9. MOTIONS

9.1 Embedding Health Equity Methods and Analysis across Hamilton Public Health Reporting

(Joseph/Kirkby)

WHEREAS, The Terms of Reference for Public Health Sub-Committee states responsibilities, to consider and recommend to Council policies governing equitable service delivery of Public Health Services, to consider and monitor program implementation and performance through staff reports and to steward relevant public health legislation when providing advice and guidance to Public Health Services, including the Ontario Public Health Standards: Requirements for Programs, Services, and Accountability, the Health Equity Guideline, 2018, and the Relationship with Indigenous Communities Guideline, 2018; and

WHEREAS, Health Equity is a priority for Hamilton Public Health Services and “Enhancing the collection and use of data on the social determinants of health for Hamiltonians”, “Increasing engagement with priority populations in identifying and addressing health inequities and collaborate with community partners”, “Engaging with Indigenous communities and organizations to guide & support us with the development and delivery of culturally safe public health services” and, “Measuring and demonstrating the impact of programs on health inequities in our community” have been reported as areas of focus for Hamilton Public Health Services.

THEREFORE, BE IT RESOLVED:

That Hamilton Public Health Services require the collection of and analysis of sociodemographic, health equity data in all future health reports where immediately applicable prepare and present a plan for the collection of such data where relevant health equity data is currently absent with a community engaged approach.

CARRIED

9.2 Mobilizing Hamilton Public Health Knowledge to Maximize Positive Health Impacts

(i) (Joseph/Kirkby)

WHEREAS, Hamilton Public Health Services prepares and presents Hamilton's Community Health Status Report annually as well as regular Public Health reports on priority health issues;

WHEREAS, Hamilton's Community Health Status Report and regular public health reports contain important public health information relevant to Hamilton's population with respect to general health, mortality, preventable deaths, mental health, infectious diseases, social circumstances influencing health, substance use, injury and violence, chronic disease, environment and health etc;

WHEREAS, Hamilton's Community Health Status Report, "is part of our commitment to provide information so that as a community we can better understand the health of Hamiltonians. That includes the underlying social circumstances that influence health, such as education, housing, income, racism and social exclusion. By being better informed, and working together, we can improve health for all";

WHEREAS, the World Health Organization has recognized disinformation as a threat to public health and has recommended strategies to tackle the negative health impacts of misinformation and disinformation, which include, "promoting trusted sources of information and voices of authority"; and

WHEREAS, the Health Protection and Promotion Act identifies that "Health promotion, health protection and disease and injury prevention" are among the mandatory health programs and services required by every board of health.

THEREFORE, BE IT RESOLVED:

That Hamilton Public Health Services explore and report back on a strategy to share, on a regular basis, relevant and important public health information, to the Hamilton Community, via online, print, campaigns, to mobilize current, factual, Hamilton Public Health information with the goal of countering the negative health consequences of misinformation and disinformation.

- (ii) The following friendly amendment was accepted by the mover and seconder of the Motion.

City of Hamilton Report for Information

To: Mayor and Members
City Council

Date: May 7, 2025

Report No: BOH25007

Subject/Title: Semi-Autonomous Board of Health Transition
Process

Ward(s) Affected: (City-Wide)

Recommendations

- 1) That the current composition of six Members of Council and six members of the public, plus one education representative, **BE APPROVED** as the composition for the semi-autonomous Board of Health, and that staff **BE DIRECTED** to prepare the necessary By-law and policy amendments to reflect this composition;
- 2) That Council **PROVIDE DIRECTION** to staff on their intention regarding the appointment of members to the semi-autonomous Board of Health; and,
- 3) That the City Clerk **BE DIRECTED** to provide Report BOH25007 respecting the Semi-Autonomous Board of Health Transition Process to the Public Health Sub-Committee for information.

Key Facts

- In December 2024, a bill to amend the *City of Hamilton Act, 1999* was introduced in the Ontario legislature to establish a semi-autonomous Board of Health in the City of Hamilton;
- The bill did not make it to a third reading as a Provincial election was called in February 2025, ending all legislative work;
- The legislature resumed on April 14, 2025, and staff are communicating with provincial counterparts to understand the timing and process for the re-introduction of amendments to the *City of Hamilton Act, 1999*, which, if re-introduced and passed, could establish the semi-autonomous Board of Health with immediate effect; and,

- The purpose of this report is to provide information respecting the on-going preparations by City staff to ensure the prompt implementation of the semi-autonomous Board of Health with the necessary supports in place to function effectively and in accordance with the *Health Protection and Promotion Act* and *City of Hamilton Act, 1999*; and,
- This report is also seeking direction from Council on the composition and membership of the semi-autonomous Board of Health.

