INFORMATION REPORT

TO:	Chair and Members Public Works Committee
COMMITTEE DATE:	May 2, 2016
SUBJECT/REPORT NO:	Flooding and Lawn Reconstruction on Lake Ave Drive (PW16036) - (Ward 9) (Outstanding Business List Item)
WARD(S) AFFECTED:	Ward 9
PREPARED BY:	Gary Moore, P. Eng. (905) 546-2424, Extension 2382
SUBMITTED BY:	Gary Moore, P. Eng. Director, Engineering Services Public Works
SIGNATURE:	

Council Direction:

At the Public Works Committee meeting of February 29, 2016, staff committed to meet with Mr. John Vesperini with regard to concerns on Lake Ave.

Information:

A meeting was held on site with Mr. Vesperini and the Ward 9 Councillor. Mr. Vesperini identified a number of concerns with regard to storm water flows on the street and potentials for ponding and collection. An explanation was provided and mitigation potentials were discussed. A concern with regard to vehicle speed and safety was also expressed.

A commitment to identify the areas of concern to the Operations staff was given. Operations has visited the site, cleaned the requisite catch basins in the vicinity of Queenston Road and Galbraith and added them to a list to check on a more frequent basis.

Issues with regard to road safety have been forwarded to the Traffic group for further consideration including additional traffic calming potential. Traffic will be coordinating through the Councillors office in this regard.
