

Operations Division
Summary of Municipal Waste Contracts

| ITEM | DESCRIPTION |
|------------------------------|---|
| Contract: | Operation of weigh scales located at the City's waste processing and disposal facilities |
| Contractor: | Romex Security Inc. |
| Contract No: | C11-51-15 |
| Contract Start: | January 1, 2014 |
| Contract End: | September 30, 2017 |
| Extensions: | The contract has three optional extension periods of 1 year each. The contract end date could extend out to September 30, 2020 if all contract extensions are leveraged. |
| Overview of Services: | The City has four weigh scale houses which are located at each of the three Transfer Stations/Community Recycling Centres (CRC) and the Resource Recovery Centre. The operation of the weigh scale house is provided under contract. The Contractor is responsible for processing all inbound and outbound vehicles delivering materials at the transfer stations and resource recovery centre. Services also include operating the arm gate to limit access to authorized vehicles and to sign in/sign out visitors, etc. |

| ITEM | DESCRIPTION |
|------------------------------|--|
| Contract: | Operation of the City's household hazardous waste program |
| Contractor: | Hotz Environmental Services Inc. |
| Contract No: | T-025-15 |
| Contract Start: | March 31, 2008 |
| Contract End: | April 1, 2019 |
| Extensions: | The contract has two optional extension periods of 1 year each. The contract end date could extend out to April 1, 2021 if all contract extensions are leveraged. |
| Overview of Services: | The City has a contract for the operation, removal and disposal services for three Household Hazardous Waste (HHW) depots located at the City's Community Recycling Centres. The Contractor is responsible for receiving, screening, sorting, categorizing, storing and preparing household hazardous waste for haulage to its end market(s) or final disposal location(s). |

| ITEM | DESCRIPTION |
|------------------------------|---|
| Contract: | Operation of the Reuse Store at the City's Mountain Community Recycling Centre |
| Contractor: | Progressive Waste Solutions |
| Contract No: | C11-40-08 (Project A) |
| Contract Start: | January 1, 2010 |
| Contract End: | February 29, 2020 |
| Extensions: | The contract has two optional extension periods of 1 year each. The contract end date could extend out to February 29, 2022 if all contract extensions are leveraged. |
| Overview of Services: | The Mountain Community Recycling Centre has a Reuse Store where customers can drop-off reusable items and purchase items in the retail store area. The operation of the Reuse Centre is subcontracted by Progressive Waste Solutions to Community Living Hamilton, a local not-for-profit organization. The sub-contractor is responsible for accepting items in good condition that can be repaired and/or reused and sell these items at the Reuse Centre. Profits from the Reuse Centre are reinvested back into the community. |

| ITEM | DESCRIPTION |
|------------------------------|--|
| Contract: | Operation of the City's three Transfer Stations and Community Recycling Centres |
| Contractor: | Progressive Waste Solutions |
| Contract No: | C11-40-08 (Project A) |
| Contract Start: | January 1, 2010 |
| Contract End: | February 29, 2020 |
| Extensions: | The contract has two optional extension periods of 1 year each. The contract end date could extend out to February 29, 2022 if all contract extensions are leveraged. |
| Overview of Services: | The City has three Transfer Stations and three Community Recycling Centres (CRCs) located in East Hamilton, Dundas and Hamilton Mountain. The Transfer Stations and CRCs are two distinct operations which share a single site and the same certificate of approval. The Contractor is responsible for the marketing of specified divertible materials from the sites and haulage of materials to end markets, processing facilities or the Glanbrook landfill. |

| ITEM | DESCRIPTION |
|------------------------------|---|
| Contract: | Operation of the City's Glanbrook landfill site |
| Contractor: | Waste Management of Canada Inc. |
| Contract No: | C11-40-08 (Project B) |
| Contract Start: | January 1, 2010 |
| Contract End: | February 29, 2020 |
| Extensions: | The contract has two optional extension periods of 1 year each. The contract end date could extend out to February 29, 2022 if all contract extensions are leveraged. |
| Overview of Services: | The Glanbrook landfill site is the sole operating municipal landfill facility within the City. The Glanbrook landfill site includes approximately 100 hectares for landfilling waste materials and a separate area for yard waste composting. The Contractor is responsible for the operation and maintenance of the Glanbrook landfill site and the yard waste composting facility. |

| ITEM | DESCRIPTION |
|------------------------------|---|
| Contract: | Operation of the City's Materials Recycling Facility |
| Contractor: | Canada Fibers Ltd. |
| Contract No: | C11-74-02 |
| Contract Start: | March 31, 2003 |
| Contract End: | March 29, 2020 |
| Extensions: | N/A |
| Overview of Services: | The City of Hamilton has a two-stream Materials Recycling Facility (MRF) which processes materials from the City's curbside recycling program. The MRF includes a container sorting line, a fiber sorting line, baler and an office area. The MRF is located on the same property as the City's Resource Recovery Centre. The contractor is responsible for receiving, processing, storing processed materials, and shipping materials to end markets. Since 2013, the Contractor has been responsible for the marketing of specified recyclable materials from the MRF. |

| ITEM | DESCRIPTION |
|------------------------------|--|
