Dear Cam:

I read the excellent staff report on 102 Ainslie Avenue, prepared for the Planning Committee on July 7, 2015.

The report reflects very well on the problems we have here in Ainslie Wood with the illegal student housing market. And, on the intensification issues that arise out of too many students living together in houses that were really meant for just average families.

Many thanks. We appreciate this professional report.

Tordis Coakley, Secretary
Ainslie Wood Community Association
