General Comments/Questions

- Is this development covered by Tanton?
- What happens to the Princess Theatre and its stage? Any homage to this?
- Will the made in Hamilton 19th century industrial trail tour # stop be restored? If so, when and by whom?
- Why is the parking garage apparently ground level, compared to the development across the street at James and Vine?
- Shouldn't ALL theatre goers be able to equal on the same level? It appears mobility impaired auditorium goers will be redirected to a secondary (elevator) access? Does entry require climbing above parking structure in order to access the auditorium?
