

**Parts, Supplies, Equipment and Services for the
City of Hamilton Water Treatment Plant**

Vendor Name	Goods	Services
4Imac Inc.	CMMS Software	Technical support for the modification of the City's existing Computerized Maintenance System
A & F Industries	Screw Conveyor System for the loading Biosolids	OEM spare parts, equipment and services to maintain existing equipment utilized by Plant Operations.
A.W. Chesterton Company	Chesterton mechanical seals for the pumps in the main pumphouse at the WWTP	OEM spare parts to maintain existing equipment utilized by Plant Operations.
ACI Instrumentation Limited	Krohne Flow Meters, Primary controller, secondary measuring element, control cabling, miscellaneous equipment	OEM spare parts, equipment and services to maintain existing equipment utilized by Plant Operations.
Aerzen Canada Inc.	Aerzen Blowers currently provide air into the aeration system of the WWTP	OEM spare parts, equipment and services to maintain existing equipment utilized by Plant Operations.
Alfa- Laval	Centrifuges, specialized equipment, specialized testing	OEM spare parts, equipment and services to maintain existing equipment utilized by Plant Operations.
Avensys Solutions	Fluid Components International (FCI) methane gas flow meters	OEM spare parts, equipment and services (TSSA licensed certificate holder) to maintain existing equipment utilized by Plant Operations.
Binn's Lock & Key Centre	March Network Surveillance System and Keyscan Access Systems.	OEM equipment, spare parts and servicing to maintain existing equipment utilized by Plant Operations.
Brunel Corporation	Primary Clarifier torque limiters (Bibi Guard)	OEM spare parts to maintain existing equipment utilized by Plant Operations.
C & M Environmental Technologies Inc.	Environmental Dynamics International aeration diffuser bubbler system and Polychem Products flight & chains currently installed in Dundas WWTP and Woodward SPIRAC liners for headworks screen conveyors.	OEM spare parts, equipment and services to maintain existing equipment utilized by Plant Operations.
Can-Am Instruments Limited	Hach/ Sigma samplers, pumps, motors, drives and other miscellaneous equipment.	OEM spare parts, equipment and services to maintain existing equipment utilized by Plant Operations.
Cancoppas Limited	Aysix oxygen analyzers in the aeration tanks.	OEM spare parts and services to maintain existing equipment utilized by Plant Operations.
Conval Equipment Ltd.	Golden Anderson Pressure Reducing Valves (PRV)	OEM spare parts, equipment and services to maintain existing equipment utilized by Plant Operations.
Devine & Associates Ltd.	Cla-Val Pressure Reducing Valves (PRV)	OEM spare parts, equipment and services to maintain existing equipment utilized by Plant Operations.
Dynamic Filtration	Dynamic Filters	OEM spare parts, equipment and services to maintain existing equipment utilized by Plant Operations.
Eaton Yale Company or Eaton Industries (Canada) Ltd.	Cutler Hammer Control equipment and switchgear.	OEM spare parts, equipment and services to maintain existing equipment utilized by Plant Operations.
Endress + Hauser Canada Ltd.	Endress + Hauser flow meters, level sensors, temperature sensors, pressure sensors, records and displays, analytical products and other system components.	OEM spare parts, equipment and services to maintain existing equipment utilized by Plant Operations.
Envirocan Wastewater Treatment Equipment Co. Ltd.	Muffin monster grinders and cartridge	OEM spare parts, equipment and services to maintain existing equipment utilized by Plant Operations.
ESC Automation Inc.	HVAC system from Optimira Energy	OEM spare parts, equipment and services to maintain existing equipment utilized by Plant Operations.
Evoqua Water Technologies Ltd.	Siemens replacement parts and services	OEM spare parts, equipment and services to maintain existing equipment utilized by Plant Operations.
Floval Equipment Ltd.	DeZurik Valves parts components and services	OEM spare parts, equipment and services to maintain existing equipment utilized by Plant Operations.
General Electric Canada	General Electric equipment	OEM spare parts, equipment and services to maintain existing equipment utilized by Plant Operations.
Gerrie Electric Wholesale Ltd.	Rockwell (Allen-Bradely) VFD parts components and services	OEM spare parts, equipment and services to maintain existing equipment utilized by Plant Operations.
H2Flow Equipment Inc.	OEM support and supplies for Trojan Ultra- Violet (UV) disinfection units	OEM spare parts to maintain existing equipment utilized by Plant Operations.
Hach Sales & Service Canada Ltd.	OEM support and supplies for Hach equipment.	OEM spare parts, equipment and services to maintain existing equipment utilized by Plant Operations.
Hibon Inc.	Hibon blowers currently provide air into the aeration system of the WWTP	OEM spare parts, equipment and services to maintain existing equipment utilized by Plant Operations.
Indachem Inc.	Polyblend Polymer systems, including pumps, mixers, drives, controllers, etc. ORP, Strantrol Analyzers and Chemical Feed/mixing systems.	OEM spare parts to maintain existing equipment utilized by Plant Operations.
John Brooks Company Limited	Gorman Rupp Pumps and Vaughan Pumps	OEM spare parts and services to maintain existing equipment utilized by Plant Operations.
John Crane Canada Inc.	John Crane seals designed and fabricated specifically for centrifugal pumps	OEM spare parts and equipment to maintain existing equipment utilized by Plant Operations.
JSM Controls Inc.	Gas Chlorination System	OEM spare parts, equipment and services to maintain existing equipment utilized by Plant Operations.

