Requestor Information

Name of Individual: * Sarah Poljanski
 Name of Organization: Canadian Awareness Network
 Contact Number: * 90 923 3442
 Email Address: * sarah0warry@gmail.com
 Mailing Address: * 33 Welbourn Dr Hamilton, ON L9A 3N1

Reason(s) for delegation request: * I am requesting a Referendum be applied in regards to the practice of adding fluoride to the water within the City of Hamilton. I am applying under Section 7 of the Canadian Charter of Rights and Freedoms which designates that "every individual within Canada has the right to right to life, liberty, and security of person". This right is also a Universal Declaration of Human Rights which has been implemented by the United Nations since 1948. I would like to apply the right to security of person which consists of "rights to privacy of the body and its health". This in regards that civilians living within the City of Hamilton should have the basic right to not be subjected to drinking , eating , cooking with , showering/bathing in or using in any other way not listed here ; water that has been "treated" with fluoride due to health and environmental concerns. I am requesting a referendum be put in place so that the general population can practice this right. If the City could engage the public to have a vote on the practice of using fluoride in the water I also request that the public first be well informed of all the topics dealing with water fluoridation (health, environmental, ect) from both sides to have a better understanding and be more educated in order to approve something that effects the entire city population. health and safety information regarding fluoride can be provided upon request . Please notify me if anything else is required as well . Thank you
