beauty, recreational opportunities, and overall usability of NPCA's green spaces. These activities include overseeing horticulture work and forestry including grass cutting, trail maintenance and removal of hazards to ensure safety of visitors. It also includes inspection and repairs of all park amenities including bridges, benches, signage, washroom buildings and heritage buildings.

Section 29 Enforcement and Compliance

The NPCA owns and protects 2946 hectares of land, including forests, wetlands, areas of natural and scientific interest, as well as recreational lands. Under the Conservation Authorities Act, conservation authorities are required to conduct conservation and land management of these owned lands. This includes regulations made under Section 29 of the Conservation Authorities Act regarding public use of authority's property by the public.

Conservation Authority staff are effectively trained and designated as Provincial Offences Officers, with the capacity to enforce, ticket and first of all educate conservation area visitors on the important regulations set in place to keep visitors and the environment safe. Some primary regulations include enforcement of open fire rules, time of access and type of use, littering and disposal of waste, as well as enforcing the Highway Traffic Act on conservation area roadways.

Land Lease and Agreement Management

The NPCA owns 41 conservation areas and 2946 hectares of property. They currently have land use agreements at 6 conservation areas. NPCA staff collaborate with these involved parties to ensure the effective implementation of these agreements and the delivery of services to the utmost of their capabilities.

Enabling Services

Corporate Services

Corporate services are a broad range of specialized support functions and administrative tasks that NPCA requires to operate efficiently and effectively. These services are essential for managing various aspects of NPCA's operations, compliance, and overall well-being.

The primary goal of corporate services is to enable the core business functions to operate smoothly, efficiently, and in compliance with all relevant regulations while supporting the overall strategic objectives of the company.

Corporate services include but are not limited to:

- **Finance and Accounting:** handles financial planning, budgeting, bookkeeping, tax management, financial reporting, auditing, and treasury functions, ensuring NPCA's financial health and compliance with financial regulations.

- **Facilities' Management:** oversees the maintenance and management of physical office spaces, including building security, utilities, janitorial services, and workspace optimization.
- **Compliance and Regulatory Affairs:** ensures that NPCA adheres to all relevant laws, regulations, and industry standards as well as ongoing monitoring of changes in regulations and implementation of necessary adjustments to stay compliant.
- **Risk Management:** Risk management teams identify, assess, and mitigate various risks that could impact the organization, such as financial risks, operational risks, and strategic risks.
- **Corporate Social Responsibility (CSR):** CSR departments focus on the company's ethical and social responsibilities, including sustainability initiatives, community engagement, and philanthropic efforts.
- **Administrative Support:** Administrative functions encompass tasks like office administration, reception services, document management, and travel coordination.

Financial Services

Financial Services encompasses a wide range of activities and strategies aimed at managing NPCA's financial resources efficiently and effectively. Effective corporate financial management is essential for NPCA's growth and sustainability. It requires a deep understanding of financial markets, risk management, and strategic decision-making to optimize financial resources and achieve long-term financial success.

Financial Services include:

- **Capital Budgeting:** evaluating investment opportunities and deciding which projects or assets to invest in. This process aims to allocate financial resources to projects that are expected to generate the highest returns and add value.
- **Working Capital Management:** Efficient management of current assets (such as cash, accounts receivable, and inventory) and current liabilities (such as accounts payable) is essential to ensure that NPCA has enough liquidity to meet its short-term financial obligations.
- **Financial Planning and Forecasting:** NPCA engages in financial planning by creating budgets and financial forecasts. These tools set financial goals, monitor performance, and make necessary adjustments to achieve objectives.
- **Financial Reporting and Analysis:** Analyzing financial statements and financial ratios is crucial to assess NPCA's financial performance, profitability, and financial health.
- **Regulatory Compliance:** NPCA must adhere to financial regulations and reporting standards. The Financial Services team ensures compliance with accounting principles and regulatory requirements.

People and Performance

Organizational Structure: Works with senior leadership team to determine an appropriate organizational structure to meet the organization's current and future needs. Consideration is given to the goals and objects of the Authority, considering potential for changes within legislative framework as well as organizational growth.

Talent Acquisition: Works with appropriate managers and directors to design and update job descriptions including identification of required qualifications. The Human Resources team will additionally identify and use appropriate strategies to attract, source and hire the right talent for the organization including job posting, interviews and selection criteria and a smooth and welcoming onboarding for the successful candidate.

Employee and Labour Relations: This team acts as a bridge between employees and management and between management and the union, coaching managers, and mediating conflict where necessary. Responsible for advising on interpretation and application of the collective agreement, human resources additionally lead the collective bargaining process, grievance process and arbitrations ensuring compliance with legal requirements.

Compensation and Benefits: Human Resources maintains the Human Resources Information System (HRIS) which stores employee data and records. This includes setting up payroll, payroll codes, dealing with pay discrepancies, processing compensation increases and records of employment. Human Resources is responsible for conducting salary and benefit reviews to ensure competitive compensation and facilitates the job evaluation process. This team also administers and manages the corporate health care benefits and pension plan.

Performance Management: Human Resources establishes, implements, and coaches leaders on the performance management process including goal setting, performance evaluations, performance coaching and management to ensure staff have the resources, training, and meaningful feedback to achieve elevated levels of performance.

Training and Development: Responsible for identifying training needs, organizing corporate training, and coordinating employee development programs to enhance skills and knowledge. The HR team also works closely with the senior leadership team to develop, support, and guide the succession planning program.

Health, Safety and Wellness: Ensuring the health, safety, and well-being of staff in the workplace is a prime responsibility of the Human Resources team. Participation on the health and safety committee and ensuring compliance with various regulations and standards through policy development, implementation and ensuring organizational adherence is necessary to protect both staff and the organization. Supporting employee wellness through participation in various wellness initiatives, promoting work-life balance and ensuring support is available for employee's emotional and mental well-being is essential to promote employee satisfaction and retention.

Employee Engagement & Organizational Culture: Human Resources supports the facilitation of various engagement initiatives and has a pulse on the organizational climate. Through the design and implementation of employee surveys, HR works with the senior leadership team to develop and implement plans to increase employee morale, job satisfaction, engagement, and retention.

