Subject: RE: Resignation from the Aboriginal Advisory Committee

Rose,

It is with regret that I tender my resignation as one of the City representatives on the Aboriginal Advisory Committee, effective immediately.

Unfortunately, other City commitments, meetings and committees have prevented me from being the active participant I had hoped to be at the Board meetings.

My current appointment precludes someone else from making valuable contributions to this organization which is integral to our City, and so I will step aside.

I thank Council and the Aboriginal Advisory Committee for the opportunity to be a part of the great work being done here and trust that my successor will be an asset in the future.

Best regards,

Doug
