ERMS Solutions Ltd.	ERMS Advantage is a full service mass notification system that allows the City to send out notifications via phone, text, and email to users alerting them of any critical or emergency situations.	The ERMS solution is web-based making it accessible from any computer or mobile device, but all data is secured, stored, backed up and mirrored in data centres located in Toronto and Montreal. ERMS houses the 150,000 contacts for City of Hamilton households. This allows the City to reach out to residents directly providing proactive notifications, and status updates of ongoing emergency situations.
Images Puppet Productions Inc.	Images Puppet Productions was hired to create 3 puppet shows with support from Hamilton Water staff which included music creation, puppet creation, educational messaging, props and show recordings.	At the request of Hamilton Water, Images Puppet Productions executes the puppet shows to school and event audiences. Images Puppet Productions professionally represents the Hamilton Water messaging through the execution of the Hamilton Water puppet shows. Images Puppet Productions manages the care, maintenance, storage of all puppet show supplies and materials as well as manages the delivery, set-up and execution of each show.