**Parts, Supplies, Equipment and Services for the
City of Hamilton Water Treatment Plant**

KSB Pumps Inc.	KSB process systems, including pumps, mixers, drives, controllers, etc. and other miscellaneous equipment and parts for these KSB systems.	OEM spare parts to maintain existing equipment utilized by Plant Operations.
L.J. Barton Mechanical Inc.	Waste gas flares (burners)	Provide all labour, equipment and materials necessary to maintain the existing Waste Gas Flares. In addition, provide the services of an appropriate TSSA licensed certificate holder to perform quarterly inspections.
Lakeside Process Controls Ltd.	Rosemount Analyzers used in numerous processes throughout the water treatment facilities.	OEM spare parts and equipment to maintain existing equipment utilized by Plant Operations.
Landmark Municipal Services ULC	Municipal Water Towers	Provide all Labour, Equipment and Materials to maintain potable water towers
LotoWater Technical Services Inc.	Potable water wells assessment, maintenance and repair	OEM spare parts, equipment and services for the potable water wells maintenance and associated equipment utilized by Plant Operations.
Metcon Sales & Engineering Ltd.	ABB Turbidity Meters, including analyzers, switches, valves and other associated equipment and components. Peristaltic Metering pumps Prominent Chlorine monitors and analyzers	OEM spare parts and equipment to maintain existing equipment utilized by Plant Operations.
National Process Equipment	Charlotte America bladder vessels	OEM spare parts to maintain existing equipment utilized by Plant Operations.
Nedco	Schneider Electric control equipment & switchgear. Schneider Electric encompasses the following brands: Square D, Juno Lighting Group, PELCO and APC.	OEM spare parts to maintain existing equipment utilized by Plant Operations.
Pencon Equipment Company	RoFlo Gas Compressors within the process systems, including full compressor assemblies and miscellaneous equipment and parts (e.g. rotor blades cylinder heads etc.)	OEM spare parts, equipment and services to maintain existing equipment utilized by Plant Operations.
Pinder's Security Products	Medeco Security Lock systems, Sargent - Assa Abloy devices, Mechanical Lock/Key, High Security Locking Systems and parts for these systems.	OEM spare parts, equipment and services to maintain existing equipment utilized by Plant Operations.
Pro Aqua Inc	Siemens Industry, Inc. Envirex Products Aqua-Lator Systems & Services	OEM spare parts, equipment and services to maintain existing equipment utilized by Plant Operations.
Rotork Controls (Canada) Ltd.	Rotork actuator systems, including various equipment and components such as actuators, spindles, brackets, starters, transformers, valve positioners, controls etc.	OEM spare parts, equipment and services to maintain existing equipment utilized by Plant Operations.
Schneider Electric Canada Inc.	Schneider Electric. Electrical supply and control systems	OEM services to maintain existing equipemnt utilized by Plant Operations.
Schwing Bioset Inc.	Schwing replacement parts	OEM spare parts, equipment and services to maintain existing equipment utilized by Plant Operations.
Smart Turner Pumps Inc.	Smart Turner water pumps and motors.	OEM spare parts and services to maintain existing equipment utilized by Plant Operations.
Smith & Loveless Inc.	Smith and Loveless process systems, including pumps, classifiers, grit separators, controllers, etc.	OEM spare parts and equipment to maintain existing equipment utilized by Plant Operations.
Spaans Babcock Inc.	Archimedes Screw	OEM spare parts, equipment and services to maintain existing equipment utilized by Plant Operations.
SPD Sales Limited	Grundfos Products including Alldos Products, ATI Technology Inc. Products and Blue-White Metering Pumps.	OEM spare parts and equipment to maintain existing equipment utilized by Plant Operations.
Suez Treatment Solutions Inc.	Infilco Degremont climbing bar screens	OEM spare parts, equipment and services to maintain existing equipment utilized by Plant Operations.
Syntec Process Equipment Ltd.	Singer Pressure Reducing Valves (PRV), Val-Matic, Red Valve, Trueline, Tideflex, Netzsch Pumps	OEM spare parts to maintain existing equipment utilized by Plant Operations.
T.D. Rooke Associates Ltd./ Gratec Limited	Gratec Lightnin Mixers process systems, including mixers, drives, controllers, etc. and Worthington Pumps in Main Pump House	OEM spare parts, equipment and services to maintain existing equipment utilized by Plant Operations.
Technical Standards & Safety Authority	Providing safety management consultation for businesses and industries in Ontario.	Quality Assessed Facility (QAF) program: to ensure that each piece of equipment is thoroughly examined for the necessary approvals and compliance with the Technical
Transcat Canada Inc.	Providing on-site calibration services to the instrumentation testing equipment.	OEM services to maintain existing equipemnt utilized by Plant Operations.
Veolia Water Technologies Canada Inc.	Seepex Pumping Systems, including pumps, motors, drives, etc.	OEM spare parts, equipment and services to maintain existing equipment utilized by Plant Operations.
Wajax Industrial Components	Moyno Pumping Systems, including pumps, motors, drives, etc. and other miscellaneous equipment and parts for these Moyno Pump Systems.	OEM spare parts and services to maintain existing equipment utilized by Plant Operations.

**Parts, Supplies, Equipment and Services for the
City of Hamilton Water Treatment Plant**

Xylem Water Solutions / Xylem Inc.	ITT Flygt process systems, including pumps, mixers, drives, controllers, etc. and other miscellaneous equipment and parts for these ITT systems.	OEM spare parts, equipment and services to maintain existing equipment utilized by Plant Operations.