Strategic Planning: HR plays a strategic role in workforce planning, aligning HR strategies with the organizational goals and ensuring the workforce is positioned to meet future challenges as well as ensuring risk management through anticipating potential organizational workforce challenges.

Information Management and Technology, GIS

Information Technology (IT) services include managing NPCA's hardware, software, networks, cybersecurity, data storage, IT support for employees and Geographic Information Systems (GIS) within NPCA business environments. IT is crucial for maintaining a secure and efficient digital infrastructure.

Roles, responsibilities, and functions:

- **Hardware and Software Support:** provide technical support for NPCA's hardware (computers, servers, printers, etc.) and software (operating systems, applications, etc.). This includes installation, maintenance, troubleshooting, and repairs.
- **Network Management:** oversee NPCA's computer networks, including maintenance of the network infrastructure, ensuring data connectivity, and managing network security.
- **Cybersecurity:** protect the organization's digital assets from cyber threats. This involves implementing security measures, monitoring for vulnerabilities, and responding to security incidents.
- **Data Management:** manage data storage, backup, and recovery, ensuring that data is properly stored and can be retrieved in the event of data loss or system failure.
- **Server and Data Center Management:** manage NPCA's servers and data centers, ensuring the availability, performance, and reliability of these critical resources.
- **User Support:** provide technical assistance to end users within the organization. This includes resolving issues, answering questions, and providing training on technology use.

- **Technology Procurement:** selection and procurement of IT equipment, software, and services. This involves evaluating technology options, negotiating contracts, and managing vendor relationships.
- **IT Strategy and Planning:** work closely with NPCA's leadership to align technology initiatives with the overall business strategy. Plan for future technology needs and ensure that IT investments support corporate strategic objectives.
- **Compliance and Regulatory Requirements:** responsible for ensuring that NPCA complies with relevant laws and regulations regarding data privacy, security, and technology use.
- **Disaster Recovery and Business Continuity:** develop and maintain plans to ensure that NPCA can recover from technology-related disasters and continue operations with minimal disruption.
- **Project Management:** manage technology-related projects, such as system upgrades, migrations, and implementations.
- **Budget Management:** responsible for managing the IT budget, which includes allocating funds for equipment, software licenses, staff salaries, and ongoing maintenance.
- **Documentation:** Maintaining thorough documentation of NPCA's IT systems, configuration, and procedures.
- **Training and Knowledge Sharing:** provide training to employees on technology best practices and promote knowledge sharing within the organization.

Communications, Marketing and Public Relations

The Department of Strategic Business Planning and Public Relations is an interdepartmental and enabling service provider that partners with almost every NPCA department to ensure that the public and key stakeholders are aware, educated and engaged with our products, programs, and services, as well as our policies, procedures, and governance. Our goal is to create high-quality and compelling marketing, communications, media and public relations, and community engagement solutions that strongly support and bring to life NPCA's strategic plan and brand to enhance its reputation.

The Department of Strategic Business Planning and Public Relations is a small, but mighty and diverse group of experienced communicators, marketers, designers, and public engagement practitioners that work collaboratively across NPCA departments to help advance organizational priorities through effective strategies and tactics. The team also provides brand management expertise and invaluable institutional knowledge gained from working with teams across the organization. We collaborate with departments, key stakeholders, and the community to support NPCA's strategic goals, objectives, and initiatives.

Corporate Administration and Governance

NPCA Governance Support: Provide guidance, advice, recommendations, support and reports to the Board of Directors and advisory boards to ensure that decisions are based on accurate and timely information. Translate Board direction into responsive, effective policies and procedures for approval by the Board, and oversee the implementation of approved policies and procedures. Establish and sustain relationships with the Board of Directors, government agencies and stakeholders and providing strategic oversight for watershed management, environmental programs, and Conservation Authority properties.

Strategic Corporate Leadership: Create a culture of collaboration, communication, accountability, and transparency for internal and external stakeholders. Working closely with staff, stakeholders and elected officials in the planning and execution of a strategic vision and collaborating with all levels of government, non-government organizations, community groups, and individuals to promote the goals and objectives of NPCA's Strategic Plan, Conservation Authority legislation and good governance. Evaluate, coach and mentor staff.

Business Planning, Fiscal Responsibility, and Operational Leadership: Provide Business and Budget Planning Leadership as a Secretary-Treasurer as per Conservation Authorities Act. Management, update, and implementation of

NPCA's Administration by-laws and Policies according to the Conservation Authorities Act. Overseeing recruitment, performance management, succession planning and professional development in accordance with the Authority's Policies and Procedures or as delegated by the Board. Leading NPCA staff in accordance with the NPCA Strategic Mission and Vision, ensuring annual performance objectives are established, and performance appraisals are completed.

Corporate Support

Corporate Support consists of fleet and facilities management, corporate procurement, contract management, administration of corporate credit card program and risk management.

Key aspects and functions include:

- **Procurement and Supply Chain Management:** these services focus on sourcing materials, negotiating supplier contracts, inventory management, and optimizing the supply chain to reduce costs and ensure a smooth flow of goods and services.
- **Facilities Management:** Facilities management oversees the physical workspace and infrastructure. It includes maintenance, safety and security, space planning, and environmental sustainability efforts.
- **Risk Management:** Risk management identifies, assesses, and mitigates risks that could affect the organization. This business unit handles insurance, business continuity planning, and safety programs.
- **Contract Management:** Contract management is the process of creating, organizing, and overseeing contracts between NPCA and its suppliers, customers, partners, or other stakeholders. It involves various stages, from contract creation and negotiation to execution, monitoring, and, eventually, contract renewal or termination.

Asset Management, Capital Projects & Land Asset Coordinator

In an effort to efficiently and effectively manage the NPCA's assets, the NPCA is currently implementing a Strategic Asset Management Plan which utilizes specialized software and equipment to document and inventory Asset Classes such as: Land, Land Improvements (e.g. roads, bridges), Buildings, Water Control Infrastructure, Gauge Stations, Equipment, and Vehicles.