Financial Considerations

Not Applicable.

Background

On January 24, 2024, following several delegations and community consultation, Council unanimously approved, in principle, the semi-autonomous Board of Health governance model.¹ An application was submitted to the Province in March 2024 requesting the required legislative changes to establish a semi-autonomous Board of Health, comprised of Councillors and community members. In December 2024, the Provincial government introduced the *More Convenient Care Act, 2024* which included proposed amendments to the *City of Hamilton Act, 1999* that would have enabled this transition to a semi-autonomous Board of Health governance model. Prior to the legislature's holiday recess, the bill passed its second reading and was referred on to the Standing Committee on Social Policy. With the dissolution of the legislature in advance of the provincial election in February 2025, the legislative process for this bill came to an end.

The legislature resumed on April 14, 2025. Any legislation that had not completed the approval process prior to the election will need to be re-introduced to restart the legislative process. Staff are communicating with provincial counterparts on their plans for the amendments to the *City of Hamilton Act, 1999* to establish the semi-autonomous Board of Health.

While awaiting these legislative changes, the Public Health Committee comprised of members of City Council was dissolved and a Public Health Sub-Committee comprised of six City Council members, six community representatives, and an education representative was established. In the current structure, the Public Health Sub-Committee makes recommendations to Council, which continues to act as the Board of Health.

Analysis

What does “Semi-Autonomous” mean?

The semi-autonomous model means that select authorities are reserved for the City, while the Board of Health has authority over all other decision-making related to Public Health Services.

The legislation to establish the semi-autonomous Board of Health will outline the authorities of the City relative to the Board of Health, which are that the City:

- Shall establish the size of the Board of Health in accordance with the *Health Protection and Promotion Act*;
- Shall appoint all members of the Board of Health;
- Has authority over the appointment of the Medical Officer of Health, Associate Medical Officers of Health and auditor; and,
- Shall provide employees to the Board of Health, and those employees are employees of the city.

Beyond these areas of responsibility under the City, the Board of Health has autonomous decision-making authority.

Transition to Semi-Autonomous Board of Health

To guide the transition to the proposed semi-autonomous governance model, a Steering Committee of the Medical Officer of Health, City Solicitor, City Clerk, and the General Manager of the Healthy and Safe Communities Department, has been established, and is supported by outside counsel. The Steering Committee is engaging with City Finance and Corporate Services, Human Resources, Communications & Strategic Initiatives, and others as needed to inform and ensure a smooth, functional transition.

An overview of the planned approvals that will be required to implement the semi-autonomous Board of Health are provided below.

1. Provincial Approvals:

Provincial legislation receives Royal Assent to establish the Board of Health.

- Since amendments to the *City of Hamilton Act, 1999* did not complete the legislative approval process prior to the election, the changes will need to be re-introduced to the legislature and proceed through the standard legislative process of readings through to Royal Assent;
- If the amendments to the *City of Hamilton Act, 1999* are re-introduced and passed, the changes would take effect immediately on the day the bill receives Royal Assent; and,
- The decision of when and if legislation is introduced is made at the provincial level.

2. Council Approvals:

Council appoints members to the Board of Health.

- In the proposed semi-autonomous model, Council is responsible for:
 - a) Establishing the composition of the Board of Health; and,
 - b) Appointing members of the Board of Health.
- Council may choose to adopt the current composition of the Public Health Sub-Committee (six Council members, six community representatives, one education representative) for the new semi-autonomous Board of Health as was contemplated in the initial decision to apply for a semi-autonomous Board of Health, or they may choose to change the composition;
- If adopting the current composition, then Council may choose to grandfather the current members of the Public Health Sub-Committee to the new semi-autonomous Board of Health. If taking this approach, no additional steps will be required to meet transition timelines; and,
- Alternatively, Council may decide to initiate a new selection process for the semi-autonomous Board. If taking this approach, and given the new Board would become responsible for its duties immediately on Royal Assent, it is recommended that Council move forward as soon as possible due to the time to administer the selection process and the current uncertainty on the timeline for legislation amending the *City of Hamilton Act, 1999* to be introduced in the legislature and receive Royal Assent. As such, it is recommended that the current membership is grandfathered.

