Reason(s) for delegation request: Hoping to find a solution to the issue of lack of supports for teens with Autism in the City, this is the age of transition and with it comes lack of supports and programming. My son is part of Community Living and we are informed that there are not enough supports and respite available, Community Living is going through a transition with new management as well, there needs to be help out there for other families that are struggling as well

Will you be requesting funds from the City? No

Will you be submitting a formal presentation? No