The Strategic Asset Management Plan will also include a framework, guiding principles, goals, and methodology for the acquisition, use, control, protection, maintenance, and disposal of assets.

The NPCA is implementing a long-term Capital Plan to strategically plan and implement new and expanded flood and conservation land infrastructure in an efficient and cost-effective manner.

Vehicles and Equipment

Fleet management consists of overseeing and controlling NPCA's vehicle fleet to ensure efficient and cost-effective operations.

Key aspects and functions of fleet management include:

- **Acquisition and Procurement:** selection and acquisition of vehicles suitable to meet NPCA's operational needs, including considerations like vehicle type, size, fuel efficiency, and any specialized features required.
- **Vehicle Maintenance:** Regular maintenance and repairs are crucial to keep the fleet running smoothly and safely. Maintenance includes: scheduling maintenance services, tracking vehicle maintenance histories, and ensuring that all vehicles are in good working condition.
- **Fuel Management:** Managing fuel costs is a significant component of fleet management. This involves monitoring fuel consumption, fuel economy, and fuel card management. Efforts are made to reduce fuel expenses through efficient driving practices and vehicle selection.

- **Compliance and Regulatory Management:** ensure that vehicles and drivers comply with relevant regulations, such as safety regulations, emissions standards, and hours of service requirements.
- **Asset Lifecycle Management:** Decisions about when to retire or replace vehicles are made based on factors like depreciation, maintenance costs, and fuel efficiency. Fleet management involves planning for the acquisition of new vehicles and the disposal of old ones.
- **Data Analysis and Reporting:** involves collecting and analyzing data related to vehicle performance and overall fleet operations. This data is used to make informed decisions and implement improvements.
- **Environmental Impact:** Reducing the environmental impact of the fleet is a growing concern. Fleet management involves implementing strategies to reduce emissions, such as adopting electric or hybrid vehicles.

TOTAL	16,019,671	15,600,642	419,029

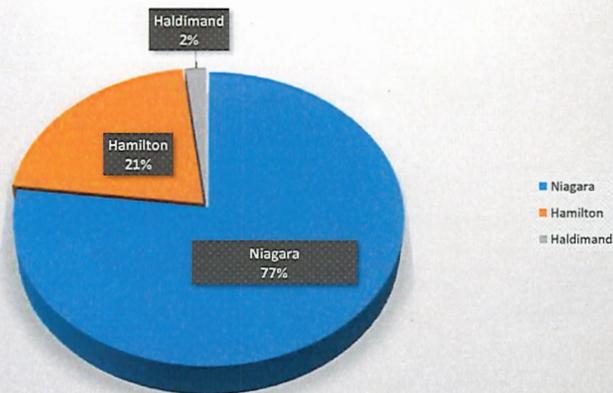

2024 MUNICIPAL LEVY SUMMARY

Levy Apportionment - 2024

The levy apportionment ratios are calculated from assessment data provided by MPAC, and further revised based on the Conservation Authority Levies Regulation.

Municipality	% in CA	Municipal Population	Municipal Population in CA	Prior Year CVA in CA	2024 Levy Apportionment	2023 Levy Apportionment	Variance
Haldimand	25%	41,896	10,348	\$1.862B	1.8989%	1.8931%	0.0058%
Hamilton	21%	449,119	94,764	\$20.730B	21.1370%	21.1484%	-0.0114%

INDEPENDENT AUDITOR'S REPORT

To the Board of Niagara Peninsula Conservation Authority

Opinion

We have audited the financial statements of Niagara Peninsula Conservation Authority (the Entity), which comprise:

- the statement of financial position as at December 31, 2022
- the statement of operations and accumulated surplus for the year then ended
- the statement of changes in net financial assets for the year then ended
- the statement of cash flows for the year then ended
- and notes to the financial statements, including a summary of significant accounting policies

(Hereinafter referred to as the “financial statements”)

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Entity as at December 31, 2022, and its results of operations, its changes in net financial assets and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the “**Auditor's Responsibilities for the Audit of the Financial Statements**” section of our report.

We are independent of the Entity in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada and we have fulfilled our other responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Entity's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Entity or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Entity's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represents the underlying transactions and events in a manner that achieves fair presentation.
- Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

NIAGARA PENINSULA CONSERVATION AUTHORITY

Notes to Financial Statements

Year ended December 31, 2022

The Niagara Peninsula Conservation Authority (“the Authority”) is established under The Conservation Authorities Act of Ontario to further the conservation, restoration, development and management of natural resources within the watershed boundary established for the Authority.

1. Significant accounting policies:

The financial statements of Niagara Peninsula Conservation Authority (the “Authority”) are prepared by management in accordance with Public Sector Accounting Standards (“PSAS”). Significant accounting policies adopted by the Authority are as follows:

(a) Basis of accounting:

Revenues and expenses are reported on the accrual basis of accounting. Revenues are recognized in the year in which they are earned and measurable. Expenses are recognized as they are incurred and measurable as a result of receipt of goods or services and the creation of a legal obligation to pay.

(b) Cash and cash equivalents:

Cash and cash equivalents include cash on hand, balances with banks and guaranteed investment certificates that mature within three months.

(c) Investments:

Investments consist of term deposits and are recorded at amortized cost. Investments held by the Authority have a market value that approximates cost given their fixed interest rate nature and maturity date within one year. When there has been a loss in value that is other than a temporary decline in value, the respective investment is written down to recognize the loss. Investment income earned on investments are reported as revenue in the period earned.

(d) Deferred revenue:

Deferred revenues represent government transfers and user fees which have been collected but for which related expenses or related services have yet to be performed. These amounts will be recognized as revenues in the fiscal year the services are performed.

(e) Non-financial assets:

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. Tangible capital assets have useful lives extending beyond the current year and are not intended for sale in the ordinary course of operations.

