This report serves to update Schedule “A” under By-law No. 11-080. It does not in any way change or limit the parts of the City to which the By-law applies. The Schedule of properties serves a two-fold purpose:

- First, the Schedule provides detailed physical address information to assist with inspections and progressive enforcement of the By-law; and,
- Secondly, it demonstrates a level of due diligence on behalf of the City in promoting and notifying the public of where smoking is prohibited under the By-law.

This annual exercise updates the Schedule with any municipal property name changes, address changes and “new” property acquisitions that have occurred over the preceding year. The additions identified for this year occur in seven City Wards. The properties identified within the Schedule in the other Wards remain unchanged.
