

**All things are not equal ... Where is the difference in the level of service, or manner of service, between these homes?**

**Do you see a difference ... in the level of service, or manner of service  
between these commercial businesses?**

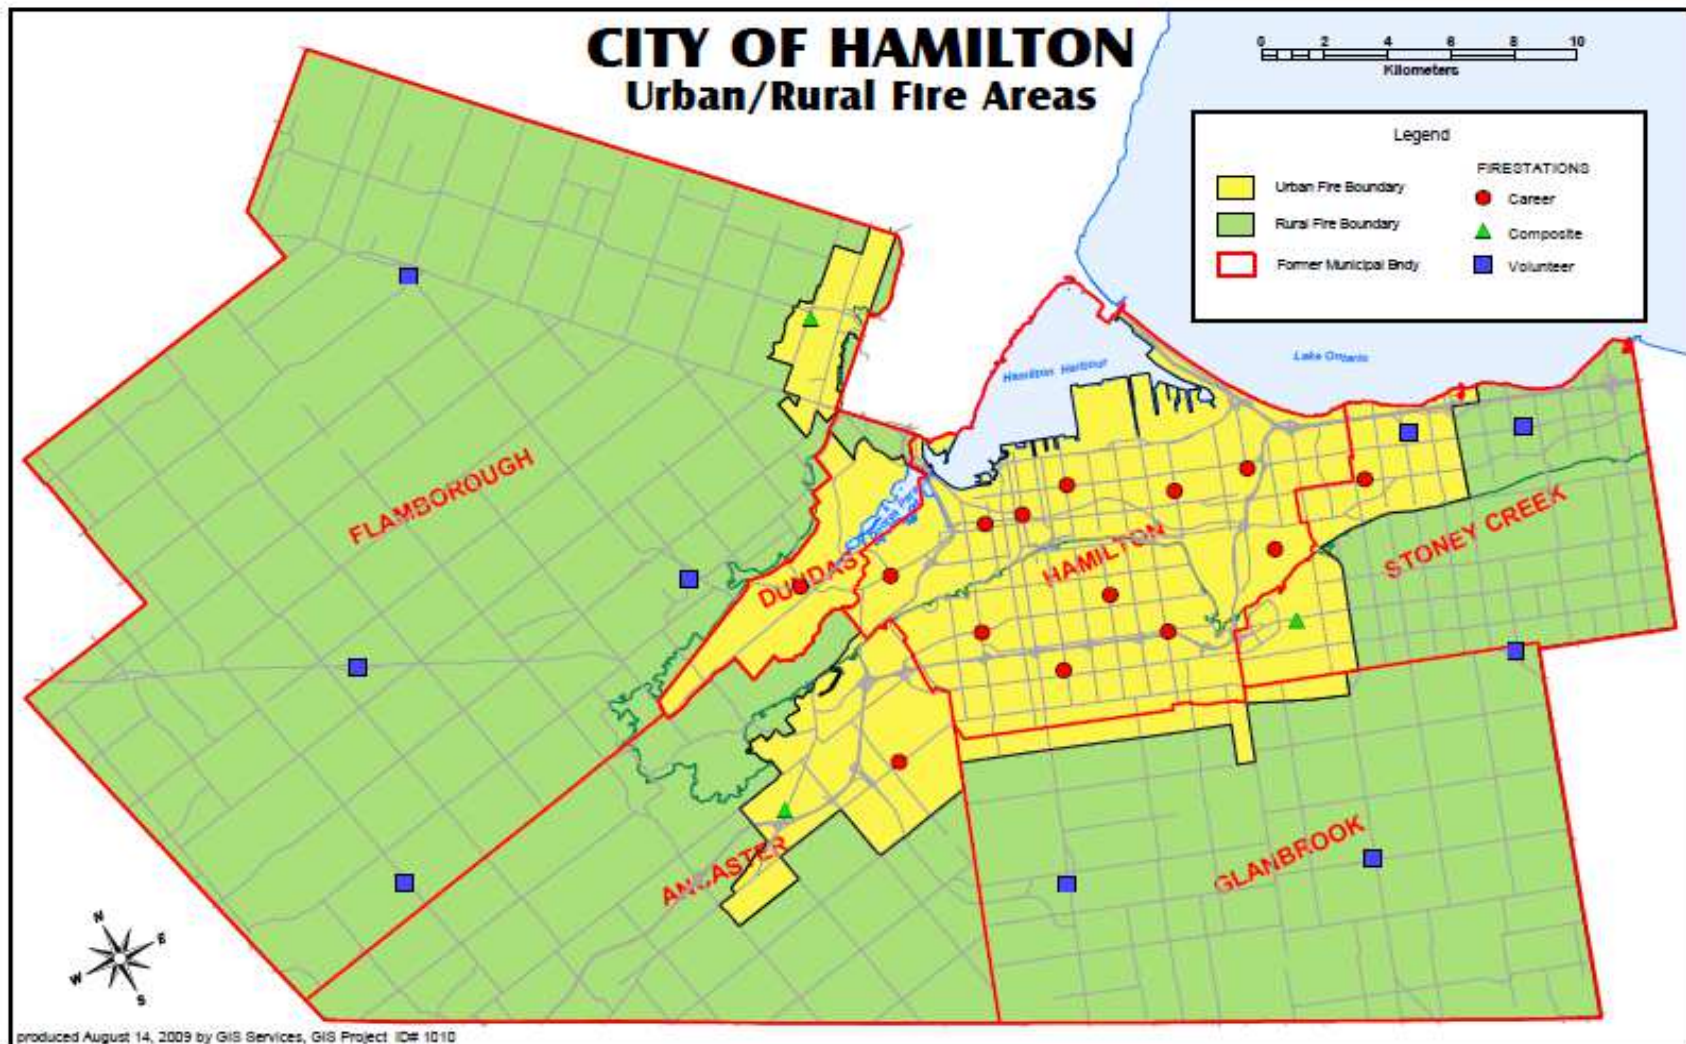

**Can you spot the difference in the level of service, or manner of service, between these Industrial / Business Parks?**

Do the areas in Green warrant a 50% reduction in their Fire Levy?

Do these boundaries reflect how the service is provided? Has the service extended since 2009?
