# FIT WITHIN THE CITY STRATEGIC PLAN

# ENGAGEMENT OF STAKEHOLDERS

### COMMUNITY FEEDBACK -

Leverage existing City efforts from the "Our Future Hamilton" community engagement project to obtain feedback from the Hamilton community (over 54,000 engagements as of August 2016).

### PRIOR OBTAINED BUSINESS COMMUNITY SURVEY FEEDBACK

Use feedback obtained from the business community over the past five years through stakeholder engagement programs such as "Hamilton Calling".

### CURRENT BUSINESS COMMUNITY FEEDBACK

Obtain current feedback from targeted and representative sample of the Hamilton business community to complement the existing information and obtain additional insights.

### ECONOMIC DEVELOPMENT ACTION 2016 PLAN 2020 PLAN 2020

#### RECENTLY COMPLETED INDUSTRY/ SECTOR/GROUP STUDIES

Consider existing stakeholder feedback that has been collected and provided to the City as analysis or recommendations in recently completed studies.

### INTERNAL CITY FEEDBACK

Utilize the insights and expertise of City staff and councillors who interact with the various industries, sectors and groups to understand the needs and opportunities of the associated stakeholders.

GROW NON-RESIDENTIAL TAX ASSESSMENT AND INCREASE THE NUMBER OF LIVING-WAGE JOBS

Hamilton aspires to be the "Best place to raise a child and age successfully". Many factors impact this goal, including health, quality of life, employment, and income to support cost of living.

Our goal is to attract and retain businesses in Hamilton in order to grow our non-residential assessment while also providing an increased number of living wage job opportunities.

THE MOST DIVERSIFIED ECONOMY IN CANADA Hamilton currently has the most diversified economy in Canada, as measured by the Conference Board of Canada. This means that we are less at risk to a downturn in one industry, as another industry may be on the way up at the same time.

Our goal is to retain this title, enabling our workforce to keep meaningful, living wage jobs regardless of the state of the overall economy, so that families are not uprooted and forced to move to find work.

# THE BEST WORKFORCE IN ONTARIO

A healthy workforce has employment opportunities for all skill, ability and academic achievement levels. Local businesses and those businesses looking to move or expand to Hamilton have clearly indicated the importance of workforce quality to their viability, growth and success.

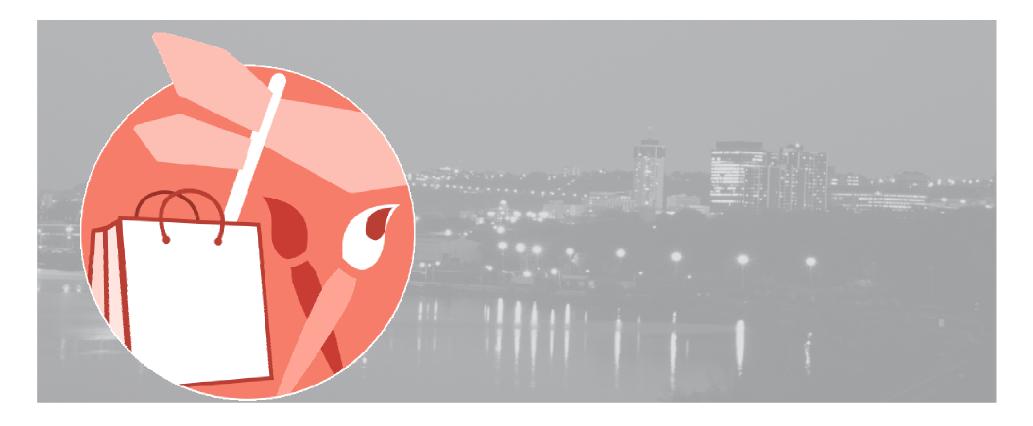

Our goal is to have Hamilton be recognized as having the Best Workforce in Ontario, and for our city's workforce to become a competitive advantage for the City when it comes to attracting and retaining businesses and providing employment opportunities for residents.

