Re. 440 Victoria Ave. N.

File No. ZIF-201208

To Whom It may concern;

1. Mass Ave. for years had a bad marsh across from there.
2. Clark Ave. went north another block from Fairie St; same length as Emerald St.

After the 2nd World War had started the City's Engineers had to add to their factory (to build guns)

Clark Ave (north of Fairie St. Fairie St. to Emerald St. and Emerald going north from Fairie St. were annexed) All the houses on these blocks were taken down.

The houses on Clark Ave going to

(2)

to Burton St. also were taken down; and of course all the trees on that side (west side

more or less had the marks cleaned away (they gained)

Marquette Mooney.