NIAGARA PENINSULA CONSERVATION AUTHORITY

Notes to Financial Statements (continued)

Year ended December 31, 2022

1 . Significant accounting policies (continued):

(e) Non-financial assets (continued):

(i) Tangible capital assets:

Tangible capital assets are recorded at cost. Cost includes all directly attributable expenses in the acquisition, construction, development and/or betterment of the asset. The Authority does not capitalize interest costs associated with the acquisition or construction of tangible capital assets.

Cost, less residual value of tangible capital assets are amortized on a straight line basis over their estimated useful life. Land is considered to have an infinite life without amortization. Full year amortization is charged in the year of acquisition. Work-in-progress assets are not amortized until the asset is available for productive use.

Amortization is based on the following classifications and useful lives:

Asset	Useful Life - Years
Land Improvements	20 years
Buildings	30 years
Dams	15 to 100 years
Gauge stations	15 to 30 years
Equipment	10 years
Vehicles	5 years
Office Equipment	5 years

Contributed tangible capital assets are capitalized at their estimated fair value upon acquisition and recognized as revenue in the year of contribution.

NIAGARA PENINSULA CONSERVATION AUTHORITY

Notes to Financial Statements (continued)

Year ended December 31, 2022

1. Significant accounting policies (continued):

(f) Revenue recognition:

i) Government transfers

Government transfers are recognized as revenue in the financial statements when the transfer is authorized, any eligibility criteria are met and a reasonable estimate of the amount can be made except when, and to the extent that, stipulations by the transferor give rise to an obligation that meet the definition of a liability. Government transfers that meet the definition of a liability are recognized as revenue as the liability is extinguished.

ii) Municipal levies

Municipal levies are recognized as revenue in the year in which they meet the definition of an asset, the levy is authorized and the levy event has occurred.

iii) Authority generated

User fees, sales and admissions and other income is reported as revenue in the period earned.

(g) Employee future benefits:

The Authority provides certain employee benefits which will require funding in future periods. These benefits include extended health and dental benefits for early retirees to age 65. The employee future benefits represent management's best estimates of the cost of premiums on benefits up to the date of retirement.

(h) Use of estimates:

The preparation of financial statements in accordance with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the period. Actual results could differ from management's best estimates as additional information becomes available in future. Significant estimates include assumptions used in the estimation of employee future benefits.

NIAGARA PENINSULA CONSERVATION AUTHORITY

Notes to Financial Statements (continued)

Year ended December 31, 2022

2. Employee future benefits:

The Authority provides extended life, health and dental benefits to a closed group of early retirees to age 65 which will require funding in future periods. The Authority recognizes these retirement benefit costs in the period in which the service is rendered. The accrued benefit liability at December 31, 2022 was estimated by management to be \$103,300 (2021 - \$95,500). Information about the Authority's benefit plan is as follows:

	2022	2021
Accrued benefit obligation:		
Balance, beginning of year	\$ 95,500	\$ 74,200
Current benefit cost	14,083	28,672
Benefits paid	(6,283)	(7,372)
Accrued benefit obligation, end of year	\$ 103,300	\$ 95,500

3. Deferred revenue:

Deferred revenues consist of the following:

	Balance at December 31, 2021	Externally restricted inflows	Revenue earned	Balance at December 31, 2022
User fees and other	\$ 274,785	\$ 285,732	\$ (214,699)	\$ 345,818

NIAGARA PENINSULA CONSERVATION AUTHORITY

Notes to Financial Statements (continued)

Year ended December 31, 2022

4. Tangible capital assets (continued):—

	Net Book Value December 31, 2021	Net Book Value December 31, 2022
Land	\$ 9,982,909	\$10,831,810
Land improvements	3,001,325	4,300,301
Buildings	4,304,746	4,119,348
Dams	3,244,422	3,279,719
Gauge stations	139,170	120,161
Equipment	1,644,123	2,705,023
Vehicles	—	—
Office equipment	223,315	375,025
Work-in-progress	1,672,861	1,186,311
Total	\$24,212,871	\$26,917,698

Work-in-process, having a value of \$1,186,311 (2021 - \$1,672,861) has not been amortized. Amortization of these assets will commence when the asset is put into service.

Contributed tangible capital assets have been recognized at fair value at the date of contribution. The fair value of contributed assets received during the year is \$nil (2021 - \$nil). Tangible capital assets recognized at nominal value include land used in the operations and conservation management. There were no amounts recognized at nominal value during the year or 2022.

During the year, the Authority disposed of assets in the normal course of operations, recognizing a gain on disposal of \$43,368 (2021 - \$37,445).

5. Accumulated surplus:

Accumulated surplus consists of the following:

	2022	2021
Invested in tangible capital assets	\$26,917,698	\$24,212,871
Reserves set aside by the Board of the Authority for specific purpose	3,719,769	5,113,389
Unfunded employee future benefits liability	(103,300)	(95,500)
	\$30,534,167	\$29,230,760

NIAGARA PENINSULA CONSERVATION AUTHORITY

Notes to Financial Statements (continued)

Year ended December 31, 2022

5. Accumulated surplus (continued):

Reserves set aside by the Board of the Authority for specific purpose consists of the following:

	2022	2021
General capital	\$ 606,012	\$ 715,886
Operating reserve	1,158,096	1,536,894
Flood protection	255,390	253,268
Levy differential	32,632	32,361
Land acquisitions	1,365,361	2,195,865
Restoration	302,278	299,766
Tree by-law	-	79,349
	\$ 3,719,769	\$ 5,113,389

6. Credit facility:

The Authority's credit facility includes an overdraft lending account of \$765,000 bearing interest at prime. As at December 31, 2022, \$nil (2021 - \$nil) was drawn on this facility. As at December 31, 2022, \$11,667 (2021 - \$23,333) was issued by way of a letter of credit to a municipality for which the Authority receives levies in exchange for construction work on-going within the municipal boundaries.

7. Pension plan:

The Authority makes contributions to the Ontario Municipal Employees Retirement System ("OMERS"), which is a multi-employer plan, on behalf of the 68 (2021 - 61) members of its staff. The plan is a defined benefit plan that specifies the amount of the retirement benefit to be received by the employees based on the length of service and rates of pay. Employees and employers contribute jointly to the plan.

