

Proposed Recommendations for September 12, 2011 GIC meeting

If NEW compliance agreement for U.S. Steel is supported:

- (a) That the City of Hamilton entering into a compliance agreement with U.S. Steel Canada Inc. to take all necessary steps to bring their effluent from the Hamilton Works operations into compliance with the City of Hamilton's current Sewer Use By-law by **insert date**, be supported.
- (b) That U.S. Steel Canada Inc. attend at the **insert date** meeting of the General Issues Committee to provide an update on the status of its treatment system at Hamilton Works.

If NO compliance agreement for U.S. Steel is supported:

- (a) That the City of Hamilton entering into a further compliance agreement with U.S. Steel Canada Inc. for Hamilton Works pursuant to the City of Hamilton's current Sewer Use By-law not be supported.
- (b) That City of Hamilton staff continue to monitor the effluent from U.S. Steel Canada Inc.'s Hamilton Works operations for compliance with the City of Hamilton's Sewer Use By-law and take all appropriate actions with respect thereto, including enforcement actions.