Council approves amendments to relevant City of Hamilton By-laws.

- Once the legislation has passed and the semi-autonomous Board of Health has taken effect, it will be necessary for Council to make amendments to existing City of Hamilton by-laws to reflect the new Board of Health structure.

3. Semi-Autonomous Board of Health Approvals:

The semi-autonomous Board of Health approves By-laws and policies.

- At their inaugural meeting, as soon as practicable after Royal Assent, in order to function under the *Health Protection and Promotion Act*, the semi-autonomous Board of Health must approve foundational By-laws and policies; and,
- Should Council choose to grandfather the current members of the Public Health Sub-Committee to the new Board of Health, the proposed By-laws and policies for the semi-autonomous Board of Health will be brought to the Public Health Sub-Committee for review in advance of the Board of Health transition.

4. City of Hamilton and the Semi-Autonomous Board of Health Update the Shared Services Model

A new Service Level Agreement will be prepared to enable the Board of Health to obtain administrative support services from the City of Hamilton, for example for procurement, IT services, etc. The Service Level Agreement will be approved

and entered into by the semi-autonomous Board of Health and the City of Hamilton.

Alternatives

Council may choose to change the composition of the proposed semi-autonomous Board of Health.

Council may choose to initiate a new recruitment process to fill the current community member vacancy on the Public Health Sub-Committee.

Relationship to Council Strategic Priorities

The recommendations in this report support the following 2022-2026 Council Priorities, Outcomes, and Measures of Success:

- 3. Responsiveness & Transparency
 - 3.2 Get more people involved in decision making and problem solving
 - 3.3 Build a high performing public service

The proposed governance structure would enable the City of Hamilton to appoint City Council members and representatives from the community and education sectors to the Board of Health. By incorporating a broader range of perspectives in public health decision-making, this model would help enhance Hamilton's ability to address its public health priorities effectively and in alignment with community needs.

City of Hamilton Memorandum

To: Chair and Members of
Public Health Sub-Committee

Date: May 20, 2025

Report No: BOH25011

Subject/Title: Embedding Health Equity Methods and Analysis in
Hamilton Public Health Reporting

Ward(s) Affected: (City Wide)

Information

At its April 28, 2025 meeting, the Public Health Sub-Committee passed a motion directing Public Health Services to embed health equity methods and analysis across Hamilton Public Health reporting:

9.1 Embedding Health Equity Methods and Analysis across Hamilton Public Health Reporting

That Hamilton Public Health Services require the collection of and analysis of sociodemographic, health equity data in all future health reports where immediately applicable prepare and present a plan for the collection of such data where relevant health equity data is currently absent with a community engaged approach.

This memorandum provides information on how Public Health Services will address this motion.

Public Health Services will work with the City Clerk to include a subsection titled “Health Equity Data” in the Analysis section of the Public Health Sub-Committee Report template. Report writers will include relevant and available health equity data in this subsection in accordance with data agreements and legislation. Report writers will describe when available health equity data does not meet quality standards established by best statistical practices or data agreements. When health equity data are not available to Public Health Services, the Report Writer will describe Public Health Services’ plan to fill this information gap. This will be implemented for all reports to Public Health Sub-Committee effective July 28, 2025.

City of Hamilton Report for Consideration

To: Chair and Members
Public Health Sub-Committee

Date: May 20, 2025

Report No: BOH07034(p)

Subject/Title: Annual Update to City of Hamilton By-law No. 11-080
to reflect Revised Names, Addresses, and
Acquisitions of Municipal Property

Ward(s) Affected: (City Wide)

Recommendations

- 1) That the Amending By-law to the City of Hamilton By-law No.11-080, being a by-law to Prohibit Smoking and Vaping within City Parks and Recreation Properties, attached as Appendix “A” to Report BOH07034(p), and which has been prepared in a form satisfactory to the City Solicitor, **BE APPROVED**.