Since OMERS is a multi-employer pension plan, the Authority does not recognize any share of the pension plan deficit of \$6.7 billion (2021 - \$3.1 billion) based on the fair market value of the Plan's assets, as this is a joint responsibility of all Ontario municipal entities and their employees. Contributions were made in the 2022 calendar year at rates ranging from 9.0% to 14.6% depending on the member's designated retirement age and level of earnings. Employer contributions for current and past service are included as an expense in the Statement of Operations. Employer contributions to OMERS for 2022 current and past service was \$506,023 (2021 - \$487,552) and were matched by employee contributions.

NIAGARA PENINSULA CONSERVATION AUTHORITY

Notes to Financial Statements (continued)

Year ended December 31, 2022

8. Budget data:

The budget data presented in these financial statements is based upon the 2022 operating budget approved by the Board of the Authority on April 22, 2022 and capital budget approved April 22, 2022. Amortization was not incorporated in the development of the budget and, as such, were not provided on the statement of changes in net financial assets. The chart below reconciles the approved budget to the budget figures reported in these financial statements:

	Budget Amount
Revenues	
Operating	
Approved budget	\$ 10,858,049
Capital	1,751,173
Less:	
Transfers from reserves	-
Total revenues	\$ 12,609,222
Expenses:	
Operating	
Approved budget	\$ 10,858,049
Capital	
Approved budget	1,751,173
Add:	
Amortization	1,210,394
Less:	
Tangible capital assets included in operating expense	(1,751,173)
Debt principal payments	-
Total expenses	12,068,443
Annual surplus	\$ 540,779

9. Contingencies:

The Authority is involved from time to time in litigation, which arises in the normal course of business. The exact outcome of these actions is not determinable as at the date of reporting. In respect of certain outstanding claims, the Authority believes that insurance coverage is adequate and that no material exposure exists on the eventual settlement of such litigation, therefore no provision has been made in the accompanying financial statements.

NIAGARA PENINSULA CONSERVATION AUTHORITY

Notes to Financial Statements (continued)

Year ended December 31, 2022

10. Related party transactions:

During the year, the Authority incurred \$27,482 (2021 - \$28,110) in expenditures for per diems, honorariums, and mileage which was paid to and on behalf of members of the Board of Directors for the Authority.

11. Contractual rights:

The Authority has contractual rights under contract with various Ministry agencies to receive funds in exchange for services to be provided under those contracts. The Authority is expecting up to \$190,634 in future revenues based on anticipated services to be performed.

12. Contractual obligations and commitments:

The Authority has entered into a contract for provision of reservation and park system services until December 2025 with an annual financial requirement of \$30,000. This will be financed by the Authority's operating reserves.

13. Segmented information:

The Authority provides a wide range of services which are categorized by department. Certain departments that have been separately disclosed in the segmented information, along with the services they provide, are as follows:

Corporate Administration

Corporate administration services is comprised of the administration services of the Authority.

Watershed

The watershed department is the umbrella for three divisions dedicated to monitoring, regulating, protecting and improving the health and safety of our watersheds.

Corporate Resources

The corporate resources department is development and managing the Authority's vehicles and equipment. The vehicles and equipment department accounts for the cost of maintaining the vehicles and equipment.

Conservation Areas

The conservation areas department is the umbrella for two divisions dedicated to conservation land management and conservation land programming. Conservation land management is the administration department for the conservation areas. Conservation land programming and development is responsible for maintenance and improvements to the conservation areas.

NIAGARA PENINSULA CONSERVATION AUTHORITY

Notes to Financial Statements (continued)

Year ended December 31, 2022

13. Segmented information (continued):

For each reported segment, revenues and expenses represent both amounts that are directly attributable to the segment and amounts that are allocated on a reasonable basis. Municipal levies have been allocated to the segments based upon budgeted levies for the segment. Interest earned on investments has been allocated to the corporate resources segment.

SUBJECT: 2024 Budget Submission for Royal Botanical Gardens (RBG)

Dear Mr. Patel:

Thank you, for the invitation to submit RBG's financial information in support of the City of Hamilton's 2024 Budget preparation.

Attached, please find RBG's Board approved budget for 2024 and our most recent audited financial statements, for 2022.

Should you have any questions in advance of the city's budget meeting in January, please contact Emily Walker, RBG's Director of Finance at 905-527-1158, ext 242 or ewalker@rbg.ca.

Sincerely,

Nancy Rowland
Chief Executive Officer

cc: Emily Walker, Director, Finance, Royal Botanical Gardens

ROYAL BOTANICAL GARDENS
(A Corporation without Share Capital)
FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2022

BROWNLOW PARTNERS

CHARTERED PROFESSIONAL ACCOUNTANTS

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of
Royal Botanical Gardens

Opinion

We have audited the financial statements of Royal Botanical Gardens (the Organization), which comprise the statement of financial position as at December 31, 2022, and the statements of operations, changes in net assets and cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Organization as at December 31, 2022, and its financial performance and its cash flows for the year then ended in accordance with Canadian Accounting Standards for Not-for-Profit Organizations (ASNPO).

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Organization in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with ASNPO and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Organization's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Organization or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Organization's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

BROWNLOW PARTNERS

CHARTERED PROFESSIONAL ACCOUNTANTS

As part of the audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Organization's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Organization to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

ROYAL BOTANICAL GARDENS
(A Corporation without Share Capital)
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

1. DESCRIPTION

Royal Botanical Gardens (the "RBG") is one of Canada's premier cultural, educational and scientific institutions, comprised of more than 1,100 hectares of horticultural display gardens, arboretum, woodlands, wetlands and 30 kilometres of trails. The RBG receives transfer payments from the Ontario Ministry of Heritage, Sport, Tourism and Culture Industries and receives additional support from the City of Hamilton (the "City"), the Regional Municipality of Halton, the RBG members, many corporations, foundations and individuals.

