28. Development of an Urban Woodland Conservation By-law (Item 9.1)

Whereas, the City of Hamilton does not have a tree-cutting bylaw, instead having to rely on a dated Regional Tree-Cutting By-law (prepared under the aegis of the Region of Hamilton-Wentworth), and Tree-Cutting By-laws from the former area municipalities (i.e., Ancaster, Stoney Creek etc.);

Whereas, particular land use developers are taking advantage of this lack of up-to-date and effective legislation and are currently clear-cutting significant woodlands in the urban area;

Whereas, a draft Private Tree and Woodland Conservation By-law was prepared by City staff in 2009, which may contain information helpful in a new Urban Tree Cutting By-law;

Whereas, there is a recognition that the application of a Tree-Cutting By-law in Hamilton may have different characteristics in the urban versus the rural area.

Therefore Be It Resolved:

- (a) That staff report back to the Planning Committee on options for a draft Urban Woodland Conservation By-law, specifically addressing current urban woodland clear-cutting, and;

- (b) That staff consult with the Agriculture and Rural Advisory Committee and the Ontario Federation of Agriculture on options to protect woodlands in rural Hamilton, taking into account the traditional interests of farmers who already manage their woodlands in a proper fashion, but noting that other rural landowners may be engaging in woodland clear-cutting;

- Although the group seems "new", the people have been involved in various aspects of the community for some time already
- There have been several pockets of neighbourhood and community activity going on, in the way of individual property events
- Seems that things are naturally moving toward a greater sense of "Davis Creek" and want to support those initiatives under the Davis Creek banner, as well as developing more of them in the community
- Redevelopment is a priority because of it being a key asset to the community; any associated loss will have impact
- Laurier Centre is geographically centre to some of the more "difficult" properties in the area
- Vital to at least maintain the current level of services and availability of programs for that reason
- Five goals include: redevelopment of Bishop Ryan, increase neighbourhood safety, increase respect and social unity, improve beautification, enhance quality and availability of programs

Hello and Good morning everyone. My name is Rukhsana Amer. I'm from Pakistan. This is my first time speaking like this.....to a group like you....english is not my first language.....please be patience/kind with me....

I came to Canada 13 years ago. I have lived in Riverdale for 5 years. Riverdale is a community of many people from different countries around the world and is very multicultural. We have so much to learn from everyone, it's a great place to live.

Riverdale has the highest population of renters in the city, highest population of poverty in the city and has the highest population of new Canadians. There are 17 high-rise apartment buildings, 5 townhouse complexes and single houses. There are over 7,500 people who live in Riverdale. Riverdale is from Lake Ave, Centennial Parkway, Queenston Road and Barton.

Every September we have our Fallfest, which brings together our community. Riverdale has been doing the fallfest for about 15 years.

Two of the most important places in Riverdale for me have been the community centre and the ESL school. I meet most of my friends there. I have learned a lot of things there too. Before that I was living in my apartment not knowing

anyone. I joined the Women Alive Program. I meet a lot of other women there.

I became active in the Riverdale community about 5 years ago. I joined the Neighbourhood HUB committee in 2006. This group became the Riverdale Planning Team in 2012. I am proud to be the chair of this committee. Our first step was to bringing the community together to see what they wanted, what we were missing. We have a very good group of community residents. Very nice people. There are about 28 on our list to call for meetings. The committee members are from all different backgrounds. We want people to move into Riverdale, stay in Riverdale and to raise their families in Riverdale.

We worked all through 2012 to do a work plan. We are very proud of this plan. We hope as a community we have brought the voice of the people forward and have covered their main concerns.

Issues the planning team is working on

1) Space - The team doesn't have a regular meeting space. The community centre is full on Saturday's with programs; it's hard to meet in the apartments because tenants are scared of their superintendents. We are working with the school to see if they have space. Hopefully we will find space we can call our own.

2) to improve the quality of tenant housing in Riverdale

3) To increase food security for residents in Riverdale

that's just to name a few...the whole plan is in your Riverdale Neighbourhood Action Plan book.

As I said before...(speaking in Urdu) We want people to move into Riverdale, stay in Riverdale and to raise their families in Riverdale.

(English) I would like to thank you for inviting me to speak to you today about Riverdale (repeat in Urdu)
