

*November 23,2011*

*To Whom It May Concern:*

*Our petition and concerns are to have a leash free park in the east central area for its citizens to have a place to let their dogs run and exercise in a fenced in leash free environment in this area. We the committee and citizens would like to see this happen within Gage Park. There is a great need for it. We are aware that in the past years there have been petitions started to have a leash free area within Gage Park with no success. We believe it is time to listen to the citizens in the east central area, for there is a great need for a fenced in leash free park to be accessible to them. When we say accessible we mean within walking distance, wheelchair friendly and senior friendly. The Benefits of a fenced in leash free dog park promotes responsible pet ownership, gives dogs a place to exercise safely thus reducing barking and other problem behaviors. It provides seniors and disabled owners with an accessible place to exercise their companions and provide an area for community-building socializing. Off leash dog areas, provide a community setting in which people can gather and socialize, where they can observe the interaction of groups of dogs at play. Dog parks the world over allow owners and their dogs to spend time together,*

*while the dog satisfies it's cravings for canine play and companionship. We the committee and the community are looking forward to hearing back from you in response to our petition.*

*Thank-you*

We the undersigned electors of the City of Hamilton, Ontario request to give its' citizens a leash free area in Gage Park, in the East Central part of Hamilton.

For the following Reasons: City Hall, what were you thinking? You gave the east central area citizens a leash free park located on Birch Ave North, right in the middle of an industrial area. It is the most disgusting park I have ever seen. It is not senior or handicapped friendly. It is only available to dog owners from 5pm-11pm weekdays and all day until 11pm on weekends.

This park located on Birch Ave N, consists of one large hill, with no flat land and has no lighting. Everyone who signs this petition, please take the time to visit the Birch Ave leash free location to see what I am talking about, thank you. If you feel like a second class citizen after visiting this leash free park, confirm this by signing this petition.

As the initiator of this petition, my name is Cynthia N. Lively and I can be contacted at [clively2000@yahoo.ca](mailto:clively2000@yahoo.ca) for further information in relation to this matter.

 Hamilton, Ontario,  
 Canada L8P 4Y5

We the undersigned electors of the City of Hamilton, Ontario request to give its' citizens a leash free area in Gage Park, in the East Central part of Hamilton.

For the following Reasons: City Hall, what were you thinking? You gave the east central area citizens a leash free park located on Birch Ave North, right in the middle of an industrial area. It is the most disgusting park I have ever seen. It is not senior or handicapped friendly. It is only available to dog owners from 5pm-11pm weekdays and all day until 11pm on weekends

This park located on Birch Ave N, consists of one large hill, with no flat land and has no lighting. Everyone who signs this petition, please take the time to visit the Birch Ave leash free location to see what I am talking about, thank you. If you feel like a second class citizen after visiting this leash free park, confirm this by signing this petition.

As the initiator of this petition, my name is Cynthia N. Lively and I can be contacted at [clively2000@yahoo.ca](mailto:clively2000@yahoo.ca) for further information in relation to this matter.
