

Grain loading activity at Parrish Heimbecker Nov 2015

Below: PM2.5 and PM10 readings from grain loading November 2015
PM2.5 reading (on the left) is in the “very poor” category

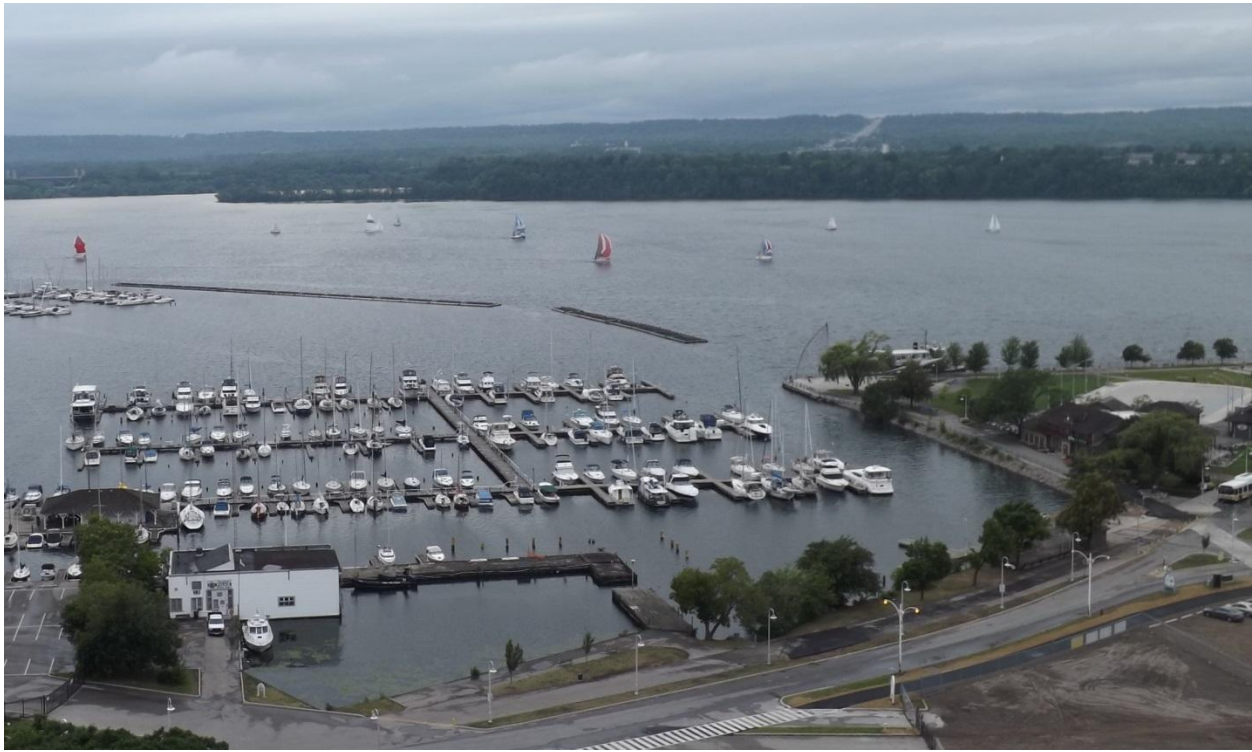

Above- Trees along the southern edge of Pier 8 from Discovery Drive at left

Below: Trees from intersection of John and Guise Streets, in front of the Sea Cadets and Navy League

Above: Trees along the Pier 7 shoreline

Below: New shoreline construction has eliminated mature trees.