The RBG is a registered charity under the Income Tax Act (Canada) and, as such, is exempt from income taxes.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

These financial statements have been prepared in accordance with Canadian Accounting Standards for Not-for-Profit Organizations applied within the framework of the significant accounting policies summarized below:

(a) Revenue Recognition

- (i) Grants are recorded as revenue when the related expenses have been incurred and the applications for the grants have been approved by the relevant government agencies. Grants received in advance of incurring the related expenses are included on the statement of financial position as deferred revenue.
- (ii) Unrestricted donations, admission fees, membership fees, other program fees, event revenue, food and beverage revenue, rental revenue and garden shop revenue are recognized as revenue in the year in which they are received. Restricted donations are deferred and recognized as revenue in the year in which the related expenses are incurred.
- (iii) Externally restricted contributions for depreciable capital assets are deferred and amortized over the life of the related assets. Externally restricted contributions for non-depreciable capital assets are recorded as a direct increase in unrestricted net assets. Externally restricted capital asset contributions that have not been spent are recorded as part of deferred capital funding on the statement of financial position.

Self-funded contributions for depreciable capital assets are deferred and amortized over the life of the related assets. Self-funded capital asset contributions that have not been expended are recorded as part of net assets invested in capital assets on the statement of financial position.
- (iv) Endowment contributions are recognized as a direct increase in endowment net assets in the year in which they are received.
- (v) Government assistance is recognized as revenue when the RBG has complied with the terms and conditions of the applicable legislation. During the year, the Organization received an emergency stabilization grant from the Ministry of Heritage, Sport, Tourism and Culture Industries in the amount of \$1,526,000 (2021: nil). During the year, the RBG did not receive any assistance relating to the Canada Emergency Wage Subsidy (2021: \$1,101,122).

ROYAL BOTANICAL GARDENS
(A Corporation without Share Capital)
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(b) Contributed Services

Volunteers contribute numerous hours per year to assist RBG in carrying out its activities. Due to the difficulty in determining their fair value, contributed services have not been recognized in the financial statements.

(c) Donations In-Kind

Donations in-kind are recorded at the estimated fair market value at the date of donation. The RBG did not receive any donations in-kind during the year (2021: \$95,873).

(d) Measurement of Financial Instruments

The RBG initially measures its financial assets and liabilities at fair value, except for certain non-arm's length transactions. The RBG subsequently measures all its financial assets and financial liabilities at amortized cost, except for investments as described in note 2(e).

Financial assets measured at amortized cost include cash and accounts receivable. Financial liabilities measured at amortized cost include accounts payable. The RBG has designated all portfolio investments to be measured at fair value as described in note 2(e).

Financial assets measured at cost are tested for impairment when there are indicators of impairment. The amount of the write-down is recognized in the statement of operations. The previously recognized impairment loss may be reversed to the extent of the improvement, directly or by adjusting the allowance account, provided it is no greater than the amount that would have been reported at the date of the reversal had the impairment not been recognized previously. The amount of the reversal is recognized in the statement of operations.

(e) Investments

All investments are recorded at fair value. The quoted market price was used to estimate the fair value of the financial instruments held as investments.

Investment income, net of investment management fees, is allocated to the restricted deferred funds and statement of operations on a prorated basis. The ratio of total endowments, internally restricted net assets and deferred operating contributions at the beginning of the month divided by the total average investment cost for the month is calculated. This ratio is then applied to the total net investment income earned for the month to determine the amount of investment income to apply to the deferred operating contributions, internally restricted net assets and endowments. Remaining unallocated net investment income is recorded in the statement of operations.

Unrealized gains and losses on investments are allocated to the restricted deferred funds and unrestricted net assets on a prorated basis. The ratio, described above, is applied to the total unrealized gains and losses at month end to determine the amount of unrealized gains and losses to apply to the deferred operating contributions, internally restricted net assets and endowments. Remaining unallocated unrealized gains and losses are included in unrestricted net assets. The change in unrestricted unrealized gains and losses are recorded in the statement of operations. When investments are sold, realized gains and losses are recognized in investment income.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(f) Inventory

Inventory, consisting of food and beverage and items available for sale in the RBG gift shop, is valued at the lower of cost or net realizable value. Cost is determined using the weighted average method. Net realizable value is the estimated selling price in the ordinary course of business, less any applicable variable selling costs.

Included in admissions, memberships and other program expenses is \$1,266,591 (2021: \$510,471) of inventory expensed during the year.

(g) Capital Assets

Capital assets are recorded at cost, except for donated assets, which are recorded at fair market value at the date of contribution. The fair market value of previously donated land could not be determined and therefore, the total 1,100 hectares of land have been recorded at a nominal value of \$9,428.

Amortization is provided on a straight-line basis over the estimated useful lives of the assets as follows:

Buildings	40 years
Mechanical equipment	20 years
Gardens and natural area infrastructures	20 years
Roadways and parking lots	20 years
Vehicles and equipment	5 years
Furniture and fixtures	10 years
Computer equipment	3 years
Software	5 years
Media stock	5 years
Exhibits	3 years

Contributed capital assets are recognized at the fair value at the date of contribution. The contribution is recognized as revenue on the same basis as the amortization expense of the contributed capital asset.

When a capital asset no longer has any long term service potential to the RBG, the excess of its net carrying amount over any residual value is recognized as an expense in the statement of operations.

(h) Use of Estimates

The preparation of financial statements in conformity with Canadian Accounting Standards for Not-for-Profit Organizations requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Such estimates include the useful lives of capital assets, allowances for inventory obsolescence, allowances for doubtful accounts and accruals. Actual results may vary from the current estimates. These estimates are reviewed periodically and, as adjustments become necessary, they are reported in earnings in the periods in which they become known.

NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

3. INVESTMENTS

The investments consist of funds that are professionally managed, diversified and are invested in the following categories: cash and near cash securities, fixed income securities and equity securities.

