Subject: 304 Main St E, Hamilton, ON - Canadian Tire Corporatio Gas Bar - Request to Designate

Christopher,

As per Councillor McHattie's recommendation yesterday, I would like to take this opportunity to formally request that the Gas Bar structure at the above noted address be Designated under the Ontario Heritage Act.

The precedent for doing so was made by the City of Mississauga when it designated a near identical structure in 2011 after undertaking considerable research.

I feel the City of Mississauga research, reports and formal by-law can be utilised in Hamilton to expedite what has now become an overly bureaucratic designation process. i.e. it should NOT require 5 years to push this through to completion.

Sincerely,

Rob
