

Ida,

The NPCA has reviewed the Staff Report for the above noted application and have no concerns with the proposed amendments for the Urban Farmers Market.

Please note that should any new development and/or site alterations (i.e. grading/fill) be proposed within the NPCA regulated area, a work permit from our office may be required in accordance with the *“Regulation of Development, Interference with Wetlands and Alterations to Shoreline and Watercourses”* (O. Reg. 155/06).

Regards,

Heather Ireland