	2022	2021
Cost of investments at December 31	\$ 13,263,872	\$ 13,606,347
Unrealized gain on investments	1,193,807	3,835,857
Market value of investments at December 31	\$ 14,457,679	\$ 17,442,204

Investments are valued at market as at yearend and are composed of the following types of securities:

Cash, cash equivalents and accrued interest	\$ 928,659	\$ 1,188,978
Fixed income securities	4,991,271	5,648,087
Equity securities	8,537,749	10,605,139
	\$ 14,457,679	\$ 17,442,204

4. DEMAND LOAN

The RBG has the following facilities available:

- Credit facility #1 & #2 - Shared authorization up to \$2,000,000. Facility #1 - Revolving loan to provide bridge financing for general capital requirements. Interest rate is determined at the time of borrowing. Repayable in full on the maturity date determined at the time of borrowing, to maximum term of one year. As at December 31, 2022, the facility was not drawn upon (2021: not drawn). Facility #2 - Non-revolving demand loan to provide bridge financing for general capital requirements. The facility bears interest at prime plus 0.75%. Repayment terms are determined at time of borrowing. As at December 31, 2022, the facility was not drawn upon (2021: not drawn).
- Credit facility #3 - Overdraft lending account up to \$2,000,000 for general operating requirements. The facility bears interest at prime plus 0.5%. Repayable on demand. As at December 31, 2022, the facility was not drawn upon (2021: not drawn).

Security for the facilities includes the following:

- General Security Agreement providing a first charge over all accounts receivable, inventory and equipment other than leased assets, land and buildings, plants, living collections, library artifacts, patents and investments;
- Bank to be named as loss payee on business and fire insurance;
- Signed Environmental Review Checklist and Indemnity Agreement;
- Assignment and pledge of investment portfolio registered in Ontario under the Personal Property Security Act (PPSA) with enabling resolution. The market value of the investment portfolio pledged as collateral at December 31, 2022 is \$4,201,198 (2021: \$4,659,364), which are included with investments on the statement of financial position;

ROYAL BOTANICAL GARDENS
(A Corporation without Share Capital)
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

4. DEMAND LOAN (CONT'D)

Security for the facilities includes the following:

- Solicitor's Letter of Opinion together with a Conflict of Interest Letter from the Solicitor confirming the Bank has good and valid assignment of the funds;
- Letter of acknowledgement confirming that existing pledged investment portfolio continues to contain no trust funds or otherwise restricted funds; and
- Letter of acknowledgement that moving funds in and/or out of the pledged investment portfolio is allowed subject to bank prior approval and the minimum lending value of the pledged investment portfolio has to be equal or more than the outstanding loan balance.

5. CAPITAL ASSETS

The change in net book value of capital assets is due to the following:

	2022	2021
Balance, beginning of the year	\$ 40,378,373	\$ 40,950,256
Purchase of capital assets funded by deferred capital contributions	1,864,085	3,004,952
Purchase of internally funded capital assets	276,235	297,906
Amortization of capital assets	(3,880,689)	(3,874,741)
Balance, end of the year	\$ 38,638,004	\$ 40,378,373

Amortization of capital assets agrees to amortization of deferred capital contributions of \$3,805,014 (2021: \$3,855,039) and amortization of investment in capital assets of \$75,675 (2021: \$19,702), which has been recognized as revenue during the year.

Capital assets consist of the following:

	2022		2021	
	Cost	Accumulated Amortization	Net	Net
Land	\$ 876,681	\$ -	\$ 876,681	\$ 876,681
Buildings	33,886,294	18,169,698	15,716,596	16,563,754
Mechanical equipment	7,618,072	4,021,450	3,596,622	3,765,066
Gardens and natural area infrastructures	27,914,701	12,634,398	15,280,303	16,080,553
Roadways and parking lots	4,927,934	3,172,777	1,755,157	1,855,590
Vehicles and equipment	4,920,791	4,515,921	404,870	252,941
Furniture and fixtures	4,067,335	3,499,850	567,485	712,445
Computer equipment	2,858,299	2,606,397	251,902	271,343
Software	209,320	20,932	188,388	-
Media stock	252,244	252,244	-	-
Exhibits	985,806	985,806	-	-
	\$ 88,517,477	\$ 49,879,473	\$ 38,638,004	\$ 40,378,373

6. DEFERRED OPERATING CONTRIBUTIONS

The change in deferred operating contributions is due to the following:

	2022	2021
Balance, beginning of the year	\$ 6,781,630	\$ 5,921,939
Contributions received from corporate and private sources	7,804	1,500
Amount drawn from funds during the year	(189,265)	(69,545)
Investment income allocation	153,848	275,813
Restricted investment income earned on endowments	107,026	257,685
Change in market value of investments	(1,552,026)	394,238
Balance, end of the year	\$ 5,309,017	\$ 6,781,630

Deferred operating contributions consist of the following major external restrictions:

	2022	2021
Operations	\$ 73,503	\$ 128,373
Gardens and natural lands	3,225,589	3,866,449
Collections	399,348	522,742
Science and education	938,408	1,318,306
Staffing and administration	672,169	945,760
	\$ 5,309,017	\$ 6,781,630

7. DEFERRED CAPITAL CONTRIBUTIONS

Deferred capital contributions consist of the following:

	2022	2021
Balance, beginning of the year	\$ 39,189,364	\$ 40,037,421
Capital contributions used during the year	1,885,409	3,006,982
Amortization of deferred capital contributions	(3,805,014)	(3,855,039)
Balance, end of the year	\$ 37,269,759	\$ 39,189,364

8. UNRESTRICTED NET ASSETS

Unrestricted net assets consists of the following:

	Unrestricted	Invested in capital assets	Total
Balance, beginning of the year	\$ 2,860,472	\$ 320,314	\$ 3,180,786
Excess of revenues over expenses for operations	326,204	-	326,204
Purchase of internally funded capital assets	(276,235)	276,235	-
Amortization of investment in capital assets	-	(75,675)	(75,675)
Funds received relating to prior years' internally funded capital assets	21,325	(21,325)	-
Change in unrealized gain on investments	(473,111)	-	(473,111)
Balance, end of the year	\$ 2,458,655	\$ 499,549	\$ 2,958,204

ROYAL BOTANICAL GARDENS
(A Corporation without Share Capital)
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

9. INTERNALLY RESTRICTED NET ASSETS

During the 2020 fiscal year, the RBG received an unrestricted estate donation in the amount of \$905,630. The donation was internally restricted by the RBG. The RBG Board will approve the use of these funds. During the year, no amounts were drawn from the internally restricted net assets (2021: no amounts). Internally restricted net assets consist of the following major internal restrictions:

	2022	2021
Maintaining garden areas and strategic initiatives	\$ 3,140,318	\$ 3,646,144
COVID-19 recovery	905,630	905,630
	<u>\$ 4,045,948</u>	<u>\$ 4,551,774</u>

10. ENDOWMENTS

Contributions restricted for endowments consist of donations received by the RBG where the endowment principal is required to remain intact. Accordingly, these amounts are classified as long term investments. The investment income generated from the endowments must be used in accordance with the purposes established by donors.

