Regarding: Renewal of Municipal Council Support Resolution for Solar PV Systems

Dear Mayor Bratina and Councillors,

We are seeking renewal of the Municipal Council Support Resolution from the City of Hamilton Council for installation of solar PV systems within the limits of the Municipality.

As stated in our original letter to Council of June 12, 2012, the OPA awards contracts under the FIT Program based on a point system where favorable points are given for an application endorsed by the Municipality within which the project is located.

Council Resolution (PW12069)(City Wide)(Item 8.3) was approved by Council Sept. 26, 2012 and was specific to Feed in Tariff (FIT) Program Version 2.0.

The window for applications under the FIT 3.0 Program is projected to open Nov. 4, 2013. Applications will also be given priority by time stamp when received.

We respectfully request your continuing support for solar development in the City of Hamilton.

Thank you very much for your time and consideration.
