**RE: Consent to Sever Application for the Creation of Easements
565 Sanatorium Road, City of Hamilton
Related City Files: DA-22-142, DA-26-019, & B-25:031**

Weston Consulting is the planning consultant for 2358574 Ontario Ltd., the registered owner of the properties municipally known as 565 Sanatorium Road in the City of Hamilton (the “subject lands”). On behalf of the owner, we are pleased to submit the enclosed materials in support of a Consent to Sever application to establish reciprocal easements.

Concurrent Planning Applications

The subject lands are currently subject to Site Plan Control Application DA-22-142, which is intended to facilitate the development of a six-storey residential building and a six-storey retirement building on the northern portion of the site. This application has received conditional site plan approval, and a resubmission was made on February 13, 2026 to address the remaining conditions.

The lands are also subject to Consent to Sever Application B-25:031, which was approved on June 5, 2025, subject to conditions. The intent of the severance is to sever the northern portion of the lands (the “severed lands”) where Application DA-22-142 is focused, from the southern portion of the lands (the “retained lands”) where an existing medical office building is located.

Lastly, the retained southern portion of the lands is subject to active Site Plan Control Application DA-26-019, which will facilitate the development of a two-storey parking structure to support the parking needs of the existing medical building. Application DA-26-019 was submitted on February 13, 2026 and has been deemed complete.

Purpose of the Application

The purpose of this application is to establish easements between the future severed and retained lands. More specifically, the easements are required to support the relationship between the lands associated with the Residential/ Retirement development (DA-22-142) and the Medical/ Parking Structure development (DA-26-019).

The proposed easements are intended to be established in two parts. Part 3, as shown on the submitted Easement Sketch, is located on the severed lands and is intended to provide a private easement over the planned stormwater and sanitary services, as well as vehicular access from Sanatorium Road to the entry of the parking garage. Part 4 is similarly intended to benefit the retained lands by providing access to the shared stormwater and sanitary services.

The subject lands have been comprehensively planned, and these easements were contemplated at the time of the 2025 severance approval. Conditions of approval were imposed in order to allow for registration of the severance. This application has been submitted specifically to satisfy Conditions 8 and 9 of Consent Application B-25:031, which state:

8. *That the Owner demonstrate that there is a private easement over the existing sanitary drain in favour of the retained portion of the lands over the severed portion of the lands c/w appropriate private agreement to address access and maintenance of the existing drain to the satisfaction of the City's Director of Development Engineering.*
9. *That the owner apply for and obtain approval for a reciprocal easement over the proposed retained and severed lands to permit access to the proposed four storey parking structure, consistent with the severance sketch submitted with this application and consistent with Site Plan Control application DA-22-142, to the satisfaction of the Director of Development Planning.*

Subject: **Consent Application Submission**

475 Powerline Road, Stoney Creek, ON.

Dear Mr. Leung,

On behalf of our client, Arcadis is pleased to submit an application for Consent for the lands municipally known as 475 Powerline Road in Stoney Creek (“the subject lands”).

The subject lands are legally identified as PT LTS 15 & 16, CON 4 SALTFLEET , AS IN SA27671 ; STONEY CREEK CITY OF HAMILTON. The subject lands are currently vacant and exist as a farmed parcel of land. The subject lands are surrounded by agricultural lands / rural residential areas to the north, rural residential / open space to the south and west and institutional / agricultural lands to the east.

The application is being applied for in order to register an easement over a portion of the lands owned by Hydro One Networks Inc. (“Hydro One”) in favour of the Owner of the subject lands. Part 3 on Plan 62R-18238 is the land in question which are currently under the ownership of Hydro One. As part of this application, Part 1 of 62R-22629 has been registered as the portion of lands needed for this easement, see enclosed reference plan. The registration of this easement will allow the Owner of the subject lands to establish an electrical connection over these lands in order to facilitate the future development of a single detached dwelling.

A Zoning by-law Amendment (“ZBLA”) was submitted and approved on March 5, 2025 to allow for special zoning provisions for a single detached dwelling, see enclosed notice of decisions for file no. ZAC-25-003. The following zone change from the Conservation/ Hazard Land Rural (P6) to Conservation / Hazard Land Rural (P6, 924, H192) was approved and provided the following special provisions:

- Notwithstanding Section 7.6.2.3 (a) i), one single detached dwelling shall be permitted.
- Notwithstanding Section 4.6, the following regulations shall apply:
 - i. A porch, deck or canopy may encroach into any required yard to a maximum of 3.0 metres.
 - ii. A balcony may encroach into any required yard to a maximum of 3.0 metres.
- Notwithstanding Section 12.1.3.3 c), the following regulations shall apply:
 - i. Maximum Building Height shall be 12.0 metres.

