Subject: RE: Mundialization Committee

Good afternoon Maxine. Thank you for providing me with all of the committee members e-mails.

I am sending this e-mail to inform the Mundialization Committee members that I regret to have to provide my resignation from this committee. Unfortunately, the timing of this committee's meeting schedule conflicts with the Hamilton Public Library Board meetings that I am also a council rep on. I have made an attempt to stop in at least for a few minutes, but that too has been a challenge when we have standing committee meetings continuing late into the day. I truly appreciate the hard work and dedication of this committee and want you to have the council rep assistance that you so deserve. Maria

Ps I will still offer my assistance in the annual photo judging contest if you need me. Maria
