One-Way to Two-Way Street Conversions

Whereas the City's capital budget, on average, accommodated approximately one 2-way conversion per year over the past decade; and,

Whereas there are currently 9 streets approved for future 2-way conversion (without funding) as part of the Downtown Transportation Master Plan (DTMP); and,

Whereas the necessary approvals are in place for the aforementioned 9 location; and,

Whereas there are no resources for conversions in the approved 2014 Capital Budget.

Therefore Be It Resolved:

- (a) That Rebecca Street (between John Street and Wellington Street) be redesigned to accommodate 2-way traffic as part of the Traffic Department's 2014 work plan;
- (b) That the 2014 Annual Traffic Calming Account No. 4041416102 be utilized as the funding source;
- (c) That as part of the 2015 Capital Budget process, staff provide an accelerated conversion strategy for the remaining 8 Downtown Transportation Master Plan streets (i.e., 2 per year or more) with funding alternatives including, but not limited to, existing Public Works Department block funding