# THRIVING Entrepreneurship And innovation

The City of Hamilton has a rich history of being host to a wide variety of innovations driven by entrepreneurial individuals and firms, earning Hamilton the title of "the Ambitious City" well before the wide scale understanding of the importance of innovation to the future success.

Our goal is for entrepreneurial individuals, organizations and companies to experience the City of Hamilton as a place where innovative ideas and entrepreneurial people thrive.

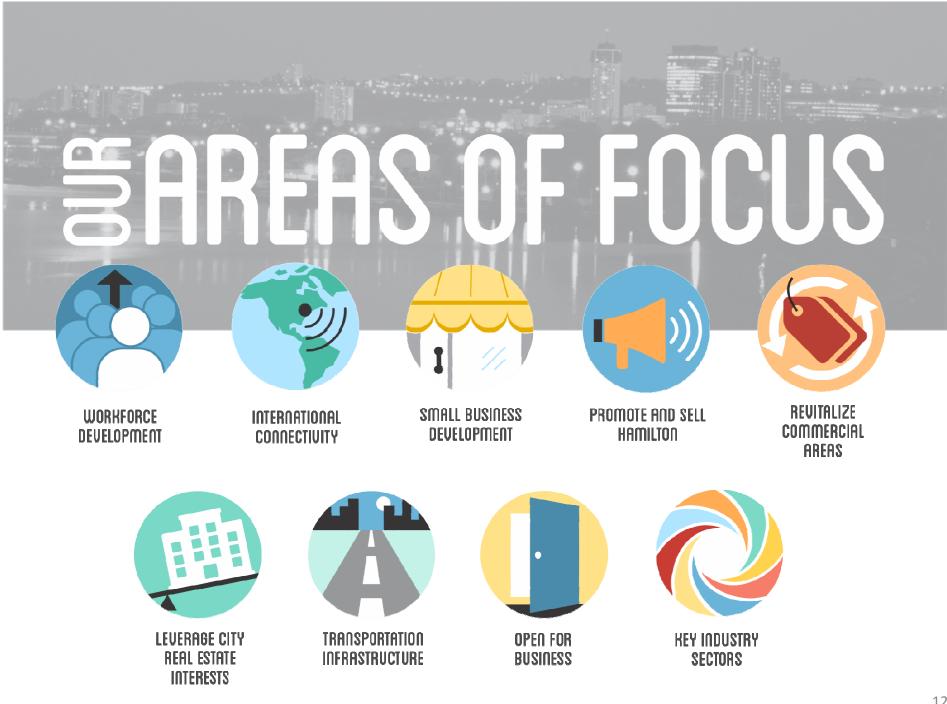

UIBRANT COMMERCIAL AND CULTURAL DISTRICTS AND PLACES Excellent quality of life is a key factor in attracting and retaining skilled and talented workers as well as companies looking to expand or locate their business in a city.

Our goal is to have Hamilton recognized nationally as a great place to live, buoyed by a thriving arts and culture scene, vibrant neighbourhoods, and strong commercial districts.

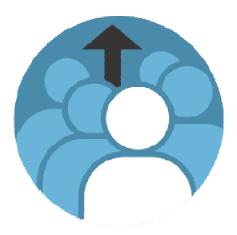

STRATEGIC INFRASTRUCTURE INVESTMENT FOR ECONOMIC GROWTH The term "infrastructure" in the 21<sup>st</sup> century includes more than just the traditional roads, bridges & utilities, and must now be inclusive of information communication technology (broadband), our intellectual capacity, our cultural, recreational and social infrastructure, and the supply chains which support all of these.

Our goal is to identify and implement infrastructure investments with a strong business case that demonstrates the investments will provide significant long-term economic benefit and enable economic growth.

# Workforce Development

Ensure that Hamilton is developing, attracting and retaining a skilled and diversified workforce that enables the attraction and retention of Hamilton based businesses.

- Youth Outreach
- Supporting Existing Network of Young Professional Groups
