Reason(s) for delegation request: *

I am contacting you to make you consider putting a 4-way stop at the intersection of Powerline Rd and Lynden Rd. There have been many collisions that have occurred there and even a small number of fatalities. As a young driver I can't travel eastbound down Powerline Rd crossing Lynden Rd because of the lack of visibility due to high snowbanks and the risk of opposing traffic. In the summer when the grasses are high and shrubbery growing in the ditch there is no visibility. If it wasn't for the resident across the road from who cuts it down, nobody would ever be able to see anything. Even though the posted speed limit on Lynden Rd is only 40km/h, the average driver speeds through doing at least 60km/h. Reduced visibility and the threat of speeding, opposing traffic are two factors that have and will lead to more accidents, unless you are willing to do something about it. You don't want to hear about an accident there and know that you could have prevented it.
