one more item - we do not want 3 townhomes placed at the end of Fellowes - anything you can do to influence the builder to put up 2 detached homes is appreciated.

> Judi and Greg, it was nice meeting you at the meeting on March 6th. Please take this as our support for the amended Mattamy proposal to have some detached homes (vs all townhomes) and the one way pork chop installed at the Fellowes/Lupo intersection. Finally We have young children so having the park (on the other side of Spring Creek) built quickly would be a big improvement as we have a long walk to the nearest park.
