Planning and Economic Development Department

Approach and Assumptions

- Written in context of Urban Hamilton Official Plan
 - Version also created for former Town of Ancaster OP
- Limited intensification potential
 - Allow more opportunity for employment
- Balance between various needs
- Maintaining quality urban form and protection of heritage and character features
- Community Node is a portion of the overall Secondary Plan

Secondary Plan – Character Areas

- The Secondary Plan area was evaluated as a collection of “character areas”
- Overall sub-areas contributes to the Wilson Street character, but sub-areas have own differences and unique functions
- Character areas were the basis for how land use was distributed and for urban design

Gateway Residential Area

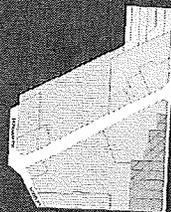

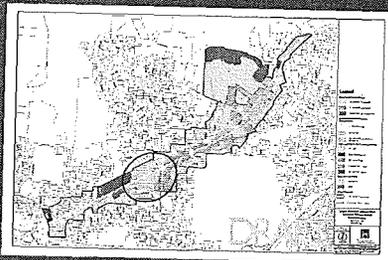

Ancaster Wilson Street Secondary Plan
Planning and Economic Development Department

- **Key Points:**
 - Mostly stable low density residential area
 - Medium density residential and Mixed Use Medium offers wider range of uses
- **Designations:** Low Density Residential 1; Medium Density Residential 2; Neighbourhood Park; Mixed Use-Medium Density; Institutional
- **Height:** up to 3 storeys
- **Scale:** 1-20 uph (Low Density Residential 1); 60-75 uph (Medium Density Residential 2)

Uptown Core

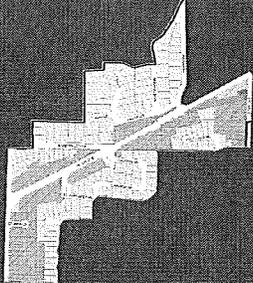

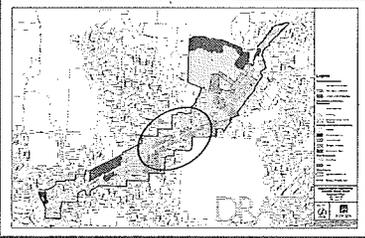

Ancaster Wilson Street Secondary Plan
Planning and Economic Development Department

- **Key Points:**
 - One of two Mixed Use Commercial Areas
 - Low Density Residential 3 allows a wider range of residential and commercial uses (excluding retail) for priorities fronting onto main roads (Wilson St. Fiddlers Green Rd.)
 - Opportunities for expanded employment and mixed use
- **Designations:** Low Density Residential 1; Low Density Residential 3; Mixed Use-Medium Density; Institutional
- **Height:** up to 3 storeys
- **Scale:** 1-20 uph (Low Density Residential 1); 20-60 uph (Low Density Residential 3)

Transition Area

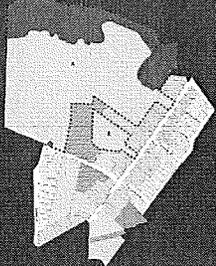

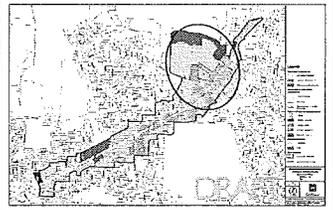

- **Key Points:**
 - Links Uptown Core to Village Core
 - Mostly stable low density residential (interior neighbourhood area)
 - Uses along Wilson Street transition between two retail focused areas
 - Non retail commercial uses (e.g. office) and residential uses
- **Designations:** Low Density Residential 1; Low Density Residential 3; Mixed Use-Medium Density and Local Commercial; General Open Space
- **Height:** up to 3 storeys
- **Scale:** 20-60 uph (Low Density Residential 3); 60-75 uph (Medium Density Residential)

Planning and Economic Development Department

Urban Design Guidelines

- Direction for future development and redevelopment
- Direction for both buildings and at site level
- Maintain character of the area
- Provides consistency across the Secondary Plan area

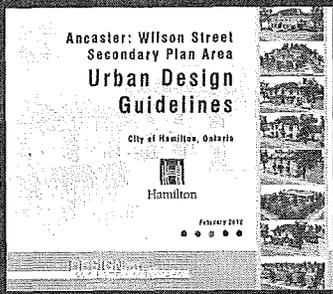

Typology 1

Key Design Guidelines:

- 2 1/2 storeys
- Stone, brick, stucco
- Balanced facade
- Parallel to street
- Strong relationship to street

WILSON STREET, ANCASTER

Ancaster Wilson Street Secondary Plan
Planning and Economic Development Department

New Vs. Old Plan

- More design focus
- More direction on types of uses for specific areas
- More focus on creating overall complete node community
- More protection of established neighbourhoods