Key Facts

- Report BOH07034(p) provides an update to Schedule “A” under By-law No. 11-080. The update includes revisions to property names, addresses, and new municipal property acquisitions to ensure accurate enforcement and public awareness;
- By-Law No. 11-080 was enacted to prohibit smoking and vaping in city parks and on recreational properties;
- The Schedule update serves a dual purpose: (1) It provides detailed property information to assist with inspections and enforcement of the By-law; and (2) It demonstrates a level of due diligence on behalf of the City of Hamilton in promoting and notifying the public of where smoking and vaping are prohibited under the municipal By-law;
- This routine exercise updates the By-law Schedule with any municipal property name changes, address changes, and “new” property acquisitions that have occurred over the preceding year(s). The present additions identified occur in

four City of Hamilton Wards. The properties identified within the Schedule in the other City of Hamilton Wards remain unchanged.

Financial Considerations

Not Applicable.

Background

City of Hamilton By-law No.11-080 Prohibiting Smoking within City Parks and Recreation Properties came into effect on May 31, 2012. An amendment became effective on July 1, 2019 to prohibit smoking and vaping of substances that limits the impact on persons using the City of Hamilton's parks and recreational properties, buildings and structures. This By-law was enacted to protect and promote the health of the public generally, and particularly children and youth, as well as protect and enhance the quality and use of City of Hamilton property. Periodic updates to the Schedule have been completed as necessary.

Analysis

Schedule "A" of By-law No. 11-080 lists locations where smoking and vaping is prohibited. The Amending By-law updates Schedule "A" to reflect new property acquisitions and changes to the names of recreational properties (see Appendix "A" to Report BOH07034(p)).

Amendments include:

1. Changes in name of recreational properties for:

- Copps Pier Park (Ward 2) – was previously referenced as Pier 8 Promenade; and,
- Kaneskare Recreation Centre (Ward 2) – was previously referenced as Ryerson Recreation Centre.

2. Additional recreation properties acquired by the City:

- Kenilworth Avenue Parkette, (Ward 3);
- Century Street Parkette, (Ward 3);
- Times Square Park, (Ward 9);
- Upper Red Hill Park, (Ward 9); and
- Dagleish Trail Parkette, (Ward 9).

The existing Schedule "A" can be accessed through the following City of Hamilton web address: <https://www.hamilton.ca/people-programs/public-health/smoking-vaping/smoke-vape-free-spaces>

Schedule "A" will continue to be updated on an annual basis and the updated Schedule "A", as approved, will be posted on the City of Hamilton's website. This will ensure that

future or proposed assets that are developed will be clearly outlined to the public and will also assist with the execution of enforcement.

Legal Implications/Legislated Requirements:

The Amending By-law will assist with enforcement, by providing an updated list of the physical location of sites where smoking and vaping are prohibited.

Results of Consultations:

Corporate Services, Legal Services Division were consulted and engaged in Amending the By-law and corresponding Schedule and supported the recommendation in this report; and, Public Works, Environmental Services - Parks and Cemeteries reviewed the revised Schedule and supported the recommendation in this report.

Additionally, in preparation of the original By-law and Schedule, Community and Emergency Services, Recreation Division; Public Works, Operations and Waste Management Division; Public Works, Environmental Services Division; Human Resources; and, the Senior Management Team, City of Hamilton were consulted.

Alternatives

Should the recommendation in Report BOH07034(p) not be approved, the existing By-law 23-073 to update Schedule "A", would remain in place.

Relationship to Council Strategic Priorities

The recommendations in this report support the following 2022-2026 Council Priorities, Outcomes, and Measures of Success:

1. Sustainable Economic & Ecological Development
 - 1.4. Protect green space and waterways
2. Safe & Thriving Neighbourhoods
 - 2.3. Provide vibrant parks, recreation and public space
3. Responsiveness & Transparency

By-law No. 11-080 protects green spaces by decreasing tobacco and vape product litter within City of Hamilton parks and recreation properties, as well as the amount of these products that make their way into local waterways. It creates a healthier environment, especially for children and youth, by reducing the amount of tobacco and vape litter within City parks and recreation properties. It also serves to de-normalize tobacco/nicotine use and supports individuals to cut down or quit smoking/vaping. The Schedule update enhances enforcement efforts and clarifies where smoking and vaping is prohibited in the city of Hamilton.
