

Thank You

Good afternoon everyone.

My name is Mark Rejhon.

I am deaf, so this short presentation is captioned to make it easier on you all.

For those in audience unaware, the Hamilton LRT Citizen Advocacy is a pro-LRT group run by local residents advocating for the best outcome of the LRT project.

I know it's a long day. So I'll keep this short.

 @ham_LRT

 Hamilton LRT

I am also speaking on behalf of Alain H Bureau, also Chair of Hamilton LRT Citizen Advocacy
He normally accompanies me for assistive purposes as well, for my deafness.
He is undergoing emergency dental surgery today, so we have a short statement today

Many residents have worked hard to advocate the LRT.

**We truly feel in our hearts, and truly believe
that the upcoming LRT is good for the long-term future of City of Hamilton.**

We looking forward to seeing the LRT implemented.

Let's keep the LRT on track.

Thank you.