	2022	2021
Balance, beginning of the year	\$ 2,376,015	\$ 2,355,954
Endowments received from private sources	24,271	1,500
Investment income required to be held as endowment	18,932	18,561
	<u>\$ 2,419,218</u>	<u>\$ 2,376,015</u>

11. COMMITMENTS AND CONTINGENCIES

In the ordinary course of business, the RBG may be contingently liable for litigation and claims with customers, suppliers and former employees. Management believes that adequate provisions have been recorded in the accounts where required. Although it is not possible to accurately estimate the extent of potential costs and losses, if any, management believes, but can provide no assurance, that the ultimate resolution of such contingencies would not have a material adverse effect on the financial position of the RBG.

12. RECLASSIFICATION

Certain 2021 comparative amounts were reclassified to conform to the current year's financial statement presentation.

13. PRIOR YEAR COMPARATIVES

Due to the impacts of the COVID-19 global pandemic during the fiscal years 2020 and 2021, fiscal year 2019 is a more accurate comparative year when assessing changes in attendance and financial performance.

14. REVENUE

	2022	2021
Admissions, memberships and other program revenue consists of:		
Admissions and special events	\$ 1,976,341	\$ 1,115,198
Membership fees	1,492,750	1,192,609
Rentals	764,334	394,841
Food and beverage	2,842,274	666,279
Garden shop sales	1,109,981	604,596
Parking	295,054	410,565
Other income	43,890	51,770
a) Total admissions, memberships and other programs	\$ 8,524,624	\$ 4,435,858
Mandated activities consists of:		
Horticulture - gardens, parklands and collections	\$ 40,141	\$ 59,398
Conservation and environmental programs	564,711	399,828
Scientific and research programs	141,773	127,461
Education programs	900,905	663,099
b) Total mandated activities	\$ 1,647,530	\$ 1,249,786
Donations and grants received during the year	\$ 2,593,048	\$ 2,289,733
Add:		
Restricted donations received in the prior year recognized into development - donations revenue	74,168	222,433
Less:		
Grants deferred and recognized into mandated activities revenue once qualifying expenses incurred	(933,115)	(1,022,208)
Green Angel donations recognized in deferred revenue	(108,744)	(62,328)
Restricted donations recognized in deferred revenue	(363,582)	(31,488)
Restricted donations recognized in deferred operating contributions and endowments	(3,000)	(3,000)
Restricted donations recognized in deferred capital contributions	(7,965)	(21,381)
c) Total development - donations	\$ 1,250,810	\$ 1,371,761
Investment income earned during the year	\$ 597,355	\$ 1,278,153
Less: Investment management fees	(92,199)	(94,351)
Net investment funds available for allocation	505,156	1,183,802
Allocation to deferred operating contributions	(260,874)	(533,498)
Allocation to internally restricted net assets	(111,085)	(244,921)
Allocation to endowments	(18,932)	(18,561)
d) Total investment income	\$ 114,265	\$ 386,822

ROYAL BOTANICAL GARDENS
(A Corporation without Share Capital)
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

15. FINANCIAL INSTRUMENTS

Risks and Concentrations

The RBG is exposed to various risks through its financial instruments. The following analysis provides a measure of the RBG's risk exposure and concentrations at December 31, 2022.

(a) Liquidity Risk

Liquidity risk is the risk that the RBG will encounter difficulty in meeting obligations associated with financial liabilities. The RBG is exposed to this risk mainly in respect of its accounts payable. The RBG's objective in managing liquidity risk is to maintain sufficient readily available reserves in order to meet its liquidity requirements at any point in time. The RBG achieves this by maintaining sufficient cash and cash equivalents. This risk has not changed from the prior year.

(b) Credit Risk

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. The RBG's main credit risks relate to its accounts receivable. The RBG provides credit to its clients in the normal course of its operations. This risk has not changed from the prior year.

(c) Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: currency risk, interest rate risk and other price risk. The RBG is exposed to currency risk and other price risk. This risk has not changed from the prior year.

(i) Currency Risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Some of the RBG's assets are exposed to foreign exchange fluctuations. As at December 31, 2022, bank indebtedness of \$45,158 (2021: \$26,331) is recorded in US dollars and converted into Canadian dollars. Approximately 35% (2021: 39%) of the RBG's investments are held in US dollars and converted into Canadian dollars.

(ii) Other Price Risk

Other price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk). The RBG is exposed to other price risk due to a substantial portion of its assets being held in investments, which are susceptible to fluctuations in market values. To manage this risk, RBG management and the Board of Directors reviews its investment strategies at least annually with the RBG's investment advisor.

ROYAL BOTANICAL GARDENS
(A Corporation without Share Capital)
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022

15. FINANCIAL INSTRUMENTS (CONT'D)

(d) Inflationary Risk

The RBG is significantly impacted by current inflation rates and its impact on supplies and materials, food and beverage costs, utilities, labour and the procurement of capital assets. To manage this risk, RBG management employs a number of tactics including monitoring trends and incorporating economic forecasts in the development of the business plan and budget, monthly review of operating budgets and reprioritization of deliverables, changing the scope of programs or capital projects to reflect increased costs and adjusting pricing specifically for ticketed programs and food services.
