

For the Attention Of City Hall, Hamilton

I present this petition to City Hall, City of Hamilton for consideration.

I have surveyed the residents from 3 to 66 Darlington Drive and the first house on adjoining roads

On a separate day I surveyed from number 66 upwards to 88 to find nearly all residents were not home. Also, some houses between 3 and 66 the residents were not home at the time I surveyed.

Some residents requested to sign, both husband and wife for one property as feelings on this issue were so strong.

However, in total, I only received 6 refusals to sign.

I now understand that the correct procedure for petitions is to be presented to City Hall in Hamilton. This is what I will do. However, I will give a copy of this petition to Mr Terry Whitehead out of courtesy.

Kind regards

Carole Langridge-Barker

Format of the Petition:

PETITION FOR DARLINGTON DRIVE, HAMILTON

Dear Neighbour

Speeding vehicles - by day and night, speeding school buses, and vehicles that do not obey the stop signs have now become a problem on Darlington Drive. Also, it is evident that large numbers of vehicles are using Darlington Drive as a shortcut.

This is a danger to our children, our grandchildren and our pets.

This petition is for those in support of traffic calming measures on Darlington Drive, is to be presented to our representative for the City of Hamilton Ward 8, Mr Terry Whitehead.

Kind regards

Carole Langridge-Barker,

A copy of the petition is available for viewing at the Office of the City Clerk.