On March 5, 2025, the application was approved and the lands located at 475 Powerline Road, Stoney Creek is now zoned as (P6, 924, H192). The special provisions noted above were permitted and the Map 152 of Schedule “A” – Zoning Map shows the extent and boundaries of the by-law. A Holding Provision requires the owners to receive an approval of an easement for access purposes for Hydro One Network Inc. prior to the proposed residential land use being established on the subject land, to the satisfaction of the Director of Development Planning. A registered reference plan has been included in this submission for review and consideration of the registered Hydro One easement. Once this Consent application is approved, the easement in favour of the Owner of the subject lands will be registered on Part 1 of the enclosed 62R-22629 in order to establish an electrical connection for the future development of one single detached dwelling.

RE: Application for validation of title- 209 Gibson Ave, Hamilton, ON (the “**Property**”)

Legal Description: PT LTS 101 & 102, PL 245 , AS IN VM215164 , HAMILTON;SUBJECT TO AN EASEMENT OVER PT LTS 101 & 102, PL 245 , AS IN VM215164 IN FAVOUR OF PT LT 11 & 12 CON 1 BARTON , AS IN HA330950 , HA62990 EXCEPT PT 1 ON 62R-16341 AND PT LTS 9 & 10, CON 1 BARTON , AS IN BR94B, BR72B & BR128B;LYING BTN SHERMAN AV N & WENTWORTH AV N AND PT LT 8 CON 1 BARTON AS IN BR117B EXCEPT PT 2, 5, 6, 7, 8 & 9,62R11449 AND PT LT 7 CON 1 BARTON AS IN HA56B AS IN WE1519866

We are solicitors for Sigma One Capital Inc. holding security over the above-noted lands (the “**Lender**”).

This letter accompanies an Application for Validation of Title submitted pursuant to Section 57 of the *Planning Act (Ontario)* in respect of the above-noted lands.

During the course of reviewing title in connection with the Lender’s security, it was identified that two parcels of land which historically existed as separate conveyable parcels have merged for the purposes of the *Planning Act* as a result of coming into common ownership, thereby creating a restriction on separate conveyance.

Historically, the lands consisted of the following parcels:

1. 17194-0120 (LT) municipally known as 209 Gibson Ave, Hamilton, ON;
2. 17194-0347 (LT) municipally known as 601 Barton Street, East, Hamilton, ON.

Based on a review of the parcel registers and historical conveyances, each of the above parcels existed as separate and independently conveyable parcels prior to coming into common ownership. Following the acquisition of both parcels by the same owner, the parcels appear to have merged in title, thereby preventing them from being conveyed or otherwise dealt with separately without municipal consent pursuant to the provisions of the *Planning Act*. The requested Validation of Title

will permit the parcels to be recognized and treated as separate conveyable parcels, consistent with their historical status.

Planning Rationale

The requested validation is appropriate and consistent with sound planning principles for the following reasons:

1. Each parcel historically existed as a distinct conveyable lot prior to the parcels coming into common ownership. The present application seeks to restore the parcels to their historical planning and title status, rather than to create any new lot or intensification of land use.
2. To the best of our understanding, each parcel is capable of functioning independently and is not anticipated to create any planning conflict with the applicable zoning framework in the City of Hamilton.

Granting the requested Validation of Title will allow the parcels to be dealt with independently for title and financing purposes, while maintaining consistency with their historical use and the existing planning framework. The requested validation does not create a new lot, intensify the use of land, or alter the existing development pattern within the surrounding neighbourhood.

There is no new development proposed as part of this application and the property conforms with the same criteria that apply to the granting of consents under section 53 of the *Planning Act (Ontario)*. The requested Certificate of Validation would retroactively cure the Planning Act contravention and validate the Transfer registered on December 2, 2022 as instrument No.: WE1649243 thereby restoring the ability of the parcels to be conveyed or encumbered separately.

We trust the foregoing is satisfactory for the purposes of the City's review of the enclosed application and ancillary documents as listed below:

- Application for Consent to sever land and validation of title under section 53 & 57 of the Planning Act;
- Parcel Register re: 17194 0120;
- Parcel Register re: 17194 0347;
- Property Index Map;
- Transfer WE1649243 registered on December 2, 2022; and
- Our cheque payable to the City of Hamilton in the amount of \$545.00 (to follow by mail) in satisfaction of the application fee.

Should the Committee or planning staff require any additional information or clarification, we would be pleased to provide the same.

Yours very truly,

Omar Saab
