Subject: Development at Barton and Glover-Stoney Creek

Good Day

Regarding development in this area, it is mind boggling. I hope all who are making decisions about this area have done a tour of the area. Such beautiful land should not be destroyed. Fruitland road east – the beginning of the Niagara Fruitbelt should be protected at all cost. Medium to High density living must never be considered but a few low density homes should be required to have a special permit. I think this land should be given a new vision. Wow, imagine rolling Farmland and classy vineyards. Once it's gone, it's gone forever. Please take this land off the developers table.

Regards

Gary and Cindy

Stoney Creek, Ontario
