Subject: Sunday Hunting

My husband and I are concerned about the request by Charlie Bois wanting hunting on Sunday. We are really against it because we have experienced many difficulties with hunters during our 36 years living on our 12.5 acres of bush on the 6th conc. west flamboro property. The hunters already have 6 days of hunting and those against it have only 1 day peace. We should be able on that day have no fears of walking or doing what ever we want without worrying about hunters. We have never given permisson to hunt on our land , but that doesn't stop them. They feel there are not enough houses so they even let their dogs run at large. At the start of the hunting season early in the mornings it sometimes sounds like machine guns. Sunday is the lords day so we should have peace with our family. If Sunday hunting is passed then we feel it could cause more hunters to come in our area from out of town causing a safety issue to our rural area. Angelo and Monika Fiorino
